

Warm Wife 23

[Chapter 23](#)

The early morning flirting was over.

See Qiao Wei dressed neatly ready to go out, Huo Dongyang also handed out the newspaper in his hand.

"I'll see you off."

Qiao Wei a Leng, "you don't have to work today?"

"Rest." Two simple words.

Qiao Wei went to the door, "then you have a rest at home today, I'll go to work first."

With that, Huo Dongyang has arrived at the door and is ready to wear shoes.

Looking at wearing a casual home clothes Huo Dongyang, not as meticulous as usual. It looks lazy, but it's much more approachable.

"It's a matter of course that my husband sends his wife away." Huo Dongyang did not give Qiao Wei a chance to refute, and opened the door directly.

Qiao Wei can only follow him behind him.

When Qiao Wei gets on the bus, Huo Dongyang looks at Qiao Wei.

"Wife, you seem to be all these clothes." Huo Dongyang opens his mouth.

Qiao Wei looked at his clothes, "is that not right?"

"Your clothes are a little serious. You can change some more relaxed clothes, and you can choose a variety of colors. In this way, you will feel much better and wear comfortable clothes."

Jovi seldom dressed himself for himself. Because they really waste time, it is better to waste time in the work.

Huo Dongyang saw Qiao Wei's thoughts, "you should love yourself more."

Huo Dongyang sent Qiao Wei to senqiao building directly.

Qiao Wei thinks Huo Dongyang is really intimate and always knows what he is thinking.

"Is it OK to park here?"

"Well!" Qiao Wei nodded repeatedly.

Huo Dongyang to get off, don't forget to explain. "Call me if you need something. I'll pick you up after work

Qiao Wei was in a good mood and had a cheerful tone, "such a good welfare?"

"Of course! It's normal to pick up your wife. " Huo Dongyang replied.

"Good!"

Qiao Wei got off the car and waved to Huo Dongyang, "drive carefully."

Huo Dongyang nodded and drove away.

After watching Huo Dongyang leave, Qiao Wei raises his head and looks at the building in front of him. What will happen today?

Joe took a deep breath and stepped forward. But she didn't notice that there was a line of sight staring at her not far away.

Joe just walked to the door of senjo, and suddenly stopped a Ferrari.

Seeing the familiar license plate, Qiao Wei knows whose car is. I didn't seem to be in a good mood just now.

After a while, Yun Yiyan got out of the car. Still with a pair of cool sunglasses.

"Why, I don't know?" Yun Yiyan opens his mouth.

Qiao Wei looked at Yun Yiyan, "how did you come?"

Yun Yiyan looked disdainful, but his face changed when he thought of Qiao Wei who had just come down from a black Land Rover.

"Look at your expression, it seems that you don't want to see me." Yun Yiyan walks to Qiao Wei. "Qiao Wei, don't forget that although we are divorced, we are still a couple in the eyes of the world. You'd better not come out of the wall! "

Qiao Wei heard this sentence and clenched his hand, "Yun Yiyan, don't go too far!"

Yun Yiyan contentedly raised the corner of his mouth, crossed Qiao Wei and walked into the door to senqiao first.

Qiao soon smelled a woman's perfume. She looked at the shadow of Yun Yi Yan. It seemed that she had just come out of a gentle country.

But the curtain fell in Qiao Xin's eyes, but it was very dazzling.

This Qiao Wei is really not dead hearted to Yun Yiyan. It seems that she needs to think of some ways. As expected, Qiao Wei is his nemesis. As long as she is there, no good things will happen to him. The only way to get rid of this eyesore is to remove it.

Qiao Wei returned to his office and saw Yun Yiyan sitting in his position.

"What are you doing here?" Asked Qiao Wei.

"What? My wife's position, I can't sit down yet? " Yun Yiyan asked. "Don't forget that I'm one of the shareholders of senjo. You'd better be polite to me."

Qiao Wei clenched his hand. Why did Yun Yiyan become so annoying? However, Qiao Wei even despised himself, and even lived so little self-esteem for Yun Yiyan.

On the contrary, Qiao didn't feel angry when he saw Yi Yun for the first time.

"Jovi, I suddenly find you have changed." Yun Yiyan said with a smile. "I always thought you wouldn't be angry and rebellious. But you've really changed a lot since we divorced. You look so much better

Jovi put his bag on the chair. "Yun Er Shao, if you want to be OK, please come back, I want to work!"

Yun Yiyan stood up and slowly walked to Qiao Wei. "Why didn't you answer my phone the other day?"

Qiao Wei looked at Yun Yiyan, "I have something to do."

"Qiao Wei, you can't really find a home already?" Yun Yiyan guessed. "....."

See Qiao Wei did not answer, cloud Yi Yan heart suddenly burst out a fire. It's easy to draw a conclusion from her appearance and the car that just sent her to work.

Qiao Wei is staring at by cloud Yiyan somewhat unnatural, she stepped back a step.

Seeing Qiao Wei's intention, Yun Yiyan put his arm around her waist, "how can't you answer?"

In the face of Yun Yiyan's contact, Qiao Wei refused, "let me go!"

"Do you really have a man?" It seems that Yun Yiyan has to ask the truth.

Qiao Wei pushed Yun Yiyan away with his hand, "yunyiyan, we have no relationship!"

"We don't matter, but in the eyes of others, we're still husband and wife." Yun Yiyan looks proud. "Who was the one who sent you here just now?"

Qiao Wei was surprised. He just saw it?! Worried that Huo Dongyang was found, Qiao Wei made an excuse, "that's Xia yueqian's car."

Yun Yiyan still doesn't believe it. When Xia yueqian can afford such a good car, he can't be a doctor! Although the car looks low-key, it is also low-key luxury, absolutely not cheap!

"Two days ago, something happened to Xiao Lan, so I went to accompany her." Qiao Wei said cautiously.

After hearing this, yunyiyan let go of Qiao Wei, "Jian Lan's husband is cheating. You'd better persuade her to divorce early."

How can Yun Yiyan know this matter? "How can you know?"

"I went to the Royal Club that day and saw him go in with a woman in his arms." Yun Yiyan recalled.

"Then I passed through the room and heard them make a proposal."

Qiao Wei listened and frowned. I really didn't expect Zhong Jianxin, such an honest man would do such a thing.

"Jovi, I tell you, the more honest a man is, the more likely he is to have an accident."

After hearing all this, Qiao Wei said, "what about a man like you?"

Yun Yiyan eyebrows a pick, did not expect Qiao Wei will be such a rhetorical question of their own, but also did not think that he could not answer.
