

Warm Wife 251

[Chapter 251](#)

This is a story about a 19-year-old.

That year, the 19-year-old set foot on a strange country for the first time and began to study. At that time, every country had a xenophobic ideology, so that an outsider would not be bullied. And this young man still took a high scholarship to study, more people feel envious. So one day, he was blocked by several boys in the dead corner of the campus and beat him severely.

At that time, the boy was seriously injured, almost dying. Later, a classmate offered a helping hand to the boy, and the boy recovered his life. The classmate said such a thing to the boy in English. "To be seen here, you have to make your heart strong and crush them with your power."

Later, the boy finally understood the meaning of this sentence. To be strong in the heart is to face difficulties without flinching back, and then actively meet challenges. Not only should they achieve good academic results, but also teenagers take advantage of their spare time to learn fighting, which is also to protect themselves.

It was also a hard process. At the beginning, his thin body couldn't support the high-intensity training. He was beaten to the ground again and again, biting his teeth and getting up again and again. At that time, almost no part of his body was good.

Several serious times, several broken bones, lying in bed for several months. Fortunately, there is a friend who can't speak Mandarin very well around him. He will not die, and no one can know. Over time, the youth also gradually groped out some ways, from that time on, he was no longer the one who was bullied.

Later, the youth has gradually become a campus figure. In the year he graduated from college, he proved himself with his ability. At that time, the youth was already a member of society, and he tried to make some achievements in this country. But success is not easy. He did not think of his own meddling to save a man, and this man later helped him earn the first pot of gold! Later, he started his own company with three other people.

In this process, once ignorant young people rely on their own perseverance and ability to persist and achieve success. So there is nothing that can't be done in this world, but it depends on whether you are willing to take such a step.

Seeing Huo Dongyang stop, Yun Yiyang said, "the first time I heard you tell such a long story, but you are not good at telling stories. There are no ups and downs and climaxes at all. It's too plain to say. This story would be wonderful if it were told by someone else. "

Huo Dongyang nods. "Indeed

"Huo Dongyang, have you considered an autobiography?"

Huo Dongyang was stunned by Yun Yiyang's words. "Autobiography?"

Yun Yiyang nodded. In fact, he could hear it. "Well! Isn't that teenager you? I think the person who helped you for the first time was Jason, right? After that, the person who didn't speak the standard Mandarin

was John, and the one you helped out was Qin Hao. And then the four of you started HD today. Am I right? "

Huo Dongyang just smiles and doesn't answer any questions from Yun Yiyan. Is he really going back to reflect on himself? Is his ability to tell stories really so poor? And I was hit by a guess!

Huo Dongyang looked at the time. "Well, I won't disturb your rest. I went back first. "

Cloud Yiyan saw Huo Dongyang stand up, "no send!"

"I'm not going to let you deliver it either." Huo Dongyang replied.

Huo Dongyang walked out of the ward and just saw Jian LAN carrying the thermos bottle.

"Mr. Huo, are you going back?"

"Well!" Huo Dongyang nods. "Jian LAN, starting from tomorrow, you don't need to give Yun Yiyan any food, just let him eat the food from the hospital canteen. Your project is about to enter the final stage of confirmation, and everything should focus on work. "

Huo Dongyang's voice is bigger than usual, and seems to be talking to Yun Yiyan in the ward. He just wants to tell Yun Yiyan that not everyone is as free as he is now, and he doesn't know how to be satisfied, and he just wants to escape.

Jian LAN looked at Huo Dongyang and understood his meaning. "I see."

Yun Yiyan in the room really heard their conversation, and suddenly he had his own ideas.

Seeing Jian LAN enter the ward, Yun Yiyan wants to sit up. "Give me a hand."

After putting the thermos bottle down, Jian LAN immediately helped Yun Yiyan sit up. Recently, Jian LAN is very punctual. At this time, she comes to deliver dinner for herself. She is used to it.

"I'll prepare the energy soup for you today." Jian Lan said while giving Yun Yiyan a bowl.

Yun Yiyan takes the soup from Jian LAN and drinks it with his head down.

Jian LAN sits down in the seat where Huo Dongyang sat just now. In fact, she came a little early today. When Huo Dongyang told a story to Yun Yiyan, she actually heard some.

She also recognized that the young man in the story was Huo Dongyang. She did not expect that he had experienced so many tests. Or he said that this was a story, in order to inspire Yun Yiyan to cheer up. Otherwise, he would not tell his past sad things.

Yun Yiyan also put the bowl down after drinking the soup, "Huo Dongyang told me a story just now.""Is it?" Jane LAN asked, she in front of her own nothing to listen to Yun Yiyan said.

"That's the story of his struggle in America." Yun Yiyan continued. "If you don't say that, I really don't know that Huo Dongyang has experienced so much."

Jian LAN knows that these days, everyone is taking turns to be a lobbyist for Yun Yiyan, hoping that he can cheer up and cooperate with the next treatment. She knew she didn't have much weight to speak, so she hesitated before she spoke.

"Behind everyone's success, there is sorrow of their own. Huo always has today, in fact, he has experienced a lot of setbacks. So I think he told his own story to encourage you

Yun Yiyan looked up at Jian LAN, "do you think I should listen to them?"

"In fact, everyone is doing it for you!" Jane LAN replied. "It's only when you want to get better that they take the trouble to talk to you. I can see that they really want you to stand up again. Yunyiyan, you don't think about yourself, you think about them. Why do they want to do this is to treat you as a family member and friend, and sincerely hope you will get better

Jian Lan's words like a stone directly into the heart which has been like a pool of stagnant water, and stirred up a circle of ripples.

"Yi Yan, it's really not difficult to take the first step. And we will always accompany you, do you strong backing Jian LAN continued.

Xia yueqian returns to the office from home. Today he is on the evening shift. As soon as he entered the door, he heard the nurse say that Yun Yiyan was looking for himself. As soon as he heard that he didn't even have time to wash clothes, he went straight to Yun Yiyan.

"Yi Yan, what's wrong? Is there something wrong? " Yuexia asked anxiously.

Seeing Xia yueqian's nervous appearance, Yun Yiyan feels warm. "I want to ask how to cooperate with you next?"

[Chapter 252](#)

Jiangwan villa.

Hearing that Yun Yiyan is willing to cooperate with the next treatment, Huo Dongyang is also relieved. It seems that the story is not in vain.

When Qiao Wei saw Huo Dongyang relieved, he couldn't help but feel funny.

"What are you laughing at?" Huo Dongyang asked Qiao Wei.

"You're cute." Replied Jovi.

Huo Dongyang raised one eyebrow after hearing it. He came over and held Qiao Wei in his arms. This embrace actually lets Huo Dongyang some surprise, Qiao Wei's stomach already bulged up.

Qiao followed Huo Dongyang's eyes and fell on his stomach. "What's the matter?"

A lot of "big bellies." Huo Dongyang replied.

Joe gave a slight smile. "Yes, it's going to be bigger and faster later." She reached out and touched her stomach. "Both babies are very good."

Huo Dongyang looked at Qiao Wei tenderly and put his hand over Qiao Wei's hand, "it's hard for you!"

"No hard work. I feel very happy. " Said Joe, smiling. "Dongyang, you gave them to me."

Huo Dongyang said with a smile, "you also gave me a lot of the first time. When all this is over, Jovi, I'll take you on a tour. "

Qiao Wei nodded, "Well!" Although I don't know when this wish will come true, she will still look forward to it. Qiao Wei reached out to hold Huo Dongyang. A lot of things have happened recently. She seems to have not held Huo Dongyang in this way for a long time.

As long as there is Qiao Wei's place, Huo Dongyang feels at ease. All because she has become satisfied, where there is her, there is love.

Or maybe it was because Yun Yiyang had a good start. Huo Dongyang was so sleepy that he didn't even know Qiao Wei got up in the middle of the night to go to the bathroom.

Qiao Weizhen is really distressed by Huo Dongyang's hard work these days, and almost all the things are pressed on him alone. He hardly ever had a good night's sleep. Either he worked until three or four o'clock in the morning, or every time he got up, he would follow him and help him to the bathroom.

It's also a good thing that he sleeps so heavily tonight. Qiao Wei had been worried about Huo Dongyang's body before, but now he is a little relieved. I hope everything can be solved smoothly.

Qiao Wei reached out to touch Huo Dongyang's face, "have a good sleep! I will guard you this time

A new day begins again, and the sun shines on the earth again.

Although it is already cold winter, but there is still a sun when people yearn. Qiao Wei took a walk in the yard early in the morning, breathing some cold air.

Mary saw her in the yard and immediately took a wool shawl and put it on Jovi. "It's so cold. Why don't you wear one more coat?"

"Grandma, I don't feel cold." Said Joe, smiling.

"That should also pay attention to, this weather is the most likely to make people cold, so we must pay attention to it." Mary nagged again.

Qiao Wei nodded to show that he knew. "Grandma, I'll go in one more circle."

"Well, not too long." Mary told her. "Breakfast will be ready soon."

After walking around, Qiao Wei returned to the house again. The heating was on, so he took off his wool shawl. After walking around, he still didn't see Huo Dongyang.

Jovi went to the kitchen. "Grandma, hasn't Dongyang got up yet?"

"Well! I just wanted to ask you. What time did Dongyang go to bed last night

Hearing Mary's words, Qiao Wei turned upstairs to call Huo Dongyang. Push open the door of the room, see Huo Dongyang still sleep again. And I've been doing the same thing in the morning. Jovi walked over and she went to the bed and sat down.

"Yang Dong, get up." Cried Joe in a low voice.

But Huo Dongyang or no reaction, Qiao Wei in the heart a tight, she reached out to pat Huo Dongyang's shoulder, the results found that his body was hot. Qiao Wei immediately reached out to touch Huo Dongyang's forehead.

"No, I have a fever." Joe exclaimed in surprise.

Qiao Wei touched Huo Dongyang's face with his hands, which was also hot. Heart with worry, Huo Dongyang sick. The body, which had always been very strong, had already exceeded the load, so there was a protest.

When Qiao Wei took away his hand and was ready to take the medicine, Huo Dongyang opened his glasses and said, "your hands are very cold."

"That's because you have a fever!" Joe frowned slightly.

Huo Dongyang reached for Qiao Wei's hand. "I'll be fine if I sleep a little longer. I'll have a meeting with the company later. "

"You must rest at home today." Qiao Wei's face was not negotiable.

Huo Dongyang then said: "my body, I know. It will be all right in a moment. "

This time, Qiao Wei said nothing and did not listen to Huo Dongyang, "no! This time you will listen to me. "

"Qiao Wei, there will be a lot to deal with. I don't have time to rest. " Huo Dongyang said and struggled to get up. But because of the fever, Huo Dongyang easily pressed on the bed again.

Qiao Weicai doesn't care what Huo Dongyang said. She is worried about her husband's health. She doesn't care about everything else! Later, Huo Dongyang was forced to rest at home by Mary and Huo Jiang.

Huo Dongyang looked at Qiao Wei with some bitterness in his eyes, as if he was complaining that Qiao Wei told his grandfather and grandmother about his fever. Joe ignored the pills and handed them to her. "Take an antipyretic first, and then have a good sleep. Your job today is to rest at home. "

Huo Dongyang reached for the medicine and took it to his hand. "I don't eat. I'll go out later."

"Where are you going? Didn't you just say to rest at home Replied Jovi.

"But I..."

Jovi tightened his brow. "No, but! You have to listen to me today. "

"What about the company?" Huo Dongyang plans to negotiate with Yun Yiming today, but he has a bloody fever.

Qiao Wei knew that Huo Dongyang was worried about these things. "You take the medicine first. I will go for you today."

"No! It's too dangerous. " Huo Dongyang disagreed even more.

"If you don't take the medicine, I'll go." Replied Jovi.

Finally, Huo Dongyang took the medicine obediently. Joe rubbed his head as if it were his own. "How nice

After eating the medicine, the effect also played a role, Huo Dongyang quickly went to sleep again.

Qiao Wei also Huo Dongyang tucked in the quilt and stood up. Looking at Huo Dongyang again, she turned and walked out of the room.

After that, Qiao Wei went to find out about Huo Dongyang's trip today.

"What do you want to do, madam?" Xiang Qing asked.

Qiao Wei looked down at the itinerary in his hand and said with a smile, "Daifu goes out to battle."

"Ah? Ma'am, are you kidding? If the boss knows about it, he will surely unload me. " Xiang Qing doesn't want to take the responsibility.

Qiao Wei raised his head and looked at Xiang Qing and said with a smile, "I have something to bear."

[Chapter 253](#)

Half an hour later.

Qiao Wei changed his clothes and was ready to go.

"Wei Wei, if you want to go to the company for William, I won't stop you. But be careful and careful. "

"Well! Don't worry, grandma. Xiang Qing and Xiang Nan are all following Replied Jovi.

Huo Jiang follows Qiao Wei out of the house, he stares at Xiang Qing and looks south. "We must protect Weiwei. If we lose a hair, Dongyang will not let you go, and I will not let you go!"

"Yes Xiang Qing and Nan answered at the same time.

Huo Jiang heard two people's reply, and immediately received a sentence. "Go and come back."

"Weiwei, don't try hard with those people." Before getting on the bus, Huo Jiang explained again.

Joe nodded. "Good!"

HD-XY。

Yun Yiming looks at Qiao Wei, who is sitting opposite him with a pair of legs.

He said sarcastically: "Huo Dongyang dare not come. If you are a woman with a strong stomach, do you think I dare not bully women?"

Qiao Wei kept his manner. "Mr. Yun can really talk. Dongyang has a temporary business, so he can't get out of here. As his wife, I'll take this trip for him. "

Yun Yiming looks at Qiao Wei, but he has no idea that he is being held down by this woman. She used to talk to herself in such a low voice, but now she has the posture of the president's wife.

Yun Yiming sneered: "Qiao Wei, we might as well open the skylight to speak up. I just want to go back to Wynn! "

Hearing Yun Yiming's yellow card, Qiao Wei was surprised. "Now there is no Wynn, there are hd-xy."

"Hum, anyone can see the ambition of Huo Dongyang. You and Huo Dongyang are waiting for me. If you have the ability in the future, you will be trampled under your feet! And then I'll humiliate you. "

Thinking of those interesting pictures, Yun Yiming couldn't help laughing. He really fantasized about the day.

Qiao Wei looks at Yun Yiming and shakes his head. There is something wrong with him. I can see the situation clearly, but I still fantasize about those impossible things.

"Yun Yiming, you'd better be a little bit more peaceful and accumulate some virtue for yourself."

Yun Yiming didn't buy Qiao Wei's account at all, "Qiao Wei, you have today, that's your life and you've got a big money! But soon you are nothing. "

Qiao Wei didn't feel afraid, but he choked Yun Yiming. "That's what you can't ask for! Moling has no such luck! "

"You Yun Yiming is really choked.

Jovi kept smiling. "Am I wrong? Everyone knows that moling can't get to Dongyang to get on your wharf! Do you think she really loves you

Yun Yiming listens to Qiao Wei's words, but in his heart there are some pimples.

"Yun Yiming, you know that. What's the matter with you and moling? " Qiao Wei pokes the pain of Yun Yiming again.

Yun Yiming clenched his fist, "Qiao Wei, don't go on. I can't promise you I won't do it later

Qiao Wei took over the document handed over by Xiang Qing, and then threw it on the table with a handsome look, even with the Queen's domineering power.

Yun Yiming frowns and looks at the blue folder. "What is this?"

"I think you need to know that." Qiao Wei answers, and her words are deliberately not complete, the purpose is to let Yun Yiming guess. Of course, she learned all these tricks from Huo Dongyang.

Cloud Yiming looks at the blue folder suspiciously, then raises his head to look at Qiao Wei, as if also is observing Qiao Wei's expression change.

Qiao Wei is still waiting for Yun Yiming's next move.

Yun Yiming reaches out to get the blue folder. He has no idea. I always think this document is a hot potato.

After opening the file, Yun Yiming sees the picture of them in YUNZHUO ward that day. Yun Yiming is so scared that he throws the folder on the ground. "What do you mean, Jovi?"

Qiao Wei looks at the flustered expression of Yun Yiming. She laughed. "If you want people to know, you have to do nothing. This is still moling to Dongyang, at that time she wanted to blackmail us, Dongyang refused. I think she should have taken these to talk to you? "

Yun Yiming holds his hands tightly. It turns out that Mo Ling has done such a thing on his back. Since given to Huo Dongyang, why to threaten himself, is Huo Dongyang refused? That's why I do this to myself.

Yun Yiming still doesn't believe Qiao Wei's words. Maybe these are all provocations. The purpose is to make himself suspect of moling and make profits from them. He can't be fooled!

Qiao Wei took out an iPad from his bag. "This is the video of Mo Ling pushing my grandmother and me downstairs. It's also a false evidence that you slandered and said it was made by splicing. You can look at it for yourself and make a judgment. "

With his eyes fixed on the video on the iPad, Yun Yiming saw a Mo Ling he didn't know. If Mo Ling is really Qiao Wei, they say that person, then he was cheated!Qiao Wei doesn't go to add fuel, but also leaves space and time to Yun Yiming. See time almost, Qiao Wei also left first.

After walking out of Weiyun Yiming's office, Qiao Wei gasped for breath. Fortunately, hold lived just now.

"Ma'am, you were really good." Xiang Qing really gives Qiao Wei a compliment. It's just a blast! That Yun Yiming didn't say anything at the end.

Qiao asked Xiang Qing in a low voice, "do you think Yun Yiming will really verify with moling?"

"Madame, I think so. Yun Yiming, the man who hates most is being betrayed. Last time the boss used this move, the effect is good. This time, I think I will definitely check with Yun Yiming's character. And we have a critical piece of evidence. The truth of moling's fake pregnancy is in our hands. They are really not worthy of sympathy! "

Qiao Wei thinks Xiang Qing has a point. In front of them, a few bad things have been done, and the people around them have suffered a lot. It's also time for them to try the taste of anti nest.

"Where are we going next?"

"Go to QW, today is the time for Jian LAN to finalize her design. So the wife needs to sign for the boss! "

Joe nodded. "All right, let's go."

As soon as the car started, Qiao Wei called home and asked about Huo Dongyang.

Mary replied to Qiao Wei that Huo Dongyang had not yet woken up, but the heat had dropped a little, and asked Qiao Wei not to worry and not to be too tired.

Qiao Wei put down his mobile phone, and his heart became relaxed.

"Madam, this is the report that Jane LAN made before. Have a look at it." Xiang Qing handed the information to Qiao Wei.

Joe took it seriously, and it was the tempo of cramming.

[Chapter 254](#)

The car pulled up in front of the senjo building.

"Here we are, Madame."

Qiao Wei's line of sight from the document, and then look out of the window. Seeing the senqiao building outside, although senqiao's name has been taken down and now hung with hd-qw, for Qiao Wei, she feels that all this is a new beginning, and they will create better results.

"Madame." Xiang Qing see Qiao Wei has not moved, he began to call.

Qiao Wei regained consciousness. "Well, get out of the car!"

In the conference room, Qiao Wei carefully listened to the live speech of Jian LAN and several other designers. She took notes and circled out what she didn't know.

Attending the meeting were some old employees of his department. Qiao Wei accidentally took a look at other people, and his state was not the same as before. Now the meeting is not allowed to be loose as before. Instead, we are listening carefully. It seems that Huo Dongyang was right before. A different rule and system will have a different spiritual outlook.

Qiao Wei really feel at ease in his heart. If he continues to maintain it, QW will surely win the trust of the industry again.

"Mr. Qiao!" Amy called out to the distracted Joe.

Jovi immediately recovered and continued to listen to their speech. This single apartment is designed. It's really good. Every point is in line with a bachelor's apartment, and on this basis there is innovation. Qiao Wei thinks that it will be very popular after it is launched.

Qiao Wei looks down at the planning case, and finally finds out that Qin Hao did it himself. So there is really no doubt that Qin Hao's ability has always been there.

Later, Qiao Wei also raised some questions and got good answers.

"Mr. Qiao, if there is no problem, this single apartment case will be settled." Amy said.

Qiao Wei looked at the plan again and quickly browsed it again. Finally, I took up my pen and signed my name.

"The single apartment case is going to start soon, so I hope you will all cheer up. This is also the first and key project of QW, which is very important to us. It is just this time that we can turn over and win public praise

Qiao Wei looked at the people at the scene and spoke with more strength than before. It can be seen that she is not the original Qiao Wei, now she is more confident and calm than in the past, whether she is doing things or being a leader.

"For this project, the designer Department has come up with the best design, and colleagues from other departments must follow suit." Added Jovi. "Make a good dash before the new year, and strive to achieve the goals set. Then happy to have a good year, this year QW will give you year-end bonus. I hope you can work hard

Qiao Wei's words won a round of applause. We can see that everyone's interest is very high.

After the meeting. Qiao Wei and Jian LAN stay, two people continue to discuss.

"Weiwei, the problem of this material is also very important." Jane LAN and Qiao Wei said their own ideas.

Qiao Wei nods, then takes up the pen record, must explain again.

"There is also the sample room. I hope that the production can be done according to the actual situation. In this way, the degree of reduction is high, so that people can understand our products better. "

"OK." Qiao Wei thinks that Jian LAN is right. "Any more?"

Jane LAN shook her head, "no, the others have been said at the meeting."

Qiao Wei also closed the notebook, "Xiao Lan, I really thank you this time!"

"Thank you, we all advance and retreat together." Jane Lan said with a smile.

Qiao Wei holds Jian Lan's hand, or has never thought that their life has also changed. It's all because of Huo Dongyang, who gives them a new life.

"I want to leave work early today," Jian LAN continued

"Well!" Qiao Wei nodded and agreed. She didn't ask Jian LAN why. It was because she knew that today was the first day for Yun Yiyan's leg rehabilitation. Jian LAN wanted to go to the hospital to see Yun Yiyan. Recently, Jian LAN is taking care of Yun Yiyan. It can be seen that they get along well. In fact, it can be seen that Yun Yiyan acquiesced in this kind of behavior.

Qiao Wei looked at the cleaning up of Jane LAN, in the heart has a bold idea, but only the idea, so she does not want to say. Yun Yiyan and Jian LAN are actually quite suitable.

Jane LAN picked up and said to Qiao Wei, "tiny, I'll go first."

"Well! Go

Qiao Wei deals with some other things directly in the conference room, and then leaves QW.

"Are you tired, madam?" Xiang Qing is worried about Qiao Wei's health.

Joe shook his head slightly. "Not tired. If you are busy, you don't feel tired. You also feel that time passes quickly. "

Hearing this answer, Xiang Qing is also at ease. "By the way, just when you went to the bathroom, the boss called."

Jovi immediately said, "really? Is he awake? "

"Well! The tone of his voice is also very spiritual. " Xiang Qing didn't say that he was scolded by Huo Dongyang. He said that he had the courage to take Qiao Wei everywhere. But in Xiang Qing's opinion, Qiao Wei is doing well now. Whether it was a conversation with Yun Yiming or a meeting in QW, she can now take charge of her own affairs. Xiang Qing thinks that Huo Dongyang's eyes are really fierce, Qiao Wei really has a lot of flash points.

I haven't returned to Jiangwan villa yet.

Qiao Wei received a call from Huo Dongyang. "Are you awake?"

"To where?"

"Ten minutes to get home." Replied Jovi.

"Well, I'll wait for you." Huo Dongyang finished and hung up the phone.

When Qiao Wei heard Huo Dongyang's words, he really felt a little strange. It seems that I have something to say. Is it what I did not do well today? So let Huo Dongyang be caught.

Joe frowned and recalled what he had done today. The only thing that could go wrong is the negotiation with Yun Yiming. QW is not a big problem.

With a nervous heart, Qiao Wei returned to Jiangwan villa.

When the car drove into the gate, Qiao Wei saw Yun Muxin standing at the door with a coat on.

See Qiao Wei get out of the car, cloud Mu Xin hurried forward to support her. "Auntie, slow down."

"How did you come out?" Asked Qiao Wei.

"Uncle asked me to come out and wait for you." Cloud Mu Xin answers.

Qiao slightly shakes his head, this should not be Huo Dongyang's request. "Is it?"

Yun Muxin spat out his tongue. "No! You can't be fooled. "

"Dongyang is up?" Qiao Wei and Yun Mu Xin enter the room.

Cloud Mu Xin nodded, "get up and be busy in the study. Auntie, I heard you had a face-to-face negotiation with your eldest brother this morning? "

Qiao Wei smiles. "I hope I didn't hold back Dongyang."

"My mother called just now. It is said that big brother and moling filed for divorce. " Cloud Mu Xin says in a low voice.

Qiao Wei is stunned. It seems that he didn't expect the speed to be so fast. Yun Yiming and moling filed for divorce so soon.

Yun Muxin then said, "my mother said she would come over later."

[Chapter 255](#)

Study.

Qiao Wei stood at the door, looking at Huo Dongyang, who was facing the computer, and his hands moving on the keyboard, he knew that he must be dealing with emergencies. Just when Qiao Wei is ready to turn around, Huo Dongyang opens his mouth. "Qiao Wei!"

Jovi stopped and said, "huh?"

"Are you back?" Huo Dongyang looked at Qiao Wei and asked.

"Well, I'll be back for a while. I want to say you're busy and I won't disturb you. " Said Joe, smiling.

Huo Dongyang waved to Qiao Wei, "come in."

Qiao Wei went to Huo Dongyang's face, she first reached out to touch Huo Dongyang's forehead, "really want to really abate the fever."

Huo Dongyang held Qiao Wei's hand in his own. "Are you tired today?"

"Not tired. I don't feel tired at all when I'm busy. " Said Joe, smiling.

After Huo Dongyang heard Qiao Wei's words, he seemed helpless. "You are not allowed to make your own decisions next time. What do you say I should do if something happens?"

Joe began to laugh. "I can't be so delicate. Now I will pay attention to it."

"I hope I'll be in front of you no matter what happens." Huo Dongyang said the truth. He was not willing to let Jovi take risks for himself!

Qiao Wei understood Huo Dongyang's mind, "I know. By the way, it is said that Fu Qing is coming? "

Huo Dongyang nods. "Yun Yiming wants to divorce moling, but moling doesn't want to, so they want evidence."

Jovi thought for a moment. "What evidence do they want?"

"They just want me to give them the details of moling." Huo Dongyang replied. "I think Fu Qing wants more evidence of moling's false pregnancy."

Qiao Wei thought in his heart, "does Yun Yiming really want to divorce moling? What do I think is wrong? When I talked to him in the morning, he was just a little shaken, but he didn't say he was going to part with moling. I don't think Yun Yiming believes me very much. "

Hear Qiao Wei's words, Huo Dongyang also feel a little strange, is it a cover up?

"And why Fu Qinglai. Isn't it better for Yun Yiming to come forward? " Qiao Wei said his doubts.

"Well! You have a point. " Huo Dongyang nods.

Qiao Wei and Huo Dongyang wait for Fu Qing to appear with doubts. This is also the first time that Fu Qing sat face to face with Huo Dongyang after the cloud family accident.

Huo Dongyang looks at Fu Qing. "Mrs. Yun, what are you doing here today?"

"I also said on the phone just now. I hope you can provide some evidence about moling." Fu Qing replied. "It's better to have proof that she won't be able to turn over her life."

Huo Dongyang's mouth is full of irony. "So you mean pushing it to moling? Did I get it right? "

"Yes, you didn't get it wrong." Fu Qing replied. She felt that the most wrong thing she had done was to let Yun Yiming marry Mo Ling, the broom star. Take a look at the cloud family, in fact, it is also brought down by her.

After hearing that Yun Yiming came back, he had a big fight with Mo Ling, and then said that he wanted to divorce her, which made Fu Qing very happy. So she wanted to add fuel to the flames, but she lacked some direct evidence.

Huo Dongyang also saw this from Fu Qing's expression. "Mrs. Yun, what you really do for your son doesn't matter."

"Yes, he is my son. Of course, help him!" Fu Qing replied.

Huo Dongyang thinks that a mother like Fu Qing is really great. If Yun Yiming asks her to kill people, she will certainly be desperate. "Mrs. Yun, I really want to say that sometimes you are always helping the poor."

"Huo Dongyang, what do you mean?" Fu Qing was angry. "Today, I'm old-fashioned. I don't care about the cloud house you drove us out of."

Huo Dongyang nodded and said with a smile: "Mrs. cloud, you seem to have made no mistake about this situation."

"Well?" Fu Qing really did not know the meaning of Huo Dongyang's words.

Huo Dongyang sighed in his heart, forget it, a yard to a yard! He took out a file bag and handed it to Fu Qing, "this is what you want."

Fu Qing immediately opened the file bag, and soon she saw the evidence she wanted to see most. That is, Mo Ling is really not pregnant, and that examination report is really false.

"She is a liar indeed Although Fu Qing has a bottom in his heart, he still can't help being angry when he really sees this.

Huo Dongyang did not speak. He took a cup of tea and took a sip of tea. He gave these to Fu Qing. In fact, he was selfish. When Mo Ling left Yun Yiming, she lost a supporter. Then he dealt with the matter of Mo Ling directly!

Fu Qing also felt very excited after watching.

Thank you Fu Qing replied.

"Mrs. Yun is welcome. After all, this Mo Ling is still an outsider. We don't have to embarrass the relationship for an outsider, do we? " Huo Dongyang said with a smile, "when it comes to the outside world, of course, we need the United Front."

Fu Qing felt that Huo Dongyang had a point. "Well!" It really comes true that the sentence must be settled first. When he got what he needed, Fu Qing left. At this time, she would like to fly back with wings to solve the problems of Yun Yiming and Mo Ling as soon as possible.

Fu Qing went to the door and saw cloud Mu Xin standing there. She looked thinner than before. It seemed that her body had not recovered.

"Are you feeling better?" Fu Qing asked.

Cloud Mu Xin nods. "Well! Much better. "

"Pay more attention to yourself."

"Mom, do you really think that's good?"

Facing her daughter, Fu Qing felt guilty, but she had no way out. She has been breaking her heart for Yun Yiming all her life. She can only say sorry to her daughter.

"Mu Xin, if you have a next life, you must find a good family who regards you as a princess." Fu Qing said. "Don't be in the cloud house."

"Mom, in fact, let go of those obsessions, you can have a good life."

Fu Qing knew that he had no way back, so he could only follow his own choice. "No way! You live a good life in your uncle. You must insist on your own opinions and never step in. "

This is also the only time that Fu Qing, as Yun Muxin's biological mother, said such kind words to Yun Muxin.

"I will." Cloud Mu Xin answers.

Looking at Fu Qing head does not return to go out, cloud mu heart still feel uncomfortable. "Mom, you must be good."

At this time, a pair of warm hands hold Yun Mu Xin. "Don't be sad, Mu Xin."

"Auntie, I think they are so pitiful that they fight for things that don't belong to them."

"They chose it themselves." Said Qiao Wei.

Because of these things, she has experienced. So she can understand the mood of Yun Muxin at the moment.

[Chapter 256](#)

XX hotel.

Fu Qing returns to the hotel with evidence, and immediately goes to find Yun Yiming, but Yun Yiming is not there. I didn't expect him to go out at this time, so these things can't be given to him.

Mo Ling took a look at Fu Qing, as usual. "Mom, are you looking for Yi Ming?"

"Yi Ming is out?" Fu Qing asked.

"Well, say you have something to go out of."

Fu cleared Mo Ling one eye, to this woman, she already had no language to do not want to say more with her. When Yun Yiming comes back, she will let Yun Yiming explode everything in front of Mo Ling. Then she will see if she can still laugh.

After Fu Qing left, those disguises on Mo Ling's face disappeared. She looked a little flustered. It seemed that they must have known something. Otherwise, Yun Yiming will not quarrel with himself as soon as he comes back, saying that he is ungrateful! Although not explicitly said, but also can hear.

Fu Qing's expression just now seems to have some feeling of tearing himself up. So what did they find? Mo Ling looked down at her stomach. Is it because of this? So they're ready to shoot themselves?

Mo Ling nervously walked around the room, and finally decided to leave the hotel first, and then consider other matters for a long time! Then Mo Ling immediately began to pack up his things and prepare to leave.

The Australian visa will take two days to get. She had planned to get the visa before she left, but now she has to go ahead of schedule. She has to find a place to settle down first, and then she will leave city immediately after getting the visa.

Mo Ling opened the door of the room, looking a little furtive, and then pulled the trunk out. Taking advantage of no one, Mo Ling carefully took the suitcase and took the elevator to leave. After leaving the hotel, Mo Ling called a car to leave.

In the evening, when Yun Yiming comes back, he finds that Mo Ling has run away. He is very angry. It seems that Qiao Wei's words are all right! Now it is obvious that Mo Ling is guilty. She is afraid that things will come to light, and she has no face.

"Mo Ling, you are really cruel!" Yun Yiming clenched his fist.

Later, Yun Yiming read the information Fu Qing gave herself. This time, it was about the most real situation of Mo Ling. What she said before was false. Her marriage with herself is nothing more than looking for a strong supporter, because only in this way can she compete with Huo Dongyang. And I was foolishly cheated by her so miserably, and once thought she liked himself.

The result is really cruel, "Mo Ling, I will never let you go!"

Hearing Yun Yiming's words, Fu Qing's hanging heart is finally put down. Good. He finally figured it out. It's really wonderful!

"Yi Ming, you should have listened to your mother for a long time." Fu Qing added a sentence.

Yun Yiming looked at Fu Qing coldly. "Mom, I hate you sometimes. Why do I have to expose all this ruthlessly every time?"

"Yi Ming..." Fu Qing was silent.

"Many times. I can count all those things before, but after Meng Yuran's last time, I told you not to meddle in my affairs. I will investigate the matter between me and Mo Ling by myself. You don't need to go to Huo Dongyang for these materials. Why do we ask him? You should remember who drove us out and who took everything that belonged to me

Yun Yiming's words make Fu Qing heartbroken. This son no longer listens to his own words. "Yi Ming, I do it for you."

"Not at all. Mom, I'm almost 30, too. I don't need you to intervene in my affairs!" Yun Yiming points it out directly.

Fu Qingzhen felt that his heart was dripping blood, and his own son actually said such words to himself. For such a woman, the relationship between mother and son should be broken.

Fu Qing closed her eyes, "I know. I won't care about you in the future

Seeing Fu Qing leave sadly, Yun Yiming kicks the chair beside him with his foot, and the chair is also kicked to the ground. He hates all the people, why do they have to force themselves to the end!

The next day.

Yun Yiming went to work and was told that he was fired because he had been absent from work for more than three times!

"Who made the rules?" Yun Yiming asked. "What qualifications do you have to expel me?"

"This is my order."

As soon as Yun Yiming looks back, he sees Yun Yiyan in a wheelchair. After carefully doing a lot of work, Yun Yiming laughs. "Who did I think it was? It turned out that he survived the disaster, but he became the chairman of half a disabled man. "

Listening to Yun Yiming's sarcasm, Yun Yiyan's heart sank and his face changed. I can see that Yun Yiyan really cares about people saying that to him.

"I said, chairman, this time really wasted a famous brand sports car, directly sent to the scrap yard." Yun Yiming continued. "But you're very lucky. You're OK. It's a pity that you have long legs."

At this time, a cold and magnetic sound came. "Well, what is the matter with you?"

When Yun Yiming saw Huo Dongyang appear, his smile immediately froze. It's really unexpected that Huo Dongyang and Yun Yiyan appear together. What's their rhythm! Huo Dongyang goes to the personnel manager and reaches for an employee attendance list. This is a clear record of Yun Yiming's attendance record. He was absent from work for three times without any reason, which really met the company's dismissal requirement.

At this time, Huo Dongyang signed directly on it. "Well done."

"Thank you, Mr. Huo."

Seeing Huo Dongyang's signature, Yun Yiming is really flustered. "Huo Dongyang, why do you do this?"

"I'm your boss." Huo Dongyang said with a smile. Then he said to the HR manager, "prepare the resignation certificate for general manager Yun, and then let people watch him pack his things."

"Yes, Mr. Huo."

With that, Huo Dongyang personally pushed Yun Yiyan out. As soon as I walked out of the door, I heard something falling in the room.

"Yun Yiming is angry." Yun Yiyan can almost imagine the situation inside.

"Then let him pay for it." Huo Dongyang said.

The news of Yun Yiming's dismissal was still released inside the company, and photos of Yun Yiming's damage to the company's property were also made public, and the relevant amount of compensation was listed.

Seeing such an announcement, Yun Yiming was furious. He was angry and swept the computer to the floor. Yunzhou a door to see such a scene, he frowned and said: "why not calm down?"

"I'm not you. I can endure that long." Yun Yiming also wants to spread his anger on Yunzhou.

Yunzhou sighed, "Yi Ming, you are such a temper, so Yun Yiyan and Huo Dongyang will grasp this point to say something about you."

"Let them be." Yun Yiming doesn't care.

Yun Yiming can only say that he is lucky. He meets two white eyed wolves, Yun Yiyan and Huo Dongyang, who eat people but don't vomit their bones!

[Chapter 257](#)

Ten minutes later, the HR Manager really brought people to watch Yun Yiming clean up his things.

As soon as she entered the door, she saw the laptop split in two and fell to the ground. She picked up her pen and recorded a new compensation.

"Do you really have to do this?" Yun Yiming shouts at the personnel manager.

Yunzhou came forward and pressed Yun Yiming, "this laptop is recorded in my place."

The personnel manager nodded. "OK."

Finally, Yun Yiming is pulled out of the office by Yunzhou. Yunzhou has been pulling Yun Yiming to the stairwell.

"Yun Yiyan, have you done enough?" Yunzhou looks at Yun Yiming with a straight face.

Yun Yiming sneered. "Dad, don't act like you want to teach me a lesson. And I don't think you deserve it!"

Hearing Yun Yiming's words, Yunzhou is angry. "Have you ever said that?"

"Dad, who do you think you are? You want to teach me a lesson?" Yun Yiming is full of sarcasm.

Yunzhou angrily raised his hand and slapped Yun Yiming, which echoed in the stairwell for a long time.

Yun Yiming reached out and touched his face, "how dare you hit me?"

"Yes, I'll hit you!" Yunzhou replied. "Can't I discipline my son yet?"

"Dad, you really don't deserve to be in charge of me." Yun Yiming puts down his hand, and his eyes become fierce. "Dad, you sent your grandfather to see the king of hell. Do you think you can easily escape the stigma of those who carry it this time if I blow it to the media?"

Yunzhou how did not think that his son actually took this matter to blackmail himself, simply shameless! He is really too much! "I did it just for you

Yun Yiming doesn't show his father's affection at all. "That's good. So why did you hide from everyone after you got Huo Dongyang's will, and secretly went to revise it!"

"It's a risky thing. How dare I make it public?" Yunzhou explained.

Yun Yiming snorted. "Dad, look at your explanation. Since there is a risk, we can discuss it at a certain time. But you want to take it all by yourself! Who believes what you say

"Yi Ming, even if I get the property first, I will give it to you later!" Yunzhou replied.

Yun Yiming shakes his head. "Dad, you have lost your integrity here. How can I believe you?"

Without hearing Yunzhou's reply, Yun Yiming knew that he was speechless. "I said it, so I didn't have a word?"

At this time, Yunzhou was also disappointed with his son. "Yiming, if you go on, you are not the opponent of Huo Dongyang and Yun Yiyan."

"I am not? Are you? " Yun Yiming sent a question.

"Neither am I Yunzhou replied.

When Yun Yiming heard what Yunzhou said, he was really speechless to such a family. What they say is really good. One will always find many excuses for himself, and the other will take care of everything.

He would rather not have such a family, or rely on himself.

"Dad, I'll try my best to get it back." Yun Yiming speaks. "If you want Wynn, please do it yourself."

"What are you talking about? Are you going to do it alone?" Yunzhou is really surprised.

Yun Yiming nodded, "yes! We all depend on our abilities! "

Yunzhou doesn't think it's a good idea. Now Huo Dongyang and Yun Yiyan are united. If he and Huo Dongyang are going to work alone, there is no chance of winning. "Yi Ming, do you really need to do this?"

"Dad, you should have heard a saying that different people do not conspire." Yun Yiming continued. "I can't bear the cowardly spirit of Huo Dongyang and Yun Yiyan here. You have to lie on your salary and try to be brave. That's your problem. Don't drag me into the water."

Yunzhou really didn't expect that Yun Yiming would say such a thing. "Yi Ming, you let me down."

"I'll go first." Yun Yiming doesn't want to waste time with Yunzhou, nor does he want to waste words with him.

Seeing that Yun Yiming is leaving, Yunzhou reaches for him. "Yi Ming, you must not be anxious and impulsive."

"I don't need you to take care of my business!" Yun Yiming shook off Yunzhou's hand.

Yunzhou did not stand firm and pushed back a few steps. Just want to stabilize, but his foot was empty, the whole person back. Yunzhou also lost its balance in an instant. It was like floating in mid air. Then he saw Yunzhou turn back and hit his head against the stairs. Because of the impact of the body, it didn't stop until it hit the wall. The stairs of XY are different from the outside. The stairs here have 20 steps. So it is estimated that the injury is not light.

Yunzhou felt that his head had been hit several times, and the blood flowed out of the wound instantly. Yunzhou also tasted blood before coma. And he seems to see Yun Yiming running away in a hurry!

Yunzhou reached out and touched his forehead, which was really frightening. Actually shed so much blood, it seems that the head is blooming, right? Yunzhou felt black in front of her eyes and fell into a coma in the stairwell.

Yun Yiming fled the scene in a panic, which had nothing to do with himself. He fell down on his own and didn't mean to move him.

Seeing Yun Yiming leave in a hurry, one of the male employees goes to the stairwell to smoke. He finds that Yunzhou falls on the open space between a staircase and a stairwell, and his head is covered with blood!

He was so frightened that his cigarette fell to the ground. He immediately dialled the ambulance, and soon the ambulance arrived.

At this time, Huo Dongyang and Yun Yiyan also received the news, so they came to see it. Just then I saw the doctor and nurse carrying Yunzhou out.

It should be very serious to see what cloud state looks like! But who did it? According to such a situation, even so short a flight of stairs can also happen that kind of thing, no one wants to see.

Doctors and nurses pushed Yunzhou into the operating room. But doctors diagnosed that the situation was not as simple as expected.

The results of the operation soon spread to Huo Dongyang and Yun Yiyan. The situation in Yunzhou is really more serious than expected, because for a moment, Yunzhou has become a vegetable. The result is amazing!

Huo Dongyang also did not expect to be such a result, in the heart also some slightly uncomfortable.

Yun Yiyan was also stunned. His father of 28 years ended in such an end. And the man who made him such a man was his own son.

"Huo Dongyang, what do you think of Yun Yiming's future?" Yun Yiyan asked in a low voice.

"If he did it, he would have to pay for it." Huo Dongyang said solemnly. After all, Yun Yiming's crime is estimated to be very serious.

[Chapter 258](#)

The matter of Yunzhou was also quickly exposed, and everyone felt sympathy for Yunzhou.

First, YUNZHUO, the former chairman of the board of directors of the company, passed away, and then his second junior was in a car accident. Although he recovered his life, he ended up in a wheelchair for the rest of his life. Now something happened in Yunzhou. It was an accident, but it became a vegetable.

Many people have done a lot of shady things before the legendary people of the cloud family, so they have to have an accident. Next, it should be Yun Yiming. There are also people saying that this is Huo Dongyang in order to swallow the Yun family alone, so planned all this!

Seeing such news, Yun Muxin frowned on his brow. How can you say that! These things have nothing to do with uncle! How can those people talk nonsense!

Mary came out of the kitchen and saw the news on TV.

"Mu Xin, would you like to see your father?"

Yun Muxin pursed her mouth. She didn't want to go. But if you don't go, it doesn't seem to make sense, because it's your father after all. "I'll go there sometime."

Huo Jiang put down his newspaper. Although he didn't like those people, he still said, "Mu Xin, go and have a look! He's still your father, no matter what

"Grandfather, don't worry. I'll go. " Cloud Mu Xin nods.

Qiao Wei only knew when he woke up that there was an accident in Yunzhou. She picked up her mobile phone and made a call to Huo Dongyang. "Dongyang, I saw the news. Is it true? "

"Well!" Huo Dongyang answered. "Yun Yiyan and I are in the hospital."

Qiao Wei felt that he just went to sleep, but when he woke up, the whole world changed. Yunzhou has become a vegetable, which is really unacceptable.

"I'll be back in a minute." Huo Dongyang then added.

"Yes. I'll wait for you to come back. " Qiao Wei takes the cell phone and puts it away.

At this time, Huo Dongyang and Yun Yiyan in the hospital are looking at Yunzhou in the intensive care unit. Yun Yiming did not appear, not even Fu Qing. Seeing the family next door, almost all the people from the same family came. It can be seen that the feelings of their family are very good. One person had something to do, and the others came. In contrast, there are only two people in Yunzhou, and they are the two people he doesn't want to see.

Looking at the situation in Yunzhou, it really makes people feel sad. Once so bright life, but now because of an accident into a vegetable. It's just bad luck to meet such a sudden accident.

A few days ago, Yun Yiyan was feeling about his life. For the 28 years ahead, he felt that he had wasted his life. I didn't expect Yunzhou such a living example to tell myself again that life really needs new goals. Otherwise, life is like a pool of stagnant water.

After experiencing his own experience, Yun Yiyan has a new goal, which makes him really sober.

"What are you thinking, so absorbed?" Huo Dongyang asked.

"Think of yourself." Yun Yiyan replied. "Huo Dongyang, do you think that if everyone experiences so much as you do, will they not be so negative?"

Huo Dongyang did not answer this question, which can not be answered by everyone. And everyone's answer is not the same, some people become muddle along after success.

Seeing that Huo Dongyang did not answer, Yun Yiyan did not continue to ask. "Let's go!"

Because Xia yueqian said hello before, there will be a special nurse to take care of Yunzhou. This is also the first time Xia yueqian opened the back door, specially arranged for Yunzhou. In fact, it is also for the sake of Yun Yiyan. If it wasn't for the sake of their cloud family's taking care of Yun Yiyan in the past, Xia yueqian would not have done so! Because of this, he went to communicate with them in person, and he also gave them a favor!

Huo Dongyang nods and pushes Yun Yiyan forward. "Where are you going today?"

"Xia family." Yun Yiyan replied.

Huo Dongyang was surprised to hear what Yun Yiyan said. It seems that he and Xia yueqian get along well, which can be regarded as congratulations!

Yun Yiyan worried that Huo Dongyang wanted to be crooked, and immediately added another sentence. "Xia yueqian has invited me many times and said that he would let me have a meal at Xia's house. I just want to leave work early today. "

Huo Dongyang nodded, of course, did not expose the mind of Yun Yiyan. "Well, I know!"

As soon as this word comes out, it makes Yun Yiyan not more embarrassed. He thinks that Huo Dongyang is intentional. Can't he pretend to be deaf sometimes?

Huo Dongyang sends Yun Yiyan to Xia's home and sees Xia yueqian waiting at the door.

"Your brother is really good at it." Huo Dongyang looked at the next cloud Yiyan said. "It's so much better than a brother."

Seeing that the car stopped, Xia yueqian immediately helped Yun Yiyan open the door and bent down to move Yun Yiyan out of the car.

Huo Dongyang continued: "you should get the wheelchair ready first."

Xia yueqian nodded, then took out the wheelchair from the reserve car and put it in place. Then he helped Yun Yiyan sit on it.

"Mr. Huo, thank you for sending my brother back. Next time I'm free, I'd like to invite you to have a meal with Wei Wei. " Yuexia said with a smile. Without them, he would have been too busy alone. He really wanted to thank Huo Dongyang for his story about the struggle of his 19-year-old youth, because this story made Yun Yiyan thoroughly invigorated."Yes." Huo Dongyang replied.

After getting Huo Dongyang's reply, Xia yueqian's hanging heart finally landed. Fortunately, Huo Dongyang has always been a man of his word. I hope he doesn't have any change! This is a great opportunity to spend a lot of money. Because he has a private matter to tell them.

Huo Dongyang looks at Xia yueqian pushing Yu Yunyi Yan into the room. Huo Dongyang just said, "let's go back!"

"Yes, boss!" Xiang Qing replied.

Huo Dong ready to Yang close his eyes, the voice of Xiang Qing comes again. "Boss, I have something to report."

"Say it

"We have just received news that Mo Ling is going to settle in Australia."

Huo Dongyang frowned as if he had not thought of it. "She should have planned all the escape routes?"

This Mo Ling is really powerful. He has chosen a good place to escape. His moves are really high!

"How could she have the money to go abroad?"

Xiang Qing a smile, "boss, you don't really don't know?"

"Well?" Huo Dongyang wanted to have a look. Of course, he had to have money to leave. But now that Yun Yiming is like that, how can Mo Ling get money from him. Now two people are also making a divorce. Yun Yiming will definitely not give this money.

"I heard that Mo Ling got the money back from Liu Su and Qiao Xin!" Xiang Qing continued.

It turned out that Huo Dongyang's doubts were finally solved. "When does Mo Ling leave city a?"

Xiang Qing then replied: "if there is no accident, it should be the visa you get tomorrow and leave."

Huo Dongyang narrowed his eyes, "tomorrow?"

"Yes." Xiang Qing nodded. "Boss, will you arrest her this time?"

"Yes!" Huo Dongyang said definitely.

[Chapter 259](#)

hospital.

Yun Muxin stood quietly in front of the glass window of the intensive care unit. Looking at the cloud state with all kinds of pipes, her heart is not good! Although from small to large, Yunzhou has little concern for itself! But after all, he is his own father, which can not be changed.

"Dad, you didn't think you had this day, did you?" Yun Muxin asked. "In your eyes, is money really more than everything?"

Yunzhou lies there quietly, with a thick bandage on his head, which looks really hurt. This situation should be more difficult than death! This is known as hanging half a life!

Hearing the footsteps, Yun Muxin slowly turned back and saw Fu Qing, who was very haggard. She has no make-up today. She looks very bad. She seems to be getting old a lot.

Cloud Mu Xin turned to look at Fu Qing, "Mom, you are here."

Fu Qing has no light in her eyes. She slowly walks to Yun Muxin. Then the voice was a little hoarse. "I don't really want to come."

Cloud Mu Xin's brow is frowned, don't want to come?! Is this what couples should say after 30 years? Cloud mu heart really feel cold, such a home is not as good as leaving early.

Fu Qing turned his head and looked at the cloud state in the ward. He felt a little sad. Married him for 30 years, only 10 years is how happy I feel! In the later days, I almost lived on the tip of a knife.

"Yunzhou, don't blame me for being ruthless." Fu Qing read it silently in his heart. "I became like this because of your cloud family. You know that better than I do, don't you? "

With such a simple glance, Fu Qing turned to go.

Yun Muxin frowned. "Mom, are you going

"Yes Fu Qing replied, it seems that he has returned to his usual state. "Yes! I'm leaving! "

Yun Muxin grabs Fu Qing's hand. "Mom, you let big brother come out and turn himself in! In this way, the judge will determine the sentence according to his discretion. "

Hearing Yun Muxin's words, Fu Qing suddenly became serious, "what are you talking about! Your brother is not guilty. He didn't do it. Don't slander your big brother

Yun Muxin couldn't believe his mother would say such a thing. "Mom, you are so terrible. In fact, you know more about the cause and effect of the whole thing than we do. Why is it that you are not willing to accept this fact? "

"Shut up Fu Qing Dasheng scolded Yun Mu Xin. "Who are you? Why do you blame my son like this? What kind of heart do you have in mind? My son is right in everything he does

Cloud mu heart completely speechless, she roared to Fu Qing. "In your heart is just Yun Yiming? Everything else becomes important, right? "

"Yes

Cloud Mu Xin closed his eyes and tried to take a deep breath, telling himself not to care about these, trying to calm down his mood.

When Yun Muxin opens her eyes again, there is only one look at the stranger in her eyes. She said to Fu Qing, "take care of yourself. I'm leaving, too. "

Fu Qingyi Zheng, as if also did not expect cloud Mu Xin to talk to himself like this. "Mu Xin, I..."

"Mrs. cloud, I don't think we'll see each other again." Cloud Mu Xin said coldly. "I've said everything. Goodbye

Looking at the back of cloud Mu Xin's departure, Fu Qing's heart is also grasped, a complex feeling rises.

Yun Muxin returns to Jiangwan villa and sees Huo Dongyang sitting in the living room as soon as he enters the door.

"Uncle, I'm back." Yun Muxin called out.

Huo Dongyang nods. "To see your father?"

"Well!" Yun Muxin then replied. "I met my mother just now."

Huo Dongyang looks at Yun Muxin's expression and knows that there must have been some conflict between her and Fu Qing.

"Come and sit down."

Yun Muxin sat down in front of Huo Dongyang. He felt uncomfortable and could not hold back. Then he began to say. "I didn't expect to see her again. The last time she came to get moling's evidence, what she said to me before she left was so kind. At that time, I really decided not to blame her bias. But today it broke all my good feelings for her! Those words with guilt before are all false. "

Huo Dongyang listens to cloud Mu Xin's words, eyes follow a dark. As expected, it is Fu Qing's style. For the sake of his son, he can even give up his life. He even turns over his face with other people regardless of everything.

"Uncle, what did you get from my mother's preference for boys like that?"

"She's going to be like this, but she's also forced to do it!" Huo Dongyang replied. In the cloud family these years, a woman's life has changed, it is also a sad! Her husband couldn't give her a sense of security. She could only put all her hopes on her son. She even did a lot of paranoid things in order to make her son better. Part of the ending today was caused by Fu Qing himself.

Yun Muxin did not speak, just sat there quietly. She doesn't want to live a complicated life.

When sleeping at night, Huo Dongyang told Qiao Wei about it and told him to have time to enlighten Yun Muxin. "Don't worry, Dongyang. I will." Replied Jovi.

Huo Dongyang holding Qiao Wei, "things will be a lot recently, I may not be able to accompany you all the time."

"Never mind! There are grandparents at home Replied Jovi. "I won't be bored."

"That's very kind of you." Huo Dongyang said with a smile.

Qiao Wei buried his head in Huo Dongyang's arms. "Dongyang, I hope you're OK, that's OK!"

When Qiao Wei fell asleep, Huo Dongyang sat up again. He looked down at Qiao Wei, a face of tenderness. After all the things of the cloud family are over, he wants to give Qiao Wei a grand wedding. He wants to tell the world that this woman is his Huo Dongyang's. Then he wanted to take Qiao Wei to see every corner of the world, which was what he always wanted to do.

Huo Dongyang bent over Qiao Wei's lips and left a kiss. "My baby, sleep well."

Huo Dongyang picked up the Nightgown next to him, and then went to the study to have a meeting with Jason.

The night finally passed, and the first sunshine of the morning swept the earth again. Huo Dongyang stood in front of the window, looking out of the window, there are things to deal with.

Huo Dongyang turned to pick up the mobile phone and called Xiang Qing.

"Did you find them?"

"Well! It has been found. " Xiang Qing replied.

Huo Dongyang nodded with satisfaction. "Inform the police."

"Yes

Huo Dongyang came out of the study and went back to his room again. Looking at Qiao Wei who had already got up, he was a little surprised.

"Up so early?"

Qiao Wei nods, sees Huo Dongyang's appearance, knew that he had not slept last night. "Take a rest. I'm going to QW later. Today is the signing day of the single apartment project. I'll go and have a look. "

"I'll go with you!" Huo Dongyang replied.

[Chapter 260](#)

XX economy hotel.

Mo Ling also saw the news of the accident in Yunzhou. Of course, she soon thought of who did it. From YUNZHUO to Yunzhou, yunyiming has done a really heartless job.

But it's his own retribution that Yunzhou has become like this. At the beginning, for the property of the cloud family, he used such means, and now he also tasted the bitter fruit he planted. It's also his debt. It's always time to pay it back. He is now in such a situation, really worse than death!

Moling picked up the remote control to change channels, these have nothing to do with her, she does not want to take care of it! There are several different news stations. Mo Ling simply turned off the TV.

At this moment, the mobile phone just rings. As soon as it was the friend who helped him deal with the certificate, moling picked it up immediately.

"Is the visa coming out?" Mo Ling asked happily.

"Mo Ling, I'm sorry! There is a temporary problem with your visa. "

Hearing this question, Mo Ling was stunned. "How could that happen?"

"What happened to your father-in-law? I heard that you and your visa have been investigated by the Australian police. "

Hearing the news, Mo Ling's face was pale, but unexpectedly he was stuck here. The heart can not help but curse a, cloud Yiming and cloud state really bad thing!

Mo Ling thinks about how to deal with this matter. She must leave a city now. She can't stay here now because it's not safe at all.

Mo Ling walked around the room, trying to deal with the things in front of her. Finally, moling packed her bags and wanted to go back to the United States first. After all, I have an American passport, so I'd better wait for everything to be quiet before going to Australia!

Before Mo Ling got Qiao Xin's money, she directly transferred to the bank in Australia, and she was ready to start over there. Now all this seems to be difficult and may not be achieved.

After a while, moling left the hotel with her luggage and went directly to the airport. Just after moling left the hotel, the police also pursued here, but it was still a step late.

At the airport, moling bought a ticket to America. While waiting, Mo Ling receives a short message from Yun Yiming.

Yun Yiming warns herself in the text message that she wants to delete the video in her hand. Otherwise, he would have exposed the video of himself pushing Joe Wei and Mary down the stairs.

Moling clenched the mobile phone, which is to hurt each other, right! Very good, Yun Yiming, if you are unkind, don't blame me for my injustice. Listening to the radio about to board the plane, moling posted a message on her microblog, exposing the truth of YUNZHUO's death.

After sending, Mo Ling turned off her mobile phone and pulled her suitcase to board the plane. But she did not expect that there would be such an ending waiting for her.

Soon, the message sent by moling was forwarded on the network. When Yun Yiming saw such news, he was very angry. "Mo Ling, you are really good! You think you're going to run away? It's naive

Later, Yun Yiming also posted a message on his microblog, saying how he was threatened by moling to do those shady things, and took out the video of moling pushing Qiao Wei and Mary down the stairs at the beginning to prove the authenticity of this video!

The couple tore each other on the Internet, which also caused a crowd to watch. But more attention is that these two people who have no conscience are indeed perfect match. They have done so many evil things, but they still have no regret and dare to show off each other! No one can die easily!

When Yun Yiming saw the comments on the Internet that scolded him, he threw his mobile phone on the ground, and the mobile phone was smashed instantly. Yun Yiming clenched his fist. How could he have known such a heartless woman. As expected, he was a mad dog. He ran away, but he still had to bite himself!

At this time, someone knocked at the door. After the accident in Yunzhou yesterday, he came to the suburbs. Fu Qing bought a flower garden here a few years ago. This place is relatively safe, but how can someone knock on the door?

Yun Yiming hesitates whether to open the door or not. Later, he hears that it is the police, so he has to open the door.

After opening the door, Yun Yiming's hands are directly handcuffed. "Yun Yiming, please follow us back for investigation. We now suspect that you have something to do with three homicides! "

Yun Yiming is stunned. "What do you mean by that? I didn't kill at all! Why arrest me

The police did not listen to a word from Yun Yiming, and forced him away.

When Yun Yiming is crammed into the police car, Fu Qing also follows. She just saw this scene, saw the police put Yun Yiming into the police car.

"Yi Ming!" Fu Qing called out and immediately chased after him.

Hearing Fu Qing's voice, Yun Yiming began to struggle, thinking about getting rid of people. But he couldn't get rid of it. He yelled at Fu Qing. "Mom, I don't want to die! You help me Yun Yiming is shouting at the top of his voice.

Fu Qing pounced on the door of the police car. "Yi Ming, don't be afraid! Mom will try to save you! "

Yun Yiming felt flustered at this time. "Mom, I didn't kill people. I didn't do these things. I was wronged!" Fu Qing spent a lot of energy to catch Yun Yiming's hand. She cried and said, "OK, mom knows! You are wronged, so you can rest assured that your mother will save you! "

"Mom, you must save me!" Said Yun Yiming aloud. "And moling, that slut, must find her back! She set me up on purpose

Fu Qing nodded! Mom knows, don't worry about it

Watching the police car drive away, Fu Qing's face is full of tears. What a crime! How could it be like this! Originally, she just wanted to divorce Yun Yiming and Mo Ling. She didn't expect that things would turn out like this! And now I have no way.

In the end, the only person Fu Qing thought could help her was Huo Dongyang or Yun Yiyan. At this time, she can only go to the two of them! Otherwise, she can't think of a better way now.

Later, Fu Qing called Yun Muxin. Now only through her can we get in touch with Huo Dongyang or Yun Yiyan, and both of them are very kind to Yun Muxin! It should be easy to do!

Cloud Mu Xin is to answer the phone, but she did not agree to Fu Qing's request, directly refused! Yun Muxin finally said: "Madam Yun, if you do something wrong, you should bear it bravely! What Yun Yiming has done is really unforgivable! "

Fu Qing was really in despair when he heard such words. Now even his daughter is not willing to help, how should I do! Do you really want to watch Yun Yiming die?

Fu Qing shakes her head. She looks at the name of her mobile phone address book and finally stares at a name.
