

## Warm Wife 26

### [Chapter 26](#)

Qiao Wei was moved.

Huo Dongyang should also have many stories. But Qiao Wei didn't feel afraid. Instead, he wanted to understand.

She reached out and held Huo Dongyang's hand. "Mom, I will be a good wife too! I will take good care of Dongyang. "

Huo Dongyang held Qiao Wei's hand, and it was the kind of firm grip.

"My mother died when I was ten years old." Huo Dongyang continued.

Qiao Wei is actually the same. "In fact, we are the same."

"Are we not in the same boat?" Huo Dongyang said with a smile.

Qiao Wei nodded. It was because of this that he had to work harder to live.

When leaving the cemetery, Qiao Wei told Huo Dongyang about going back to the cloud family tomorrow.

Looking at Huo Dongyang who has been silent, Qiao Wei has some bottomless heart. Just met Huo Dongyang's mother just now, the result turns around oneself unexpectedly wants to go back to the ex husband's house to help.

If he was Huo Dongyang, he would not agree.

"Do you want to go back?"

Jovi shook his head honestly, "No. But grandfather is very kind to me, so I want to go back and see him

See Huo Dongyang that pair of blue gray eyes with a trace of injury, Qiao Wei heart is not good.

"Go back then."

Qiao Wei a Leng, as if did not expect Huo Dongyang to say so.

"I happen to be on a business trip tomorrow." Huo Dongyang continued.

Qiao Wei knows that he must have hurt Huo Dongyang's heart. He and he have been married for several days, but he has been doing invisible people.

She also made up her mind to end her marriage with Yun Yiyan as soon as possible. Only in this way can she stand upright beside Huo Dongyang.

"Dongyang, I'm sorry!"

Huo Dongyang comes forward and hugs Qiao Wei. "Jovi, don't make me wait too long."

"Well!" Qiao Wei gave a strong reply.

The next morning.

After Huo Dongyang got up, he began to pack up his things.

Qiao Wei reached out to take Huo Dongyang's things. She squatted beside the trunk to help Huo Dongyang with his luggage.

Huo Dongyang smiles and goes with Qiao Wei.

Qiao Wei packed up his luggage and heard Huo Dongyang calling in his study, but he heard it in Korean. Some accidents, Huo Dongyang actually can speak Korean.

Qiao Wei has seen Korean dramas, and the most he can understand is the greeting words. Other sounds, the pronunciation is not much bad, but do not understand what to say.

Huo Dongyang looks back and sees Qiao Wei.

"Ready?"

"Well. You see what else you need to bring. "

"No more." Huo Dongyang touched Qiao Wei's hair. "I can't take you to work today."

"I can do it myself."

"Call me when you have something to do." Huo Dongyang or tell me.

Qiao Wei nodded and couldn't help asking, "how many days are you going this time?"

"This time we will stay a few more days. The details are not clear." Huo Dongyang replied. "I'm going to see my grandfather."

"Grandfather?"

"Well, he's in Korea." Huo Dongyang didn't tell Qiao Wei that it would be his mother's death day in a few days. At this time of year, Huo Dongyang goes back to Korea.

Jovi understood. "So, you were on the phone with grandfather?"

"Well! I'll take you back to meet them later. My grandparents are my only family. "

Huo Dongyang's words, Qiao Wei is a little sour in his heart. Huo Dongyang was brought up by his grandfather. It seems that there are many stories about him.

Of course, Qiao Wei did not expect that he would meet Huo Dongyang's grandfather in that way in the near future.

"Pay more attention to yourself."

"Well, you too!" Huo Dongyang touched Qiao Wei's face and then walked out of the study.

Qiao Wei sent Huo Dongyang to the door, but saw a car waiting for her.

"I called a car to take me to the airport," Huo said

"Bon voyage."

Watching the car go away, Joe waved to the car.

Qin Hao looks at Qiao Wei from the back mirror of the car. "Dongyang, it turns out that you like this kind of noodle soup!"

"She looks good." Huo Dongyang answered three words.

"Tut Tut, so fast to protect?" Qin Hao looked down on his face. "How do you explain to grandfather when you go back."

"I'll explain to my grandfather myself. I don't think he'll have a problem. "

"It's better. If your grandfather knows Qiao Wei's identity, you are ready to accept his punishment. "

Huo Dongyang did not speak, quietly gave orders to the bodyguards who secretly protected Qiaowei, asking them to protect Qiao Wei.

When the day after class.

Qiao Wei returns to the cloud house.

As soon as he entered the door, Qiao Wei met Yun Muxin.

"How did you come back?" Cloud mu heart direct plank face to Qiao Wei to see. Qiao Wei is used to it, "isn't it said that Madame will prepare for her birthday party tomorrow?"

"Well, do you think my mother needs something like you for her birthday? It's really bad taste for my mother. " Cloud Mu Xin looks scornful.

This meeting, Yun Yiming also drove back.

Seeing Qiao Wei standing at the door, his tone is cold. "Brother and sister are back."

"Yes, big brother."

"Come back and go in and stand at the door Said Yun Yiming.

"OK." Joe nodded.

Yun Yiming doesn't continue to pay attention to Qiao Wei and walks in directly.

Qiao Wei just wanted to leave, but was stopped again by Yun Mu Xin, "Qiao Wei, when will you divorce my second brother?"

"Soon." Jovi answered with ease.

It seems that to hear her satisfactory answer, Yun Mu Xin put down his hand. "You'd better be simple. Don't pester my second brother all the time. You have to know that my second brother's market is very good."

Qiao Wei nodded to understand, "so did I go in?"

"You go!"

Cloud Mu Xin side to let Qiao micro in.

Although sometimes, Yun Muxin's words are a little harsh, that is to say, as the third young lady of the cloud family, she is a little capricious, and her temper comes and goes quickly. But her nature was not bad, so Jovi had no complaints about her.

Seeing Qiao Wei go in, Yun Muxin calls Yun Yiyan to report this matter.

Soon, Yun Yiyan came back.

Yun Muxin and Yun Yiyan should be closer. She will talk to Yun Yiyan about everything. Although Yun Yiming is his elder brother, Yun Muxin always feels that his elder brother gives people a feeling of indifference and can't really get up in person.

"Second brother, are you back?"

"And her?"

"In." Yun Muxin is sitting in the yard with coffee.

Yun Yiyan took a look at the gate, "are the others here?"

"Well! Big brother just came back Yun Muxin answers truthfully.

Yun Yiyan thought for a moment, but he still walked into the room.

I didn't see Qiao Wei in the living room. I guess I went to see my grandfather.

Just about to go upstairs, Fu Qing came out of the kitchen.

"Mom..."

Fu Qing took a cold look at Yun Yiyan, nodded his head and walked away.

Yun Yiyan is still hurt. What happened ten years ago changed his mother's attitude towards him overnight.

Yunyiyan goes to YUNZHUO's room. As soon as I got to the door, I heard YUNZHUO's laughter.

"Weiwei, is it true?" YUNZHUO asked with a smile.

It seems that Qiao Wei told a joke to YUNZHUO again.
