

Warm Wife 271

[Chapter 271](#)

Qiao Xin also raised her head with tears in her eyes.

"I don't want to stay here." Qiao Xin looked at Huo Dongyang and said solemnly. "Please help me!"

Huo Dongyang blinked his eyes, "you are the only one who can save you."

Qiao Xin's tears fell out. "Huo Dongyang, I really don't want to stay here. They set me up! They put the medicine in my drink and then they called the police. I really don't know what happened

Huo Dongyang has been silent, just quietly listening to Qiao Xin's words.

"Huo Dongyang, I'm telling the truth." Qiao Xin implored Huo Dongyang to believe her.

Huo Dongyang didn't say anything at last, then walked out of the room. He looked back and saw that Qiao Xin's eyes were disappointed. He said, "these days, you can stay here and cooperate with all kinds of work. As long as you really haven't done it, you'll be cleared. "

Qiao Xin tears, she seems to recall that she had done those bastard things in the past, those wine friends, and those so-called relatives who heard her things all avoided. I didn't expect that it was Qiao Wei who was willing to reach out to help him now. When he thought of what he had done to Qiao Wei in the past, he was really not a person.

"Brother in law, I owe my sister a lot. I'm sorry! If I can really get out of here, I want to apologize to her in person

Huo Dongyang did not answer and turned to leave. If this is not a good thing.

Back home.

Qiao Wei immediately asked about Huo Dongyang. "How's it going?"

"She said she was framed." Huo Dongyang replied.

Jovi sat down beside Huo Dongyang. "Is there any way?"

"If she really didn't do those things, it should be OK soon." Huo Dongyang replied.

Joe frowned slightly. "I hope this incident can teach Qiao Xin a lesson."

She also heard Liu Su say before that Qiao Xin was arrested in a bar. It should be playing with those people too crazy, foolishly being drugged like this, I don't know. When I woke up, I found that I had been arrested.

Huo Dongyang reached out and held Qiao Wei's hand, "don't think too much. If she cooperates well, she will come out soon. "

Joe nodded. "Well! There is another thing I want to discuss with you

"Say it."

"Liu Su seems to have a gambling debt. I want to pay it back for her." Qiao Wei's voice is not big, in fact, she is worried that Huo Dongyang does not agree!

Hearing Qiao Wei's words, Huo Dongyang was silent with some seriousness on his face.

Qiao Wei knew that Huo Dongyang would not agree. Once you help Liu Su and Qiao Xin, you may fall into a bottomless pit. See Huo Dongyang speechless, Qiao Wei knew his meaning, "I know."

Huo Dongyang clenched Qiao Wei's hand. "Qiao Wei, you should know the consequence of helping them! Are you sure you want to do this? "

"For the last time." Replied Jovi. "I said before that I would no longer care about their affairs, but it's really pathetic to see them like this! So I want to help. "

Huo Dongyang sighs, Qiao Wei is still too kind after all. In spite of what they had done to her in the past, today she has chosen to lend a helping hand. I really don't know how to say that! But think about it, this is also the attraction of Qiao Wei.

Huo Dongyang finally nodded and agreed, "only this time!"

"Well!" Joe laughed.

Joe looked at the smile and thought it was worth smiling. He reached out and tucked Joe in his arms, lowered his head, and kissed her lips. What a welfare!

The next day.

Huo Dongyang asked people to deal with Liusu's gambling debts. Seeing that number, it's not a small number. It seems that there are more ingredients in the pit. Finally, Huo Dongyang asked Xiang Qing to deal with it anonymously and pay off all the money Liu Su owed.

After the matter was handled, Huo Dongyang leaned quietly on his chair, rarely had such spare time for a short rest. I keep thinking about what happened in the past year. It didn't take long, but a lot of things happened.

Think of from the first time I saw Qiao Wei on the plane, my life seems to have undergone earth shaking changes. At that time, when I saw her tears, my first impression was that something must have happened to make a woman cry like this, either a lover or an enemy. Looking at the flight attendant constantly asking her about her condition, I knew that she was not feeling well.

At that time, I really didn't want to meet her again after getting off the plane. She was like a headless fly. Finally, I really bumped into my arms. Nervously said a sorry, she was anxious to see her head down again to clean up the scattered things on the ground.

Huo Dongyang watched her casually put all the things into his bag, and then left in a hurry. As he stepped forward, he saw the file bag lying quietly on the ground.

Bending down to pick it up, Huo Dongyang, who had never peeped into other people's privacy, unconsciously opened the file bag. See the marriage certificate, Hukou book and even divorce agreement. Huo Dongyang's eyebrows wrinkled. It turned out that she was going to get a divorce. And the man who divorced her is actually Yun Yiyan!? Unexpected news and harvest, the woman just now

turned out to be the daughter-in-law of the cloud family. I don't know when to step out, Huo Dongyang chased out, only to see the taxi has been driven away. Huo Dongyang looked down at the file bag in his hand. After a pause, Huo Dongyang also stopped a car to keep up with Qiao Wei.

To the door of the Civil Affairs Bureau, Huo Dongyang's heart is somewhat complicated. He went in with the mood of watching the opera, but saw all kinds of bad behaviors of Yun Yiyan to Qiao Wei.

Looking at the slender figure of the squatting on the ground looking for things, Huo Dongyang felt distressed. I can see that this woman is not popular in the cloud family. Cloud Yiyan those relative, and he wants to start the expression let Huo Dongyang look down.

At this time, he stepped forward to stop. Looking at Yun Yiyan and Qiao Wei going to divorce procedures, an idea also jumped on Huo Dongyang's mind. Or he can use this woman to achieve his own goals.

Ten minutes later, I watched Yun Yiyan and Qiao Wei come out of the procedure. Huo Dongyang's eyes naturally fell on Qiao Wei, who lowered his head. Then he saw that she was sitting in the chair crying without image, and Huo Dongyang's original mood of watching the drama was gone.

After seeing Qiao Wei stop crying, Huo Dongyang goes over and passes his ID card and account book together when handing Qiao Wei paper towel.

Huo Dongyang still remembers Qiao Wei's expression at that time. Although she appears to be panicked, it is a kind of lovely in Huo Dongyang's eyes.

[Chapter 272](#)

The knock on the door interrupted Huo Dongyang's thoughts.

Huo Dongyang withdraws from the memory. He looked up at the door of the study and saw Xiang Qing and John standing at the door. He collected his mind and seemed to have something to deal with.

"Come in!" Huo Dongyang opens his mouth.

Xiang Qing and John walked into the study one after another.

"Boss, what you asked me to do is done." With that, Xiang Qing put the relevant bills in front of Huo Dongyang.

Huo Dongyang took a look. "Good!"

"In addition, the tickets have been reserved. We will leave in three days." Xiang Qing put the ticket on the table again.

Huo Dongyang nodded. He saw the time of the ticket, "Hmm! Arrange the car then. "

"OK." After Xiang Qing finished, he went out first.

With a smile on his face, John handed Huo Dongyang an expense account. "Boss, this one needs reimbursement."

Huo Dongyang frowned and reached out to take a look at the list from John. "Not a small sum."

"Boss, this is what I used to do for Xia Mingde. It's enough to see how hard I am."

Huo Dongyang glanced at the number of the list again. All of them go to high-end restaurants, which is in line with John's usual style. They are mainly enjoying themselves, while talking about things is secondary.

"John, I don't think we need you next time." With that, Huo Dongyang signed the list.

When John heard Huo Dongyang's words, he felt a chill in his heart. After all, he could not cheat Huo Dongyang. He could not take advantage of Huo Dongyang.

Huo Dongyang handed the list back to John, "it's OK these days. You can arrange it yourself."

"Paid?"

"Yes, but there is no bonus!" Huo Dongyang replied.

"Boss, I'm not tired. You can arrange the task for me John is really addicted to money. He can do anything for money.

Huo Dongyang thinks about it and asks John to deal with Qiao Xin.

John didn't want to hear about the task. He hated Qiao Xin very much, let him face her, estimated that he could not eat for a few days.

"Boss, I think I'd better take a rest! I also have a lot of things to deal with when I go back to headquarters. " John immediately declined.

"OK!" Huo Dongyang didn't force John. He was right. Back at headquarters, he does have a lot to deal with.

After John finished his business, he looked at Huo Dongyang and said, "boss, are you selfish when you take your wife back this time?"

Everyone knows that those people in HD headquarters are very difficult to do. If a woman like Qiao Wei goes there, she will surely be bullied. Moreover, Qiao Wei is still carrying a belly now, and her combat effectiveness is definitely not good! Every woman there is a female fighter, not strong! If they don't like it, they will kill you. Joe Wei has gone. I can't stand it!

Huo Dongyang hears John's words, he does not deny, but he always believes that his woman will never lose. That's why he thought about taking Qiao Wei to see where he had fought.

The day before departure, Huo Dongyang went to hd-xy. The business of the company has been handed over to Yun Yiyan, who has seldom come here recently.

Seeing Huo Dongyang coming, Yun Yiyan stops his work. "Why do you come here when you have time."

"Just come here when you have time." Huo Dongyang said with a smile.

Yun Yiyan pushed his wheelchair to Huo Dongyang. "I heard you and Jovi are going to America?"

Huo Dongyang nods. "Yes, tomorrow afternoon."

"It was a little sudden." Yun Yiyan has been used to Huo Dongyang's life. If he didn't, he would not be used to it.

Huo Dongyang shakes his head. "I'm done in city A. It's time to go back."

Yun Yiyan knows that Huo Dongyang is a man who does what he says, so he doesn't have much to say, but his eyes are a little sad.

Huo Dongyang takes out a document from his bag and hands it to Yun Yiyan. "Here you are."

Yun Yiyan reaches out to take it. When he opens it, his face is full of surprise. "This is..."

"Certificate of transfer of the Yunjia mansion." Huo Dongyang replied. "That place is not mine. It's the best arrangement to give it to you."

Yun Yiyan put down the proof after reading it. "I have something to tell you, too."

Huo Dongyang nodded, "say it!"

With hesitation on, Yun Yiyan stopped for a long time and then said, "Huo Dongyang, I want to change my surname to Xia. I'm not a cloud family, and it's time to end this mistake. "

Huo Dongyang is really a bit stunned when he hears the news. He seems to have ignored such a point. Yun Yiyan is a child of the Xia family, so it is right to recognize his ancestors. I just heard this all of a sudden. I didn't have any psychological preparation.

"That's what I want." Yun Yiyan continued.

Huo Dongyang understands the idea of Yun Yiyan. He doesn't want anyone to say that he covets everything in the cloud family."And I will resign as chairman of the board." Yun Yiyan looks at Huo Dongyang and says.

Huo Dongyang sighed, "are you forcing me to stay?"

"Huo Dongyang, you are a real cloud family, and now you are the only one." Yun Yiyan replied. "It's your responsibility too! Whether it's the cloud family or now, you should be responsible for it. "

Huo Dongyang really has a headache. He thought he could leave a city. Now he is so confused by Yun Yiyan, he seems to have no way.

"Can this matter be dealt with after I finish my work in America?" Huo Dongyang adopted a policy of procrastination. He knew that no one would be more suitable to lead him than Yun Yiyan. This is why he pushed Yun Yiyan to this position.

Yun Yiyan looks puzzled. In fact, he gets away as soon as possible. But now it seems that it is not the time. Think of before, Huo Dongyang helped himself so much, it seems that he should also continue to help him.

Huo Dongyang also saw the vacillation of Yun Yiyan, so he seized the opportunity. "You can change the name. Don't make it public for the time being. Now Xia Mingde also retired from the original position, there should be no one to talk about things with the Xia family. Your days will not be affected

Yun Yiyan nods. "Well, I'll wait for you to come back."

"OK!" Huo Dongyang smiles.

Of course, Yun Yiyan doesn't know what Huo Dongyang is thinking. If he did, he would not agree with him so easily.

Huo Dongyang simply explained a few words before leaving. Just as Huo Dongyang was about to leave, Yun Yiyan began to stop him, "Huo Dongyang, if you are free in the evening, have a meal together. It's for you and Qiao Wei to practice. "

Huo Dongyang looks at Yun Yiyan, and he shows a smile. "I think that's what your father and your brother mean."

"You know it all?" Yun Yiyan is a little embarrassed.

Huo Dongyang nods. "Well, send me a message at the exact time and place."

[Chapter 273](#)

That night.

Huo Dongyang really took Qiao Wei to the appointment. Xia Mingde and they chose a high-class restaurant in a city for dinner.

Huo Dongyang helps Qiao Wei get off the bus. "Slow down."

Qiao Wei raised his head and looked at the building in front of him. For the first time, he looked at the door of the restaurant so closely. I have passed here several times, but I have never really stopped here.

"What's the matter?" Huo Dongyang sees Qiao Wei in trance.

Qiao Wei shook her head, she said with a smile: "just did not think that he will have the opportunity to enter here."

Huo Dongyang laughs after listening to Qiao Wei's words. "It's said that this restaurant is very famous in city A. It's specially used to entertain foreign guests. It's an honor for both of us to come here today. "

Qiao Wei looked at Huo Dongyang and nodded. "Well! Thank you very much for your invitation

"Let's go. We're in." Huo Dongyang helped Qiao Wei into the door of the restaurant.

As soon as I entered the hall, I saw Xia yueqian waiting there. When he saw Huo Dongyang and Qiao Wei, he immediately came over.

"Mr. Huo, you are here at last." Xia yueqian seemed to be relieved when he saw Huo Dongyang and Qiao Wei.

Huo Dongyang also noticed Xia yueqian's expression. It seems that he is worried that he and Qiao Wei will not come. To tell you the truth, Huo Dongyang didn't really want to come when he knew that the dinner party had a purpose from the beginning.

However, seeing later that several men in their Xia family made phone calls and sent messages in turn, Huo Dongyang nodded and promised to come. So for Xia yueqian's reaction, Huo Dongyang is not surprised.

Huo Dongyang nods to Xia yueqian. "Lead the way

"OK, this way." Xia yueqian immediately led the way ahead.

Huo Dongyang cooperates with Qiao Wei's pace to follow Xia yueqian. Because the speed is different, Xia yueqian and Huo Dongyang open a distance.

Xia yueqian turned back to find that he and they really opened a whole road distance, he stood in place waiting for Huo Dongyang and Qiao Wei to come over.

The three walked for some time before they reached the door of the room.

"Here it is." Xia yueqian opened his mouth and pushed the door open.

After the door is pushed open, Huo Dongyang and Qiao Wei see that they have sat down at the table, Xia Mingde and Yun Yiyan.

Huo Dongyang helped Qiao Wei to walk in generously. Xia Mingde saw Huo Dongyang and Qiao Wei come in, and immediately stood up.

"Here you are, sit down."

Huo Dongyang helped Qiao Wei to sit down, and then he sat down.

Opposite Xia Mingde immediately to Huo Dongyang and Qiao Wei pour tea, "here tea is good, you try."

Huo Dongyang took away the teacup in front of Qiao Wei, and then said to Xia Mingde, "Qiao Wei can't drink tea now. I'll drink this cup for her."

Xia Mingde has some apologies on his face. "Sorry, I forgot that Wei Wei is pregnant now and can't drink tea!"

Qiao Wei didn't want the atmosphere to cool down, so she said quickly. "It's OK. It's OK. I'll pay attention to it myself."

After Qiao Wei finished, Xia yueqian was also in charge of the hot field.

"Tomorrow, our general manager Huo is going to leave for the United States. I wish you a good journey first." Xia yueqian said first.

Thank you Qiao Wei carries a glass of water, also can be regarded as a return to Xia yueqian. Huo Dongyang did not drink, but sipped his tea.

Then Xia Mingde asked people to bring all the dishes he had ordered. "I'll order these dishes. I hope they will suit your taste."

Huo Dongyang gave Joe a few kinds of food she could eat, put them in her bowl, and told her to eat more. This scene made the three men in the opposite side stunned.

Yun Yiyan's eyes become dim. He never does these things. He never moves his chopsticks, whether to Qiao Wei or other women. Now Huo Dongyang's body, he also got a lot to learn from. Seeing their feelings without words really makes me feel a little jealous.

Xia Mingde is also ashamed. He never gave his wife or Yun Yiyan's mother a dish. I always think it's not like a man to do this. This woman has hands and feet. Why can't she do it herself. Now I see Huo Dongyang do this, and then I reflect that I still have failure in my life!

When Xia yueqian sees such a situation, he will be more envious. When he gets married, he'll be so nice to his wife. Looking at this kind of interaction between insipid and natural, Xia yueqian thinks of a person again. It's just that he hasn't seen this person for many days.

Xia yueqian felt that the food was almost the same. He hit his father with his elbow, indicating that it was time for him to say it. Otherwise, there will be no chance.

"But not everyone is so lucky to find a good woman."

Huo Dongyang ate with his head down. He seemed to have expected Xia Mingde's expression. He knew that he was worried about his son. Of course, he would meddle in his own affairs!

"Mr. Huo, in fact, I asked you out today. In fact, in addition to dinner, I have one more thing to explain." Huo Dongyang put down his chopsticks. He knew that the highlight of the meal was finally coming. Qiao Wei also smelled an unusual smell. The faces of Xia yueqian and Xia Mingde became serious. What are they doing this for?

Huo Dongyang looked at the two opposite people who wanted to talk but stopped. He raised the corner of his mouth and asked some knowingly. "Is there anything you need to discuss with us? You can say it! Or after tonight, there will be nothing to talk about. "

Xia yueqian can't hold back when he hears Huo Dongyang. "Huo Dongyang, I want to associate with Yun Muxin."

Huo Dongyang was calm. He didn't surprise him at all. He knew it earlier, but he was pretending to be deaf and dumb all the time.

Qiao Wei is totally shocked on his face. Xia yueqian really opens his mouth to say this, and he is also excited. Worthy of being a senior student, he is really not sloppy and straightforward.

When Yun Yiyan heard the news, he was completely stunned! Although there were some doubts before, but now I have no preparation to say so.

Xia Mingde also followed. "Mr. Huo, I think yueqian really likes the admiration of your family. I hope you can lead a line from it. Thank you first! After all, you are now Mu Xin's uncle. We can see that Mu Xin listens to you! So I want to trouble you a little bit! "

Huo Dongyang looks at Xiang yunyiyan and directly throws the problem to Yun Yiyan. "Yi Yan, what do you say?"

Suddenly asked, Yun Yiyan has no preparation at all. After a sound, he has no voice.

Huo Dongyang went on to say: "Yi Yan, you are still the second elder brother of admiring heart. Tell me your opinion."

"I..." Yun Yiyan couldn't answer.

Huo Dongyang narrowed his eyes. "You should come out and make up your mind."

However, Yun Yiyan still did not speak. This is also a big emotional issue related to Yun Muxin. He certainly can't make such a hasty decision. But Yun Yiyan didn't think about it. He thought he needed time to ease up.

Seeing that everyone's eyes fell on him, Yun Yiyan said, "my decision is..."

[Chapter 274](#)

Just as everyone was waiting for Yun Yiyan's words, a knock on the door interrupted all this.

The original tense atmosphere suddenly changed. As a result, a waiter came in with a meal.

Yun Yiyan is relieved. In fact, he didn't think about it. Huo Dongyang suddenly kicked the ball to himself, he didn't even have time to think.

Taking advantage of the gap between the waiter and the fruit, Yun Yiyan quickly grasped the time to analyze it. He really did not expect that Xia yueqian would speak his mind in front of everyone. For this, he also admired his courage. Xia yueqian and Yun Muxin, if these two people come together, it seems that there is nothing wrong.

It's just that the relationship is a little complicated, as I thought last time. My former sister wants to be with my brother now. I feel a little confused about this seniority. As he knows, yunmuxin is the girl who doesn't like these complicated things.

Huo Dongyang looked at Yun Yiyan and saw his expression change. He took a sip of his tea cup with a little smile in his eyes. In this case, it really hurt the brain cells.

Yun Yiyan also seems to feel that someone is looking at him. He looks up at Huo Dongyang and sees the smile in his eyes. He knew that Huo Dongyang did it on purpose.

After the waiter went out, Xia yueqian immediately asked, "Yi Yan, what's your decision?"

Yun Yiyan looked back at Xia yueqian, "I still think that let Mu Xin decide by himself. I don't want to arrange anything for her life. "

Xia yueqian listened and frowned. I thought that Yun Yiyan would say what decision to make, but it turned out that such a sentence was not worth answering. So he had to solve it on his own.

In order to cover up his evasion, Yun Yiyan reaches out and grabs a piece of chicken and eats it with his head down. In fact, there are some contradictions in his heart. One is his sister, the other is his brother. Once he decides which one to help, he will apologize to the other. This is really a problem!

Xia Mingde, sitting next to Yun Yiyan, looks at his two sons and becomes silent. Although he promised that Xia yueqian would help him, it seems that it is not the time now. He doesn't want to take care of too much. He just wants to watch the children well.

Qiao Wei looked at a few men and really wanted to laugh. Huo Dongyang leaves the problem to Yun Yiyao. Yun Yiyao also chooses to evade Xia yueqian. However, Xia yueqian has the feeling that he is dumb eating Coptis. However, Xia Mingde is silent and does not want to intervene more. Men sometimes do this, do not know will also want to escape, so there is nothing wrong with these. People are like this.

Suddenly a pair of chopsticks with a spare ribs appeared in his sight, and then placed in his own bowl. Qiao Wei raised his head and looked at Huo Dongyang, still moved in his heart.

"This spareribs are delicious. Have more." Huo Dongyang said.

Joe nodded. "Well!"

See Huo Dongyang and Qiao Wei both like the spareribs, Xia Mingde quickly opened his mouth and asked, "if you like, would you like one more?"

Huo Dongyang shook his head, "no, I'm tired of one more feeling. A moderate amount will do, but too much will lead to a loss. "

Qiao Wei smile, did not seem to think Huo Dongyang would say so, but he still said his heart.

After a meal, Huo Dongyang and Qiao Wei are ready to go back.

Xia yueqian sent them out, but he still asked. "Huo Dongyang, you really don't give me a word about me and Mu Xin?"

Huo Dongyang stops. "It's not that I don't give it, but that I can't be the master of admiration. It's her business, so I want to respect her choice. If you really like her, try to chase her, hoping that when we come back from America, there will be good news. "

At this time, Qiao Wei also opened his mouth to say a word. "Schoolmaster, if you really order the determination, please insist on it. If you don't think about it well, please don't provoke her

"Little, I know that." Xia yueqian nodded.

Huo Dongyang raised the corner of his mouth, as if he also thought of a good idea. Of course, he won't say it now.

On the way back, Huo Dongyang asked John to look for some famous American school materials.

When Qiao Wei heard Huo Dongyang's words, she felt a little strange. "Why look for school information?"

"Useful." Huo Dongyang answered two words.

Qiao Wei looked at Huo Dongyang's mysterious appearance, and felt a little strange in his heart. How can suddenly find some school information, as if there is really someone who needs to read.

Huo Dongyang held Qiao Wei's hand, he didn't want to hide, "to Mu Xin."

Qiao Wei widened his eyes, "do you want to let Mu Xin go to study abroad?"

Huo Dongyang nodded, "she is still young now, should go to charge."

After listening to Huo Dongyang's words, Qiao Wei suddenly felt that he did it on purpose. The purpose is to separate Yun Muxin from Xia yueqian. "Is it really good of you to do so?"

"Why not?" Huo Dongyang replied. "Xia yueqian's education is so high that Mu Xin will certainly have no topic to be with him." Qiao Wei thinks Huo Dongyang is right, but she doesn't think so. As long as there is a common topic, communication is OK. Like at the beginning of their own and Huo Dongyang is also millions of mismatched, now is not good?

"Dongyang, I don't think it's necessary. Admiration has its own life. " "We should not interfere too much," Qiao Wei said

Huo Dongyang nods. "Well, go back and see Mu Xin's own decision."

Back to Jiangwan villa.

Huo Dongyang called Yun Muxin to the study, and they talked for a long time. I don't know what they talked about, but Qiao Wei believes Huo Dongyang will not force Yun Muxin to make any decision.

Originally thought to wait for them to finish chatting, but Qiao Wei really can't support to fall asleep. Huo Dongyang walked into the room and saw Qiao Wei sleeping on the sofa.

He went over and picked up Jovi. Now holding is finally some weight, Huo Dongyang looked down at Qiao Wei, "wife, hard you."

The next morning.

When Qiao Wei was still in his sleep, he heard a lot of noise downstairs. She rubbed her eyes and got up.

She went to the window, drew back the curtains and looked at the door.

See the situation downstairs, Qiao Wei immediately spirit up, how did they come!?

She was anxious to open the room, because the action was so big that the door of the room hit the wall.

This also attracted the attention of Huo Dongyang, who came out of the study, "what's the matter?"

Huo Dongyang came forward and hugged Qiao Wei, "are you ok? How flustered

"Downstairs..."

"Wake you up?" Huo Dongyang immediately knew what happened when he heard Qiao Wei's words.

Qiao Wei looks at Huo Dongyang's, "do you know?"

"Well! They came for a long time Huo Dongyang replied.

"Well..." Qiao Wei hesitated to go down and have a look.

doorway.

Cloud Mu Xin blocks in front. She stares coldly at the two annoying women in front of her.

"I didn't expect you to have the face to come here! And it's still so early! " Cloud Mu Xin spoke coldly.

Yun Muxin took a look at the two of them. As expected, it was quite different from the previous time. The gorgeous brand has been removed and the ordinary clothes are worn. This person really needs clothes to set off. What kind of people will wear what kind of clothes. This is also appropriate!

"Are you dressed like this to go back to the country rhythm?" Cloud Mu Xin sarcastically.

Thinking of what Qiao Xin had done to herself before, Yun Muxin clenched her hand, and even those scars on her arm were in dull pain.

Yun Muxin really felt that his physical strength was going to be released. She reached out and called Qiao Xin a loud slap.

Although Qiao Xin is angry, but did not fight back, just stare at Yun Mu Xin with her eyes.

Cloud murmured. "Qiao Xin, it's just a slap. Are you so angry? It's not worth mentioning more than what you've done to me. You should know that! "

Liu Su stands in front of Qiao Xin immediately. She only came out of that ghost place last night. Her whole physical strength is not very good. If Huo Dongyang and Qiao Wei are going to the United States, they would not have come to disturb her so early.

"Miss Yun, I'm sorry! Xinxin has done those things to you in the past. I'm really sorry! " Said Liu Su.
"Please forgive her once for not remembering the villain."

Yun Muxin clenched his hand. "I am a narrow-minded person, and I will not forgive those who want to kill me."

"Miss Yun, Xinxin has also been punished." Liusu went on. "And what happened last time is what moling meant! Xinxin is also used! "

Cloud Mu Xin sneers. "Oh, do you want to continue to shirk responsibility? But now there is no proof of death. Mo Ling is no longer in the world. Therefore, this person can't do bad things, sooner or later, there will be retribution! "

Liu Su and Qiao Xin hear cloud Mu Xin's words, face a white, it seems that also did not think of moling will be such an end.

Cloud mu heart see two people's expression, "people too greedy will not have a good end, you are also the best negative teaching material."

Liu Su and Qiao Xin didn't say a word. In fact, Yun Muxin was right. They actually get retribution, so they blame themselves for what they are today.

"You are not welcome here! Get out of here and don't make a fool of yourself here Said Yun Muxin in a loud voice.

Liu Su finally pulled down her face to see Qiao Wei. She could not leave without seeing her.

"I'm here today to see Jovi."

Cloud Mu Xin smiles. "How dare you say that?"

"I just have something to say to Jovi face to face." Liu Su opens his mouth.

At this time, the door behind Yun Muxin opened.

Huo Dongyang and Qiao Wei come out.

Qiao Wei took a look at Liu Su, and then said in a light tone: "you can say what you have!"

Liu Su and Qiao Xin are stunned to see Qiao Wei's appearance. Qiao Wei is pregnant!

Qiao Wei also noticed that their eyes fell on their own stomach, and she felt her stomach subconsciously. See, Huo Dongyang block in front of Qiao Wei, eyes also take discontent to look at them.

Aware of her gaffe, Liusu quickly said sorry. She adjusted her mood, "Xinxin and I are here today, mainly to say thank you! Thank you for saving Xinxin. Thank you for helping me pay my debt. "

"I heard that you are going to America soon, so we will come here early in the morning." Liusu went on. "Thank you so much!"

Liu Su finished and immediately reached out to pull Qiao Xin to the front. "Just say a few words."

Qiao Xin looked at Huo Dongyang timidly, then lowered his head and said, "sister, I'm sorry! I've been against you all these years. I know it's wrong! I hope you can forgive me! "

Hearing Qiao Xin finish, Liu Su also said: "Wei Wei, I'm really sorry! I've done so many things to hurt you in the past, and even killed your mother. I'm sorry

When Qiao Wei heard this, his eyes were moist. She did not expect to hear Liu Su and Qiao Xin's apology in her lifetime. There is a feeling that I can't say clearly in my heart. But she could not forgive what they had done to themselves, especially what Liusu had done to her mother.

Qiao Wei came out from behind Huo Dongyang. "I don't think we'll see each other again. You can do it yourself

"Slightly, I'm sorry!"

"Your sorry is not worth anything here." Replied Jovi. "I promised dad to let you go once. You don't know how much he sacrificed for you. But what have you done? I really want to die! This time I chose to help because I wanted to be good for my children. "

Liu Su and Qiao Xin lowered their heads, and there was no sound for a moment.

Qiao Wei looked at them with regret. She finally told them where Qiao Qingdong lived. Knowing that they had no place to go, Qiao Wei wanted them to go to Qiao Qingdong. If they can really let go of the past and live together with Qiao Qingdong would be a good thing. Qiao Qingdong is also old. He really needs someone to take care of him. In Qiao Qingdong's heart, Liu Su and Qiao Xin can't be put down, which can be regarded as the fulfillment of them. I wish they could live with their heart.

Looking at Liu Su and Qiao Xin leaving, Huo Dongyang puts his arm around Qiao Wei's shoulder. "You are still kind after all."

"Kindness has its disadvantages, that is, it is easy to be caught by weakness." Replied Jovi.

Huo Dongyang knows why Qiao Wei does this, but he doesn't want Qiao Wei to face these trivial matters. He hugged Jovi. "Qiao Wei, I'll handle everything in the future."

"Well!" Joe nodded. "I hope the three of them will have a good time in the future."

"I hope they can understand your intentions." Huo Dongyang continued.

After lunch.

Huo Dongyang and Qiao Wei are going to the airport. Before leaving, Huo Jiang and Mary also made many confessions. At most, Huo Dongyang must take good care of Qiao Wei, and there must be no mistakes.

Huo Dongyang promised one by one, and promised that he would return to Qiao perfectly.

This time Huo Dongyang did not take Xiang Qing and go to the south, but let them stay to take care of Huo Jiang and Mary.

"Mu Xin, my grandfather and grandmother will be taken care of by you." Huo Dongyang told us again.

Cloud Mu Xin nods. "Don't worry, uncle! I will take good care of my grandparents

When it's time to leave, Huo Dongyang takes Qiao Wei to the airport and meets Qin Hao and John.

It is expected that they will stay in the United States for a month, but at this time they did not expect to encounter such a thing in the United States.

airport.

Huo Dongyang and Qiao Wei arrive first. After completing the formalities, they sit down and wait for Qin Hao and John to come.

Huo Dongyang reached out to help Qiao Wei pull the scarf well, "is it cold?"

"Not cold." Replied Jovi. "Dongyang, what should I pay attention to when I get there?"

Huo Dongyang shook his head, "No. Just be yourself. "

Qiao Wei actually wants to ask Huo Dongyang whether there are complicated relationships in the United States, such as women. But in the end she put it away. She believes that Huo Dongyang is not such a person.

Huo Dongyang took a look, he also saw her heart. "No women!"

"Well?" When Qiao Wei heard this, he had no response. "What?"

Huo Dongyang reached out and held Qiao Wei's hand, and then patiently said a word. "I mean, I don't have any other women, except you."

Qiao Wei heard Huo Dongyang's words, his face red, and even a little embarrassed. "In fact, I am..." Qiao Wei wanted to say that she was not suspicious of Huo Dongyang, but asked more.

Huo Dongyang saw Qiao Wei's nervous to stuttering expression, as well as that look with some annoyance after being exposed by himself, his mouth was smiling. How long has he never seen such a Jovi?

Just married that meeting, she is such to face oneself. Every day I lived so carefully that I didn't dare to offend myself, and I was nervous when I saw myself. Huo Dongyang remembers that on the night of their wedding, she was sent to the hospital because of her physical discomfort. When she thought of the doctor saying that she would have an operation, her nervous and helpless expression really impressed her.

That time, it was my first time to take care of a woman like this. Huo Dongyang thought of their first kiss and had to admit it. That kiss makes me feel. Now think about it should be from that kiss, his feelings for Qiao Wei began to stray. He had a lot of firsts with Jovi. The first time I helped a woman go shopping, the first time I crowded into a hospital bed with a woman, and the first time I took care of a woman so carefully

Huo Dongyang suddenly smile, did not expect that he actually remember those details so clearly, it is really surprising.

"What are you laughing at?" Qiao Wei looks at Huo Dongyang and asks.

Huo Dongyang raised his head and looked at Qiao Wei's bright eyes. "I don't think about anything. I just miss you."

When Qiao Wei heard such a sentence, his heart also followed with sweetness, with some small pride on his face. "Is it?"

"Well!" Huo Dongyang nods. "At that time, how could I meet you just then?"

Qiao Wei smiles and says the same thing as Huo Dongyang. "Yes! How could I have met you that day

Huo Dongyang holds Qiao Wei's hand. No matter by chance or fate, he will not let go of Qiao Wei's hand.

At this time, the voices of Qin Hao and John came from a distance.

"I said we were going to be late." John said with a look of complaint.

Qin Hao just smiles. Huo Dongyang has become a well-known beloved wife in their circle. So this kind of picture is really not strange. But it's really shameful for the two of them to show their love so ignoring everything!

John walks up to Huo Dongyang and Qiao Wei. "Boss, can I ask for one thing?"

"Tell me about it."

"In the next time, can you not show your love shamelessly in front of Qin Hao and I. This is a kind of harm to us. And don't irritate us, or I'll go on strike when I get back. " John boldly put forward this request with Huo Dongyang.

After listening to John, Huo Dongyang felt his chin with a serious expression. "So..."

"Yes

"I don't think so." Huo Dongyang replied. "And if you're sure you're going to strike, then you won't have your bonus and salary next month."

Huo Dongyang easily pokes into John's weakness. Seeing John's instant down expression, Huo Dongyang smiles triumphantly.

Qin Hao comes and sits down. He can only express sympathy for John. Who let him be a financial fan, just rely on this, Huo Dongyang must kill him every time. I really didn't make any progress. I lowered my head in front of money every time.

John knew that he had lost, so he sat down and reflected deeply. "Ah Why is it like this every time? "

Qin Hao also gave John a look of disdain, "you have lowered your noble head for the sake of money. What do you want so much money for? "

"Save for a wife." John's answer was so reasonable.

Qin Hao chuckled, "is your wife a woman or a man?"

"Of course it's female. I'm normal, OK?" John hit back.

Qin Hao nodded, "well, you are very normal, but do you want to deal with those headquarters' harem like this? Have you ever thought about the feeling of those little fresh meat before

John gave Qin Hao a blank look. "I'm not an old driver. Who did I ask? I care about my subordinates. ""How come it's all about men?"

"Go!" John didn't want to talk to Qin Hao. He really didn't want to talk to Qin Hao.

Meanwhile, Qiao Wei on the side also heard that John had a harem in the headquarters, which was a little fresh meat, but he denied it. From their phone calls, Qiao Wei seems to get a little bit, that is, John seems to have deviated from his orientation.

"John likes men?" Qiao whispered gossip to Huo Dong.

But it was still heard by John. "Madam, I am wronged! These are all planted by Qin Hao. "

Qiao Wei's face was suspicious, but she still nodded.

"I'll know if I go back." Qin Hao mended another knife.

Huo Dongyang looked at the time, and the boarding time was coming. "It's almost time."

After a while, the radio began to broadcast the boarding information.

Huo Dongyang helped Qiao Wei stand up, "let's go!"

Qiao Wei nods, in the heart also has some excitement. The first time I went out with Huo Dongyang, I felt really different.

Qin Hao and John follow them and four people board the plane together.

Huo Dongyang carefully took care of Qiao Wei and sat down in the position, "if there is any discomfort, you must speak. Never bear it

Hearing Huo Dongyang's reminder, Qiao Wei remembers the last time he took a plane, that was when he came back to divorce Yun Yihan. I can say that time was really embarrassing.

"It was bad last time." Said Joe in a low voice.

Huo Dongyang nodded, "yes, it's really bad."

By Huo Dongyang said so, Qiao Wei felt that Huo Dongyang could not be looked down upon this time. "Not this time, because you are here!"

For Qiao Wei's reply, Huo Dongyang was very satisfied. He quickly kissed Qiao Wei's lips, "reward!"

[Chapter 277](#)

The long flight time is finally over.

Long distance flight also makes people feel tired, Qiao Wei is a best example. When Huo Dongyang shakes her to wake up, she is really tired to no avail, and her eyelids are barely opened.

"Here it is?" Asked jo in a low voice.

Huo Dongyang saw Qiao Wei confused, he nodded with a smile. "Yes, we are going to get off the plane. I'll go to the car and sleep again. "

Jovi tried to open his eyes and said, "Well!"

Qin Hao and John have already got off the plane, Huo Dongyang almost half hugs Qiao Wei to go out. Those stewardesses also smile when they see them.

Jason had a car waiting at the gate of the airport early in the morning.

Qin Hao and John walked out of the airport and saw the car parked on the side of the road.

Jason in the car seems to have seen both of them come out. He pushes the door open. Qin Hao and John, who haven't seen each other for a long time, smile.

"Welcome back!"

With that, he stepped forward and hugged Qin Hao and John. John said to Jason. "Did you miss us?"

"I miss boss more!"

Hearing this, John immediately let Jason go, "no conscience!" At this time, Huo Dongyang helped Qiao Wei out.

Jason immediately moves to Huo Dongyang and Qiao Wei. "Boss, madam!"

Qiao Wei had seen Jason once in the video before, but it was Qiao Wei who nodded to Jason face to face. "Hello! I'm Jovi

"Hello, madam. I'm Jason. Please give me some advice. " Jason said these sentences in Chinese, which shows his respect for Qiao Wei. "I also want to ask you to give me more advice." Said Joe, smiling.

Then Jason immediately changed his attitude towards Huo Dongyang and said in English: "boss, everything is ready. Please get on the bus."

"OK!"

Jason arranged for two cars, but he saw Qin Hao and John quickly walking to the next car. The relationship seems to be much more harmonious, not as bad as before. It seems that this trip to city a has achieved something.

At the beginning, he specially prepared two cars for them, otherwise he would have prepared a bigger one. After getting in the car, John poked his head out of the window. "Jason, you're very sweet this time. Qin Hao and I will go first. You and boss's car will go. "

As soon as he finished, John asked the driver to drive first. When he passed Jason, he and Qin Hao showed sympathy and self-help to Jason. Because along the way, the two of them have been fed dog food by Huo Dongyang and Qiao Wei. It's time to change people's food. Otherwise, it's really fair.

"Jason, see you tomorrow!" John's last words came with the wind.

Jason looked at the far away car, but he didn't know what John and Qin Hao meant. He calmed down and turned to Huo Dongyang and Qiao Wei and said, "please get in the car!"

Huo Dongyang helped Qiao Wei to get on the bus. His eyes were really gentle. Jason felt a little strange when he saw this.

After seeing them all get on the bus, Jason finally opens the co pilot's door. But soon, Jason deeply realized 10000 points of hurt, and now he can understand what Qin Hao and John's expressions of sympathy and self-help mean!

It seems that they have been devastated all the way, and Jason really wants to die. I knew I should have followed them. Jason saw Huo Dongyang's shameless love for Qiao Wei, which was heartburn.

The first time to see such a gentle Huo Dongyang, personally to Qiao Wei water feeding, but also to help Qiao Wei tidying clothes. Then he held Qiao Wei for fear that she would get a little cold. When necessary, or to help Qiao Wei rub hands, but also quietly asked whether cold, finally let Qiao Wei lean on his shoulder to sleep.

Even with his eyes closed, Jason could feel their attack. He tightened his suit coat and suddenly felt a cold wind blowing in.

Because of the first time such a long flight, Jovi soon fell asleep. Huo Dongyang reached out to help Qiao Wei open the scarf a little, so as not to sleep uncomfortable.

After all this, Huo Dongyang said, "Jason!"

"Yes Jason opens his eyes immediately. "Boss, what can I do for you?"

"Turn up the temperature of the air conditioner."

Jason immediately reached out to turn up the temperature of the air conditioner in the car.

"What's going on with some people in the company lately?" Huo Dongyang asked.

Hearing Huo Dongyang's words, Jason's expression also became serious. "They haven't moved yet. But this time the board of directors is not going to be very smooth. "

"Did Mike get it?" Jason shook his head. "No! He's been quiet there. It's really strange that it's quiet! "

Huo Dongyang frowned, "we must keep an eye on them. I think they are brewing. They can't be silent all the time

Mike and Mo Ling grew up together. They are cousins of similar age. He and Huo Dongyang are also classmates. They have a good relationship with each other. When he started his business, Mike also invested his own money. He was one of HD's shareholders, but he didn't work for the company. He has his own family business, and he only appears at the annual general meeting of shareholders every year. But later, Mike and Mo Ling have different opinions about Huo Dongyang. Mike is his assistant.

Mike opposes Mo Ling's infatuation with Huo Dongyang, which makes the relationship between brother and sister red. Then Mike's attitude became colder. Now Mo Ling out of such a thing, it is difficult to protect their hearts will not have a knot in one's heart, how to say there is a blood relationship.

Jason understands what Huo Dongyang means. Mike really has to defend himself. In recent years, his treatment of his competitors is really not cruel in general.

Jason's eyes then fell on Qiao Wei. "Boss, I think it's a little risky for you to bring your wife here."

"I know! But I can't work without seeing her. " Huo Dongyang replied.

That time and Qiao Wei quarrel, Huo Dongyang's heart has been unable to really settle down. That kind of feeling, really too uncomfortable! He didn't want to endure the pain of separation, so he brought Jovi, who wanted to be with her even though there was danger.

The car stopped at the door of a mansion. This is Huo Dongyang's home in America.

"Boss, here we are." Jason reminds me.

Huo Dongyang opened his eyes and took a look outside. He didn't come back for a long time.

Jason helps Huo Dongyang open the door, Huo Dongyang holds Qiao Wei out.

"You go back and have a rest. I'll be there on time tomorrow."

[Chapter 278](#)

A commercial building downtown.

Mike stands at the window with a glass of red wine, squinting at the sunset outside.

Suddenly, he tightened his grip on the glass. "William, you're back at last. It's time for us to meet."

At this time, a middle-aged man walks into Mike's office.

"Mike。 "

Mike turns his head and looks at the middle-aged man. His eyes are flat. He puts down his glass. "Here comes my uncle."

The man who came in was mo Ling's father, Mo fan, but Mike didn't want to see this ambitious uncle. At the beginning, if he was not fond of gambling and the company did not close down, moling would not have embarked on such a life.

"I heard that Huo Dongyang is back." Mo Fan said angrily. "Mike, why do you want to get justice for your sister? Huo Dongyang seems to want to take moling's ashes back this time."

There was a little expression on Mike's face, his eyes were flat, and his words were cold. "Is it? People are dead, what do you want ashes to do! William doesn't like moling at all. I don't think he wants it! "

After the accident, Mike goes to check and finds that Mo Ling and Yun Yiming are married. The cloud family is also a powerful family in a city, but after YUNZHUO died, the cloud family also lost.

It's just that Mike thinks it's not as simple as the survey results say. There must be some things that outsiders don't know about, or it has something to do with Mo Ling's death.

Mo fan didn't care much about his daughter's death. He just wanted to blackmail Huo Dongyang. Since he is going to take the ashes of moling, he must give it to him at such a low price.

Mike glances at Mo fan coldly. Seeing his greedy face, Mike feels sick. Besides money, there is nothing else in the eyes and heart!

"Uncle, I have something else to do. Go back first."

"Well, I'll go back first. But you must not forget about your sister

Mike nodded. "OK!"

After Mo fan leaves, Mike sits down and turns on the monitor. He looked at the screen and played Qiao Wei's picture.

"William, I didn't expect you would choose such a woman to marry." Mike was really surprised.

It seems that he can find time to meet the president's wife of HD for a while. He really wants to see how much magic this Qiao Wei has for Huo Dongyang.

The next day.

Huo Dongyang dressed neatly, ready to leave the company.

Qiao Wei will not wake up because of jet lag. Huo Dongyang went to the bedside and called Qiao Wei, "I want to go to the company. You can get up and have breakfast if you sleep again."

Jovi opened his eyes. "Well! Be careful on your way. "

Huo Dongyang imprinted a kiss on Qiao Wei's forehead, "call me if you have something."

With that, Huo Dongyang reached out to help Qiao Wei pull the quilt. "I'm gone."

Huo Dongyang walked out of the house and saw Jason's car.

"Why did you come?" Huo Dongyang asked, he had thought of driving to work.

Jason said with a smile, "I forgot to tell you yesterday that your car was sent for maintenance. So I can only come to your local driver today. "

Huo Dongyang was not polite of course. He opened the door and got on the bus directly.

Jason also handed a document to Huo Dongyang. "This is the focus of today's meeting."

Huo Dongyang takes it and looks down.

"Boss, I also got a message from Mike this morning that he would be ready to attend the shareholders' meeting in two days." Jason went on.

Huo Dongyang immediately raised his head when he heard this. "He said it himself?"

"Well, I called myself this time."

Huo Dongyang frowned and seemed to think that Mike was a little strange. It's just that now he doesn't know what he wants to do, so he has to do something about it.

Jason also saw Huo Dongyang's embarrassment. "Boss, are you worried?"

"Drive seriously."

After arriving at the company, Huo Dongyang immediately put into work.

The meeting also started on time. Qin Hao and John reported the work of a city to others successively.

Huo Dongyang listened to their report, and his thoughts were also somewhat detached. He's thinking about Mike. This time, he must come to the meeting in person. Maybe he can seize this opportunity to have a good talk with him. However, Huo Dongyang is still worried that he has other purposes.

Jason saw that Huo Dongyang was not attentive. He handed the document to Huo Dongyang with a low voice: "boss, this document needs to be signed."

Huo Dongyang looks back, but sees Jason hand over a piece of paper, on which are written a few crooked Chinese characters: "the meeting should be serious."

He smiles, but it's really difficult for Jason. For example, when he was asked to learn Chinese, he was also unwilling to write Chinese characters. Huo Dongyang understood that he was reminding himself not to leave the meeting alone, and then Huo Dongyang also listened to other people's work reports. They spent most of the morning in the conference room. At the meal point, before the meeting was over, Huo Dongyang asked them to eat first and then continue in the afternoon.

John was so tired that he lay on the table, "what's for lunch?" He is also a little particular about eating.

"Hamburger?" Jason asked.

John shakes his head. "I Miss Chinese food. Even if it's a lunch box, it's better than the same hamburger here!"

"In the mouth." Jason has an opinion when he hears this.

At this point, Jason's secretary walks into the conference room.

"Jason, there's a miss Joe outside who says to see boss."

Jason listened and looked at Huo Dongyang. His wife is coming! "Where is she now?"

"Hall on the first floor."

Huo Dongyang listens to this sentence also stops, in the hand movement, is Qiao Wei come?

"I'll go out and have a look." Huo Dongyang opens his mouth.

When Dong Yang finished, the other people had not responded.

Hall on the first floor.

Qiao Wei carried several bags of lunch boxes. She had nothing to do after she woke up, so she made lunch at home. After learning for so long with Mary, she finally got the chance to practice. She just let Huo Dongyang examine her own achievements. It is estimated that Huo Dongyang and they should also be taking lunch break, so she came to deliver the meal.

Huo Dongyang came out of the elevator and saw Qiao Wei standing at the front desk, as well as the things in her hand.

Quickly walked to Qiao Wei, Huo Dongyang immediately said, "how come?"

"I'll bring you food!" Said Joe, smiling.

Huo Dongyang reached for the bag in Qiao Wei's hand, and then took Qiao Wei's hand. "I'll take you up."

"No, I'll wait for you at home." Qiao Wei doesn't want to disturb Huo Dongyang's work.

"Be obedient!" Huo Dongyang took Qiao Wei's hand and walked forward.

People who see this scene are speculating about the relationship between the ordinary woman and the boss.

[Chapter 279](#)

Just before Huo Dongyang took Qiao Wei back to his office, several other people had received the news.

Several people were waiting at the door of Huo Dongyang, but he really saw Huo Dongyang Qiaowei hand in hand.

"Boss, are you really good at that?" John will speak at once.

Huo Dongyang ignored several people and took Qiao Wei into his office.

John's nose is very smart. He soon smells a smell of rice. He followed Fanxiang into Huo Dongyang's office.

Seeing John follow in, Huo Dongyang stares at John discontentedly.

"Why did you come in?"

"I smell rice." John said it honestly.

Qiao Wei smiles and has to admire John's nose. "It's for you."

John's eyes lit up when he heard that there was food to eat. "Madame, is that true?"

Joe nodded and took a lunch box out of the bag for John. "If you don't eat, here you are."

"Of course not!" John's expression is very exaggerated.

Jovi handed John the lunch box. "Take it and eat it! I made a few copies, and you asked manager Qin to come in with Jason. "

"OK." John acts immediately. He also ignores Huo Dongyang's cold eyes.

Huo Dongyang was a little upset, "Qiao Wei, don't do this next time."

"Nothing. I just wanted to bribe them. Then they will work harder and you won't have to be so tired. " Said Joe, smiling.

See Qiao Wei that naughty appearance, Huo Dongyang's displeasure also vanishes. He helped Qiao Wei to sit down. "I'll make an appointment with you. Next time, I won't let myself be so tired! I'll be heartbroken. "

Qiao Wei knows that Huo Dongyang is worried about herself, but she still wants to do something within her power. "You'll pay attention!"

John really brought Jason and Qin Hao in. Obviously, they also saw that Huo Dongyang's face was not good, but when he did not speak, they sat down to eat. It's also a good choice not to eat hamburgers at noon.

"You'd better eat as soon as you can, because you're also wasting some time on the way." Joe spoke. "It's cold now."

"Don't worry about that, ma'am," he said! There's a microwave over there in the office area. Next time we heat it up, we can eat it. "

When Huo Dongyang heard John's words, he stopped his action. "Only once!"

"Boss, don't do that." John really likes Chinese food when he goes to a city this time.

In the face of Huo Dongyang's cold eye, John closed his mouth, so as not to eat anything.

Jason and Qin Hao exchange a look and seem to admire John's cheekiness. They dare not talk to Huo Dongyang like that.

Qiao Wei noticed a few expressions, and he had some in mind. It seems that Huo Dongyang still has weight in their eyes. However, she is also happy that Huo Dongyang has several of them around.

After dinner, several people also put into the work.

"Dongyang, you have a meeting, so I'll go back first."

"You wait for me here. I'll go back together when I'm done. " Huo Dongyang replied that he didn't trust Qiao Wei to go back alone. Although the place he lived in was not far from the company, Huo Dongyang was still worried. This is not the same as in China. The danger is everywhere.

Qiao Wei nods to promise to stay, lest let Huo Dongyang be distracted. "Then I'll wait for you here."

Huo Dongyang went to the meeting, and the whole office was quiet for a moment. Qiao Wei turns a circle, Huo Dongyang's office is really big, really can say anything.

Qiao Wei finally found a magazine and sat down to pass the time. As a result, these English financial magazines can not read at all. Qiao Wei took out his mobile phone to see the star gossip.

Then someone knocked at the door and came in.

"Madame

Qiao Wei heard someone call himself in Chinese, and immediately raised his head.

"Are you?"

"I'm an assistant to the vice president. My wife can also be called Michelle."

Joe nodded. "Did you grow up here, too?"

Michelle nods. "No, I'm an international student. Last year, I joined HD. "

Joe nodded, "Hello! Are you looking for something? "

"Yes. John, let me ask the lady what she likes to eat. Let me prepare your afternoon tea

Joe gave a slight smile. "I'm not hungry. I don't need it. Get your things done first! Don't greet me. "

Michelle was embarrassed when she heard Qiao Wei's words. "I can't explain it."

"I'll talk to John myself. You go first."

"Well, you can call me if you have anything. I work outside. "

Joe nodded. "No problem."After Michelle walked out of Huo Dongyang's office, she looked around and made a phone call to a place where there was no one.

"Today, the president's wife came to the company, and I have just contacted her." Michelle said in a low voice.

"She looks very approachable."

"Well, I'll keep watching."

With that, Michelle hung up, straightened her hair and went back to her place. But she forgot that what she had just done had been monitored and photographed.

Two hours later.

The meeting was finally over and Huo Dongyang left the room quickly.

Seeing Huo Dongyang's appearance, others are tacit. When a lovely wife comes, someone will miss her.

After returning to the office, Huo Dongyang finds Qiao Wei and is in the office. Only her bags and those washed lunch boxes were there, but the people were gone. He was nervous, he immediately took out his mobile phone to call Qiao Wei.

"Hello

"Where are you?" Huo Dongyang immediately asked.

"Restroom." Replied Jovi. "I'll be back soon."

After putting down the mobile phone, Huo Dongyang opens the door to the bathroom and waits for Qiao Wei.

Seeing Huo Dongyang walk out of the office again, Michelle sits secretly recording. See Huo Dongyang pull Qiao Wei's hand back, she also recorded.

Half an hour later.

After Huo Dongyang finished his work today, he took Qiao Wei back.

After a noon, the entire HD has known Qiao Wei's identity. But it's not like being surrounded by a group of people at home. There is a positive encounter is a nod on the past.

It seems that there is nothing new about gossip. This also makes Qiao Wei relaxed a lot, because she does not have to face so many people.

Huo Dongyang took Qiao Wei to the parking lot, "what do you want to eat at night?"

"All right." Replied Jovi.

In the evening, Huo Dongyang took Qiao Wei to a famous local restaurant for dinner.

"There are so many people here." Qiao Wei saw a lot of cars parked at the door, and they were famous cars and luxury cars.

Huo Dongyang nodded. He took Qiao Wei's hand and said while walking. "This restaurant is very famous in this area. The main reason is that the Chinese food in this restaurant is good. "

Qiao Wei knew that Huo Dongyang was worried that he could not get used to the food here, so he brought himself to this restaurant for dinner.

"We can do it at home." Replied Jovi.

"I don't want you to be so tired." Huo Dongyang replied.

Just after finishing, they heard someone calling Huo Dongyang, "William!"

[Chapter 280](#)

After Huo Dongyang heard the voice, he already knew who it was.

Qiao Wei also stopped with Huo Dongyang. She looked back and saw a man in a black suit. The man was wearing a pair of black frame eyes. He looked very young and fashionable, but the whole person exuded a sense of calm.

Looking at him, Qiao Wei found that this man was as tall as Huo Dongyang, and his eyes were very different. Qiao Wei is also hard to describe what kind of feeling it is. It seems that he and Huo Dongyang are good friends. However, the kindness in his eyes is not up to the bottom of his eyes, and there is a little dislike in his eyes. In short, he feels strange.

Huo Dongyang looked at the man standing in front of him, "Mike, long time no see."

"Well!" Mike nods. "Yes, it has been a long time."

Mike's eyes fell on Qiao Wei, "is this the legendary wife of the president?"

Huo Dongyang nods. "This is my wife, Jovi."

"Qiao Wei, this is Mike, one of HD's shareholders." Huo Dongyang then introduced.

Joe nodded to Mike, "Hello!"

"Hello, madam." Mike smiles, his eyes are like X-ray, and then scans Qiao Wei.

When Qiao Wei saw Mike's eyes, he became nervous. This man has a dangerous smell. Subconsciously, she approached Huo Dongyang and held out her arm. Huo Dongyang feels the change of Qiao Wei and reaches out his hand to cover Qiao Wei.

This action makes Mike squint his eyes in an instant. His eyes are fixed on the hands of Huo Dongyang and Qiao Wei. Then his eyes were fixed on Joe's tummy. How could he look at him! She was pregnant, and she was Huo Dongyang's child!

"William, you don't seem to have finished your introduction?" Mike said with a smile.

Now that he did, Mike would not miss the opportunity. It is the so-called "know yourself and know your enemy" that you can win all battles.

Huo Dongyang looked at Mike with warning in his eyes, but Mike said with a smile. "What can't be said? As the president's wife of HD, can't even accept such a fact? "

Qiao Wei also found some information from their conversation. The two of them seem to have some tit for tat over something.

"Watch out, Mike." Huo Dongyang has already started warning.

Mike smiles. "William, you're afraid of people, you know? I don't believe Madame is so timid, is she? "

Qiao Wei sees his hate for himself from Mike, but he doesn't know where he offended him!

"Ma'am, William missed an important point just now, which is that I have another identity." Mike's eyes were smug, too. "I'm moling's cousin."

Qiao Wei heard the news, slightly stunned, but she did not show fear, but looked at Mike calmly. Qiao Wei asked herself that she had not done anything to moling. Her death had nothing to do with her. Of course, she had to face Mike calmly.

Mike saw Qiao Wei's calm face. To be honest, he was surprised. How could she be so comfortable with herself?! Didn't she feel guilty about the death of Mo Ling? Had it not been for her taking William, everything would have been different now!

The more he thought about it, the more angry he became. He seemed to have a fire burning in his heart. Since she had no remorse, he would not be polite.

Huo Dongyang then spoke. "Mike, is that interesting?"

"I'm just talking about a fact." Mike looks at Huo Dongyang and answers. His eyes are discontented and aggrieved. "Although moling is dead, the relationship between us can not be changed."

Huo Dongyang sighed, "if only you really think so. Moling has nothing to do with everyone. This is also her own fault, can not blame others

After hearing what Huo Dongyang said, Mike began to be a little skeptical. He knew that Huo Dongyang never cheated people. There should be a reason for this, or was Huo Dongyang deliberately making up stories for this woman?

Mike's heart began to waver. He had known Huo Dongyang for many years, and he knew himself well. However, he was worried that Huo Dongyang was going to Qiaowei for maintenance. He could see that Huo Dongyang loved Qiao Wei very much.

"William, can I still trust you?" Mike asked directly.

Huo Dongyang looks at Mike. "It's up to you to believe it or not."

Huo Dongyang didn't want to talk to Mike, so he took Qiao Wei to leave directly. The meal in the evening had no appetite. Huo Dongyang hopes that Mike can listen to his words and not get into the top of his head. Otherwise, it will be more difficult.

Qiao Wei has been talking and following Huo Dongyang's steps until she got on the car, she said: "Dongyang, that Mike?"

"He and I and Jason and John are classmates in the same class." Huo Dongyang explained to Qiao Wei. "When HD was founded, he invested a lot of money and became a shareholder of HD. He is also the successor of Dr group. "Qiao Wei blinked and was surprised to ask, "which world chain clothing brand Dr?"

Huo Dongyang nodded, "yes!"

"My God! Is he Dai Yang Exclaimed Joe, who had never thought of it. She actually saw the legendary Dai Yang today.

Huo Dongyang is not happy with Qiao Wei's reaction. "Do you know him?"

"I don't know, but Dr is a clothing brand that we like crazy when we read. At that time, Dr brand entered the domestic market, and college students liked their design. I didn't expect to see their successors today. "

Huo Dongyang really didn't know how to describe his mood at this time, "but Mike is not as good as the legend says. He has a powerful method. Dr has something to do with his way of doing things. Even Jason didn't dare to mess with him. When you see him later, you'd better not face to face. "

Qiao Wei hears some information from Huo Dongyang's words. This Mike may be unfavorable to himself because of the affair of Mo Ling?

"Dongyang, are he and Mo Ling really cousins?" Qiao Wei has doubts. I don't think they come from the same family.

"Yes! But they are not close to each other. " Huo Dongyang nods. "Mo Ling's father used to look down on Mike's parents. They were poor when they were just married. DR is their husband and wife started from scratch, while Mike and moling read together since childhood, and their relationship is a little better. But then the relationship broke down

"Ten years of Hedong and ten years of Hexi, now Mojia has gone bankrupt, but Dr is booming."

Qiao Wei also understood that there was such a relationship between them.
