

Warm Wife 28

[Chapter 28](#)

Because it was a temporary brake, Qiao Wei rushed forward.

If she was wearing a seat belt, she would have hit the windshield.

Cloud Yiyan eyes with anger, as if not careful is the kind of outbreak.

Qiao Wei was shocked and heard the voice of Yun Yiyan: "Qiao Wei, are you special? Now it's hard wings?"

Hear cloud Yi Yan's scolding voice, Qiao micro frowns. "Er Shao, what did I do wrong?"

"Hum! What did you do wrong? " Yun Yiyan sneered. "Qiao Wei, you don't think that we are divorced, you can do wrong."

Qiao Wei clenched her hand and asked herself. She didn't seem to have done anything to embarrass Yun Yiyan. What's wrong with him?

Of course, Yun Yiyan certainly won't tell himself. Qiao Wei took a look at Yun Yiyan and said, "be careful when you go back."

Finish saying, push open the door to leave immediately.

Cloud Yiyan looked at Qiao Wei very straight back, this woman sometimes really stubborn to the extreme. Is it so hard to admit a mistake?

Yun Yiyan has a fire in his heart, but he can't spread it now. He drives directly.

Qiao Wei stood on the side of the road, looking at the far away car, frown slightly for a while. She said she really couldn't understand Yun Yiyan.

It's hard to get home.

Qiao Wei put on his high-heeled shoes, and the whole person fell on the ground like a frustrated ball. Every time I go back to the cloud home, the whole person will be nervous, and everyone has a different mind.

A little carelessness, you will fall into one of the traps. But today's cloud family is so quiet that everyone seems to hide their mind.

What's more surprising is that Fu Qing cancelled his birthday party. This is also the first time for her in recent years. Is something really happening.

There are also some nonsense that YUNZHUO said in the study, which seems to have hidden secrets.

Qiao Wei propped up her head with her hands. She could not understand or see clearly.

After a break, Qiao Wei took out his mobile phone.

One day, Huo Dongyang did not call, do not know how he is now? Aware of her own ideas, Qiao Wei's face is embarrassed, she will also have such a situation.

Thinking of this, she turned on her cell phone and made a phone call. This time Qiao Wei felt that it was the instinct of the body that defeated the reason.

The phone was on, but no one answered. It seems to be busy, eyes can not help but also dark for a time.

Just as he was about to hang up, the phone was picked up.

"hello!" A sweet girl voice.

Qiao Wei originally bright eyes, because of this once and become ethereal uncertain. Huo Dongyang's mobile phone was actually picked up by a woman? Does he have other women abroad?

Qiao Wei clenched the mobile phone and kept pouring out different ideas in his mind. Yes, she didn't forget one thing. Huo Dongyang is already thirty-four years old. How can he be so excellent without other women?

Don't know why, Qiao Wei's heart is indistinct. Although I want to believe Huo Dongyang very much, but I still have a lot of thoughts in my heart.

"hello?"

Jovi blinked nervously. Yes, she didn't know how to answer.

But the other party didn't seem to wait for an answer and hung up the phone directly.

Qiao Wei put down his mobile phone with a face down. Just now his ears heard the recording of mechanical system.

She looked up and felt her tears coming out. Vulnerability is reflected in her again.

After just a few days together, she felt that she was so dependent on Huo Dongyang.

After all, the tears did not hold back and ran down.

A high-class villa area in South Korea.

Mo Ling put down Huo Dongyang's mobile phone, in the heart felt strange who called. I didn't say a word.

She quietly looked at the signature of Huo Dongyang's mobile phone, only a word of Qiao, which could tell whether it was a man or a woman.

Huo Dongyang took a bath and came out to see Mo Ling standing in front of his desk. His blue and gray eyes were awe inspiring.

"Moling, where are you standing and what are you doing?" Huo Dongyang's tone is very cold.

"Schoolmaster, I..." Mo Ling seems to be also shocked by Huo Dongyang's aura.

Huo Dongyang saw Mo Ling move away, is his own mobile phone!

Huo Dongyang stepped forward a few steps, then reached out to pick up his mobile phone and opened it. Sure enough

"You answer my call?" Huo Dongyang's voice is very cold.

Mo Ling still hesitated. "Schoolmaster, I'm sorry!"

Huo Dongyang looked at the door, "don't enter my room, go out!"

Moling's beautiful eyes were filled with grievances. She bit her lip, turned and went out.

Her family has gone bankrupt and she can only rely on her own efforts now. Finally through acquaintances, find Huo Dongyang. How can't offend him now, otherwise own really end up.

With her own family and Huo family still have some friendship, she is very brave, so she goes directly to Huo Dongyang's grandfather to wait. Because she knew that Huo Dongyang would come back at this time of year, because a few days later would be the death day of his mother. So this is also the opportunity to strive for their own performance, of course, if you can marry Huo Dongyang best. If not, she can also find a high paying job in HD group, after all, she is also Huo Dongyang's younger sister.

Huo Dongyang saw Mo Ling go out, he went to close the door of the room.

If my grandfather had not said that she would have stayed, he would not have had any contact with her. This woman is very scheming. And I don't like her!

Just now Qiao Wei's phone was answered by her. I don't know what they said. The girl didn't know if she would think.

Think of Qiao Wei will have the expression, Huo Dongyang very naturally hook up his mouth.

A dark shadow flashed into the room through the window.

"I didn't expect you to look like that." A voice sounded cold and empty.

Huo Dongyang immediately put away his smile and put on a serious expression.

"Why didn't you stop moling just now?"

"Boss, that woman pretends to be the future young lady. And the president is very nice to her. "

Huo Dongyang narrowed his eyes and didn't believe him at all.

"Xiang Qing, you should know my bottom line?" Huo Dongyang is angry.

Xiang Qing, a straight back, expression is also serious, "sorry!"

"Pay attention to me next time."

"Yes

Xiang Qing didn't Huo Dongyang would let himself go. If it was changed into before, it would be a punishment.

Huo Dongyang sat down and said, "show me Mo Ling."

"Yes

Huo Dongyang waved to let Xiang Qing go out and looked at his mobile phone.

Pick up the mobile phone to Qiao Wei to call in the past, not expected.

Later, Huo Dongyang called South to protect Qiao Wei. Hearing the reply to the south, Huo Dongyang couldn't help frowning.

It seems that she was bullied in the cloud family again. However, Huo Dongyang was surprised that Fu Qing cancelled his birthday party. It's unbelievable.

Yunzhou and Fuqing were originally at loggerheads. They pretended to be in love, but in fact they had already broken their faces in private. Fu Qing is the real lady of the cloud family, and only this birthday party can let her show off every year.

It's really strange to cancel the birthday party this year!
