

## Warm Wife 281

### [Chapter 281](#)

Back home.

Huo Dongyang took Qiao Wei to get familiar with the situation at home, and told Qiao Wei some places to pay attention to.

Qiao Wei heart remember, but also limited memory, or some said to forget.

Huo Dongyang is also aware of Qiao Wei's current situation, so he asks a nanny for Qiao Wei. Just when Qiao Wei saw the nanny, he really refreshed his cognition of nanny. At present, the woman with fashionable clothes and makeup, blonde hair and blue eyes, could be a nanny.

"This is..." Qiao Wei did not dare to say the word nanny.

"This is Nicole," Huo said

Qiao Wei nodded to Nicole. It seemed that some people didn't believe that such a young and fashionable woman could be a nanny.

"She was introduced by Jason." Huo Dongyang whispered in Qiao Wei's ear, which is equivalent to telling Qiao Wei that this is his own person.

Nicole smiles at Qiao Wei and Huo Dongyang. "Hello, madam! If you need me to do anything in the future, just call me! "

Nicole's Chinese is not very standard, but her smile is very kind!

Huo Dongyang told Nicole a few words and went to work in the company.

When Qiao Wei saw Nicole again, she had changed her clothes and started cleaning the house. Joe seemed to notice that she was looking up

"I think you are very young. How can you come to do these jobs?" In China, almost all the nannies are middle-aged women, and her age is really very few, even not seen.

Nicole smiles. "Ma'am, life is not a simple thing."

Hearing this, Qiao Wei did not continue to ask. Life is really not an easy thing, there is no need to use their own standards to measure everyone.

At noon, Qiao Wei unexpectedly meets Michelle. She came to Qiao Wei with some lunch boxes.

"Madam, the vice president told me to bring it. He said thank you for bringing him dinner yesterday

Qiao Wei took a look at all the food, then said thank you, and let Michelle come in and have a seat.

But Michelle declined, saying that the company had something to go back to deal with before leaving.

Joey walks into the living room with Michelle's bag. But she didn't have much interest in the meat.

Nicole was going to clean up and smell a smell. She walked in and saw something on the table. Qiao Wei had already had dinner before, so she was not hungry, so she gave it to Nicole.

After Nicole opened the lunch boxes, although the chicken was delicious, she still smelled another smell. Later, while Jovi went to bed, she threw away all the food Michelle had brought. And then she told Jason about it.

Jason quickly reported the situation to Huo Dongyang.

"Boss, I think they've moved." Jason looks at Huo Dongyang and says.

sat on the side of John's face. I didn't expect his assistant to be an eyelid. If Jason didn't follow his own example, he would have to see what their plans were. Otherwise, I would certainly not have left such a dangerous person around.

Huo Dongyang, who had been silent, said, "you must pay more attention to Nicole there."

"Don't worry! Nicole will finish the job. It should be OK to protect the lady. " Jason said with a smile.

Nicole, formerly known as Nicole Chen, is a professional bodyguard of mixed Chinese and American blood. This is also Huo Dongyang's special arrangement for Jason. Since he met Mike, he has really had to guard against it. Don't want to let Qiao Wei have a burden, so Huo Dongyang called Nicole a nanny.

"Boss, and tomorrow's shareholders' meeting."

Huo Dongyang nodded his head. "I know." Now it's all you have to do. Mike is not easy to deal with, and Huo Dongyang doesn't want to compete with him. But there is a moling in the middle.

John was also angry, "Damn it! There are so many things to do when this Mo Ling is dead! Boss, you shouldn't have agreed to Yun Yiming's request to take any ashes back. Yun Yiming is also a fool! "

Jason tugged at John's clothes and motioned him not to say more. John pulled at the corners of his mouth, and he was really a little subdued.

In the evening.

Huo Dongyang returned home, Qiao Wei happened to be cooking in the kitchen. Nicole also sent the matter back to Huo Dongyang.

"Nicole, it's hard for you."

Nicole speaks fluent Chinese to Huo Dongyang. "Boss, you're welcome! It's my job to protect my wife. "

"Michelle is expected to come again. You must pay attention."

"YesQiao Wei came to ask Huo Dongyang and Nicole to have dinner. Seeing the seriousness of their expressions, she asked, "what's the matter?"

"It's OK. I'm asking Nicole what she did today."

Qiao Wei thought it was something. He was nervous just now. "Nicole has done a good job."

In addition to seeing her in the morning, I have some doubts, because this young nanny is really rare. Other times I saw that she was very serious about her work, and she was introduced by Jason, so there should be no problem.

After hearing Qiao Wei's reply, Huo Dongyang is also at ease! He didn't tell Qiao Wei the truth because he was worried that she would think. Huo Dongyang doesn't want to make her feel afraid. After all, she has a big stomach. He also wants to protect her and her children.

The next day.

Huo Dongyang got up very early to prepare. Today is HD's annual general meeting of shareholders, which is of course a major event for HD. He didn't want to have any problems.

Looking at Huo Dongyang who is ready to go out, Qiao Wei sits up.

"So early?"

"You can sleep more. There are a lot of things in the company today. I have to prepare first." Huo Dongyang replied.

Qiao Wei nodded, "yes, it's a big event after all."

Huo Dongyang came to the bed and he was half bent. "When I finish these two days, I'll take you out for a walk."

When she heard this, Qiao Wei began to perk up, and she nodded. "Good!"

Huo Dongyang stretched out his hand and fondly pinched Qiao Wei's nose, "I left."

"Goodbye!" Qiao Wei's voice is soft.

Huo Dongyang smiles. "I'll remember to get up for breakfast."

"yes, sir!" Qiao Wei nodded and saluted mischievously.

Huo Dongyang reached out and rubbed Qiao Wei's hair, then left the room.

Nicole sent Huo Dongyang out of the house. "Boss, go slow."

"Take care of your wife!"

"Yes Nicole nods.

Huo Dongyang's car soon drove out of the yard.

## [Chapter 282](#)

HD headquarters.

Almost all the people in the meeting arrived. Huo Dongyang sat down and found that Mike had not arrived. He asked Jason in a low voice, "Mike hasn't arrived yet?"

Jason nods. "Yes, and he can't get in touch with him now."

Huo Dongyang nodded. He knew that Mike was deliberately delaying his time. To let himself know his way of doing things.

It was only five minutes after the meeting that Mike arrived late. He pushed open the door of the conference room with a relaxed look. "Sorry, I'm late. I'm in a traffic jam on the way."

After that, he saw him go to his position and sit down. He nodded to Huo Dongyang. "William, I'm sorry!"

Huo Dongyang didn't get angry with Mike. He just nodded his head slightly, and then showed Jason to continue.

Mike glances at everyone, but he doesn't find Qiao Wei's shadow. Isn't she in charge of hd-qw? It really surprised me that I didn't attend the meeting.

Mike leans back in his chair, and his attitude is a little more casual. After a light glance at the theme of today's meeting, he is really not interested in it at all. It's really the same content for so many years.

When Jason finished speaking, Mike said, "William, I don't think this meeting should be so rigid every year. In addition to reporting, we can also do some interactive programs."

Mike's words also made other senior executives and shareholders nod in succession. If it wasn't for Huo Dongyang's face, they would not go to the United States every year and hold such a meeting. Such a few days back and forth, in addition to work is really no fun.

When Huo Dongyang heard Mike's words, he raised his eyelids and looked at Mike. "What do you suggest?"

Mike really looked at all the people, and he said with a smile, "are we all here today?"

Huo Dongyang frowns and clearly knows that Mike is looking for trouble. "Yes

Mike seems to have guessed that Huo Dongyang would say so. He reached out and scratched his hair, and put on a face that he didn't understand, "hiss Am I wrong? How can I remember William, you bought two companies in a city and joined HD together. Didn't you inform the person in charge of the meeting? "

As soon as Mike said this, Huo Dongyang, Qin Hao, John and Jason all changed their faces. It seems that Mike is trying to find fault. He wants to shake everything out to other people who don't know the truth.

Mike saw that they didn't make a sound, and there was a proud smile on the corner of his mouth. "Am I mistaken? Or are they not eligible to come. One of them seems to be the family business of the wife of HD president. By the way, why didn't you see the lady coming today? William, you're not going to keep your wife out of the public like those men in China, are you? "

Mike's words completely darkened Huo Dongyang's face. He just looked at Mike but didn't interrupt him. At this time, Huo Dongyang continued to speak, but his tone was cold. "You are very well informed. You are right. Hd-qw is actually my wife's family business before, but now Qin Hao and John are in charge. As for the other hd-xy, I am in charge of it. "

Huo Dongyang's words also successfully blocked Mike's mouth. Mike looked at Huo Dongyang and really ignored it. Since he is prepared, Huo Dongyang must be prepared. I didn't expect to be dissolved by Huo Dongyang so soon.

Mike immediately began to think of other ways. He didn't believe in evil today. Since Huo Dongyang is so precious to his wife, he will start from here.

"By the way, why doesn't Madame come today? It's not a good time to come out and see your wife on such an occasion, so that you won't know her in the future?" Mike continues.

Huo Dongyang takes back his eyes and looks at Mike. "My wife is still jet lagged and she is not feeling well."

The senior managers of the headquarters who have met Qiao Wei before understand the meaning of Huo Dongyang's words. The president's wife is pregnant, and she is tired enough, not to mention the meeting.

Mike touched his chin. "Oh, that's it! Why don't you do that? Let madam arrange an activity for us tomorrow? Otherwise, it would be boring to have a meeting every day."

Mike's proposal has also been agreed by most people. This HD president's wife is really not so easy to be. How can they all deserve Huo Dongyang? If there is no way to arrange and organize such a simple activity, it really can't be said!

When Huo Dongyang wants to refuse, he is pressed by Jason and Qin Hao at the same time. They all know that Mike is nothing but a prick. He also forces Huo Dongyang to agree. If Huo Dongyang can not agree, then not only he himself will be ruined, but even Qiao Wei will also be questioned. So they both quickly pressed Huo Dongyang to calm down. Mike saw Huo Dongyang's appearance, only knew that this time caught his weakness. He really didn't understand what was good about Qiao Wei. He had a plain face, except that his facial features were somewhat elegant, and his appearance was not as good as that of moling, and he looked weak.

He really can't understand what Huo Dongyang likes about her. There is nothing to be desired about her appearance and figure. Then there is wisdom left. When I saw her that day, I didn't think she was a smart person, but I was a little timid. If none of this is desirable, then there is the baby in her belly.

It's said that Huo Dongyang was also handed down by them, so Qiao Wei is a tool for inheriting the family? But she also understood the old generation's idea of having a son. So Huo Dongyang also accepted this arrangement? However, he remembered that Huo Dongyang was looking for Qiao Wei himself, and the relationship was also complicated.

The conference room was also a little embarrassed because they stopped. Almost everyone was waiting for Huo Dongyang to make a decision.

Jason saw Huo Dongyang calm down, he immediately said with a smile. "I think it's a good idea for Mike to make this suggestion. However, there are some positions in the decision-making time. If the arrangement is not good, it will only disappoint everyone. How about next year?"

Mike heard Jason and knew he was using procrastination. "Jason, I think you're procrastinating. It's not just a simple event, it's not a summit. We don't need the ceremonious one, which mainly depends on the mind. I don't think Madame would disagree with you? "

### [Chapter 283](#)

The others agreed with Mike's words.

However, there are also some people who are more in the mood of going to the theatre. Mike has been absent from the meeting for several years. Today, for the first time, he has made such a request openly in the meeting. I think they are prepared. People who have heard of it all know that Mike's cousin, Mo Ling, has been crazy about Huo Dongyang before.

A few days ago, it seems that Mo Ling also died in an accident, which is really a pity. Or that's why Mike did it today. In fact, he can understand his mood. His sister died here, but his sister's favorite person married another woman and had children. Of course, Mike is angry when he makes things.

At this time, Huo Dongyang was still a little angry when he saw these people who were watching the crowd. Mike is trying to find fault today. It seems that he has a lot of preparation. Qin Hao handed a chapter to Huo Dongyang. "Promise

Huo Dongyang takes a look at Qin Hao and Jason. They all nod their heads. John also made a wink at Huo Dongyang. Under such circumstances, he had to promise, otherwise the situation would be worse. As the saying goes, a hero does not suffer from immediate loss!

Jason saw that Huo Dongyang had nothing else to say and once again acted as Huo Dongyang's spokesman. "If it is decided by all, then I will talk to my wife about it. The next meeting will be presided over by John. "

Jason nods to Huo Dongyang and goes out. He didn't dare to breathe until he went out. He knew that Huo Dongyang was repressed. If he and Qin Hao hadn't estimated that he had broken out.

In fact, they can not agree to Mike's request, and Huo Dongyang can also refuse to do so. It's just that the centripetal force of other people will also shift. Mike is sure to stir up the flames, and that's why he's here today.

So Jason, after weighing his left and right, could only promise with a stiff hair. And they can also help Qiaowei to finish it behind his back, but it will make him busy.

Jason went back to his office and called Qiao Wei to tell her the details.

Qiao Wei was silent on the other end of the phone for a long time. She didn't speak until Jason called him again. "So it's really decided now?"

"Yes, Madame! Time is also tight. You see if you have any ideas. When I'm done here, I'll go and discuss it with you. "

"I'm worried that if I don't do it well, it will affect Dongyang." This is where Jovi is worried.

Jason also knows that it is difficult for a pregnant woman, but there is no way for the company. "Ma'am, I'm going to continue the meeting. I'll see you later."

In a hurry to end the call, Jason returned to the meeting to continue the meeting, but it was really difficult for Qiao Wei at home.

Since answering Jason's phone call, Qiao Wei is anxious and sleepy. She took out her iPad and started looking for some activities. This time to attend the general meeting of shareholders is not only the shareholders, but also the senior management of HD branch. If it is not done well, it will really affect Huo Dongyang and the whole HD, and immediately feel great pressure.

Qiao Wei was even very upset. Why didn't he go to these activities before? He didn't have a clue. It was even more difficult than planning! What should we do?

When Nicole passed the living room, she saw Qiao Wei frown tightly, but the whole person was a little agitated. She put down her rag and went over. "What's the matter with you, madam?"

Jovi looked at Nicole for a moment, then his eyes flashed. "Nicole, what activities do you usually like Nicole was nervous when she saw Jovi. "What happened?"

Qiao Wei tells Nicole what Jason said to herself just now, hoping she can give her a suggestion. But Nicole's job is special, and she has no idea.

At last, she could only give Qiao Wei a sorry look. "Sorry, madam, I don't know about this. Or when they come back, sir. "

Joe sighed, and now it seemed to be the only way. "All right."

Qiao Wei sat on the sofa with her iPad in her arms and continued to search, hoping to have some inspiration. Huo Dongyang and they have not come back, Qiao Wei's heart is also anxious to no avail.

She took out her mobile phone and quickly flipped through her phone book to see who could reach out at this time. After turning it over, Qiao Wei's last eyes fall on the names of Yun Yiyan and Xia yueqian.

Yun Yiyan used to go to those banquets and activities. Maybe he would give himself some advice. And Xia yueqian also went abroad to study, those activities should not be less. Now they're the only ones who are reliable all the way. So we can only fight.

However, Qiao Wei completely forgot about the problem of time difference. It was close to 12 o'clock at noon, but it was 12 o'clock in the morning for Yun Yiyan.

Yun Yiyan's phone is through, but no one answers all the time. Qiao Wei is more anxious. Why not answer the phone!

Finally, Yun Yiyan picked it up, "Hello!" Qiao Wei just wanted to talk, but realized that the person answering the phone was a woman. "Who are you, please?"

Qiao Wei looked at the phone on the screen of the mobile phone in surprise. This is Yun Yiyan's call. How could a woman answer it? So Yun Yiyan has a new woman?

"Hello, who is calling for Yun Yiyan?" The woman continued.

After Qiao Wei heard a woman's voice again, she felt that the voice was very familiar, as if she had heard it there. But his brain turned very slowly, and he didn't remember who was the owner of the voice.

"Who called in the middle of the night?" Qiao Wei heard the voice of Yun Yiyan.

Qiao Wei just reflected the problem of time difference, so her phone call seemed to interrupt Yun Yiyan's good deeds. Qiao Wei a nervous also said a particularly stupid words, "sorry to disturb you!"

After that, Qiao Wei immediately hung up. How could she forget such an important thing as jet lag? It also interrupts the good things of Yun Yiyan and a woman.

"How stupid I am

This sentence happened to be heard by Huo Dongyang and Jason who came in.

"Why call yourself stupid?" Huo Dongyang asked.

Seeing Huo Dongyang coming back, Qiao Wei felt embarrassed. "I just did a stupid thing. What should I do now?"

Huo Dongyang went to Qiao Wei's side, comforting her mood, "you don't worry, slowly say!"

Qiao Wei also let himself calm down after hearing Huo Dongyang's voice, but when she was ready to tell Huo Dongyang about the process of calling Yun Yiyan just now, her mobile phone rang.

What's more, Yun Yiyan is back. Qiao Wei is nervous again. He won't come to set up a teacher and make a crime, right? Similar things have happened before.

Huo Dongyang sees Qiao Wei's appearance and reaches out to pick up Qiao Wei's mobile phone.

#### [Chapter 284](#)

Huo Dongyang saw the caller ID above, and he looked at Qiao Wei again.

And then he picked it up. "hello!"

"Huo Dongyang?" Yun Yiyan seems to have heard Huo Dongyang's voice unexpectedly.

"Well!"

"It seems that Qiao Wei called just now. Is this the number in the United States? May I help you? " Yun Yiyan continued. "I finally heard her say a strange word, and then I thought it was Qiao Wei, so I wanted to call to make sure."

Huo Dongyang heard Yun Yiyan's explanation and combined with Qiao Wei's embarrassment just now, and roughly guessed what happened. "Sorry, she forgot about the jet lag, so she called you. That's right. This is the number on the US side. You can also write it down. "

Yun Yiyan also understood. "So what can she do for me?"

"Nothing. I just want to ask about your situation. Go to bed early Huo Dongyang replied.

Yun Yiyan there also suddenly stopped, "you tell Qiao Wei, don't think about it. I haven't done anything that I can't see. I'll wait for my leg even if I want to. "

Huo Dongyang didn't want to tell Qiao Wei when he heard this! "It's your freedom. Hang up."

See Huo Dongyang put down his mobile phone, Qiao Wei hesitated to know what Yun Yiyan and Huo Dongyang said. "Dongyang, what did Yun Yiyan say?"

"You forgot about the jet lag?"

Heard Huo Dongyang's words, Qiao Wei drooped his head, a look to cry without tears. "Did I really disturb Yun Yiyan?"

Huo Dongyang can see the appearance of Qiao Wei, but also feel a little funny. "What do you want to do by calling him?"

"I just want to ask him how to arrange that activity tomorrow? After all, he had some experience Said Joe in a low voice. "I really didn't mean to disturb him and the woman."

Speaking of this, Qiao Wei suddenly IQ also online, she looked at Huo Dongyang in a panic, "the woman who just answered the phone seems to be Xiaolan!" She said just now that the woman's voice was familiar, as if she had heard it here. But I didn't think it was the voice of Jian LAN.

Qiao Wei immediately grabbed Huo Dongyang's hand and said. "Xiao Lan and Yun Yiyan are together! What's more, at this time, nothing will happen? "

Huo Dongyang reached for Qiao Wei's shoulder and said, "don't worry."

"Dongyang, how could they be together?"

"Qiao Wei, they are all adults. Even if something happens, they have to deal with it. It has nothing to do with you."

Huo Dongyang's words also let Qiao Wei calm down, he said also reasonable. I had such an idea before. It would be nice if they could really be together. There's really nothing to make a fuss about.

See Qiao Wei already calm down, Huo Dongyang also relaxed. "You don't have to worry about the event. Jason will handle it."

When Qiao Wei heard Huo Dongyang's words, he seemed to have some disbelief. "Really?"

"Well! It's been pushed over by Mike Huo Dongyang explained. "So you don't have to put so much pressure on yourself."

Huo Dongyang is really dissatisfied with Mike's so-called request. He just doesn't know what to do. He is now thinking of deliberately making trouble for Qiao Wei. If Qiao Wei loses his face, Huo Dongyang will also have no face.

After that, Qiao Wei also heard Jason explain the whole story, and her ideas changed. Since Mike is going to dig a hole for himself, she doesn't want to admit defeat. She doesn't want to be looked down upon! So she really has an idea to finish the task well, instead of being perfunctory like now.

Jovi looks at Jason and says. "Since he wants to see my joke, I can't let him look down on him. I want to do this task well. I am also a member of HD. I can't let Dongyang lose face, let alone HD have an impact. I accept the challenge. "

Huo Dongyang frowned and looked at Qiao Wei. "You are so tired! Mike is just trying to find fault, so no matter how good you do, he will find fault. Do you understand? "

Qiao Wei is really stubborn this time. She knows that Mike doesn't like himself and will deliberately make trouble for himself. But she also wants to start from the overall situation, she does not want to let Huo Dongyang lose face.

"Dongyang, let me try this time." Joe asked.

Huo Dongyang is also Qiao Wei. Of course, she doesn't feel OK, but she plans to face the difficulties and complete the task with the attitude of not giving up and not being discouraged.

Then Qiao Wei looked for some materials seriously, and she also asked some questions about Mike. She wanted to take advantage of him.

"Jason, do you know what Mike likes to eat at this time?"

To be honest, Jason used to be classmates with him, but he really didn't know his taste. "I don't know."

"Can you check it now?"

Jason nodded. While he was checking, he saw what Qiao Wei was recording! It's already two o'clock in the afternoon. They haven't been able to come up with a simple plan so far. It's a little mysterious about the arrangement for tomorrow. Later, Jason saw a page of stuff from Qiaowei. He took it up and sent it to him. Qiao Wei originally made a detailed list of people's names, specific positions and companies.

But Jason didn't know what Qiao Wei was doing. He saw Qiao Wei looking for some florist's phone numbers.

"Madame, what are you going to do?"

"Preparation activities." Replied Jovi. "By the way, how much money will be spent on this event?"

"Ask boss for this one!" Jason ignored the funding this time.

It must be money to start this activity. He forgot.

## [Chapter 285](#)

When Jason came to sign Huo Dongyang with a budget statement, he also had an apology on his face.

"Boss, I forgot about the cost. Just now my wife mentioned it, and I remember it. " Jason explained.

Huo Dongyang takes a look at Jason's budget, and he looks at each item carefully. "Did Jovi bring it up?"

"We're each half."

Huo Dongyang also did not continue to ask, a stroke of pen to sign his name. "If you don't have enough people, ask John and Qin Hao to help."

Jason was speechless when he heard what Huo Dongyang said. Let John and Qin Hao help in a word? Isn't there anyone in the company watching? I really admire Huo Dongyang. Every time he takes a few people, he disappears, and every time he makes a pile of things to face by himself. The last time he

asked John to go to city a, he really left the whole HD behind. If it is not self support, HD do not know what chaos!

This time they come back, Jason wants to have a break. As a result, I came across such a thing again and sighed that I was really hard-working.

"Boss, these things don't need so many people." Jason went on.

Huo Dongyang put down his pen, "are you ok?"

"Isn't there you?" Jason replied. "You won't stand idly by. This is my wife's first choice. The boss will not bear it. "

Huo Dongyang looked at Jason, "good! The idiom is very smooth. "

"Thank you, boss. I don't want to be compared by John."

"good!"

Joe nodded at one o'clock in the afternoon. Jason saw Qiao Wei make a list, but it was not special. She arranged a dinner party in the famous restaurant.

Jason took the list and asked, "Ma'am, if you want to make sure you want to go to this restaurant in advance, but we are in a bit of a tight schedule now, and we may not be able to book so many seats."

When Qiao Wei hears Jason's words, she also stops her work.

"Well Can't you go and brush your face? " Joe spoke.

"Other restaurants are OK, but this one is not." Jason replied truthfully that who made this restaurant so popular was that all of them were stir fried by Chinese and overseas Chinese. "How about another one? It's also insurance. "

Qiao Wei hesitated for a moment and finally nodded. "Well! I didn't go with Dongyang last time. I still want to go together this time. "

"Ma'am, if you want to go, I can make a reservation now. Then we can go together."

"Good!" Jovi kept nodding. She also wanted to invite them to dinner. There was such an opportunity. Qiao Wei certainly agreed.

After that, Jason ordered another restaurant, and contracted a part of the restaurant, and prepared the buffet according to Qiao Wei's request. After all, with so many people, it is difficult to unify one taste. Buffet is really a good choice.

But Qiao Wei did not disclose other parts. Qiao Wei also kept the secret of the dense list and florist, and she was responsible for it herself.

When everything was ready, Jovi was relieved, and now he was waiting for tomorrow to go well.

Mike's got a message that Jason is in XX restaurant. He really can't hope so much for Qiao Wei, but it's right to arrange a meal, because there is no such welfare in previous years.

"You can't expect so much from a weak woman."

The next day.

It's still in the conference room. It's still a meeting today. Yesterday is to sum up the past, so today's meeting is to look forward to the future.

Each company's senior management also started a PPT demonstration of their own company, and gave a general description of their company's work and process next year.

Finally, hd-qw and hd-xy were not reported and displayed, which surprised others. Finally, they saw John publish it, but the process was very brief. John didn't prepare any ppt at all. He just said a few words.

Mike is holding his head with his hands. "William, are these two new companies in a city that you didn't give instructions not to prepare, or John was lazy and didn't do PPT? It doesn't seem to respect other people. "

Huo Dongyang has enough confidence, "this is what I mean. Because these two families are new to HD, I want them to have greater development, not to let them succeed again in the original field, but to make them better on the original basis. "

"William has a vision, and he speaks so well every time." Mike said with a smile. "I see that these two new companies will develop well under your leadership."

"By your word." Huo Dongyang replied.

Mike looks at the time, and the meeting should be over. "William, how are we getting ready for what we discussed yesterday?" Huo Dongyang also expected Mike to say so, so he prepared early. He asked Jason to send an invitation to everyone present.

"Tonight, let's go to dinner together." Huo Dongyang said.

Mike waves the invitation in his hand. "Is this arranged by the lady? It seems to be a little more ordinary. "

"It's better to have something than nothing!" Huo Dongyang nodded, "I hope you will arrive on time. That's all for today's meeting. "

Afternoon.

Qiao Wei is doing the final check and confirmation to make sure there is no problem.

"Madame, your clothes and make-up artist are here." Nicole says.

Joe nodded. "OK, I'll be right here."

This time, Qiao Wei just brought some change clothes, and did not prepare the dress at all. In addition, her make-up skills are not so good that she doesn't want Huo Dongyang to lose face, so she asks a makeup artist to come.

The dress Qiao Wei is wearing today is Dr's latest winter dress. In fact, it also means to please Mike. Qiao Wei also specially chose a more popular skirt, other popular models she did not choose, because wear more people.

When Huo Dongyang came back to pick up Qiao Wei, she was also surprised by her dress today. In fact, Qiao Wei dressed up pretty.

"Good looking?" See Huo Dongyang has been staring at himself, Qiao Wei seems a little embarrassed.

Huo Dongyang went to Qiao Wei and said, "madam is really beautiful."

Qiao Wei smile, "in order not to let you lose face, I also under the blood today."

"Hard work for you."

"No hard work." Replied Jovi. "I really hope that everyone can be satisfied with today's arrangements."

Huo Dongyang is staring at Qiao Wei. "They will see your sincerity. Let's go

When Huo Dongyang arrived with Qiao Wei, other people were almost there.

#### [Chapter 286](#)

When Huo Dongyang and Qiao Wei entered the arena, many people were also surprised.

In fact, Huo Dongyang and Qiao Wei are quite matched. Today, they are dressed like lovers' clothes, but they are still dark series.

Huo Dongyang is wearing a dark gray suit. He is good-looking, but he is still a hanger. What does he really look like. And Qiao Wei looks much better today, but she looks better after making up. She is wearing a long gray and white skirt today. Although she has been wearing loose, her stomach is still obvious.

When they appeared on the stage, they attracted people's eyes and line of sight. Many also said in private that the two were really well matched. This, of course, came to Mike's ears. He sat in a corner today, apparently to observe in the dark.

When he heard other people's comments, Mike paid attention to Huo Dongyang and Qiao Wei. As a result, I was jealous. It's really unexpected that two people appear as lovers. Huo Dongyang is still Huo Dongyang. He is still so handsome for so many years. He can wear the essence of his clothes.

When Mike looks at Jovi, he sits up straight. Isn't the suit she's wearing is Dr's latest winter suit? This one sales is not very good, the reason seems to be that we do not like the lattice. But today, I still think the effect of her dress is good, but why did no one appreciate it?

Mike's eyes always stay on Qiao Wei's body. This woman is really thoughtful and wears Dr clothes. But it won't change my opinion of her. Mike had a glass of red wine in his temper.

Watching Huo Dongyang introduce Qiao Wei to people one by one, Mike's heart is simply miserable to the extreme. I thought I had stood beside him, but now I don't have such a chance. First because of moling, and now it's Qiao Wei.

Mike can see that Huo Dongyang is different from Qiao Wei, and his eyes become gentle. Huo Dongyang's eyes are full of Qiao Wei, and her eyes have been moving with her. Therefore, it is not a matter of time, but that she is not the person Huo Dongyang is looking for after all.

Since he came in, Qiao Wei always felt someone staring at him. Joe glanced over everyone in the room and finally met Mike's eyes in the corner in the air.

Qiao Wei even saw that Mike didn't like him in his eyes, and even hated him more. But where does this hate begin? Is it because of moling? This is the place Qiao Wei has been unable to understand. In fact, his relationship with moling is not very good, but as a relative, it is understandable.

Qiao Wei put his eyes back, and then continue to follow Huo Dongyang. Jason didn't tell her to leave until she came.

In fact, Qiao Wei prepared a gift for all the people present, which she wanted to give to everyone last. Qiao Wei follows Jason to the kitchen and sees that there are already staff working on it.

"Madame, the number is right." The staff said to Qiao Wei.

"Good! Be careful when you bring it up later. " Qiao Wei did not forget to explain.

The staff nodded. "Yes

Jason didn't expect Qiao Wei to make such an arrangement, but he had to say that Qiao Wei arranged the gift very carefully. Maybe we can get their approval. Because the gift is well made and packaged.

Qiao Wei came out of the kitchen and received news that the florist's words had been sent. Qiao Wei also followed the past to see the bundle of flowers, as well as that box of dried flowers fragrance.

Jason followed him and said, "Ma'am, what are you going to do?"

"Send someone off." Replied Jovi. "You can take it when you leave."

Jason seems to know what Qiao Wei is going to do. There are some ladies present today. Flowers and beauties are also a good theme.

After signing, Qiao Wei also asked people to send these flowers in first.

"Jason, go ahead and get busy! It's OK with me. "

Jason nods. "OK."

Qiao Wei stood at the door of the restaurant, watching the staff move the flowers. She really hopes to pass the customs safely today.

Behind him came a cold voice, "your sugar coated cannonball is doing well."

Qiao Wei turns around and looks at Mike. He has a cigarette in his hand. It seems that he came out to smoke.

"I don't understand what you mean?" Situation opening.

Mike smiles, and he walks up to Jovi. "It can be seen from the clothes you are wearing, as well as the fresh flowers and dried flower fragrance that you just sent in."

Jovi didn't answer Mike immediately. She looked down at her skirt. "What's wrong with me? It's a brand I've always loved. "

When he heard Qiao Wei's words, Mike frowned slightly, as if he didn't expect to hear such an answer.

Seeing that Mike didn't speak, Qiao Wei went on to say, "what's the problem?"

"This is Dr clothing. ""Yes! I used to buy this brand of clothes when I was in China. " Replied Jovi. But she won't say she already knows who Mike is.

Mike just wanted to reveal his identity, but in the end he resisted. The tone of speaking was not as cold as before. "Your eyes are OK."

Thank you Replied Jovi.

Mike soon adjusted his mood. "Qiao Wei, I suddenly feel that you are not a soft persimmon." From the overall arrangement of her today, although not very perfect, but also see her intention.

Qiao Wei smiles. "Thank you for the compliment."

"But you and William are still far from each other. You and William are still people of two worlds." Mike's eyes changed when he talked about Huo Dongyang.

At the moment, Qiao Wei clearly saw the worship from Mike's eyes, and there was a deep feeling hidden by Mike. That feeling is

"Qiao Wei!"

Suddenly, Huo Dongyang's voice interrupts Qiao Wei's thoughts, and at the same time allows Mike to quickly sort out his emotions.

When Qiao Wei sees Huo Dongyang coming towards her, she can also feel that Mike's mood is also changing.

Huo Dongyang's eyes have been fixed on Qiao Wei, and he has not seen Mike at all.

"It's cold outside. Go in!" Huo Dongyang opens his mouth.

Joe nodded. "Well."

Huo Dongyang reached out and took Qiao Wei's hand, then walked forward, completely when Mike did not exist.

When Qiao Wei looks back, he just sees the kind of loss in Mike's eyes for the people he likes. She was also surprised. It turns out that Mike hates himself because he likes Huo Dongyang!

## [Chapter 287](#)

Dinner also officially began.

Experience just know all, let Qiao Wei's heart has been unable to settle down. This news makes Qiao Wei have different ideas about Mike.

During the meal, Qiao Wei has been peeping at Mike. Qiao Wei really didn't expect that he would have a rival of the opposite sex. Then she saw another eye of Huo Dongyang. He really had such capital.

Huo Dongyang looks at Qiao Wei's expression, softly Qiao Wei's ear asks: "how?"

Joe shook his head slightly. "It's OK."

Huo Dongyang knew that she had something to do when he heard Qiao Wei's words. Just after she came in from the door, she was still a bit out of her mind. What did Mike say to her before he showed up, or she wouldn't be like this. He also noticed that Jovi would peek at Mike from time to time. Huo Dongyang to Qiao micro clip vegetables, and do not want to let others find strange, it seems to go home to ask clearly.

Realizing that she was also a bit of a gaffe, she felt that she could not do this, otherwise there would be problems. And today, she has to take the overall situation into consideration. She forced herself not to think about Mike for the time being.

Seeing other people's expressions, I seem to be satisfied with the dinner. Qiao Wei is also a little relieved, as long as it is not bad. Seeing that everyone ate almost the same, Qiao Wei also asked people to bring the gifts prepared before.

In fact, Qiao Wei asked the chef to prepare a cake according to everyone present. The cake was designed according to everyone's name, and some cookies were prepared for them to take back.

Looking at the cakes that have been served one after another, many women present expressed surprise, and women all like these desserts. There are two types of cookies: hearts and stars for women, neckties and cell phones for men.

After receiving the gift, they also felt Qiao Wei's kindness. After all, it was the first time that they had received such a kind of small gift. In addition, they had just received the bouquet and dried flower fragrance. It was really good.

Jovi stood up. "Today, I meet you for the first time, and I can only prepare such a simple gift. Please don't blame me! It's the first time that I've arranged these things. If there's something wrong, please bear with me. "

Qiao Wei's simple and sincere words also moved the people present. Then they clapped, "Ma'am, you're welcome."

After hearing the applause, Qiao Wei showed a brilliant smile. "Thank you! I'm a new comer this year. I don't know anything. Please give me some advice. There will be plenty of time next year, so we will make good arrangements. This year, we'll have to make do with it! "

"Madame has done well!"

Qiao Wei smiles and nods, "thank you all."

Huo Dongyang listened to Qiao Wei's words and saw her do something. He was also moved. Although it's not a valuable gift, I saw Qiao Wei's intention to prepare these things.

The president's wife won the first show and was praised by everyone. Huo Dongyang's worry was also put down. He looked at the cake in front of him. He didn't like to eat desserts and started to eat some.

Mike frowned when he saw Huo Dongyang start. After Huo Dongyang and Qiao Wei were together, he really changed a lot. Thinking of this, I feel uncomfortable.

Mike looks at the small cake in front of him. It can't be denied that Qiao Wei does his homework, because the small cake is sprinkled with some almonds he likes, and it's still coffee flavor. In view of this, Mike's prepared speech is still of no use.

Mike seems to know why Huo Dongyang chose Qiao Wei. There are countless possibilities in her body. This time he was making trouble for her, but he didn't expect her to finish the task. It's also satisfying to see other people's expressions. Joe, it's qualified.

The dinner ended in a joyful sound. Everyone walked up to Qiao Wei and said thank you to her! Qiao Wei all smile and reply one by one.

Mike stood up after watching the people walk almost. He went up to Jovi. "Congratulations today."

Joe Wei looks at Mike with a smile. Thank you today, too

Mike still doesn't want to admit Qiao Wei's identity. He glances at Qiao Wei and says, "it's gone."

"Take your time."

After watching Mike leave, Jason walks up to Qiao Wei and gives him a thumbs up

"Thank you for your help, too."

Huo Dongyang put his arm around Qiao Wei's shoulder. "I'll go first with Jovi, and you'll take care of it."

Jason was angry at Huo Dongyang's words. The red fruit of the bridge, but he can only bear. "Yes."

Qiao Wei knows that Jason is frustrated. She takes out a wrapped gift from her bag and hands it to Jason.

"Jason, thank you so much today!"

Jason is a little incredulous. He stares at himself. "This is..."

"For you." Replied Jovi.

"Thank you, ma'am." Jason was excited. It was the first time that he received a gift from a woman, and it was from the president's wife. Jason was so grateful that he took Qiao Wei's gift and said thank you again.

When Qiao Wei saw Jason's expression, he also felt that he was over exaggerating. "It's just a small gift. You really don't have to."

"It's also a wish!" Jason replied.

Huo Dongyang saw such a scene, he has been silent, a word did not speak, and then pull Qiao Wei to go. To the car, Huo Dongyang's jealousy showed.

"When did you prepare Jason's gift?" Huo Dongyang spoke directly.

Qiao Wei tied his seat belt and replied, "when I was in city a, I prepared. I want to meet for the first time and always prepare some presents. "

"No more gifts for them next time." Huo Dongyang said with jealousy. What he cared about was that Qiao Wei had never given herself a gift, but she had prepared it for Jason. He felt uncomfortable thinking about it.

Qiao Wei also saw the meaning of Huo Dongyang this time. She said with a smile, "are you jealous?"

"Well!" Huo Dongyang nods.

When Qiao Wei heard such an answer, he could not help feeling proud. "Another present for you next time?"

Huo Dongyang really nodded. "Good! But I don't want everything. " By implication, his gift is not ordinary.

Qiao Wei also made a gesture of OK, "let's go home!"

Huo Dongyang starts his car and leaves the parking lot of the restaurant.

On the way back, Huo Dongyang asked Qiao Wei about Mike.

"What did Mike say to you today?"

## [Chapter 288](#)

It was quiet in the carriage.

Qiao Wei fell into a dilemma. She was wondering whether to tell Huo Dongyang.

"Hard to answer?"

Joe shook his head. "No, just don't know how to say it."

"What's the trouble?" To Qiao Wei's words, Huo Dongyang does not understand.

Qiao Wei looked at Huo Dongyang and said, "I'll tell you when I think about it." Qiao Wei also doesn't want Huo Dongyang to have a burden. Because these things are not acceptable to everyone.

Huo Dongyang frowned. "He didn't say too much to you?"

"No! All in all, what Mike said to me was polite. " Replied Jovi. However, this is also a fact, because compared with Liu Su and Qiao Xin, Mike is really polite.

Huo Dongyang heard Qiao Wei's words and knew that she didn't want to tell himself. But he did not continue to force Qiao Wei to say, and then they did not say anything else along the way, so they drove back.

Nicole is standing at the door waiting for them. "Sir, Madame, you are back."

"Well!" Huo Dongyang nods.

While Qiao Wei goes to take a bath, Huo Dongyang also tells Nicole to take care of Qiao Wei. Mike's plan didn't work out today, so he must have some action. It's important to be on guard!

After the general meeting, everything returned to normal.

On this day, Huo Dongyang went to work.

Qiao Wei was reading at home. Near noon, she received a phone call.

"Hello

"I'm Mike. Are you free at noon?"

Qiao Wei didn't think that Mike would take the initiative to find himself. Maybe he thought that Mike would not hurt himself, so Qiao Wei also agreed to go out and meet.

"Free."

"Twelve o'clock, the western restaurant on XX road."

Qiaowei took the note under the address, she also looked at the time, "I'm not very familiar with this place, how long does it take to go to this place?"

"It's not far. You can take a taxi from where you live in ten minutes." Mike answers.

"OK, see you later!"

Qiao Wei put down his mobile phone and changed his clothes.

Seeing that she was going out, Nicole immediately asked, "Ma'am, are you going out?"

"Well! I'll go out for dinner Replied Jovi.

See Qiao Wei out, Nicole immediately followed out, she also called Huo Dongyang, said Qiao Wei answered a phone call and went out.

"Keep up!" Huo Dongyang ordered.

"Yes."

Nicole watched Joey take a taxi, and she followed suit. Looking at the direction of the car, we should go to the central business city.

Sure enough, Nicole sees Joey get out of the car. She took a mobile phone to Huo Dongyang, and then she followed Qiao Wei into the western restaurant to get ready.

When Qiao Wei went in, a waiter came up to greet her. "Is that Miss Jovi, please?"

"Yes."

"This way, please."

Qiao Wei followed the waiter's back, walked into the box, Qiao Wei saw that Mike had arrived.

Joe Wei that Mike saw was really a person and had some small accidents. "Did you come alone?"

Joe nodded. "Or else?"

Jovi walks over to Mike and sits down. "If Dongyang comes with me, you won't say anything to me either."

Mike squinted. "It seems that I really underestimated you before."

Qiao Wei just smiles, or because she knows Mike's secret, so she doesn't feel afraid. Instead, she thinks that Mike will not hurt herself.

"You are quite calm."

"Or I'll be nervous?" Qiao asked with a smile, but with calmness.

Seeing Qiao Wei at this time, Mike seems to see some shadows of Huo Dongyang from her body. Is this subtle? Qiao Wei's body actually can take Huo Dongyang's action and manner?!

Mike shook his head quickly, as if he didn't believe it. "Qiao Wei, where do you get your confidence?"

Qiao Wei sat down and then asked, "actually, I'm not here to negotiate with you today."

"But I'm here to negotiate with you today." Mike opens the door.

Qiao Wei has thought a lot on the way to come, even every aspect. So what Mike might say, she already has a bottom in her mind.

Mike looks at Qiao Wei like this and feels that he is bullying her. He was always aggressive, but she was bearing it in silence.

Qiao Wei sees that Mike has not made a sound all the time. She looks at him quietly. Did he mean to say nothing in this way?

Mike finds that Jovi looks at his face, and he frowns slightly. "Jovi, leave William!"

Qiao Wei didn't feel surprised when she heard Mike's words. She had heard a lot of them in a city, and now she doesn't have any feeling. So she went on to say, "Dongyang and I have come here. Do you think I will leave?" Mike doesn't like the movements and expressions of Qiao Wei touching his stomach. "You don't want to kidnap William with this child! He's not the kind of person who has to have children to carry on the family line. "

After hearing this, Qiao Wei really admired Mike's understanding of Huo Dongyang. He's right! Huo Dongyang had said similar words before, children can not, as long as two people together. The child wants more of himself.

Mike really noticed the change of Qiao Wei's expression. He lifted up the corner of his mouth and finally said something.

"Jovi, you and William are not people of the same world at all. We can't be happy together." Mike goes on. "The lowest way to be a woman is to kidnap him with children!"

Qiao Wei is not angry with Mike's words, since he knew his secret, he said these words are understandable. Even she can learn more about Huo Dongyang from Mike.

Jovi looked at Mike and said, "do you know him well?"

"Of course Mike recalled everything he had witnessed in the past. From knowing him to now, he is very clear about everything happened to Huo Dongyang. The only thing he didn't understand was that he was determined to go to city A. the next thing he didn't understand was what he did in city A.

Qiao Wei seemed to hold her hand nervously. She didn't know what expression Mike would have after she exposed the incident. She would be angry. It should be for sure. People don't like to expose their weaknesses.

"Do you like Dongyang very much?" This is what Qiao Wei hesitated for a long time to ask.

Mike turned pale when he heard this. "What do you say?"

"I said you like Dongyang very much. So you hate any woman around him. It used to be mauling. Now it's me

Although Huo Dongyang didn't explain the reason why Mike and moling were in a standoff, if this reason was followed, everything would not be difficult to explain.

#### [Chapter 289](#)

The room became extremely quiet.

Qiao Wei is quietly waiting for Mike's reply. And Mike is quietly struggling with the past.

Mike stares at Qiao Wei and has to admit that this woman still has several talents. How could she know the secret he had been hiding? He always felt that he had done it well, and even thought that no one would know.

I think of what happened to him and Huo Dongyang. His heart is still pounding, although it is not a major event, but after experience to understand how to cherish. He watched Mike's success from nothing to the present, and he also watched Huo Dongyang step by step. He has experienced those inhuman things, if it is not for his strong will, it is difficult to stand in this place.

Later, when Mo Ling said she liked Huo Dongyang, Mike realized that his feelings for Huo Dongyang seemed to have changed quietly. His feelings for Huo Dongyang have gone beyond the original friendship. Therefore, he also quarreled with Mo Ling over this matter. In most people's eyes, he is against moling and Huo Dongyang being together for the sake of moling's good. But in fact, he is for himself, so a good man is not a cat and a dog can like.

Seeing that Mo Ling failed to pursue Huo Dongyang, he was also relieved. So he also knew that, in Huo Dongyang's eyes, women were not important at all, or he would still have a chance in the future. But after learning all about him in a city, Mike found out one thing. It's not that he doesn't think women matter, but that he hasn't met.

"How do you know, Jovi?"

Qiao Wei didn't laugh at Mike. She didn't reject these things. Now she has such feelings and even got married. Although there is no such law in China, there are relevant regulations in the United States that they can get married.

She looked at Mike sincerely and said, "the last time I had a meal, I saw the hidden feelings to Dongyang in your eyes."

Mike laughs at himself. "Do you think I'm a pervert?"

"No!" Qiao Wei answers earnestly. "There's nothing wrong with liking or loving someone. I can understand all this! You don't just like Dongyang, do you? So you can't accept the fact that I married him

Or if Qiao Wei's words touch the softest place in his heart, Mike's attitude towards Qiao Wei has also changed.

"Qiao Wei, you are really good!" Mike goes on. "You're the first to know. I always feel like I'm hiding well."

Jovi nodded. "Yes, you are well hidden, and I know by accident."

Mike lowers his head. He doesn't have the helplessness just exposed by Qiao Wei. Instead, he calms down. "Yes, you are right! I do have different feelings for William. He's so good, of course there's something attractive about him. "

Qiao Wei smile, this is the same feeling. Such an excellent and outstanding appearance of a man as long as you smile, I believe that few people can resist, he is a good example. This is how she fell step by step, and now she can't extricate herself.

"I think the same as you. How many people should be so gentle? " Said Joe, smiling.

As if he had found a confidant, Mike laughed. "So you feel the same way?"

"Yes Joe nodded.

Speaking of this, they looked at each other and laughed, just like friends.

Mike's eyes also changed when he looked at Jovi. "Jovi, I finally understand why William chose you?"

"Why? I also want to know

Mike snorted, but he wasn't angry, and said, "are you showing off?"

"No!" Qiao Wei also said very seriously.

Mike hung Joe Wei on purpose, but didn't tell her. She may not know that under her weak appearance, she actually has her own tough side and a tolerant heart. She is not that kind of care and unreasonable woman, she will do things from the perspective of others. This may be why Huo Dongyang chose her.

Qiao Wei didn't chase after Mike because of his words. If he didn't say anything, she would find out by herself.

Mike simply asked himself, "what's going on with moling and you?"

Qiao Wei didn't expect that Mike would take the initiative to mention the matter of moling. "Do you want to hear about it?"

"Well!" Mike nods. Of course, he would not ask Huo Dongyang and know his attitude towards moling.

Joe gave a slight smile. "Mike, aren't you afraid to lie to me or slander her?"

"You can rest assured that I know her better." Mike answers calmly. "It was because of her bad intentions that I objected so much! She was also on this path because of her family. In fact, there is a little sympathy for her, but she is not pitiful

Qiao Wei really thinks that Mike is a direct and frank person. Such a person and moling are relatives, which is really much worse. Mike goes on. "In fact, if you ask Qin Hao, he will answer the same way."

Qiao Wei blinked. How could he have something to do with Qin hao. "Qin Hao and Mo Ling are..." Speaking of this, Qiao Wei seems to recall that when she first saw Mo Ling, it was she and Qin Hao who went to the company. Did they really have such a relationship?

"You don't seem to know their relationship yet?"

"They used to be together?"

"Ha ha! Jovi, I find you interesting Mike laughs. It's been a long time since Mike had a good laugh. I have to admit that Qiao Wei is still a living treasure.

"If Qin Hao hears you, he will be angry to vomit blood."

"So serious?" Qiao Wei scratched his head. Was he really wrong?

Of course, their conversation was also heard by people outside the door. Qin Hao is one of them. His face is calm. It seems that Qiao Wei's relationship with Mo Ling is still in the first meeting.

At this time, Jason and John were laughing. In my heart, I give Joe a little praise. Good job, madam! In fact, they want to laugh like Mike, but they can only hold back.

Although it is not clear what Qiao Wei and Mike are talking about before they arrive, they only hear about the part about Mo Ling, and it seems that their relationship is harmonious and there is no tit for tat.

Huo Dongyang also has some strangeness, Qiao Wei actually finished Mike? It's a little mysterious to say that. How did she do it! I really admire and surprise. When Nicole said that Jovi came out alone, he guessed it must be Mike who asked him out, but he didn't expect such a result.

## [Chapter 290](#)

Qiao Wei and Mike in the room continue to chat, and their atmosphere is much better than before.

Huo Dongyang outside the room also relaxed, or this is the best result.

"Since boss is all right, let's have a meal and go back?" John said, anyway, it's already a meal, so it's okay to have a meal.

This time Huo Dongyang actually agreed to let them order food directly in the next room. This also happens to pay attention to the situation of Qiao Wei and Mike. Although it looks ok now, Huo Dongyang still has some worries.

Of course, Jovi and Mike didn't find out.

Qiao Wei tells Mike what happened in a city, but she still hides Huo Dongyang's real identity. "That's what happened."

Mike didn't say a word after listening for a while, as if he was digesting the facts. Finally, Mike said something. "Mo Ling is really wrong. It is wrong to hurt others with this reason. So her death is a good example. "

Mike doesn't think that moling is a pity or a pity in his heart. In his eyes, this kind of ending is caused by moling himself. "So you and William are also entrusted by Yun Yiming to bring back the ashes of moling?"

Joe nodded. "Yes, Yun Yiming still has feelings for Mo Ling."

Mike felt sick when he thought about what Mo fan had said before and his greedy face. If Huo Dongyang really wants to take away moling's ashes, he should meet people like Mo fan.

Mike touches his chin. He has to find a way to stop them from meeting. Because people like Mo fan don't deserve to meet Huo Dongyang.

Qiao Wei saw that Mike had not made a sound, and she called her a few times. After seeing Mike recover, Qiao Wei's voice is not big, "are you ok?"

"Nothing. I was just thinking about something Mike answers.

After dinner, Qiao Wei said he would go to the bathroom. Taking advantage of the gap between going to the bathroom, Qiao Wei wanted to say to pay the bill first, but was told that someone had already paid. After hearing this, Qiao Wei thought it was Mike, so she went to the bathroom without asking.

Mike, who also wants to pay the bill, is also told that he has paid. Mike put away the card in his hand, and Qiao Wei was so speechless that he even rushed to buy the bill. It's also the first time a woman has paid for him. Forget it, who let her be Huo Dongyang's woman.

After talking with her today, I don't have much trouble. Such a woman is not a bad thing around Huo Dongyang. Or in the future his feelings for Huo Dongyang will gradually fade away, so he will have a new start.

It was a rare time for Mike to be a gentleman when he saw him coming. He went up and helped Jovi. "You slow down." Then he was very considerate and sent Qiao Wei back. Seeing Mike's action and manner towards Qiao Wei, I know that he is a good man.

And this scene happened to be seen by others. For Mike, who is a regular in this restaurant, many people know him. Seeing him support a pregnant woman to leave, the news soon spread, saying that Mike, the golden bachelor, had been secretly married and his wife was pregnant. It was really low-key that no one knew.

Of course, Huo Dongyang also heard the news, and his face was not good. His wife becomes someone else's in a flash, which is also not allowed by Huo Dongyang. Mike really dares to be so aboveboard. He has been holding his breath in his heart.

"Boss, get in the car." Jason reminds me.

Huo Dongyang no longer went to hear those people's words, opened the door and got on directly.

"Boss, those people don't know the truth, so don't be angry."

Huo Dongyang gave Jason a cold eye. "If it was you, would you be relaxed?"

"I don't have this yet?" Jason was smiling, so he couldn't answer.

Huo Dongyang was worried, so he asked Jason to drive home. He would go back to have a look. Jason thinks Huo Dongyang is too nervous. In fact, this lady and Nicole will be OK. There will be a meeting in the afternoon!

Huo Dongyang hummed and took out his mobile phone to call Qiao Wei, but Qiao Wei's phone line was always busy. This also makes Huo Dongyang frown, his heart also follow some uneasiness.

"Jason, drive faster."

"Yes

On the other side.

Mike, get Joe back home safely.

"Thank you for bringing me back." Qiao Wei gets out of the car and says to Mike.

"You're welcome." Mike answers. "You go in!"

"Well, be careful on your way."

Mike doesn't like to hear these words, "in this city, I can't do anything with my eyes closed. Don't say that to me in the future. "

After hearing this, Qiao Wei thought that Mike might have some taboo to these words. She nodded after them, "OK!"

Mike backed up to leave when he saw Qiao Wei enter the house. At this point, Mike sees Jason's car coming. It seems that Huo Dongyang has come back. It is estimated that he has also received the news. He stopped the car and got off the bus. At the same time, he saw Huo Dongyang get out of the car.

Mike laughs and looks at Huo Dongyang coming. His face is very ugly. "William, what a coincidence?"

"Unfortunately!" Huo Dongyang replied. "You should know that I've been following."

The smile on Mike's face became brilliant. "So worried about your wife? William, what to do? I seem to like her too

This word comes out to Huo Dongyang is a kind of provocation, Huo Dongyang does not move the look, clenches the fist also is ready to hand at any time.

"I found out today that she is a very attractive person." Mike goes on. "William, so we always have the same taste!"

Huo Dongyang's eyes burst with cold air. "Are you sure you want this?"

"You should know what I am, too!" Mike continues to challenge. "I never talk empty, William. Maybe I'll compete with you."

"Jovi and I are husband and wife."

"Ha ha..." Mike laughs. "It doesn't matter. It's not at home. I don't need any ethics."

"You

The first time I saw Huo Dongyang so restless, Mike also made money. He knew what he was going to say, and Huo Dongyang would not be polite to him. "William, I'm going ahead of time."

Mike quickly disappears in front of Huo Dongyang, so as not to suffer. Huo Dongyang is very angry, and he must be extraordinary.

After watching Mike's car disappear, Huo Dongyang asks Jason to wait in the car. He wants to go in and see Qiao Wei, otherwise he won't be at ease.
