

Warm Wife 441

[Chapter 441](#)

police office.

The police are recording a confession to Yao Yu and the other three people, but Yao Yu denies that he did not want to capture Su Moli, and points the spear directly at Su Moli and hits him first.

Su Moli and Yun Yiyan sit on the other side, holding Yun Yiyan's coat on her body and a blanket on her legs. But her eyes are firm, she must not worry about Yao Yu's accusation.

Yun Yiyan takes a look at Su Moli. "Are you not afraid?"

"What am I afraid of? Have I done anything wrong?" Su Molly replied. "He should worry about himself."

Su Moli, who is so confident as Yun Yiyan, seems to have recovered. Fortunately, her emotions come and go quickly. If she still cries, then she really doesn't know what to do?

Yun Yiyan reaches out and rubs his knee. The old injury seems to have recurred. But he didn't say it. He just wanted to go home early.

Su Mo Li sees cloud Yi Yan's hand to press on knee all the time, "just that son of a bitch just now did you hurt before?"

"I'm fine. Just have a rest."

Molly is still worried about what she says, so she should not believe in anything. Or he is not his relatives, nor is he the person in his heart, he will not tell himself so easily.

At this time, Xia yueqian and Xia Mingde arrived in a hurry.

"Yi Yan, are you ok?" Xia yueqian immediately went to ask Yun Yiyan.

"I'm fine." Yun Yiyan replied.

Hearing that Yun Yiyan said it was ok, Xia yueqian was also a little relieved. He noticed that Su Moli was sitting next to Yun Yiyan. After seeing Su Molly's body and her injuries, "you are..." Must have been bullied!

"I'm fine." Su Molly replied.

Xia Mingde looks at his little son, his eyes are all worried. "How long will it take now?"

"Wait for the confession."

Xia Mingde looked around, then went to one of the policemen and said, "let the director come. Just say xiamingde is here

Yun Yiyan saw Xia Mingde like this and wanted to find privileges for himself, so he quickly stopped him. "Dad, don't do that! We still follow the process. "

Seeing this, Xia yueqian also continued: "Dad, listen to Yi Yan's words. Besides, you are retired. "

"What happened to retirement? It's just watching my son wait here. " Xia Mingde said angrily.

"The momentum of Mayor Xia is still so strong." The new captain of the Public Security Bureau, Ryan.

Hammond looked at Ryan. "You are..."

"I'm Ryan. I'm the captain who took office last month." Ryan replied. "I've learned about what happened just now, and I'm sure it won't be long."

"It's better to be like this!"

So Molly stares at Ryan when she shows up. Can this man be him?

"Brother Leizi?"

Hearing the address, Ryan looked at Su Molly and exclaimed, "Molly!"

"It's me!" Su Molly nods. "I didn't expect to see you here."

Ryan noticed the wound on Su Molly's face and saw that the clothes inside her coat seemed to be torn. He walked quickly to Su Molly. There was anger in the tone, "what did they do to you? Is it useless for me to teach you that before? "

"Yes, but lack of practice leads to fatigue." Su Molly replied.

Ryan had pity in his eyes when he heard Su Molly's words. "It doesn't matter. Since you're back, you should strengthen your exercise."

"Are you going to train me like before?" Su Moli really felt tired when she remembered that time.

"No?"

Su Molly smiles. "I'm not willing to. Grandfather, they don't like it

Su Molly and Ryan just leave the rest of the world on the back and forth like this. Yun Yiyan can also tell from their conversation that their relationship is very good. What's more, Yun Yiyan feels that Ryan seems to have an unspeakable feeling for Su Moli.

Ren Yuguang also saw Yun Yiyan observing himself and Su Mo Li. It seems that the coat on Su Molly should be his. Although he took office only last month, he is also familiar with the situation of a city. But now what is the relationship between Yun Yiyan and Su Moli?

"Captain Lei, we're going to record a confession for Yun Yiyan and Su Moli." One of the policemen came.

Ryan gave Yao Yu and the three men a sharp glance, and then directly ordered, "take them off first. The rest is slowly under investigation. "

"Yes

Ryan looks at Yun Yiyan. "You can go back."

"Lei Zi Ge, these men can't let them go. In particular, Yao said he would attack me before! So I paid them to get me. If there's surveillance over there, you can check it out! "

Facing Su Molly, she said this without changing her face. Raine coughed unnaturally, which made Su Molly a little more restrained. After all, it was still a police station, and her words should be a little more civilized. "I mean it." Su Molly added anxiously.

"I'll find out." Ryan replied. "You can rest assured!"

Su Molly nods. "OK, I'll wait for your message. You can't break your promise."

"I told you when." Ryan replied.

Su Molly looks at Ryan and smiles, "thank you."

"You're welcome. Go back and have a rest." Ryan said. "I'll take care of things here."

Hearing Ren's words, Xia Mingde comes forward to help Yun Yiyan. "Yi Yan, we're home."

Yun Yiyan wants to stand up with Xia Mingde's strength, but when his knee hurts, he presses his hand on the chair beside him. Xia yueqian sees Yun Yiyan's appearance, he immediately squats down to give Yun Yiyan inspection.

Su Molly looked at all this situation, and her heart also followed. "Yun Yiyan, what's wrong with you?" Didn't you say it was ok? I think something's wrong with him.

Xia yueqian touches Yun Yiyan's knee, and he rolls up his trousers immediately.

Su Molly's heart is shaking when she sees the large and small wounds on Yun Yiyan's knee. What he has experienced, what can she see now is the situation after the traffic accident, and his leg has been recovered after numerous surgeries and reexamination. Su Molly also saw Yao Yu just kick that place a red, her tears are also full of eyes.

Xia yueqian helped Yun Yiyan do the examination, "we will go to the hospital immediately."

"The more humble, Yi Yan's situation is very serious?" Xia Mingde is worried.

Xia yueqian nodded, "I'll call a car to pick us up."

Huo Dongyang's voice just came. "Take my car. Hurry up."

"Good!" Xia yueqian didn't feel surprised to see Huo Dongyang coming. He should also come to inquire about the situation, and he will definitely make a move when necessary.

Xia yueqian helped Yun Yiyan stand up. "Slow down. I think you've really hit the hospital recently. The front foot has just come out of the American Hospital, and it will go to the hospital again. What do you say to do? "

"Cold sauce!" Yun Yiyan replied.

When Su Molly saw that they were leaving, she asked, "can I go with you?"

[Chapter 442](#)

Su Molly's words also let Yunyiyan, who was about to start, stop their steps.

Xia Mingde takes a look at Su Moli. Her eyes are full of discontent. They all say that beautiful women are a disaster. This sentence is really right, this time is not because of this, how can his son have an accident again! Before he heard Xia Yueqian say something about Su Moli, how can a woman with such past experience marry into the Xia family. The Xia family can accept a divorced woman, but never a notorious woman.

In the past, people who grew up in those places would not be clean. Maybe they would have the habit of smoking and drinking alcohol. He could not accept all these things. In fact, she caused this incident today, so she hurt her son.

"No!" Xia Mingde spoke directly, and his attitude was also very firm.

When Xia Yueqian heard his father's words, he also knew his temperament. If he was stubborn, his temper would not be acceptable to everyone. What's more, he used to be a mayor, and he was a conductor.

"Dad, let's go!" Xia Yueqian pulls Xia Mingde away.

Su Moli is in pain. Xia Mingde's attitude has become obvious just now. He doesn't like himself, even with a dislike. But what she didn't understand was why?

Seeing a group of them leave, Su Moli is still worried. Yun Yiyan still wants to go with her. Ren on one side reaches out and pulls her. "Where are you going?"

"I want to see Yun Yiyan, or I won't be at ease. This is because of me Su Moli explained.

Ryan's brows wrinkled, and his heart felt bad. Su Moli and Yun Yiyan must have something to do. "What is the relationship between you and Yun Yiyan?"

Su Moli looks at Ryan, and of course she won't hide it from him, who was like a brother since childhood. "Brother Leizi, I like Yun Yiyan!"

As soon as this sentence came out, Ryan's face became gloomy. He always thought that Su Moli would not easily say that he liked any man, so he would let her go abroad only a few years ago. Thinking of her coming back, I can be by her side again. But he didn't expect that Su Moli had given himself such a big surprise.

Ryan's feelings, which had been hidden in his heart for many years, were thus strangled. He clenched his fist. No one knows Su Moli better than himself. People with complicated backgrounds like Yun Yiyan are not suitable for Su Moli.

"You and he can't be!" Ryan said coldly.

"Why, Rezi? Why don't you even support me?" Su Moli can't understand why her brother, who has known her since childhood, is against herself in this way. "Rezi, I thought you would support every decision I made as before."

"That was before! Now that you've grown up, you can't be as wayward as you used to be!" Ryan replied.

"Brother Leizi, why don't you think highly of me and Yun Yiyan?" Su Molly doesn't understand. Everyone has this attitude.

When Ryan heard Su Molly's words, he was a little relieved. It seemed that he was not only against it, but also the people from Yun Yiyan's side were not optimistic. Although he has just taken office, he is only a witness of what happened in a city two years ago.

Su Moli was in a low mood. "Brother Leizi, can you give me an analysis?" In the past, Ryan would analyze and reason with Su Molly if she had anything that she couldn't think of. So now Sumeria wants to hear from Ryan.

"His family background is very complicated!" Ryan said, looking at Su Molly in a low mood

Su Molly said, as if with some doubts, "his family background?"

"You just came back and you may not know." Ryan went on. "Xia Mingde and Xia yueqian who just came here are the father and brother of Yun Yiyan! Yun Yiyan's household registration has been transferred back to the Xia family. His current name is Xia Yiyan, but for others, he is still the second young master of the cloud family! "

This is also an open secret of the Bureau. Of course, they will not talk about it outside. Because Xia Mingde also said hello to all departments before. This should also be done in order to maintain the identity of Yun Yiyan as the son of Xia family! Or their relationship is not as simple as what they already know.

Su Moli is stunned and stunned. The relationship between Yun Yiyan and Xia's family is like this. Before that, she also heard that Yun Yiyan was called Xia yueqian's elder brother and Xia Mingde's father. Well, when she asked Yun Muxin before the combination, if Yun Yiyan would also be called Uncle Huo Dongyang, Yun Muxin said that she didn't need to.

Now all this seems to be explained clearly. It turns out that there is such a reversal in Yun Yiyan's life. It's really incredible. But his heart is more painful to him! Why do you have to let him go through this? The car accident, her life experience, and the hidden secrets behind her make su Molly feel sad.

Su Molly reaches out and takes Ryan's hand. "Brother Leizi, I still want to go and have a look, otherwise my heart will really feel uneasy. After all, it's because of me. I should go and see it anyway. "

Ryan knows what Su Molly is, and what's good won't change. He hopes that Su Moli's affection for Yun Yiyan is just a flash in the pan, and it will be OK after a while. If she really takes Yun Yiyan seriously, what should she do? Thinking that Ryan would not go, Su Molly thought of going by herself. Ryan sighed. "If you want to go, you have to change your clothes! Is it not good for you to wear it like this? "

Su Moli looked down at her face, but she was really embarrassed. That's why Yun Yiyan's father just showed that expression just now. He must have thought that he was one of those immoral women!

Hospitals.

Xia yueqian takes Yun Yiyan for an examination. Huo Dongyang and Xia Mingde sit outside and wait.

Xia Mingde is worried all the time. He thinks everything will be OK after he comes back from America. It turns out to be the same now.

"Yun Yiyan will be OK. Don't worry too much. " Huo Dongyang also felt Xia Mingde's tension.

"Mr. Huo, that Su Mo Li..."

Huo Dongyang didn't know what happened at the beginning. He also received the news that Yun Yiyan and Su Moli had entered the police station together before going to have a look. He doesn't care what happened. He just thinks that Yun Yiyan's attitude towards Su Moli has changed, otherwise they won't be there at the same time.

"Mr. Xia thinks that Su Moli is not good?"

"Well!" Xia Mingde nodded. "I heard yueqian talk about her past."

Huo Dongyang understood Xia Mingde's meaning. In fact, on the way to the hospital just now, he also felt Yun Yiyan's maintenance of Su Moli. He said it had nothing to do with Sumeria. Just now he asked Xiang Qing to inquire about it. Su Moli, a little pepper, seems to have done a heroine to protect Yun Yiyan. This sounds like a very delicate and fresh thing.

"Mr. Huo!" Su Molly's voice came.

[Chapter 443](#)

Huo Dongyang raised his head and looked at Su Moli who was in a hurry. At this time, she had changed her clothes.

But the wound on her face became so obvious that there was a bruise in her cheekbones, which clearly appeared on her white face. Seeing her rush to his face, gasping, "Mr. Huo, how is Yun Yiyan?"

Huo Dongyang can see that Su Moli is really worried about Yun Yiyan. "Now I don't know. I have to wait for the results of the inspection."

"Sorry! It's because of me that I hurt Yun Yiyan. " Su Molly apologizes to Huo Dongyang.

Huo Dongyang suddenly felt funny, this attribute seems to be reversed. This is the first time Huo Dongyang said it from a woman's mouth for the first time. This feeling is really strange.

Xia Mingde looks at Su Molly, no matter how she looks at her, she feels uncomfortable. "What are you doing here? You are not welcome here. "

Su Molly knew that Xia Mingde was angry, and she also said sorry.

"You go back!" Xia Mingde looked at Su Molly, and looked at him scolding. He didn't go on.

Ryan stopped the car and got up again. As soon as he got up, he saw that Su Molly kept apologizing, which made him feel bad. When the former Sumeria received such treatment, no matter her grandfather and father, or he did not say a word to her. But now that she was treated like this by other outsiders, his heart must be uncomfortable.

"Molly, that's enough! You don't have to be responsible for it. " Said Ryan.

Huo Dongyang raised his eyelids and took a look at Su molli. If he didn't hear him wrong, he seemed to be named Ryan, the new captain of the police station. I can see that he has a good relationship with Su

Molly, but he has some obvious thoughts on Su Molly. But look at him and Su Molly's appearance, seem to have not found this.

Huo Dongyang quickly retracted his eyes, in fact, love between men and women is very normal. These things are often seen more clearly by the bystander than by the party concerned. I hope they don't develop into a complicated triangular exercise in the future.

Xia Mingde is not happy to see Ryan helping Su Molly to get ahead. But now he is a new force in the police department, and he is not good at tearing his face. He looks at Su Molly. "Captain ray is right. You can't be blamed for this. You are also the victim. But the girl's family should be reserved

"I see." Su Molly nods.

"Captain ray, take your men home! You are not needed here. " He went on.

Ryan goes up to lasumile. "Molly, let's go back first."

Su Moli shakes her head. She still wants to know about Yun Yiyan, or she won't go. Her heart has been hanging, and even she thought that if Yun Yiyan had something to do, she would take care of him. She thought about it all on her way to the hospital.

Huo Dongyang may also feel that the atmosphere is a little oppressive, "all sit down!"

When Ryan heard Huo Dongyang's words, he stretched out his hand and pulled Su Molly to one side and sat down. He also knew that Su Molly didn't want to go, so he could accompany her to wait here.

See Huo Dongyang speak, Xia Mingde also did not have much to say, how to say he also give Huo Dongyang a face. In the past two years, without the help of Huo Dongyang, Yun Yiyan would not have been today.

After a while, Xia yueqian came out of the examination room. He took off his mask, and as soon as he was about to speak, he saw that Su Molly had rushed in front of him.

"Miss Su..."

"How is Yun Yiyan?" Su Molly asked anxiously.

Xia yueqian saw Su Moli's worried eyes and changed her mind. "Pull the tendon..."

"Serious?"

Xia yueqian's words have not finished, Su Moli interrupted, this time really know how to say. Is it serious or not?

"It will take a few days to stay in hospital." Xia yueqian finally returned such a sentence.

Huo Dongyang stood up and took a step forward. "The more modest, shall we talk alone?"

Xia yueqian knew that Huo Dongyang said so. He must have something to say, so he nodded. He said to Xia Mingde, "Dad, Yiyan will be sent to the ward in a moment. You can have a look first."

Xia Mingde nodded, "OK!"

Su Moli also wanted to stay and see Yun Yiyan. "Dr. Xia, can I also go to see Yun Yiyan?"

"Well!" Xia yueqian nodded. "But not too long. Yi Yan needs a rest now."

Seeing Xia yueqian's promise, Su Moli quickly nods. "Well, I won't stay long."

Then Xia yueqian and Huo Dongyang went to the office.

Xia yueqian's office.

"What are you going to say to me?" Xia yueqian first asked Huo Dongyang.

Huo Dongyang also had a serious look on his face. "Last time, Smith also said that Yi Yan's leg could not be injured again. If he was injured, he would really spend the rest of his life in a wheelchair. I think you are also aware of this matter. This stretch should have a great impact on him" "Well!" Xia yueqian nodded. He did not dare to speak in front of Xia Mingde because he was afraid that he could not accept it.

Huo Dongyang slightly frowned, "so what is the situation this time?"

"To tell you the truth, I'm also worried about Yi Yan. But when we did the inspection, the worst didn't happen. Yao Yu's foot is not heavy, so the situation is still good at present. This time is also lucky, I was worried at the beginning. But on the whole, it's good! "

Huo Dongyang also breathed a sigh of relief after listening. "That's good!"

"Huo Dongyang, I think Yiyan's attitude towards Su Moli is different." Xia yueqian changed the topic.

Huo Dongyang smiles. "Anyone with eyes can see it."

"Do you think Su Moli will be Yi Yan's man?" Xia yueqian wants to hear from Huo Dongyang.

"Who knows." Huo Dongyang replied. "But if I were Yun Yiyan, I would look at this woman who was trying to protect herself."

Xia yueqian feels the same way. Unexpectedly, Su Moli has such a strong side. This Kung Fu is really good. "Huo Dongyang, I think your description is really good. Su Mo Li is really a hot pepper."

"But I don't think that Ryan is a gas-efficient lamp either." Huo Dongyang added.

"He likes Su Mo Li!" Xia yueqian looks at Huo Dongyang and answers. It's so obvious that you can see it at a glance.

Huo Dongyang always points to stop, and others will not say more, "take good care of Yi Yan. I'll go back first."

"Well!" Xia yueqian nodded. "Don't worry."

Huo Dongyang just left the door of the hospital when he saw Su Moli waiting there.

Seeing Huo Dongyang come out, Su Moli immediately stood up straight, "Mr. Huo..."

"Didn't you go to see Yun Yiyan? How could it be here? " Huo Dongyang asked.

"His father won't let me see him." Su Molly replied.

[Chapter 444](#)

Hearing Huo Dongyang's words, Su Moli really nodded. She did feel aggrieved. She always felt that everyone was denying herself and Yun Yiyan.

Huo Dongyang has some understanding of Su molli's mood at this time. When he was with Qiao Wei, everyone was against it.

"But I can accept it, because that's Yun Yiyan's father!" Su Molly replied.

When Huo Dongyang heard Su Molly's words, he clearly knew that she already knew the relationship. "Is that what captain ray told you?" Although it is an open secret in some departments, others will not know. He also believed that Xia Mingde had already explained this. Now that Su Molly says something like this, it's obvious that someone told her!

As for who this person is, it is not difficult to guess. "Did Ryan tell you that?"

Su Moli is stunned. She seems to have done something wrong, "in fact..."

"What's your relationship with Ryan?"

Su Mo Li didn't expect Huo Dongyang to ask such a question, or Huo Dongyang seemed to misunderstand his relationship with Ryan.

"I grew up with leizige when we were young." Su Molly replied. "He always looked after me like my brother. No matter what I do wrong, he will help me solve it. "

"So when you used to go to bars and places, he agreed with you?" Since she was a childhood sweetheart, Ryan should have participated in Su Molly's rebellious days!

Su Molly's face turned white. The past part was the last one she wanted to be found out, but it was still known. She lowered her head. Although she didn't regret that time, these things would hinder many things.

"Mr. Huo, you already know."

"Well!" Huo Dongyang nods.

"So did Yun Yiyan know?" This is Su Moli's idea that Yun Yiyan is most concerned about. Yun Yiyan will certainly think that he is such a promiscuous woman. Or is it because of this that he always refuses himself!

Huo Dongyang looked at Su molli's expression and thought that she was different from the investigation data. Is there any other bitterness or secret in this? Otherwise, Su Molly would not show such an expression.

"Molly, let's go!" Ryan didn't know where it came from. He looked at Huo Dongyang with displeasure on his face. These people didn't know Su Moli at all. Even everyone looked at Su molli's past with colored glasses.

Huo Dongyang looks at Ryan so obviously protecting Su Molly. He raises the corner of his mouth. "Since you are nervous, take good care of her! Once some people miss it, they can't come back. " With that, Huo Dongyang bypassed them and got on the car.

Ryan looked at the far away car, a little worried. What does Huo Dongyang know? What's more, what he said just now is obviously in the middle of the story, and it's also intentional. It seems that Huo Dongyang is really not simple. He has no idea about his situation. This person must not be underestimated.

Later, Ryan drives Su Molly back.

"Molly, you can go back and have a rest. You're tired today, too. " Ryan said softly to Sumeria.

Su Molly didn't answer. "Rezigo, if they all care about my past section, what do you say I should do?"

Ryan got angry. "Why, do you mind what they think of you?"

"Well!" Su Molly nods.

"Molly, do you really like Yun Yiyan so much?" Said Ryan, suppressing his anger.

Molly thought for a moment and then nodded. "Brother Leizi, I don't know why? I just like him very much

"They'll all mind what you've been through." Ryan knew that he was mean, but he wanted to use it to attack Sumeria. He also wants to tell Su Molly that he is the only one in the world who doesn't mind. Because it was a common experience for both of them, and it was a unforgettable day for him.

Su Moli whispered, "brother Leizi, I don't regret what I did. But I don't want to get in the way of me and Yun Yiyan because of this. "

"You and Yun Yiyan really can't do it!" Ryan said out loud.

Su Molly is also shocked by the sound of Ryan. She is also the first time to see such a kind of Ryan. How could he be so angry all of a sudden! Su Molly pushes the door open. "I'm going back, and you're going back to rest earlier."

Ryan watched Sumeria walk into the villa before he drove away. Because he still has to go back to deal with Su Moli's beating up. Those men actually do such things to Su Molly, which is something they can't stand.

The next day.

Huo Dongyang and Qiao Wei go to the hospital to see Yun Yiyan.

"What do you think?" Asked Qiao Wei.

"I'm fine!" Yun Yiyan replied. "You can be discharged tomorrow."

Huo Dongyang shook his head, "I think you should listen to your brother's words and have a good rest in the hospital. The company has admiration and me

Yun Yiyan feels helpless. Recently, he has really become attached to the hospital.

Huo Dongyang continued: "if you still want these legs, then you have to listen to your brother.""I see."
Yun Yiyan nods. Of course, he also knows that everyone is worried about himself, so he can only listen.

Yun Yiyan looks at the door again and seems to be waiting for someone. In fact, he was a little worried about Su Molly. She got so many punches yesterday. I don't know how she is? Su Molly's tearful eyes flashed through her eyes again.

Qiao Wei saw the difference of Yun Yiyan. "Yi Yan, are you waiting for someone?"

"No!" Of course, Yun Yiyan would not admit it.

Qiao Wei didn't go to expose Yun Yiyan. Last night, she had heard Huo Dongyang say the story. If she had time, she would like to talk to Su Molly alone. She is really a person worth studying.

However, Huo Dongyang did not speak well. He said it in front of his face. "So Molly shouldn't come."

"Why?" Yun Yiyan said this naturally. After that, he felt as if he had said the wrong thing again.

"Your father kicked people out yesterday." Huo Dongyang replied.

Hearing Huo Dongyang's words, Yun Yiyan also felt a little surprised. "Drive away?"

"Well, maybe your dad thinks you're going to get hurt. It's something to do with Su Molly." Huo Dongyang replied, and his words are not very white, it seems that he also wants to save face for Xia Mingde.

Yun Yiyan droops her eyes. In fact, it's not surprising that Su Moli is responsible for this matter. In the final analysis, if she was not for herself, she would not be targeted by such a scum man as Yao Yu. Yun Yiyan also clearly remembers that when Su Moli said she wanted to protect herself, her expression and tone were really too persistent and serious, which was really impressive!

Huo Dongyang saw a daze cloud Yiyan, it seems that the Su Mo Li offensive has a little effect. But the next development should be interesting. This time, he also wanted to see what Yun Yiyan would do.

The door of the room was knocked.

Yun Yiyan raised his head to look at the people standing at the door, with some incredible in his eyes.

Huo Dongyang also felt surprised, and his brow frowned unnaturally.

"Sorry to disturb you!"

[Chapter 445](#)

The man standing at the door is Ryan.

However, with a thermos bottle in his hand, his face was not very good. He kept a close eye on Yun Yiyan, and even with that interrogation look, he showed that Yun Yiyan was a felon.

Huo Dongyang takes a look at Yun Yiyan. Yun Yiyan's eyes are also serious, which seems to be a little tit for tat. Huo Dongyang withdrew his eyes. He looked at Ryan and said, "why is captain ray coming?"

Maybe it's because Huo Dongyang's tone is polite, so Ryan also quickly put away his edge, he nodded to Huo Dongyang, "Mr. Huo, excuse me."

"Come in and talk about it." Huo Dongyang replied.

Ryan came in with the thermos in his hand. His eyes were cool. He put it on the table. "This is what Jasmine asked me to bring!"

"And her?" Yun Yiyan asked naturally.

Hearing Yun Yiyan take the initiative to mention Su Moli, Ryan's face sank again. He looked at Yun Yiyan coldly. "Yun Yiyan, you'd better keep a distance with Su Moli."

When Yun Yiyan heard this, he was upset. Sometimes he just doesn't like to follow others' wishes. With Ryan's attitude and tone, he felt uncomfortable. "Captain ray, in what capacity did you say that to me?"

"You don't care what identity I use." Ryan didn't want to let Yun Yiyan know too much, "you don't deserve Molly. You've done those bad things in the past, which proves you're a man."

Yun Yiyan clenched his hand in a moment. This Ryan would really talk about those things, and he was also very hostile. Of course, Yun Yiyan will not show weakness. He has experienced so many things. If you can't see Ryan's mind, it will be too much.

"You like Sumeria, so you're worried that I'll take her away." Yun Yiyan directly pierces Ryan's secret.

As expected, he was directly exposed by Yun Yiyan, and the expression on Ren's face was somewhat unnatural. "These are my business, you don't have to deal with it!"

"In this case, I hope you don't care about my business!" Yun Yiyan countered.

Huo Dongyang, standing on one side, has a mentality of watching a play. This kind of drama used to be very annoying, but now it seems interesting. However, Qiao Wei, who stood beside him, was worried. How could Ryan say that he was a police captain? If there was a fight, Yun Yiyan would certainly suffer.

"Yun Yiyan, my task today has been completed, go first!" Ryan obviously didn't want to spend time here. He didn't want to stay in the same space with Yun Yiyan, because he was afraid that he would be out of control.

Early this morning, Su Molly called herself and said she had something to ask for. Ryan was worried about what happened to Su Molly, so she rushed to her place, but she didn't expect that she would let herself be a courier. Her face has swollen up, so she dare not come to the hospital to see Yun Yiyan.

At first, he really didn't want to come, but he could only agree to Su Molly's request. He knew that Su Molly was serious this time, and he was also a little flustered. So he wants to start from Yun Yiyan, but now Yun Yiyan is not cold to Su Moli. This time, it seems that his feelings for Su Molly have changed. He must find a way!

Yun Yiyan looks at Ryan's changing eyes and can see his contradiction. "Take your time, no delivery."

Ryan turned around and left, as if it were a smart turn, but it seemed that his back was a little heavy.

Huo Dongyang looked at a smile, "are you ready to PK with Ryan?"

"Why should I PK him?" Yun Yiyan replied. With that, Yun Yiyan's eyes fell on the thermos bottle. Can su Mo Li's food be eaten?

Yun Yiyan also seems to notice that Huo Dongyang is secretly paying attention to himself, and he opens his mouth. "You go back! I'm fine. I don't have to be with you. "

"Well, I'll go back with Jovi first." Huo Dongyang nodded, and then went to take Qiao Wei's hand. "Go home!"

Yun Yiyan was left alone in the ward. He reached out to open the thermos. Once opened, I immediately smell a burst of fragrance, very rich bone soup! It looks like a soup that has been cooking for a long time.

Yunyiyan picked up a spoon and drank some soup. The taste was good, not even worse than Qiao Wei's. Yun Yiyan then drank all the soup. This time, he felt that he had such a good appetite.

After drinking, Yun Yiyan really wants to know why Su Moli hasn't come, and he doesn't want people to check Su Moli's phone number. But think of her yesterday's situation, it seems that really hurt, so will not come. Now I don't know if her condition is serious.

"What are you thinking?" As soon as Xia yueqian came in, he saw his brother in a daze.

"Nothing." Yun Yiyan came back to his mind.

Xia yueqian continued to examine Yun Yiyan's legs. "How do you feel today? Does it still hurt? "

"Much better." Yun Yiyan replied.

Xia yueqian made a record. He looked at Yun Yiyan and said, "you have to get better soon. The wedding of Mu Xin and I is still waiting for you."

Yun Yiyan's forehead is short-term black line, "need me to coolie!" "No. Huo Dongyang took the initiative to take charge of your work. " Xia yueqian continued. "So your job now is to take care of yourself."

"Good..." Yun Yiyan deliberately lengthened his voice.

Xia yueqian hesitated for a moment, or decided to tell Xia yueqian. "By the way, I just got a call from Mu Xin. Qin Hao and Jian LAN will also come back to attend the wedding

Yun Yiyan's face sank. He didn't expect Qin Hao and Jian LAN to come back. "Is Jian Lan's situation OK?"

"I'll come back without any problems." Xia yueqian replied.

"When will they arrive?" Yun Yiyan asked.

"It seems that next week has been set. Huo Dongyang will pick them up

Yun Yiyan frowns. Qin Hao and Jian LAN will come back. There are so many things recently that I forget the things before. Although he has sent his blessing, but again facing them, it seems that there is some embarrassment. We have to find a way to deal with it.

Xia yueqian sees the tangle of Yun Yiyan, "Yi Yan, do you want to find a female companion at the wedding?"

Cloud Yiyan looked at Xia yueqian, "it's so easy to say, where to find it?"

Xia yueqian said with a smile, "if you want to find something, it's very simple. Isn't there a ready-made one now?"

"Ready to use?" Yun Yiyan didn't turn the corner for a moment. He didn't think that the person Xia yueqian said was su Moli.

Xia yueqian nodded mysteriously, "I think she should be very willing to be your female companion!"

"Who is it?" Yun Yiyan asked.

Xia yueqian even pointed to the thermos bottle on the table, which actually had a jasmine flower on it. Yun Yiyan was stunned when he saw it, but he still had such a meaning.

Seeing his younger brother now, Xia yueqian said with a smile: "what a beautiful jasmine, fragrant and beautiful branches, fragrant and praised by white people..."

[Chapter 446](#)

Yunyiyan listened to Xia yueqian's words and frowned.

"What is this?" Yun Yiyan sent a question.

The smile on Xia yueqian's face became deeper. "It's a very famous song. It's called a beautiful jasmine."

"Get out of here!" Yun Yiyan stares at Xia yueqian, and seems to be angry. I was joked like this.

Xia yueqian not only did not go out, but sat down on one side. He put away his smile with a little serious expression. "Yi Yan, what do you think of Su Mo Li? There are only two brothers here. You can talk about it

Yun Yiyan saw Xia yueqian want to talk to himself. He didn't refuse. He just felt a little restrained. In the past, Yun Yiming never talked to him like this. When he was young, he would play together. However, when he was 18 years old, he probably knew his life experience, and the two gradually became estranged.

After so many things happened, although he and Xia yueqian recognize each other. They have talked about other things before, but they seldom face an interview with such solemnity. This time, they still talk about their own emotional problems, so they are really a little embarrassed.

"Why don't you talk?" Xia yueqian looks at Yun Yiyan and is silent.

Yun Yiyan looked at Xia yueqian, "some are not used to it."

Hearing this, Xia yueqian was also a little sad. As a brother, I seldom talked with my brother in the past. He is really not good at this point. He must improve it in the future. In this way, Huo Dongyang does better than himself. He really pays attention to Yun Yiyan just like an uncle, and sometimes he cares and takes care of Yun Yiyan like a brother.

Once Yun Yiyan has anything, he will appear and show concern. Or it is only Huo Dongyang who will ignore the past to help and care for Yun Yiyan. His brother is not as good as Huo Dongyang.

Xia yueqian with self mockery said: "my brother is really quite a failure, unexpectedly can not compare with Huo Dongyang."

Yun Yiyan also seems a little speechless. "This seems to be a little far away."

"OK, back to the theme." Xia yueqian said.

Cloud Yiyan's eyes inadvertently swept the thermos again. Did he really have no idea of Su molli?

"Brother, what do you think of Su Molly

Xia yueqian immediately remembered Huo Dongyang's description of Su Moli, "I think Huo Dongyang is quite accurate."

"What did Huo Dongyang say?"

"He said that Su Mo Li is a small pepper." Xia yueqian replied.

Hearing this description, Yun Yiyan really thinks of Su Moli. Thinking of her desperate appearance for herself, she was also the first woman who said to protect herself in front of herself. This kind of feeling is also very fresh, this small pepper so listen to also feel good.

Seeing Yun Yiyan's expression, Xia yueqian continued: "do you think this description is very vivid. I later think about it and think it's true. People used to say that women are made of water. But the few around us seem to have nothing to do with water. "

"Brother, that Ryan likes her!" Yun Yiyan replied.

"They are childhood sweethearts. In fact, Su Moli's personality is really popular with some men. Just like her, she can already fascinate many people. Yao Yu's case is an example. What's more, Ryan, who grew up with her

"....." For this, Yun Yiyan did not speak.

Xia yueqian then told Yun Yiyan all the things he knew. After listening to it, Yun Yiyan felt a little strange. The daughter of the Su family had such a life experience.

"When I first found out, to be honest, I really didn't want you to have anything to do with her." Xia yueqian said. "And dad won't like it. My father said before that he could accept a divorced woman as a daughter-in-law, but he would never accept a woman with a rotten past life as a daughter-in-law. "

Yun Yiyan is listening to Xia yueqian, but he also has some questions in his heart. If Su Molly was really like that in the past, now there should be some habits left behind, but she really didn't feel it. Or was the situation wrong? It's also hard to say.

"Brother, do you have any more?"

"What? You want to know more about her? " Xia yueqian smiles.

Yun Yiyan shook his head, "it's not. It's just a bit of a surprise. I don't think Ryan would like her if she was really like that. Don't forget that he is a policeman now

After Yun Yiyan said this, Xia yueqian also felt that there was some truth. "Yes, is there any other secret?"

Later, a nurse came to call Xia yueqian to the meeting, "you have a rest first, I will hold a meeting."

"You go to work!"

The ward is quiet again. Yun Yiyan is thinking about what Xia yueqian said just now. "So Molly, what kind of person are you?"

The Su family.

Su Molly is lying on the bed. She frowns, her cheek is red, and the bruise on her right face is more and more obvious. But look at her appearance, also seem to be afflicted. Liu opened the door of Su Molly's room. "Miss, it's time for lunch."

I didn't hear Su Molly's voice. Lao Liu was a little nervous. I came back very late yesterday. I didn't sleep for a few hours. I got up at five in the morning to cook soup. Lao Liu also obviously saw Su Molly's face bruised. It seems that she had a fight. But asked what happened to her, she said it was OK.

Fortunately, Su Weiming was not at home these two days, otherwise he would be worried. After returning home a few years ago, Su Molly said that she would be obedient and would not go to bars and other places. She would listen to her family. Because he was worried that Su Molly would contact those people, Su Weiming sent Su Molly to study abroad.

"It's late, miss. It's time for you to get up and sleep after dinner Lao Liu spoke again.

Su Molly wanted to talk, but she was really tired and her throat was as hard as being burned by fire.

Seeing something wrong with Su Molly, Lao Liu immediately went to the bedside and found that Su Molly was a little strange. He quickly reached out and touched Su Molly's head. It was very hot! Oh, no, I have a fever!

"Miss, you have a fever." Lao Liu said anxiously.

Su Molly opens her eyes with difficulty. She is really upset now. "Lao Liu, I want to drink water."

"Good! Wait a minute, miss Lao Liu ran to pour Su Molly a cup of warm water.

Old Liu helped Su Molly to sit up. "Miss, the water is coming."

Su Molly drank a few sips. "Lao Liu, I still want to sleep."

"Miss, I have a fever. Why don't we go to the hospital?" Lao Liu said anxiously. Su Molly seldom gets sick, but once she gets sick, she can be very serious.

So Molly lies down by herself. "No, you can get me some medicine. I'll take a medicine and sleep."

Looking at Su Molly lying down after taking the medicine, Lao Liu is still worried. He thinks about going or going to make a phone call.

[Chapter 447](#)

Half an hour later.

After receiving the call from Lao Liu, Ryan, who came in a hurry, grabbed Lao Liu as soon as he entered the door.

"Molly, what's going on?" Ryan asked nervously.

Lao Liu said to Ryan with a worried face: "master Lei, Miss Lei has a fever. I just took the medicine and went to sleep again. "

Ryan bypasses old Liu and runs directly to Su Molly's room. Seeing Su Molly lying on the bed, Ryan's eyebrows wrinkle tightly. It seems that she has had problems in the morning. As a result, the girl pretends to be calm and doesn't want to worry about herself.

Ryan sits down by the bedside of Su Molly. He reaches for her forehead. It's really hot. It seems that the medicine doesn't work at all, and Ryan thinks he still has to send Su Molly to the hospital. If it doesn't, it will only get worse. Her body is also strange. When she is OK, she can do everything well. Once she was sick, she would suffer a lot.

The more he thought about it, the more worried he became. He began to call Su Molly softly. "Molly, wake up..."

But Su Molly was sleeping so heavily that she didn't react at all. Or it's the effect of the medicine. She really sleeps. Without saying a word, Ryan picked up Su Molly directly. At this time, he couldn't drag it down. He had to go to the hospital first.

Seeing Ryan holding Su Moli out, Lao Liu immediately said, "master Lei, this is..."

"Lao Liu, clean up and follow me to the hospital. Molly's situation can't be delayed. " Said Ryan.

"Good! I'll be ready in a minute. " Lao Liu turns to help Su Moli clean up.

Ryan drives Su Molly to the hospital. Although he doesn't want to take her to the Central Hospital, this is the best hospital in a city. So even though Yun Yiyan is here, he can only bear it. I hope they don't meet.

Su Moli was immediately sent to the emergency room for examination, and the doctor on duty in the emergency room today happened to be Xia yueqian. In fact, Xia yueqian is also a substitute for the class. There are not enough people in the emergency room today, so he was asked to come to the clinic.

Seeing Ryan holding Su Molly in his arms, Xia yueqian was stunned for a moment. What's the situation? It seems that something is wrong with Su Molly.

Raine carefully put Su Molly on the bed. "Doctor, please hurry up!"

Because Xia yueqian was wearing a mask and a pair of glasses, no one recognized him at once, so he was urging Xia yueqian to move quickly.

Xia yueqian also deliberately lowered his voice. "What's the situation?"

"She has a fever." Ryan's back.

"This fever is normal. It will last for a few days." Xia yueqian replied. "So you don't have to be too nervous."

"Her condition is very special. If she gets sick, a lot of things will happen together. If you don't pay attention, it will be dangerous. " Said Ryan anxiously.

Xia yueqian took a look at Ryan, "did you bring the previous medical records?"

"Lao Liu, give the doctor the medical records before Molly." Ryan called out to Lao Liu.

Seeing Lao Liu put the medical record on the table, Xia yueqian took a look. "Well, you went out first. I'm going to have an examination on my side. "

The nurse quickly asked Ryan and Liu out and closed the emergency room door. Xia yueqian went to check Su Moli. The heat on her forehead was really frightening. Xia yueqian also took the temperature of the nurse.

Xia yueqian continues to help Su Moli do the examination, the bruise on her face is really obvious, and her face is also a little swollen. There are also some scars on this shoulder. It seems that Su Moli didn't deal with it after she went back yesterday. It could be an infection or inflammation of the wound that caused the fever.

Outside the emergency room, Ryan is walking up and down. He's just worried about Su Molly. In the past, she had such a situation, but she was really ill for a month before she got better.

Seeing that Su Molly was miserable, his heart was also suffering. So he didn't want that to happen again.

Looking at the anxious Ryan, Lao Liu said, "master Lei, you'd better sit down! You make me more nervous

Ryan seemed worried that Liu would see other problems, so he went to the other side and sat down to wait for the results. I hope Su Molly is OK, or the consequences will be very serious.

Ryan's cell phone rings and the bureau is on duty. After listening to the phone, Ryan had to leave. After all, he had just taken office. Many things were done by himself. He took a look at the emergency room door. "Lao Liu, you stay here to take care of Molly. I have something to leave first."

"Master Lei, go ahead and get busy." Old Liu understands that the nature of Ryan's work is different from that of ordinary people, which he can understand.

"Call me whenever you need anything." Ryan said something before he left.

Time seemed to have been calculated again. Just a minute after Ryan left, Xia yueqian came out. He came out and didn't see Ryan. Did he go first?

"Doctor, how is my lady?" Lao Liu asked immediately.

Xia yueqian took off the blindfold, "where was the gentleman just now?" "He has something to do." Liu replied.

Xia yueqian deliberately continued to ask: "so this husband has gone, the wife's situation has been ignored? I was in a very anxious way just now. "

Liu heard Xia yueqian, immediately made an explanation: "that is not the husband of Miss, they are just good friends."

"Are you?"

"I'm the miss's family." Liu then replied. "How's my lady doing?"

Xia yueqian ordered his head. "It's OK! The delivery was timely, so you were not worried about the situation. I just gave her a fever relief needle to see how the next situation decided the next treatment. "

Hearing this, Liu was relieved. It was fine! Xia yueqian also intentionally continued: "I think Miss Su is hurt all over, can't be domestic violence or be abused?"

"No!" Liu left and shook his head.

I don't want to explain too much when I see Liu, so Xia yueqian doesn't want to ask. "A nurse will send Miss Su to the ward. You will go through the hospitalization procedures first."

"OK, thank you!"

Xia yueqian watched Liu go to go through the procedures of hospitalization, and he also told the nurse to take care of Sumeria. Then he also took the news to find yunyiyan.

As soon as he entered the ward, Xia yueqian immediately called, "Yi Yan!"

Yun Yiyan put down the book in his hand. "What's the matter?"

"Guess who I saw just now?" Xia yueqian said to yunyiyan. Yunyiyan is not very interested. He keeps looking with the book again.

Xia yueqian looked at Yun Yiyan in a calm manner, and he continued: "I saw Ryan holding Sumeria to the emergency room."

The movement of yunyiyan was stiff. "What did you just say?"

"Sumberry had a high fever. I have arranged for her to be hospitalized." Xia yueqian replied.

Yunyiyan heard that Sumeria had a fever and asked in a hurry, "how is her situation now?"

"The wound was inflamed, causing her to have a fever." Xia yueqian replied. "It seems that she was still a bit badly hurt yesterday."

[Chapter 448](#)

In an hour.

In Su Moli's ward, Yun Yiyan comes to see her in a wheelchair. Now she is really haggard than she saw yesterday, her face is very pale.

Yun Yiyan pushed her wheelchair to Su Moli's bed, but she still didn't wake up. I'm really not used to her quiet appearance. I'm not angry at all.

Yun Yiyan also saw the bruise on the face that Xia yueqian said just now. Yesterday, the man really laid a heavy hand on it. Yun Yiyan's brow also frowned, a good-looking face because of this obviously some abrupt.

Su Molly's hand is a little bit, and her mouth is also whispering her mother. "Mom, I miss you so much!"

Then Yun Yiyan also saw tears from the corner of Su's eyes. Yun Yiyan saw that Su Mo Li was not used to it. He reaches out to wipe Su Molly's tears. It seems that this is the most real time for her.

When Yun Yiyan's hand is just about to be taken back, Su Moli reaches out and grabs his hand. "Mom, don't go!"

Yun Yiyan felt that he had become Su molli's mother's substitute at this time. Although he was speechless, he didn't open Su molli's hand. Thinking of Su Molly in such a situation, he had a good heart.

Su Moli clenched Yun Yiyan's hand. His hand was a little cold, but it gave her a very comfortable feeling. So Su Molly frowned slightly, and then she was quiet.

Yun Yiyan can also feel the heat in the palm of Su Mo Li's hand. It's not going to burn your brain, right? Originally not intelligent person, if really burned the brain, that will be more stupid?

Yun Yiyan sees that Su Moli's drip is almost finished. He slowly pulls back his hand and prepares to ring the bell for the nurse to come and pull out the needle. As a result, as soon as her hand was back, Su Molly slowly opened her eyes.

Su Moli feels that she has seen Yun Yiyan vaguely. Is this a dream or a real one? Her voice is a little hoarse. "Yun Yiyan?"

"Well, it's me!" Yun Yiyan nods. Then he rang the bell for the nurse to come in.

When the nurse came to pull out the needle, Su Molly came to her senses. Although her head is dizzy, she can be sure that the cloud Yiyan in front of her is not a dream, but a real one. Because he hasn't disappeared since he opened his eyes, Su Moli has enough reason to believe that Yun Yiyan is true.

"Where am I? How could you be here? " Su Molly still felt uncomfortable in her throat and felt pain in her speech.

"This is the hospital." Yun Yiyan replied. "You've been sent in with a fever."

"Oh..." Su Molly's whole person is a bit chaotic, reaction is also very slow.

Yun Yiyan is really not used to seeing such a lifeless Su Moli. "You have to get better, or someone will worry."

"Are you worried?" Su Molly is quite sober about the critical moment.

"Ryan sent you." Yun Yiyan also has some wrong answers.

Su Moli anxiously reaches out and grabs Yun Yiyan's hand. She wants to explain her relationship with Ryan, but she gets stuck. She coughed at once, and because of her discomfort, Su Molly's tears came out again.

"What are you worried about?" Yun Yiyan poured a glass of water to Su Moli. "Have a glass of water first."

Su Moli drinks water, but her eyes have never left Yun Yiyan. She is afraid that she will leave without paying attention. A glass of water soon bottomed out, and Yun Yiyan said, "do you want another one?"

Su Molly shakes her head. "Yun Yiyan, Ryan and I are brothers and sisters. Please don't get me wrong! I grew up with him, and he always took care of me. We're not really what you think we are. "

Yunyiyan heard Su Moli's explanation, but he took some small belly black, "you think so, he doesn't think so. Early this morning, he came to warn me to stay away from you

Su Molly was stunned. She didn't expect such a situation. "You said leizigo would warn you?"

"Well!" Yun Yiyan nods. "Because he likes you!"

Su Molly felt more dizzy when she heard this. It seems to be getting a little complicated. Ryan likes himself?! This is something she never thought about. Su Molly still doesn't believe it. "Is that true?"

Yun Yiyan didn't expect that Su Moli didn't know, "people with bright eyes can see that Ryan likes you!"

"But I don't think so." Su Moli looks at Yun Yiyan seriously and says. "Please believe me!"

Yun Yiyan sees Su Moli's face miserable, but she still insists on explaining to herself, and his heart is also a little unbearable. "You have a good rest!"

"Yun Yiyan, can you accompany me. I'm afraid on my own. " Su Moli grabs Yun Yiyan's hand. Yun Yiyan's hands are cool, really comfortable, and don't want to let go!

Yun Yiyan nods at Su Moli's illness. "Well, you can sleep for a while."

"Then you must not go." Su Mo Li is more bold to put forward the request, Yun Yiyan is willing to accompany her, even if she is uncomfortable again, she can insist! Yun Yiyan shook his head. "I can accompany you for a while, but I have to do an examination later. If it's OK, I'll be able to leave the hospital. "

Hearing Yun Yiyan's words, Su Moli raised her spirits, "are your legs OK?"

"My brother said it was a great time."

"It's OK." Su Molly also breathed a sigh of relief. As long as he's OK, everything is fine!

Yun Yiyan looks at Su Moli, who is so delicate and pitiful. Once again, he doesn't know that he is wrong. "For my brother's wedding, I'm short of a companion. Are you free then? "

Su Moli was so overjoyed that she didn't expect Yun Yiyan to make such an invitation. She was so excited that she couldn't say a word. She felt dizzy and relaxed. The whole person also becomes energetic, half a day just suffocate a sentence, "when?"

"Friday in two weeks." Yun Yiyan replied.

"Good!" Su Molly agreed with little consideration. Does Yun Yiyan invite himself to be his girlfriend, does it mean that he no longer repels himself? So you really have a chance?

Seeing the smile on Su Moli's face, Yun Yiyan also smiles. "Your mood becomes very fast, and you feel as if you are OK in a moment."

Su Molly nods. "People are happy when they are happy! I feel better all at once"

Yun Yiyan takes a look at the time. It's time to do the inspection. Yun Yiyan is also ready to leave. "I'm going to have an examination. You have a good rest. Lao Liu of your family will take care of you later. "

Su Moli reluctantly let go of Yun Yiyan's hand and nodded at him. "I see."

As soon as Yun Yiyan opened the door of the ward, he saw a gloomy looking Ryan standing at home. Seeing his appearance, Yun Yiyan seems to have heard what he said to Su Moli just now. It's not clear how much, or all, Ryan heard.

Yun Yiyan also opened his mouth first: "is captain Lei coming?"

[Chapter 449](#)

Ryan's cold eyes swept through the wheelchair behind Yun Yiyan, and finally landed on Su molli, who was lying.

She looks much better, and her eyes are also divine. It seems that all this is due to Yun Yiyan. Rein looks back at Su Molly's eyes. He looks at Yun Yiyan coldly again. "I'll take you back."

Yun Yiyan knew that Ryan must have something to say to himself, so he didn't refuse. He just nodded slightly. As for what Ryan wants to say to himself, Yun Yiyan's heart has some bottom.

Su Molly saw that Ryan was going to push Yun Yiyan away. She was worried. Since knowing Ryan's mind, Su Molly's feeling for Ryan has also changed. She said, "brother Leizi..."

Ryan looks back at Sumeria. "I'll be back in a minute."

When Su Moli still wants to talk, Yun Yiyan also answers. "You have a good rest. Don't worry about other things."

Su Moli nods to Yun Yiyan, but in her heart she is still worried that Ryan will do harm to Yun Yiyan. If you fight with Ren, Yun Yiyan is definitely not his opponent. In this case, the injury must be Yun Yiyan. So Su Molly is still worried!

Rein pushes Yun Yiyan back to his ward. He is also organizing the language and thinking about how to speak to Yun Yiyan. But first thought of Yiyun, he didn't open his mouth. "I don't know how much you heard standing at the door, but I won't take back what I said."

Ryan's eyes sank. "I don't know what Yundong said will not be taken back?" In fact, Ryan just heard that Yun Yiyan invited Su Moli to the wedding. Now that he said this is actually trying to cover Yun Yiyan's words. He wants to know what Yun Yiyan and Su Moli said before! Or has he told Su Molly about his feelings? Because of this, he wants to invite Su Moli to Xia yueqian's wedding?

Of course, Yun Yiyan is not a fool. He knows that Ryan's words are full of temptation. He raised the corners of his mouth. "That's what you think now."

"You Rein suddenly got angry. Yun Yiyan was not right. It seems that they still have to spend more time to wake up, or it will not work!

Soon, Yun Yiyan's ward arrived, and Xia yueqian was waiting at the door for his examination. Seeing Ryan pushing Yun Yiyan back, he is also nervous. This combination seems surprising. He stepped forward quickly. "Yi Yan, where have you been?"

"I'm out." Yun Yiyan replied. "Come back and meet captain ray."

"Thank you, Captain ray." Xia yueqian thanks and goes to push Yun Yiyan.

Ryan looked at Xia yueqian who came to his side. He thought for a moment. Isn't this man an emergency room doctor? At that time, he was wearing a mask, so he did not see his appearance clearly. It turned out that he was Xia yueqian. So Su Mo Li ward is so close to Yun Yiyan, it is estimated that he deliberately arranged.

Seeing that Ryan is in a trance, Xia yueqian pushes Yun Yiyan to check, "Captain Lei, I'm going to take my brother to do the inspection. Help yourself."

Ryan narrowed his eyes to the back of the brothers, and they were all cunning. There is no one in this group. Everyone's mind is very unpredictable. If you fight with them like this, you will not win. Behind them, there is a Xia family and a Huo Dongyang. Huo Dongyang is what kind of person. He has become the main figure of a city in just two years since he came to a city. Many people are not his opponents.

Thinking of this, Ryan was also worried. Their own strength and they can not fight, so it seems very angry! There are really some bullies! He has to think about something first.

With this in mind, Ryan returned to Su Molly's ward, and Liu had already come from home. Su Molly is also eating porridge. When she sees Ryan coming in, she stops immediately, "brother Leizi, you're back, that..."

"Don't worry, Yun Yiyan is OK. His brother took him for an examination Raine answers, then goes over to Su Molly and sits down.

Su Molly is looked at like this by Ryan, it seems that there is something wrong with it. "Brother Leizi, did you have dinner?"

"I'll eat later." Ryan replied. "What do you think?"

"I'm much better." Su Molly replied, "you should be able to go home tomorrow."

Ryan couldn't see the fire in Su Molly's heart. "It's uncomfortable in the morning. Why don't you say it. Is it worthwhile for you to pay so much for Yun Yiyan? "

Su Moli lowers her head. She doesn't want to discuss with Ryan about her relationship with Yun Yiyan. Is it worth knowing for herself. And her feelings don't need other people to point out. "It's my business!"

"Yun Yiyan is not worth it. He used to be a rotten man! He's known to all the people in the streets. If you want to know, I can get you the information. "

"No!" Su Molly looked at Ryan and said, with a serious look in her eyes. "Brother Leizi, I know you care about me, but this is also my business, you don't care so much!"

Ryan felt hurt when he heard Su Molly's words! She is now fighting with herself for Yun Yiyan, which has never happened before. Ryan's eyes also became sad. "Molly, Yun Yiyan is really not a good man!" "Brother Leizi, I have grown up. There are some things that I can tell for myself, so you don't have to

"Good!" Ryan really wants to be angry with Su Molly. He really wants to turn over for Yun Yiyan and himself.

Ryan stood up. "You have a good rest and take care of yourself. I'll go back first."

After Ryan left, Lao Liu went to pick up his things. "Miss, master Lei is also concerned about you. You really don't want to be like this! Otherwise, I will lose such a friend in the future. "

Su Molly nods. "Lao Liu, I know all that you said. But I just

Lao Liu sat down on one side. "Miss, you have grown up and can choose your own future. But master Lei is so kind to you, you should cherish it too! "

Su Moli understands what Lao Liu means. She has no friends in a city, but Ryan is the only one who has not given up her friend since she was young. More importantly, she just regards Ryan as her brother. Now she knows that he likes himself, and she always feels uncomfortable.

"Lao Liu, in fact, Renhe..."

"He likes you!" Liu continued. He had known about it for a long time. Before, he thought it would be nice if they could be together. Later, Su Molly went abroad to study, and Ryan also went to the police academy. Gradually, Lao Liu was no longer demanding. As long as Su Moli is happy, I didn't expect that Su Moli would like Yun Yiyan. This relationship has become a little complicated!

"You know that, too?" Su Moli exclaimed, it seems that the only one in the world does not know.

"Miss, in fact, master Lei has hinted at you, or you didn't pay attention to it."

Su Molly hears Lao Liu's words and quietly recalls the past

[Chapter 450](#)

A week later.

One day before Qin Hao and Jian LAN return home, Qiao Wei is cleaning up their rooms at JiangWan villa.

Huo Dongyang walked into the room. "It's almost OK. Don't be tired. Or you can ask sister Juan to clean it up

"It's OK. It'll be OK soon." Replied Jovi. "Sister Juan has a lot to do."

Huo Dongyang knew that Qiao Wei wanted to do everything by himself, which was also a habit she couldn't get rid of. Huo Dongyang had to help, so the speed will be faster.

Qiao Wei looked at Huo Dongyang and said, "don't you go to the company today?"

"Yun Yiyan went back to work, so I took a rest." Huo Dongyang replied.

Qiao Wei hears Huo Dongyang's words, also immediately stops in the hand's movement, "is not said lets him rest several days? Why did you go back to work so soon? "

Huo Dongyang said with a smile, "in fact, I found that Yun Yiyan's life is very good. Women take care of every injury. It used to be Jian LAN, but now it has pepper. This woman's fate is really good

Qiao Wei listened to Huo Dongyang's words, she followed with a smile, "that's also because he has always been a woman. It's just that the good luck has never come out. "

"I think he's good with that little pepper now." Huo Dongyang continued.

"Dongyang, people also have a name, don't always call people small pepper pepper." Added Jovi.

Huo Dongyang went to Qiao Wei's front, stretched out his hand and squeezed Qiao Wei's face, "are you jealous?"

Qiao Wei waved Huo Dongyang's hand. "It's just impolite."

Huo Dongyang took Qiao Wei's hand and sat down. He looked at Qiao Wei and said, "you still have time to talk to Su Molly."

"What's the matter?" Qiao Wei did not understand why Huo Dongyang asked such a question. Although Huo Dongyang didn't say anything about Yun Yiyan and Su Moli, he was very concerned secretly.

"Isn't Jian LAN coming back?" Huo Dongyang didn't say it clearly, but he knew Qiao Wei would understand the meaning of this.

Qiao Wei understood what Huo Dongyang meant. In fact, she had this idea before, but she also had time to delay recently, so she did not have time to make an appointment. What kind of reaction will su Moli make if she knows something about Yun Yiyan and Jian LAN?

Although Yun Yiyan doesn't make a statement now, he doesn't resist Su Moli to find himself. It seems that there are still some small signs of development.

Huo Dongyang saw Qiao Wei, who was deep in thought, and he added softly. "It's just a chat. There's no burden."

"I see." Joe nodded.

In the afternoon, after watching the children fall asleep, Qiao Wei also takes Huo Dongyang's task to go out.

To the appointed cafe, Qiao Wei found that Su molli had arrived first. Qiao Wei quickened his pace and walked over, "Miss Su, have you been waiting for a long time?"

"No, I just arrived a little bit." Su Molly and some unexpected Qiao Wei will date themselves. On the way, she thought a lot about it. Qiao Wei suddenly asked himself to come over. He should want to talk about Yun Yiyan with himself. There will be no other things besides this.

Qiao Wei smile, and then picked up the menu ordered a generation of lemon black tea, "Miss Su, what do you want to drink?"

"I've already ordered it." Su Molly replied.

"Good!" Jovi immediately ordered himself and handed it to the waiter.

Su Molly didn't want to beat around the bush and asked directly, "what's wrong with Mrs. Huo's date today?"

"Can I ask you for afternoon tea if you have nothing to do?" Asked Jo, smiling.

"No! I just don't think Mrs. Huo is such an idle person. " Su Molly replied. She had thought about talking with Qiao Wei before, but she couldn't find a good opportunity. She didn't expect that Qiao Wei would take the initiative to ask herself today.

Qiao Wei smiles. "It seems that in your eyes, I am a busy man!"

"You'll be busy if you have children."

"Well! It's not popular to be a mom. " Replied Jovi. "I want to ask you about Yi Yan and you today."

Su Molly looks at Qiao Wei who is so calm now. It seems that she really put all the past things down. Su Moli thought for a while, then she said, "I know something about you and Yun Yiyan."

Qiao Wei of course did not feel surprised, this matter is no secret. In the past, Huo Dongyang didn't want others to gossip, so he protected himself very well and didn't say anything. But those who knew in the past also knew. "Miss Su knows it's just those things!"

"What do you mean? Is there something hidden in this, right? I'll say that Yun Yiyan I know is not what those people say. " Su Moli still has confidence in Yun Yiyan. She shouldn't have misjudged people.

When Qiao Wei hears Su Moli's words, he is also somewhat comforted. It seems that Su Moli is not talking about Yun Yiyan. "Yi Yan, in the past, it was a bit too much. It also had something to do with his identity as the second youngest of the cloud family. I didn't marry him voluntarily. The purpose of the marriage was for the benefit of the family. ""You liked him, too, or you wouldn't have endured it for two years."

"Well!" Joe nodded. "It's true, but it's worn out bit by bit after two years of marriage. In the past, we didn't understand love and engagement, so we missed it. Later, great changes took place in the cloud family, and Yun Yiyan grew up slowly. That's why we have him today. Or after his car accident, he felt his life was over. At that time, he felt that everything was hopeless. But there is a person around him who has been supporting him, which also makes him come out

Hearing this, Su Molly's heart is more or less understood. This man is a woman, and he should also be the one whom Yun Yiyan has liked with his heart. In that case, how could they not be together?

"So they..."

"No way." Replied Jovi. "She finally chose someone else."

Su Moli frowns and feels more distressed by Yun Yiyan. "You and that woman are so cruel, you both choose others, and as a result, he is alone. In fact, he also needs to be loved. It's really cruel of you, and Mr. Huo let him work in XY, let him watch you show love every day, it's really too good! "

"Working in XY is Yiyan's reward for the cloud family's upbringing, which is what he promised his grandfather at the beginning." Qiao Wei explained. "Dongyang and I didn't mean to hurt him!"

Su Moli suddenly remembers that he has noticed that Yun Yiyan occasionally gets distracted. It seems that he is thinking about people. Now combined with Qiao Wei's words, Su Moli is not difficult to analyze that the person who makes Yun Yiyan's mind wander should be that woman! I really want to know who that woman is!

"May I ask who that woman is?" Su Molly looks at Qiao Wei and asks.

Qiao Weizi knows what Su Moli means, which is why she asked Su Moli out today. "She will return home tomorrow."

"Back home?" Su Molly is constantly searching in her mind. Are not the people who will return tomorrow to attend Xia yueqian's and Yun Muxin's wedding?

A name jumped into Su Molly's heart, "Jian LAN?"
