

Warm Wife 451

[Chapter 451](#)

night.

During the meal, Su Moli has never made a sound, which makes Yun Yiyan feel a little strange. What's wrong with her?

Su Molly's head is full of what Qiao Wei said to herself in the afternoon. She doesn't know what to say. So I chose silence.

"What's the matter with you?" Yun Yiyan opened his mouth. It seems that he has a bad appetite today, and he has not eaten much food.

Su Moli raised her head and looked at Yun Yiyan, with some dissatisfaction in her eyes, "yunyiyan, what are you and me now?" Su Moli doesn't understand the relationship between herself and Yun Yiyan. Yun Yiyan doesn't have a correct word, and she has some gaps in her heart.

Yun Yiyan takes a look at Su Moli. He puts down his chopsticks. "What's the matter with you?"

"Yun Yiyan, I like you. I have said that many times. And you Su Molly asked in turn. Yun Yiyan has never said a word to herself. In addition, she knows about the past of Yun Yiyan and Jian LAN, so Su Moli is a little shaken.

Yun Yiyan saw that Su Moli was a little vexatious today, and he felt that she knew something, otherwise she would not be like this all of a sudden. "Did you take the wrong medicine today?"

"You're taking the wrong medicine!" Su Moli retorted, "Yun Yiyan, I need you to repay me or compensate for something! If you really don't have that mind to me, then you can say it directly like before, don't have to be so aggrieved to eat with yourself! I'm not a person who doesn't make sense at all

Yun Yiyan raises eyebrows. It seems that something really happened today. "Who did you meet today?"

Su Moli lowered her head, as if to think that Yun Yiyan would guess so quickly. "Do you want to be so good! Just guess. "

"If not, I can't think of any way to get you out of control." Yun Yiyan replied. "Have you met Jovi

Su Mo Li sometimes really admires Yun Yiyan. She is really right at a guess, "yes!"

Yun Yiyan did not continue to ask. Su Moli is not a fool. Of course, she will seize the opportunity to ask about Qiao Wei's past affairs. Qiao Wei will meet Su Moli today, which seems to be about the past. So after such an analysis, Su Moli must know about Jian LAN. It makes sense to explain why she was a little bit out of order tonight.

Su Moli is also a little flustered when she sees that Yun Yiyan doesn't speak. Her heart is also up and down, the original good atmosphere was lost by her own, she should calm down, and finally let Yun Yiyan not be cold to himself. As a result, I care so much about Jian LAN. She must have a great position

in Yun Yiyan's heart. It's really impossible for ordinary people to encourage and support Yun Yiyan under such circumstances.

Su Moli is also jealous that the people around Yun Yiyan were not herself, but Jian LAN. Such a person will surely remember her whole life. Although she is married now, there are still variables. Su Moli is worried that she can't afford to lose. And this person will come back tomorrow, what should he do?

"Since there is no appetite, go back early!" Yun Yiyan opens his mouth. "I'll be busy later."

"Where are you going?" Su Molly asked anxiously.

"Go home." Yun Yiyan replied. "You send someone to pick you up, or call a car back."

Su Moli looked at Yun Yiyan pitifully and said in a low voice, "don't you send me?"

"I can't drive now. My brother will pick me up later." Yun Yiyan replied. "And we're not on our way. Or do you need me to get you a cab? "

Su Molly pursed her mouth. She had been blaming herself for her troubles. She should not have been a playboy just now. It turned out to be like this, with some regrets. "Yun Yiyan, are you angry?"

Yun Yiyan looked at his face and said, "I think you are angry. Go back and have a rest early! Your wound is not good yet. "

"I'm not angry, I'm just It's just jealousy... " Su Mo Li is reluctant to admit, but she still says it.

Yun Yiyan looked at Su Moli for a moment, then said, "in fact, you don't need to be like this. Those things have nothing to do with you. "

"Yun Yiyan, have you really put it down?"

"If you like someone, you are bound to get hurt. Do you understand? " Yun Yiyan turned around and left without even looking back.

Su Moli repeated Yun Yiyan's words, so he said he was hurt, so he still loved that woman?! In fact, she was also injured. For the sake of Yun Yiyan, she really made herself black and blue, and even her heart was sick.

"Yun Yiyan, you are an asshole." Su Molly swore in a low voice. However, this also has to blame themselves, is their own humble love for Yun Yiyan, so the injury is also their own. Yun Yiyan didn't mean that to himself at all. He had other people in his mind.

After a while, Xiao Chen came over. "Miss Su, here comes the car."

"What car?" Su Molly's voice has a tone of weeping.

"Mr. Yun called the car for you. He said it was not safe for you to go back, so he called the car for you. The car is waiting at the door Su Moli didn't seem to believe Xiao Chen's words. Just now he left so smartly that he didn't look back. So how can you call yourself a taxi? Su Moli looks at Xiao Chen and expresses her doubts. "Really?"

Xiao Chen nodded. "Yes! Miss Su, I won't lie to you

"Did Yun Yiyan do the same to other women before?" Asked Su Molly. Or he is better to Jane LAN!

"I haven't seen it since I worked in a restaurant." Xiao Chen answered truthfully.

Su Mo Li also did not continue to tangle, picked up her bag and went out. "Then I'll go first."

After su Molly got on the car, she found that it was the driver who drove Huo Dongyang last time.

"How is it you?" Su Molly is a little surprised.

"Miss Su has a big face." Xiang Qing said. "Yun Yiyan is also entrusted with several levels of relations, I will come."

"The relationship between Yun Yi and Yan Tuo?" Su Moli doesn't understand.

Xiang Qing nodded. "Yes! I won't let you report the address at home where I will be your driver. "

Su Molly Oh, or home address to tell Xiang Qing. Then she still wanted to ask, "well, did Yun Yiyan ask you to send other women home in this way before?"

"No!" Xiang Qing said as he drove. "Because he used to act by himself, and the latter was given to him by others. This is the first time. "

Hearing this, Su Molly was depressed for a whole afternoon and evening, and the dark clouds had disappeared, and she had a smile on her face. If it is really like all of them, then he has such a lost position in Yun Yiyan's heart.

Su Molly was even happier when she thought of it. In this case, she will try harder to fight to the end. "The revolution has not yet succeeded, and comrades still need to work hard!"

"Sammy, come on Su Molly gives herself a boost.

Xiang Qing saw Su Moli that way, and secretly laughed, thinking, "yunyiyan, you are really lucky!"

[Chapter 452](#)

The next afternoon.

Huo Dongyang starts to meet Qin Hao and Jian LAN at the airport. When he is about to go out, Huo Dongyang receives a call from Yun Yiyan.

"What's the matter?"

"Are you going now?" Yun Yiyan asked.

"Almost. Can I help you?" Huo Dongyang asked.

After a pause, Yun Yiyan said, "well, if they are still energetic at night, I'd like to invite them to dinner. Please pass it on. "

Huo Dongyang smiles. "You can have dinner at home in the evening," said Qiao Wei

"In that case, eat first. No, I'm not Yun Yiyan replied. "Tomorrow, then."

"OK!"

Three o'clock in the afternoon.

A woman with sunglasses and a silk scarf on her head walked into the airport. She walked lightly and seemed to be looking for someone. Soon, she saw the shadow of Huo Dongyang, she quickly hid behind a billboard. This woman is Su Molly. She wanted to secretly see what Jian LAN looked like!

Su Molly looks up at the LED display of the flight information. It looks like the flight has landed and is waiting to get her luggage out. Su Molly stares at the exit, waiting for Jane LAN to come out.

Huo Dongyang also looked at the information and picked up his mobile phone to call Qin Hao. He turned his head and soon saw the head behind the billboard not far away. She was the only one who could do this.

"Qin Hao, did you get off the plane?" After the phone call, Huo Dongyang also received his own eyes.

"Wait for the luggage. It'll be a while longer!" Qin Hao replied.

"OK! I'll wait for you here." Huo Dongyang finished and hung up the phone.

Huo Dongyang looks back again. This time, he and Su Molly are looking at each other. Su Molly's heart thump for a moment, it seems that she has been caught again. Seeing Huo Dongyang coming, Su Moli knows she can't hide. She simply stood up straight, "Mr. Huo..."

Huo Dongyang nodded his head. "Is that the same person in Cosplay today?"

"Hey, hey..." Su Molly laughs twice and takes off her sunglasses. "Today's play is a stalker."

"Did you come to see Jian LAN?" Huo Dongyang asked directly.

Su Molly nods. "Well, but please don't tell Yun Yiyan that he will not be happy."

"How dare you do that, knowing that he will not be happy?" Huo Dongyang asked in turn. This Su Mo Li is really poisoned. In order to do this for Yun Yiyan. Looking at her head down, Huo Dongyang did not say much.

At this time, Qin Hao comes out with his luggage. He saw Huo Dongyang in the crowd, but Huo Dongyang was also standing beside a woman. It seems that the woman has done something wrong and is lowering her head.

Qin Hao and Jian LAN looked at each other, and Qin Hao then called out. "Dongyang!"

After Huo Dongyang heard the voice, he immediately looked back at the past, and Qin Hao also Jian LAN had already come. "Here it is."

Su Moli also took the opportunity to look at Jian LAN, she looked at her, this person is the person cloud Yiyan liked before?! It doesn't look special, and I'm still a pregnant woman. The appearance is also general, it seems that it really moved Yun Yiyan.

"This is..." Qin Hao also noticed that the woman dressed in a strange way has been staring at Jian LAN.

Su Moli takes a look at Qin Hao. She looks good, but in her eyes, Yun Yiyan is the most handsome. Su Moli nodded to Qin Hao, "Hello, I'm Su Moli."

When Qin Hao heard the name, he couldn't help but look at Huo Dongyang with some meaning. By the way, he also joked, "I've drunk too much jasmine tea, so I went to find a woman named Jasmine! How sad you are

Huo Dongyang gave Qin Hao a look. Just as he was about to explain, Su Moli said, "I'm not uncle Huo's woman!"

"Uncle Huo?" Qin Hao looks puzzled. This woman looks really small, but it is rare to call Huo Dongyang as uncle. "So now you have another niece besides admiration?"

"No!" Huo Dongyang shakes his head, but he also wants to hear what Su Moli wants to do, so he doesn't give too much explanation.

Su Molly is also very proactive. "I'm uncle Huo's future nephew and daughter-in-law."

"Niece and daughter-in-law?" Qin Hao didn't respond, but Jian LAN heard her meaning. This is Yun Yiyang's girlfriend now.

Su Molly finished and looked at Huo Dongyang, and seemed to be asking if she was right. Huo Dongyang took a look at her pride, but he couldn't help pouring cold water on her. "It's not up to me to decide."

"Uncle!" Su Moli is dissatisfied that Huo Dongyang doesn't help herself at this time.

Qin Hao understood this. He couldn't help looking at Su molli again. No wonder she just looked at Jian LAN like that. It turns out that there is this meaning in it. But can Yun Yiyang be able to handle such a woman? This is a jasmine with thorns! But look at her like this, also seems to be familiar with Huo Dongyang, otherwise Huo Dongyang will not let her."Oh, so you are Yun Yiyang's woman?" Qin Hao said with a smile. "Has Yun Yiyang changed his taste? I love such a strong woman

Su Moli obviously knows that Qin Hao is sarcastic to Yun Yiyang, "what's wrong with Yun Yiyang! You are not allowed to say that! "

"It's really hot!" Qin Hao replied.

Huo Dongyang, the god beast, presses Su Mo Li. "Well, go home first."

"Will you follow me?" Huo Dongyang looks at Su Molly and asks.

"No way." Su Molly replied. "I'll make an appointment with Yun Yiyang."

Huo Dongyang nods. "All right, then we'll go first."

Jane LAN looked at Su Molly, and then said to Huo Dongyang, "general manager Huo, it seems that it is not good for us to leave her alone here."

Huo Dongyang smiles, "she will take care of herself, we don't have to worry. Come on, Jovi is waiting at home. "

Su Moli looks at him and says that after the three of them left, they immediately called Yun Yiyang and said that they would have dinner with him in the evening. Yun Yiyang also agreed. Su Molly felt that he must be alone today, so she wanted to accompany him.

In the car.

Jane LAN still thinks it's not good to leave Su Moli alone at the airport, "Mr. Huo, we really don't have to go with her?"

"No!" Huo Dongyang answered positively. "Although she is a little younger, her strength can't be underestimated. Her Kung Fu is good! Several men can easily deal with them, so you can rest assured

Hearing Huo Dongyang's words, Qin Hao then asked, "is that girl so powerful? I really can't see it! "

"It's a pity that you came back late. Otherwise, you can see her glorious deeds of successfully rescuing Yun Yiyan against four men alone." Huo Dongyang replied.

Qin Hao so a listen also came to interest, "this wench is so fierce?"

"It's really fierce!" Huo Dongyang replied. "Just as a driver and bodyguard for Yun Yiyan."

Jian LAN slightly frowned, such a woman really suitable for Yun Yiyan? "Yi Yan, is he hurt again?"

"Well, I just got out of hospital a few days ago!"

[Chapter 453](#)

Jiangwan villa.

Huo Dongyang takes Qin Hao and Jian LAN back. Qiao Wei is waiting at the door early in the morning.

Qiao Wei saw Jian Lan's stomach and said with a smile: "the stomach is so big, tired or not?"

"Not bad." Jane LAN replied. "I'll disturb you again today."

Qiao Wei came forward to support Jian LAN, "say what polite words."

Qiao Wei prepared dinner early in the morning, in order to give Qin Hao and Jian LAN a mouthful of hot food. "Xiaolan, this is what I like to eat. Please eat more."

"Well, just do it yourself." Jane LAN replied.

Qin Hao sees that Jian Lan's bowl is full of vegetables, so he uses his chopsticks to wash some into his bowl, because he is worried that Jian LAN can't eat it. "Weiwei, you can also get me something to eat. Don't always put vegetables in Xiaolan."

As soon as Qiao Wei listened, he immediately knew what Qin Hao meant, "OK! These are for you. "

After dinner, Qiao Wei and Jian LAN are packing things in the room. Jian LAN hesitated for a moment or decided to ask Qiao Wei about Yun Yiyan and Su Moli.

"Weiwei, I want to ask you something." Jane LAN asked.

"Do you want to know about Yi Yan?" In fact, when washing dishes in the kitchen, Huo Dongyang told Qiao Wei all about the situation at the airport. So Qiao Wei also has some preparation, Jian LAN will ask these questions.

Jian LAN nods. Although she and Yun Yiyan are impossible, as a friend, she also wants to care about Yun Yiyan. "Is he really with that Sammy?"

Joe shook his head slightly. "Not yet, as far as I know."

"No? But that Su Molly said she was the nephew and daughter-in-law of general manager Huo in the future, so she should also talk about marriage and marriage?" Jane LAN continued.

Qiao Wei smiles. "Molly is a lovely girl. She is straightforward and has a good temperament. If Yi Yan could be with her, it would be a good choice. "

When Jian LAN heard Qiao Wei's words, she felt relieved. After all, Huo Dongyang and Qiao Wei can get high praise, which proves that Su Moli is a good person. Or it's the unfriendly look in her eyes that makes her feel uncomfortable. That's why she feels that way.

"I heard she saved Yun Yiyan last time?"

"I think so." Joe nodded. "Molly is really good at Kung Fu. Later, I found out that she had won the championship in this field before. Dong Yang said that if Yi Yan was with her, he would save money for drivers and bodyguards. "

After listening to Qiao Wei, Jian LAN is more and more curious about Su Moli. Is such a woman really suitable for Yun Yiyan? She is different from those delicate women Yunyiyan knew before.

Qiao Wei holds Jian Lan's hand. She also knows that Jian LAN is worried about Yun Yiyan. She says, "Xiao Lan, we should not take care of these things. Let them deal with it by themselves

Jane LAN nodded, and she also felt that Qiao Wei was right. But she didn't expect to see Su Molly again so soon. And this time I saw it in Jiangwan villa.

The next morning.

Su Molly drives to Jiangwan villa and tells Huo Dongyang about the documents. As soon as she entered the door, she saw Qiao Wei and Jian LAN sitting in the living room.

"Molly, did you send the papers?" Before, Yun Muxin said that there was a document to Huo Dongyang to sign, but she and Yun Yiyan had to hold a meeting and couldn't leave. No one knew the exact location of Jiangwan villa, so she had to let Su Moli take it.

Su Molly nods. "Yes! Please sign Mr. Huo. I'll take it back later. "

"Give it to me!" Qiao Wei reached out and took it to Huo Dongyang.

Su Moli stood in the same place and looked at Jian LAN. Although she had seen it yesterday, she still felt embarrassed when she saw it again today. However, Su Molly is not that kind of cold and heartless person, so she still opened her mouth and said, "Mrs. Qin, it was really rude yesterday. That's what I'm talking about. Don't mind! "

Jane LAN shakes her head. "Nothing! Don't worry about it. "

"Of course I won't put it in my mind. I'm a big person. I don't always remember small things." Su Molly replied.

Jane Lan's eloquence is obviously not as good as Su Moli's, so a sentence also makes Jian LAN don't know how to answer. She just laughed and said nothing.

Su Molly can't hold back when she sees Jian LAN. "I know about you and Qin Hao."

Jian LAN didn't think that Su Moli would say it so directly. Before she answered, Su Moli continued: "but don't worry, I'll take care of Yun Yiyan's affairs later! I have a small mind sometimes, that is, I don't like the man who other women think about me! "

"Is Yun Yiyan your man now?" Qin Hao's voice came, he went to Jian LAN in front of strength to protect his wife, he immediately asked with concern: "Xiaolan, are you ok?"

Jane LAN quickly shook her head, and Su Mo Li did not do anything to herself, "it's OK."

Su Molly saw Huo Dongyang and Qiao Wei who came out of the study. She didn't feel anything wrong. She said, "if the document is signed, I'll take it back first." Huo Dongyang handed the document to Su Moli, "take it."

"OK!" Su Molly nods.

Qiao Wei stops Su Molly. "Do you want to go back to the company after dinner?"

"No, Yun Yiyan, they are waiting too." Su Molly replied. "And I had lunch with Yi Yan."

Huo Dongyang saw that Su Moli that with some provocative words, thought in his heart also did not expose her. "Well, you should drive carefully."

"Uncle, don't worry. I'm an old driver." Su Molly replied.

After seeing Su Moli leave, Qin Hao, with some emotion, says to Huo Dongyang: "boss, how do I think you are particularly good to this Jasmine. If it goes on like this, I think there will be a slight crisis. "

Huo Dongyang gave Qin Hao a cold eye, "pay attention to your words!" For other things, Huo Dongyang is not afraid to joke, but he can definitely not make fun of him and Qiao Wei, which is also not allowed by him.

Seeing that Huo Dongyang's face changed, Jian LAN quickly reached out and held Qin Hao's hand. She was also anxious to speak for Qin Hao: "Mr. Huo, Qin Hao is also joking. Don't mind! "

"Xiao Lan, don't worry! Boss is definitely not such a unreasonable person. " Qin Hao replied. "And our friendship over the years will not change because of such a sentence."

As a result, she didn't give her a lot of face to her. "No more!"

Qin Hao nods to show that he knows that Huo Dongyang is actually very good at talking, and he is not afraid to offend Huo Dongyang once or twice.

In the afternoon, Huo Dongyang and Qin Hao have something to do with hd-qh, so Qiao Wei and Jian LAN are at home.

However, Jian LAN received a call from Yun Yiyan, saying that she would like to invite her to dinner if it was convenient at night. Jian LAN doesn't know what Yun Yiyan is doing like this, so she feels a little uneasy.

[Chapter 454](#)

restaurant.

The place where Yun Yiyan reduced Lan's dinner was the restaurant he invested in. After Jian LAN promised to attend the appointment, Yun Yiyan finished his work early in the morning, and then went to the restaurant to wait for Jian LAN.

Yun Yiyan looked at the time and stood at the door waiting for Jian LAN. Looking at each passing car, Yun Yiyan would stretch out his head to have a look. Finally, Yun Yiyan saw a familiar car stop at the door of the restaurant.

This time send Jian LAN to the south, cloud Yiyan see the situation to open the door, then she said to Jane LAN: "slow down."

See cloud Yi Yan's hand stretched out, Jian Lan also took his hand to get off the car, "thank you!"

"Don't be polite to me." Yun Yiyan replied.

Yun Yiyan looks at Jian Lan's stomach, which is much bigger than when she was seen before. "Will you be tired now?"

"A few months have passed, and it's ok now." Jane LAN replied.

When Yun Yiyan supports Jian LAN to enter the door, he just meets Xiao Chen. Xiao Chen suddenly felt something was wrong when he saw such a picture. Yundong was so gentle as to hold a pregnant woman in, and he felt that their relationship was extraordinary. This is not the lady that Yun Dong has been hiding, is it? I also heard that Mr. Yundong went to the United States for a long time at the end of last year!

Xiao Chen has been observing Yun Yiyan and Jian LAN all the time, and feels that their relationship is abnormal. Thinking of this, Xiao Chen secretly called Su Moli to report the matter.

"How long have they been here?" Su Molly asked on the phone.

"Just came in." Xiao Chen replied.

"Well, I'll be there in a minute. Keep an eye on it for me."

"Yes, Miss Su."

Su Molly drove her car around a corner and then went to Yun Yiyan's restaurant. Yun Yiyan, you are really powerful. You let Yun Muxin open up and eat with Jian LAN. This move is really high!

Su Molly drove so fast that she wanted to fly to the restaurant now. She felt that something was wrong at noon, and Yun Yiyan showed all kinds of care and care for herself. This was a real life of paying attention to nothing, either cheating or stealing! The original evening offer Jian LAN to meet and eat

alone. So he united with Yun Mu Xin to take him away, saying that he would like to discuss cooperation with customers in the evening and let him go home first.

The more she thought about it, the more angry she became. She raised her speed again. Damn it. I'll be home soon. In this way, flying from the south of the city to the urban area, the time is long or not, short or short, but it is enough to change a lot of things. Su Molly frowned and quickened her horsepower!

The speed of half an hour was cut half by Su Molly. It was not clear how many red lights had been run on the road. After sumolly stops the car, she gets off with her bag.

Before she gets to the door of the restaurant, Su Moli sees Qin Hao coming from another direction. It seems that he has come from other places! Su Moli stood there looking at Qin Hao, "you're here too."

Qin Hao saw Su Moli had a little accident, but he soon understood it. She's here to watch. "Where did Miss Su come back from?"

"At home." Su Molly replied. "I think you do the same."

"Well!" Qin Hao also felt that there was no reason to deny it. When he returned to Jiangwan villa, he heard Qiao Wei say that Yun Yiyao reduced LAN to dinner. He rushed over, and he was also worried.

Su Moli looks at Qin Hao and says. "Mr. Qin doesn't trust his wife."

Qin Hao, who was said by Su Moli, didn't answer. This feeling is really bad. He believes in Jian LAN, but he doesn't believe in Yun Yiyao. He is a person who often doesn't play cards according to common sense, so he comes here.

Seeing Qin Hao not answering, Su Moli knew she was right. "If you're worried, let's go in."

They walk to the restaurant together. When Xiao Chen sees Su Moli coming, he also comes to the restaurant immediately. Just want to talk, but see Qin Hao standing next to him, which is also Xiao Chen's words in time to stop.

"What about Yun Yiyao?" Su Molly asked first.

Xiao Chen pointed to the table against the French window. Su Mo Li looks at the past with her finger up. Sure enough, she sees Yun Yiyao and Jian LAN. They seem to have a good conversation.

Qin Hao grabs Su Moli's arm as she prepares to walk over. "Wait a minute!"

"What? Aren't you worried, too? " Su Moli asked. "Do you want to wait for death?"

"Don't be impulsive!" Qin Hao said to Su Moli. "What can you do if you rush over now? You will only make Yun Yiyao dislike you. "

Su Moli frowned. Qin Hao made a lot of sense. "So what should we do?"

"Find a place to sit down first." Qin Hao's eyes narrowed. "Observe nearby!"

"It seems that you have not done less of these things." At this moment, Su Molly seemed to find a bosom friend.

After that, she and Qin Hao found a slightly closer seat and sat down. Although they were not able to hear what they said, they could also observe their movements and expressions.

Qin Hao sees the meal list handed over by Xiao Chen. He shakes his head and says that he doesn't need it. So Molly saw it and brought it right away. "I'm hungry! You need to order. ""Miss Su, what can I do for you?"

"I'll have everything I've had at noon." Su Molly replied. She was really hungry just now, so she needs food to replenish her energy. At this time, eating is just as important.

Qin Hao looked at the food on the table, which really stimulated him. "Miss Su, are you sure you can eat so much?"

"Why can't I eat these?" Su Molly replied. "Anyway, we can't go forward now. We'd better eat more. We have to wait here anyway. "

Qin Hao also thinks that Su Moli's words are reasonable, and he hasn't eaten dinner. Since he's here, he doesn't need to waste too much. Qin Hao also picked up chopsticks to eat. Occasionally, he would look back at Yun Yiyan and Jian LAN.

Su Moli is also focused on food and doesn't pay attention to Yun Yiyan. So she focused on eating and totally ignored Yun Yiyan. When Yun Yiyan ate half of the time, he wanted to ask someone to give Jian LAN more water, but he saw Su Mo Li not far away.

Yun Yiyan is a little surprised. How could she be here? Then Yun Yiyan's eyes also moved for a moment. A man sat opposite Su Moli. His brow is not controlled to frown, dare to love her, this is a blind date? It seems that she and Zhou Tao are really dead. But looking at the man's back, I think he is better than Zhou Tao.

At least that table is full of food, and I know that this man is very grand. And the man dressed well. Seeing that Su Molly ate with him naturally, it was not like meeting for the first time. I'm bold enough to choose the location here. At the thought of this, Yun Yiyan felt that his heart was so uncomfortable.

Yunyiyan just want to take back his eyes, but see Su Moli stop action, as if the man said something to her. Then he saw Su Molly smile, which also made people feel a little embarrassed.

[Chapter 455](#)

Qin Hao said something to Su Moli that made her laugh. In fact, he said that she was lucky to eat like this.

Because people who can eat like this will certainly have a good appetite. If they have a good appetite, they will also have a good body. So on the whole, Qin Hao thinks Su Moli is a healthy person.

Su Moli said to Qin Hao with a smile. Thank you

"But if you eat like this, won't Yun Yiyan dislike it? I remember he used to like that kind of gentle woman Qin Hao continued.

"Who said I was not gentle?" Said Su Molly in turn.

Qin Hao smiles. "I really don't think you are gentle. All I hear is your strong. It's said that you hit four men by yourself. It's really fierce! "

"Those people want to bully me, they also want to hurt Yun Yiyan, so I have no way to do it." Su Molly replied.

Qin Hao realized the reason why Huo Dongyang was so tolerant to Su Moli. She really had something to say. Although her personality was not particularly pleasant, she was enthusiastic and sincere, which was better than other women.

Su Moli continues to eat with her head down. She sees Qin Hao begin to eat. She quickly handed some delicious food to Qin Hao. "These are delicious. You can try them."

Qin Hao takes a look at Su Moli. At this time, she is really up to her age. "In such a hurry to recommend dishes for Yun Yiyan, is this landlady's position stable?"

Su Moli looked happy and said, "Yun Yiyan and I often eat this. It tastes really good. You can try it. "

"If Yun Yiyan likes it, I may not like it." Qin Moli is refuted, but Su coolly answers. "Is it? What about Jane LAN? You like different things, too

"Sharp teeth and sharp mouth. Anyway, I'm your elder. Please pay attention to my words in the future. " Qin Hao said discontentedly. "And Xiao Lan can't make any comparison. I hope you can remember that."

Su Molly nodded. "I see."

Qin Hao sees that Su Moli is quiet, and suddenly he is curious about something. "Why do you like Yun Yiyan?"

"Do you need a reason to like it?" Su Molly replied. "I don't know why I like Yun Yiyan. I look at men with high vision, but I didn't expect that I would fall in love with Yun Yiyan at first sight! "

Qin Hao hears Su Moli's words, and as a listener, he listens to Su Moli's talk about her pursuit of Yun Yiyan. Is really a stubborn girl. However, if Yun Yiyan has such a person to take care of, it is also a good thing!

Su Moli said and stopped, "in fact, Yun Yiyan is really lonely, he is not as strong as you think."

"You know him well!" Qin Hao gave a summative comment.

"What's the use of knowing? He hasn't been able to completely let go of the past." Su Molly is also a little depressed. "I thought Qiao Wei and Jian LAN were too indifferent to Yun Yiyan. I can think about it now. If they didn't make those choices, then Yun Yiyan would not meet me! "

"Molly, if you want to be together with Yunyiyan, you really need to make more efforts!" Qin Hao gives Su Molly a boost.

I don't know how long I can hold on to it. I always hope to get married this year! If Yun Yiyan still doesn't respond, I might choose a man to marry. "

Qin Hao frowns, such words are not like Su Moli would say, which is also contrary to what she said before. "I don't think you are a person who can make do with it, so you have to give up Yun Yiyan?"

"I also want to think for my grandfather and dad. The Su family also needs a support." Su Molly replied. She can be capricious days are not many, this time if the financing is not in place, then the Su family and St are almost over.

Qin Hao also saw a lot of things from Su Moli's eyes. Although she looked rebellious and capricious, she was also a clever and filial child in her heart. "Molly, you have to come on! Maybe you can make your dream come true

Su Mo Li smiles, but this smile also does not reach the bottom of her eyes, she nodded. "Well! When I can choose, I will refuel

"That's right! Come on, eat quickly. It's cold. " Qin Hao opens his mouth. Then, he put a lot of delicious food for Su Molly.

"Thank you! Uncle Qin. " Su Molly gave a mischievous cry.

Seeing these things, Yun Yiyan felt that he was holding back a suffocating anger. What did the man say to Su Molly, one to make her laugh, another to make her depressed. If she didn't read it wrong, Su Molly talked about herself just now. What's more, Su Molly showed her sadness that she had never seen before, but now she showed it to another man.

Yun Yiyan's hand under the table slowly tightens. Yun Yiyan stares at the man's back. He really wants to know who that man is! What did he say to Su Molly to make her look like that. Jian LAN realizes that Yun Yiyan has been staring at a direction from just now on. Jian LAN asked: "Yi Yan, what's wrong with you?"

"It's OK!" Yun Yiyan forced himself to take back his sight. He took a look at Jian LAN and said, "what else do you want to eat?"

"No, I can't finish all this." Jane LAN replied. "I eat all the time, but you don't eat anything."

Yun Yiyan also means to eat a little. When he raises his head again, he finds that Su Moli's table is empty! He immediately put down his chopsticks. He looked at the whole restaurant anxiously, but he didn't see Su Molly. Walking so fast, it seems that I went with that man!

Cloud Yiyan narrowed his eyes. He picked up his mobile phone to bring Su Moli a phone. He was also worried about the recurrence of the last time. But Su Molly's cell phone is off! Yun Yiyan immediately called Xiao Chen over.

"What can I do for you, Mr. Yun?"

"Where's Sumeria?" Yun Yiyan also didn't care. Jian LAN asked directly here.

Xiao Chen is stunned. It turns out that Yundong knows that Su Moli is here. How can I explain it! "This..."

"Is she gone?" In the face of serious Yun Yiyan, Xiao Chen is also a little scared. "I just went to deliver the dishes, but I didn't see Miss Su."

"Did she come with a man?" Yun Yiyan then asked.

Xiao Chen nodded. "Yes, a good-looking handsome man, and a fresh face!"

"Let the manager come." Yun Yiyan's eyebrows are locked.

The manager came immediately. Yun Yiyan asked, "has Su Moli checked out for that table?"

"It's over."

"Who paid for it?"

"That gentleman."

Yun Yiyan can't sit still, he says to Jian LAN. "Jane LAN, you want to come south to pick you up. I have something to go out for a while."

In fact, from a series of movements and expressions of Yun Yiyan, Jian Lan also understands one thing. He is nervous about Su Moli.

"Yi Yan, don't miss this time!"

[Chapter 456](#)

After Yun Yiyan chased out, he still didn't see the trace of Su Moli and the man. Is the speed of two people really so fast? According to reason, that time should not be so fast, how can no one in an instant!

Yun Yiyan calls Su Moli again. Her mobile phone is still in the state of shutting down. Yun Yiyan feels that his whole body has become impatient. Is Su Moli really short of men?

Not far from Yun Yiyan, Qin Hao and Su Moli hide behind a large jeep. Su Moli secretly saw Yun Yiyan's anxious look, with a smile on her face.

Qin Hao saw Su Moli's happy look. He whispered, "I said my method is useful."

"Uncle Qin really has you!" Su Moli really admires Qin Hao. She can think of such a way.

Just now, when Yun Yiyan was staring at Qin Hao's back, Qin Hao had already noticed it. If Yun Yiyan's eyes were arrows, he would have been full of them. He would be a real target! So he decided to help Su Moli once. When Yun Yiyan didn't pay attention, he took Su Moli around his sight.

As expected, Yun Yiyan followed him out, and he seemed very nervous. In this way, it can be proved that Yun Yiyan still has feelings for Su Moli. So now it's time to take the right medicine.

"Uncle Qin, Yun Yiyan is in." Su Moli called Qin Hao.

Qin Hao takes a look and sees Yun Yiyan go back into the restaurant. "Molly, go home first. If Yun Yiyan comes to you, you should answer him as I said before. "

"Oh Su Molly nods. "Uncle Qin, I finally understand how you managed to get Jian LAN back to me."

"It is to persevere!" Qin Hao replied. "You go back first. I'll pick up Xiao Lan later."

So Molly nods, goes to her parking spot and drives away. Qin Hao waited outside for about ten minutes before he entered the restaurant.

As soon as Qin Hao enters the door, he sees that Yun Yiyan is still anxiously calling. When he sees Qin Hao coming in, he stops his action. Yun Yiyan carefully looks at the clothes Qin Hao is wearing today. This dress seems to be the same as the man who Su Moli had dinner with just now.

Seeing that Yun Yiyan has been staring at his clothes, Qin Hao also said something bad in his heart. Not because of the clothes and show flaws! If this is the case, then not only did not help Su Molly, but will harm her!

Qin Hao also kept calm and said, "what? Is Yundong interested in my clothes? "

"Where are you from?"

"Of course I came from Jiangwan villa. Didn't you ask my wife for dinner? So I'm here to pick her up Qin Hao replied.

Seeing Qin Hao say so, Yun Yiyan doesn't say much. Or it's really just a knock-on shirt. Many people buy this brand, so it's not surprising to have the same brand! What's more, Qin Hao and Su Moli won't have any intersection, let alone have a meal together.

Think of that man just now, cloud Yiyan's eyes sink, who is that man in the end! He has to find out. Seeing Qin Hao come to pick up Jian LAN, Yun Yiyan automatically walks away and continues to call.

Qin Hao sees Yun Yiyan go away, so he goes to find Jian LAN. Jian LAN is also surprised to see Qin Hao coming. "Qin Hao, what's wrong with you?"

"I'll pick you up! Don't tell me how to come out. It really scared me just now. I thought you were gone. " Qin Hao holds Jian Lan's hand and says.

Jian LAN is also a little embarrassed to Qin Hao, "sorry, I originally told you. I forgot when I came out. "

"Are you full? If we're full, then we'll go back. " Qin Hao continued.

Jane LAN nodded, "OK!"

South of the car has stopped at the door of the restaurant waiting, Qin Hao helped Jian LAN get on first, and then he went up.

"What's wrong with Yun Yiyan today? I asked you to come to dinner, but I didn't treat you well. " Qin Hao asked deliberately.

Jane LAN smiles. "He seems to be nervous about Su Molly."

"What's wrong with Su Molly?" Qin Hao asked.

Jian LAN told Qin Hao all the things that had happened. After that, she added her own opinion. "I think Yi Yan has feelings for Su Moli, so he won't be so nervous!"

Qin Hao smiles. It seems that his plan has been successful. Now Yun Yiyan should be able to face up to his feelings with Su Moli. If they can make it, then everyone will be very happy!

"Qin Hao, what do you think of Su Moli?"

"She's fine." Qin Hao replied. "I think they'll be together."

Qin Hao originally wanted to tell Jian LAN about his plan, but after thinking about it, Jian LAN would not keep secrets. So it's better to do it in secret. If many people know it, it's not easy to deal with it.

The Su family.

Molly went straight home on the sofa. She was a little depressed. Since Yun Yiyan was worried about herself, why didn't he call? Is it just a show? As she thought about it, Su took out her mobile phone and found that she didn't know when it was turned off. She immediately turned on her cell phone, but it couldn't be turned on at all without power. Su Molly took the charger to plug in, and when she turned on, countless messages popped out.

Su Moli sees that Yun Yiyan has made countless phone calls, so she blamed him wrong. He did call himself all the time. Just when he wanted to call back Yun Yiyan, he called again.

"Hello..."

"Su Mo Li, you finally turn on the machine!" Yun Yiyan's tone also seems to be a sigh of relief.

"I'm sorry! My cell phone is out of power and turns off automatically. " Said Su Molly in a low voice.

"Where are you?" Yun Yiyan then asked.

"I'm home. What's the matter?" Su Molly asked in turn.

Yun Yiyan was silent for a while and then continued to say his voice. His tone was also interrogative: "who are you having dinner with in the restaurant at night?"

Su Molly's smile deepened. "How do you know I eat in a restaurant at night?"

"You've been seen coming with a man, and after eating, you've left together."

Su Moli is happy. Yun Yiyan is jealous! Or he wouldn't have called to ask. "Well, yes. I went to the restaurant with a man. "

"Who is that man?" This is what Yun Yiyan cares about most.

Su Moli also did what Qin Hao said, hanging Yun Yiyan on purpose, "this Don't ask. "

"Su Mo Li, you'd better tell me the truth. Who is the man who makes you happy and sad? If you don't tell the truth, you won't be allowed to come to the restaurant to eat in the future. "

Su Molly's face was smiling, but her tone was a little aggrieved. "How do you know that? Do you have me watched? "

"I didn't!" Yun Yiyan replied. Then he added. "I see it!"

"Are you there? Aren't you going to talk about cooperation with clients today? Why in the restaurant? And you see me, why don't you come to me? "

"I..." Yun Yiyan didn't know how to explain it.

Su Molly is waiting for Yun Yiyan's reply.

[Chapter 457](#)

But after a while, Yun Yiyan still did not have any answer, which also let Su Mo Li's excitement gradually disappear.

Su Moli is losing more and more. Now she thinks that she is overconfident. How could Yun Yiyan change any thoughts and actions for herself? Su Moli doesn't want to force Yun Yiyan, "I'm tired today, and I want to have an early rest. Go to bed early, too

Hearing Su Moli's words, Yun Yiyan immediately said, "don't go on a blind date in the future."

Su Molly listened to Yun Yiyan's words, and her heart was also a little elated. "I can't promise you that."

"It's better not to be seen by me." Yun Yiyan continued.

"All right." Su Molly replied. "Hang up."

Cloud Yiyan looked at Su molli this time without a bit of nostalgia to hang up the phone, his eyebrows frown together. Can this man get into her eyes at night? So her attitude to herself has changed now?

Yun Yiyan walked back and forth in his room. After that, he still asked people to go to chasu's house. Shen Yang had said something before. Now the Su family is anxious to marry Su Moli, otherwise she would not let Su Moli, who is only 22 years old, go on blind dates continuously.

Two days later.

St financing case did not talk well, Su Weiming dragged a tired back home. When Su Molly saw her grandfather coming back, she immediately went up and helped her. "Grandfather, are you back?"

"Well!" Su Weiming nodded, his face was dignified. Su Molly saw him as if she knew the result.

Su Weiming saw Su Molly pass the cup, his eyes with sorry. "Molly, grandfather is useless! It makes your life hard in the future. "

Su Molly's eyes were moist, "grandfather, it doesn't matter! As long as our family can be together, I can go out to make money, and I can certainly support my grandfather and father

"Molly, you've suffered." Su Weiming holds Su Moli's hand and says.

"The company is now..." Su Molly wondered if there was still a way.

"There will be a liquidation in the near future. If no one is willing to help, bankruptcy will be declared. " Su Weiming replied.

"I'm sorry, grandfather! I can't keep st for you Su Molly lowered her head and said that she had been living a comfortable and free life all these years, and had not considered for her family at all. Now she felt bad to see her grandfather like this!

Su Molly didn't know how to get so much money, so she was upset. At this point, Ryan called her.

"Molly, I've heard about the family." Ryan said.

"I'm fine!" Su Molly replied. "Are you back?" Ryan had a mission to other cities before, which he told Su Molly when he left.

There was a pause on Ryan's side. "Molly, I just asked my dad. He said he could help."

Hearing this, Su Molly also instantly raised her spirits, "really? Is uncle ray willing to help? "

"Well, but he still can't do it alone, and it's a risky thing." Ryan's tone also had some helplessness.

Su Molly immediately realized that this help has a price. There is no free lunch in the world. Not to mention such a large sum. "What are the conditions?" Su asked

"Molly, marry me!" Ryan said.

Su Molly was stunned. She didn't expect Ryan to say such a thing. She forgot to speak. This shouldn't be what Ryan's dad meant. Su Molly has met Ryan's father several times. Although he is polite to himself, he should not use this as a trade-off. And Ryan's mother doesn't like herself, so the ray family won't make such a offer.

"Brother Leizi, is that what you mean?" Asked Su Molly.

"Molly, if you marry me, then you are a member of the Lei family, so the Lei family will not stand by. Dad will certainly help you! "

"What are Ray's conditions?"

"He wants everything about St! Including the villa of the Su family. " Ryan replied. That's why he went to be a police officer at the beginning. He didn't like the intrigues in the mall, and he didn't like such deals.

Su Moli heard that her heart was cold. Lei Junbo had a big appetite and wanted to swallow up everything in the Su family.

"Molly, are you listening?"

Su Molly regained her consciousness, and her hand holding the mobile phone became hard. "Brother Leizi, I'm sorry! I don't want to get married for such a thing! I don't want to use marriage for anything. "

"So you and Zhou Tao's blind date is not for the sake of the Su family?" Ryan really didn't understand Sumeria's ideas.

"Yes, that's my last choice." Sumeria also told Ryan frankly.

"Since it's all in exchange, why can't you marry me?"

"Leizi brother, if you really want to go to this step, then everyone can, but you can't! Because your future can be better. "

"What about Yun Yiyan? Are you going to make this exchange with him? ""Yun Yiyan doesn't like me. It's not sweet to have a fight."

Then Su Molly immediately hung up the phone, she sat quietly beside the bed in a daze. How can this matter be solved? Is there really no way out now? Su Molly felt her head blow.

In the afternoon, she made an appointment with Zhou Tao. After all, he is familiar with these things, and Su Molly wants to ask him for his opinion.

Zhou Tao looks at the listless Su Moli, and his voice is not loud. "Why did you ask me out today?"

"Well!" Su Molly nods. "Grandfather has not been willing to tell me how much the financing amount is this time?"

"Molly, there is actually a way to keep St Zhou Tao looks at Su Moli's help to find the share of his own opinion.

Su Molly's eyes brightened. "What can I do?"

"Don't think about financing. If there is a company willing to buy st, then there is help. So you can keep what ST has now. " Zhou Tao whispered to Su Moli. "Now it's not practical for you to raise funds. St is a traditional industry, so the market will be restricted. Many enterprises are afraid to take risks. But as long as there is a company willing to buy, then everything will be easy! "

"Where can I find such a powerful company! Now a lot of people hear that ST is going to go bankrupt and have already closed their doors. " Su Molly really realized the so-called cold and warm human feelings.

Zhou Tao thought for a while. He looked at Su Moli and said, "it's not without it. If I can, I think this is the best chance for st to turn over."

"What? What is your solution? " Su Molly asked anxiously.

"Looking at city a, HD is the most powerful city now. You can see that Wynn and senqiao, which were incorporated into HD before, are now developing very well. Senjo is the best example. Before all kinds of rumors and negative news, the company has fallen to the bottom. As soon as the company was announced to be acquired by HD, you can see that it is a salted fish turning over! "

Su Moli's eyebrows frown. She really doesn't want to go to Huo Dongyang or Yun Yiyan for such a thing. She didn't want to influence their normal communication with this purpose.

[Chapter 458](#)

A day after this.

Huo Dongyang there also received news that someone sent out the news that Lei family wanted to take all the St.

Qin Hao, who is sitting on one side, is distracted when he sees that Huo Dongyang has just answered a phone call. "Dongyang, what's the matter?"

"Something happened to Sumeria's house." Huo Dongyang replied.

Hearing Su Moli's name, Qin Hao also remembered that the girl didn't appear for a few days, which was different from the situation that she had to report for duty every day before. There was no shadow in these days. It seems that something really happened at home. "What is the situation now?"

Huo Dongyang told Qin Hao what he knew, and just now the Lei family also released news that the Su family would sign an agreement on the transfer of management rights recently.

"This Lei family is..."

"It should be Rennes." Huo Dongyang replied. I didn't expect that they would take advantage of the fire at this time. It's very mean.

Qin Hao didn't see Ryan, so he didn't know him well. But when I was young, I must be able to climb up to the position of captain. Qin Hao also feels strange. Why didn't Su Moli come to them? At this time, she should also know the strength of HD. But she didn't even have a phone call, which really makes people wonder.

"Why didn't the girl come to us? What's that Lei family?" Qin Hao continued.

Huo Dongyang also has the same question, if ordinary people should be able to seek any help at this time, but she is not moving at all. This is really puzzling, or is there something else going on at home.

"Does Yun Yiyan know?" Qin Hao sees that Yun Yiyan is very quiet these days. What did they say that day? Molly refused? That's why Su Molly doesn't come for help? But according to the situation that day, Yun Yiyan should not be like this! Or are you wrong in your own judgment?

"I don't know!" Huo Dongyang replied. Seeing the tangled expression on Qin Hao's face, Huo Dongyang then asked, "how do I think you have something to hide? Did something happen when you went to pick up Jane Lan that day?"

Qin Hao takes a look at Huo Dongyang. "I know you have a good eye." Qin Hao also explained the matter to Huo Dongyang clearly, "that day, Yun Yiyan was really abnormal, but these days it seems to be quiet."

"Dongyang, do you want to spy on Yun Yiyan?"

"No more!" Huo Dongyang's eyes fall on the computer screen.

Qin Hao looks at Huo Dongyang, staring at the screen all the time. He also stretches his head. Just pop out of the news - ray Su two families become in law, Ryan and Su Molly are about to get married!

"Wow, that's the real story!" Qin Hao said immediately after reading it.

Huo Dongyang frowned, always felt that the news should be from Lei family, which just covered up the fact that Lei family took the opportunity to swallow up the Su family. Su Molly and Ryan are about to get married, so the Lei family's behavior will not be criticized. So the Lei family instantly washed white, and also became the Su family's backing.

Qin Hao touched his chin, "Lei's move is high! But is Molly really willing to

At this time, Yun Yiyan also saw the news. But that day saw that man is obviously not Ryan, these days, she has no news. Is it just to prepare for the wedding with Ryan.

"Second brother, did you see the news?" Seeing the news, Yun Muxin immediately came to find Yun Yiyan.

"Well!" Yun Yiyan answered coldly.

Seeing that Yun Yiyan's situation was wrong, Yun Muxin didn't say anything, so he quit immediately. At this time, let Yun Yiyan stay for a while!

Looking at the news, Yun Yiyan was also angry. Su Moli is really good! I'm going to marry Ryan. What was that before? Is it really so good to play with others? As expected, we should not expect from this once bad girl.

"Yundong..." The assistant knocked at the door and spoke cautiously.

"What's the matter?" Yun Yiyan raised his head.

"There are visitors." The assistant replied.

"No!" Yun Yiyan immediately refused.

When the assistant is ready to turn around and leave, Yun Yiyan suddenly opens his mouth. "Who's here?"

"He said he was Zhou Tao, the general manager of Dazhou firm."

As soon as Yun Yiyan heard the name, he felt strange. Why did he come. "Let him in."

"Yes

After a while, Zhou Tao enters Yun Yiyan's office.

Yun Yiyan looked at Zhou Tao. "Mr. Zhou, how can you come here?"

"I'm here on commission." Zhou Tao replied.

When Zhou Tao faces Yun Yiyan, he still has some stage fright. Yun Yiyan looked at him, "sit down and say."

Zhou Tao nodded, "Yundong, this is what Jasmine asked me to give you."

Yun Yiyan watched Zhou Tao hand over an envelope. He didn't see anyone write a letter for many years. He reached for it and opened it.

See Su Molly's handwriting, really and her people are not very similar, the font is very neat and good-looking. In the letter, Su Molly made all the causes and consequences clear. Yun Yiyan looks at Zhou Tao. "What else did she say?" "Nothing said." Zhou Tao replied.

"I'm sorry to trouble you today."

Zhou Tao looks at Yun Yiyan. He doesn't expect Su Moli to know Yun Yiyan. If she does, why doesn't she ask Yun Yiyan for help? She also chooses not to say anything. And the Lei family is also deceiving!

"Yundong, if you can, please help Molly! The Lei family will really swallow up all the Su family! "

"I have something else to do. Go slow!"

Zhou Tao knows that Yun Yiyan is busy, so he doesn't disturb him. He didn't know what Su Moli said to Yun Yiyan. Anyway, he has completed his task today, so the next thing is not his own business.

After Zhou Tao leaves, Yun Yiyan calls Huo Dongyang.

"Huo Dongyang, I have something to discuss with you."

"I'll be there in a minute."

Yun Yiyan is waiting for Huo Dongyang at the door. In fact, he is worried.

Along with Huo Dongyang is Qin Hao. When they look at Yun Yiyan, they know that he is worried.

"Here you are." Yun Yiyan said.

"Go in and talk about it." Huo Dongyang opens his mouth.

After three people sit down, Yun Yiyan tells Huo Dongyang what he thinks. He wants to buy st in the name of XY.

Qin Hao handed the document to Yun Yiyan. "Here you are. I just finished the st asset budget."

"For the first time, I felt that you were not hostile to me!"

Qin Hao a smile, "rarely see you so actively want to help a woman, so friendship sponsorship."

Yun Yiyan did not take Qin Hao's words, he looked at Qin Hao's acquisition plan. As expected, he is the first leader of HD, and the case is really detailed and accurate.

"Now that it has been decided, don't delay too long." Huo Dongyang opens his mouth.

"Good!"

Afternoon.

Yun Yiyan took his lawyer and assistant to Su's house.

Su Moli was also surprised when she saw Yun Yiyan. "Yun Yiyan, why are you here?"

"Is your grandfather there?" Yun Yiyan asked.

"Are you looking for grandfather?" Su Moli thought Yun Yiyan would draw a line with herself after reading the letter, but he came.

[Chapter 459](#)

Yun Yiyan sits in the living room waiting for Su Weiming.

Su Moli also pours tea to Yun Yiyan and several other people. She carefully puts the cup in front of Yun Yiyan. "Tea! Grandpa will be back in a minute

Yun Yiyan takes a look at Su Moli, with a distant look in his eyes. "I didn't expect you would have tea ceremony."

"A little bit." Su Molly replied.

"Sammy, I find you really know everything." Yun Yiyan continued.

Su Molly shakes her head. "Not everything. If it does, it won't be at home. "

Yun Yiyan stares at Su Moli, but he doesn't speak. After he and Su Weiming make it clear, he and she slowly calculate the account of private affairs.

After waiting for about half an hour, Su Weiming came back from the outside. He went back to the company to deal with the handover work and came back immediately after receiving a call from Su Molly. As soon as I entered the door, I saw Yun Yiyan and several other people.

At first glance, there was something wrong with the formation. Su Weiming walked over. When Yun Yiyang saw Su Weiming coming, he also stood up and said, "Hello, Su Dong!"

"Welcome to your home, Mr. Yun." Su Weiming sits down opposite Yun Yiyang.

When Yun Yiyang saw Su Weiming sit down, he sat down with him: "I want to talk about St with Su Dong today."

Su Weiming didn't expect Yun Yiyang to be so direct. Of course, he didn't expect this. It's just that he doesn't know what Yun Yiyang is for. He won't be as mean as Lei Junbo. He wants to take advantage of the fire!

"Does Yundong know about St?" Su Weiming doesn't have people like Yun Yiyang who pay attention to these things. In a city, he knows the strength of HD's several companies, and he doesn't even dare to imagine any cooperation with them. After the success of SZ and XY cooperation came out, it also led to a lot of resources.

But now Yun Yiyang actually came to talk to him about st in person. He was really flattered.

"Grandfather, you're OK." Su Moli saw that Su Weiming's expression was not right. She asked quickly.

"I'm fine." Su Weiming nodded.

Yun Yiyang is also waiting for Su Weiming's reply. He looks at the time and then tells his assistant that he will arrange his work for tomorrow. Su Moli has a feeling that she can't explain clearly. She even thinks that Yun Yiyang is doing this for herself.

After su Weiming adjusted his mood, he looked at Yun Yiyang and said, "does Yundong know the situation of St? If we want to cooperate, I'm afraid we can't afford it. "

Yun Yiyang asked the lawyer to take out the purchase contract and open it on the table. "That's what I mean!"

Su Moli can't believe the word "buy". Yun Yiyang wants to buy St? If this is the case, then ST will be saved. Zhou Tao also told himself that day.

Su Weiming could not be excited to see such a contract. "Mr. Yun, you have to be clear that ST is still in debt."

"These are not problems. You can look at the content of the contract first. If there is any request, we can continue to talk about it Yun Yiyang continued. "The key point is that I will let you continue to manage everything in St

Su Weiming is stunned. There are still such good conditions. "Can st keep me in charge of everything?"

"Yes." Yun Yiyang nods.

Since this is the case, Su Weiming does not understand that he should not only bear the liabilities of St, but also give the right of operation and management to himself. So, is this really an acquisition? Clearly, it is to help st tide over the difficulties. Su Weiming thought it was too unreal. It's just pie in the sky.

"Is Yundong helping me

"No help. St also has the ability to make money, but lacks some opportunities." Yun Yiyan replied. "And one more thing I want to make clear is that st should change its name, which is also our requirement."

Yun Yiyan proposes that all the conditions are good, but the name st may not appear again. The name is a combination of my own name and the old woman's name, but now the company has lost in its own hands.

"Grandfather..." Su Moli knows the meaning of this name to Su Weiming, which is also his promise to grandma in this life. Now can't continue to use the name st, his heart must feel bad.

Su Moli looks at Yun Yiyan, but she doesn't dare to make a sound. Although she didn't understand these things, the conditions from Yun Yiyan were really good. He helped st and the Su family in disguise. In fact, acquisition is a kind of external statement.

Seeing that Su Weiming didn't speak, Yun Yiyan continued: "or does Su Dong think it would be better to cooperate with Lei's family? Discerning people know the purpose of the Lei family at a glance. They want to swallow everything of the Su family directly. "

"Mr. Yun, can I know why you helped?"

"My main reason is to make money, and now we are short of such a business. This case was also raised by HD president, and I think it's also a good thing for you

Su Moli was stunned. She didn't expect Huo Dongyang to help the Su family. This also surprised her. So what role does Yun Yiyan play here?"HD?"

"Yes. The ST will be named HD

Su Weiming did not expect such a result. "What does President William mean?"

"Well, that's what my uncle meant. Of course, he also has a small request here. He wants Miss Su to study in the company. " Yun Yiyan replied.

Su Weiming finally understood it. It turned out that all this was because of jasmine. "Jasmine is not a commodity, I will not let Jasmine suffer any injustice."

Su Molly immediately presses Su Weiming. "Grandfather, I don't care! I should also learn about the company. I can help you next time! "

"But..."

"Yes, grandfather! It's better than being oppressed by the Lei family. " Su Moli persuades Su Weiming.

Yun Yiyan has made it clear. The rest is for Su Weiming to think about it. "Su Dong, you can think about it. I'll go back today. "

Su Weiming saw Yun Yiyan stand up and said, "I won't sell you Jasmine because of this!"

Yun Yiyan smiles. "So you're trying to marry Sammy to Ryan? Isn't that a trade-off? "

Hearing Yun Yiyan's words, Su Moli is not happy. Yun Yiyan should believe such a rumor. She has made it clear in the letter that he still misunderstood himself!

"I don't have that relationship with Ryan!" Su Molly is really spitting.

Yun Yiyan gives Su Moli a cold look. "You don't have to explain it to me."

Su Weiming is also worried that Su Moli will offend Yun Yiyan. He quickly says, "Yundong, Molly is not sensible. You don't mind. "

"I'm used to it!" With that, Yun Yiyan took people with him.

Su Moli chases her out. She really doesn't want Yun Yiyan to misunderstand herself. She chased for the door. "Yun Yiyan!"

Yun Yiyan asks others to get on the bus first. He waits for Su Moli to come. "Anything else?"

"Why are you helping grandfather?"

Yun Yiyan put his head in front of Su Moli and said with only two voices: "in this case, you don't have to go on a blind date?"

[Chapter 460](#)

After su Molly heard Yun Yiyan's words, the whole person was in a situation outside. What does Yun Yiyan mean?

"Why don't you keep dating?" Su Moli asked Yun Yiyan in turn.

Yun Yiyan just raised the corners of his mouth and seemed to keep the mystery to the end. "Well advise your grandfather, you also know that Huo Dongyang, if you miss this opportunity, there will be no more."

Su Moli really don't understand the purpose of Huo Dongyang, "why does Huo want to help me?"

"How do I know that? If you want to know, ask him yourself." Yun Yiyan replied. "I'm ready to go!"

Su Moli grabs Yun Yiyan's hand anxiously. "Yun Yiyan, I really don't have that relationship with Ryan, and I won't marry him. Please believe me!"

Yun Yiyan looked at Su Moli, who explained to herself seriously, "in this case, why do you still want to give me that letter? What else do you say? Don't contact in the future

"I'm worried about dragging you down!" Su Molly replied. "If the ray family is really hard pressed, maybe I will marry Ryan and make them angry!"

Hearing Su Moli's words, Yun Yiyan's face suddenly became gloomy. "What do you mean?"

"In fact, this news was released by the Lei family, so that they could swallow up everything of the Su family in a proper way. On that day, although Ryan also proposed to marry him, the ray family would really help the Su family. At that time, I refused

Yun Yiyan's heart is not happy, and Ryan really opened this mouth. You see, it's Ryan behind the news. I just want to kill two birds with one stone. This step is really good.

Yun Yiyan looks at Su Moli. "Don't meet Ryan in the future."

"Oh, I see." Su Molly answered naturally.

"And don't go on blind dates." Yun Yiyan continues to explain.

"Well!" Sammy nodded.

Yun Yiyan doesn't want others to wait too long. He reaches out and grabs Su Moli away. "Go in! Remember to persuade your grandfather, this is the only chance for you st to turn over. "

Su Molly nods. "I will. Yunyiyan, in the end, I still owe you a favor. "

"It's better to owe me than to others!" Yun Yiyan replied. "For my sister's wedding in two days, don't forget what you promised."

After Yun Yiyan reminds Su Moli that the wedding of Yun Muxin and Xia yueqian is coming. However, she has forgotten about her family affairs these days. She has not prepared any gifts or even her own clothes!

"Don't worry, I'll be there on time." Su Molly went on to answer.

Molly doesn't see Su Yi Yan's face. "I'm gone."

So Molly nodded, "Hmm!"

The next morning, in the rush hour of work, HD announced a latest news. HD successfully acquired the 50 year old st in the south of the city, and HD expanded its territory again. After the acquisition, XY will be directly responsible for the st, and Yun Yiyan will become the new general manager of St. ST will become a new member of HD with the new name hd-st at the signing ceremony this afternoon!

As soon as the news comes out, it gets attention. After xy and QW, HD successfully acquired st again, which also makes many people wonder what charm ST has to attract HD's attention. It's really unexpected that an enterprise that is about to go bankrupt has such a gorgeous turnaround before falling to the bottom!

As soon as the news came out, Su Weiming received a lot of phone calls, of course, many people who had refused to provide assistance. After hearing the news, these people also offered cooperation to Su Weiming. But Su Weiming used Yun Yiyan as a shield to send him away.

Su Molly sat on one side and looked at her grandfather. She really didn't expect such an effect. This time, it seems that the Su family will also get attention, "grandfather, don't answer those calls."

Su Weiming looked at Su Molly, "no, it's almost the same opening remarks."

"This time we want to thank Yun Yiyan!" Said Su Molly.

"What is the relationship between you and Yun Yiyan?" Although Su Weiming is old, his head is still clear. Yun Yiyan certainly won't help st for no reason, and yesterday I saw a conversation with Su Moli, and they obviously knew each other before.

Su Molly didn't intend to keep it from her, "grandfather, I like him very much! I have pursued him, but I have failed! "

"What!" Su Weiming heard Su Molly's words before he knew that he wanted to turn the other way. "In this case, how could he have done it?"

"He's a businessman, of course, to make money. And you see, our st has not been bad before. He must have seen that we still have potential that has not been explored, so he doesn't want to miss this opportunity. "

Su Weiming also thinks that Su Moli's point is reasonable. If Yun Yiyan wants any woman, people like him will definitely not look at Sino Sumeria. In this way, I feel much more comfortable. "Molly, although they helped us this time, my grandfather has a bottom line. If they want you to do something you can't see, then my grandfather will fight against them" "Don't worry, grandfather! I've met them. They are excellent and honest people. They will not do those shameless activities! " Su Moli assures Su Weiming.

"That's good!"

Afternoon.

Su Weiming personally went to XY to sign a contract with Yun Yiyan. After signing the contract, Su Weiming left first.

"Do you have something to say to me?" Yun Yiyan looks at Su Moli standing in front of him.

Su Molly nods. "Yes, thank you very much! Thank you for saving st and the Su family. "

"Don't say anything polite. What I want is later grades. " Yun Yiyan replied.

"I will also study hard, and then go to work in the company to help my grandfather work hard to manage st well." Su Moli also promised Yun Yiyan.

Cloud Yiyan stood up, he went to Xia Su molli in front of, "then I am waiting for your performance!"

Su Moli looks at Yun Yiyan. After this experience, she feels that she can't be willful. She decided to contribute to St. "Yun Yiyan, I will not continue to pester you."

Yun Yiyan stood up to such a sentence, but he was also a little flustered. "What? Do you like other men? " Yun Yiyan still doesn't know who the man who had dinner with her that day!

"What a man!" Su Molly asked in turn. "I don't have a man!"

"Who was the man you ate with that day?" Yun Yiyan still can't let go.

Su Moli really doesn't know why Yun Yiyan must know what happened that day. "Yun Yiyan, don't question me with such a tone, or I will misunderstand your meaning again!"

"Misunderstood what?"

"I misunderstood that you like me a little, so you will help me this time."

Yun Yiyan reached out and knocked on Su Moli's head, "Su Mo Li, I thought you were very smart. I didn't expect you to be so slow. The purchase of St costs hundreds of millions of dollars, which is actually your contract to sell yourself! "
