

## Warm Wife 51

### [Chapter 51](#)

Yun Yiming sits in his office, looking at the almost uncontrollable situation.

This has never happened before. These people really don't pay attention to the cloud family.

"Haven't you found out who it is?" Yun Yiming looks at his assistant mark in front of him.

Mark shook his head. "Mr. Yun, not yet. These big V seems to be suddenly airborne out, even the network IP used is also virtual, nothing can be found. "

"Asshole! If they are gods, they can appear out of thin air Yun Yiming looks angry. He doesn't believe he can't find out.

Mark is also the first time to see Yun Yiming so impatient and helpless. "Mr. Yun, I have already accelerated their speed. I believe there will be news soon. "

"Well!" Yun Yiming nods. "You go out!"

After seeing mark go out, Yun Yiming calls Fu Qing.

"Mom, the situation on my side is not finished."

"I've seen the news on the Internet." Fu Qing also felt that it was not just a simple revelation, but a provocation to the cloud family.

Before, no matter what cloud family released, almost no one dared to say anything. But these people on the network obviously don't pay attention to the cloud family.

"Mom, you wait for me at home."

"All right, you're busy first." Fu Qing also agreed with Yun Yiming to deal with the immediate affairs first.

But Fu Qing soon thought of a man. Could he have done it? Fu Qing thought of the person is Huo Dongyang.

Since the meeting, Fu Qing has asked people to check on him, but nothing happened. This situation is really strange. She thinks that Huo Dongyang's return this time is not simple. She will not believe what he said that day.

When his mother was expelled from the cloud family and even died miserably, he was already sensible. How could you mind at all! Does he have other purposes besides getting everything from the cloud family?

Fu Qing clenched her hand. She didn't want to guess more. What she wanted was the property of the cloud family. The rest of my gratitude and resentment have nothing to do with myself.

When Yun Yiming was in trouble, Qiao's family took the opportunity to make trouble. Qiao Qingdong also issued a statement in his own name.

The content of the statement was similar to that reported on the Internet that her little daughter was indeed pregnant. As a result, the cloud family didn't want to admit it and forced her daughter to beat the child. At the end of the statement, Qiao Qingdong even blustered that his eldest daughter and Yun Yiyan had divorced a year ago, so there was no such thing as a "little three".

This statement completely angered the cloud family.

Yunzhou with Qiao Qingdong sent to the company statement back home, a throw on the table.

"What are you going to do about it?" Yunzhou was angry with Yun Yiyan for the first time. "How can you get involved with such a woman! It's a blood sucking worm

Yun Yiming holds his head in one hand. After checking all afternoon, he doesn't have any news. It's enough to hit him. Now Qiao Qingdong, an old man, dare to challenge himself openly. It's just useless!

Yun Yiyan has been silent, did not expect things to develop like this.

"Dad, don't blame the second brother. These things are not what he thought! If you want to blame, blame the two vicious women of the Qiao family. They set us up Yun Muxin speaks well for Yun Yiyan.

Fu Qing takes a look at Yun Yiyan. In fact, he is not easy. He wants to play with women, and she doesn't mind. But if you want to know people with your eyes, how can you also want such goods as Qiao Xin? This time, you are really blind!

"I'm sorry!" Yun Yiyan opens his mouth.

"This is not the time to apologize." Yunzhou interrupted Yun Yiyan. "We have to find a way to solve the problem. Since Qiao Qingdong is unkind, don't blame us for being rude! "

"Dad, I think we should give the Qiao family some color to see."

"Well!" Yunzhou nods and seems to acquiesce in Yun Yiming's mind.

Yun Yiming is also energetic. With his director's nod, it will be easy to do next. If anything happens, he will be the director in front of him, and he will be at ease.

Fu Qing secretly also gave his son a positive look, that he did well.

Once again, his eyes passed over Yun Yiyan, and Fu Qing suddenly thought of a man. This is the mayor of city a, the biological father of Yun Yiyan. At this time, he should be asked to help. How to say that the cloud family also helped him raise his son for 28 years, which is hard work and great achievements!

"Yunzhou, aren't you familiar with Mayor Xia? How to say that we are also friends of the world. It should not be difficult for you to ask him to help us this time? "

Hearing Fu Qing's words, Yunzhou also understood her meaning. He really forgot about Xia Mingde.

"Thank you for reminding me. I'll call him right away."

It is only until today that several people in Yun Yiyan know that there is such a relationship between the cloud family and the mayor's family.

"Mom, are we still connected with Xia Mingde? Why haven't you mentioned it before? " Yun Yiming is excited. He didn't expect that there was such power behind the cloud family. Fu Qing nodded. "Isn't it to keep a low profile? A long time ago, your father was able to do a big favor for Xia Mingde and get acquainted with him

"It's really low-key." Yun Yiming feels like pie has fallen from the sky. There is such a good thing.

Yun Muxin also said: "Mom, you should say it earlier, so that we will be relaxed in the future."

Fu Qing looks at Yun Yiyan. "Keep a low profile when it's time to be low-key."

"You and mom are hidden."

Yunzhou soon reached an agreement with Xia Mingde and decided to put pressure on Qiao Qingdong.

"Ma'am, I need you to go to Qiao's tomorrow." Yunzhou looked at Fu Qing and said.

"Well!"

It's time to learn about the Qiao family.

The next morning.

Qiao Qingdong was still waiting to go to the cloud home for evaluation, when he received a call from the company.

People from the tax bureau came to the company early to investigate and said that senqiao had tax evasion and had sealed up some important assets of the company.

It was a bolt from the blue for Qiao Qingdong. It seems that he really did something he shouldn't have done. Yesterday, he shouldn't have listened to Liu Su's words. He said that public opinion is now biased towards the Qiao family, so he should give the cloud family a proper counterattack.

The result is good, now the counterattack has not achieved the result, actually ignites the body, the entire senjo all took part in.

He must have been stupid at that time to openly challenge the cloud family, which was beyond his capacity.

"Master, Madame Yun is here."

Hearing these words, Qiao Qingdong's face turned white. "It did come."

Liu Su heard Fu Qing coming, and she came out of the room. Today, no matter what, she will fight for her daughter.

As soon as Liu Su walked into the living room, she saw Fu Qing coming in.

"Mrs. Yun has come here so early. She must have something urgent to talk about?" Liu Su spoke first.

## [Chapter 52](#)

Fu Qing did not immediately reply to Liu Su, went directly to the sofa and sat down.

Liu Su is ignored. She has a fire in her heart. The old woman still dares to be so arrogant. You'll have a good time!

She went to Qiao Qingdong and sat down with her posture.

Fu Qing took out a document from his bag. "This is a statement from Chairman Qiao to our family, and I'll give it back to you now."

Liu Su's face was startled, "Mrs. cloud, what do you mean?"

"Don't you understand, Mrs. Joe?" Fu Qing said. Looking at her, it seems unclear that something happened to senjo.

Fu Qing looks at Qiao Qingdong. He is depressed. "I think chairman Joe should understand what I mean."

Qiao Qingdong now did not dare to build a sentence, always felt that no matter what he said, it seemed that he could not change the situation.

"What do you mean?" Liu Su saw Fu Qing's calm expression and thought differently.

Fu Qing said with a smile, "Chairman Qiao, should you understand what I mean?"

"Mrs. cloud, please be merciful." Qiao Qingdong has the meaning of a request.

Fu Qing knew that Qiao Qingdong didn't have the courage. He didn't dare to do anything! It must have been instigated by the woman next to me! I just want to marry my daughter to the cloud family. It's like a toad trying to eat swan meat.

Hearing Qiao Qingdong's meaning, Liu Su is angry and beats Qiao Qingdong. "Qiao Qingdong, what's the matter with you? Which one are you playing with me now

"Shut up!" Qiao Qingdong yelled at Liu Su. This woman killed him.

Fu Qing then took out a document from his bag and handed it to Qiao Qingdong, "Chairman Qiao, if you don't have any opinions about this agreement, please sign it at the last place."

Qiao Qingdong opened a look, and it was actually those dazzling big characters, "share transfer letter".

"You

"This is the only way to save senjo. Unless you want to go from senjo to someone else. " Fu Qing took a sip of tea gracefully.

Liu Su also stretched out his head to have a look, they actually want Qiao Qingdong 30% of the shares.

"Fu Qing, you are a lion Liu Su really wanted to slap her.

Fu Qing put down the cup, "you can't sign either. Senqiao will come to this step today, which is also your own sin! Or you want an outsider to buy senjo directly, and you're kicked out. Now we cloud family just want a part of the equity, but also want to keep senqiao for you. "

Qiao Qingdong frowned, Fu Qing's words are not wrong, shares to the cloud family is not wrong, after all, also once a family. Fat water does not flow into the field! If you want to get it back in the future, it can be simpler.

If they are in the hands of outsiders, they have no chance at all. Now senqiao's situation, presumably many shareholders have been unable to sit still, has begun to sell their shares.

Joe, give me time to think about it. After all, it happened to senqiao. I think many people will buy it at a very low price! You can also discuss it. " Fu Qing finished and prepared to leave.

Qiao Qingdong spoke quickly. "What can we get if I sign it?"

"Your position remains the same, and you are more familiar with senjo's business. But the position of general manager should be taken over by Yun Yiming. "

"What!" Qiao Qingdong didn't expect that they had such a plan.

Liu Su also frowned. The old woman really imagined everything for her eldest son. Such a mother is also great. "Why not Yun Yiyan?"

"Yun Yiyan has been suspended from his post. Do you think this idea makes sense?"

"What!"

"Thanks to your precious daughter for the orders our father has given. That's what it's like. " Fu Qing has deep contempt in his eyes.

Liu Su resisted her anger as if she had been strangled.

"I can only wait two days at most. It's late, so it's too late. "

Qiao Qingdong held the pen, and now there is no way.

"Qiao Qingdong, are you crazy?"

"Shut up Qiao Qingdong yelled at Liu Su. "If it wasn't for you, nothing would have happened today."

Liu Su is really angry, but things really turn around for several rounds!

Fu Qing saw Qiao Qingdong's signature, and she showed a satisfied smile. "Chairman Qiao really knows the current situation and he is a hero."

Qiao Qingdong handed the signed share transfer letter to Fu Qing. "I have a proviso that Yun Yiyan will be vice president of senqiao."

"Good abacus." Fu Qing was not surprised, as if she had anticipated it before she came.

Qiao Qingdong's attitude is tough, and Yun Yiming is the president. So, how can he let Yun Yiyan go to the vice president.

Fu Qing nodded, "yes, I can also let your daughter work in senqiao."

"You mean it?"

"Of course Fu Qing gave a positive reply, "but I also have a precondition." Seeing Fu Qingna's expression of being at ease, Liu Su's heart is not willing to. "What conditions?"

"The child must be removed." Fu Qing also gave an ultimatum.

"No way!"

"Liu Su, you are forcing your daughter to death. You should know that her stomach has been judged as stillbirth. What do you keep it for! Isn't there a long way to go for children? "

With that, Fu Qing put the papers away. "I'll see your reply in two days. Go first. "

After Fu Qing left, Liu Su was furious. "Qiao Qingdong, what do you mean? How dare you humble her

"Liusu, I was killed by you! Senjo was seized this morning Qiao Qingdong yelled. "Because of your bad idea, I paid for everything. Is the cloud family really so provocative? They're tough backstage! "

Liu Su fell down on the sofa, "how could this happen?"

"In the afternoon, I will take Xinxin to do the operation immediately." Qiao Qingdong also gave Liu Su an order.

Jiangwan villa.

Huo Dongyang also received the news.

Xiang Qing stood aside, waiting for Huo Dongyang's instructions.

But after a long time, Huo Dongyang did not speak. Xiang Qing said: "boss, what should we do now?"

"Watch the tiger fight across the mountain." Huo Dongyang replied. "I think they'll come to Qiao Wei soon. Now Qiao Wei's shares are the key to their success or failure. "

"Boss, who do you think the lady will help?"

"Me Huo Dongyang stood up.

Xiang Qing is really not sure where Huo Dongyang is confident. Qiao Wei is a member of Qiao family, so it is natural to help his family. Qiao Wei was also the daughter-in-law of the cloud family. If she wants to deal with the Qiao family who has no conscience, she can stand on the side of the cloud family.

Is how to calculate, all round to Huo Dongyang's head. This result, the boss is really some miscalculation.

### [Chapter 53](#)

Huo Dongyang returns to his villa.

As soon as I entered the door, I could smell the smell from the kitchen.

These days, he ate Qiaowei cooked rice, although the taste is not very good, but still see her heart.

Huo Dongyang went to the kitchen door and saw Qiao Wei's busy figure. His heart feels warm, is this the warmth of home?

Qiao Wei just turned around and saw Huo Dongyang standing at the kitchen door.

"You're back."

"Well!" Huo Dongyang reaches forward and holds Qiao Wei.

Qiao Wei blushed, "what's the matter?"

"Just want to hold you." Huo Dongyang said softly in Qiao Wei's ear.

Qiao Wei heart is a burst of sweet, originally this is the feeling of being spoiled and painful, really good. This is what marriage should look like!

Huo Dongyang let go of Qiao Wei, "what did you do today?"

Qiao Wei has not had time to stop Huo Dongyang, he has seen his printed menu. In fact, her cooking is really not very good. She has never thought about washing hands for anyone before.

However, all these things have become so natural after meeting Huo Dongyang, and they are willing to do it.

Huo Dongyang reached out and picked up Qiao Wei to print out the detailed process of cooking. He laughed and said, "why don't you do something simple?"

"Simple, those are not nutritious." Qiao Wei went forward and collected the recipe. "I'll be all right soon."

Huo Dongyang picked up an apron and put it on his body. "I'll help."

"No!" Said Jovi quickly. "You've just come back. You'd better have a rest! This is what I should do as a wife. "

Huo Dongyang heard from Qiao Wei's mouth to say his wife, action also hesitated down.

"Am I wrong?" Qiao Wei didn't realize that he was wrong.

Huo Dongyang smiles and shakes his head. Now she doesn't exclude her identity. It's good to say that she is also used to the fact that she is Mrs. Huo. The future is easy to handle.

"In our family, there is no such rule." Huo Dongyang opens his mouth. "As a husband, you can also cook for your wife. We can also share the housework. "

Qiao Wei heard, a very bright smile on her face, she jumped up to hold Huo Dongyang, "Dongyang, you are so good! I must have done a lot of good things in my last life to meet you

Huo Dongyang's face is also a smile, he put his arm around Qiao Wei's waist. "Is it?"

Qiao Wei nodded repeatedly. "Yes."

"In that case, can I ask for a reward?" Huo Dongyang's eyes flashed.

This time, Qiao Wei seems to understand Huo Dongyang's eyes at this time. She had a red face, as if the barrier between them had disappeared the other day. They have a deep desire for each other's bodies.

Qiao Wei's heart beat faster, the whole face is like a ripe apple, but she still nodded.

Huo Dongyang immediately lowered his head, without saying a word, he directly kisses Qiao Wei's delicate lips. Her lips are soft and will not let go once they are touched.

Qiao Wei also slowly responded to Huo Dongyang, she reached out to hold Huo Dongyang's waist.

They seem to forget everything and kiss in the kitchen.

Until the lid of the soup pot is pounded by the heat. Huo Dongyang reluctantly let go of Qiao Wei. He reached out and gently wiped the residual silver of Qiao Wei's mouth.

"The rest, we go on at night." With that, Huo Dongyang quickly took over the kitchen.

Qiao Wei stretched out his hand to press his heart, and even looked at Huo Dongyang's handsome back with a look of flower maniac. Such a perfect man is really his husband. This is only this, but also enough to have a dream and laugh.

They had a wonderful dinner.

After dinner, Qiao Wei took the initiative to wash the dishes. She didn't want the perfect man to get any oil stains.

"Jovi, we'll go for a walk later?"

"Good!" Jovi agreed at once. After living here for a month, she didn't go out to walk well.

Thinking of going out for a walk with Huo Dongyang, I was very happy. She quickened her movements.

Qiao Wei just sat down to change shoes, but Huo Dongyang has already squatted down to help her wear shoes.

"Dongyang, what are you doing?" Asked Jo nervously.

He is such an excellent to outstanding man, how can do such a thing! "You get up, I can do it myself."

Huo Dongyang raised his head and looked at Qiao Wei. "It's normal for a husband to help his wife. All right, let's go! "

Seeing Huo Dongyang standing up, Qiao Wei was really moved.

"Let's go!" Huo Dongyang put his hand in front of Qiao Wei.

This time, Qiao Wei held Huo Dongyang's hand without hesitation. This time, she wanted to hold his hand tightly.

Huo Dongyang quickly took Qiao Wei's hand and tightened it.

Qiao Wei follows Huo Dongyang's footsteps and walks out of the house. After they had gone far away, Xiang Qing and Nan came out of the darkness.

Xiang Qing complained, "it's really no limit to show your love every day. Don't they know that this kind of behavior is really hard on us? Even hot eyes

For the first time in the south, he said, "master, don't you think such a boss is just like a person? He and his wife have a good relationship, and we should not suffer less? "

Xiang Qing also thinks that it is reasonable to say something to the south. Recently, Huo Dongyang has really tolerated them a little, so he can speak.

"Let's keep up." Open your mouth to the south.

Xiang Qing stares at the south, "boy, now you seem to climb over my head. Who is your master?"

"You, of course!"

"Then you will listen to me!"

After nodding to the south, first step to keep up with Huo Dongyang and Qiao Wei.

"Hello Xiang Qing saw that he had already set out to the south, and he quickly caught up with him.

Huo Dongyang and Xiang Yuqing turn around in the community and come back.

"Dongyang, I will report with hd-qh in two days. What should I pay attention to?" On the way home, Qiao Wei asked Huo Dongyang.

Huo Dongyang looked at the intimate little woman holding his arm and said, "you can be normal. Qin Hao will arrange work for you then."

"I'm airborne this time. Won't other people have any complaints?" This is what Qiao Wei is worried about.

Huo Dongyang stretched out his hand and gently pinched Qiao Wei's nose, "then you will take out your own charm to conquer them!"

Huo Dongyang's words gave him great encouragement, "Dongyang, thank you!"

"We don't need to say thank you to each other!"

The two people who followed secretly seemed to have been hit ten thousand times by their conversation, which is obviously abusing dogs!

Almost to the door, Qiao Wei's mobile phone rings.

Seeing the caller ID, Qiao Wei stopped. There's a call from the Qiao family. It must be no good.

Huo Dongyang also saw that beating phone, he put out his arms around Qiao Wei, should come or come.

"Take it

## [Chapter 54](#)

Qiao Wei sees Huo Dongyang's positive eyes.

She opened the cell phone and it would pick it up. "Hello."

"Qiao Wei, you finally answer the phone!" Qiao Qingdong's tone is very bad.

Qiao Wei did not answer, but waited for Qiao Qingdong to talk.

"You'll come to the company tomorrow with your shares."

Hearing this, Qiao Wei's body was stiff. Is he going to take his own shares now?

Huo Dongyang feels the change of Qiao Wei. It seems that Qiao Qingdong has already acted.

Huo Dongyang put his hand on Qiao Wei's shoulder and gently comforted him. At this time, she may need to be such a comfort!

Qiao Wei felt the encouragement from Huo Dongyang. She held her mobile phone and said, "why?"

"No why, I gave you senjo's shares." Qiao Qingdong took it for granted.

Qiao Wei directly refused, "that's my mother's share."

"Jovi, don't forget your surname is Joe."

"I won't go."

"Very well, then you wait to see the consequences." Qiao Qingdong threatened. "Don't think it's great that you have a man now. It's far worse than the cloud family."

Qiao Wei was angry, she did not allow others to slander Huo Dongyang. In her heart, Huo Dongyang is a perfect man without blemish.

"He's fine!"

"Jovi, your wings are hard now, aren't you?"

Huo Dongyang saw this, took Qiao Wei's mobile phone, and still kept his demeanor and said, "Chairman Qiao, please don't bother Qiao Wei any more. I think you also remember saying you didn't have this daughter. Now when something goes wrong, you want her to come out and carry the pot for you. It's really unfair! "

Hearing the man's voice, Qiao Qingdong's voice was even louder, "who are you? You have no right to take care of my family. "

Huo Dongyang raised his mouth. "I think you'll soon know who I am."

With that, Huo Dongyang hung up the phone directly.

"I'm sorry." Qiao Wei just heard what Qiao Qingdong said to Huo Dongyang.

Huo Dongyang rubbed Qiao Wei's head, "we don't need these words."

Huo Dongyang hugs Qiao Wei and goes on. But Qiao Wei still can't understand what Qiao Qingdong is thinking. "Dongyang, why did my father suddenly want my shares?"

Huo Dongyang looks ahead and smiles. "You didn't watch the news today?"

Qiao Wei shakes her head. She is studying the menu today and has no time to look at others.

"When you get home, you can go and see it when you have time."

Qiao Wei is a little strange. He knows what Huo Dongyang looks like, but why doesn't he tell himself directly?

"You'd better understand some things yourself." Huo Dongyang added.

Qiao Wei stares at Huo Dongyang quietly. "How do you know what I'm thinking?"

"Is it a matter of mind?" Huo Dongyang asked.

Back home.

Qiao Wei turned on his computer and searched for today's news. Sure enough, she saw the news about senjo.

After reading, Jovi leaned back on the chair. Facing such a crisis, Qiao Qingdong thought of himself. He's obviously trying to grab his own shares.

"Jovi, take a bath." Huo Dongyang enters the room.

Qiao Wei Er a, eyes still fall on the computer.

Huo Dongyang walks to Qiao Wei's side and sees the news on the monitor. He closed the monitor directly. "Don't look."

After smelling Huo Dongyang's fresh smell after bathing, Qiao Wei felt as if his troubles had disappeared.

"Dongyang, what do you think I should do?"

See Qiao Wei serious expression, Huo Dongyang simply lean on the edge of the desk. He looked down at Qiao Wei, "want to hear my opinion?"

"Well!" Jovi nodded. "After all, senjo has half of my mother's credit."

"You want to keep senjo?"

Qiao Wei thought for a while, and finally nodded hesitantly.

Huo Dongyang stretched out his hand and nodded Qiao Wei's head, "I don't recommend you to baoshenqiao now, because it's not wise."

Qiao Wei blinked, but I don't know why she just wants to believe Huo Dongyang.

"Why?"

"As far as I know, half of Qiao Qingdong's shares have been poached, and he has lost his position as a major shareholder of senqiao. Other shareholders have also sold their shares. Recently, a company is planning to buy senqiao directly

Qiao Wei a Leng, did not expect Huo Dongyang to know these. She had heard Chen Jiansheng say it before. But I didn't expect that Qiao Qingdong's shares would be divided up.

Qiao Wei wrung his brow. "So who took my father's shares?"

"The cloud family."

Qiao Wei's eyes widened. "Cloud family? How could they do that? "

Huo Dongyang certainly won't tell Qiao Wei the truth. "I don't know. It's said that Yun Yiming will be the general manager of senqiao." Joe's face turned white. How could it be like this. As a rule, at this time, the cloud family should not lie in the muddy water. What are they doing this for?

"Well, it's not early. Wash and sleep. "

Qiao Wei or with a face of doubt. "Dongyang, do you know you will know this?"

"Industry news."

Qiao Wei didn't go into the industry news what Huo Dongyang said. "Dongyang, what do you think should be done with my shares?"

Huo Dongyang smiles. This little woman really intends to ask the truth.

"Qiao Qingdong has already called, so the people from the cloud family will call you next."

Qiao Wei shakes her head recently. She shakes her head definitely. "No! People from the cloud family won't make this call. Now they have already known about the divorce between Yun Yiyan and me. How could they make this call? "

"Not necessarily." Huo Dongyang also looks positive. "I'll wait for your reply."

Sure enough, Qiao Weigang wanted to take a bath with his clothes.

Yun Yiming called.

Qiao Wei holds the mobile phone, she looks at a calm face leaning on the head of the bed to see the report of Huo Dongyang. Is he a God? How can we not predict!

Actually, she was right. The people from the cloud family really called.

"Hello..."

"Qiao Wei, I'm Yun Yiming."

"Well."

"Are you free tomorrow? I'd like to make an appointment with you. " Yun Yiming said directly.

Qiao Wei looked at Huo Dongyang and wanted to ask his opinion. As a result, Huo Dongyang just gave her a shallow smile.

Joe frowned. What does that mean? I feel like I don't have enough intelligence.

"My dad just called and asked me to come back to the company tomorrow." Qiao Wei gives such an excuse.

After hearing this, Yun Yiming immediately said, "Qiao Wei, I think you should meet me first and then go back. After all, what can you change when you go back

When Qiao Wei heard this, he understood what was going on. Yun Yiming also wants to get senqiao shares from himself. Or is the company that wants to buy senqiao privately is Yun Yiming?

## [Chapter 55](#)

For such a cognition, Qiao Wei is afraid.

If that's the case, it's horrible. The cloud family actually wants to swallow senqiao.

"Jovi, I hope you think about it."

"OK, I'll think about it!"

Qiao Wei thinks that he has become the most important chess piece in this strange game, and also plays a very important role.

Once you are on one side, that side may have a chance to win.

Qiao Wei couldn't help but shiver. How could things become like this? Who knows the end of the play?

Yun Yiming finally added, "Qiao Wei, you are a smart man, should you know how to do it? And the Qiao family has been kind to you, right? It's not wise of Joe to go all out for such a thing

"Thank you for reminding me. I will think about it."

"Well, I hope I can hear from you soon."

Qiao Wei looked at Huo Dongyang, "what should I do?"

Huo Dongyang put down the report in his hand, and he walked to Qiao Wei in front of him in shoes.

"Then ask your heart."

Qiao Wei felt confused, and she didn't want to think about anything. This time, she felt that she could not bear it. She didn't want to be a pawn between them.

Huo Dongyang reached for Qiao Wei. "Jovi, you have me by your side now."

Qiao Wei raised his head and looked at Huo Dongyang. Yes, he was right. It is because he is around that he feels secure. "Dongyang, I don't want to get involved."

Hearing Qiao Wei's reply, Huo Dongyang seemed to be relieved. In fact, before, his heart also had no bottom. I always think Qiao Wei will help one of them, but after hearing her words, he is relieved to prove that he really didn't read the wrong person.

"Do you give up senjo's shares?"

"Why

Huo Dongyang held Qiao Wei's shoulder and said, "if you are willing to, then buy your own shares. So you don't have to worry about that. "

Qiao Wei frowned. She bit her lips. In fact, she thought it was feasible. But the only thing she couldn't let go was that the share was left by her mother.

Huo Dongyang did not immediately force Qiao Wei to make this decision. "Qiao Wei, there are gains and losses in this world. I think you know that. "

"My mother left it to me." Qiao Wei said the reason why he hesitated.

Hear Qiao Wei's words, Huo Dongyang also understand. "I see what you mean. You don't want your mother's shares to fall into their hands. "

"Well!" Joe nodded. "It's not that I don't want to do it, I just want to hold on to mom's stuff. Whether it's the Qiao family or the cloud family, I don't want to. "

Huo Dongyang turned his eyes, "then I have a way."

"Say it."

Huo Dongyang says his way in Qiao Wei's ear. "You can also think about it."

"Is this man reliable?"

"He's my friend." Huo Dongyang replied.

Qiao Wei thought for a moment, "can I see this man first?"

"Of course." Huo Dongyang touched Qiao Wei's head and said. "If you decide, I can contact him."

"Then ask him out."

Huo Dongyang didn't expect Qiao Wei to decide so soon.

The next day.

Huo Dongyang takes Qiao Wei out to meet this friend.

They walked into the cafe and saw a man sitting with his back to the door in the distance.

Huo Dongyang pulls Qiao Wei to the past.

"John!"

"Hello, William。 "

However, when he saw a Chinese friend who spoke English fluently, Joe was fluent in English.

John nodded to Jovi.

"This is John and this is Jovi." Huo Dongyang introduced.

John looked at Huo Dongyang and asked, "girlfriend?" in very nonstandard Chinese

Huo Dongyang smiles and doesn't answer John's question.

John's face is ambiguous, and he deliberately gives Huo Dongyang a look to show that he understands.

Then they quickly got to the subject.

Qiao Wei learned from their conversation that this John is a Chinese American and grew up abroad. He and Huo Dongyang are classmates and good friends for many years.

John's company is dedicated to the company to provide business management and other related services. Last night, Huo Dongyang's suggestion was to let Qiao Wei deposit his shares in professional institutions first, that is, to directly authorize the shares in his hands to other people. In this way, you can leave a way back for yourself, and you can get out of it.

Qiao Wei thinks that this is a good way to keep his mother's shares and to solve the dilemma easily.

"Dongyang, I'll go to the bathroom." It seems that because of too much juice, Jovi went to the bathroom. After seeing Qiao Wei leave, John also became an expression.

"Boss, next time you have such a temporary task, remember to say it in advance, otherwise it's easy to reveal the truth." John is not good at Chinese.

Huo Dongyang leaned back on the chair. "You just said it was temporary, so of course it depends on your live performance."

John and Jason are both the right-hand assistants of Huo Dongyang company, even the right and left-hand of Huo Dongyang.

Jason is in charge of going out to talk about cooperation, while John is in charge of internal affairs.

"Boss, is there a reward for this extra task?"

Huo Dongyang raised eyebrows, "look at your performance."

John expressed his protest directly with his eyes. He and Huo Dongyang were indeed college classmates. After losing a bet, he could only work hard for Huo Dongyang. What's more, Huo Dongyang's salary is several times that of the outside. For the sake of money, he also bears Huo Dongyang's uncertain temper.

"Well, I'm almost trained to be fully capable by you now."

"Isn't that a good thing? You should thank me. "

"Yes, boss!" John nodded. "Who is this Qiao Wei sacred, actually let boss go out in person, is really a girlfriend?"

Working with Huo Dongyang for many years, they all know that Huo Dongyang has never been close to women. The woman who likes him can even circle the earth several times.

I really want to say that they used to think that there was a drama that was their younger sister, Mo Ling.

Everyone knows that moling likes Huo Dongyang, but Huo Dongyang has always ignored him. However, it was a miracle that he brought a woman out this time.

Huo Dongyang put down his coffee. "Jovi's name is not what you should call it."

John's smile froze to his lips. "Well?"

"Remember to call her wife later!"

"what? Husband Madame John looked at Huo Dongyang strangely. "Boss, you mean, you and she..."

Huo Dongyang nodded and admitted that he was married.

John slapped his hand on his forehead, "OMG! It's big news. "

## [Chapter 56](#)

John said OMG several times in a row to calm himself down.

Now he finally understood that it was the boss who gave up for his wife. So it's not hard to explain his behavior today.

"Boss, you're really hiding." John gave his thumbs up to show his admiration.

Huo Dongyang glanced at John and said, "just know."

"I think there's one person who's going to cry to death." John shook his head.

"Who."

"Boss, don't you know why? Mo Ling, you have been hinted at many times

Huo Dongyang's face sank, "I have nothing to do with her. And about my marriage, keep your mouth shut. "

"Good!" John nodded.

Or he knew that Huo Dongyang had his own plan, so John didn't go on with the topic.

"Does the lady know the real identity of the boss?"

"She doesn't know."

John took a breath. The boss just wanted to play deep or suspense. The routine is so deep that he says he can't understand it.

But to sum up, Huo Dongyang is not a person that ordinary people can understand! This time, Huo Dongyang did this, and it is estimated that he had his own plan.

John suddenly has a bad heart, that is, he suddenly wants to know what the lady looks like when the truth is revealed.

Huo Dongyang saw Qiao Wei come back, and he kicked John.

John quickly understood, and his expression changed in an instant, and he could switch freely.

"Miss Qiao, is there anything else you don't know?"

Seeing that Jovi sat down, John asked.

Qiao Wei shook his head and replied in English.

"OK! Since you have no problem, please sign here. "

Qiao Wei took up his pen and signed his name in the designated place. She didn't know her name any more. In fact, she transferred all her shares to Huo Dongyang.

John saw Qiao Wei's name, he looked at Huo Dongyang with deep meaning, "boss, you really have a good idea!"

"All right. Let's go back first. " Huo Dongyang stood up.

Qiao Wei sees Huo Dongyang like this, suddenly feels very embarrassed to John, this matter completes immediately to dodge.

John also made an act of asking for help, and then began to pack his own things.

Huo Dongyang took Qiao Wei's hand and left the cafe.

"Where do you want to go? I'll be with you. "

"Really?" Joe blinked.

"Well!"

"I want to eat Korean food."

Huo Dongyang did not expect Qiao Wei to make such a decision.

"I want to get used to it so that I can't eat anything when I go to see my grandfather."

Qiao Wei's words directly poked into Huo Dongyang's heart. He clenched Qiao Wei's hand and felt warm in his heart.

"Good. Let's go. "

"It's my treat." Qiao Wei made a statement first.

Although Huo Dongyang wants to refuse, he can only give up when he sees Qiao Wei's smile. Forget it. If she's happy, let her.

However, when Qiao Wei and Huo Dongyang go to dinner hand in hand, Qiao Qingdong is angry.

He didn't expect that Qiao Wei didn't show up, so she really wanted to see senjo's end, right?

Liu Su looked at the angry Qiao Qingdong, and then said, "I said that Qiao Wei is a white eyed wolf. You just don't believe it. You see it now? She's not even coming home now. "

"Shut up Qiao Qingdong interrupts Liu Su. "Have you dealt with Xinxin's affairs?"

"We have an appointment to have the operation tomorrow." Liu Su said in a low voice.

Qiao Qingdong ignored Liu Su and went out with his coat.

Senjo has been out of business these days. Looking at the scene of the company, Qiao Qingdong seems to see his struggle with Su Lirong again. Now he feels ironic.

"Li Rong, do you think this is my retribution?" Qiao Qingdong went to his seat and sat down.

Qiao Qingdong sighed, or this is the punishment of God to himself! At that time, for the sake of interests, he betrayed Su Lirong.

I thought it would be smooth sailing, but it's hard to predict! It was true that the sentence was fulfilled. It was not that the time had not come.

"Li Rong, I was wrong. Please help senjo

But the only answer to Qiao Qingdong is the curtain blown by the wind.

Wynn.

Yun Yiming also waited for Qiao Wei for a morning, but she didn't wait. Is she still willing to help Qiao Qingdong? But soon Yun Yiming also received news that Qiao Wei did not go to senqiao.

So what she meant was no help on either side? So she's neutral. Although this has no direct harm to himself, because now he has become the biggest shareholder of senjo. But he still can't rest assured that Qiao Wei's 40% share is still a bomb.

Later, he still told people to find Qiao Wei, he must have a good chat with Qiao Wei.

Qiao Wei and Huo Dongyang prepare to go home after eating Korean food, because she wants to go home early to prepare. Because tomorrow she will go to the new company to report, how to enter the state ahead of time.

"You look a little nervous."

"Well!"

"Don't be nervous. I believe you can." Huo Dongyang said with a smile.

Just ready to get on the bus, Qiao Wei saw Yun Yiyang and Yun Muxin coming out of a bar.

She stopped and looked at the cloud brothers and sisters not far away.

Cloud Muxin soon saw Qiao Wei, and then she also saw the man standing beside Qiao Wei.

She admitted that the man was really handsome, but she couldn't accept Qiao Wei's transfer of love so soon.

"Qiao Wei!"

Cloud Mu Xin called Qiao Wei out loud.

"Miss Yun, can I help you?" Qiao Wei see cloud Mu Xin, help cloud Yi Yan come over.

"What is your relationship with this man?" Yun Muxin asked. "You see, my second brother drank like this for you

Qiao Wei takes a look at Yun Yiyang. "You'd better send him back quickly."

"Qiao Wei, I really didn't expect you to be so heartless." Yun Muxin is really angry.

Qiao Wei's face with some helplessness, "Miss cloud, I didn't do anything sorry for the cloud family. I divorced Yun Yiyan. It's really inappropriate for us. You know our situation in the past two years. "

Cloud Mu Xin has no words to refute, she just watched that man pull Qiao Wei to leave.

At this point, Yun Yiyan opened his eyes. "Let's go back."

"Second brother, do you really forget that?"

"Go home!" But Yun Yiyan's eyes have been falling on Huo Dongyang's hand holding Qiao Wei, which is really eye-catching!

Once upon a time, he had taken Jovi's hand in this way, but it seemed to be a long time ago.

At night.

Yun Yiyan and Yun Muxin just returned home. I heard the words of Yunzhou and yunyiming.

"I didn't expect Qiao Wei to be so wonderful this time!" Yunzhou said angrily. "We all look down on her!"

After hearing this, Yun Yiyan immediately asked, "what's the matter?"

## [Chapter 57](#)

Yunzhou looks at Yun Yiyan coming in, with anger in his eyes.

Yun Yiyan staggered a few steps, and then walked to the sofa. "What happened?"

Fu Qing heard the smell of wine on Yun Yiyan's body, and she quickly covered her nose. "Yun Yiyan, are you drinking again?"

Cloud Mu Xin also followed. "Mom, don't blame the second brother."

Fu Qing really don't understand that his own daughter and this outsider get along so well. On the contrary, I don't like my big brother at all.

Fu Qing frowned. "If you want others not to blame you, you should cheer up. Drunk like mud every day, what does this look like

Yun Yiyan has a bad headache. He also closes his eyes. He also knew that this incident had a great impact on his family, but what he could do was not under control.

"That's what you're making, and that's why you let outsiders win." Yunzhou said angrily.

"I'm sorry, Dad! I was wrong. "

Yunzhou saw this kind of yunyiyan, and now he really has some regrets about bringing him back to the cloud family. No, he must think of a way to let Xia Mingde take Yun Yiyan back to his ancestors. The cloud family is now having a hard battle to fight. There can be no mistakes in anything they say.

After Fu Qing saw the expression of Yunzhou, he had an idea immediately. Yun Yiyan can still be used, but it can't be disintegrated first.

"Lao Yun, now we should be united." Fu Qing said something.

Yunzhou Weizheng, did not expect Fu Qing to continue to agree to let Yun Yiyan stay? It seems to be different from the original idea. What's wrong with her?

"Don't look at me like this. I think that there can be no more problems for the cloud family, or our status in city will change. The old man doesn't care about anything these days. If we make any more baskets, maybe something will happen to the cloud family. "

Hearing Fu Qing's words, Yunzhou thought about it and thought it was reasonable. At this time, let Yun Yiyan leave the cloud family, maybe he will be caught by others.

Looking at Fu Qing, Yun Yiming is sure to stand on the same front with his mother. "Dad, I think mom has a point."

"But now Qiao Wei doesn't appreciate it."

Yun Muxin couldn't understand the meaning of their words. They seem to be saying riddles. The adult world is too complicated.

"I'll go back to my room first." Yun Muxin doesn't want to be involved in these things.

Seeing his daughter go upstairs, Fu Qing also secretly breathed a sigh of relief. She is such a daughter. She still doesn't want to let her know too much about those cruel and complicated things.

When Yun Yiyan opened his eyes, he seemed to be sober. "What did you say about Jovi?"

"Qiao Wei, now very skilled, actually bought his own shares." Yun Yiming replied.

When Yun Yiyan heard the news, he felt incredible. Didn't she always treasure these shares? How could it be sold suddenly?

Yun Yiming also continued: "she is very smart now. After divorce from you, she wants to clear her relationship with the two families. I think Qiao Qingdong will definitely vomit blood if she knows this news!"

"To whom?" Yun Yiyan then asked.

"I don't know. It's like a mysterious buyer." Yun Yiming replied. "I hope this mysterious man won't come out to make trouble."

In fact, Fu Qing has doubts about a person, Qiao Wei will not give his shares directly to Huo Dongyang, right? The relationship between them is really unpredictable, like a lover, which can be seen from Qiao Wei and Huo Dongyang. But Huo Dongyang doesn't need to do this for Qiao Wei.

Or is there a hidden relationship between them? This is also a point I have been unable to think of. If Huo Dongyang wants to use Qiao Wei to return to the cloud home, he doesn't have to do this, and she can't find out the real relationship between them.

Think of here is irritable, it seems that Huo Dongyang there must be ready.

Fu Qing clenched his hand, damn it! Now I really don't have a clue. What does Huo Dongyang want to do?

"What's the matter with you, madam?" Yunzhou see Fu Qing's face is not good.

Fu Qing recalled, "I'm fine."

Yun Yiyan propped up his head with his hand, "Qiao Wei must have been cheated by the man named Qin Hao."

Hearing Yun Yiyan's words, all three people's eyes fell on him.

"Qin hao?"

"Well!" Yun Yiyan thought of the day when he and he had a confrontation, and that man gave himself a profound feeling. It must be that he instigated Qiao Wei to buy his own shares. Otherwise, Qiao Wei would never do anything about it. It was her mother's thing.

Fu Qing is confused by Yun Yiyan. Does Qiao Wei have another man? So there are other people besides Huo Dongyang, right?

Yun Yi feels bad when he remembers Riton. Does Yun Yiyan know something he doesn't know. If so, you are in danger. He soon looked at Fu Qing. Fu Qing shook his head gently to himself, asking him not to be nervous.

Yunzhou looks at Yun Yiyan. Is he drinking wine and talking nonsense? What character is Qin hao? Or is it Huo Dongyang's pseudonym? So he used a fake identity to approach Qiao Wei.

The more he thinks about it, the more difficult he feels. It seems that he has really grown up in the past 20 years.

"Who is Qin hao?" Fu Qing still felt that asking clearly made people feel irritable.

Yun Yiyan pressed his temple with his hand, "that's the fake foreigner who took Qiao Wei away that day."

Fu Qing breathed a sigh of relief. It seems that what Yun Yiyan said was Huo Dongyang.

"He told you, his name is Qin hao?" Yun Yiming also seized the opportunity to ask.

Yun Yiyan shook his head, "No. But I found that he lived in that villa, and the registered name of the householder was Qin Hao. "

This news makes Fu Qing's eyes brighten, so Huo Dongyang's return this time is to handle affairs with the name of Qin Hao. If it is, then she just needs to check Qin Hao. Yun Yiyan is doing himself a favor this time.

"Are you sure?" Fu Qing wants to make sure again.

Yun Yiyan nods. "I went to him and talked to him face to face."

Yun Yiming didn't expect Yun Yiyan to be so bold and go straight to Huo Dongyang. They won't have a secret deal before, will they?

Yunzhou was also surprised. "What are you going to do with him?"

"Bring Jovi back."

Fu Qing really wants to roll his eyes when he hears Yun Yiyan's words. "What else did you say?"

"Nothing, just a few taunts."

Yun Yiyan stood up. "I think Qin Hao is not simple. Qiao Wei must have been cheated by him."

Looking at Yun Yiyan staggering upstairs, the remaining three people look at each other.

## [Chapter 58](#)

The atmosphere in the living room suddenly became a little strange.

Yunzhou speaks first. "Huo Dongyang won't really say anything to Yun Yiyan?"

"I don't think so." Fu Qing shook his head. If you said that, Yun Yiyan would not be like this.

"Mom, now we can't ignore Yun Yiyan. Although grandfather won't let him go back to the company, we should prevent him from colluding with Huo Dongyang in private. " Yun Yiming frowns. He didn't want his property to be seized by these two outsiders.

Fu Qing nodded. "Well!"

Of course, she knows. Maybe Huo Dongyang will really unite with Yun Yiyan, an outsider, to covet the property of the cloud family.

"Should we do that?"

Yunzhou hesitated for a moment, then said: "I sent someone to watch Huo Dongyang. When he comes back to a city, he can't have no action. "

"No problem." Fu Qing nodded. There is Yunzhou in front of her. She can also concentrate on checking Huo Dongyang.

Yun Yiming is upset. He is actually contacted by Huo Dongyang by Yun Yiyan. He clenched his hand and the anger in his heart rose slowly.

The next day.

Yun Yiming also sent a message to Qiao Qingdong.

Qiao Qingdong receives this news, still true blood pressure rises, almost spit blood. "Qiaowei, you are really good!"

Liu Su holds Qiao Xin out of the room and sees Qiao Qingdong pressing his heart. She was also nervous.

"What's the matter with you, old Joe?"

"Get me the medicine."

Liu Su panicked to find Qiao Qingdong for medicine.

"Here, take the medicine first." Liu Su uses her hands to help Qiao Qingdong get along well.

Qiao Xin also went to Qiao Qingdong and asked nervously, "Dad, are you ok?"

"I'm fine." Qiao Qingdong's answer was so feeble.

Liu Su felt relieved to see Qiao Qingdong. "What's the matter with you? How can blood pressure rise suddenly

"Qiao Wei actually sold the shares." Qiao Qingdong leaned against the sofa with his eyes closed.

Liu Su also felt incredible, "Qiao Wei sold the shares?"

"Well!"

Qiao Xin looked at Qiao Qingdong as if he was a lot older in a moment. First, she was forced by the old woman of the cloud family to sign the share grant letter. Now Qiaowei, a bitch, actually sold the only shares that could save senqiao.

Liu Su directly scolded him when he was relieved of his mind, and all kinds of ugly curses came out.

Qiao Qingdong opened his eyes, "OK, you can save some energy. You go to the hospital first. "

Qiao Xin felt her stomach and made a decision in her heart. She must recover everything she lost from Qiao Wei ten times! She would never let go of Jovi. Now, that's what Joe's family looks like.

"Don't worry, Dad! We will take back everything that belongs to us. "

Qiao Qingdong reaches out and holds Qiao Xin. "Xinxin, Dad, I'm sorry for you! This time, dad didn't protect you. Don't blame Dad! It's dad's incompetence that makes this happen. "

Hearing Qiao Qingdong's words, Qiao Xin's tears gushed out. She held Qiao Qingdong's hand tightly.

"Dad, I always remember your kindness to me. Dad, I'll listen to dad in the future

"Good!" Qiao Qingdong nodded. "Dad, you're the only daughter now."

"Dad, I'll cheer up." Qiao Xin cried. "I won't let them bully our Qiao family again."

Hearing Qiao Xin's words, Qiao Qingdong nodded happily. "My daughter has really grown up. Very good!  
"

Liu Su on the side also cried, "old Joe, we will get better. Don't think about it too much. Maybe we can do something else? The cloud family and we are all tied together now. They should not watch senqiao die. What they lack is real estate. "

Qiao Qingdong nodded, "you go to the hospital, don't delay."

"Then go back to your room and have a rest."

"Well!"

Liu Su and Qiao Xin left, Qiao Qingdong or picked up the mobile phone to call Qiao Wei.

But Qiao Wei has not answered the phone, which makes Qiao Qingdong angrily throw the mobile phone aside.

"Jovi, you're forcing me now, aren't you? Then we'll see! "

Qiao Wei's mobile phone is turned to mute, and now she is interviewing.

Qin Hao looks at Qiao Wei's resume and asks questions from time to time. Qiao Wei also seriously answered one by one.

Qin Hao holds his glasses. Qiao Wei's working ability is good. But he looked after her again. What is the attraction of such an ordinary woman to Huo Dongyang.

"Manager Qin." Qiao Wei has finished answering, but he has not replied to himself.

Qin Hao coughed to cover up his embarrassment. "Well! It's good. "

In fact, the position of Qiao Wei has been arranged by Huo Dongyang. However, he was worried that Qiao Wei would think a lot before he said let him go through the process.

"Miss Qiao, I'm free to work here. I have only one requirement, that is, to finish the task on time and with quality, and everything else is up to you. " Qin Hao continued. Jovi listened carefully and nodded, "OK."

Then Qin Hao also handed several folders to Qiao Wei, "you should familiarize yourself with the business information of these companies. Our company is in the headquarters. Now I'm just a small company. In the future, it will gradually become a branch with headquarters in a city. "

Qiao Wei nodded and took a look at the information. HD company, I heard before that this enterprise has become a multinational enterprise in a short period of time, and has set up branches in different countries, but I didn't expect that the company involves so many fields.

It's really surprising that I have to admire the big boss of the company. When Qiao Wei saw the name of the big boss, he simply marked an English name, William. Where did you hear the name? But now I can't remember.

Seeing Qiao Wei take it seriously, Qin Hao tentatively asked, "do you have any questions?"

"No more." Replied Jovi. "I'll take it seriously later."

"Good! Your location is over there. It has a name on it. I'll call you when I have something to do Qin Hao nods.

It seems that Qiao Wei is not a fussy person. He thought Qiao Wei would ask about Huo Dongyang, but she didn't.

Jovi stood up and said, "OK!"

Jovi took two steps and came back. "Manager Qin, can I ask you something?"

Qin Hao raises eyebrows, please? He can't bear it.

"Say it."

"Dongyang said today to talk about cooperation. If you go out with Dong Yang in the future, remember to urge him to eat. Please Qiao Wei felt embarrassed when he said these words.

Qin Hao was also stunned for a moment and soon recovered. He is given ten courage. How dare he urge the boss to eat.

"Miss Qiao, this requires me to..." He can't finish it!

"Although Dongyang didn't tell me what his specific job is. But I can see that he is very busy. Since you and he are friends, I will ask you. I think he will listen to you

Qiao Wei is distressed by Huo Dongyang, because she always remembers what Huo Dongyang said that day. Eating food is just to maintain his life. And she may not be able to be with him every day, so she wants to say please Qin Hao.

Qin Hao has black lines on his forehead, and his heart is hairy. "You really don't know what Huo Dongyang does? No association at all? "

## [Chapter 59](#)

Qiao Wei a Leng, she also saw Qin Hao's expression is not very good.

Did you say something you shouldn't have said? Otherwise, how could he suddenly change his face.

"Dong Yang told me that he works in HD." Joe answered in a low voice.

What about the position

Qiao Wei face with some embarrassment, voice is very small: "should be similar to you!"

When Qin Hao heard this, he understood it. Huo Dongyang did not tell Qiao Wei his real identity, it is really not revealed at all.

"Go ahead and get busy."

"OK."

Qiao Wei just went out, Huo Dongyang's phone call came in, like a good time.

"boss!" Qin Hao showed his attitude as a subordinate.

"How is it going?"

Qin Hao looks out through the glass door and sees Qiao Wei looking at the document carefully. He then replied, "everything is done according to your orders."

"Is she still used to it?"

"It seems to be getting used to it. But..." Qin Hao hesitated to tell Huo Dongyang what he had just done.

Huo Dongyang didn't wait for Qin Hao's words, and directly put forward: "something to say!"

Qin Hao told Huo Dongyang about Qiao Wei's request, but unexpectedly he heard Huo Dongyang chuckle.

This is the first wonder in the world! Huo Dongyang can laugh. Who's going to tell yourself what's going on?

"That's how lovely she is." Huo Dongyang suddenly uttered such a sentence.

"Boss, Madame doesn't seem to know who you really are."

The chuckle disappeared and the tone did not change into the usual coldness. "I didn't tell her, including your identities. So you all pay attention. What should be said and what should not be said. "

"Yes

"John's back, too. He'll come to you in the evening."

"OK." Qin Hao nods.

It's time to get off work.

Huo Dongyang comes to pick up Qiao Wei from work.

Qin Hao saw Huo Dongyang's presence and immediately came out of his office.

Huo Dongyang looks at Qin Hao, and Qin Hao will nod.

See Qiao Wei's position is empty, Huo Dongyang said: "Qiaowei where to go?"

Qin Hao has been busy just now. He doesn't notice that Qiao Wei is not in the position.

"I should have walked away." Qin Hao's voice is a little weak.

Huo Dongyang directly sat down in Qiao Wei's position and picked up her notes. It seems that she has made a lot of records today. The homepage of the head office is also open on the computer. It seems that I am really trying to do my homework.

Huo Dongyang nodded his head with satisfaction. "You go busy, I'll wait for her here."

Qin Hao nods and returns to his office.

It seems that his life will not be easy in the future. If the boss comes to pick up his wife every day, it will be hard for him.

Qiao Wei came back from the bathroom and saw Huo Dongyang sitting in his position with a momentary pause.

"Dongyang, why are you here?" Qiao Wei was surprised.

Huo Dongyang stood up. "I'll take you home."

Qiao Wei looked at the time and found it was time to get off work. "But I still have a document that I haven't dealt with."

"Take it home and deal with it."

Joe shook his head slightly. "No. This is my task today. I must finish it before I can leave. "

See Qiao Wei insist, Huo Dongyang also have no opinion. "Well, you are busy. I'll wait for you here. "

"Or do you go back first?"

"Will it be long?" Huo Dongyang asked. "I want to go to a place with you later."

Qiao Wei shakes his head. "It shouldn't be long. I'll deal with it right now."

Instead of disturbing Qiao Dongyang, she doesn't get involved in her work.

"Are you going?" Seeing Qin Hao pick up his things, Huo Dongyang opens his mouth.

Qin Hao nodded, but there was no positive answer.

Huo Dongyang went to one side and sat down and asked casually, "what's the situation there?"

Seeing this, Qin Hao can only sit down with him. "Now most of the business is in charge of Yun Yiming. The old man has not been involved in anything recently. Yunzhou is also behind his son."

"Their father and son are now united." Huo Dongyang added.

Qin Hao nods. "Yes, I must work hard for the property of the cloud family."

"Did you find out what happened last time?"

Qin Hao took out a document from his drawer and handed it to Huo Dongyang. "I just received it today. You guessed it was right. Yunzhou and xiamingde really have collusion, this time, the matter of senqiao, xiamingde did not less effort

Huo Dongyang looked at the information in his hand, "what kind of transaction do they have?"

"There's a big secret in it." Qin Hao also deliberately raised his voice. Huo Dongyang glanced and continued to look down. Turning to the next page, Huo Dongyang was also a little surprised.

"Yun Yiyan was not born of Yunzhou and Fuqing?"

"Yes, their son died as soon as he was born." Qin Hao replied. "Yun Yiyan was replaced by Yunzhou. He is the second son of the mayor's family."

Huo Dongyang quickly finished reading and put the document on the desktop. No wonder Yun Yiyan has been ignored in the cloud family these years. It turns out that there is such a secret hidden in it.

"Boss, I think we should go and win over Yun Yiyan." Qin Hao says his own opinion.

Huo Dongyang also thinks that this is also a way, but this matter must be considered in the long run, otherwise it will be easier to scare the snake.

Qin Hao then said, "boss, why don't I get in touch with Yun Yiyan?"

"Not for the time being." Huo Dongyang shakes his head.

Although Qin Hao did not understand, he did not dare to listen to Huo Dongyang.

"There is one more thing I want to tell you. Yun Yiyan thinks I am you now. Because he found out that the villa registration was your name Huo Dongyang looks at Qin Hao and says.

For Qin Dongyang, there are many sacrifices for him.

"Next you have to be careful. Maybe they will start investigating from you."

Qin Hao nodded, "boss, I will pay attention. I'll talk to John in the evening

Huo Dongyang continued: "the cloud side continues to be watched."

"OK."

Finished with the business, Huo Dongyang looked out, saw Qiao Wei's back, his eyes also became gentle.

Qin Hao was really surprised to see Huo Dongyang like this. Big boss unexpectedly also can appear this kind of expression, it seems that with the moistening of emotion, people will become very different.

See Qiao Wei stand up, Huo Dongyang also stand up. "I went back with Jovi first."

"All right, take your time."

Huo Dongyang comes out of Qin Hao's office, "OK?"

Qiao Wei looks back and smiles at Huo Dongyang. "Well."

"Then let's go." Huo Dongyang goes forward to pull Qiao Wei's hand.

Although there are not many people in the office, Qiao Wei still feels shy.

Huo Dongyang ignored these and left with Qiao Wei.

After getting on the car, Qiao Wei asked, "Dongyang, where are we going in a moment?"

Huo Dongyang smile, "take you to eat delicious."

## [Chapter 60](#)

When you leave the restaurant after dinner.

Qiao Wei and Huo Dongyang are waiting at the door of the restaurant.

Inadvertently looking up, she saw a familiar figure. In order to make himself see clearly, Qiao Wei trotted forward a few steps.

As a result, she didn't notice that a car was coming. Just when she heard the horn, she was surprised to see herself on the road.

And an emergency car brake in front of her, Qiao Wei some scared, she fell on the ground and gasped heavily.

"Can you see the way?" The driver put his head out and yelled at Qiao Wei: "if you want to die, don't choose such a way to harm others and yourself."

Qiao Wei seems to be a little bit frightened. She looks at the situation in front of her with a white face. She said, "I'm sorry."

Just want to get up, legs a little soft, will fall again, when the time comes, the back is held by people. Then he heard the magnetic voice, but this time his voice was tense. "Are you all right?"

Joe shook his head slightly. "I'm fine."

Huo Dongyang helped Qiao Wei up, took a look at the driver, and then helped him to one side.

The driver was also frightened by Huo Dongyang's eyes just now and drove away without saying anything.

Joe's got a check on her. I saw a few bruises on the lower leg, everything else was OK. At this time, his heart also relaxed. He was scared for the first time when he heard the emergency brake and saw the familiar figure fall on the road.

Fortunately, she was ok, otherwise he really didn't know what would happen.

"Didn't you wait for me at the door? How dangerous it is to run on the road Huo Dongyang clenched Qiao Wei's hand, and his tone was also very serious.

Qiao Wei looked at Huo Dongyang's nervous expression, "sorry, let you worry."

"What's the matter?" Huo Dongyang also knows that Qiao Wei is not the kind of person who has no sense of propriety and will not easily run to the road.

Qiao Wei also did not conceal Huo Dongyang, "I just seemed to see Xiao Lan's husband holding a woman into the opposite hotel."

Hear Qiao Wei's words, Huo Dongyang also guessed. "So you want to make sure it's him?"

Qiao Wei nodded because he was worried and didn't notice the situation around him.

Recently, because of her own affairs, she has no time to care about Jian Lan's affairs, so she will be anxious for a moment.

Huo Dongyang face with displeasure, she felt that for such a small matter, almost an accident. In the future, I really want to let Xiang Qing follow them. Today, I want to have a meal with her alone, so I specially told them not to follow her.

"Are you angry?" Qiao Wei also noticed Huo Dongyang's face.

"You can't take care of yourself. What do you say you should do in the future?" Huo Dongyang frowned.

Joe lowered his head and whispered, "isn't there you?"

Huo Dongyang heard this sentence, moved in his heart, stretched out his long arm and directly took Qiao Wei into his arms.

The first time he was so angry for no reason, he would not have been like this before. Today's emotional reaction is really strange! Huo Dongyang hugs Qiao Wei tightly, or only in this way can let himself down.

Qiao Wei also reached out and hugged Huo Dongyang, "I'll pay attention next time."

"Go home!"

Back to Jiangwan villa.

Huo Dongyang took advantage of Qiao Wei to take a bath, and called Xiang Qing.

"You go and check the situation of Jane LAN."

"Who is this?"

"A good friend of Qiao Wei." Huo Dongyang replied.

Xiang Qing nodded. "Yes, boss."

Huo Dongyang waved to let Xiang Qing go out. He looked at the data on the table and began to deal with the work.

After a while.

Huo Jiang also called Huo Dongyang.

"Grandfather

Huo Jiang directly asked: "how is things going?"

"It's all planned." Huo Dongyang replied.

"Well!" Huo Jiang seemed to answer with satisfaction. "Your grandmother has been home recently, and I don't have much time to pay attention to your affairs. Take care of yourself! Your grandmother and I will wait for the day when we go to a city. "

Huo Dongyang heard such words, the corners of his mouth slightly raised. It's really nice that grandma is home.

"OK, take good care of grandma." Huo Dongyang added.

"Take care of your business. Your grandmother is my business."

Huo Dongyang nodded, thinking that this was the end of the call. Unexpectedly Huo Jiang added: "almost forgot one thing."

"What's the matter?"

"I'll send moling to city a so she can help you, too." Huo Jiang replied. "She should be here in these days."

Huo Dongyang frowned. "Grandfather, I don't need it."

"Dongyang, there are some things that women can do with half the effort. You should understand what I mean." Huo Jiang expressed his views. "Moling is the best choice. Her family has gone bankrupt. You can give her a jobHuo Dongyang doesn't want Mo Ling's arrival at all. At that time, he will not only help but also become a drag.

"Grandfather..."

Just want to talk, Huojiang side has already hung up. Presumably he didn't want to hear his own refusal.

Huo Dongyang put the mobile phone down, he suddenly felt that the problem was big and the trouble was more.

"Dongyang..."

Qiao Wei stood at the door of the study and called softly, as if worried about affecting his work.

Huo Dongyang sees Qiao Wei that is not very natural expression. "What's the matter?"

"I'll give you a bath." Qiao Wei still stood at the door and said.

Huo Dongyang nodded and showed a gentle expression. "I'll be right there."

Qiao Wei heard, also showed a relaxed smile, turned back to the room.

Huo Dongyang's eyes fell on the mobile phone again, and his eyes became slightly cold. He must think of a way to deal with the matter of moling!

After taking a bath, Huo Dongyang saw Qiao Wei fall asleep with a stack of information leaning against the head of the bed.

Huo Dongyang quietly walked over, took away the information in her hand and helped her lie down. Looking back at Qiao Wei just took the information, the above useful color pen to mark the key place.

Huo Dongyang soon saw a line of small words written by Qiao Wei beside his English name William. "You are a very excellent and excellent person, you will be more successful!"

In fact, Qiao Wei is about HD boss's profile. Seeing all his deeds, she could not help but admire him.

Huo Dongyang showed an ambiguous smile, he did not know whether he was happy or not. His wife expressed respect for a man he had never met. Although this was himself, he still felt uncomfortable. Is he eating his own vinegar?

With a sigh, Huo Dongyang leaned over Qiao Wei's forehead and left a kiss.

"Good night!"

With that, Huo Dongyang also turned to lie down. He reached out and drew Jovi into his arms. Recently, because of the relationship with her, so their sleep quality is much better?

Huo Dongyang didn't want to go into it and slowly closed his eyes.
