

Warm Wife 61

[Chapter 61](#)

Yunjia.

Fu Qing looked at the information found, Qin Hao is now the head of hd-qh.

Hd-qh is a multinational enterprise HD ready to set up a branch in city A. the company was registered six months ago. The main business is architectural design, the company is in the initial stage, so the number of people is not large.

Qin Hao's real estate has an independent villa in Jiangwan villa district.

In addition, there is no other information, but the most important family background is completely blank, there is no way to query.

Seeing such an investigation result, Fu Qing felt that it was in line with Huo Dongyang's present situation. It seems that he is really using the name of Qin Hao to launch an operation in a city, so it is easy to do next.

The only surprise to Fu Qing is that Huo Dongyang has so much money to buy an independent villa of Jiangwan villa, and it is a one-time payment! It seems that he has had a good time these years.

"Huo Dongyang, we really underestimate you." Fu Qing sighed with emotion.

This HD company, she once heard her son say. It came out three years ago. It has been growing in a few years, and it has set up branches in several countries with the fastest speed. It can be seen that their leaders are very capable. If they can, they hope their sons can get in touch with such people. Unfortunately, the person in charge of HD has always been a mystery, no one knows his identity.

At this time, Qiao Qingdong called.

"Mrs. cloud, we have complied with your request."

"Good!" Fu Qing knew that Qiao Qingdong would follow suit.

Qiao Qingdong's voice sounded tired. Fu Qing then said, "tomorrow I will let Yi Ming preside over a new board meeting."

"OK."

"But Yun Yiyan is not suitable to show up in the near future. You also let Qiao Xin have a good rest at home. Wait for a while and let them go to the company after the wind blows. "

"Good!"

Fu Qing nodded with satisfaction and suddenly thought of a question. She also deliberately said, "I heard that Qiao Wei bought his own shares?"

Qiao Qingdong soon coughs up over there, as if by a lot of blows.

Fu Qing only knew that his effect had been achieved, and then said, "Chairman Qiao, are you ok?"

"I'm fine."

"Then tomorrow's meeting with the directors."

At this time, they didn't expect such a strange thing to happen on the board of directors tomorrow.

Huo Dongyang received the news and raised his eyebrows slightly.

"They have a board meeting tomorrow?" Huo Dongyang asked.

John's face appears on the computer screen in front of him as he and Huo Dongyang are having a video conference.

"Yes." John nodded. "Boss, what are we going to do with it?"

Huo Dongyang's long and good-looking fingers gently on the table, as if playing a beautiful piano performance.

"You will attend their meeting tomorrow." Huo Dongyang then ordered.

"Yes

"We'll keep talking then, and I'd like to hear their arrangements."

With that, Huo Dongyang cut off the video. Because he heard Jovi's footsteps.

Sure enough, less than a while, I saw Qiao Wei carefully stretched out half a head at the door of the study, "Dongyang, you can eat."

"OK, I'll be right down."

Hearing the reply, Qiao Wei quickly put his head back. Huo Dongyang saw such a picture, he lowered his head and reluctantly showed a spoiled smile. Gently shook his head, and then also stood up, in a good mood.

After Huo Dongyang goes out, Xiang Qing's figure also moves quickly. His heart can be said to beat very fast, he pressed his hands on his chest. Boss, that smile just now really killed himself. He is a big man can not control, let alone those women!

Recently, the boss is too abnormal. He still thinks that the old stern and cold-faced boss makes himself look more comfortable.

If you go on like this, you won't be bent? Thinking of this, Xiang Qing couldn't help but shiver and wake up in an instant. Constantly warn yourself, "I like women, I like women, I like women." Important things are to be repeated for 3 times.

But as soon as he was quiet, Huo Dongyang's smile reappeared again. Xiang Qing cried out: "dying!"

A new day begins.

Send Qiao Wei to work.

Huo Dongyang came to the command center and saw the listless Xiang Qing standing on the side.

"Didn't sleep well last night?"

"Well!" Xiang Qing nodded. He doesn't dare to say that he has insomnia because of his boss.

Huo Dongyang looked at Xiang Qing, and his tone became stern. "Cheer me up! If you make a mistake, you know the consequences! "

"Yes Xiang Qing's spirit rose in a second.

Huo Dongyang saw Xiang Qing's performance and nodded. "Put me through to John."

"Yes Xiang Qing immediately sat down and began to operate.

A Bentley stopped at senjo's door.

Yun Yiming helped Fu Qing get out of the car. "Mom, slow down!"

"Well!" Fu Qing nodded.

She looked up at the senjo building in front of her, smiling. She didn't expect that she would come in one day.

"Let's go!"

Yun Yiyang helped Fu Qing into the gate of senqiao.

When we got to the meeting room, we could see that Qiao Qingdong and other shareholders had already arrived. Other small shareholders had sold their shares for a long time, so there were not many participants.

Almost all the people present had a private deal with Yun Yiming. They are also making a show for Qiao Qingdong. In fact, their shares have been sold to Yun Yiming for a long time.

Yun Yiming points to the people present, "Chairman Qiao, can we start?"

Qiao Qingdong nodded. It's time to arrive.

Yun Yiming goes to Qiao Qingdong's original position and sits down. "Then I'll start!"

When Qiao Qingdong sees Yun Yiming sitting in his position, the whole person is uncomfortable.

"Mr. Yun, this is my position."

Yun Yiming looks surprised when he hears it. "Is it? I didn't notice it! I usually sit in this position at the meeting of Wynn. I'm really sorry! "

With that, Yun Yiming made a move to get up. As a result, a shareholder said, "since President Yun has sat down, there is no need to get up again. Anyway, in the future, senqiao will be guided by the general manager of cloud. "

Qiao Qingdong took a look at the other people. He was just like the ordinary people who steered by the wind. Now they have learned to hold the thighs of yunying.

Fu Qing saw this situation and sat down beside him.

When Qiao Qingdong saw such a scene, he held his breath in his heart, but he had to bow his head. He also found a seat to sit down, one day, he will take back all that belongs to him.

Yun Yiming sat right. "OK, let's start the meeting."

"Our main content today is to talk about the reorganization and future development of senjo."

Qiao Qingdong took out the documents he had prepared. He had arranged the relevant work last night.

When he is ready to speak, Yun Yiming also takes out the materials he has prepared.

"I have a new work arrangement here. I hope you can have a look." Yun Yi said. "I'm a new comer, and I'm not familiar with business. If I don't do a good job, I hope you can just mention it."

Then Yun Yiming asked his assistant to send a document to everyone present.

Seeing Yun Yiming's arrangement, Qiao Qingdong tugs at the pieces of paper. What's the arrangement of Yun Yiming? He has been completely ignored!

Just when I was about to speak, there was a noise outside the door.

After a while, the door of the meeting room was pushed open.

[Chapter 62](#)

Several men in neat suits came in.

Qiao Qingdong immediately stood up. "Who are you?"

John looked at all the people at the scene and nodded his head slightly.

"Who are you, and what do you mean by breaking in like this?" Qiao Qingdong said in a loud voice. "If you don't leave, I'll let the security guard take you out."

John laughed and said in English, "is this the beginning of the board of directors?"

Then a man followed John and translated it.

"Yes."

When he got a reply, John stepped aside and sat down.

No one can understand what this means. Who is this man? He came uninvited, interrupted the meeting, and sat down casually. It really makes people feel their heads. Who is this person?

Yun Yiming frowns. This man is clearly coming to smash the field. "Who are you, please?" he asked directly in English? We are having a meeting here. Please leave. "

John smiles and signals to the assistant behind him to speak.

The assistant nodded and said, "this is John Brown! He is here today as a shareholder of senjo. "

Hearing this, Qiao Qingdong, Yun Yiming and Fu Qing almost look at John at the same time. Is this person who bought Qiao Wei's shares?

Yun Yiming asked again: "shareholders? Your name is not on senjo's list of shareholders. "

"Mr. John is representing Ms. Su Lirong and Ms. Qiao Wei at this meeting today." The assistant said.

Hearing this, several people were stunned.

Qiao Qingdong looked at John and asked, "did Qiao Wei sell you the shares?"

The assistant also translated for John immediately. After listening, John nodded.

"How can we believe you?" At this time, Yun Yiming is not allowed to have any problems.

John's assistant took out a document and handed it to Yun Yiming. "This is the power of attorney signed by Miss Qiao Wei. Please have a look at it!"

Seeing all the documents in English, Yun Yiming sat down and looked at it carefully.

The authorization is very clear. Qiao Wei grants 40% of his shares in senqiao to John Brown, who is authorized to attend meetings and meetings of senqiao and even participate in the daily business of senqiao.

Moreover, the power of attorney has the seal notarized by the law firm, which proves the validity of the power of attorney!

Yun Yiming looks at John with a displeasure on his face. "Qiao Wei has been dismissed before. She has no right to participate in any business of senqiao, so your power of attorney is invalid!"

John snapped his fingers, and another man in suit came forward and handed a document to Yun Yiming and Qiao Qingdong respectively.

"This is the will that Ms. Su Lirong notarized in our law firm before her death. It is clearly stated in the will that Miss Qiao Wei is the only legal heir of senqiao property, and the company shall not dismiss her for any improper reason! Ms. Qiao Wei's 40% shares are also the legal property left by Ms. Su Lirong to miss Qiao Wei. Other people have no right to interfere and divide up. No transfer is allowed unless I wish to do so! "

Qiao Qingdong's hands trembled and looked at the will in his hand. Unexpectedly, Su Lirong left such a hand.

"Mr. Qiao Qingdong, this will also has your signature, so you should know this matter and know the legality of this will."

When Yun Yiming turns to the last page, he sees the joint signature of Su Lirong and Qiao Qingdong.

Fu Qing's eyebrows wrinkled, and she gave Qiao Qingdong a cold look. He thought he had done all his tricks, but he still fell into a big fight.

It turns out that this is the reason why Su Lirong didn't resist Liusu at the beginning, because this is the last thing she can do for Qiao Wei.

John saw that the faces of the people changed. He said with a smile, "if it's OK, can the meeting continue?"

Yun Yiming stares at John. He always thinks that he is not simple.

"Mr. Yun, looking at me like this, seems not satisfied with my appearance?" John went on. "But I should also make a request here. Please let me know at the next meeting that I don't want to be sneaky like this one. As a big company like Yunshi, it should not be so unmeasured? "

Yun Yiming just wanted to get angry, but Fu Qing stopped her. She looked at John and said, "Mr. John, we didn't know this until today."

John nodded at the assistant's translation. "I thought you all knew it before. Isn't Yunshi always well informed?"

Set a popular phrase, this group of people really pretend to be paralyzed. No wonder the big boss has to deal with you. Each one wears more masks than the other.

Huo Dongyang's voice came from the headphones, "John, don't make a fuss."

John, keep your mouth shut, all right! The big boss has orders, and he dare not disobey."Will the meeting continue? My time is precious! "

Fu Qing motioned to Yun Yiming to sit down and continue the meeting.

Soon, John put down a copy of the work arrangement that Yun Yiming worked out just now. John glanced. "Next time, please prepare an English version." Then he handed it to his assistant.

Fu Qing observes John all the way. How can Qiao Wei transfer his shares to this person? This guy doesn't look very reliable either. This is really hard to think about.

And Qiao Wei can't know such a person, or is this person from Huo Dongyang's side? No, she has to check this man.

In the next meeting, John listened with his head on his head, without saying a word. It's not so much that he's listening, it's better to say that Huo Dongyang is listening across the headphones.

And he just came to set up the meeting today. Such a meeting is really boring, and only they are still interested in it.

"Anyone else to add?" Yun Yiming seems to be looking directly at John.

John sat up straight and waited for the instructions from Huo Dongyang.

"Share dividends."

John will speak at once. "I don't mind in general. But as a shareholder, I have only one requirement. Now that I own 40% of the shares, the company makes money and I want my own share of the dividend. "

At the mention of such words, Yun Yiming's eyes widened. This guy really dares to mention it. Now senjo is his, and the money he makes should also be his. He has really killed a comeback.

It's true that if you don't sing, you'll be astonished! How much is the 40% share dividend! This is not a small sum.

John looks at Yun Yiming with pride. "General manager Yun, this law also has express provisions, shareholders can get dividends."

With that, John stood up. "If nothing else, I'll go first."

After a few steps, John stops. "By the way, my lawyers have recorded the whole process of the meeting just now, and I hope you will forgive me!"

In the end, John was self-sufficient, leaving a figure behind us.

Yun Yiming clenches his hand. This man is really hard to handle. Really should that sentence, please Buddha easy, send Buddha difficult! Moreover, it seems that the Buddha is still a kind of powerful and profound one. It is hard to send it away. Qiao Wei's move is really powerful!

[Chapter 63](#)

After John leaves, Yun Yiming sits down again.

Others are watching Yun Yiming carefully. They dare not leave without his command.

Fu Qing looked at the other people, "you go back first!"

Finally, only Qiao Qingdong, Yun Yiming and Fu Qing were left in the conference room.

Qiao Qingdong sees that Yun Yiming's face is very bad. He quickly clears his relationship. "This Qiaowei is looking for such an agent to come here. What are you doing

Fu Qing coldly took a look at Qiao Qingdong. If he had not forced Qiao Wei to hand over his shares, she believed that Qiao Wei would not have done so.

"Mrs. cloud, you look at me like this, as if I instructed you?" Qiao Qingdong replied. He is now in the air, and even has no real power and decision-making power. What he has is a chairman's name and an empty decoration.

Fu Qing recalled looking at Qiao Qingdong's eyes, "are we all aware of it. This John is not an oil-saving lamp. Maybe that man invited him here

Qiao Qingdong burst out laughing. "Mrs. Yun, you mean the man who took Qiao Wei that day? If it's him, I don't think it's possible! That man is empty have a pair of good leather bag, the essence is a soft meal! Last time, he confessed to me, he said he had no money

Seeing Qiao Qingdong's proud expression, Fu Qing had to turn his eyes. It's ignorance! Huo Dongyang has no money? Maybe he has more than the cloud family now! If you know his identity in the future, you will kneel down and hold your thighs!

Do not continue to stay here, Fu Qing stood up, "Yi Ming, I go back first."

"Yes. I'll send you back first. "

Fu Qing just came downstairs, but he saw John standing at senqiao's gate, as if waiting for someone.

Seeing Fu Qing come out, John took off his sunglasses and nodded at her.

Fu Qing does not want to pay attention to, standing at the door waiting for the driver to come to pick up.

John reluctantly raised one side of the mouth, although he did not want to deal with such a person, but the boss had orders, he had to be tough.

"Mrs. cloud."

Fu Qing was stunned when he heard John speak Chinese. "Can you speak Chinese?"

"Mr. Huo, let me ask Mrs. Yun. Have you considered what he said last time?"

Fu Qing widened his eyes, "you are indeed Huo Dongyang's man."

"No. He and I are just friends John said with a smile.

With that, the car had stopped, and John didn't continue Fu Qing's words, so he got on the bus directly.

Fu Qing stares at that car to leave, the whole person also seems to be in confusion. She really can't understand what Huo Dongyang wants!

Jiangwan villa.

Huo Dongyang also put down his earphone.

"Boss, when are you going to officially meet the people of the cloud family?"

Huo Dongyang looked calm, "no hurry! Now it's not us who are in a hurry. It's them. "

Xiang Qing did not continue to talk, but handed in a document.

"This is what you want, boss."

Huo Dongyang took it and opened it. He frowned. What kind of life does Jian LAN live now.

"Where is she now?"

"At home." Xiang Qing replied. "Jane Lan's husband used to argue for a divorce, but now she's always dragging her feet, but she's always messing around outside. Jane LAN has no choice but to go back to her hometown. "

Huo Dongyang thought for a while. Seeing that she was Qiao Wei's good friend and had taken care of Qiao Wei sincerely, he wanted to help her once.

At night.

Huo Dongyang handed Qiao Wei the information he had investigated.

"What is this?"

"Look first." Huo Dongyang thinks Qiao Wei should know.

Qiao Wei after reading, tears fell out, tears a direct drop on the paper. Recently, because of my own affairs, I forget to care about Jian LAN.

Huo Dongyang handed a tissue to Qiao Wei, "what do you think of this matter?"

"Dongyang, can you help Xiao Lan?" Joe opened his mouth slightly. "Before, when I had something to do, she would help me!"

Huo Dongyang nods, and he embraces Qiao Wei. "Good!"

The next day happened to be the weekend.

Huo Dongyang takes Qiao Wei to Jianlan's hometown.

Before entering the door, I heard the voice of Jianlan being scolded by her family.

"What's the use of crying every day?"

"You said that you are a woman who dares to come out of her mother-in-law's family, but you still want to go home! You don't have to be ashamed. We're all disgraced to go out. "

"A divorced woman, what else can you do?"

Qiao Wei clenched his hand. Many of the older generation just couldn't accept a divorced woman. They thought it was a shame.

Even think their divorce is a big crime, this life is over! Such feudal thoughts still exist!

Huo Dongyang saw Qiao Wei and knew that these words were a blow to her.

He reached for Qiao Wei's shoulder and said, "knock on the door!" Qiao Wei nods, every time he will be so moistening things quietly with himself, taking care of his various emotions. If they will separate in the future, what should they do?

Qiao Wei does not allow himself to think more. Now he has to solve the problem of Jian LAN.

After a while, Jane Lan's mother came to open the door.

Looking at the two people standing at the gate of the road, one can see that they are from a big city.

"Who are you looking for?" Jian Lan's mother asked with a strong local accent.

Qiao Wei politely nodded his head, "Auntie, I'm looking for Jian LAN."

Hearing that it was her daughter, Jane Lan's mother called out to the room.

Huo Dongyang was not used to such a loud voice. He frowned slightly.

Jane LAN came out and saw Qiao Wei and Huo Dongyang when she was stunned.

"Weiwei, why are you here?" Jian LAN really didn't expect Qiao Wei and Huo Dongyang to come.

Joe gave a slight smile. "I wanted to see you, so I came."

"You wait for me." Turn around, Jane LAN turns to walk into the room and take her bag out.

Seeing Jian LAN come out, Qiao Wei pulls her hand forward. "Is there a quiet place to chat?"

Jian LAN looked at Huo Dongyang, and saw such a tall man in such a rural area, it was really out of place.

"Let's go to town." Jane Lan said.

The three people got on the bus and left the village to a famous restaurant in the town, which was actually a Chinese restaurant.

"Sorry! This is the only place on this side. " Jian LAN is mainly worried that Huo Dongyang is not used to it.

Huo Dongyang nodded and looked down at the menu.

"Weiwei, how do you know I'm here?" Jian LAN asked.

Qiao Wei doesn't want Jane LAN to have pressure, "I and Dongyang come out for the weekend. Just now that you're home, I'll come and see you by the way

After hearing this, Jian LAN showed a bitter smile. "You must have heard about Zhong Jiansheng and me?"

"Xiaolan..." Qiao Wei really doesn't know how to comfort Jian LAN.

[Chapter 64](#)

All of a sudden, the atmosphere on the table can be said to drop to zero.

Jane LAN lowered her head, in fact, she did not want to let Qiao Wei see himself like this.

"Miss Jane, we have no malice. Joey and I just came here to help you Huo Dongyang first broke the silence.

Jane LAN raised her head and said, "help me?"

Qiao Wei holds Jian Lan's hand. "Yes, Xiaolan! Let us help you this time! "

"No, you have enough." Jane LAN doesn't want to let Qiao Wei get involved in the affairs of himself and the Zhong family. Her recent situation, she also saw the news.

Qiao Wei understood the meaning of Jian LAN, "Xiao Lan, my problem has been solved. You always accompany me to help me when I have something to do. Can I help you this time

Jian LAN looks at Qiao Wei and feels more grateful. Her words, like a timely rain, irrigated the heart of her distress for a long time.

"Well!" Jane LAN nods.

Qiao Wei sees Jian LAN nod, she also is at ease finally. Because she had been worried that Jane Lan was not willing to accept her help.

"I know about you and Zhong Jiansheng." Added Jovi.

Jane LAN laughed at herself. "I didn't want to leave before, but now he suddenly changed his mind. I really don't understand what he means by that? "

Qiao Wei looked at Huo Dongyang and wanted him to speak.

Huo Dongyang saw Qiao Wei's worried eyes. He took the cup of very poor tea and sipped it.

Then he said, "Miss Jane, I can help you find a lawyer to settle the divorce. But I have one condition. "

Jian LAN did not expect that Huo Dongyang would be willing to help himself. When he met for the first time, he always gave himself a sense of distance. This time, he actually helped himself, and was really surprised.

See Huo Dongyang's eyes fall on Qiao Wei's body, Jian Lan also understand. Qiao Wei really found a good husband this time and was really happy for her.

"Mr. Huo, what are your terms?" Jian LAN asked.

Huo Dongyang put down his cup and said, "I heard that Miss Jane learned architectural design?"

Jane LAN nodded. "Yes

"I have a project that I want to do recently. I just need a designer. Do you have any interest?"

Jian LAN is stunned. Huo Dongyang is clearly helping himself. He not only helps him solve the divorce, but also arranges the work for him.

Qiao Wei sees Jian LAN to still be stunned, she smiles to clap Jian Lan's hand, "small LAN, you hurry to promise! Have you always dreamed of being a designer? Now there is a chance in front of you. Don't let it go! "

Jian LAN looked at Huo Dongyang and said, "Mr. Huo, thank you so much."

"Don't be in a hurry to thank me. My requirements are also very high."

"I will work hard!"

"Good!" Huo Dongyang also nodded.

After dinner, Qiao Wei also said to Jian LAN: "Xiao Lan, you go home to pack things, we go back to a city."

Jane LAN shook her head and made an excuse. "I'll be back in two days. I have something to deal with here."

"All right." Qiao Wei was a little disappointed.

Jian Lan said to Huo Dongyang, "Mr. Huo, thank you! I will report on time. You and Wei Wei should pay more attention on the way back. "

Huo Dongyang nodded his head, "Hmm!"

"Xiaolan, why don't we send you back?"

"No. You go back first. If you're late, it's not easy to walk here. " Jane LAN finally has a little smile on her face.

Looking at Huo Dongyang driving away, Jane LAN immediately breathed a sigh of relief. Seeing that Qiao Wei is living so well now, she should also cheer up. Yes, she's going to officially go and say goodbye.

In the car.

Qiao Wei is still a little guilty.

"Dongyang, I think we should just send Xiao Lan back."

"Didn't you see that she didn't want to be the light bulb for both of us?"

Hearing Huo Dongyang's words, Qiao Wei blushed. "Is it?"

Huo Dongyang smiles helplessly. "Qiao Wei, I suddenly feel that you are not generally dull."

"I don't have one."

See Qiao Wei of hard mouth, Huo Dongyang threw out a sentence. "You're a dead duck with a stiff mouth!"

Qiao Wei didn't want to continue this topic with Huo Dongyang. She changed a topic. "Dongyang, which building land design is your job arrangement for Xiaolan?"

Huo Dongyang looked at Qiao Wei, "want to know?"

"Well!" Joe nodded. "If it's a secret of your company, you don't think I asked. I know the rules, too"

Huo Dongyang smile, "my wife is really understanding."

Hear Huo Dongyang call his wife again, Qiao Wei's heart is pounding. This time, I felt that someone called the word "wife" so nice.

Looking at the dazed Qiao Wei, Huo Dongyang can't help his mouth rising. The time with her is always pleasant."Come back."

Hear Huo Dongyang's voice, Qiao Wei hit a thrill. "Oh

Huo Dongyang did not intend to tell Qiao Wei at this time that he was ready to take the land in the east of the city. In fact, he accidentally found that plan on Qiao Wei's computer that day, and he had to admire her ability to make a plan in such a limited time. So he made the decision, and he knew that Yunshi also wanted to take the land.

Huo Dongyang certainly won't put such a good opportunity not to start, and he still wants to use Qiao Wei's scheme. The reason why he asked Jian LAN to design it was because they were good friends. They must know each other well, and they must have a tacit understanding of what each other wants and needs.

So this time, he wants to see the explosive power of these two women! This is also an opportunity for the two of them to prove their strength.

It's very late to return to Jiangwan villa. Qiao Wei also leaned against the co pilot and fell asleep.

Huo Dongyang opens the door and comes out with Qiao.

Qiao slightly turns to wake up, "Dong Yang?"

"Awake?"

Qiao Wei nodded, "home?"

"Yes."

"Let me down. You're tired after driving all day." Qiao Wei worried that Huo Dongyang was too tired.

Huo Dongyang released Jo and took her hand into the villa.

When Qiao Wei was taking a bath, a figure flashed through the window.

Huo Dongyang goes to the balcony. "What's the matter?"

"Boss, Fu Qing is here this afternoon."

Huo Dongyang raised the corner of his mouth. "It's fast."

"Then I left when I saw no one at home." Xiang Qing continued.

Huo Dongyang nodded. It was really a coincidence to avoid this meeting today. "I think she should come and talk to me about things."

"Boss, she now knows you live here, and I'm afraid she'll tell his wife who you are."

Yes, he doesn't want to let Qiaowei know his real identity, he doesn't want to let Qiaowei carry too much, because she may be the most difficult one.

Xiang Qing stood in place waiting for Huo Dongyang's orders.

"Well! You can ask her out for me Huo Dongyang replied that it was also time to have a good chat with his shrewd sister-in-law.

[Chapter 65](#)

The next afternoon.

Huo Dongyang arrived at the place agreed with Fu Qing.

This is a famous tea house in a city. Tea is also famous here.

Huo Dongyang arrived early, but he just ordered a pot of ordinary Tieguanyin. A man sat by the window and sipped his tea gently.

But my mind drifted a little far away. This place was once brought by his mother. In those days, it was not as luxurious as it is now. All it had was simple construction. They just provided a rest place for people to have a rest. Some people here drank tea, played chess, or ate something.

Now it seems that here has become a city a bright card, almost everyone who comes to a city will come here. Of course, the price of tea here has doubled several times.

When my mother took herself to rest here, she ordered a pot of very ordinary Tie Guanyin and several pieces of mung bean cake. At that time, it was a good enjoyment for myself. Because it was the first time that he and his mother arrived in a city, a strange city.

Mom said dad lived here, so they came here to see Dad! The father he had never met since he was born. Every time we talk about Dad, mom's expression is not very good. At that time, Huo Dongyang didn't quite understand what it meant. Now think of it, it's my mother's sorrow. Because she loves a family.

With the sound of footsteps behind him, Huo Dongyang also recalled his thoughts.

As soon as he raised his head, he saw Fu Qing standing beside him.

"Mrs. cloud, please have a seat."

Fu Qing's face was somewhat defensive, but she sat down.

Huo Dongyang poured a cup of tea for Fu Qing, "it's said that the tea here is very good."

Fu Qing was surprised to see Huo Dongyang pour tea for himself. "You are welcome, Mr. Huo."

Huo Dongyang nodded and said, "this is my mother's favorite."

Fu Qing's hand holding up the cup also froze. She was staring at the cup in her hand. She also reflected her own appearance at this time. She put down the cup after blinking.

"I have a bad stomach." Fu Qing said something.

Huo Dongyang smiles. "Yes, Mrs. Yun should like some health tea." With that, Huo Dongyang ordered a cup of flower tea for Fu Qing alone.

Facing Huo Dongyang, Fu Qing felt a sense of oppression. She knew that Huo Dongyang was hiding deeply. If he took a wrong step, he would be in danger.

When Fu Qing was calculating, Huo Dongyang looked at Fu Qing and asked, "I heard that Mrs. Yun went to see me yesterday?"

Fu Qing nodded. "Yes. There's something I want to ask you. "

"Excuse me." Huo Dongyang did not beat around the bush.

Fu Qing did not expect Huo Dongyang to be so straightforward this time, "I hope Mr. Huo can tell the truth."

"Well!" Huo Dongyang nods.

"Did Qiaowei's shares be sold to you?" This is what Fu Qing is most concerned about.

Huo Dongyang shook his head. "No

Fu Qing frowned, obviously did not believe what Huo Dongyang said. "That John is not your man?"

"John is just my friend. His company happens to have such a business. "

"Don't you dare say there's no one in this

Huo Dongyang just laughed but did not speak. He took another sip of tea.

Fu Qing saw the appearance of Huo Dongyang, it seems that this matter really has something to do with him, otherwise he would not show such an expression. "Mr. Huo, you want to control senjo, too?"

Huo Dongyang heard Fu Qing's words, he slowly raised his eyelids. "Mrs. Yun, what is" Ye "

Fu Qing was stunned. She realized that she was wrong. Although Huo Dongyang may know these things, she said it first.

Huo Dongyang raised the corners of his mouth, and could not study Fu Qing's words. "Mrs. Yun, since you want to know, you are finished. Then I have a question to ask you. "

"What do you want to ask?"

"About Qiao Wei's mother?" Fu Qing remembers what Huo Dongyang said.

Huo Dongyang nodded his head slightly. "Well!"

Of course, Fu Qing would not tell Huo Dongyang so easily that she was also ready for the conditions. "I have one condition."

"Madam Yun, you are really smart. Aren't you afraid that I will shake your secret out?"

Fu Qing's face turned white. This Huo Dongyang is really resourceful. He actually coerces himself in turn. "What do you know?"

Huo Dongyang stretched out his finger and knocked on the table. His face seemed to have some troubles, "eh? Let me think about that. About senjo? About the will? Yunjia property? Or do you and Mr. Yun hide that secret? "

Fu Qing feels that he has been sweating behind his back. It seems that he knows everything. Fu Qing is more nervous in his heart, and his eyes are more defensive against Huo Dongyang.

Huo Dongyang also has a panoramic view of Fu Qing's expression. "Mrs. cloud, if you don't think that's enough. So I'm... "

"All right Fu Qing immediately interrupted Huo Dongyang. "I'll tell you!" Huo Dongyang nodded with satisfaction. "I believe that Mrs. Yun will not lie to me." Huo Dongyang did not express the latter sentence, but he felt that Fu Qing definitely understood his meaning.

Fu Qingzhen hated Huo Dongyang and threatened himself with these things. "Of course

"More than ten years ago, Liu Su took Qiao Xin to the Su family and said that Qiao Qingdong should be in charge. At that time, he had made some achievements in his career. For Qiao Qingdong, these things were nothing at all! " Fu Qing recalled.

"At that time, Qiao Wei and Yun Yiyang grew up together and went to school together, so Su Lirong and I knew each other. At that time, they happened to be in junior high school. At a parents' meeting, I saw Su Lirong who was very haggard. She didn't tell me what happened? But at that time, that sentence was fulfilled, good things do not go out, bad things go thousands of miles. The news of Qiao Qingdong's infidelity is still known. "

Huo Dongyang heard here, still heartache Qiao Wei, she was actually under these pressures at that time. It seems that the situation at that time must have had a great impact.

Fu Qing continued: "at that time, Su Lirong was under great pressure and soon fell ill. When Su Lirong was hospitalized, Liu Su went to the hospital to take care of her in person, and she personally served her every day. In the eyes of the outsider, Liu Su really knows the general situation, and does not fight with Su Lirong. One sister after another called out very kindly, but this is the most poisonous

Speaking of this, Fu Qing's eyes reveal contempt. "Liu Su, that woman is so vicious. I remember that day, when I went to see Su Lirong in the hospital, I overheard her talking to the doctor. It turned out that every day she gave Su Lirong a kind of medicine, a chronic poison. If she ate too much, she would accelerate her death. This is also the plan that she bribed Su Lirong's attending doctor. Her purpose is to let Su Lirong die early, so that she can enter Qiao's house with dignity. "

Huo Dongyang frowned. Liu Su was so vicious!

"Not long after that, Su Lirong died, claiming to have died. Liu Su married Qiao Qingdong as she wished Fu Qing also felt sorry for this.

If Su Lirong was still there, senqiao would not be like this today. Unfortunately, there are too many helplessness and regrets in this world.

Huo Dongyang squinted at Fu Qing, "since you know the truth, why didn't you say it at the beginning?"

[Chapter 66](#)

Huo Dongyang's words made Fu Qing unable to pick up the words.

"In fact, when you said it at that time, things may not be like this. Mrs. Yun, I'm still selfish

Fu Qing looked at Huo Dongyang for a long time, and she burst out laughing. "If I had said that, you and Jovi would not have known each other. If Su Lirong is still there, she will not agree to let Qiao Wei marry you! "

Huo Dongyang chuckled. "Not necessarily! Some people are destined to meet. As you said, if Qiao Wei's mother was still there, the Qiao family would never be the way they are today. "

"Huo Dongyang, that's what you want to know." Fu Qing retorted. She didn't go on talking about other things with Huo Dongyang.

Huo Dongyang nods. Thank you He will also investigate this matter.

Fu Qing looked at Huo Dongyang, or hesitated for a moment and asked, "what is the relationship between you and Qiao Wei?"

"What kind of relationship does Mrs. Yun think we should be?" Huo Dongyang won't blow himself up about his relationship with Qiao Wei. After all, it's still useful.

Fu Qing snorted. "Huo Dongyang, don't think you are hiding deep."

"I never hid it." Huo Dongyang replied.

"Huo Dongyang, I hope you don't meddle in senjo's affairs."

Huo Dongyang, this is the purpose of Fu Qing, "senqiao is not a sweet cake. I really don't have any interest. "

Hearing Huo Dongyang's words, Fu Qing also slightly relaxed. As long as he doesn't intervene, everything else will be easy.

Huo Dongyang looked at the time. "Mrs. cloud, I'll leave if I have something to do later."

With that, Huo Dongyang stood up first. "By the way, I'll prepare some small gifts for Mrs. Yun to take back."

Looking at Huo Dongyang left his back, Fu Qing was still a little angry, got what he wanted and left like this!

Fu Qing did not understand Huo Dongyang's words just now, until the waiter brought those boxes of delicately packed snacks.

Huo Dongyang really knows that he likes the pastries and snacks here, so he prepared them for himself. You should know that the dim sum of Mingcha house is not easy to take out. It only serves the hall food every day.

Fu Qing looked at these snacks and did not care about Huo Dongyang's Irrationality just now.

Back to the cloud home.

As soon as Fu Qing entered the door, he saw YUNZHUO sitting in the living room.

"Dad

YUNZHUO watched Fu Qing come in and nodded. "Back?"

"Yes."

Then YUNZHUO saw Fu Qing holding something in his hand. "Tea with friends?"

"Yes." Fu Qing nodded and then took out a snack for YUNZHUO. "Dad, this will serve you tea."

YUNZHUO reached out and took it. "Can you bring it back to eat today?" He is also clear about the rules of Mingcha house.

Fu Qing was embarrassed, "well."

Without much to say, Fu Qing went back to his room to change his clothes.

When YUNZHUO opened the box, his whole face changed. This is mung bean cake! It's her favorite!

YUNZHUO's hand was not steady, and the whole box of mung bean cakes fell to the ground.

It was in Mingcha house that he and Hawthorne met for the first time. At that time, she was eating mung bean cake. But because I was bored, I walked into Mingcha house, and I just saw her full of vitality.

"Dad, what's the matter with you?" After Fu Qing came out, he saw this scene.

YUNZHUO regained consciousness. "I didn't hold it steady, so I fell to the ground."

After cleaning up, Fu Qing personally took a piece of mung bean cake to YUNZHUO.

YUNZHUO showed a helpless expression. "I'm old. I'm not."

Mung bean cake is very fragrant and soft, and the taste is sweet. As a result, it is bitter in YUNZHUO's mouth, because he thinks of a person.

Fu Qing also found that the old man's situation is somewhat right! What's wrong with him? Looking at the sign of Mingcha house again, she suddenly understood. Huo Dongyang's mind is not so heavy. It seems that this tea house must have something to do with the old man.

She did not doubt the reason why Huo Dongyang asked him to meet here. She naturally thought that Huo Dongyang chose to meet here because this place is famous. She never thought there was such a meaning.

YUNZHUO said suddenly. "Can I have another one?"

"Of course." Fu Qing nodded.

But look at the old man's appearance, should be to think of the past, or think of that woman, even Huo Dongyang.

Eyes color a sink, this time she was used by Huo Dongyang. It seems that he wants to use these things to achieve his purpose. Sure enough, he couldn't believe what he said.

Seeing the pain on YUNZHUO's face, she knew that this was specially arranged by Huo Dongyang.

"Xiaoqing, what time is tomorrow?"

"Tomorrow is Monday." Fu Qing replied.

YUNZHUO also seems to become energetic, "help me tell Yunzhou that I will go back to the company tomorrow."

Fu Qing heard some uneasiness in his heart. Did the old man go to the company? What is he going to do? It seems that she needs to pay attention to Yunzhou and yunyiming. After that, he called Fu Yiming and asked them to pay attention to it. Especially the acquisition of senjo.

Huo Dongyang left Mingcha house and went directly to hd-qh.

"Boss, how did you get here?" For Qin Hao, who lives and eats in the company, Huo Dongyang's appearance is really strange.

Huo Dongyang sat down opposite Qin Hao, "when is the bidding for that piece of land in the east of the city?"

Qin Hao heard Huo Dongyang's words and immediately began to look it up on his laptop.

"Next month." Qin Hao replied. "What's the matter? Are you interested? "

Huo Dongyang nods. "Yes

Qin Hao is clear about Huo Dongyang's character, as long as it is his decision, there is nothing he can't do. The land in the east of the city is indeed a good business opportunity. If HD can win, then they are also a firm foothold in city A.

"It's just that the time is a little tight now. We don't have any plans and designs. It's very difficult to achieve this." Qin Hao is worried about that.

"You don't have to worry about that." Huo Dongyang looks confident.

When Qin Hao heard Huo Dongyang's words, he knew he was ready. "What? You're ready in advance? Did you do it yourself this time? "

"Not me!" Huo Dongyang replied.

"Not you? Did you say Jason did it? " Qin Hao still has some doubts. Recently, I heard that Jason has a lot of things to do. He should not have time to prepare for them.

Huo Dongyang takes out a USB flash disk from his pocket and hands it to Qin Hao. "I have them ready-made. You'll have a look later. Remember to mark where you need to change it. "

Qin Hao after receiving, immediately plug in the computer, and then click open the U disk that PPT file.

When he came to that PPT logo was actually senqiao, he took a surprised look at Huo Dongyang. He did not speak, but directly dragged the mouse to the end.

See the signature of this planning case is indeed, Qiao Wei!

[Chapter 67](#)

Qin Hao blinks. He looks at Huo Dongyang.

"What's the matter?"

Qin Hao really didn't expect Huo Dongyang to come over with Qiao Wei's plan. "Boss, is that really good?"

"Is there anything wrong?" Huo Dongyang is relaxed.

"No! This... " Qin Hao is worried that there is something wrong with it. "No problem?"

"No Huo Dongyang replied. "You will take a closer look. Senjo was unable to bear the financial problems brought about by this scheme before, so he did not adopt it. I want to do it with HD, so I won't say anything about it. "

Qin Hao understood what Huo Dongyang meant. "Boss, I understand what you mean. I will make a budget as soon as possible."

"It's just that we still need to provide specific construction design." Qin Hao continued to ask questions.

"There will be a designer tomorrow. Her name is Jane LAN."

Hearing Huo Dongyang's words, Qin Hao suddenly felt that there was a problem, "Jian LAN? No, who are you acquaintances with? "

"She said Jovi's good friend."

Qin Hao suddenly felt that Huo Dongyang was partial. "Are you ready to hold up the virtuous and avoid the relatives? First Madame, now her good friend? Boss, don't you worry you'll be late? "

"Will you?" Huo Dongyang asked in turn. "Jian Lan's works are also in the USB flash disk."

Hearing Huo Dongyang's words, Qin Hao did not say anything. "Since you all say that, I can only nod, who let you be the boss?"

Huo Dongyang showed a smile, "I asked John out in the evening and we had a meal together."

Hearing that there is a big meal to eat, Qin Hao of course is going! It's wonderful not to have a lunch box at night.

While Huo Dongyang goes back, Qin Hao also looks at Qiao Wei's plan book and Jian Lan's design seriously.

I have to say that Qiao Wei's plans are really wrong. As long as one is slightly modified, it is absolutely an excellent plan. There is absolutely no problem in winning the land in the east of the city.

Jian Lan's design style is also very bold. Compared with the current architectural style, it is more special. Maybe it will become the landmark of a city in the future.

It seems that Huo Dongyang is very confident in both of them this time, otherwise he will not use them.

In the evening.

Qin Hao is ready to keep the appointment. As soon as he enters the door, he sees that John has arrived.

"I didn't expect you to arrive first." Qin Hao asked first.

John raised his head from a pile of materials, and he was in tears. "My life is hard!"

Qin Hao walked in and saw John studying domestic marriage law and some divorce cases.

"What are these?"

John has a deep sense of bitterness. "Boss, give me the task."

Qin Hao a Leng, "what?" Huo Dongyang doesn't want to divorce Qiao Wei, does he? But this is not supposed to be. They have just been married, and Huo Dongyang is very precious to Qiao Wei, so it is absolutely impossible.

Regardless of his own image, John grabs his hair with his hand and says, "these Chinese characters are a headache."

"This is to give you a chance to learn." Qin Hao said with a smile.

"Hum!" John is not particularly convinced. "I would not have come back if I had known."

Qin Hao sat down on one side and picked up some of them at will. "Who wants a divorce?"

"The boss said it was the lady's friend." John replied.

"Name."

John handed Qin Hao a piece of information. After Qin Hao saw it, he said, "Jian LAN?"

"Do you know?" John asked in turn.

"This man will come to the company tomorrow to do design work." Qin Hao replied. "It's also arranged by the boss."

John, get it. "Boss, this is for Madame's friend, do your best

"Well!" Qin Hao also nodded. "What's the matter with this woman and her husband?"

John sighed, "my husband has a woman outside and refuses to divorce. The woman is in a weak position. "

After hearing this, Qin Hao patted John on the shoulder, "barrister, you can do it! It's all small cases for you! "

John looked at Qin Hao contemptuously, "Qin Hao, do you have any colleagues who love it?"

"No!"

"I'm going to complain to the boss."

After that, Huo Dongyang pushed the door in. "Who are you complaining about?"

John stood up immediately. "Boss, I want to complain about Qin Hao."

It was not the first time Huo Dongyang knew that they would all quarrel. He ignored and directly sat down.

Qin Hao looked at Huo Dongyang's back, but didn't see Qiao Wei's figure. "Our wife is not here?"

"She and Jane LAN eat at home." Huo Dongyang replied.

Qin Hao second understand, Huo Dongyang is to give Qiao Wei outflow space and time, so there is this meal.

"It turned out that the boss didn't have his wife with him, so we made an appointment with the two bachelors." John understood, too. Huo Dongyang looked at the mobile phone, "not all of this! Jovi said, "let me treat you to dinner."

Qin Hao and John take a look at each other. It turns out that it is the meaning of his wife. They also said with one voice, "well, we want to thank you, madam."

Huo Dongyang is not angry and his tone is relaxed. "John, is there a problem with this case?"

"There should not be." John replied.

"For the greatest rights." Huo Dongyang then spoke.

John just nodded, "OK. Boss, don't worry. I'll try my best. "

"You will go to the company tomorrow, and you will have an interview with Jian LAN."

John made an OK gesture. "Boss, I'm hungry. Can I have dinner first?"

Huo Dongyang asked them to order by themselves this time, and he did not express his opinions.

Qin Hao and John have a big meal. Huo Dongyang only moves his chopsticks once in a while and doesn't eat more.

After Qin Hao saw, he also remembered what Qiao Wei had told him before. "Boss, madam, I told you to eat more."

Huo Dongyang gives Qin Hao a faint look. "What? Do you care what I mean now

"How dare I? Isn't this the lady's account?" Qin Hao directly moved out of Qiao Wei as a shield.

Huo Dongyang nodded to Qin Hao, but he picked up his chopsticks to eat more.

Seeing this, John said in a low voice, "this boss is very obedient to his wife. It will be much easier for us to do things in the future. "

Qin Hao shook his head. "This way can't be used more, or something will happen! You and I all know the boss's style. "

John heard Qin Hao's warning and nodded. It's a terrible thing for the boss to get angry.

After dinner, the three went back.

John and Huo Dongyang went down the road and ran away.

Qin Hao called a car to go back to the company. As soon as he entered the door, he received a phone call, and his face suddenly turned bad.

"How did you come back?" Qin Hao's tone is not very good.

[Chapter 68](#)

The next morning.

Qiao Wei and Jian LAN went to the company together.

Qin Hao sees Jian LAN brought in by Qiao Wei. He also stops his work.

"Manager Qin, this is Jian LAN."

Qin Hao nodded, "well, I heard Dongyang say that."

"Please have a seat, Miss Jane."

Qiao Wei knew Qin Hao was going to have an interview, so he didn't say much and went out directly.

Qin Hao saw that Jian Lan was a little nervous. He said with a smile, "Miss Jane, it seems very nervous."

"A little bit."

"Relax." Qin Hao said with a smile.

Qin Hao put forward several professional questions on construction design, and Jian Lan was able to answer them.

After the basic process is completed, Qin Hao gives Jian LAN the design requirements for the land in the east of the city.

"This is a key design we are going to do recently. Take a look at the relevant information. I hope to see your first draft by the end of this week. "

Jane LAN is really surprised that she started work on her first day?

"What's the matter?" Qin Hao can see that Jian Lan's face is hard.

Jane LAN shakes her head. "No, I'm afraid I can't do it well."

Qin Hao also looked at Jian LAN with some serious expression, "Dongyang should have told you that our requirements are very high. I've seen your previous designs, and I don't think it's hard for you. "

"Manager Qin, I'll try my best to do well!"

"What I want is not my best effort, but a satisfying result." Qin Hao continued.

If it was before, she would not dare to give any guarantee. But she also wanted to prove herself with her ability.

"Good!"

Qin Hao is to give them pressure, otherwise their potential will not be stimulated. Press the plane, Qin Hao also called Qiao Wei in.

"Manager Qin, what can I do for you?"

"Sit down! I have something to tell you. "

Qin Hao printed out the plan that Qiao Wei did before, and handed it to Qiao Wei.

Qiao Wei turned to the folder and found that he had made the plot about the east part of the city. "This is..."

"This is your previous plot to be out in senjo." Qin Hao replied.

Qiao Wei of course understood that this was her own plan, but she didn't understand how Qin Hao got it.

Seeing Qiao Wei looking at himself with suspicious eyes, Qin Hao really wronged, "Mrs. Huo, do you have a look in your eyes to suspect what I have stolen?"

"I just I didn't expect Qin Hao to say so suddenly. Qiao Wei couldn't answer the question.

Qin Hao chuckles. "This is what Mr. Huo gave me. I've seen it. It's a good plan, but I also ask some questions from it. You can improve and supplement this basis."

Qiao Wei a Leng, it seems that some do not understand the meaning of Huo Dongyang. "Manager Qin, do you mean..."

"I'm going to take the east part of the city with your plan." Qin Hao didn't avoid suspicion.

"What!" Jovi found it hard to believe. She has made a preliminary estimate of this plan, which is not a small sum of money. If we make amendments or supplements on this basis, the price is also a huge number.

Qiao Wei frowned and said, "manager Qin, even Yunshi doesn't dare to launch this project alone, but they only dare to bid with several partners, and we..."

Qin Hao suddenly laughed, "what? Do you think HD didn't win this project? "

"No

"You don't have to worry about that. All you have to do is do your duty well, and leave the rest to me. " Qin Hao said confidently.

Qiao Wei sees Qin Hao's appearance, it seems that he is very confident in this bidding.

"Qiao Wei, Jian LAN, I will give you this task today." Qin Hao said with a smile. "This is also an opportunity for you to prove yourself. I hope you take advantage of it."

Qiao Wei really felt a lot of pressure, did not expect to turn to a circle, Chengdong this project again transferred to their own hands, is this Providence?

Qin Hao said, "OK, time is precious, you hurry to be busy!"

After seeing the two men go out, Qin Hao also reports the situation to Huo Dongyang.

However, Huo Dongyang is reluctant to return a "good" word.

Qin Hao also knew Huo Dongyang's style after hearing it, so he didn't say anything.

But after a while, Qin Hao's mobile phone rings. Seeing the number that he called last night, Qin Hao had a headache, so he picked it up.

"Hello

"I'm at the airport. Can you pick me up? "

Qin Hao directly refused, "I'm busy."

"All right. I'll take a taxi to the hotel myself. Have dinner together in the evening

"Well!"

Qin Hao hangs up the phone. He holds his head in both hands and presses his temple with his fingers. Why does this woman run back at this time? It's just to make trouble. When the time comes, Huo Dongyang will be really angry, and it will be the most serious. Qin Hao sighed. He looked up and saw two

women sitting together to discuss the plan. I can't help but feel that there seems to be something wrong with Huo Dongyang's arrangement.

After work, Qin Hao goes to the appointment.

However, Qiao Wei and Jian LAN have entered the mode of working overtime. For the first time, such a big project has been received. It's the two of them as the main force, and the pressure is like a mountain.

They've been talking about the best solution, and they really don't want to screw it up.

At eight o'clock in the evening, they finally made a little prototype.

"Xiaolan, are you hungry? Shall we order takeout? "

Jane LAN nodded. After she went back, she said she was alone. It's better to eat here and go back.

Qiao Wei ordered takeout, and they continued to communicate while eating.

Intermittently, the meal also reached nine o'clock.

"Weiwei, would you like to go back first? In case Mr. Huo is waiting for you. " Jane LAN looked at the time and said.

Qiao Wei can have family now, it's really not good to spend with myself here.

Joe gave a slight smile. "It doesn't matter. We're about the same today anyway. We'll go together later."

Are you worried, Mr. Huo

"He has his things to do, and we all have to fight for our dreams." Qiao Wei said something that sounds inspiring.

Jane LAN laughed and said, "OK!"

Just as they were packing up and leaving, Qin Hao came in with a tall woman with delicate features.

Qin Hao see Qiao Wei and Jian LAN are packing things, he is also a little surprised. "You haven't gone back yet?"

Said Jovi at once. "I'm going back."

"Shall I call a taxi to see you off?" Qin Hao asked. Of course, he would serve Qiao Wei well. If anything happened to her, he would certainly be unable to bear it.

Qiao Wei shook his head and saw that the beautiful woman beside Qin Hao was staring at her all the time. She was a little higher than herself. She was more than 1.7 meters tall by visual inspection. This kind of gaze made her feel more embarrassed.

In a hurry, Qiao Wei left the office with Jian LAN.

"Qin Hao, are these two?"

"The company's new recruit." Qin Hao replied. "Well, you've visited the company, and it's time to go back."

"How dare I go in such a hurry?"

Qin Hao frowned and said, "moling, enough!"

[Chapter 69](#)

There are only two of them left in the office.

It was so quiet that their breath could be heard clearly.

Mo Ling raised her lips and said, "I didn't do anything. What are you so nervous about?"

Qin Hao didn't believe all that Mo Ling said. Moling's means are clear to him. If she knew Qiao Wei's identity, she would certainly not let go of Qiao Wei.

This time, he really did not understand why Huo Dongyang's grandfather made such a decision. Huo Dongyang certainly did not confess that he was married, otherwise Huo Jiang would not have made such an arrangement.

"Qin Hao, what are you thinking?"

Qin Hao looked at Mo Ling lightly, "it's OK. I'm tired. Go back first. "

After all, she knew it was not good for her. Qin Hao speaks in front of Huo Dongyang. Of course, she won't offend Qin Hao, and she'll take it when she's good.

"Well, I'll go now." Mo Ling said with a smile. "Anyway, you should ask Dong Yang to arrange a place for you. It's really bad to sleep in the company every day."

Qin Hao didn't want to talk much. He made a gesture to ask Mo Ling to leave.

"OK!" Moling left on high heels.

Qin Hao returns to his position, he pinches his brow with time, and then he calls Huo Dongyang.

"Say it."

"Boss, Mo Ling is back." Qin Hao replied. "And she saw his wife and Jane LAN in the office just now."

Huo Dongyang becomes silent. Qin Hao is waiting for Huo Dongyang to speak.

"What did she ask?"

"Not yet. After all, she doesn't know you're married Qin Hao replied.

"I see."

Huo Dongyang hung up the phone. He stood in front of the window. It seems that the relationship between him and Qiao Wei will not be long. He must find a way to deal with this matter.

The emergence of moling also forced Huo Dongyang to change some of his original plans.

The next day.

Qiao Wei wants to go out to work, Huo Dongyang suddenly stops her.

"Dongyang, what's the matter?"

"Qiao Wei, I may go to America in a few days. Are you all right by yourself? "

Hear Huo Dongyang's words, Qiao Wei's heart is still some sad. "Don't you say you won't go out for the time being?"

"Suddenly something has to be done at headquarters." Huo Dongyang replied.

Know Huo Dongyang has action, Qiao Wei also did not tangle. "When are you going

"In two days!"

Joe nodded. "Well! I will take care of myself, and now I have Xiao Lan with me. I'm fine! "

Huo Dongyang reached out and touched Qiao Wei's head, "you don't have to fight too hard. Pay more attention to rest. "

"Well!" Qiao Wei looked at the time, "I went to work."

"Be careful on the way."

After Qiao Wei left, Xiang Qing stepped forward.

"Boss, why do you avoid Madame?" Xiang Qing of course knows Huo Dongyang's schedule.

Huo Dongyang looked at Xiang Qing, "Mo Ling is coming."

"Is she really here?" Xiang Qing also felt a headache. "Boss, why don't you just open up your relationship with your wife?"

Huo Dongyang shook his head. "It's not that time yet."

Xiang Qing really understand Huo Dongyang's mind, since he said there was no time, then only listen to him!

"Boss, what are you going to do with moling?"

Huo Dongyang did not have to deal with it. After all, when Mo Ling came, he gave her something to do and distracted her attention.

At noon.

Mo Ling really came to the door.

"Schoolmaster, you look good recently." Mo Ling said with a smile.

Huo Dongyang looked at Mo Ling and said, "I heard grandfather say you are coming."

"Schoolmaster, if you need anything I can do, just tell me." Said Mo Ling. Of course, she also wants to do something to let Huo Dongyang not look down on himself.

Huo Dongyang thought for a moment. "I don't seem to be weak enough to be protected by women."

Mo Ling's face is not very good. "Schoolmaster, I just want to help you. Grandfather Huo also told me that everything is at your command. "

Huo Dongyang thought, "I really have nothing to do with you."

"Schoolmaster, do you think that I am not qualified to stay by your side."

After hearing this, Xiang Qing despised: "you really don't have the qualification to stay with the boss."

Knowing that Mo Ling was a little difficult, Huo Dongyang pushed her to John. "John is working on a case recently. You can go and have a look."

Hearing that Huo Dongyang has something to tell himself, Mo Ling is excited. "Well, I'll be right there."

After Mo Ling left, Xiang Qing looked at Huo Dongyang and said, "boss, you let Mo Ling go to John. Won't that boy get mad?"

"This is the best arrangement." Huo Dongyang replied. In this way, I can't offend my grandfather, and I want to relax, so I can only aggrieve John.

"Xiang Qing, you call John and ask him to stabilize Mo Ling. I'll give him an extra bonus this month."

"Yes The whole HD people know that John is a fan of money, as long as it is related to money, he will do well.

And this move is also repeated attempts, who let John is the money slave, will do anything for money. Of course, he also has a bottom line, that is, in addition to Huo Dongyang's command, no one else can bird.

Soon John got a phone call from Xiang Qing and immediately complained. "Boss, what do you think of me! How can you get Mo Ling to my side? Don't you know I have a lot of things to do? "

"The boss said to give me an extra bonus."

"Please. I can accept other people's, but not Mo Ling. " John replied. "And I'm going to see Madame's friend later. Yesterday she said she couldn't meet because of something, so it's all arranged for today. "

Xiang Qing hands the mobile phone to Huo Dongyang, and only he can handle John.

Huo Dongyang took the mobile phone and said, "John, are you in trouble? Or is there a problem with ability? "

"Boss, I don't have any skills now." John quickly yelled tired.

Huo Dongyang raised the corner of his mouth, "well, since the extra bonus is not required, I just save a sum."

"Boss, this time I really said that there is no happiness to accept, you let Qin Hao deal with it." John turned it down unexpectedly this time.

Huo Dongyang said, "OK! Then you'll have to deduct all your bonus this month. "

"what? Boss, is it necessary? I just said no extra bonus, not even this month! "

"Take the next task and give you 20% more."

John sighed. "Well, for money's sake. Boss, you'd better nip the peach blossom as soon as possible to avoid endless disaster. "

"Make her tired."

"OK!"

Huo Dongyang put down his mobile phone. John said that he was right. He really had to find a way to deal with the matter of moling, otherwise there would be endless disasters.

[Chapter 70](#)

At the end of the day.

Huo Dongyang wanted to pick up Qiao Wei from work, but Qiao Wei told him that she was still working overtime.

Love his wife, Huo Dongyang or with food in the past.

As soon as I entered the door, I saw Qiao Wei and Jian LAN busy in the meeting room. They either exchanged opinions or kept their heads down and were busy with their own affairs.

The desktop is full of all kinds of materials and drawings. It seems that they have prepared a lot.

Qin Hao watched Huo Dongyang come in with a bag of food. He also stood up.

"Why did you come?"

"Food delivery." Huo Dongyang replied and put the packed food on the table.

Qin Hao also looked at the conference room next door. He said with a smile, "boss, are you worried about them?"

Huo Dongyang did not deny it. "How are they doing?"

Qin Hao smiles. "I can only say that you have a pair of good eyes. They really have potential, and they will take charge of their own affairs in time."

Hearing Qin Hao's reply, Huo Dongyang's mood is also a little relaxed.

"They're really two."

Huo Dongyang sat down on one side, "you need to mention more, they are new people now."

"Don't worry!" Qin Hao replied.

Qiao Wei just think of to pour a cup of water, eyes and Huo Dongyang in the air. She smiles at Huo Dongyang and says with her mouth, "how did you come?"

Huo Dongyang reached out and pointed to the lunch box on the table top, as if to say that the meal was coming.

Qin Hao can't stand Huo Dongyang and Qiao Wei passing each other through the glass. "Boss, I think I'd better go out first."

His single dog said he didn't eat the dog food. He needed to go out and breathe.

After Qin Hao goes out, Qiao Wei also comes over.

"Why did you come?"

"Delivery." Huo Dongyang reached out and pulled the hair on Qiao Wei's face. "Today's work is not over yet?"

"Well!" Joe nodded. "Yes, Xiaolan is very demanding on herself, so she thinks it is not good to design several schemes."

Huo Dongyang showed a smile, "or you can go to the scene to have a look, maybe there will be new inspiration."

After Huo Dongyang reminds so, Qiao Wei also suddenly sobers up. Yes, they can actually go on a field trip. This may help, but it will also inspire something different.

"I'll talk to Jane LAN right away." With that, Qiao Wei quickly returned to the conference room.

Huo Dongyang has a smile on his face. If only this little woman kept such energy all the time.

It's just that the next thing will be as smooth as you think? This point, Huo Dongyang suddenly has no confidence in himself, is it because of her? So he lost the energy to push forward. It seems that I have been used to the comfortable life recently, which makes me not firm.

On the way back, Qiao Wei fell asleep in the car again. It seems that I am really tired.

In the next few days, Qiao Wei and Jian LAN were as busy as the top, and there was no time to rest. But they finished the work within the time limit set by Qin Hao.

Qin Hao sent Huo Dongyang all the plans and design manuscripts he had checked.

Qiao Wei and Jian LAN are very nervous, waiting for the final result. Qin Hao said that this time he sent it to the big boss of HD, and it was up to him to make the decision. Therefore, Qiao Wei's heart is even more up and down. She has heard of HD, the big boss who has never revealed his true face, and his amazing deeds, and she has great admiration for him.

"Slightly, I'm so nervous." Jane Lan said in a low voice.

"Me too!"

The waiting time is really long, because Huo Dongyang is also holding a meeting with Jason at the remote end to discuss the plan.

Jason didn't speak for a long time after seeing the plan.

Huo Dongyang didn't urge him, because he was the authority in this field after all, and Huo Dongyang trusted Jason's profession very much.

"Boss, this plan doesn't look like Qin's style." A long time later, Jason said this.

Huo Dongyang then said, "what do you think?"

"On the whole, it's OK!" Jason replied. "There are a few small areas that need to be revised. This one is more perfect! "

"You mark what you think needs to be changed. I'll let them do it later. "

"OK." Jason picks up his pen and swishes it around the screen. "And this design, if it can be more bold, the effect will be better."

Huo Dongyang is now finally relieved, Qiao Wei and Jian LAN did not let themselves down.

Jason saw Huo Dongyang's satisfied expression, and he looked at it carefully. "Boss, you look very happy. You haven't told who did this case yet? Good ability. ""My wife."

Jason's calm eyes finally changed into a surprise. "What? Madame

A few days ago, he got the news from John and wanted to see what his wife looked like? But today he saw her ability first.

"Boss, your eyesight has always been very good!"

Thank you Huo Dongyang received praise for the first time.

Jason smiles. "Boss, don't be so secretive next time."

"Go ahead and get busy." Knowing that Jason is now supporting the company by himself, Huo Dongyang does not want to delay him too much time.

"OK, bye!"

Huo Dongyang then sends Jason's opinions to Qin Hao.

Qin Hao's expression was strange when he saw the news. I thought Huo Dongyang would make a final decision. Unexpectedly, he sent it to Jason.

Seeing what Jason had marked out, Qin Hao had to admire Jason's eyes. He saw and pointed out all these small places. It was really a detail control.

Qiao Wei and Jian LAN then saw the new modification plan, and they were also surprised. The big boss noticed these small places. It has been said that details determine success or failure. This is a living example.

Qin Hao said with a smile to Qiao Wei and Jian LAN: "it's very good. Keep working hard! The boss is also very satisfied

"OK." Qiao Wei and Jian LAN look at each other and smile.

Qin Hao also knows that they have been working overtime this week to complete this task. It seems that Huo Dongyang's decision is right!

"Revise the rest."

"Good!"

Qiao Wei comes out of Qin Hao's office, and she immediately calls Huo Dongyang. "Dongyang, the plan has been passed."

"Good! Be careful not to get too tired. "

"Well!" Qiao Wei actually wants to talk to Huo Dongyang in person. Unfortunately, he is now in the United States, so he can only call.

Huo Dongyang stopped for a moment, "I'll go back to have a rest early today."

"Dongyang, when you come back, I'll treat you to dinner." If it was not for Huo Dongyang, she would not have made such a plan, and he has always given him a lot of encouragement and support.
