### [Chapter 1099 A New Admirer](#)

Clare's POV:

The moment I heard the voice, it felt incredibly familiar, like I'd heard it before. It immediately reminded me of the woman's voice from the previous night's phone call, which sounded exactly like this Aylin woman's. On top of that, Lennon's strange behavior while I talked about the movie's lead actress...

I couldn't help but wonder if Aylin had feelings for him.

I also couldn't help but glance over at Lennon and observe his expression. He responded coldly, "Miss Ellis."

He said nothing else.
