

## Wonder Doctor Read Online Chapter 131

Brother Fate turned his head to look at Lin Ran, and the moment his head lifted, his entire body was stunned.

Lin Ran did the same, and he was also stunned when he saw Brother Fate.

“Lin Ran?”

“Wang Yifeng?”

The two men couldn't help but exclaim in shock, and then both laughed.

“Fate... Brother Fate, you know him?”

The bald man at the side hurriedly asked, he and Wang Yifeng had only met once, the last time Wang Yifeng caught a malicious ghost, he had been near the bald man's house, technically speaking, the two were even nodding acquaintances.

When he saw that Wang Yifeng and Lin Ran actually knew each other, he couldn't help but start to drum in his heart.

“I know each other, how could I not know each other!”

Wang Yifeng laughed, and immediately walked towards Lin Ran.

The bald head's face was a bit ugly, the helper he had called actually knew Lin Ran, this was trouble, if the two had an average relationship,

then he would be fine, but if they had a very iron relationship, wouldn't he be directly loaded with guns.

“Better bugger off!”

With this in mind, the bald man turned around and prepared to bolt.

However, just as his feet took a step forward, a voice came from behind him, only to hear Lin Ran shouting indifferently.

“Stop right there! Take another step and break your dog's leg!”

“No... I don't dare to walk... I don't dare to walk!”

The bald head turned around, his face filled with a bitter smile, this was the end, he couldn't even walk away.

“Brother Lin Ran, what did this guy do to piss you off?”

Wang Yifeng stepped forward and asked with a smile.

Luo Qiqi, who was sitting in the car on one side, saw that Wang Yifeng had actually come, and immediately got out of the car and came over.

“The rescuer he shouted for wouldn't be you, I didn't expect you to collude with such people!”

Luo Qiqi said with great disappointment.

“Don't .... Don't talk nonsense, I don't know him well at all!”

Wang Yifeng hurriedly explained.

“Don’t know him well? Then how come he still has your phone number!”

Luo Qiqi asked afterwards.

Wang Yifeng was a bit speechless and scratched his head awkwardly and said.

“That, as you all know, in my line of work, it’s normal for people to have my phone number!”

“Alright!”

Lin Ran opened his mouth and cut the two off, then looked to the side and said to Wang Yifeng.

“Forget it this time, the next time I come across you organizing people to bang porcelain, I will definitely not spare you!”

After saying that, Lin Ran was ready to leave with Luo Qiqi, who was also too lazy to take care of this bald head.

But just as the two of them were about to say goodbye to Wang Yifeng and leave, suddenly the bald head in the distance was laughing out loud as he pointed at Lin Ran disdainfully and said.

“Kid, you’re wild, old man, I’ll see who circles who today!”

Said Wang Yifeng, leading people towards the car next to him, at this time Lin Ran and others only noticed that not far away there were actually three cars stopped.

The one in the lead was a Mercedes, followed by two white vans that looked like they were coming from a bad place.

“Lin Ran!”

Luo Qiqi was a little worried and grabbed Lin Ran’s arm with her body.

“It’s alright, I’m here!”

Wang Yifeng said in turn, in a righteous manner, as if he was on my turf, so don’t worry.

Lin Ran looked amused as he recognised the license plate of the Mercedes and looked at Luo Qiqi with an odd gaze, laughing.

“You didn’t recognise it?”

“Recognise what?”

Luo Qiqi was dumbfounded, she had no idea what Lin Ran was referring to.

“It’s alright, there’s a good show!”

Lin Ran said with a smile.

“A good show?”

Luo Qiqi was even more confused.

As the two of them spoke, the door of the Mercedes-Benz had opened, followed by a familiar figure jumping out of the car, her eyes looking left and right, very nervous.

“Brother!”

Seeing the person who came, Luo Qiqi immediately exclaimed, the one who came down from the Mercedes Benz was not his own brother, Luo Cheng!

“Qiki, little divine doctor?”

Luo Cheng ran over with a smile and was taken aback to see Lin Ran.

“Why are you here?”

Luo Cheng asked.

“Came here to run some errands!”

Lin Ran returned with a smile.

Something seemed to have occurred to Luo Cheng’s mind, and then he turned his head to look at Wang Yifeng and asked.

“This one is?”

“My name is Wang Yifei!”

Wang Yifei took the initiative to introduce himself, and Luo Qiqi then side by side told the story, and only then did Luo Cheng understand what had actually happened.

“Where is that bald head?”

Luo Cheng asked, Luo Qiqi looked around, then pointed to the van not far away and said.

“Where is it!”

“Hmm?”

Luo Cheng looked with a slight frown, how did that bald head run to the van?

“Brother, how come you didn’t bring anyone over either, this is great, that bald guy’s helpers might have arrived!”

Luo Qiqi was a bit helpless, then looked at Lin Ran and said.

“We’ll just have to see what you do later, as a token of appreciation, I’ll treat you to dinner tonight!”

“Forget about dinner, there’s no need for me to do anything later!”

Lin Ran laughed.

“What do you mean?”

Luo Qiqi still didn’t understand what was going on, and Luo Cheng, who was on the side, laughed along with her.

“Silly girl, I think you’ve fallen in love and your IQ is zero!”

Luo Cheng was not stupid, the way his own sister looked at Lin Ran already made him understand that this sister of his clearly had a crush on Lin Ran.

If it was any other guy, I’m afraid he wouldn’t have agreed to it, but his sister had fallen in love with Lin Ran, so it was a good thing to say.

“What falling in love, don’t talk nonsense!”

Luo Qiqi’s pretty face flushed red, a little embarrassed.

“What’s falling in love ? Isn’t she in love with Lin Ran already ?”

Wang Yifeng looked a little puzzled at the side.

“Well ? When ?”

Luo Cheng asked in surprise, only yesterday he met with Luo Qiqi, but did not hear about this, and Lin Ran most taboo are with him, also did not hear and his sister together ah.

“Er ..... That was a misunderstanding !”

Lin Ran some speechless, was worried about how to explain to Song Nuan, this is good, even Luo Cheng misunderstood.

“Misunderstanding ? Just now you were in my house and .....”

Wang Yifei said, before he could finish his words, he was directly covered by Lin Ran.

“That Brother Luo, this is really a misunderstanding, I will explain to you later, people are already here !”

Lin Ran hurriedly changed the subject, only then did the crowd see that Bald Head had already come running back with his men arrogantly, he walked at the front and came in front of Lin Ran and the others, laughing disdainfully.

“Kid, how come you just shouted for a rescuer ? I thought you were capable of something !”

“I’m enough to deal with you myself !”

Lin Ran said indifferently.

“Haha!”

The bald head smiled even wider at that, as he pointed at Lin Ran and laughed.

“Yourself, what the fuck are you, do you know who Laozi is shouting at? Brother Tiger from South City! Listen to talk?”

Saying this, the bald head directly moved out of the way, revealing Brother Tiger behind him, only at this moment, Brother Tiger’s face was obviously a bit off, looking at Lin Ran with an innocent face, and then at Luo Cheng, and after a long time, he spoke awkwardly.

“Luo... Brother Luo, Ran ..... Brother Ran Ran Ran!”

“Brother Ran? Brother Luo?”

Bald head heard a shudder in his heart and looked at Brother Tiger somewhat inexplicably as he opened his mouth to ask.

“Brother Tiger, who are you shouting at? This kid is bullying a brother, you have to do it for me today!”

Brother Tiger was worried about how to explain to Lin Ran and Luo Cheng, but when he heard the bald head’s words, he was furious, so he backhanded him and slapped him, sending the bald head flying backwards with a slap, cursing.

“You’re looking for death, don’t drag me down, you dare to mess with Brother Ran and Brother Luo, I think you’re fucking tired of living!”

Wonder Doctor Read Online Chapter 132

“No... No, Brother Tiger, when did I mess with Brother Luo, he’s just arrived, and I didn’t really want to deal with Lin Ran .... Brother Ran’s, I was trying to teach that little girl a lesson!”

Seeing this, Bald Head hurriedly dumped the pot on Luo Qiqi, since Lin Ran and the newly arrived Luo Cheng couldn’t afford to mess with themselves, and that Wang Yifeng had become someone else’s helper at this time, he could only throw the target to Luo Qiqi so as to give himself a step down.

“Teach me a lesson?”

Luo Qiqi was furious at his words, this was obviously looking for a soft persimmon to pinch, and he thought he was a soft persimmon.

“What’s wrong with teaching you a lesson? You hit my brother and if you don’t pay, this won’t go away today!”

Facing a little girl, Baldy was still very arrogant.

Luo Qiqi looked even more angry and turned to look at Luo Cheng, pouting.

“Brother! You saw it, he touched me this morning and tried to blackmail me for money, and now he’s talking about beating me up! I don’t care, if you don’t do it for me, I’ll tell dad!”

Luo Qiqi looked so aggrieved, not to mention Luo Cheng, even Wang Yifeng who was at the side was pained in his heart when he saw it, and in the atmosphere, he went forward and said.

“Older sister, this is your fate brother control, damn dare to touch my sister-in-law’s porcelain, I think you are impatient to live!”

Said Wang Yifeng and took out a box, ready to put the guy.

Seeing this, Lin Ran hurriedly stopped him.

“I go, what do you want in broad daylight, how many people have to die if these things are released!”

What was put in the box, Lin Ran knew without thinking about it, it must be the stern ghosts that Wang Yifeng usually caught, this thing was much more lethal than Tiger and the others, once it was released, it would probably cause panic.

“Brother Yifeng thank you so much, it’s better for me as an elder brother to handle this matter!”

Luo Cheng smiled and thanked him, then looked at Brother Tiger, his face clouded over and said.

“I don’t want to see this bald head again, I don’t care what method you use, make him disappear from my sight within ten minutes!”

“Yes! Brother Luo!”

Ah Hu nodded heavily at his words, an icy coldness had erupted in his eyes, having followed Luo Cheng for so long, this was the first time he had seen Luo Cheng get so angry.

“Flop!”

The bald head’s legs went limp and he sat down on the ground directly.

From the moment Luo Qiqi called Luo Cheng “brother”, he already knew that he was finished today and had hit the iron plate, but he didn’t expect that Luo Cheng would be so ruthless in his actions, directly making himself disappear.

According to Tiger’s style of work, he was afraid that he would really be in a bad way this time.

“Don’t get anyone killed! Try to solve it in a peaceful way!”

Lin Ran didn’t want to make too much of a mess and spoke up to remind him.

Hearing this, Ah Hu looked at Luo Cheng, then seeing Luo Cheng nodding, he smiled heartily and had the men set up Bald Head and leave the place.

The four Lin Ran followed and left as well. It wasn’t long before sirens sounded around them, not knowing who had called the police.

“Brother, what will they do with that bald head!”

In the car, Luo Qiqi asked curiously.

“I told Ah Hu to call the police!”

Luo Cheng said with a smile, he had just sent a text message to Ah Hu.

“Call the police? Thanks for thinking of that!”

Luo Qiqi was surprised, not expecting Luo Cheng to end up calling the police.

“This is the best solution, a society under the rule of law, of course we have to use legal weapons to solve things!”

Luo Cheng laughed smugly, but Luo Qiqi snorted.

Wang Yifeng had just left straight away, just before leaving, he and Lin Ran agreed to go together tomorrow to find Chen Shui'er's father.

Sitting in the car at this moment, remembering this matter, Lin Ran did not have to ask Luo Cheng.

“Have you heard of this person Chen Gui?”

“Chen Gui?”

Luo Cheng frowned slightly at his words, and then said.

“I know him, but this person is a lot more cautious and not very strong, he wanted to cooperate with our family before, but my father refused!”

“Well, I found out that he has a jewellery shop opening tomorrow, he himself should be going over there!”

Lin Ran continued to ask.

“That's natural! What, you guys have a beef?”

Luo Cheng asked.

Lin Ran shook his head and then said.

“Do me a favour tomorrow, this Chen Gui has a problem!”

.....

It was already evening when they returned home, Song Nuan was very well behaved today and actually returned home early, seeing Lin Ran back, she couldn't help but tease.

“Yo, our little miracle doctor is so busy, he actually came back so late! You can't even see anyone when you go to the hospital!”

“Er... I had some temporary business and went out!”

Lin Ran said awkwardly.

Song Nuan seemed to have something to do, and looked at Lin Ran without good grace.

“Thanks to you, you still know to come back, if it wasn't for my father's explanation, I wouldn't bother waiting for you here!”

With that, Song Nuan took out an envelope and threw it on the coffee table.

“This is what my father told me to give you, saying that you might be able to use it!”

“O?”

Lin Ran was curious, took the envelope and opened it.

Song Nuan was also curious, but she was patient and didn't open it before because Lin Ran hadn't returned, but when she saw Lin Ran open it at this moment, she immediately came over.

“They might have a child, but it's not certain! If there really is one, it should be a few years older than you!”

There was just this simple sentence inside the envelope, but Lin Ran's face changed greatly as he read it.

During that conversation with Song Yujiang back then, he clearly remembered that the latter said that Wang Kun did not have a son, but this time the envelope was saying that Wang Kun probably had a child with his wife, he just wasn't too sure.

"What does that mean? Who has a child?"

Song Nuan looked at it with a slight frown, not knowing what was happening at all.

"It's alright, this has nothing to do with you!"

Lin Ran said indifferently.

"You!"

Song Nuan sounded a little angry and just wanted to speak up, but Lin Ran had already gotten up and walked towards the bathroom.

"Bastard! Thanks to me trying to improve my relationship with this guy, I actually said it had nothing to do with me, why did you come to protect me!"

Song Nuan huffed to, a woman's thinking was different from a man's.

In Lin Ran's view, he didn't want others to know much about his own personal affairs, but in Song Nuan's view, he had already made it clear to himself, but this guy still refused to tell himself everything.

"Humph! Say it as you like, who cares!"

Song Nuan was so angry that she got up and went straight back to her room.

In the bathroom, Lin Ran put on a pool of hot water and prepared to take a good soak, so much had happened in the last few days that he was feeling a tad tired.

“Maybe I’ll have to find a chance and go back home!”

Leaning back against the edge of the pool, Lin Ran mulled it over in his mind.

There were many things he didn’t know back then, and since his grandmother had gone through all of this, she might know some clues that she didn’t know.

But this could not be rushed, originally Lin Ran had run out of clues, but this letter from Song Yujiang was another clue that gave him a new clue.

If Wang Kun really had a son who was about the same age as himself, then if he found this person, he might be able to find out the truth about what happened back then.

Perhaps he was too tired, or perhaps he had too many things to do lately, and he slept for more than an hour.

But when he opened his eyes, Lin Ran was dumbfounded to see that there was a woman sitting at the edge of the pool.

The woman’s back was to him, and he could not see her face clearly, but he could feel that the woman’s whole body was trembling, as if she was very scared.

Wonder Doctor Read Online Chapter 133

“You’re awake!”

Lin Ran was in a trance when the woman actually spoke.

Hearing this familiar voice, Lin Ran only remembered who it was and couldn’t help but say with relief.

“Why did you come out!”

“I was scared!”

Chen Shui’er said, before Lin Ran took a bath, she was inside the wooden box, and as soon as she came out, she was in the bathroom.

“Scared? What’s there to be scared of, you’re a soul!”

Lin Ran was a little speechless and sat up and said.

“I’m afraid of your home!”

Chen Shui’er said.

Lin Ran smiled and then remembered that his home was set up with formations, no wonder this nee-san would say that she was afraid.

“Alright, I’ll help you set it up now, so you won’t feel scared!”

Said Lin Ran as he got up and was about to go and get busy.

“Wait ....”

Chen Shui'er opened her mouth and wanted to stop, but the words had just come out in one word, but it was already too late, Lin Ran had already stood up from the pool.

“What's wrong?”

Lin Ran did not yet notice what had gone wrong and asked Chen Shui'er.

Chen Shui'er was so frightened that she hurriedly covered her face with her hands, although it was only her soul, but that pretty face was as red as a red light.

“Ah!”

Suddenly Lin Ran noticed the problem and sat back down in the water with a startled bum, his old face flushed, resounding with embarrassment as he just rubbed himself in rest with Chen Shui'er on the sidelines.

“I wonder if this nee-san didn't peek at herself when she was asleep just now!”

Such a thought suddenly popped up in Lin Ran's mind, but it was quickly shaken off by him.

“Blah blah blah! What a nonsense thought!”

Lin Ran slapped his forehead and focused his attention back, by now Chen Shui'er had already returned to the wooden box in fear.

Only then did Lin Ran get up and quickly pass his clothes, before setting up a separate formation on the wooden box, allowing Chen Shui'er to hide within it.

“Thank you!”

Chen Shui'er's voice rang out in Lin Ran's ears with gratitude.

"It's alright!"

Lin Ran smiled back, and then went back to his room.

Lying on his bed, Lin Ran tossed and turned and was slow to fall asleep. Seemingly sensing Lin Ran's mood, Chen Shui'er ran out from within the wooden box again and sat on the edge of the bed.

"What's wrong?"

Lin Ran looked at her with difference.

"You have something on your mind?"

Chen Shui'er asked calmly as she looked out of the window.

"Mm!"

Lin Ran nodded, for a long time he had kept things inside himself, no one knew except Song Yujiang.

"Can you talk to me about it?"

Chen Shui'er suddenly asked.

"This ....."

Lin Ran was a little hesitant, he really didn't want to talk to others about his own affairs.

"I'm already a dead person, are you still so bothered?"

Chen Shui'er suddenly said.

“Alright!”

Lin Ran compromised and whirled around to tell his story, hearing Chen Shui'er apologise slightly and say.

“I'm sorry, I didn't expect your fate to be worse than mine!”

She at least still had a happy childhood, was well clothed and fed, and her father was still around, but what about Lin Ran? He had been without his parents for as long as he could remember, but for that he was far more miserable than Chen Shui'er.

“It's alright, every family has a hard time!”

Lin Ran sighed.

Chen Shui'er didn't answer, the room fell silent for a while, and after an unknown amount of time had passed, Chen Shui'er suddenly spoke.

“After helping me to take revenge, will you send me away?”

“You're dead after all, it's only right to go where you should go!”

Lin Ran said.

Chen Shui'er was very pretty, if it were an evil Feng Shui master, he might really do something ridiculous, but Lin Ran was different, what he had inherited was the Xuan Yang Pill Canon, and it was very clear in his heart of right and wrong that forcibly keeping a wronged soul in the human world was not only bad for himself, it was equally bad for the wronged soul.

“But I don’t want to go!”

Chen Shui’er said and cried, her heart not only resenting her father, but also not wanting to leave this world.

At the age of a flower, she had not yet had the chance to enjoy everything this world had to offer, but it was all over.

“But you are finally .....

Lin Ran still wanted to persuade, but suddenly “Bang!” With a bang, the room was kicked open, and Song Nuan stood in the doorway with an angry face, her gaze looking over as if she was about to kill.

She saw that Chen Shui’er was still sitting on the edge of the bed, looking at herself with an astonished expression, while Lin Ran was doing the same.

“Good for you Lin Ran, I didn’t expect you to be this kind of person, and you’re still playing golden house with me!”

Song Nuan was so angry that her lungs were about to explode, she had been unable to sleep and had just got up for the night and actually heard Lin Ran talking to someone in his room, at first she thought he was talking on the phone, but when she heard a woman’s voice, she was not at all calm.

In her heart, she had actually already treated Lin Ran as her boyfriend, the only difference was that she hadn’t officially pierced that relationship yet, but now .....

“No you listen to my explanation!”

Lin Ran is a bit speechless, how come this neezi has become a detective tonight, she can be found out even if she talks to a female ghost, is this the sixth sense of a female?

“What’s there to explain, I’ve already seen it with my own eyes, what else do I need to explain!”

Song Nuan atmosphere Road, all the way room door, said.

“Now pack your things and get out!”

“.....”

Lin Ran was speechless for a while, but Chen Shui’er next to him spoke up.

“Little sister, I’m not a human being!”

“I know you’re not human, you’re a vixen!”

Song Nuan was in the middle of her anger and hadn’t heard the meaning of her words.

Chen Shui’er saw this and smiled slightly, and at once her entire body appeared directly in front of Song Nuan.

This scene scared Song Nuan so much that her mouth grew, unable to utter a single word.

Chen Shui’er reached out and gently touched Song Nuan’s forehead, her palm then actually passed through her head, at this moment she just felt a trace of something cold touching her forehead.

“You .... You!”

Song Nuan did not know what to say, but in her heart she already understood.

“Her name is Chen Shui’er, she is a ghost who died unjustly, I met her outside today and brought her back, tomorrow I will go to help her redress her grievances and then I will send her away!”

Lin Ran said blandly as he sat on the bed.

Song Nuan felt a little embarrassed and said with a slight apology.

“Hugs .... Apologize .... I didn’t mean it!”

“It’s alright, he won’t mind, I can tell that he likes you a lot!”

Before Lin Ran could say anything, Chen Shuier was the one who spoke up.

Song Nuan snorted at her words and laughed to herself.

“Him ? Forget it, he’s him and I’m me!”

Chen Shui’er knew what Song Nuan was minding, and she had heard the conversation between the two of them clearly when they returned just now.

“Silly sister, the reason men don’t want to tell you is because they’re afraid you’ll worry, there’s no such thing as a quiet year, it’s just someone carrying the weight for you!”

“You mean, he is doing it for me?”

Song Nuan was surprised.

Chen Shui'er shook her head, and then said.

“Neither yes nor no, things are his own business, and he may not tell you because he is afraid that you will worry!”

“Well, I should also go back, the misunderstanding has been explained clearly, the rest is up to you guys and gals!”

After saying that, Chen Shui'er was ready to go back to the wooden box, but Song Nuan hurriedly stopped her and smiled.

“Thank you, sister!”

Chen Shui'er guffawed and then dissipated.

Lin Ran looked at Song Nuan with a slightly strange gaze.

“What are you looking at, you've never seen a beautiful woman before!”

Song Nuan said without good humour.

Lin Ran shook his head and then asked.

“She's a ghost! Aren't you afraid of that?”

“Afraid? Why should I be afraid? Shouldn't it be that ghosts are afraid of people?”

Lin Ran smiled at the words, in the morning Luo Qiqi was scared and directly fainted, but when it came to Song Nuan, she directly became a sister with the female ghost, this is simply .....

Wonder Doctor Read Online Chapter 134

The following morning, Song Nuan drove her old cross-country car to school in a rare event, while Lin Ran got up and had breakfast in a hurry.

Since he had got up early, it was only eight in the morning when he arrived at the place. Seeing that the shops were not yet open, Lin Ran found a breakfast shop selling buns and parked his car, getting out to buy food.

At eight o'clock in the morning, many working people had already started their work and most of the people eating at this time were housewives, elderly people and children.

Lin Ran bought two buns and was ready to leave.

She was wearing a pajama top and had a very tall figure. She was reading something on her mobile phone and did not pay any attention to Lin Ran.

The road was narrow and Lin Ran wanted to hide, but there was nowhere to hide, plus there were customers behind him who wanted to go out.

But who knows, this beauty was so engrossed in playing with her mobile phone that she didn't even notice when she came close to Lin Ran, so he had no choice but to cough twice.

“Oops!”

The beautiful girl was startled and only then did she notice a figure in front of her, so she stumbled backwards in fear and almost didn't fall over.

“It's alright.”

Lin Ran reached out and pulled the other party's wrist.

It was only then that the pretty girl noticed someone in front of her and hurriedly looked away.

Lin Ran was very clean looking, and although he wasn't exactly handsome, he gave off a very friendly feeling and didn't feel distant in the slightest.

“Quite handsome!”

Perhaps it was because she was looking at Lin Ran with a somewhat reflective gaze, but when the beauty looked down and noticed the tattered dress code on Lin Ran, the light in her eyes suddenly dimmed and was replaced by a disappointed gaze.

“Let go of me!”

The beautiful woman said in a displeased manner as she flung her hand away.

“Hm?”

This sudden change in the beautiful woman's attitude caused Lin Ran to frown slightly.

“Hmm! What hmmm! Don't even hurry up and make way, it's really dirty!”

The beautiful woman said, and actually pulled out two napkins from the table next to her and wiped them on her wrists, as if Lin Ran had something dirty on his hands.

“What bad luck, I thought I had met a handsome guy, but it turned out to be a poor loser!”

The pretty girl walked past Lin Ran, cursing under her breath.

“Forget it, young man!”

An old man behind him spoke up and said comfortingly.

Lin Ran smiled at this and then walked out towards the door, he was used to this society of looking at faces and clothes, and he was not interested in paying attention to such superficial people.

But just as Lin Ran was walking out of the bun shop, he saw a young man in his early twenties, with yellow hair, walking towards the side with a tense demeanour and a mobile phone in his hand, which he was stuffing into his pocket.

If it was the usual case, it would have been fine, but Lin Ran was very impressed by that mobile phone, which belonged to the beautiful woman just now, and had a lot of diamond ornaments attached to it, which Lin Ran remembered very clearly.

“A thief?”

Lin Ran’s heart immediately understood, that guy must have taken advantage of the chaos just now to suddenly steal that beautiful girl’s mobile phone.

“Hey! Where’s my phone!”

Lin Ran had just chased after him when the beautiful girl’s alarmed voice came from the bun shop behind him.

“Hey hey! Thief, stop!”

The beautiful woman turned around just in time to see Lin Ran spreading his legs and running, and directly took Lin Ran for a thief and hurriedly chased after him.

“Catch the thief!”

There were many people on the road at this time of the morning, and the beauty shouted loudly as soon as she rushed out.

At once, she attracted many people to look around, and a few of the young lads saw this and surrounded themselves towards Lin Ran.

“There’s the thief!”

Lin Ran was speechless for a while and pointed ahead and shouted. The two youngsters who rushed over were dumbfounded at the words and hurriedly turned their heads to look, and they indeed found a yellow-haired young man who was running away quickly.

But the two of them were so fast that they were already in front of Lin Ran, and it was impossible to avoid them.

In his desperation, Lin Ran stepped on his feet and leapt over the two men with his hands braced directly on their heads.

“Quickly stop him!”

The beautiful woman who was struggling to catch up behind him saw this and shouted in great disappointment.

From time to time, people rushed over to intercept Lin Ran, which made Lin Ran very speechless. Seeing that the yellow-haired youth was about

to rush into a side shopping centre, in his desperation, Lin Ran, before passing a stall selling fish tanks, directly copied a pebble and flung it towards the yellow-haired youth under an infusion of true qi.

“Whoosh.”

The stone sliced through the air with a hissing sound, and the next moment it hit the bend of the yellow-haired youth’s leg with a “thud”, and the yellow-haired man fell with a thud, and his face hit the ground.

“Bastard!”

When he saw that his mobile phone had fallen not far away, he wanted to go and pick it up, but his eyes saw that Lin Ran was only five or six metres away from him.

The mall was so crowded, and there were so many exit paths, that it was hard to find someone who was deliberately hiding in the mall.

Lin Ran was helpless, sighed and picked up the phone on the ground, then walked towards the way he came.

It didn’t take long to run into the beautiful woman who was chasing after him. The latter was very angry when she saw Lin Ran, and then when she saw Lin Ran holding his own phone, she snatched it without saying a word before pointing at Lin Ran and cursing.

“Young, not bad looking, what’s wrong with being a thief, if not for everyone’s help, I would have let you get away today!”

“I’m really unlucky, how could I help such a thing like you in the morning!”

“Have you finished?”

Lin Ran looked at her indifferently.

“What? You’re still not convinced? You’re still justified for stealing my phone!”

The pretty girl didn’t relent.

At this moment, some reasonable people around stood out and accused the pretty girl.

“I say, pretty girl, the young man helped you recover your phone, the one who stole your phone is a yellow-haired young man, can you understand the situation before you scold others?”

“That’s right, you’re so pretty, why are you so foul-mouthed!”

“If I were this young man, I would have smashed the phone and not even returned it to her!”

The pretty girl was a bit bewildered by the accusation, looked at the phone, looked at Lin Ran, for a while did not know what to say.

Lin Ran saw this and smiled blandly, saying.

“I am poorly dressed, but I really don’t care about your phone, judging people by their appearance, that’s all you are!”

After saying that, Lin Ran directly turned sideways, not even bothering to glance at the other party.

“I ....”

The pretty girl was a bit confused and turned around to look at Lin Ran. When she saw that he had actually gotten into a Porsche, her head immediately went “weng” and she was completely confused.

A man driving a Porsche was actually dressed like a beggar, and just now he was so unreasonable, but the other party even helped him recover his mobile phone.

Later, in the face of his own so hard words, did not explode, this ..... This .....

A moment, the beauty feel hot face, very not to find a crack into the ground, simply shame to lose home.

## Wonder Doctor Read Online Chapter 135

Returning to his car, Lin Ran drove straight to the entrance of a nearby jewellery shop, and as soon as he got out of the car, a familiar voice came over.

“Brother Lin, this! I’m here!”

Lin Ran turned his head and looked, and sure enough, it was none other than Wang Yifeng, only this guy had actually passed on a loose Tang outfit today, looking as conspicuous as if he had crossed over from ancient times.

“Holy shit, why are you dressed like that, I asked you to come to redress your grievances, not to act!”

Chen Shui’er couldn’t help but laugh as she hid inside the wooden box.

“It’s not that you don’t understand, I’m dressed like a jade expert, since your old man sells jewellery, then I must dress like an insider, right!”

Wang Yifeng said smugly.

Lin Ran, however, shook his head helplessly and said blandly.

“A real insider never wears these clothes, you dressing like this only means you’re a pseudo-insider!”

“Exactly!”

Chen Shui’er also nodded her head in agreement.

“I ....”

Wang Yifeng was a bit speechless, but he soon got over it and laughed.

“It doesn’t matter, anyway, as long as we clean up this old thing Chen Gui today and make our big beauty Chen happy, this matter will be complete.”

Hearing Wang Yifeng’s words, Chen Shui’er hurriedly asked.

“Right, how are you guys going to deal with him?”

Chen Gui was his own father after all, although he didn’t have much affection for this father, but in the end, he had blood ties, Chen Shui’er was still a little bashful about the two of them playing over the top Lin Ran.

“What kind of effect do you want to achieve?”

Lin Ran asked with a smile, to redress Chen Shui'er's grievances, that is naturally to eliminate that resentment in her heart, as for how Chen Gui results, all depends on Chen Shui'er's intention.

“Just make him regret it!”

Chen Shui'er pondered for a moment and spoke.

“Understood!”

Lin Ran nodded, and immediately greeted Wang Yifeng and walked towards the jewellery shop.

At this moment, the doors of the jewellery shop were already open, and several staff members were arranging to celebrate the company and set up today's opening ceremony, and many of the guests who had come in admiration, and the surrounding residents, had all entered the shop by now.

“That old guy hasn't come yet!”

Coming inside the shop, Wang Yifeng swept his gaze around and spoke.

“He must have come last, let's look around first to see if there's anything suspicious!”

Lin Ran said, while coming to the counter and checking out the jewellery inside.

Chen Gui's jewellery shop mainly sold jade and jadeite, as well as gold and silver jewellery, but at this point in time, the people who came to visit the shop were all old people and children, so the front of the gold

and silver jewellery was relatively hot, while the front of the jadeite jewellery and these things were relatively much colder.

“Jadeite brave! Not bad!”

Lin Ran looked at it while calculating in his mind, he looked at four or five products one after another and found that the price and quality were quite conscientious.

However, when he saw the sixth product, Lin Ran’s brow furrowed, it was a very translucent jadeite Guanyin pendant, the whole body was white jade and flawless, without a single flaw, just by looking at it would make people love it.

“Holy shit, 100,000, where’s the robbery!”

Wang Yifeng came over and exclaimed out in shock when he saw the price.

“If it’s the real thing, one hundred thousand is indeed not expensive!”

Lin Ran spoke indifferently, Wang Yifeng heard the meaning of Lin Ran’s words and asked in a low voice.

“Are you saying that this item is a fake?”

“Well, it’s technically a fine imitation!”

Lin Ran said.

“Then how about we take this to report him?”

Wang Yifeng said.

“No way!”

Lin Ran, however, shook his head and then said.

“Jewellery and jade is supposed to be a test of eyesight, this shop of his didn’t write anything about fakes being compensated for, it’s completely possible to say that he looked away when purchasing, it’s hard to convict for such things!”

“Then what should I do?”

Wang Yifeng was a bit helpless, wanting to make Chen Gui regret, naturally he had to let his career suffer, so that he would find out that the so-called feng shui master’s guidance was useless.

But now that he had found out that there was something wrong with the jewellery, it was useless, which made him a little unsure of what to do.

“Don’t rush yet, let’s take one step and see what happens!”

Lin Ran said with a smile.

The two of them strolled around the shop for about half an hour or so, during which Lin Jean discovered that inside this shop of his, apart from the very popular ornaments like gold and silver, which were all genuine, all the other jade tired jewellery, surprisingly, were all fakes.

The fakes accounted for about a third of the amount, which made Lin Ran very surprised.

“Brother Lin, are you serious? Why can’t I see any of these fakes?”

Wang Yifeng came to the side and looked at one of the guys in the counter and was very puzzled.

“I don’t know yet, find a waiter to take it out and take a look!”

Lin Ran said.

The goods were laid out in the counter, and Lin Ran could only tell the real thing from experience, but there was nothing he could do if he wanted to see more details.

Luckily, the shop attendant was still very enthusiastic, and within a short while, one of the fake goods was brought out, and Lin Ran took it in his hand and looked at it carefully.

And after this careful look, Lin Ran couldn’t help but feel astonished.

As the saying goes, jade is spiritual, which means that apart from the colour and head of water, there is something else that must be looked at, and that is the aura.

This thing is very subtle and is about a kind of karmic law. It is like a person who sees a piece of jade at first sight and likes it very much, but does not have this feeling when he sees another jade, this is the karmic law.

“The first time you saw this, did you have a sense of familiarity!”

Lin Ran suddenly looked at Wang Yifei and asked.

“When you say that, it seems like it really does!”

Wang Yifeng said with a slight frown.

“If I’m right, this thing originally had no aura at all, but was processed in through a later stage!”

Lin Ran said, very carefully forcing out a strand of true qi from between his fingers, the true qi quickly stabbed an opening in the side of the pendant, the opening was so small that it couldn't be seen at all unless he used a magnifying glass.

“Hey hey, look!”

Lin Ran had just stopped when a wisp of black smoke, if any, between his fingers actually floated out from within the pendant and dissipated into thin air in the blink of an eye.

“This .... This is grievance Qi!”

Wang Yifeng said in surprise, he had been a feng shui master for almost a year, although he was self-appointed, he still had a few skills after all, the smell of that black smoke just now, he was too familiar with it.

“Go! Take a look at the others!”

Lin Ran greeted, and immediately the two of them ran to the next fake job.

After just a few minutes, they had examined three fake jobs, and without exception all of them were infused with grievance Qi.

“It seems that the feng shui master beside Chen Gui still has a few skills and is willing to help Chen Gui out, so obviously this guy has come up with something else to replace Shui'er!”

Lin Ran said to himself with a cry, but Wang Yifeng listened but frowned and asked.

“So what now ? These things, it's useless for us to sue the police station!”

After Lin Ran's reminder, he already understood that these things were too esoteric for the police to believe.

"I have an idea!"

Suddenly Chen Shui'er spoke up, and after thinking about it, she finally decided to speak up.

"Before I committed suicide, I once buried a diary in the courtyard of my house, this thing is enough to prove everything!"

"But if this thing is handed over, your father will go to jail, this is already considered forcing someone to die!"

Lin Ran said with a frown.

Chen Shui'er also fell into silence, and after a moment of silence, spoke.

"Jail is probably the best outcome for him, letting him continue to harm people is what's harming him!"

## Wonder Doctor Read Online Chapter 136

When they heard about the diary, Lin Ran and Wang Yifeng both sighed. It seems that when Chen Shui'er chose this path, she hated Chen Gui very much in her heart.

Once a person, even if they are close to someone, has forced their children to die, as children, they will have some resentment in their hearts.

But Chen Shui'er died unwillingly, and after turning into a wronged soul, she had the opportunity to publish these things, but she still hesitated.

When she was finally caught by Wang Yifeng, she thought she had completely lost her chance, but she never expected to run into Lin Ran by mistake, and now the matter was brought up again.

“Let’s go, we can go straight to the police station!”

With the diary, Lin Ran didn’t bother to linger here, as long as Chen Gui was in the bureau, his jewellery shop would naturally close down and go out of business.

But just as the two of them were about to leave, suddenly, an old man rushed in at the door, the old man was very old, probably in his eighties, and was wearing several strings of good colour on his hands, obviously a master of arts and crafts.

“You guys... Where’s the boss? I want to see your boss!”

The old man came in, panting and saying.

“Our boss is not here!”

A waitress said with a smile.

“What? No, today is the opening day of this shop, I can’t let him not come!”

With anger, the boss sat on his butt on the sofa, angry to.

“If you have the guts, he won’t come out today, or the old man will spend time with him!”

“Grandpa, what’s wrong with you?”

The waitress asked, frowning at the situation.

“What’s wrong? You still ask me what’s wrong? Old man I just bought a jade pendant at your downtown branch and it broke after carrying it for one night, and when I went to find the manager of that shop of yours, I was actually told to find the boss, I know who your boss is!”

The old man said in a very angry voice, breathless with anger.

“Grandpa, there must be some kind of misunderstanding, or you can go back first, and when our boss comes, I will call you you?”

The waitress said with a smile.

But the grandfather did not listen at all, leaning back on the sofa and said blandly.

“Don’t give me that, today your new shop is opening, I want to see if your so-called boss dares to come or not!”

Lin Ran and the two of them were ready to leave, but at this moment, seeing this situation, they couldn’t help but feel curious and simply did the same at the side, Lin Ran even came up to the old man and asked with a smile.

“Grandpa, take it easy, how come this jade pendant broke after carrying it for one night?”

“Young man, you don’t know, this thing almost cost me my old life, if it wasn’t so mysterious, I would have called the police!”

The old man said as he told the story.

It turned out that he slept with the jade pendant the night he bought it back, and as people get older he likes this kind of antique stuff.

He had two jade pendants around his neck that night, but in the middle of the night, he had a frightening dream in which a dead man was chasing him, and he was almost 80 years old, so he couldn't run.

When he got up the next morning, he saw that his two jade pendants had been broken.

The one he had just bought was fine, after all, he had only just bought it, but the original one, which he had been wearing for thirty years, was a treasure in his hands, and he had never expected it to be destroyed.

Lin Ran's heart was already clear after hearing this, and he said with a smile.

"Master, you don't have to feel sorry for it, as the saying goes, broken jade keeps you safe, your jade of thirty years might have saved your life!"

As an obsessive in this business, he didn't know that, but he hadn't thought of it in that way before.

"You really know me, young man!"

While they were talking, firecrackers crackled at the door, and the opening ceremony was finally about to begin.

"Hello, Mr. Chen!"

"Good day, Mr. Chen!"

The sound of firecrackers rang out, and soon all the waiters were neatly arranged at the entrance of the shop, followed by the voice of the host outside.

At the head of the group was a middle-aged man of about forty years of age, the corners of his mouth turned up unconsciously and he had an unconcealed smile on his face.

He had a short, sharp haircut, but it was marked by a clear path, and although he was middle-aged, he looked energetic.

And on either side of him were two curvaceous, heavily made-up beauties, the kind that cost a fortune at first glance.

“Bastard!”

Chen Shui’er’s moan rang out, she had never known what her father was doing on a regular basis, she had only vaguely heard that he had many lovers outside.

Unexpectedly, he had actually blatantly brought two out for the opening of his new shop today.

“Looks like your father is quite a philanderer!”

Wang Yifei laughed as he watched, but Lin Ran frowned slightly and said softly.

“Chen Shui’er, don’t come out, he has a very strong magic weapon on him, once you get close, you will be seriously injured!”

“Huh?”

Wang Yifei couldn't help but look at Chen Gui once again at his words, and then noticed that at his waist, there seemed to be a belt that hated unusual things.

“That's a belt made from a demon-beating whip, once the evil spirits get close, they will definitely be seriously injured!”

Lin Ran spoke up and warned, Chen Shui'er did not answer, she hated to rush up and ask properly how in the world could there be such a father.

“What now?”

Wang Yifeng asked.

“Let's wait and see what happens!”

Lin Ran returned.

When the old man saw that the right person had come, he stood up directly from the sofa and walked over in a huff with the jade pendant in his hand.

A few waiters tried to stop them, but the Boss was already rushing up to Chen Gui's nearness.

“You are Boss Chen, right? If you don't give me a satisfactory answer to this matter today, the old man and I will fight with you to the death!”

With that, Chen Gui threw the broken jade pendant, to Chen Gui.

“What are you doing, old man?”

Chen Gui was still a bit confused and didn't know what was going on until the old man told him what was going on.

“Boss, jade shattering keeps you safe, you are having a calamity again, you should thank me!”

Chen Gui said with a smug look on his face and a smile.

“Thank you ? If I didn’t have a jade pendant to protect my life, I would have been killed by you!”

The old man said as he took out his badly hanging jade pendant and put it on the table, before looking at Chen Gui and saying.

“This jade pendant of mine is worth at least three hundred thousand dollars, plus my moral damages, if you don’t pay me four hundred thousand dollars today, this matter won’t end!”

Chen Gui was still smiling, but when he heard these words from the old man, his face suddenly turned gloomy.

“Let’s talk inside, old man!”

Chen Gui suppressed his anger and said softly, there were too many customers here and he did not want to make things unmanageable.

However, the old man was stubborn and did not eat him at all, smiling coldly at his words.

“I’m not going anywhere today, just stay here and make things clear for me!”

Chen Gui’s face went completely icy cold at his words, he stared at the old man and said in a gloomy voice.

“Old man, don’t give shame, it’s easier for me to get rid of you than an ant!”

## Wonder Doctor Read Online Chapter 137

“What did you say!”

The old man’s face turned pale when he heard that, and he pointed at Chen Gui, his chest heaving with anger, and said.

“You .... You! I never thought that in the present harmonious society, there would still be bandits like you! I’ll call the police now!”

Said here the old man directly took out his mobile phone and was about to call the police.

Seeing this, Chen Gui raised his hand and directly knocked off the old man’s mobile phone, sneering.

“I think you want to die today!”

With that, Chen Gui touched his waist, seemingly ready to fetch something.

But at that moment, a sudden bright laugh came from the doorway instead, followed by a dark-haired youth, who walked in with big strides.

“Haha, who dropped their phone on the floor!”

Said the youth then picked up the mobile phone, then took a look at it was an elderly phone, directly handed it to the old man and laughed.

“Grandpa, even though it’s an old age phone, you have to love it!”

“I love...”

The old man was just about to speak, but the youth made a gesture not to make a sound, at this moment everyone around was watching, only to see him take out a broken jade pendant from his pocket, and turned to look at Chen Gui.

“Young man, how come you’ve been pitted too?”

The old man hurriedly asked when he saw this.

“Grandpa how come you’ve been pitted?”

The youth looked very surprised and looked at the old man.

“Yes, I bought the jade pendant from this branded chain of shops of theirs, and it almost cost me my old life!”

The old man said bitterly.

“Is that so? Then it looks like you might have bought a fake!”

The youth looked very sympathetic.

Just as the old man was about to open his mouth to continue, the youth instead waved his hand and then hugged Chen Gui tightly in his arms, while his eyes went red.

“Young man, he has made you cry from the pit, why are you still hugging him!”

The old man was puzzled at this.

The youth gave him a look, viewing him like a fool, and said.

“Who has pitched me? I’m here to thank Mr. Chen!”

“Thank you ?”

The old man was baffled, how could he come to thank him when the jade pendant was obviously broken ?

“Young man, are you angry and stupid ?”

The old man asked.

The youth glared at him and said.

“I think you’re the one who’s old and confused, how could Mr. Chen possibly screw me over, if it wasn’t for this jade pendant, I’m afraid this life of mine would have been given up!”

“You ....”

The old man was furious, he originally thought he had come across a victim like himself, but now he realized that he had come across a trust.

At this time, the surrounding people are watching with fervor, the youth saw the situation and winked at Mr. Chen, and then continued to act to.

“Mr. Chen, you don’t know, I went to inspect the construction site this morning, but I didn’t pay attention and ran into a piece of glass when I turned around.”

“Fortunately, I had this jade pendant with me at that time, that glass was broken glass, but it was still the peak mouth, if it poked my chest, I’m afraid I would have been crippled even if I didn’t die, fortunately this jade pendant blocked it for me, although the jade pendant was broken, but I was fine!”

The youth said here, tears came down his eyes, holding Chen Gui's hand and said gratefully.

“Mr. Chen, I really believe in the saying that jade shatters security, I came here this time to buy a few pieces of good jade, I want to wear one for each of our whole family!”

“Well said!”

Chen Gui immediately applauded and laughed, a kind of shopkeepers around all followed and echoed, looking around the jade loving crowd some of them clapped their hands and shouted.

“You guys .... You are all in it together!”

The old man is not stupid, finally is to see the situation clearly, this youth and Chen Gui is obviously a gang, deliberately come to play for their own eyes.

“Boss, you've seen it all, what kind of person am I, Chen Gui, need to say more? You can go back if you're safe, I'll give you a piece if you don't have money to buy it, I'll get angry if you defile me like that!”

Chen Gui pretended to be angry, but there was a sinister look in his eyes, and he made up his mind that if this old thing did not know how to behave, he did not mind doing it secretly, anyone who dared to delay his money was an enemy.

“You!”

The old man was furious, but for a while there was nothing he could do.

Just when he was discouraged and ready to go to the police station to report the incident, suddenly, a voice came from behind.

“This friend went to inspect the construction site in the morning, it seems that your construction site is open next to the bun shop!”

“Who? What man?”

The young man’s face sank at his words, what inspection of the construction site was all made up by him.

Chen Gui also heard it and turned around to see the person who spoke, his brow couldn’t help but frown slightly.

“Who are you?”

“Lin Ran!”

Lin Ran said indifferently, and Wang Yifeng followed suit, answering without asking himself at the sight.

“Wang Yifei!”

“What Lin Yifei, Wang Ran’s, if you don’t want to buy something, get out and don’t get in the way here!”

Chen Gui said disdainfully, things were easily set right, that old man looked to go, at this time is out to make trouble, this simply let him some crazy.

“If you buy this, I’m afraid you won’t really be able to leave!”

Lin Ran laughed lightly, and before Chen Gui could say anything, he once again looked at the youth and asked.

“Friend, tell me instead, which construction site were you inspecting this morning? This friend of mine happens to be the one who runs the construction site, so I didn’t say it had to be one!”

Lin Ran said and pointed to Wang Yifei beside him, the latter smiled a little bewildered, when did he become a construction site, he is a feng shui master, right!

“You ....”

The youth was momentarily speechless, he pressed to know the site, how to answer.

“O? Can’t say it? That’s strange!”

Lin Ran pretended to be puzzled, but his gaze was dead on the youth, causing him to panic and casually bag a construction site.

“No, I’ve never heard of it, I do know there’s a bun shop around here, there was a yellow-haired young man who failed to steal a mobile phone this morning and ended up running away, his body shape and appearance is quite similar to yours!”

Lin Ran looked at the youth and said.

The youth was now completely nonplussed, he looked at Lin Ran and said with a slightly trembling voice.

“You don’t have to talk nonsense .... You said you were a yellow-haired young man, I have black hair!”

The youth said and pointed to his own hair, yet what happened the next moment left him completely dumbfounded.

Just as he was speaking, Wang Yifeng had run behind him at some point and ripped off his fake head covering with one hand.

A head of bright yellow hair appeared before everyone's eyes as if by magic.

“Who! Who did this!”

The youth looked around in a hurry and was furious when he saw the headgear in Wang Yifeng's hands.

“You're not honest, it seems you and Chen Gui are really in cahoots, you're not the one he invited to drag you here!”

Wang Yifeng sneered.

Lin Ran then added beside him.

“It seems to be, the key this TO acting skills can not ah, change a head cover and come, this morning when the fall left the injury, did not even deal with!”

“You ...”

The yellow-haired young man hurriedly covered the wound on his face, he had fallen after being chased by Lin Ran in the morning, and seeing that the shop opening was about to start, he came straight over, where would he have expected to run into Lin Ran here.

“It's really a TO!”

“That's right, I said how can it be true that jade shattering keeps you safe, it's just a trust!”

“I feel like it too!”

The people gathered around, one by one, murmured.

Seeing this, the old man flashed an excited smile at Lin Ran and Wang Yifeng, then looked at Chen Gui and spoke.

“Boss Chen, what else do you have to say now, if you don’t pay up, just wait until you are investigated!”

## Wonder Doctor Read Online Chapter 138

Chen Gui’s face was icy cold as he stared at the three Lin Ran without saying a word, not knowing what he was calculating in his mind.

“Boss Chen?”

Seeing that Chen Gui was not speaking, the old man opened his mouth and urged.

“I advise you to leave now, or else an old man’s bones might not be able to stand the tossing and turning later!”

Chen Gui’s face was icy cold and his voice was a little hoarse.

“You! What else do you want! In broad daylight, don’t you dare to hit my old man!”

The old man’s mouth was tough, but his heart was a little scared, at his age, he was the most life conscious, if he lost his life because of a jade stone, that was something he definitely did not want to see.

As he was thinking, on one side Lin Ran and Wang Yifeng were coming over.

“Mr. Chen, what, still engaging in this threat routine?”

Lin Ran laughed lightly.

“That’s right, in broad daylight, you can still turn into a ghost!”

Wang Yifeng said disdainfully, as a feng shui master who dealt with ghosts every day, he had pride that belonged to him.

“What, you like ghosts a lot!”

Chen Gui suddenly changed his face and looked at Wang Yifeng with a teasing look.

“Pretty much, but I sure don’t like ghosts like you, too much of a no-good thing!”

Wang Yifeng said, he was taking Chen Shui’er to heart, and as soon as those words left his mouth, Chen Gui’s face suddenly changed!

“What are you talking about? Say it again!”

“I said that you are not something!”

Wang Yifeng was not the least bit timid and said once again.

“Good! Very good!”

Chen Gui’s face was icy cold as he stared at Wang Yiming as if he wanted to kill.

“I’ll see if you can still be so tough later!”

Chen Gui said, raising his hand and slapping it twice, and then footsteps came running in from the door, at first glance there were more than a dozen of them, all fat and round, obviously they had been fed well during the day.

“Get out if you don’t want to die!”

Even the old man was so frightened that he did not dare to ask for the jade pendant and ran out after the crowd.

“Drag the old thing back to me!”

Chen Gui shouted in a cold and stern voice, and immediately some of his men grabbed the old man back and threw him next to the two Lin Ran.

A few punks blocked the doorway so that the onlookers outside could not see what was going on inside, Chen Gui’s expression only slightly eased a little at this point and he looked at Lin Ran’s three men and sneered.

“There is a way to heaven but you don’t want to go, there is no door to hell but you come to barge in, since this is the case, I will play with you today!”

As Chen Gui said these words, a little brother had already brought a chair next to him, and he directly did so.

“Pop!”

Lighting a cigarette, Chen Gui took a sharp puff before looking at Lin Ran’s three dyes, finally his gaze landed on Lin Ran and he sneered.

“Like to stand out strongly, do you? Old me will start with you today!”

With that, Chen Gui raised his hand and immediately three of his men stood out, all holding steel baseball bats in their hands, looking at Lin Jean that with a cold smile on his face and said.

“Kid, you choose between your hands and your feet!”

Chen Gui said disdainfully, as if Lin Ran’s fate was already in his hands at this point.

“I won’t choose either!”

Lin Ran’s expression was bland, as if the matter had nothing to do with him.

“Then I’ll choose for you, don’t even ask for your hands and feet!”

Chen Gui’s face turned cold as he scolded the men beside him.

“Do it!”

“Haha!”

A few of his men laughed at his words, and each of them walked towards Lin Ran like wolves of fortune, according to past practice, whenever General Chen wanted to break someone’s arm or leg, the person who won each time had a large reward, and this time was naturally no exception, they were all thinking about this money at this time.

“Old Third, it’s my turn this time!”

Among the three, the fattest one spoke up.

“Brother, if it’s such a good job, don’t steal it from your brothers!”

The youngest one said.

“I think it’s better to let Big Brother do it this time, he’s already given it to us twice!”

The other one said.

Lin Ran looked at the three of them and laughed helplessly.

“Still fucking laughing, if you three are being silly, I’ll break your legs first!”

Chen Gui looked annoyed and opened his mouth to scold.

“Yes! It’s the boss!”

The three men were startled at his words, not daring to talk any more nonsense and hurriedly rushed towards Lin Ran.

Lin Ran smiled helplessly and spun out.

“Young man, I’m sorry to have dragged you into this!”

The old man also stood up at this moment and looked at Lin Ran, his face full of guilt, if he hadn’t come over to look for Chen Gui, the two of them wouldn’t have been involved in this.

Lin Ran smiled and didn’t say anything more, even if the Boss didn’t come, they were still going to face off with Chen Gui today, the Boss’s appearance just fixed the battlefield in the jewellery shop.

As the two spoke, the three punks had already rushed over, one of them even copied the baseball bat in his hand and smashed it towards Lin Ran’s arm.

“Lin Ran be careful!”

Wang Yifeng was watching, and just as he spoke out, the baseball bat had already fallen.

But to everyone’s shock, the one who flew backwards in response to the sound was the punk wielding the baseball bat, and the only thing that could be heard was a “click”, a clear sound of bones breaking, followed by his fat body smashing into the back of the The crowd.

“Home run my ass!”

Wang Yifei exclaimed, and Lin Ran looked over and noticed that the fat man was so fat that he had smashed Chen Gui, who was watching from behind on a chair, right in the middle of the crowd.

“General Chen!”

“Mr. Chen!”

The gangsters next to him, hurriedly went forward and dragged Chen Gui out, and at a glance they were all shocked, Chen Gui’s face was covered with blood, and when they looked at it with fixed eyes, they had actually smashed out the nosebleed.

“Bastards! What are you two still standing around for! Why don’t you do it quickly!”

Chen Gui was furious and opened his mouth to scold, while running to his left side this time just in case.

“Yes!”

“It’s Mr. Chen!”

The remaining two gulped and hesitated for a moment, then still walked over towards Lin Ran.

Both of them were scared to death in their hearts at this moment, just now their companion, in the blink of an eye, had flown straight backwards, and they hadn’t even seen clearly what had happened.

But at this moment, Chen Gui was staring behind them, if they didn’t go, they were afraid that their fate would not be much lighter than that of their companion just now.

“Hey, here come two more ghosts to die!”

Lin Ran smiled helplessly, and then took a step.

With this step, the two punks were scared out of their wits and ran back towards the way they came, crying out.

They were scared out of their wits, so they didn’t notice that Lin Ran behind them hadn’t moved at all and had only bought a step.

But the two of them, like dead fathers, ran back to Chen Gui’s side in three or two steps, hugging him and bawling, so that Chen Gui’s face turned blue and he kicked the two of them out.

“Two losers!”

Chen Gui got up and cursed angrily, then turned around and shouted behind him.

“Whoever goes, remove his legs for me and I’ll give him 100,000!”

The words fell, but none of the people dared to move, they were not stupid, they had just seen that scene really well, the price of 100,000 yuan they really considered, after all, I am afraid that the hospital fees are more than this price.

Lin Ran looked amused and spoke.

“Mr. Chen, this dog of yours won’t work, it doesn’t bite!”

## Wonder Doctor Read Online Chapter 139

Chen Gui was so angry that his face turned blue, but he did not turn around.

Suddenly, he tapped his waist and a “jingle bell” sound came out, which sounded very crisp, as if it had some kind of magic power.

When the gangsters who had been standing at the back with their heads bowed heard the sound of the bell, they looked up as if they were new people, and their eyes became very confused.

“Go! Take off his legs for me!”

Chen Gui spoke again, and this time all the punks moved, except for the two blocking the doorway and Chen Gui, all the punks actually walked towards Lin Ran, even the punk who had just been kicked away by himself, at this moment, he also walked over with an expressionless face.

“Why do they seem to be bewitched!”

The Boss exclaimed, he too could see that something was wrong with these people.

“Boss man hide!”

Lin Ran spoke up and warned, while glancing at each other with Wang Yifeng, they came to both know exactly what was going on.

“Vertigo, how dare you fiddle with such a crude technique in front of your brother Wang, you’re just looking for death!”

As a non-famous feng shui master, he had seen too many of these techniques to be considered as a “bewitching” technique.

“How did you know that!”

Chen Gui’s face suddenly looked ugly. He had spent a great deal of money to get his hands on this Vertigo Song, and it was with the Vertigo Song that he was able to get such a large group of men, and everyone in his circle knew about his character, and no one was willing to follow him.

But with the Vertigo Song to control people’s hearts, he has no shortage of men.

“It seems that which one of your feng shui master friends is not good to you, such a crude technique to bewitch people’s hearts is simply what others have left to play with!”

Lin Ran sneered.

“Impossible! Don’t try to stir up relations between us!”

Chen Gui shouted coldly, he had the utmost respect for that master friend of his, so naturally he didn't believe what Lin Ran said.

“Haha, picking a fight? I'm not interested!”

Lin Ran said disdainfully.

Although Chen Gui did not believe it on his lips, his heart was already starting to drum a little, he was by nature suspicious, even his mistress by his side was not one he trusted absolutely, let alone a feng shui master who was only a partner.

“Cut the crap, let's clean up a few of you scumbags today!”

Chen Gui's face was icy cold as he opened his mouth to scold.

At this moment, a group of gangsters had already forced the three of them into a corner, even if the old man was not, he had already fainted from the shock of this battle, only Lin Ran and Wang Yifeng were still calm.

“Brother Ran, why don't I go?”

Chen Shui'er said anxiously at this.

Lin Ran, however, shook his head.

“No, he has a magic weapon on him, you might not even be able to reincarnate if you go!”

“Right, leave this to us!”

Wang Yifeng also spoke up to console.

“Who are you talking to!”

Chen Gui saw this and frowned slightly, the two had just spoken but he had heard them, he always felt a little strange, and uneasy.

“Hm?”

Chen Gui’s reaction made Lin Ran’s eyes light up.

As the saying goes, attacking the heart is the top, attacking the city is the bottom, these fighters of Chen Gui’s he didn’t even put in his eyes, but if he wanted to make Chen Gui regret, he indeed had to attack the heart.

“Chen Shui’er!”

Lin Ran looked at Chen Gui and spat out this name, and immediately the latter’s face changed, becoming incomparably bristling white, as if he had seen some terrifying existence.

“Want to know? I’ll tell you later!”

Lin Ran smiled mysteriously, and immediately, his entire person was like a fast arrow leaving the string, directly rushing into the crowd.

“And me!”

Seeing that there was going to be a fight, Wang Yifeng immediately followed suit and rushed up.

The scene immediately became a chaotic mess, with more than a dozen punks surrounding Lin Ran and Wang Yiming.

However, as time passed, after only a minute, the situation in the field changed drastically, only two of the dozen or so punks were still standing, while the others were all knocked to the ground.

Even Chen Gui, who was watching the battle from the side, was staring in disbelief. He knew that his hand of Vertigo was able to reduce the pain of his men to a certain extent, and that they were very resistant to blows, but at this moment, they were all falling to the ground, crying and wailing, what kind of pain could make them like this ?

“You... Who the hell are you guys!”

Chen Gui’s face was ugly, and his heart began to panic.

“The people looking for you to redress your grievances!”

Lin Ran looked at Chen Gui with an icy cold face, then took out the wooden box and said.

“Little Water, come out!”

The wooden box trembled for a moment, followed by Chen Shui’er’s figure appearing.

“You .... You!”

Chen Gui’s entire body was stunned as he looked at the illusory figure of Chen Shui’er in front of him, not uttering a single word for half a day.

“Surprised to see me, right!”

Chen Shui’er was quite calm at this point, looking at Chen Gui with an expressionless face.

“You are a wronged soul!”

Chen Gui’s face suddenly changed and he pointed at Chen Shui’er and said.

“Right! I am an unjust soul, but it is thanks to you!”

Chen Shui’er laughed bitterly, her daughter was forced to die by her own father, I am afraid that many people would not believe this when it was told.

“I didn’t force you, you were the one who didn’t know how to behave!”

Chen Gui hissed.

“Lift up? Is being the so-called master’s lover in your eyes a sign of elevation?”

Chen Shui’er’s face remained bland, at this point she had nothing left to hold on to.

“What’s wrong with following Master Yin, he’s a miracle man, he can help your father and my career!”

Chen Gui said, pointing at himself, his eyes full of resentment.

“Career! Can you make all the money in the world? Or, do you no longer have enough money to support your mistress!”

Chen Shui’er looked at the two mistresses who were already unconscious and unconscious at the side, with disgust in her eyes.

“What do you know!”

Chen Gui's face was ugly.

"Yes, what do I know, I don't know anything, I only know that the father who loved me, died after my mother left! You are just a stranger who raised me!"

Chen Shui'er shed her tears and looked at Chen Gui and said one last thing.

"I owe my life to you, and in my suicide, I have paid back all that I owe you, and from now on, you are you! I am me! You will get your comeuppance!"

With that, Chen Shui'er instantly dissipated.

"Don't go!"

Chen Gui's face was ugly, how could he be willing to leave a wronged soul in the world, and this wronged soul also had a problem with himself, even if it was his own daughter, he could not tolerate it.

No matter what, the three people in front of him could not be let go, or else the consequences would be unthinkable.

"You forced me to do this! You forced me!"

Chen Gui looked like a madman and pulled out a black jade pendant from his waist and immediately raised it into the air, crushing it with a bang.

At once, the shop was filled with a gale and a black wind swept through the shop, as if a thunderstorm was about to rain down.

"What is this?"

Lin Ran and Wang Yifeng looked at each other, both with surprise in their eyes, and exclaimed at the same time.

“This is a stern ghost!”

“This guy is annoyed!”

Lin Ran frowned and said.

“That’s right! I’ve never used it before, but today you’ll get a good taste of it!”

Chen Gui roared madly.

“What should we do?”

Wang Yifeng asked as he looked at Lin Ran.

Lin Ran was stunned and said.

“Isn’t ghost hunting your profession? And asking me what to do!”

## Wonder Doctor Read Online Chapter 140

“Right!”

Wang Yifeng drifted off, his brain was so dizzy from the fight just now that he had forgotten that he was a professional ghost hunter.

“Come on, move aside, let me do it!”

He was wearing a Tang suit, and when he posed, he really looked like a master ghost hunter.

“Come on, if you don’t do it, you’ll be coming over to pick you up!”

Lin Ran urged helplessly.

Wang Yifeng was a bit confused, but when he saw a female ghost with a cloaked head and a red dress floating in front of him, he couldn’t help but gag.

“I go, this is too ugly, not to mention soaking me, soaking feet and feet are not even happy!”

Wang Yifeng said speechlessly, that female ghost had distorted features, couldn’t even see a human form, compared to a stunning female ghost like Chen Shui’er, it was a world apart.

“Die!”

As he was speaking, the female ghost had already pounced, as if she understood Wang Yifeng’s words that she was too ugly, the female ghost pounced with extra ferocity.

“I go, so ugly temper and still so beaten, before life certainly can not marry!”

Wang Yifeng cursed, while a dodge hurriedly avoided it.

“Give me out!”

Standing firm, Wang Yifeng shouted sharply, and at once a peach wood sword flew out from his back and landed steadily in his hand.

“Hm?”

The female ghost was visibly stunned at the sight of the peach wood sword and hesitated a little.

“Haha, if you run into me, Wang Yifei, today, be prepared to go to reincarnation!”

Wang Yifei flicked his finger, and the peach wood sword suddenly turned out a “buzzing” sword chant, although it was a peach wood sword, the sword chant was unusually loud and clear.

“How’s that for handsome?”

Wang Yifeng looked back at Lin Ran and asked with a smile.

“Handsome, my ass, watch out!”

Lin Ran was speechless, at this time, this guy was still thinking about posing, he really didn’t know if he was stupid or nervous.

“Watch out for what? She dares to touch me?”

Wang Yifeng said disdainfully, the female ghost in front of him he didn’t even put in his eyes.

“Is that so? Hey!”

Lin Ran was speechless and closed his eyes at that moment.

“You ...”

Wang Yifeng was just about to ask what was wrong? Suddenly, he felt an eerie wind coming from behind him, and just as he wanted to turn

around, a cold sensation had slapped him on the back, which instantly sent him flying backwards straight away.

“Ai! I finally understand why you were fatally beaten by Shui’er that day!”

Lin Ran shook his head speechlessly, while Chen Shui’er couldn’t help but laugh and added.

“Indeed, he’s really stupid sometimes!”

“I ....”

Wang Yifeng was ash-faced and got up from the ground, seeing that the two of them still had time to be sarcastic, he couldn’t help but get angry.

“Hey, do you two have any sympathy left, I at least stood up for myself!”

“Alright, alright, you take her in, I’ll buy you dinner tonight!”

Lin Ran said helplessly.

“That’s what you said!”

Wang Yifeng said.

“Mmm.”

Lin Ran nodded his head.

Wang Yifeng immediately turned around and looked at the imposing female ghost behind him, disdainfully saying.

“Ugly bitch, let’s see how I’ll take you in today! Ah shucks! It’s to subdue you!”

“Just by you?”

The female ghost was disdainful.

“You’re still arrogant, watch out for me!”

Feeling that he was being underestimated, Wang Yifeng flung his peach wood sword across his hand, and he charged out after him.

However, just as he was about to reach the female ghost, the female ghost suddenly poked out her palm, which was as black as charcoal and extremely scary, and met the peach wood sword straight on.

“Bang!”

The two collided and a scene occurred that no one expected.

Only to see that her dry palm actually went straight through the peach wood sword and hit Wang Yifeng’s chest solidly, immediately Wang Yifeng’s whole body was thrown away, while a mouthful of blood followed and spurted out.

“How is this guy still?”

Even Chen Shui’er looked dumbfounded, Wang Yifeng was a professional feng shui master, and the result .....

“Help me up, I can still fight!”

Wang Yifeng fell heavily aside Lin Ran and others, raised his head and said.

“Still fight my ass, you are too much of a rookie in this level of business!”

Lin Ran couldn't help but say.

“This isn't my true level, I can still fight!”

Wang Yifeng said and was about to get up, but he didn't pay attention to his feet, he just got up and stepped on a steel ball stick, with a “bang”, he directly fell on the ground again.

“Hey!”

This time, even Chen Shui'er couldn't help but sigh.

Lin Ran shook his head helplessly and said.

“I'll do it!”

After saying that, without waiting for Wang Yifeng to reply, he rushed out with an arrow step.

“A replacement? Waste as usual!”

The female ghost's ugly face was filled with disdain when she saw Lin Ran rushing over.

“Right! It's all trash!”

Chen Gui at the back finally breathed a sigh of relief at this moment, before so many of his own men were actually not a match for the other party, this time, seeing the Liege's great power, he felt that the 100 million was really worth spending.

“Give me a good deal on this guy!”

When he saw Lin Ran, he became angry, and at this moment, he was smoking a cigarette and shouting at the back.

But the Liege didn't care about him at all, his eyes were staring at Lin Ran with disdain, and when the latter got close to him, he did the same thing and slapped out.

Lin Ran didn't avoid it in the slightest, which caused the female ghost to reveal a cold smile and disdainfully say.

“What a rash young man, get lost!”

As the words fell, the female ghost's palm had already touched Lin Ran's body, but to everyone's surprise, the female ghost's palm actually passed through Lin Ran's body, as if Lin Ran was also a ghost.

“How is this possible!”

Wang Yifei and Chen Gui both looked stunned, especially the latter, who only knew that ghosts were illusory, when had he ever seen a person actually be able to do the same.

“No!”

Wang Yifei was the first to notice over, he saw Lin Ran's figure shaking rapidly before it actually slowly dissipated.

“It's an imaginary shadow!”

Chen Gui quickly spotted the problem too, but it was too late.

Lin Ran suddenly appeared behind the female ghost and then slapped out with a palm.

“This kid is crazy, he doesn’t even have a magic weapon, how can he hurt the female ghost?”

Wang Yifeng looked a little anxious.

Chen Shui’er, however, suddenly spoke up and said.

“You’re the one who’s stupid!”

“Huh?”

Wang Yifeng was stunned and suddenly remembered the last time he was at his house, Lin Ran had also slapped Chen Shui’er out of the paper figure with one palm.

“Could this guy’s palm be a magic weapon? How is this possible?”

Wang Yifeng was shocked.

Lin Ran naturally didn’t know this, and at this moment, he slapped his palm on the female ghost’s back, only to hear a crunching sound, and the female ghost’s back instantly cracked.

“Ka ka ka!”

With a crisp cracking sound, a bang was heard and the female ghost turned into black dust and dispersed.

“How can this be!”

Chen Gui looked dumbfounded, his eyes filled with disbelief.

“My 100 million, you .... You actually killed my one hundred million with a single slap!”

Chen Gui’s eyes were bloodshot and he looked like he was crazy.

“One hundred million, it’s really a stupid amount of money.”

Lin Ran sneered, before looking at Chen Gui and asking.

“I’m afraid that in your heart, your own daughter is no match for this one female ghost!”

“You ....”

Chen Gui was dumbfounded, only then did he finally understand that the two Lin Ran were simply coming for himself, but he had already used up all of his tactics.

“Flop!”

Chen Gui knelt directly in front of the two Lin Ran, terrified.

“Please, let me go, I can give you half of my estate, I just beg you to let me go!”
