Chapter 17 Take Off Her Clothes

However, the next second, someone kicked the door open.

“Who?”

Alan was shocked and broke out in a cold sweat. He immediately looked at the door.

Then, he saw a man with a strong killing intent standing at the door.

When Melissa looked up and saw Harvey, she felt relieved and relaxed.

Her tears rolled down her cheeks and hurriedly said to Harvey, “Harvey! Help...”

She couldn’t even finish her sentence.

Melissa couldn’t support herself and totally lapsed into a

coma.

“Melissa!”

Harvey saw this and immediately called her name.

Alan’s face turned ashen and he asked in fear, “You... You’re her husband?”

“You can ask the death. He’ll tell you.

“Mr. Kamron.

“I wish he wouldn’t have a chance to see tomorrow’s morning. Do you understand me?”

Harvey said coldly. His killing intent threw everyone into a thrill.

Demarcus thought, “Da mn... It’s horrible. Harvey seems to be more terrified than before.”

Demarcus broke out in a cold sweat.

He immediately nodded and said, “Harvey, I got it. Don’t worry.”

“OK, then I’ll leave him to you.”

Harvey glared at Alan coldly and ignored his cry. Harvey carried Melissa in his arms and left hurriedly.

Alan almost wet himself in fear. Although he didn’t know Harvey, he knew Demarcus.

“Demarcus! Please give me a break! I... I just got the order and took the money to do

so. Please! Let me go.”

Alan knelt on the ground and begged for mercy.

“Let you go? You even dared to set up Harvey’s woman. You’re digging your own grave.

“Come on.

“Deal with him.”

Demarcus gave the order loudly with a killing intent.

At the same time, Harvey drove home fast.

Because he found that Melissa was drugged. He had to take her home and cure her.

Harvey drove so fast and even ran red lights. Finally, they got home.

He carried Melissa out of the car and sent her to her room

upstairs hurriedly.

Harvey put her on the bed. Then, he went back to his room and took his special medical tools.

When he went back to Melissa’s room, he found that her body turned red. She kept trying to take off her clothes. It seemed that she was influenced by the drug.

“Da mn! It’s an aphrodisiac. Da mn it. Owen is so contemptible. He even used aphrodisiac on Melissa.”

Harvey immediately recognized the drug.

This kind of aphrodisiac would make women crazy. Women would lose control and submit to desire.

If they wanted to handle this aphrodisiac, they had to sleep with men.

Normally, if a man could take advantage of a beautiful woman like Melissa, he would not hesitate.

But Harvey was not that kind of man.

He also admired beautiful girls, but he would not take advantage of them. He didn’t want to have sex with Melissa

in this case.

And he was skilled in medicine. He could treat her.

But now, the problem was that he had to take off Melissa’s clothes to help her and treat her.

If he didn't take off her clothes, he couldn't treat her.

"Da mn. Should I take off her clothes?"

"Forget it. Anyway, she's my woman. Only I can see her naked body. It's not a big deal.

"I have to do this to save her. Just do it!"

After hesitating for a while, to save her, Harvey decided to take off her clothes.

The next morning.

It was sunny outside.

Melissa was lying on the bed with just underwear.

The sunshine fell across the window and shone onto her eyes. Melissa's eyelids moved slightly and she woke up.

Although Harvey made efforts to treat her last night, the side effects of the aphrodisiac still made her have a

"I... Why am I at home?" Melissa opti

that she was lying in her bedroom.

What made her more shocked was that she was almost naked. And she saw Harvey lying next to her.

"Ah!"

Melissa screamed in fear and kicked Harvey out of bed.

"Ah..."

Harvey was sleeping and was suddenly kicked out of bed. He cried out in pain.

Then, he stood up gloomily and asked, "Melissa, what's wrong? You kick me out of bed as you wake up. You can't be so ruthless."

"Harvey, you hooligan! We're not a real couple. How can you do this to me? You satyr!"

Melissa thought Harvey had taken advantage of her, so she was furious.

"Wait! What did I do? Melissa, you can't talk nonsense. I saved you from that disgusting man, but you wronged me. How can you wrong me? You've gone too far."

Harvey explained that treating Melissa cost him too much energy. Thus, he just slept on Melissa's bed. And he slept soundly last night. He didn't do anything to Melissa.

"You're lying. If you didn't take advantage of me, why did you take off all of my clothes?"

Melissa was angry and questioned him. She was so angry that she couldn't keep calm.

"Come on! If I didn't take off your clothes, how can I treat you with the special tools?"

Harvey shrugged and said innocently.

Melissa was stunned and asked with doubt, "You know about the special treatment?"

"Of course! I've learned it for years. Do you think I know nothing?" Harvey said with disdain. Especially when he saw Melissa's doubtful gaze, he was upset.

He thought, "Why does she look at me like this? Is she doubting my medical skills?"

"Then why did you take off all of my clothes? Can't you just treat me across the clothes?" Melissa asked alertly.

Harvey replied, "If I don't take off your clothes, I have to try to do special treatment without opening my eyes."

Melissa clenched her fists and asked angrily, "Since you can treat me without opening your eyes, why did you take off my clothes?"

Slap.

Harvey patted his forehead and said with surprise, "Right! Why did I forget it?"

"Harvey, you hooligan! You didn't forget it. You did it on

purpose! From now on, you're not allowed to step into my bedroom. Otherwise, I won't let you go!"

Melissa threw a pillow toward him as she said this.

He could do the special treatment without opening his eyes, but he still took off her clothes. He must want to take advantage of her. Thinking of this, Melissa was furious. She thought Harvey did this on purpose.

"If it wasn't that I wanted to save you, I wouldn't step in your bedroom."

Harvey pursed his lips and turned around to leave.

"Da mn!"

Melissa was on the verge of tears because of anger. But after she calmed down, she knew that she might

misunderstand Harvey.

Although she was weak and powerless, she didn't feel pain. She should have misunderstood Harvey.

As Melissa thought that Harvey could do special treatment without opening his eyes, but he still took off her clothes, she was angry. "We must have been enemies in our previous life. Otherwise, why will I meet a shameless guy like him?"
