#### Chapter 2 The Female CEO

A disdainful sneer appeared in the corner of Harvey's mouth as he looked at the check in his hand.

When the army of invaders came to the border, he hadn't flinched. Handling a play boy like Owen was just a piece of cake to him!

Harvey laughed and said with a disapproving look on his face, "I did nothing wrong. Why should I run?"

"You hit Owen. His family will hunt you down!" Melissa said. Harvey's stubbornness made her frown.

"They'd better leave me alone, or they'd be sorry!" Harvey said indifferently after a sneer.

"Sorry? Where does his confidence come from? He's just a nobody!" Melissa thought contemptuously.

Then, she said coldly, "If you want to live, take the money and leave!"

"If you keep saying this, this talk is over. Goodbye!"

With that, Harvey turned to leave.

But before long, something occurred to him. He turned around and tossed the check back to Melissa. "I forgot to tell you. I'm no prostitute. And the amount of money is too little. Keep it yourself!"

Then, he blew the hair on his forehead, threw his head back, and left coolly.

"Damn! Does he know what deep trouble he's in?" Melissa twitched her lips as she thought that.

She was somewhat upset.

An hour later, Harvey went to work.

But he found that 320 dollars had been deducted from his salary.

He wanted an explanation.

So, he went to his boss' office.

A fat middle-aged man was reclining in a chair with his feet on a desk. Holding his phone, he was watching a live stream. From time to time, he'd give sordid smiles. His hair was parted in the middle with too much gel. His fleshy square face was dotted with scars and old pox marks, and his big nose was red.

"Boss, why were 320 dollars deducted from my pay?" Harvey asked angrily.

"Because there have been too many complaints about you lately. I was kind enough to deduct only 320 dollars... Huh, this bit ch's dance is too sluttty... I like it..." Rio Martin said impatiently while watching the video.

"Even though I was complained about, you shouldn't have

deducted so much from my pay." Harvey was vexed. Rio was well-known for being wicked. He loved to deduct money from his employees' salaries for various reasons.

Usually, there hadn't been so much, so Harvey hadn't said a word before. But this time, it was 320 dollars. He wouldn't endure it.

Mad, Rio slammed the desk.

He yelled, "Harvey, one more word and you'll be fired!" "Fire me? OK, but give me back my money first. Not a cent less!" Harvey had long been angry about Rio's exploitation.

"Harvey, ask around. I know a lot of big shots. As long as I want, they'll come and break your legs! You want your money? Huh! Do you have a death wish?" With powerful backers, Rio was very arrogant.

"It seems I'll have to use violence..."

Harvey meant to make a move. But just then, a cold voice came from outside the door.

"Rio, malicious withholding of payments is against the law. Don't you know?"

Huh?

Surprised, Rio turned around and saw a beautiful woman standing at the door. She wore a white blouse, a black slim-fit skirt, and black stockings, as dignified as a queen.

It was Melissa.

When she went back to her company, she ran a background check on Harvey and

employee of this express company.

She had come to talk to Harvey.

“What the hell? Does she want me to take responsibility?” Harvey thought.

He frowned slightly.

“Wow, how enchanting. Baby, what do you want to see me for?” Rio almost drooled as he leered at Melissa.

“Withdraw your disgusting gaze, or I’ll make you pay!” Melissa warned coldly.

“Oh? You have a temper. Great! Aloof women like you are my favorite type! Be my mistress. Name a price. How much do you want?” Rio snorted and said offensively.

“You’ll know the price for offending me!”

With a frosty look, Melissa took out her phone and called one of her subordinates.

The call was answered quickly.

“Ms. Patel, what can I do for you?” her subordinate asked respectfully

“How long do you need to make an express company bankrupt?”

“30 minutes!”

“That’s too long! I want Rio’s company bankrupt within ten minutes!”

Then, Melissa hung up.

“Hottie, you want my company bankrupt? Who do you think you are? Huh!” Rio mocked disdainfully.

Soon, he got a call from the regional manager.

“Hello, Mr. Webb... What? A-are you serious? M- My company is bankrupt? You want to end our cooperation?”

Rio’s face went pale with fright. He slumped onto the floor.

He had worked hard for many years for this company. And now, it was bankrupt within minutes. It was unthinkable.

Astonishment was written all over his face. He stared at Melissa and asked nervously, "Wh-who are you?"

Melissa said icily, "I'm Melissa Patel from Beauty Skincare!"

"What? You're... Melissa Patel, the daughter of the Patel family?"

Rio couldn't help exclaiming.

The Patel family was a large, influential family in Riverport. Melissa was the CEO of Beauty Skincare, a famous brand.

Rio was rueful. How could he offend such a powerful female big shot?

He apologized immediately and pleaded, "Ms. Patel, please don't be mad. It's a misunderstanding..."

"Save it! Pay him at once!"

Melissa interrupted him in a cold tone.

Then, she turned to Harvey and said, "Come with me!"

"Where to?"

Harvey was confused. Yes, he had been drunk the night before and lost control. But Melissa kissed him first.

How could he help it? The sex was consensual. Shouldn't they forget about it and lead each other's lives afterward? Why did she want him to take responsibility now?
