In Love with a Wealthy Stunner by Callie Chapter 33

Chapter 33 Fool Around

Near midnight, Harvey left the lively bar and then returned to the villa.

When he returned home, to his surprise, Candice was actually still up.

Tonight's Candice was wearing a super-short nightgown, revealing her fair, long legs, which were as pretty as models'.

She was lying on the sofa with her legs crossed and a mask on her face while watching a TV drama.

She moved her long legs from time to time, which would easily expose her private parts.

Harvey thought, "She's dressed like this late at night. Is she trying to seduce someone?"

Although Harvey complained in his heart, his eyes were fixed on Candice's long legs.

"Rascal! Have you seen enough? You've been staring at my thighs from the moment you entered the door. What do you want?" Candice hurriedly put her legs together and sat up, staring at Harvey warily.

"How can I have enough of such beautiful legs?" Harvey chuckled. Seeing that his wife wasn't there, he flirted with Candice.

"Behave yourself, or I'll make you blind." Candice reached out two fingers.

"Candy, if you make me blind, who will admire your beautiful legs in the future?" Harvey smiled mischievously and raised his eyebrows.

"It's disgusting. You gave me goosebumps..." Candice shivered, obviously disgusted.

At that moment, she seemed to have smelled something. She came closer and sniffed on Harvey.

"What are you doing? Are you a dog?"

At this time, Candice smelled cigarette smoke and women's perfume on Harvey.

She was so angry that she put her hands on her hip and questioned, "Harvey, tell me the truth. Why do you smell of woman's perfume? You fooled around behind Melissa's back, right? You womanizer!"

"Candice, a man as handsome as me is always surrounded by beautiful women. It's normal for me to smell of women's perfume, okay?"

Harvey spread his hands and thought that this smell must have been left when he had

just drunk at the bar.

“I’ve never seen anyone as shameless as you... You call yourself handsome? I want to find a trash can and throw up...” Candice said with a face full of disgust.

“Anyway, you can’t envy my handsomeness!”

Harvey spread his hands and ignored Candice.

Then, he turned around and prepared to go back to his room for a shower and sleep.

Suddenly, Candice called out to him, “Wait, stand still!”

“What’s wrong again?”

“Harvey, which girl left the lipstick on your collar? You bast a r d. You really fooled around behind Melissa’s back. I won’t allow you to hurt Melissa.”

Seeing a red lip print on Harvey’s collar, Candice cursed in anger.

“Lipstick?”

Harvey was stunned and then looked down. He saw that there really was a clear lip print on his white collar.

He thought, “Dam n it. The beautiful woman sent by Demarcus was so passionate that she left a lip print on me.”

“Harvey, you heartless thing. You were so lucky to marry such a beauty like Melissa, but you actually don’t know how to cherish her, and you’re playing the field behind her back. I will tell Melissa... Melissa, come downstairs!” Candice shouted.

All along, Candice felt that Harvey was not worthy of Melissa at all. She thought that a woman as outstanding as Melissa shouldn’t have married a rascal like Harvey.

So, she was determined to break up Harvey and Melissa so that Melissa could find a better man.

How could Candice let go of such a rare opportunity?

Her shouting startled Melissa upstairs.

Soon, Melissa came downstairs.

She was wearing a thin robe, nearly translucent. It set off her curvy figure, adding charm to her.

Harvey thought, “My wife’s figure is as good as supermodels”!

Harvey’s eyes were gazing at Melissa’s body.

“Rascal, what are you looking at? You are about to drool! Don’t look at Melissa.”

Candice hurriedly opened her arms to block Harvey’s view.

“Candice, you’re too nosy. I’m looking at my wife. It’s none of your business.” Harvey’s

face darkened. He felt upset being targeted by Candice like that.

Candice thought, "What? You rascal, you are finished, and you still dare to talk tough."

Candice was furious. She hurriedly pulled Melissa and pointed at Harvey, saying,

"Melissa, you're just in time. Look at the lipstick on Harvey's collar. And he smells of women's perfume. He must have fooled around outside behind your back tonight. Hurry to divorce him. Don't waste your youth on this kind of scum."

At this time, Melissa also noticed the lip print on Harvey's collar.

She frowned slightly, more or less displeased.

However, she had discussed this with Harvey beforehand.

The two faked a marriage, so they would not interfere in each other's lives.

Harvey had the right to fool around with other women.

However, Melissa didn't betray Harvey, but Harvey cheated on her.

Melissa was a bit unhappy about this.

With a cold expression, she explained lightly, "Candice, Harvey is a man. He needs to socialize. It's normal for him to have these things on his body. That was just an act. You don't need to make a big fuss about it."

"Wait! My goodness! Honey, are you crazy? Your man picked up girls outside, and you don't even care?"

At that moment, Candice's eyes widened in disbelief, and she even covered her mouth.

She realized that Melissa was not joking.

Candice couldn't understand her.

"Candice, did you hear that? Even Melissa doesn't have a problem with it, so you, an outsider, should shut up," Harvey smiled with a smug look.

"Harvey, speak properly," Melissa coldly reminded him.

Harvey spread his hands and said with an innocent face, "Darling, I'm just telling the truth."

"Harvey, you're being unreasonable, okay?"

"Anyway, you're not qualified to interfere."

"You..."

Watching the two argue, Melissa was vexed.

She said coldly, "Now, it's getting late. Stop arguing and go to rest..."

After saying that, she turned around and headed upstairs.

"Good night, Candice... I hope you will have a good dream tonight." Harvey deliberately

raised an eyebrow at Candice to anger her.

“You...”

Candice was too pissed off to say anything, stomping her feet anxiously.

At that moment, Harvey smiled smugly and then tried to follow Melissa back to the room.

Suddenly, Melissa turned around and asked coldly, “Where do you want to go?”

“Our room. I’m going to take a shower and sleep.”

“You smell of cigarette smoke. I don’t like it. Sleep in the living room tonight.”

After saying that, Melissa didn’t pay any more attention to Harvey.

She went straight back to her room.

Soon, the door was slammed shut.

Harvey thought, “Is she angry? That’s strange. We agreed not to interfere in each other’s lives, didn’t we? How come she lost her temper?”

Harvey was a bit puzzled.

But after he regained his senses, he shouted, “Darling, there is no place to take a shower on the first floor.”

Melissa’s icy voice came from the room. “You can take a shower in the garden.”

“The garden? Shi t! I don’t want to be naked in public,” Harvey complained with a gloomy face.

At that moment, when Candice saw that Harvey was frustrated, she was no longer depressed.

“Womanizer, serves you right!”

Candice laughed.

Candice returned to the room with a gleeful look.

Seeing this, Harvey was so annoyed.

He scratched his head.

Harvey sighed, “Sh i t! These two women are bullying me together.”

He wondered if he should take a shower outside tonight. What if the neighbors complain?
