Chapter 34 Gallantry Is No Good Thing

Perhaps due to the bad sleep quality on the sofa last night, Harvey couldn't help dozing off at work. He looked listless.

Candice happened to check on the employees when Harvey slacked off.

Beauty Skincare was always strict in managing its employees.

Everyone else was working hard. In contrast, Harvey dared to doze off at work because he was Melissa's husband.

Candice walked up angrily and slapped the table hard.

"Bang!"

The sound woke Harvey up on the spot.

"What's going on? Earth... Earthquake?" Harvey was in a daze. He hadn't come to his senses yet.

"Earthquake? Harvey, you slack off during work hours. I will deduct your bonus for this month."

Candice picked up a pen and wrote down Harvey's behavior in her notebook.

She thought that Harvey would beg for her mercy, but to her surprise, Harvey continued to doze off and ignored her.

Harvey even deliberately annoyed her. "Whatever! Anyway, I don't care about that bonus!"

"If you continue this, I will complain to Ms. Patel!"

Condien ua chout to losa har tamnor How could a security guard have such an arrogant attitude? If he didn't have Melissa to back him up, would he dare to be so presumptuous?

"Hurry up. Don't disturb my sleep..."

Harvey looked impatient and even yawned.

This was so humiliating.

"You... You bas t a r d!"

Candice stomped her feet in anger and simply left.

She returned to her office angrily.

A beautiful manager like her was bullied by a security guard. How could Candice endure her anger?

But Harvey was shameless. He didn't care about his salary at all. Deducting his bonus wouldn't hurt him at all.

"That bastard is too presumptuous. He doesn't take me seriously at all, I must find a way to teach him a lesson..."

Candice was so angry that she kept thinking about how to win back in front of Harvey. Suddenly, a good idea flashed through her mind.

Her eyes immediately lit up.

"Right! That would work!"

She couldn't help pursing her lips and giggling. She had a sly look as if satisfied with her brilliant plan.

A16 pm

Harvey changed his clothes and was about to get off work when someone from behind stopped him.

"Harvey! Wait!"

At this time, a woman shouted,

Candice? Was she about to find faults with him again?

Harvey frowned. He acted as if he didn't hear it. He couldn't help speeding up his steps.

"Oh! Are you running away? Stop!"

Seeing this, Candice ran up and grabbed Harvey's hand with one hand.

"Harvey, the more I call your name, the faster you run. What do you mean?" Candice complained on the spot.

"Eh? Ms. Ferrell! What a coincidence! Did you call me just now? I'm sorry! I didn't hear you!"

Harvey pretended to be surprised. It was a shame that he didn't become an actor,

Candice was stunned. She wondered how Harvey could be so shameless.

To achieve her plan tonight, she had to hold her temper.

She deliberately wore a sweet smile and said cutely, "Harvey."

Harvey?

Harvey freaked out when he heard Candice call his name in such a

“Ms. Ferrell, you’d better be harsh on me. I’m afraid I’ll have nightmares hearing your sweet voice...”

Candice was so angry that she wanted to kick Harvey off. But for tonight’s plan, she decided to hold down her anger.

Candice took a few deep breaths. She adjusted her mood and then said, “Harvey, I thought about it, and I feel that I am always finding faults with you. It is indeed my problem. I want to invite you to dinner to express my apology. I wonder if you can say yes.”

Did Candice say she would invite Harvey to dinner? If so, pigs might fly
Harvey was stunned. He knew there was no free lunch in this world.

Candice hated him to the guts. How could she be so kind and treat him to dinner?
Gallantry was no good thing.

Candice looked so kind and sincere. Harvey didn’t believe there was no
trap.

Determined to figure out what Candice was up to, Harvey decided to do it her way.
Harvey pretended to be extremely embarrassed. He said in a somewhat melancholy
tone, “Ms. Ferrell, you know that a man with a status like me won’t easily have meals
with others, but you’re so sincere. I will say yes this time... Bear in mind this is the first
time and the last time I make an exception for you.”

“You!”

Candice wanted to leave when she saw Harvey’s arrogant face.
But she held down her anger for tonight’s plan.

She tried her best.

She really did.

It was true.

Soon, they came to a restaurant for dinner.

Candice ordered a private room to treat Harvey to dinner.

Seeing the elegantly decorated private room, Harvey looked satisfied. He nodded like a
leader inspecting work and said, “Good! Very good! Candice! I see now you truly want
to apologize to me. That’s very brave of you.”

Candice? The bastard was taking advantage of her again. If it weren’t for the plan,

she would have kicked Harvey off.

Candice tried her best to control her emotions, but the fist hidden behind her back was trembling slightly. She was going to get angry at any time.

She forced a smile but looked very aggrieved. "Harvey! It was my bad. I owe you this."

"Well, Candice, I truly admire you on this point. I will praise you in front of Melissa and ask her to increase your salary and promote you," Harvey said as if he was Candice's leader.

"Thank you... Thank you, Harvey! Thank you!" Candice said. The corners of her lips were trembling with anger.

"Harvey, you're just a security guard. But you talked like a company leader.

You won't be arrogant for long as long as my plan works out.

Tonight, you'll be doomed."

Candice thought in her heart.
