Chapter 35 Set a Trap for Him

After a little chat, Candice began ordering food.

To let Harvey lose his guard, Candice handed the menu to Harvey and smiled, "Harvey, order whatever you like."

"I'd better let you do it. I'm afraid I'll accidentally order expensive dishes." Harvey shook his head and handed the menu back to Candice. He was kind of playing hard to get.

"Don't worry. I have enough money to afford the dishes you enjoy." Candice shook her head and acted generously.

"Is that so? Then I won't be polite." Harvey pursed his lips and wore an unfathomable smile.

He asked the waiter to come in and began ordering the dishes.

"This one. And this one. Also this..."

Harvey held the menu and kept pointing at dishes on it.

Candice pretended to focus on her tea. She secretly glanced at the dishes Harvey ordered.

She asked Harvey to get whatever he liked, but she was still worried. If Harvey paid no attention to the price, it might cost a fortune.

Fortunately, Harvey just ordered the cheapest dishes.

Harvey thought in her heart, "Bas t a r d, at least you have some conscience by not ordering the expensive dishes."

Candice had been just happy for a while before Harvey said to the waiter, "We won't take the dishes I just said. Please serve the rest of the dishes on the menu."

"What?"

Candice called out in panic.

Harvey mentioned those cheap dishes only to exclude them. The rest would be extremely expensive.

She thought, "Harvey, how despicable you are!"

Candice was furious in her heart. But she didn't dare to show it.

“Candice, what’s up? Are those dishes too expensive? I’ve said you should order.”

Harvey pretended to be annoyed

Normally, Candice would immediately leave. But tonight, her main goal was to teach Harvey a lesson. She had to let Harvey loosen his guard.

She had to admit that she was unlucky.

“No... It’s okay! Don’t worry.” Candice forced a smile, feeling pain in her heart.

She felt sorry for her wallet.

“I’m glad you said that. I was afraid that they might be too expensive for you.” Harvey patted his chest deliberately, pretending to be frightened.

“Never mind.”

Candice said embarrassedly with trembling lips. She cursed Harvey in her heart.

They ordered many delicious dishes but no wine.

Candice’s plan tonight needed wine.

Otherwise, she would have no chance.

Candice deliberately asked, “Harvey, would you like some wine?”

“No! I’m afraid...”

“What are you afraid of?”

Candice asked nervously.

“I’m afraid when I get drunk, you’ll do something to me, like sleeping with me,” Harvey said as if he meant it.

Do something to him? Bas t a r d! Harvey was indeed shameless. Candice didn’t like him at all.

Candice almost lost her temper. But she endured her anger for tonight’s plan.

She hurriedly shook her head and explained, “Harvey, you’ve thought too much. I... I’m not that kind of person.”

“Really?”

“I swear!”

“Since you have sworn, let’s have some wine... Excuse me! I’d like to have a bottle of Lafite 1982.”

Harvey cracked a smile.

“Lafite 1982? Bas t a r d! He is so cruel. Did he have any idea how much

it cost?" Candice thought.

She almost broke down.

But she didn't want to ruin her plan.

Candice would do anything to achieve her goal.

"Harvey, a bottle of Lafite 1982? I'll go get one for you," Candice said.

"You're the customers here. Let the waiter do this kind of service."

"It's okay. I don't have anything else to do."

Candice hurriedly stood up and went to get the wine.

Seeing Candice being so proactive, Harvey sneered.

"Looks like the wine is tonight's priority."

Harvey muttered to himself. He sneered more.

Candice ordered a bottle of Lafite 1982, which she secretly took into the bathroom.

She carefully took out a bag of white powder from her pocket. She carefully poured it into the red wine and shook it lightly to make sure that there was nothing abnormal about it. She wore a sly sneer.

"Harvey, you'll suffer tonight. After tonight, you're at my disposal."

Candice looked as if her plan had worked out. As long as Harvey took the wine, she would get what she wanted.

Not long after, Candice came back to the private room with a bottle of wine.

"Harvey, here you go. Let me fill a glass for you."

Candice smiled and filled a glass of wine for Harvey.

But she didn't fill her glass.

"Candice, don't you drink?" Harvey asked teasingly.

"Well... Didn't you say you were worried that I did something bad to you after drinking?"

That won't happen if I don't drink. Enjoy your drinking tonight. There's more.

"Harvey, cheers! I'll drink tea instead.

"After the glass, the grudge between us will be erased."

Candice raised the glass and persuaded Harvey to drink.

The sudden kindness was quite abnormal and suspicious.

Candice was too enthusiastic this time, and she didn't drink the wine herself. No one would believe there was no problem with the wine.

But Harvey wasn't worried at all. He clinked his glass against Candice's.

"I appreciate your frankness. Cheers!"

"Cheers."

They made a toast. Harvey raised his head and drank the wine.

As soon as the wine entered his mouth, Harvey discovered that it was drugged.

Well, the stimulant drug? Harvey didn't expect Candice to be so ruthless and drug him with this kind of medicine.

A slight sneer appeared at the corner of Harvey's lips. But he didn't fear.

He had excellent medical skills, and his body wouldn't be affected by any drugs.

The stimulant drug wouldn't work on Harvey.

He drank the wine with ease.

He slurped his wine.

He drank the wine bottom down.

Candice watched him quietly.

She saw Harvey drinking the wine, and she smiled weirdly.

She thought, "Harvey, you've fallen into my trap this time. You'll be at my disposal."

Candice chuckled to herself. She almost laughed.

She felt that tonight's plan would be successful for sure
