

## Weaponsmith 1041

### Chapter 1041: The unfulfilled promise (1)

That scene was just too familiar and too realistic, like in the past.....

In the past, Mythical Flame Palace which Huang Yueli was at, the cherry blossom trees on the most northern area bloomed during every Spring and was filled with fragrance, beautiful beyond words.

In countless of her memories, Mu Chengying arranged to meet her there.

When she reached there, she would always see Mu Chengying's aloof and prestigious figure, waiting patiently for her there.

When Mu Chengying heard her footsteps, he slowly turned around and that pair of charming and alluring cherry blossomed eyes turned shiny as his gaze congealed on her.

Huang Yueli felt dazed, that pair of eyes.... Was still so enchanting and bewitching, which made her think of someone else.....

When Mu Chengying saw her, his gaze instantly softened and the sternness beneath his eyes immediately disappeared.

"Li'er..."

A familiar voice rang by the side of her ear and Huang Yueli simply wanted to cry. She wanted to shout out loudly but her throat seemed to be choked. No matter how hard she tried, she wasn't able to make a single sound.....

"Mu Chengying, why have you come?" She heard her own voice, in an indifferent tone.

Mu Chengying seemed slightly disappointed as he said, "I'm here to see you, can you show me a more surprised look?"

Huang Yueli looked rather impatient as she continued, "How do you want me to appear surprised? Don't you know that the reason why I'm here is because of the restoration of the Sky Phoenix Ring and I have been in closed door seclusion to refine the armaments? It's because you're here which is why I came to meet you. If it's anyone else, I won't even bother to come out of my closed door seclusion!"

When Mu Chengying heard what she said, he smiled and said, "Alright, alright, I said the wrong things. It's my top honour for Li'er to be willing to meet me. Come, take a seat over here. You haven't been resting and eating properly because of armament refining right? Look, your dark eye rings have appeared."

"So what about that, armament refining is the most important matter. What matter do you have, quickly spill it out! The fire in my armament furnace has not been extinguished yet!"

Although Huang Yueli seemed impatient in her words, but when Mu Chengying stretched out his hand and held her wrists, not only did she not reject him, she even allowed him to lead her to sit by his side.

Mu Chengying said, "Alright, be obedient, I have an important matter to tell you."

"What?" Huang Yueli's eyes suddenly grew wide.

Mu Chengying suddenly paused before continuing, "You should know that my cultivation had been stuck at the peak of ninth stage realm for several years now and although my Profound Energy had always been rising these past few years, but I'm unable to breakthrough...."

Huang Yueli said, "There's a legend that above the ninth stage realm peak is the tenth stage God Realm but due the change that happened seventy thousand years ago, there is no way to ascend to the God Realm.... You're the only top practitioner in the entire Soaring Heavens Continent in the past seventy thousand years with the highest innate talent, so the possibility for you to become a tenth stage realm practitioner is the highest...."

Mu Chengying nodded and continued, "In fact recently, I could feel that my own Profound Energy seemed to be breaking through the last bottleneck and perhaps, I might be able to take this last step very soon...."

"What? Really?" Huang Yueli's face revealed a surprised expression, "That's great! If you really are able to do it, then it would mean that tenth stage realm is not just a legend and it's possible to reach it!"

"Really? You feel very happy over this?" Mu Chengying inquired.

"Naturally, we've been best friends for the longest time! For this advancement, you'd been diving into your cultivation for so many years and you've finally arrived at this step, so how could I possibly not feel happy for you?" Huang Yueli replied in a matter-of-fact manner.

#### **Chapter 1042: The unfulfilled promise (2)**

Looking at Huang Yueli's peerlessly beautiful face, the sweet smile that hung on her face, Mu Chengying almost went into a daze from being enchanted but immediately recalling his senses, his expression became complicated.

"But do you know that once I breakthrough to the tenth stage realm, there is a possibility that...."

"Possibility that what?" Huang Yueli blinked her large innocent eyes as she gazed into his eyes.

Mu Chengying wanted to say something but stopped. Several times when the words came to his lips, but he wasn't able to say anything out.

"Nothing, right, my purpose in this trip is to tell you that I plan to go into closed door cultivation three days later and I'm afraid that it would be a long time before I can see you again...." He chose to switch topics.

"An? Really?" Huang Yueli went into a momentarily blank as she didn't realise the obvious disappointment on her face.

From her expression, Mu Chengying was secretly feeling happy inside and he spoke again, "When I'm not around, you must take good care of yourself. Don't forget to eat or sleep just for the sake of refining

armaments and don't get into a tussle with anyone accidentally. The most important thing is.... You're not allowed to get close to any other man, do you understand?"

As Haung Yueli listened on, her rage immediately flared up.

"Hey, what do you mean? Aren't you spreading your concern a little too wide? You're not even my father! And not my Master!"

"But I'm your man..." Mu Chengying chortled as he came closer to her.

With each step he advanced, Huang Yueli took a step backward.

Suddenly Huang Yueli felt her feet stopping. There was no more route to back off as her back closed in against a cherry blossom tree.

"You... what are you doing? And.... who... who is my man? Stop plastering gold on your own face alright?"

Mu Chengying gave a light laugh as he lowered his head and leaned towards her. That cold as ice, good looking face revealed a charming and bewitching smile, the killing power was tremendous.

Huang Yueli's heart pounded wildly, as she subconsciously shut her eyes, silently waiting.

For a moment, she thought Mu Chengying would kill her. However, she felt a tingling sensation on her forehead and subsequently that man retreated.

Huang Yueli vacantly opened her eyes and saw Mu Chengying holding on to a flower petal in his fingers.

She instantly was struck dumb, ah, he was only trying to get rid of the petal that had fallen onto her forehead..... and she had thought that.....

"Tsk ts, little fox, why do you look so dejected, could it be that you wished for me to kiss you? Say so earlier, I am extremely willing....."

".... Since when? You saw wrongly, saw wrongly! Why are you inching in, get lost!"

Huang Yueli pampereedly denied but Mu Chengying overbearingly held on to her lower jaw as he lowered his head and kissed her.

By the time the both of them separated, Huang Yueli's face had turned into a shade of red, panting heavily.

Mu Chengying saw her expression and almost couldn't keep it in. Their foreheads touched each other's and he said in a low voice, "Little fox, after I complete my closed door seclusion let's get married!"

"Who... who wants to marry you? You're thinking too much!" Huang Yueli bit her lips as she retorted with a blushing red face.

"It's been so many years, you should account for me right?"

"Account for what? You're a man!"

"So what if I'm a man? Does that mean you can take advantage of me and not be responsible for it?"

Huang Yueli was so angry that she wanted to bite him!

What was called taking advantage of him and eating his tofu? Who on earth was taking advantage of who?

He simply turned white into black, shameless!

Mu Chengying pinched her fuming face, "Alright, stop being so pampered."

### **Chapter 1043: The unfulfilled promise (3)**

"Who... who's acting pampered? I really don't want to marry... mmff—!!!"

Her lips were sealed once again.

After some time, Mu Chengying finally let her go and while she was gasping for air, he declared in a low voice, "I know you like me too and I won't give you a chance to reject me. So just wait obediently and be my bride! Wait for me, hmm?"

Being gazed at in deep concentration by that pair of alluring and bewitching peach blossom eyes, Huang Yueli felt that her brain had turned into glue, as she absurdly nodded her head.

Mu Chengying got so excited that he hugged her and carried her up, throwing her high up into the air.

"Hey, rouge, let me down!"

"Not letting go!"

Huang Yueli was speechless, did he needed to act like this? Wasn't he the callous and dignified number one top expert? Why had he became so childish to this degree? She started to regret, she shouldn't had nodded earlier.....

However, it was all too late. Would Mu Chengying gave her the chance to regret?

The two tangled together for a while more before Mu Chengying left the Mythical Flame Palace.

Huang Yueli's face flushed a deep shade of red, touching her lips which were kissed swollen by him, as she wasn't able to express the feeling in her heart.

She had originally thought that she devoted her lifetime to pursuing the way of cultivation and the peak of armament refining and would never be tied down by maternal affairs. So naturally marrying this kind of thing never came across her mind at all. But now, from how excited Mu Chengying behaved, she also felt that she was brimming with longing.....

Being together with him, should be much better than being alone by herself right.....

.....

Huang Yueli abruptly awoke from her dreams in shock and it was until she saw the colour of the sky before she discovered that it was already bright and sunny outside.

The position beside her was still empty.

Huang Yueli sat up, feeling that something was amiss. Touching her face, she felt some wet patches and realized that she had been tearing up in her dream.

That was something that had happened so long ago but in the dream, it seemed like it only happened yesterday....

Thinking of the countless times when Mu Chengying proposed to her in the past, but was rejected every single time by her. It was until the very last time that she reluctantly agreed, with a tinge of unwillingness in her heart. In the end, after that last meeting, the two of them were separated by heaven and earth forever...

Then, it was until Mu Chengying had departed when she suddenly remembered that she had forgotten to tell him that she was planning to go to the Northern Fields to search for the material to restore the Sky Phoenix Ring.

But Huang Yueli didn't really put too much thought into this. Because she wasn't there to create trouble and her whereabouts were well hidden, so she wasn't too worried that she'd meet with any trouble.

A high levelled Armament Master like her, if she didn't go looking for trouble, most people would not go and provoke her. Moreover she had the backing of Mu Chengying, the ultimate Demon King behind her?

Whoever knew that she still over-estimated human character.

Her whereabouts were sold out by Ling Qing Yu, and several Soaring Heavens Continent's Hidden Sacred Grounds actually jointly set a trap for her, just for a God Relic, ending her life in the Northern Ice Fields.....

That also popped she and Mu Chengying's illusory bubble of their marriage arrangement.....

"Bam bam bam! Bam bam bam!"

While Huang Yueli was still in the midst of reminiscing in her past, she suddenly heard loud banging from her door.

Furthermore, the person knocking sounded extremely urgent, knocking with a huge force, totally without any sense of propriety as expected from a guest.

Huang Yueli's brows creased slightly as she speedily wiped the tears from her face and walked to the door as she opened it.

She thought that the person would be Su Qingyue or maybe the people around Li Moying but in the end, the one standing at the door was a young lady whom she had never seen before.

That person looked around eighteen to nineteen, her beauty was exceptional, with a tall figure. On first impression, she was a beauty that was hard to come by.

**Chapter 1044: Who's the shameless one? (1)**

Moreover, she was wearing an embroidered white dress with gold outline which was woven out of Spiritual Snow Silk and just one piece was priceless. But seeing that her status was extraordinary, even... those rich Missy from those large families in Sky Cloud did not have such a luxury.

The beauty bore a face of arrogance as she raised her chin and impolitely sized up Huang Yueli from head to toe as the corners of her lips hung an obvious sneer.

Huang Yueli could tell instantly that this person came with ill intentions and couldn't help but frowned.

"Who are you? Don't you know that this place is the private quarters of core students and not anyone can just enter?"

The beauty sneered contemptuously, "You are Bai Ruoli?"

Huang Yueli responded, "That's right. And what advice do you have for me? If there are none, then please leave."

The beauty couldn't tolerate as she gave a cold humpf, "Yo, this is just so rare! A countryside lass having such an unfriendly tone. Did you think that after hugging onto Celestial Light Sect's Young Sect Master's leg, you'd turn into a phoenix? Have you even looked at yourself in the mirror to see what kind of quality you are!"

Huang Yueli's expression sunk. Looked like she didn't think wrongly, this beauty in front of her was here to create trouble.

Only, she was now a famous celebrity in Celestial Light Academy and the other party actually dared to create trouble for her, this was rather rare.

Furthermore, the other party knew that Li Moying was Celestial Light Sect's Young Sect Master, and even dared to drop by to create trouble for her.....

"This lady, please be respectful! What quality I am, I naturally know it clearly. As for you, running to other people's residence and shout abuses, this kind of behaviour, I'd think that you're some auntie from the market haggling over pricing! Your appearance looks so appalling, how could you even have the face to say that of others?"

Huang Yueli would never be at the losing end so her words she said were even more impolite.

This made the other party completely enraged as the beauty's exquisite facial expression contorted, "What did you say? You dare to call me an auntie from the market? Do you know who I am?"

"Of course I do."

The beauty's face revealed a sliver of delighted smile when she heard Huang Yueli continued speaking, "Aren't your some shrewd making an unreasonable scene? Anyone knows this so is there a need to specially highlight it?"

"You.... you dare.... you dare to say that of me??"

The green veins on the beauty's forehead were popping up as she used her finger to point at Huang Yueli, her fingers were shaking nonstop.

“I’m telling you, I’m Murong Fei, and I’m Li Moying’s official fiancée! You little slut, a slut who seduced other people’s fiancé and still dare to talk in that way to me? Whoever gave you the guts to do so? You’re simply shameless to the max!”

Hearing that, Huang Yueli really got stumped, “Who did you say you are?”

Murong Fei saw her surprised look and thought that she had suffered a serious blow as she started to feel slightly comfortable in her heart and found back some traces of superiority.

No matter how powerful this little slut’s mouth was, and no matter how hard a performance she put up, she was merely a countryside lass and had never seen the real world. She had definitely been scared stiff by a few words!

Thinking of this, Murong Fei continued again, “Why? Didn’t hear me properly? I’m Celestial Light Sect’s Sect Master’s Eldest Miss Murong Fei! Li Moying and I have been engaged since young!”

Huang Yueli finally regained her senses as she uncontrollably found it funny, “So you’re Celestial Light Sect’s Sect Master’s daughter.... Your status is indeed a pampered Young Miss so should I say I’ve heard of your good name? You say you’re Li Moying’s fiancée? Then who am I?”

#### **Chapter 1045: Who’s the shameless one? (2)**

Murong Fei thought that she was scared as she smiled more complacently.

“You..... actually we all understand don’t we? Men, occasionally their minds would flutter somewhere to find some excitement. Moreover, my Moying is an excellent man with ability, status and looks, so even if he didn’t have any intentions of derailing, there would surely be some shameless slut who automatically stick themselves over in order to attention his attention.”

“But, some people don’t look at their own status! They really thought that a man like Moying would really marry her as his wife? Hehe, simply daydreaming! He’s merely just fooling around and naturally he knows what’s important and what’s not in his heart. When he’s tired of it, then he will cast those wild flowers aside.”

Huang Yueli couldn’t help giggling, “Sounds reasonable. Miss Murong, you seem to understand men very well eh?”

Murong Fei said disapprovingly, “That’s of course. To tell the truth, lasses like you, I’ve seen plenty! The number of ladies who tries to get close to Moying is countless! Among them are numerous large Sect’s Missy or talented young ladies with exceptional innate talent but none of them could seduce him! You have some tricks up your sleeves, since you can shamelessly stick to him! Heavens knows what kind of shameless foxy tricks have you resorted to?”

Hearing her words getting nastier and nastier, Huang Yueli started to lose her patience.

She swept Murong Fei a glance and said icily, “Miss Murong, I think the shameless one is you! When has Li Moying ever admitted that you’re his fiancée? I’ve heard Mo Yi and the rest talked about it that there’s a Sect Master’s daughter whose skin is thicker than the city walls who keeps revolving around their Master, don’t tell me that person is you? I’d like to advise you that when you start weaving your

lies, please weave a better one. And one more thing, the look of you sticking to men is just too ugly! No matter what, you're still a Sect Master's daughter so please don't embarrass Celestial Light Sect!"

"You... what did you say about me? Who do you think you are?? How dare you talk to me like that??"

Murong Fei was criticised impolitely by her that she was so angry that she almost got burdened by the anger!

As Murong Sect Master's daughter, she had always been pampered and adding on to her shockingly eighth grade innate talent and exceptional looks, everyone were always fighting to get into her good books.

Only Li Moying treated her like air but after all he was someone whom she liked so she could tolerate with that!

But what kind of thing was this Bai Ruoli? A country bumpkin from the countryside, a shameless little slut who seduces man dares to go against her and berate her so directly!

Huang Yueli replied indifferently, "Why don't I dare to? You dare to do such a thing, would you be scared of other people talking about it?"

Murong Fei replied sternly, "You dare to be so outrageous! I'm warning you, Eldest Senior Brother is mine! Get the hell out of Celestial Light Academy right now and keep away from Eldest Senior Brother. If your performance is good, I can give you some spirit stones and let you continue your cultivation at some other academies! But if you obstinately persist in going about things the wrong way, and insist on hanging on to Eldest Senior Brother and not letting go, then don't blame me for not standing on ceremony!"

Murong Fei's voice was stern and even unleashed her sixth stage realm's pressure!

From what she saw, Huang Yueli was merely a young lass who had not seen the world and in front of herself, someone with her status and ability, to be coerced in such a way, she'd probably be scared stiff immediately and kneel down to beg for mercy.

However, Huang Yueli totally wasn't affected by her pressure and continued to show an indifferent expression.

### **Chapter 1046: Who's the shameless one? (3)**

"My apologies, Miss Murong. I'd also like to leave Li Moying further away but unfortunately he's the one who's sticking to me. I wanted to maintain a distance with him but he refused! Furthermore he had to go around saying he's my fiancé and until now the entire academy's students think in that way so no matter how much I explained, I am unable to clear this up."

"Impossible! You're lying!" Murong Fei's eyes widened in disbelief and shaking her head, "This is impossible, stop talking blindly! Eldest Senior Brother had always treated women with indifference so how could he possibly stick around you? Who do you think you are? There are so many young Missy and peerless talents and Eldest Senior Brother didn't even take a look at them! If it wasn't for the fact that

you're so shameless, using those lowly alluring methods, how could Eldest Senior Brother possibly be together with you?"

"Unfortunately, the truth is indeed like this. In fact, I didn't want to be together with Li Moying but he insisted on coming over, what can I do? Since you like him, then go look for him and don't let him come stick to me. If he really takes a liking to you and want to be together with you, I promise that I won't come in between the both of you!"

Although her words were put in that way, but when Huang Yueli imagined the scene where Li Moying and Murong Fei together, she suddenly felt a little mind-blocked.....

But she didn't think this was out of jealousy, but because....

No matter what Li Moying was still her friend right. If he were to find a wife with such a vile character, then that would be the worse luck that he had ran into for his past eight lifetimes so she couldn't bear to see that happening!

"Stop talking rubbish, how could that be possible? Eldest Senior Brother's character is cold and aloof, and he spends his time on cultivation, not wanting to dabble in love affairs. He didn't like anyone at all and it's impossible that he will like you....." Murong Fei used all her might to shake her head.

Actually, before she came to look for Huang Yueli, she had already heard from many others and knew that what Huang Yueli said wasn't false at all.

All the students said Li Moying and Huang Yueli were so loving and Li Moying treated Huang Yueli so well, so this matter was the truth!

But she's unable to accept that Li Moying treated Huang Yueli differently.

Originally, Li Moying didn't bothered himself with any woman so her heart was able to balance itself. At least everyone were in the same scenario and for them to be childhood sweethearts, that was her greatest chance!

But with the appearance of someone who Li Moying truly liked... she was nothing at all.

Murong Fei clenched her teeth as she said, "You foxy slut, what shameless tricks did you use to seduce Eldest Senior Brother? Is it because 'those skills' of yours are exceptionally good and Eldest Senior Brother had no prior experience so he was bewitched by you?"

"Enough!" Huang Yueli couldn't force herself to continue listening, "As a Sect Master's Young Miss, your words are simply appalling! If you have the ability, go look for Li Moying himself and see if you can say such words in front of him! I'm very busy and have no time to continue this with you. I don't welcome you here so please get lost from my place!"

"You... you dare to ask me to get lost? I'm asking you for the last time, are you going to leave Celestial Light Academy or not?"

Huang Yueli replied, "Impossible! Whether I'm in Celestial Light Academy for Li Moying or not, it is of no concern to you!"

She hadn't investigated Bai Liu Feng's matter properly so how could she possibly leave so easily?

“You dare to disobey me? Did you think that Eldest Senior Brother would always follow you and protect you? Simply looking for death! I’m telling you, for me to crush you is the same as crushing an ant that easy!”

Murong Fei’s fury in her heart had raised to the max, and she couldn’t tolerate it any further as she pushed out a strike and struck out towards Huang Yueli’s chest!

#### **Chapter 1047: Who’s the shameless one? (4)**

Huang Yueli had long took guard against her and when she saw her making a move, she instantly retreated backwards with a flash!

At the same time, the bright fire ray lit up the entire room and charged towards Murong Fei’s direction in an earth-shattering momentum!

Two Profound Energy fiercely clashed against each other in the air.

Both opponents gave a surprised look.

Huang Yueli knew that this Eldest Young Miss Murong had a high innate talent and had expected that her potential wasn’t ordinary but she had not expected Murong Fei to be a sixth stage realm practitioner! Moreover, her Profound Energy was pure, as compared to normal sixth stage realm practitioners, her potential was much, much higher!

Thinking that Luo Jiyun was also a Celestial Light Sect disciple, and he was also an eighth grade talent but his cultivation versus hers differed by a whole large realm!

From this one could tell Murong Fei could be so arrogant and proud because that was her capital!

As compared to Huang Yueli, Murong Fei was even more shocked and surprised!

According to her investigation, Huang Yueli was merely a third stage realm peak practitioner. No matter how much innate talent she had, surely in front of a sixth stage realm practitioner, she was as weak as an ant and she should not be able to accept the full blow of it at all?

But the truth had exceeded her imagination.

The instant that Huang Yueli struck, Murong Fei felt that something was amiss and following that, a strong surge of fire attributed Profound Energy came shooting towards her, even making her feel an intense coercion!

After the two Profound Energies interacted, a loud explosion was heard and blinding ray shot outwards.

Murong Fei felt a turmoil on her chest and she took some time to suppress that disgusting feeling.

She raised her head and took a look at Huang Yueli. Her face was pale but she was still standing there properly. This was totally out of Murong Fei’s imagination as she had expected her to throw up blood and be seriously injured!

“You... how could this be possible? What stage cultivation are you at??” Murong Fei blurted!

Huang Yueli's lips curled into a faint smile, "What stage cultivation am I... everyone in the entire Celestial Light Academy knows about this. Haven't Miss Murong found out about this before you came over? It's Miss Murong you.... aren't you rumoured to be an eighth grade talent and a peerless genius? This potential... really is out of my expectations....."

Actually, she wasn't feeling very good right now.

An outstanding sixth stage realm practitioner's attack, like Miss Murong, simply was not something which she could take now.

It was all thanks to the entire set of fifth tier Defensive Profound Armour, adding on to her exclusive Profound Skills that she could barely take it on.

But in actual face, she had already suffered a severe internal injury but because her tolerance was slightly better so no one could tell the problems that she had from the exterior.

But Murong Fei didn't know the truth and when she saw this, she was horrified!

"Not possible... Celestial Light Academy's students all said you are at the third stage realm ninth level! No matter how much innate talent you have, or how strong your battle power is, third stage realm is still third stage realm, how could you possibly take on my strike like that?"

Huang Yueli lazily replied, "That naturally is because Miss Murong your skills are not perfected well enough..... don't keep thinking of twisting and turning around a man's backside and better spend the time on cultivating! Goodbye!"

Murong Fei's face turned green to purple, not to mention how ugly her expression had turned into!

She had always been reigning the name of a peerless genius and felt that in the entire South Sky Region, other than Li Moying, there was no other heaven defying existence around so everyone else could not match up to her! Whoever knew that today, her strike was blocked by a fourteen year old lass!

Could it be that this wretched slut's innate talent was much more outstanding than hers?

#### **Chapter 1048: Who's the shameless one? (5)**

Something was wrong, not possible!

Murong Fei suddenly thought of something as her eyes lit up.

That's right, when she checked on this wretched lass, she heard others mentioned that she had just passed the Armament Master certification and was a genius Armament Master!

Armaments Masters could possibly have some ace behind their backs so this probably wasn't her real potential.

Murong Fei gave a sneer, "Just accepting one strike from me and you really think you're so great? Don't think I don't know, I heard that your Master is a great Armament Master in Soaring Heavens Continent. Did he give you some ace to preserve your life, so that you can block a sixth stage realm practitioner's

strike? But this sort of this can only be used once! Did you think that.... your own potential can go against a sixth stage realm practitioner?"

Huang Yueli gave an indifferent smile, "You also know that I'm an Armament Master? Then have you heard of this saying: Never cross hands with an Armament Master on their turf! Otherwise.... you will have to pay a heavy price for it!"

"Hahaha.....!" Murong Fei couldn't help but burst out laughing, "Who do you think you are? You're just a first tier Armament Master and even if we're on your turf, what tricks could you possibly come up with?"

She stopped smiling and looked coldly at Huang Yueli, "Earlier I just didn't expect that you have an ace up your sleeve and left you some leeway. Now I will use all my force and let you see the true potential of a sixth stage realm practitioner! The man who I have taken a liking to is not someone who you can hope for!"

Saying that, Murong Fei's entire Profound Energy fluctuated and all the Profound Qi gathered on her body, emitting a layer of faint glow on her body's surroundings.

The oppression in the air grew stronger and stronger.

Murong Fei's grandeur continued to rise until it gathered one hundred percent of her Profound Energy and she struck abruptly!

"Go to hell, Bai Ruoli! To be able to die under my full strength, this is also your honour!"

A strong surge of Profound Energy struck out in waves towards Huang Yueli's direction!

Murong Fei's expression was filled with delight, wretched lass, I'll let you die with an un-intact corpse today!

But when her gaze shifted onto Huang Yueli, she discovered that Huang Yueli's face had a faint and calm smile on her face, and it even seemed to have some sense of ridicule in it.

What was this situation? Had she seen wrongly? This must be some kind of illusion?

This wretched lass was about to meet her doom so how could she possibly still smile?

However, the next moment, the smile on Murong Fei was frozen. She felt her own Profound Energy seemed to be blocked by something and wasn't able to get any closer to Huang Yueli. Immediately following that, a wave of Profound Energy which was much stronger than hers came rebounding back, and it struck her directly!

Murong Fei was overwhelmed with shock as her face's colours changed!

Her... Her Profound Energy was actually rebounded back to her two fold! How could this be possible?

However she just had this thought flashed past her mind and she had already been struck.

Murong Fei was sent flying outwards and she kept throwing up blood in mid-air. subsequently her head knocked against a tree with crooked branches outside the courtyard.

“You... you.....”

Murong Fei had not fainted yet but she was totally immovable and could only clutch on to her chest, as she kept coughing out blood.

One hundred percent of her Profound Energy returned two fold, with this kind of intensity, even she herself was not able to take it. Her internal organs seemed to have shifted and the pain she suffered was like a fire burning within her body. Apparently she had suffered a serious internal injury.

Huang Yueli slowly walked to the side of her door but she didn't take a step out, only looking at her from afar.

#### **Chapter 1049: Who's the shameless one? (6)**

“You... cough cough... what on earth did you.... do?”

Murong Fei heard footsteps and when she raised her head, her eyes were filled with horror!

Even in her dreams, she had not imagined that her full strength had not only not done anything to this third stage realm lass, but instead brought self-immolation to herself causing her to be in the current half dead state.

Huang Yueli calmly smiled, “Miss Murong certainly has a bad memory. Earlier I'd already reminded you to never make a move against an Armament Master on their turf, have you forgotten about this already?”

Murong Fei suddenly recalled what she said earlier but the astonishment beneath her eyes did not decrease, it increased revealing an expression which seemed like she had seen a ghost.

“Impossible... this is just impossible! For a mechanism to be able to deflect a sixth stage realm practitioner's attack, you will need to be at least a sixth tier Armament Master before you can do it, but you're merely a newcomer who had obtained the first tier Armament Master certification... you absolutely cannot do that!” Murong Fei's eyes grew wide as she mumbled to herself.

Huang Yueli shrugged, “Up to your own imagination. Anyway the truth is right in front of you and if you insist on not believing, there's nothing I can do!”

Murong Fei seemed to be bewitched as she continued with her own crazy talk, “No... impossible.... impossible..... cough cough.... If you really are able to deflect my attack, why didn't you do it right from the start. You didn't activate the mechanism but took the risk to be injured by me, taking my strike?”

Huang Yueli's brows rose as she looked downwards on the pale faced Murong Fei who had fallen onto the ground.

“The reason is very simple, because your first strike's Profound Energy was just too little, probably not even thirty percent of your real ability. Even if I deflected your attack, it would probably not be able to injure you. The mechanism that I activated is not able to do anything to you, yet it will alarm you. Then I might as well wait for you to become angrier and become more vicious in your strikes before giving you

a death blow... how about that? The feeling of being injured by your own Profound Energy, isn't that very special?"

The raging blood that was finally suppressed by Murong Fei had instantly gone to waste after she heard what Huang Yueli said and instantly spat out a big mouthful of blood.

"You.... you.... cough cough....."

She kept coughing and felt the pain in her chest seemed to be exploding, as her brain was buzzing.

She obviously had fallen into Huang Yueli's trap and tricked by her!

So when she was immensely pleased with herself, the opponent had intentionally made her angry, just to lure her to unleash her full power!

She thought Huang Yueli would be scared stiff from her full power but in the end, she was being despised that her move earlier was too gentle and tried ways and means to make her increase her strike!

And just as she thought that she was able to remove her love rival with her killer move, she had actually inflicted such a heavy injury upon herself....

There was nothing which could make anyone grieve more than this!

Murong Fei was too well-protected in the Sect and she had never been schemed against like this before so she wasn't able to take it too well as her eyes rolled backwards and fainted.

Huang Yueli gave a cold humpf and ignoring her, she closed her door as she returned to her room.

The minute she sat down on her bed, and posed a cultivation posture and amidst the movement of her Profound Energy, she spat out a mouthful of blood!

Actually when she went against Murong Fei earlier, she had sustained an injury which wasn't light but she merely had just not expressed it out.

Now that Murong Fei had been settled, she finally had the chance to cure her own internal injury.

However just as she was coughing out blood, an anxious man's voice was heard from the door.

"..... You're injured??"

### **Chapter 1050: How come you're here? (1)**

This voice sounded extremely familiar and when Huang Yueli turned her head back, she gave an astonished expression.

"Divine Doctor Liu.... How come you're here?"

A good looking man standing by the door with a sunken expression, was Liu Buyan who had been missing for several months!

Liu Buyan pushed open the door as he strode in. He was dressed in white and against the sunlight, he struck a graceful and elegant poise, with an unusual presence.

He walked in front of Huang Yueli and without a single word, he pulled her left hand and his slender long fingers were placed on her wrist as he shut his eyes and felt her pulse.

After a while, he released her hand.

“Your internal injury is caused by a high levelled practitioner’s Profound Energy but luckily it’s not too serious and your arteries are not damaged. Take this pill and rest for the next couple of days. Do not make a move against anyone casually.....”

As Liu Buyan was saying, he took a porcelain bottle out and removed a pill, passing it to Huang Yueli.

However, Huang Yueli didn’t take it.

Liu Buyan frowned as he urged, “Quickly eat! Why are you in a daze? Don’t you know that.... if your internal injury is not cured in time, it will become more serious? Don’t tell me you’re afraid of bitterness!”

Huang Yueli was in fact stunned because she had never expected that at this kind of place and time, she was able to see Liu Buyan appear!

The young lady’s dainty face was filled with astonishment as her beautiful big eyes opened wide, her long lashes kept fluttering, looking extremely innocent and extremely attractive.

Liu Buyan couldn’t help but laughed, “What’s the matter? Are you so surprised from seeing me?”

Huang Yueli then recalled her senses as she asked puzzledly, “Divine Doctor Liu, it’s really you! Why did you appear here?”

Liu Buyan replied, “Take the medication first and I’ll let you know later.”

Huang Yueli received the pill but didn’t swallow it immediately. Instead she turned her head to look at him and asked, “This medication.... Surely it’s not poisonous right?”

Liu Buyan’s mouth twitched as he was speechless, “If you suspect it contains poison then don’t eat it! What’s the matter with you? The pills that I refine personally can easily be sold for ten thousand upper grade spirit stones per pill. Now that I’m giving it to you, you’re worried that it’s poisonous?”

Huang Yueli chuckled, “I’m just asking, just asking only.....” Saying that she raised her head and swallowed the pill.

After eating the medication, she looked at Liu Buyan once again.

“Divine Doctor Liu, when I left your courtyard the other time, I went back to look for you the next day but you’ve already gone out on a trip. I’d not expected that you actually came over to Celestial Light Academy! Right, why are you here for? And how did you know I’m staying here?”

Liu Buyan looked at her, her gaze became deep and gradually said, “I happened to pass by Sky Cloud City and previously I heard you mentioned that you want to enrol for Celestial Light Academy in Sky Cloud City, so..... I just passed by to take a look at you!” Saying that, he felt rather uneasy and added, “That

time you've been poisoned by the Seven character soul extinguishment skill and was in a hurry to leave. I'm worried that the poison in your body had not been purged properly so since it's along the way, I dropped by to check on your situation."

"Ah! Really? I'd not expected that you have medical ethics, I really can't tell at all....." Huang Yueli laughed dryly.

This reason was too far-fetched, and it wasn't the first day Huang Yueli got acquainted with him, would she not know what medical ethics this Number one Divine Doctor in the continent had?

He normally depended on his feelings to see patients and most had to pay him following by begging before he agreed to do a consultation.

Would he specially come round to do a follow-up for her? How could such a good thing possibly happen?
