Chapter 1111: The situation reverses (1)

Furthermore in the academy, he could easily mask his own identity, possibly even using ordinary students to trace her whereabouts.

Ling Wenbin laughed evilly, "That's right, it's me! Now that you've seen who I am, that proved that I am sincere enough right? Then shall we start now?"

Huang Yueli cried out, "Wait!"

Ling Wenbin angrily replied, "What's up now? I've already agreed to so many conditions so stop thinking of delaying some more time!"

Huang Yueli hurriedly replied, "I'm not trying to delay but since you want to ask me to open the door, at least pass me that treasure map to take a look? Otherwise, how am I supposed to open the mechanism? Surely I cannot just splash my blood on the door casually then it'd open up right?"

Ling Wenbin said, "You don't need to look, I will tell you what the treasure map says!"

His alertness was rather strong and even though he knows that other than self-exploding, Huang Yueli was not able to come out with any other tricks but still he couldn't bear to take out the treasure map, feeling that hiding it in his space would be the safest.

But Huang Yueli's motive was to make him bring out the treasure map, so how would she allow him to deceive her?

She spoke again, "Are you sure you know what the treasure map is writing? If you understand what it was about, then you won't take so long to open this door. No matter what I'm an Armament Master so regarding mechanisms, I know more about it than you. It will be much safer for me to take a look first before opening the door."

Ling Wenbin kept a straight face, "Stop all these nonsense and do according to what I tell you to! Quickly walk over there and stand on the right side in front of the door frame!"

Huang Yueli saw that he wasn't tricked so could only follow his instructions and walked towards the front of the bronze door.

"Good, now see the leaf shaped notch on the door frame? Now cut open your wrist and drip your blood on top of it."

Huang Yueli complied as she placed her hand on the position which he pointed to.

The two of them opened their eyes wide as they stared at the bronze door.

Blood flowed out from Huang Yueli's wrist and dripped onto the notch as it followed the complicated and intricate carving pattern on the bronze door and slowly flowed along, bit by bit, filling up all the chinks.

On the door, that lively phoenix beast had, at this moment enveloped with a layer of red colour, resembling the colours of a scorching flame making it look realistic, as though the next second, it would turn into a physical form, flying up into the sky!

As the blood flowed, Ling Wenbin's eyes were practically stuck on the door as his breathing became hasty, apparently extremely agitated.

Ever since he discovered Bai Liu Feng's secret compartment, he spent several years' time before he found an eighth tier armament master, forking out a heavenly price before letting him agree to activate the secret compartment, and after retrieving the secret compartment, he spent another five years researching on how to move past the huge stone array and how to open this bronze door.

After waiting for such a long wait, now, finally it's time he could see the results.

How could he possibly not be agitated and not anxious?

However as time went by, Huang Yueli's blood had filled all the chinks in the bronze door but yet the door did not open.

Ling Wenbin waited and waited and after he realised that the door really didn't open up, his expression turned ugly.

"What's the matter? Are you playing any tricks?"

Huang Yueli's expression on her face was super innocent, as innocent as she could be, "Principal Ling, this... this is a major injustice! Look, all my actions are done according to your requests and none of it had been done wrongly. But the door just wouldn't open so how could you blame it on me?"

Chapter 1112: The situation reverses (2)

Ling Wenbin thought so too, Huang Yueli's performance earlier had been too obedient and too compliant, she had been standing there acting according to his request to let her blood flow, she had not been doing anything funny at all.

Then... why wouldn't this door open?

Ling Wenbin frowned but after thinking for some time, he wasn't able to find any leads.

Out of desperation, he could only retrieve the treasure map from his realm ring and raising it against the light, he started studying it carefully.

As he was reading it, he mumbled non-stop, "Weird, this lass had totally followed according to what the treasure map requested. As long as her blood filled up the entire door frame, the phoenix in the middle livens up, then this door will be opened! Why is it that it's not opening now?"

Huang Yueli was still standing in front of the door as she started shouting.

"Hey, Old man Ling, have you read properly yet or not? Can you hurry up? Don't tell me your age is catching up and your eyes can't see clearly?"

Ling Wenbin originally was feeling depressed because the door wouldn't open and after being relentlessly ridiculed by her, above the depression was a stuffed feeling as the expression on his face turned even uglier.

He turned around and lectured, "Wretched lass, shut up! Can't you tell that I'm already reading it? Urge, urge, urge, what's there to urge about?"

Huang Yueli looked as though she was about to faint as she replied breathlessly, "I... of course I need to urge! You're just there reading the map which is an easy job but here I am losing blood! You know how much blood I've lost in order to fill so many carvings? I feel that I've lost too much blood and I feel very cold now. My head feels dizzy as though I'm about to lose consciousness anytime now..."

"You.... as a practitioner, how could you be so weak?" Ling Wenbin replied in a bad mood.

Huang Yueli's feet shuffled and swayed and just as she was about to fall down, she hurriedly put out her other left hand which had not been cut as she held onto the wall, steadying herself.

"Ah, so dizzy so dizzy... I really cannot take it anymore... if you don't tell me clearly how to open this door, after I die from excessive blood loss, then you can search for another person to open this door for you!"

Ling Wenbin's expression grew darker still but he could tell that Huang Yueli seemed as though she really couldn't make it any longer.

If this wretched lass were to really die, where on earth was he going to find another person to release blood and open this door!

"Then, why don't you tell me what to do?" Ling Wenbin started to become anxious.

Huang Yueli said, "Why not you show me that treasure map! I've already told you this earlier, you're not an Armament Master, so regarding mechanisms, you might not be able to tell...."

At this juncture, Ling Wenbin had no other way, on thinking that Huang Yueli was indeed a real talented armament master, so he nodded his head, "Alright, I'll let you take a look."

He walked towards Huang Yueli and raised the map to show her from afar.

Huang Yueli frowned as she looked and mumbled to herself, "Well, there's really a problem! Old man Ling, what you say isn't right at all. This place should.... Hmm, why can't I see it clearly? Can you bring it nearer a little bit more?"

Ling Wenbin walked closer a little but Huang Yueli still expressed that she couldn't see clearly.

Ling Wenbin finally lost patience and directly placed the treasure map in front of her eyes, "Alright, this should be near enough. Such a young age and your eyes can't even match up to an old man like me?"

"He he, this is so embarrassing, let me take a careful look...." Huang Yueli lowered her head.

Ling Wenbin looked at the four surroundings in apprehension.

Suddenly he felt something being pulled from his hands...

Chapter 1113: The situation reverses (3)

Huang Yuei actually grabbed the treasure map from his hands and upon using strength, she easily took it away from him.

“What are you doi.....”

Before his question was finished, suddenly a scorching flame came burning from his back area, so hot that he started screeching out loud.

“Ah? Who? Who tries to sneak an attack on me from behind?”

Ling Wenbin turned his head around to capture the mastermind but whoever knew that the minute he turned around, a sharp pointed prick like thing pierced deeply into his left eye.

At that instance, an intense pain was felt from his eye and at the same time, his vision turned blood red!

“Ah—!! My eye, my eye—!!”

Ling Wenbin covered his eye as he started hollering loudly.

Huang Yueli gave a shocked but joyous expression as she praised, “Well done, Wang Cai!”

When Ling Wenbin suddenly appeared, after Little Phoenix whined a warning, it had following Huang Yueli’s request and found a corner to hide.

Ling Wenbin’s attention was focused on Huang Yueli entirely. Although he felt that it was strange to hear a bird chirping but he didn’t give much thought to it as he thought it was due to his own hallucination.

After Huang Yueli had Little Phoenix laid in ambush and made all preparations, she then lured Ling Wenbin to bring out the treasure map and after that catching him unaware, he snatched the treasure map and arranged for Little Phoenix to sneak an attack to distract his attention! At least to drag a couple of breaths.

She had not expected Little Phoenix to complete this mission, even much better than she had thought!

After this little fellow advanced, its attack power had indeed raised an entire level and its speed had already increased by several times!

Even a seventh stage realm top expert like Ling Wenbin was caught unaware and actually fell for its trap! And in the process got seriously injured by it!

Hearing Ling Wenbin’s blood curdling screams, and seeing the blood flowing out from the seams of his fingers which was covering his face, Huang Yueli felt a tinge of pain for him.

Little Phoenix’s peck was not ordinarily sharp, usually even the toughest armament refining ingredients were bitten into bit in an instant, what more a physical body?

She gauged that Ling Webin’s eye was destined to be disabled!

Wang Cai heard Huang Yueli's praises and delightfully patted his wings as it was just about to cry out.

But it heard Huang Yueli call out hastily, "Quick quick quick! Come over quickly! We don't have any time to waste, if he reacts in time then we're finished!"

Saying that her wrist once again pressed against the left door frame's notch and simultaneously her left hand's fingers drew a circle in the air as she struck out some hand gestures.

"Vvrrrr—!"

Following that was the ringing of a gloomy sound as the bronze door gradually moved upwards, revealing the entrance of the high tower.

Without hesitation, Huang Yueli leapt outwards and ran in, Little Phoenix tried hard as it flapped its wings as it followed her.

After Huang Yueli entered the door, she immediately ran towards the mechanism by the side of the door as she struck out some hand gestures and the bronze door stopped moving upwards and instead it started to move downwards as it gradually shut itself.

Just at this moment, Ling Wenbin suddenly stopped his miserable cries and tried his hardest to ensure that pain.

He heard the sound of the bronze door being opened and this was something which he had been waiting for so many years. So at that moment, he forgot about the pain in his eye as one thought filled his mind, and that was he must absolutely enter the high tower!

"Bai Ruoli, you wretched lass, how dare you plot against me! Open up the door, I want to go in!"

As he hollered, he didn't dare to waste any time as he swiftly charged towards the bottom part of the bronze door!

The speed of the door closing wasn't considered very fast and although it had already closed by half, but if he were to lower his waist and his head he would still be able to barely pass through it.

Chapter 1114: The situation reverses (4)

When Huang Yueli saw that, she cried out, "Wang Cai, quick, chase him out of here!"

Simultaneously, she gathered all the Profound Qi she had in her body and drawing a line with her fingers in mid air, a deviant flame appeared and utilising her Profound Skill, she directed her attack towards Ling Wenbin!

Little Phoenix also worked up its little tummy and blew out a puff of advanced orange coloured True Phoenix Fire!

One human and one bird unreserved attack landed on Ling Wenbin at the same time and he was struck instantly as he moaned dully and almost threw up blood.

But even so, his advancement speed had not halted!

He had totally given up on defence, allowing Haung Yueli's attack to waywardly land on him because now, his only aim was to squeeze into the high tower before the bronze door closed up!

Even if he was seriously injured by Huang Yueli, it didn't matter.

Anyway, as long as he was able to enter the high tower, with that wretched lass's bit of cultivation, wouldn't she be at his mercy?

By then, he would be able to take his revenge and vent his anger!

However, Huang Yueli and Little Phoenix used all their ability because at this moment, it was a life and death situation!

Huang Yueli didn't dare to hide or conceal herself as she retrieved an ancient zither from the Sky Phoenix Ring.

This zither was the Icy Jade Zither which Li Moying gave her several months ago during the banquet in South Yue Kingdom.

After Huang Yueli got this zither, and collecting several materials, she spend quite an amount of effort to refine it into a fifth grade Profound Armament!

But as she was the only ninth stage realm expert who used an ancient zither in her previous life in the entire Soaring Heavens Continent, as a weapon so in order to prevent her identity from being exposed, she wasn't willing to use her zither before this.

But now at this moment, if she didn't use her ultimate strike, in future she might not have any chance to use it.

Huang Yueli turned the direction of the zither as she hugged it in her embrace while the other five fingers had already started brushing on the zither chords!

“Zheng—”

When the first zither sound rang, Ling Wenbin's action had obviously slowed down for a moment.

When he saw Huang Yueli battled halfway and suddenly taking out an ancient zither, he thought something had gone wrong with her and was prepared to rush into the tower to mock at her.

In the end when the zither rang, his mind suddenly “buzzed” for a moment as though he suffered a heavy pound on his brain!

“You.... what are you playing at? That zither.....”

Ling Wenbin's consciousness suddenly became blurry but as he was a seventh stage realm practitioner, his mental power was rather strong so he quickly recovered from it.

Making prompt decision, he immediately gauged that something was wrong with that zither in Huang Yueli's hands as he pounced towards her, attempting to snatch it away.

However, Huang Yueli calmly and unhurriedly turned around as her fingers continued to play the zither.

“Zheng zheng zheng zheng—”

The zither notes were as though a violent storm rained in the silent high tower, Ling Wenbin's head felt dizzy once again and every single time when he finally managed to recover his senses, he was thrown into dizziness once again.

Actually, Ling Wenbin's mental power was much stronger than Huang Yueli's and if he had been prepared earlier, under the circumstances of his full power defence, the harm which Huang Yueli's zither notes would be limited to a certain degree.

But unfortunately, he had never in his wildest dreams, thought that Huang Yueli actually used an ancient zither as a weapon.

There was just a handful of practitioners who specialised in mental power attacks in Soaring Heavens Continent and without a trace of defence preparation, he had been completely caught unaware!

At the same time, Little Phoenix continued blowing its flame at him and had already burnt most of the skin on his body, causing half of his body to be in a charred state, looking extremely horrendous!

Chapter 1115: The situation reverses (5)

Translator: Misty Cloud Translations Editor: Misty Cloud Translations

Both zither sound and attack hastily fell upon him as Ling Wenbin was blocked outside the door.

The bronze door gradually descended and finally it was left with merely half a meter of opening.

Upon seeing that he was going to be shut outside, Ling Wenbin suddenly regained his senses and instantly, all his potential exploded from within!

He fiercely hollered as both palms struck out forward!

His entire body's Profound Qi were instilled in this move alone. A seventh stage realm cultivator's strongest Profound Skill was no small matter and after the bronze door suffered such a heavy attack, the speed of descent actually slowed down slightly.

Ling Wenbin hurriedly put one leg inside, thinking to make use of this last chance to squeeze through from the door slit below!

However, Huang Yueli had also utilised her killer move!

She turned the direction of the Icy Jade Zither as her fingers started plucking and the zither sound suddenly changed a key as it became murderous-sounding.

At the same time, she drew out a silvery white, foot-long short sword from the zither body and lit up the sword blade with flame as she pierced it towards Ling Wenbin's right leg!

"Argh—!!"

A miserable shriek was heard and Huang Yueli's short sword had already struck Ling Wenbin's right leg.

Seventh stage realm cultivator's body wasn't easily injured but Huang Yueli had used the zither sound to attack and inflict injury onto him and with Little Phoenix's total coordination, she managed to piece through Ling Wenbin's calf totally with just one strike.

At this moment, the distance of the bronze door was just two inches away from the ground.

Ling Wenbin knew that he had lost his last chance and there was no way he could enter this place again as he couldn't help but started to tell, "Wretched lass, you sinister and treacherous wretched lass, how dare you set me up in this way!? Hide in the tower for your entire life if you dare and don't come out, because if you do, I will absolutely let you die without any burial ground!"

Huang Yueli waved her hand at him as she replied lazily, "If you had such an ability, then I can only say that's my fate! But unfortunately... the one who always gain the advantages seems to be me! Old fart, goodbye, slowly wait outside!"

Ling Wenbin was so angry that he threw up blood wildly on the spot!

However, what was more tragic was right behind!

As his right leg had already extended into the inner part of the high tower, Ling Wenbin had wanted to take advantage of the last chance before the bronze door closed up to withdraw his leg.

But he had just used some strength before he discovered that his right leg had already lost all senses! He was unable to withdraw it at all!

He immediately realised what had happened, it was definitely one of Huang Yueli's tricks. That wretched lass's sword earlier, although it could not cut off his leg, but it was aimed at numbing his meridians!

"Damn it! Door don't close, don't close! Give me a few breaths time!"

Ling Wenbin was in so much dismay that his entire body was drenched in sweat. He used his hand to pull his own leg, thinking to withdraw it.

But alas, it was too late.

No one could stop the trend of the bronze door closing and finally.... it heavily expelled his right leg.

A terror stricken, furious and desperate miserable shriek echoed into Huang Yueli's ears but very quickly, it was blocked out by that great bronze door on the outside as she couldn't hear anything else.

Huang Yueli finally heaved a long sigh.

"Finally, we have gotten rid of this old fart, it's just too dangerous this time round! Luckily I was resourceful enough!"

"Says who? You were able to escape was totally because of this young master's clever and quick-wittedness, martial and heroic, super powerful ability, handsome and suave..."

Little Phoenix was chattering non stop as it tried its hardest to plaster gold onto its face.

Chapter 1116: Li'er is missing (1)

After it finished, it didn't forget to raised its request.

“Since I’ve contributed such a huge merit, then for all future chicken drumsticks... can I have a double portion?”

Huang Yueli’s brows twitched, “You’re already so fat and still want to eat a double portion? Your double chin already has three layers of fats, do you know that?!”

“What? Fat? Where am I fat?” Little Phoenix retorted angrily as it pounced in front of Huang Yueli, wanting her to clarify clearly.

Just at this moment, Huang Yueli’s body suddenly leaned closely onto the wall as she gradually slid downwards and subsequently, she fell sideways as though she had fainted.

When Little Phoenix saw this, it was so shocked that it started screeching, “Hey, I say.... Female devil, female devil! What’s the matter with you? Quickly wake up! Why did you suddenly faint? Where do you feel uncomfortable? Have you suffered a serious injury? Finished, finished, female devil is going to die, I’m going to be shut into the Sky Phoenix Ring once again! Ah ah ah ah, what can I do? What should I do?”

Little Phoenix was so anxious that it kept turning round in circles and it started flying here and there in the inner portion of the high tower, making a big fuss at the same time.

Huang Yueli leaned against the side of the wall and her consciousness was a little blurry but Little Phoenix’s sharp screeching calls seemed to be like a demonic sound as it dove straight into the brain, causing her to have a bout of headaches

Actually, it was normal for her to faint.

Earlier when she was outside the bronze door, she was coerced by Ling Wenbin to use her blood to open the door, and she had released quite an amount of blood. In actual fact, she didn’t need to come out with so much blood but in order to drag some time, to coax Ling Wenbin into bringing out the treasure map, she intentionally blocked a chink, stopping the blood from flowing into it.

In this way, the door remained closed and her blood kept flowing. It was much later when she really felt her entire body turn cold from too much blood loss and her head became groggy, so she wasn’t cheating Ling Wenbin at all.

Under that kind of circumstances, she still depleted all her Profound Energy to stop Ling Wenbin from entering the high tower.

Especially at the last part where she used the Icy Jade Zither, displaying her killer move, a Profound Skill which she grasped in her past life when she was in ninth stage realm, the consumption on mental power was extremely huge and to a third stage realm peak cultivator like her now, was a huge expense which she could not bear.

It was the combination of several elements that she could last till now before fainting and this was already a miracle.

For her now, in order to rest properly, borrowing the high tower’s inner portion’s high intensity Heaven and Earth Profound Qi to restore her body’s injuries which was the best option. Silence, was extremely important.

But unfortunately, the Little Phoenix which she reared always acted out of the book and it actually flew everywhere, crying to an earth-shaking point, making so much noise that she couldn't rest at all.....

For that one instance, Huang Yueli really wanted to stuff that little thing back into the Sky Phoenix Ring but she didn't have that much mental power to control Little Phoenix.....

She tolerated and bore with it, and after a long time later, Little Phoenix probably got tired from crying out and started to become silent.

Huang Yueli finally drifted off into a deep sleep.

...

Unknowingly, three days went by.

Celestial Light Sect was filled with jubilation.

Ever since Murong Fei returned to the Sect and indicated that she had spent an amount of time together with Li Moying, many people felt that she was going to get married to Li Moying.

Even Murong De believed that deeply and kept encouraging her to take good care of Li Moying, grabbing this peerless expert's heart tightly, to make him stay in Celestial Light Sect.

Murong Fei felt guilty but at the same time she set her determination to double her efforts to display her virtuous and elegant look in front of Li Moying.

Chapter 1117: Li'er is missing (2)

She wanted to show a stark contrast against Huang Yueli, that immature and inexperienced, wilful and proud lass, letting Li Moying knew that only a mature and elegant refined lady like her was worthy of him!

Hence, whenever she had time, she would bring the medicinal soup and herbs that she made to the rear mountain's courtyard where Li Moying was staying.

However, no matter how diligent Murong Fei was, Li Moying refused to meet her even once.

The person who appeared in front of her was always the expressionless Mo Yi, or Mo Er who spoke in an eccentric tone and either one of them could make her die of anger.

Li Moying was in fact, totally unaware of how bustling it was outside.

Ever since he returned to Celestial Light Sect, he shut himself in his courtyard and went into closed door cultivation.

Breaking up with Li'er had made his world turn grey and no matter what he did, he wasn't able to lift his spirits up.

The images of Huang Yueli's usual expression while she was with him kept popping out in his mind and every single time he thought of the cunning look with her pointed teeth when she laughed, his heart felt a pang of throbbing pain.

Under this circumstance, only cultivation could made him forget this kind of pain momentarily.

So every day he refused to meet anyone and chose to shut himself in his courtyard to cultivate. Even his Shadow Guards had not seen him for three days already.

Today, a figure shot from the front mountain towards the rear mountain but even after he reached Li Moying's courtyard, his footsteps didn't stop and continued to rush inside while shouting, "Young Sect Master, something's up, something bad has happened!"

Mo Yi frowned as he went up to welcome that person, "Who is it who dares to barge into Young Sect Master's closed door cultivation location?"

Saying that, he took a look and immediately recognised that person, "Principal Jiang? Why have you come here?"

Jiang Tuxin panted heavily as he clutched his chest and his head full of white hair was all drenched with sweat and he was gasping for his breathe as he said, "Protector.... Mo, where is Young Sect Master? I have an important news that I need to tell him right now!"

Mo Yi replied, "Principal Jiang, you came at the wrong time. Ever since Master returned to the Sect, he announced that he was going into closed door cultivation and he would take at least three to five months before he's out....."

"Oh no, what should I do! I'm really worried, something happened to Bai Ruoli!" Jiang Tuxin's brows creased as he looked completely at a loss.

When Mo Er heard that name, he immediately got excited as he rushed forward their faces.

"Principal Jiang, you say..... you're worried something has happened to Third Miss Bai What's the matter with her?"

Jiang Tuxin heaved a sigh and said, "You don't know, ever since the day Young Sect Master and Eldest Young Miss left Celestial Light Academy, Bai Ruoli also disappeared! Young Sect Master had repeatedly urged me to take good care of Miss Bai before he left so I would send someone to take a look at her three days ago, only to discover that she had already been missing for several days! Furthermore, the day she left the academy was the next day after you all left!"

"What?"

Mo Yi and Mo Er exchanged glances as they saw the pleasantly surprised expression in each other's eyes.

Mo Yi gave a cough and said, "Principal Jiang, you need not be overly worried, I'm guessing.... Third Miss should be chasing after my Master? Although both of them quarrelled, but their feelings remain the same so this is very normal. Third Miss's cultivation isn't very high and she doesn't have access to a flying ship so for her to come over to Celestial Light Sect, she's at least need five to six days time, so probably she's still on the way here!"

Mo Er also chipped in, "Isn't that do? Master is almost going crazy from the things he does for Third Miss! He will definitely be very happy when he hears about this news! I will go and report this to Master right now!"

Chapter 1118: Li'er is missing (3)

The two of them spun around to pass the information.

Jiang Tuxin hurriedly called out to stop them.

"Please wait a moment, both of you!"

Mo Yi and Mo Er turned back as they looked at him puzzledly.

Jiang Yuxin hurriedly said, "Things are not what you think it is! Bai Ruoli had likely gotten into trouble!"

"What??" Both of them cried out in shock as their expressions were filled with astonishment.

Mo Yi was in a rush to ask what had happened clearly but before he could even speak, the courtyard door was suddenly opened from the inside.

"You say... what happened to Li'er?" A deep, hoarse voice was heard from behind the trio.

The three of them were shocked as they were startled at Li Moying's sudden appearance.

"Master, why are you out?"

"My respects to Master!"

Mo Yi and Mo Er made their salutations one after another whereas Jiang Tuxin went into a daze as he looked in astonishment at the man in front of him.

If it hadn't been for the fact that he recognised his voice and with Mo Yi and Mo Er by the side as a witness, he almost couldn't recognise that the slovenly dressed and absentminded man, who was usually suave and peerlessly handsome, was the Young Sect Master Li Moying!

Li Moying's face as exceptionally pale and his hair was scattered messily by the side of his face. There were black patches under his eyes but even though he seemed to be in a despondent state, he still bore the usual indescribable overbearing imposing manner which was enough to attract any woman's gaze.

"Young... Young Sect Master..."

Li Moying walked over and stood in front of Jiang Tuxin as a cold glint flashed past his eyes, "What did you say earlier? Li'er she..... something happened to her? What exactly happened to her? Before I left, haven't I asked you to take good care of her? How long has it been only and something had happened to her? Tell me clearly right now!"

Mo Yi looked at Li Moying's agitated look and amidst worries, there were also some signs of emotion.

Master still denied that the both of them had no more relationship and didn't even look back as he ran back to Celestial Light Sect, in the end? Just based on his reaction, if he could really let go of Third Miss, something really was wrong!

Jiang Tuxin continued ashamedly, "I... have let you down. That day after you left, I'd sent a number of people to take care of Miss Bai but she said she wanted to go into closed door cultivation to recuperate

and shut everyone outside whereas she slipped away! I'd only discovered this two days ago and thought she came to look for you in Celestial Light Sect so I sent a few bodyguards, thinking to chase up to her and send her here. But the bodyguards followed the path here and searched for a long time but they weren't able to find anyone at all! Instead.... They heard a rumour....."

"What rumour?"

Li Moying's voice was extremely peaceful but those who knew him well knew clearly that he was the kind whom would become more and more calm as he got angrier and now he was already on the verge of acting up.

Jiang Tuxin's sweat drenched his entire back but he didn't dare to raise his head.

"Yes.... A group of Jade Wind Merchant Guild merchants were on the way to West Sky Region to do some business and someone said that a few days ago, they met a young lady who was around fourteen or fifteen. From their description, she sounds very similar to Miss Bai and that young lady wanted to follow them to Celestial Light Sect but midway on the road here, a mysterious man dressed in a hood suddenly appeared, pointing her out. That young lady didn't want to implicate them so she immediately appeared and lured the mysterious man away."

"Mysterious man?"

Li Moying's brows knitted tightly together.

Jiang Tuxin nodded, "I heard that this mysterious man's cultivation is very high and that young lady totally wasn't his match so she kept escaping.... Later on, the both of them disappeared and even the Merchant Guild didn't know.... where they went to....."

Chapter 1119: Li'er is missing (4)

In actual fact, the merchant guild leader's original words were "not sure if that young lady was dead or alive", but Jiang Tuxin was afraid that it might agitate Li Moying once again so he could only change it to whereabouts unknown.

But even so, Li Moying had already gone mad.

With a casual flick of his sleeve, a powerful Profound Qi struck out in midair!

All of a sudden, lightning filled the skies. That plot of land which cultivated several thousand year old Silver Leaf Spiritual Trees were all snapped off across the middle, in complete disorder.

Jiang Tuxin, Mo Yi and Mo Er hurriedly stepped aside and although Li Moying had evaded their direction but it still made their chests tremble greatly as they almost spat out blood on the spot!

Jiang Tuxin clutched his chest, on one hand he was startled by Li Moying's exceptional potential while on the other hand, he was silently crying out in shock by his intense reaction!

Even after Li Moying struck, the melancholic feeling on his chest did not decrease in any way. The moment he thought his Li'er had suffered a top expert's interception, and her life and death was totally

unknown, his heart was thrown into incomparable pain! At the same time, he was extremely remorseful!

If only... he hadn't left Li'er's side, she wouldn't have set off alone to look for him in Celestial Light Sect and such a thing wouldn't have happened!

At this point in time, he even started to hate himself. Even if Li'er didn't liked him forever, why couldn't he continue to protect her silently? Why did he let Li'er get hurt just because of his pride??

Li Moying gritted his teeth as his two hands clenched into fists, his ten fingers totally sinking into his palms as his blood... started to drip...

He managed to control his anger and didn't made another move but he took quick steps as he flew towards the front mountain.

While he was walking, he sent out his commands to the few of them.

"Mo Yi, immediately arrange for people to search along the path between Celestial Light Academy and Celestial Light Sect, not missing out even an inch. Even if they have to dig underground three feet, they must find Li'er and.... the person who hurt her!"

"Yes!"

"Mo Er, lead a team and ask around the neighbouring cities, towns and villages. If Li'er managed to escape, in order to prevent her identity from being exposed, she would definitely find a place and hide herself."

"Yes!"

"Jiang Tuxin....."

"I'm here!"

Jiang Tuxin subconsciously shuddered because he had obviously heard Li Moying silent grinding his teeth when he called out his name.

Li Moying said, "Quickly return back to Celestial Light Academy and run through a checklist on all the practitioners in the academy who are in seventh stage realm and above, to find out who is the troublemaker!"

Jiang Tuxin was stunned, "Ah?"

Li Moying's voice grew doleful, "Earlier in Celestial Light Academy, Li'er was attacked by a masked seventh stage realm practitioner. Luckily I managed to save her in time but I was unable to capture that person! I reckon that the person who attacked Li'er this time is him! This person is definitely related to Celestial Light Academy so you must dig this person out!"

"Yes, I understand!"

Jiang Tuxin started to sweat profusely. If Huang Yueli was really dead and the murderer was in Celestial Light Academy, then his position as Principal would most likely be difficult to retain.....

...

Inside the high tower.

Huang Yueli was having a dizzy spell as she didn't know how long she had been in deep sleep for.

When she awoke, she felt her entire body feeling warm, as though she was soaked in hot spring water.

Furthermore, the Profound Qi in her body was abundant as the damages to her meridians and internal organs were completely healed.

She extended her hands and feet, feeling that she was never in a better condition, and even.... there seemed to be signs of a breakthrough in her cultivation!

"What situation is this?" She murmured to herself as she frowned.

Chapter 1120: Sacred Phoenix Clan's inheritance grounds (1)

"Ah---!!! Female Devil, you... you're finally awake---!!! You... you simply scared me to death.... Wu wu wu wu..."

Huang Yueli was still in a daze when suddenly little shotacon took big steps with his shot legs as he pounced towards her, that chubby and flabby body jumped right into her embrace as he hugged her waist, refusing to let go.

Huang Yueli was initially stunned but later on she touched his head as she laughingly said, "Alright, alright, it's alright now, aren't I just fine now!"

Little Phoenix was so angry that it stomped its feet, "You still dare to laugh! Do you know how many days you have been in a coma for! Furthermore, your look previously was just too scary? You were covered in blood totally and your Profound Energy as well as your mental power were almost depleted!"

Huang Yueli curiously asked, "How many days have I slept for?"

Little Phoenix's face instantly showed an embarrassed look, "Ah? About this... I also don't know? This tower doesn't seem to emit the sunlight from the outside and there's only a fire on the wall which seemed like it doesn't extinguish... how would I know how many days has it been?"

Then why did he still say it in that way earlier!

Huang Yueli was rather speechless.

Just at this moment, suddenly a voice entered her ears, "It has been five days since you entered the inheritance grounds."

Huang Yueli was firstly stunned before screaming out in shock, "Who's that talking?"

Not too far away, a good looking, long haired man looked towards them from afar.

"Ah.... Ghost! Ghost!! There was obviously no one here earlier!" Little Phoenix trembled from head to toe after he saw him and turned around as it jumped into Huang Yueli's arms.

The man slowly shook his teeth as he said helplessly, "You yourself is a spiritual body and you still dare to say that other people are ghosts?"

Huang Yueli had already calmed down by now. She took a look at the man's unusual good looking face and the way he walked and the expression he put on as he talking as she sort of made some guesses in her heart.

"You.... you are this high tower's guardian? So you're also a spiritual body? That's why you can suddenly appear." Huang Yueli opened her mouth to speak.

That high tower's surface area, from the outside, seemed not very big and the inside was even smaller. From one end to the other end, it was merely thirty over steps distance and just one glance and one will be able to see the ending point.

When she entered the high tower, she took a clear look that there was no one in this tower so this man before their eyes was definitely not someone ordinary.

When the man heard her words, he nodded, "Looks like a junior like you have some knowledge."

Huang Yueli's mouth twitched as she felt slightly unable to accept it. After all she had lived for several decades in her past life and to be called as a junior.....

But changing her thoughts, the man in front of her was guarding this high tower and probably he had been here for tens of thousands of years. So as compared to him, she indeed was a junior, furthermore she was the most junior kind of junior level.....

But by now, Huang Yueli could tell that this man had no evil intentions towards her. Otherwise just based on the fact that she was in lethargic sleep for so many days, if he wanted to kill her, it was an easy feat. Even if he was too lazy to take action, all he needed to do was to throw her out of the tower, which would also lead to her death.

Thinking of this, Huang Yueli stood up as she clasped her fist into her other hand and paid her respects.

"This junior is Huang Yueli, may I know your name, Senior? And where is this place? From the outside, it seems that this place is a part of an early historical remains?"

The man's brows rose in surprise as the expression on his face was an indescribable strange look.

"You say... you don't know where this place is? How is that possible? Then how did you come in?"
