

## **Weaponsmith 2511**

### **Chapter 2511: Mu Chengying... is not dead yet! (8)**

The main hall fell into total silence once again.

Moreover this time round, the gazes which everyone shot towards Li Moying, was filled with reverence and terror!

Many of them had heard of how powerful Blue Profound Sect's Thousand Sword Array was.

But legends were still legends after all and no matter how powerful the rumour was, it could not be compared to witnessing it personally!

Mythical Flame Palace's Chi Xiao Jiu was one of the numerous top rated exponents in Sky Emperor City in the past few years whereas those dozen over practitioners behind him from the Six Sacred Lands all had ninth stage realm peak cultivations!

Such ability, no matter where they went or whatever enemy they faced, they practically could gain victory easily!

However, in front of the Thousand Sword Array, they were actually unable to withstand a single blow at all!

Li Moying merely moved his finger and dilapidated so many top exponents in his hands, as though they were the pile of dirtiest and most disgusting rubbish, sweeping them out of the door without showing any mercy...

Just what kind of terrifying power was that!

Simply made one unable to imagine!

Li Moying's expression was congealed with frost, his eyes as dark as ink as he moved his legs forward.

Just at this moment, a fair slender hand stretched out from the side, tugging his sleeve, "Moying?"

Hearing the young lady's delicate soft voice ringing by the side of his ear, the frost in Li Moying's eyes instantly melted as he revealed a tender look while speaking softly, "Li'er, today I'm really worried. I didn't handle this properly hence causing our wedding to become so disorderly. Just wait a little longer for me....."

"Oh.... Alright then."

The young lady's voice carried a coquettish hint but her slender fingers had already loosened her grip.

Li Moying took another step forward, as he headed towards Levitation Sword Palace's entrance.

He swept past the entire main hall and passed by all the practitioners, but none of them dared to lift their heads to look at him straight in the eye.

Everyone automatically bowed their heads down when Li Moying passed by, taking on a submissive pose.

The main hall was exceptionally quiet with only the sound of footsteps which came from Li Moying's shoes on the jade and stone flooring.

...

Outside the palace doors, Chi Xiao Jiu and the others were cutting a sorry state as they were injured badly, but were not in a critical situation.

In order not to injure those other ordinary guests who had come forward genuinely to offer their congratulations, Li Moying intentionally suppressed the might of the Thousand Sword Array, controlling the sword qi in an extremely minute boundary, just dealing with the people from the Six Sacred Lands.

If not for this reason, if he were to unleash the full power of the Thousand Sword Array, there might not be anyone alive in the main hall now.

Chi Xiao Jiu struggled to get up as he clutched his chest with a green complexion. But as compared to the physical pain that he suffered, he had a greater blow mentally instead.

"How is this possible? What on earth is going on?? Why was that brat Li Moying also able to exhibit such power from the Thousand Sword Array??"

Behind him was the gloomy Sky Devil Sect's Sect Master and he was already a old time top expert who was already over a hundred years old. It had been more than a decade since he took action personally and in order for them to take down the Number One Sacred Lands today, he came forward personally but he had not expected to lose his footing in front of so many practitioners today, causing such a huge embarrassment to himself!

"What exactly is going on?? Palace Lord Chi, before we came, hadn't you made a solemn vow that Mu Chengying was no longer in this world??"

Chi Xiao Jiu was berated in such a manner and his anger just arose out of nowhere, "Sect Master Hua, are you doubting the authenticity of Lord Zhan's information?"

Hearing Lord Zhan's name, Sect Master Hua silently trembled, "I... I don't mean it in this way..."

### **Chapter 2512: Wedding night, no bloodshed (1)**

"I naturally don't dare to doubt Lord Zhan, but... but, now the Thousand Sword Array has been activated! Mu Chengying must definitely... definitely be still alive?" Sect Master Hua's voice was quivering.

The wolf was in the front and the tiger was behind them, and now he had already delved in a situation where he could neither step forward nor back off.

Chi Xiao Jiu clenched his teeth and he was feeling extremely terrified inside as well but now that things had come to this, he already had no way to retreat and nor was it possible for him to allow the others to retreat first!

"Whom among you saw Mu Chengying? Mu Chengying isn't in the main hall at all! Yes, the Thousand Sword Array was indeed activated, but the person who activated it, might not necessarily be Mu Chengying!" Chi Xiao Jiu's forehead creased as he thought of a possibility.

Sect Master Hua quivered, "Palace Lord Chi, you mean to say... Mu Chengying is actually dead but he had left Li Moying the method to activate the array?"

When Ling Qing Yu heard their discussion, she couldn't help but butted in, "This isn't possible right? The method to control the Thousand Sword Array, is only passed on to the successor when the previous Sovereign passes away and Li Moying only arrived at Blue Profound Sect one year ago. Whereas based on what Lord Zhan had said, Mu Chengying had already demised not long after he announced that he went into closed door cultivation that year.... This timing just doesn't match up!"

Chi Xiao Jiu's brows creased tightly, as various kinds of thoughts kept flashing past his mind.

Whatever that had happened today, was simply too strange and he just simply couldn't comprehend it at all!

Every single time, whenever he felt that the truth was just in front of his eyes and within his reach, but in the end, he felt that everything was unexplainable....

Just at this moment, the sound of footsteps was heard coming from afar.

Everyone turned back their heads in haste, only to see Li Moying's tall and lofty figure appeared slowly from Levitation Sword Palace's doors, heading towards them.

He stopped a few hundred meters before the top experts from the Six Sacred Lands and looked down at them from the top coldly.

Chi Xiao Jiu felt an indescribably humiliated feeling when his cold gaze swept past him!

Today, he came with a plan in advance, assuming that he would be able to take down Li Moying on the spot but in the end, he actually embarrassed himself greatly in front of the entire Sky Emperor City's high ranking practitioners.

Li Moying was merely a twenty over year old young brat, why exactly was he.... how could he be this strong!

Chi Xiao Jiu's heart flashed past a thought abruptly as he raised his voice and cried out all of a sudden, "Li Moying! You.... how bold can you be! Blue Profound Sect's Thousand Sword Array is something that only the Sovereign alone can control. You definitely must have murdered Sovereign Mu, snatching the method of control from him! Originally I was only guessing but now that there is hard evidence, what else do you have to say!"

He intentionally shouted out in an extremely loud voice, just so that he could allow the practitioners in Levitation Sword Palace's main hall to hear him.

Today he had totally turned tables with Blue Profound Sect and it was impossible for him to give this up halfway.

Since Mu Chengying had not shown himself till now, then he was definitely dead for sure but as for how he died, he just needed to kill Li Moying and he would have completed his mission!

Although Chi Xiao Jiu had suffered a huge disadvantage in front of Li Moying, but he didn't feel that it was a complete failure.

Because he self assumed that Elder Chen and the other eight top experts were lying in ambush somewhere in Blue Profound Sect, just waiting to coordinate with them from the inside.

Moreover, the Thousand Sword Array's functionality was only limited to Levitation Sword Palace's boundary and as long as they stepped out of the palace door, the power would decrease drastically so all they needed was just to be a little more careful as it wasn't as if they totally weren't able to deal with this....

### **Chapter 2513: Wedding night, no bloodshed (2)**

Chi Xiao Jiu quickly analysed everything and his final outcome was to clench on the fact that Li Moying had caused Mu Chengying's death!

Anyway for this point, no matter what the truth was, Li Moying was a huge suspect.

As long as Blue Profound Sect's disciples and the practitioners around all had a sliver of doubt towards Li Moying, they would not fully execute his orders later.

By then, Chi Xiao Jiu would be considered to be standing on the side of righteousness, so even if he killed Li Moying, he would be able to picture himself as getting rid of the vermin on Blue Profound Sect's behalf!

Chi Xiao Jiu had a wonderful plan and moreover, the words that he said quickly took effect.

The originally silent main hall, started off with audible whisperings.

Everyone was indeed shocked by Li Moying's ability earlier and because of this, the doubts they had towards Li Moying grew.

Cang Po Jun's brows creased as he walked out of the palace door with huge strides, "Palace Lord Chi, you've still not learnt your lesson? No matter what Sovereign's current situation is, Young Sect Master Li being able to control the Thousand Sword Array has already determined that he is Sovereign's successor!"

"Hahahaha!" Guardian Jun, these words of yours are really giving yourself a tight slap on your face! You totally are Li Moying's accomplice! What successor? Only the Sovereign who could control the Thousand Sword Array had been passed down to him? That Mu Chengying is definitely dead! Earlier all of you were still claiming that Mu Chengying isn't dead! Intentionally telling lies in front of so many practitioners, what conspiracy do you have exactly?"

Chi Xiao Jiu was forceful as he grabbed hold of Cang Po Jun's faulty wording, answering him back sarcastically.

"You..." Cang Po Jun was so infuriated that he couldn't say a single word.

He finally understood what was called the thief crying thief!

However, from what other people thought, Mu Chengying was indeed dead... so how was he going to explain about this?

Chi Xiao Jiu's cold smile became even more eye piercing on his face, "Why? Unable to explain? Then This Palace Lord shall..."

"You really wish to know what happened to Mu Chengying?" Li Moying interrupted him chillingly.

Chi Xiao Jiu shot a provocative look at him, "That's right, do you dare to tell everyone the truth?"

Li Moying gave a cold harrumph, "This Sovereign was thinking that today is my big day, and on account of my wife and Father-in-law's face, it's best not to spill blood on the wedding... who knows that the few of you insisted on seeking death! Since that's so, I shall let you die with a clear answer!"

At the very next moment, Li Moying's surrounding aura suddenly changed!

A gust of extremely powerful aura was unleashed from his body, and the Thousand Sword Array above Levitation Sword Palace seemed to be in correspondence as it started crying once again, moreover the sound was even more ear piercing than before!

Li Moying's original aura was already very strong but this time, it seemed different from the past.

The gloomy aura beneath his eyes intensified and a blood curling penetrative inauspicious influence was unleashed around him!

This aura was something that one had killed numerous strong practitioners and gathered numerous spirits of the brave departed could have, and it was absolutely not something that a twenty over year old young practitioner like Li Moying could possibly possess!

Following the intensity of this inauspicious influence deepening, no matter if it was inside Levitation Sword Palace or on the outside, all the practitioners stared at Li Moying in disbelief, as they started shaking all over.

Because at this moment, the feeling that he gave everyone, seemed to have changed into another person!

He had changed into.... The Number One Top Expert in Soaring Heavens Continent Mu Chengying!

Even if there was a difference in their looks, but Li Moying stood there with an austere look, but that made everyone think of Mu Chengying involuntarily!

### **Chapter 2514: Wedding night, no bloodshed (3)**

Even for Huang Yueli, when she sensed this kind of destructive aura, her heart was alarmed.

This was exactly the most familiar feeling that she felt many years ago, that had once accompanied her through numerous crisis.....

But today.....

She disregarded the fact that it was her own wedding and directly pulled the veil down as she opened her big round eyes wide, staring at the man's back at the entrance.....

Mu Chengying... was he going to make a comeback to Sky Emperor City?

Chi Xiao Jiu and the others naturally detected the abnormality of this, that the young man in front of them had suddenly turned so terrifying within an instance!

Even if the crowd knew that he was Li Moying, but in that instant, the name that flashed past everyone's mind was Mu Chengying!

"How.. how is this possible... you... who exactly... are you....." Chi Xiao Jiu trembled uncontrollably, and when he opened his mouth, his teeth were chattering nonstop.

Li Moying replied coldly, "Shouldn't you all have guessed it already? Mu Chengying is me, and I am Mu Chengying! Mu Chengying and Li Moying..... had always been the same person!"

His voice was deep but calm, without intentionally raising his pitch.

But these few short sentences were like lightning in broad daylight, which crashed onto each and everyone's head.

Li Moying was... Mu Chengying??

What joke was that? How was this possible?

But at this moment, the imposing manner that they felt, was something that was so familiar.....

Chi Xiao Jiu stared at him straight as he furiously shook his head, "Im... impossible... this is not possible.... don't even think of deceiving me! You and... Mu Chengying, you don't even look the same... moreover, Lord Zhan also said that Mu Chengying had already... already died! Lord Zhan's words... there's absolutely no wrong in it!"

Li Moying's lips curled up coldly, "You're indeed acting under Lord Zhan's instigation!"

When Chi Xiao Jiu heard this, he realised that he had a slip of tongue and hastily shut his mouth.

Sect Master Hua almost fainted from shock as he spoke out in terror, "Impossible! How can you possibly be Mu Chengying! Aren't you... aren't you from the South Sky Region? Moreover, this old man would absolutely not be wrong, you're obviously only at the bone age of twenty over years old!"

Li Moying spoke out slowly, "Your feeling isn't wrong, I indeed am born in South Yue Kingdom and I indeed am at the bone age of twenty over years old! That's because... Mu Chengying had already died sixteen years ago, whereas I... am his reincarnation!"

"What??"

"How could there be such a thing??"

"This couldn't possibly be real right?"

Hearing these, the crowd simply couldn't control the shock in their hearts, as they all started crying out.

But Li Moying was totally unaffected as he explained indifferently.

"This Sovereign had indeed met with a bottleneck when I was in closed door cultivation in Levitation Sword Palace, going into Qi Deviation and was hanging on the brink of life and death. In order to preserve my life, This Sovereign chose to use the <<Sky Devil Reincarnation Skill>>, splitting my

primordial spirit and flesh body apart to reincarnate. Back then, South Yue Kingdom's Second Prince Li Moying who was just six years old had just passed away and his body and This Sovereign's primordial spirit was most congenial so that allowed This Sovereign to successfully reincarnate... in a blink of an eye, sixteen years had already passed."

A major part of this story was actually fabricated.

In order to stabilise Blue Profound Sect's status, he had no choice but to expose his past life's identity but he wasn't willing to expose Huang Yueli's identity.

Moreover, he used an ancient cabala to rescue Huang Yueli who's soul and spirit had already dispersed. This matter was just too strange and there probably wouldn't be too many people who would believe in this.

#### **Chapter 2515: Wedding night, no bloodshed (4)**

But the <<Sky Devil Reincarnation Skill>> was an extremely famous God grade cultivation method in Soaring Heavens Continent and many large powerhouses had hidden a copy of this, hence this was something that many people had heard of.

High ranking practitioners all knew that once they mastered the <<Sky Devil Reincarnation Skill>>, they would be able to break through the current bottleneck and their abilities would increase in folds!

But in the process of reincarnation, they could possibly meet with various accidents and if the reincarnation process failed, they would end up with their souls and spirits dispersed.

Even so, in the recent ten thousand years, three practitioners had successfully reincarnated previously.

Li Moying using the <<Sky Devil Reincarnation Skill>> as an explanation, could allow all the practitioners present to accept this easily.

As expected, upon hearing his words, many of them revealed an enlightened expression.

"So it's like this... no wonder, for so many years, Sovereign Mu had never shown himself in front of everyone!"

"I can understand this now. Last year when Young Sect Master Li entered Sky Emperor City, it was Guardian Jun who personally used the Snow Cloud Sky Ship to pick him up. Back then, Young Sect Master Li was just a fresh face who had just come from the South Sky Region but yet Guardian Jun valued him so much, showing an extremely deferential attitude towards him!"

"That year, Sovereign Mu's few Guardians had astonishing abilities and all of them were proud and arrogant so I already thought that it was strange, thinking what great ability did Li Moying possess, to be able to subdue them so easily. So... it's because he's Mu Chengying!"

The crowd started to engage in discussions and a majority of them all accepted Li Moying's saying.

After all, earlier when Li Moying activated the Thousand Sword Array, he sent ten over ninth stage realm top experts flying with a raise of his hand!

This scene was something that everyone saw with their own eyes.

This point, other than Mu Chengying himself, the others totally weren't able to do it at all!

Chi Xiao Jiu and the others all had a change of expressions as they fixed their eyes bewilderedly at Li Moying!

Instinct told them that what Li Moying said should be the truth! Because the aura coming from him was simply the second Mu Chengying! This kind of cold and overbearing inauspicious influence was something that he couldn't possibly imitate.

But if they were all driven back by Li Moying out of fear, then Lord Zhan's side....

Chi Xiao Jiu coerced himself to calm down as he voiced out loudly, "You... don't think that saying these few casual sentences would mean that you are able to cheat everyone! Do you know just how difficult it is to master <<Sky Devil Reincarnation Skill>>? And just how low the reincarnation success rate is? Just based on you speaking loosely like this, on what basis should I believe that you're Mu Chengying's reincarnation? What proof do you have?"

Li Moying swept his disdainful gaze across him and replied icily, "Since, the Thousand Sword Array's might earlier is unable to convince you... then....."

He suddenly raised his arm towards the sky, as he slowly spat out two words, "War Manifestation!"

Above the skies of Levitation Sword Palace, ten thousands of long swords cried out in unison.

Amid the quivering sounds, a long sword enveloped in bluish purple flowing light swished over and landed with a swoosh, as though it was a shooting star that cut through the skies, landing in front of Li Moying!

Li Moying raised his hand as he gripped the sword handle gently.

Everyone started screaming when they saw the look of that long sword!

"God Blade War Manifestation! This is the God Relic War Manifestation that Sovereign Mu used that year!"

"This God Relic is the most powerful sword among the Thousand Sword Array and had always been something that all Blue Profound Sect's Sovereigns had wanted to tame for their own use, but only Mu Chengying alone had succeeded at it!"

"I heard that the long sword in the Thousand Sword Array would only acknowledge one owner! After the original owner died, it would return to the sword array and even if it met with an even stronger and abled practitioner, it would absolutely not acknowledge another owner!"

#### **Chapter 2516: Wedding night, no bloodshed (5)**

Everyone's gazes gathered onto Li Moying.

Right now, God Sword War Manifestation emitted a strange ray, as it integrated into one with Li Moying's inauspicious influence, shrouding him in the middle.

His handsome features turned even blurry and that tall and unyielding image looked extremely similar to Mu Chengying, simply unable to tell them apart....

Li Moying held the sword handle hard and with a “cling clang”, War Manifestation was unsheathed from the scabbard.

He caressed the sword blade which was glimmering with brilliant lights and lowered his voice as he sighed, “It’s been so many years and I’ve finally.... returned to this place, and you’ve also finally come back to me!”

Previously although his Soul Detachment Illness wasn’t cured yet, but the first time he returned to Levitation Sword Palace, he was already able to summon God Sword War Manifestation.

But Li Moying wasn’t willing to expose his own identity and adding on to the fact that the Amethyst Light Sword that Huang Yueli gave him was a half god relic, it was extremely useful and apt in dealing with most of his enemies so he left War Manifestation in the Thousand Sword Array.

God Sword Military Manifestation shook in Li Moying’s fingers, giving off a vigorous cry, as though it was about to spread its wings and fly.

But no matter how it shook, it still remained in Li Moying’s hands in the very end, under his control.

Everyone were stunned from seeing this as there was plenty of evidence before them. Anyone who saw this were all able to understand Li Moying’s true identity!

When Cang Po Jun saw this, he immediately grabbed the first chance to prostrate onto the ground and shouted out loudly, “Greetings to Sovereign!”

With him leading this, the others immediately reacted to this as well.

Blue Profound Sect’s disciples all knelt on the floor at the same time, as they bowed at Li moying.

“Greetings to Sovereign!!”

Although the other Sect’s disciples weren’t required to prostrate themselves in worship at Li Moying, but under his powerful aura suppression, they had no choice but to bow their heads down voluntarily, not even daring to give a loud heave, as they all stood up and respectfully stood by the side.

This moment, it seemed that everything had returned to twenty years ago...

With Mu Chengying overseeing Blue Profound Sect, no matter which powerhouse the practitioners came from, they would all bow before him, not daring to disobey him at all.

When Chi Xiao Jiu saw this, even though he had a lot of questions in his heart and no matter how unresigned he was, he had no choice but to accept the truth....

The man in front of his eyes.... Was really Mu Chengying, who conquered the entire Soaring Heavens Continent seventeen years ago!

“You... you... really are... really are Mu Chengying! You actually.... actually mastered <<Sky Devil Reincarnation Skill>>...”

Chi Xiao Jiu was both horrified and frightened as the blood that ran in his veins was almost about to freeze.

Li Moying swept a glance at him and said coldly, "This Seat had given you a chance earlier, for you to scam out of Blue Profound Sect! Too bad, you didn't heed This Sovereign's advice so now, don't blame This Sovereign!"

As he said that, he waved a dazzling ray of sword glint with God Sword War Manifestation and the ferocious thunder-attributed Profound Energy instantly exploded, charging towards Chi Xiao Jiu's direction!

Chi Xiao Jiu retreated in terror but was still struck by the sword ray in the chest, as he was sent flying while spitting out blood.

Luckily, as Mythical Flame Palace's Palace Lord, he had a life preserving treasure on him.

He barely managed to save his life after a piece of ninth tiered chest armour which was passed down from the ancient times was scrapped.

Chi Xiao Jiu clutched his chest as he shouted out loudly, "Ev... Everyone let's charge! Charge altogether! If we can't stop Li Moying, then we... we will all die here today!"

### **Chapter 2517: Wedding night, no bloodshed (6)**

The other top experts from the Six Sacred Lands were all hesitant.

Facing Li Moying's approaching steps, they subconsciously shuffled backwards but didn't dare to have the courage to fight against him.

To those practitioners who had experienced Mu Chengying's times, Mu Chengying's name was equivalent to a nightmare!

Seeing that pair of penetrative black pupils which were cold like ice, the group was just short of kneeling on the ground while begging for mercy.

However, Chi Xiao Jiu wasn't willing to die just like this. When he saw the others not moving, his brows knitted tightly as he continued to shout loudly, "You all... all of you imbeciles! Do you really not want to live any longer?? Did you think that he's still the past Mu Chengying? Wake up all of you! He's now Li Moying! He hasn't even reached the ninth stage realm peak, and he doesn't even have ten percent of what he had in his past life. What on earth are you afraid of??"

This sentence of his seemed to be an enlightenment with perfect wisdom as those practitioners all awoke from their fear instantly.

What Chi Xiao Jiu said was right!

Even if Li Moying was Mu Chengying's reincarnation, but... he wasn't Mu Chengying after all!

After his rebirth, Li Moying's ability indeed rose in a shocking speed, but he wasn't still able to derive at Mu Chengying's peak ability!

The group exchanged glances at one another and a few hints of hope suddenly arose in their hearts.

If it was possible, no one wanted to die!

They didn't want to die in Li Moying's hands, nor did they want to fail in their mission, and die in Lord Zhan's hands!

Chi Xiao Jiu saw them wavering and hastily cried out again, "Li Moying's ability isn't that powerful at all, he merely borrowed the might from the Thousand Sword Array hence he was able to defeat all of us at one go earlier! Now he's alone by himself and he has already left the Levitation Sword Palace so there's no way that he can activate the Thousand Sword Array!! Everyone, don't be flustered, let's charge together!! As long as we can take him down, our motive today will be considered as completed!"

Originally the top experts from the Six Sacred Lands were all flustered that they all chose to escape a distance away from the approaching Li Moying.

But hearing Chi Xiao Jiu's instigation, quite a number of them stopped in their tracks.

Moreover at this moment, Li Moying was already right in front of them and his right hand held onto War Manifestation's sword handle, just about to strike.

Chi Xiao Jiu shouted out sharply, "Everyone quickly come nearer and strike together!!"

The group didn't think too much as they all gathered over.

Li Moying's eyes flashed past a cold intent as his sword tip swept across and a surging gust of Profound Energy charged right towards the group!

Six Sacred Lands' practitioners originally lacked tacit understanding and under his powerful clash of Profound Energy, they hadn't even had time to form the circle before they were directly dealt with a severe blow causing them to fall everywhere.

Chi Xiao Jiu clenched his teeth tightly as his body shuffled backwards unobtrusively, hiding behind the others while shouting out loudly, "Don't be afraid, everyone don't be afraid! Li Moying had just made his move but he isn't even able to kill anyone at all! This goes to show that his ability is no longer the same as before! This is our chance of a lifetime!"

The group originally thought that it was a little strange and on hearing Chi Xiao Jiu's words, their spirits were lifted!

That was right, if it was Mu Chengying twenty over years ago, under one strike from God Sword War Manifestation, there would already be ten over corpses lying on the ground.

But now, everyone was still alive and kicking!

Based on Mu Chengying's insufferably arrogant character, it was practically impossible for him to be merciful so it could only be explained that he was no longer as powerful as the past, hence he wasn't able to kill anyone at all!

Thinking of this, the crowd all exchanged glances and the terror in their hearts which made them not dare to defy him earlier, instantly vanished.

**Chapter 2518: Wedding night, no bloodshed (7)**

Thinking over this carefully, the person whom they were afraid of was yesteryear Mu Chengying with that flourishing amount of ability, and not the current Li Moying!

Before they came to Levitation Sword Palace, they totally didn't attach any importance to Li Moying, feeling that he could be defeated easily.

If it wasn't for the fact that they suddenly found out that Li Moying was Mu Chengying's reincarnation, causing them to suffer a huge blow, the practitioners from the Six Sacred Lands would never act so cowardly.

Now after Chi Xiao Jiu's instigation, they suddenly seemed to have figured this out.

"That's right, we have nothing to fear! This brat's cultivation is only at the ninth stage realm seventh level!"

"Everyone, let's charge and take him down! I have wanted to experience how it feels to defeat the Number One Top Expert!"

"Everyone, let's take the opportunity and work this out altogether to capture Mu Chengying and hand him over to Lord Zhan! Otherwise if we give him a few more years to recover his former year's ability, then all of us will be dead by then!"

Thinking of this, the group didn't have any more hesitations as they all charged towards Li Moying!

Li Moying gaze was deep, his expression congealed coldly because he hadn't expected these people's heads to actually be so clear, realising this so quickly.

To tell the truth, his ability was indeed much weaker than past life by quite a lot and earlier he almost killed Chi Xiao Jiu with one strike because of the many years of power that had been accumulated within God Sword Military Manifestation!

Now that so many people were charging towards him.....

Li Moying didn't reveal any terrified expression as his left hand flipped and the Amethyst Light Sword was retrieved from his realm ring.

Two god grade swords shone brightly in the dark night as the electric currents instantly intensified, shining so brightly that it could practically blind one's eyes!

A ray of light suddenly rose from the ground and blocked off Li Moying's front.

Six Sacred Lands' practitioners sensed a huge threat as their hearts jolted, "Not good!"

But they were already in the middle of their moves so it was too late for them to retract it back!

The group's Profound Skills all struck that screen and in the very next moment, it had all rebounded!

"Ah!!"

"Damn it!"

Amid the chaotic and disoriented shouts, Six Sacred Lands' practitioners all felt themselves being struck by their own Profound Skills as they flew back in a dishevelled state!

“How is this possible?? Hasn’t Li Moying’s ability decreased greatly? How is it possible for him to block all of our attacks??”

“Cough cough, so... so scary! Luckily I haven’t used my fatal killer move otherwise the person who is dead now will be me!”

Seeing the group starting to fall back into cowardice, Chi Xiao Jiu laughed coldly, “What the gibberish about, quickly continue to attack! Such a powerful defence Profound Skill, it definitely wastes a lot of Profound Energy, Li Moying is only in ninth stage realm seventh level! It wouldn’t take a few more rounds more and he would fall from the depletion of his Profound Energy!”

When the group heard that, they all instantly felt that it made sense and once again unleashed their Profound Skills, as they attacked the light screen once again!

On the other hand, Chi Xiao Jiu secretly released a signal bomb using the cover of the light screen as he casted it out into the sky.

According to the secret letter that he sent using the Black Cloud Dove, he had already made an agreement with Elder Chen and the others, that when they saw this signal bomb, Elder Chen and the others would immediately appear to work together with him on the inside, surrounding him to attack together!

Whereas at this very moment, it was the best opportunity!

Li Moying wasn’t Mu Chengying and he didn’t believe that under twenty over Sky Chart top exponents’ combined attacks, Li Moying would really be able to pass this ordeal!

Li Moying saw the group attacking once again and the cold glint beneath his eyes shone.

He was just prepared to make a move when he was suddenly dragged from his back!

The other party had really struck too quickly and too swiftly!

### **Chapter 2519: Wedding night, no bloodshed (8)**

**Translator:** Misty Cloud Translations **Editor:** Misty Cloud Translations

Even if it was such an alert person like Li Moying, he was caught off guard as he lost his balance and shuffled back by ten over steps!

“Stinky brat, move one side!”

A white coloured figure passed by Li Moying’s side and charged right into the middle of the group.

Li Moying was dragged behind and the Profound Energy that propped up the light screen instantly broke down.

Six Sacred Lands’ practitioners were all joyful when they saw this, and was just prepared to unleash their full attacks.

Whoever knew that a white robed man suddenly appeared behind the light screen.

Moreover, this white robed man's speed was extremely swift, so swift that it had gone beyond everyone's imagination. His figure had merely flashed in front of everyone and he disappeared without a trace.

Chi Xiao Jiu and the group's eyes all opened wide with shock and they hadn't even been able to react in time when they sensed a powerful and irresistible Profound Energy attacking ferociously towards them!

"Ugh—!! Pfft—!!"

Chi Xiao Jiu felt a gush of sweetness in his throat and his entire body's bones seemed to have been crushed bit by bit as the intense pain made him cry out miserably!

His body went limp entirely as he fell on the ground, totally unable to use any bit of energy at all. Although he was in so much pain that he wanted to roll around on the floor, but he totally could not move at all!

Moreover his consciousness was very clear as he could distinctly hear his own comrades falling onto the ground one after another.

Chi Xiao Jiu's terror in his heart instantly rose!

They had not expected that under so many Sky Chart top experts' siege, there was someone who was able to cause them to be seriously injured in just one face to face meeting! To the extent that the other party totally was able to kill all of them but not knowing why, he actually left them alive.

This... what kind of terrifying ability was this!

Only Mu Chengying from twenty over years ago, as well as Lord Zhan, was able to do this!

Earlier, that white robed figure... who exactly was that??

Even when Chi Xiao Jiu was tormented by his pain, his ears could still hear the surrounding music clearly.

"Father-in-law, why have you....." Li Moying spoke out a little hesitantly.

Bai Liufeng's arms were crossed as he stared coldly at Li Moying while speaking out in a bad mood, "Stinky brat, you're really enough. Just this small matter and you actually squandered so much time and yet it's still not settled? Just these few dregs and you also can't handle them properly, it has already delayed the time for the ceremony! If I knew that you were so useless, I wouldn't have agreed to marry Lass Li to you!"

Li Moying really wanted to cry because he also wanted to settle this quickly. If it was in the past, he would have killed all of them earlier!

Alas he had yet to recover his former ability hence this was something that he couldn't do much about.

But he had a way to keep Chi Xiao Jiu and the others behind, but it just required slightly more effort.

Whoever knew that his Father-in-law had already become impatient.....

Li Moying felt that he was rather aggrieved but since he was scolded by his Father-in-law, he could not just scold him back and moreover, he had to obediently admit his mistake.

“Father-in-law, what you say is right! Luckily with your help, I believe these fellows could no longer create chaos. Will you please wait for a moment and I’ll get someone to tidy them up then go back to the wedding hall.”

Bai Liufeng had a cold hump as he swept a glance at those half dead Sky Chart top experts and said, “Today is you and Lass Li’s wedding night, it would be too much of a bad luck if someone is dead!”

Li Moying hurriedly said, “Father-in-law please don’t worry, I know the priorities.”

Bai Liufeng then nodded his head satisfactorily, as he turned back and returned to Levitation Sword Palace.

### **Chapter 2520: Wedding night, no bloodshed (9)**

Bai Liufeng slowly walked towards his own position right behind Huang Yueli.

Those practitioners present all looked at him in extreme awe, as their eyeballs were almost about to drop on the ground!

This... this.... it was absolutely their eyes that had gone blurry earlier?

How could such a thing be possible?

This elegant and suave man who was seated in the Senior’s seating, his status was something that everyone knew long ago, and he was Bai Ruoli’s father! His background was not considered a secret, and he was merely some Marquis from South Yue Kingdom.

This kind of background, in South Yue Kingdom was considered as a somebody but what was he counted as when he came to Sky Emperor City?

So right from the start of the wedding, no one had attached any importance to Bai Liufeng at all!

In the outsiders’ eyes, a practitioner like Bai Liufeng who came from such a small place definitely had ordinary ability and even if his cultivation was at ninth stage realm peak, but in terms of genuine ability, he was absolutely not comparable to those Sky Emperor City’s Sky Chart top experts.

Although Li Moying was extremely respectful towards this Father-in-law, but everyone deemed that it was because he was smitten with Huang Yueli hence he loved her house as well, so it had nothing to do with Bai Liufeng himself at all!

But in the crowd’s eyes of this “ordinary ability” and “depending on his daughter to claim relations to the Number One Sacred Lands” handsome man, in everyone’s full view, he had actually just used one move to crush ten over Sky Chart top experts’ united attack!

A majority of them were not even able to see his actions clearly, and it was only when Bai Liufeng spoke to Li Moying when they realised that he was the one who dealt such serious injury to Chi Xiao Jiu and the others!

Momentarily, everyone’s faces surfaced a shocked and revered expression!

“This.... isn’t he just too powerful! Palace Lord Chi and the others... they’re all famous top experts on the Sky Chart!”

“Did you see how Marquis Bai struck earlier? He’s so fast, I totally didn’t catch anything at all!”

“Heavens, this kind of ability.. it’s simply unheard of! Perhaps only Sovereign Mu with that year’s peak ability could match up against him!”

“Where did this kind of peerless top exponent pop out from??”

This question was something that everyone had in their minds.

After the initial shock, many of them all started whispering, trying to guess Bai Liufeng’s identity.

No one would ever believe that such a practitioner from such an ordinary background, actually possessed this abnormal ability!

However, no matter how they guessed, at least there was something that all of them had no choice but to admit.

That was, after Li Moying and Huang Yueli got married, his Father-in-law who possessed such excellent ability would definitely stand on Blue Profound Sect’s side.

So, even if Li Moying had yet resumed to its peak condition, but the deterrent force of the Number One Sacred Lands only increased without any decline!

Right now, Bai Liufeng’s ability didn’t lose out to Mu Chengying back then and a few years later, after Li Moying’s ability recovered and even improved even further, just how scary of an existence would Blue Profound Sect be??

All of them thought of this same point at the same time, and in the past decade, those powerhouses who were disrespectful towards Blue Profound Sect because of Mu Chengying’s disappearance, were all scared out of their wits!

Bai Liufeng just continued to lift up the teacup to drink the content, totally as though he hadn’t noticed everyone’s gazes.

Huang Yueli blinked her big round eyes while looking at him, “Father, you’re so awesome! It’s all thanks to Father!”

She was deeply afraid that Bai Liufeng would show Li Moying a black face so she hurriedly offered honeyed fawning words at the first moment.

How could Bai Liufeng possibly miss out on her intentions as he instantly replied with a cold harrumph.
