Chapter 3571 Strangely Hurt (5)

Moreover, Huang Sanbai chose to kill Li Moying near the secret realm obviously out of bad intentions.

This time, if Li Yuntao and the others hadn't retaliated and beat him into a sorry state, no one would have known about Li Moying's death at all. Even if the incident happened, Huang Sanbai would have enough reasons to deny all allegations!

After all, there are many crises in the secret realm, and the symptoms in Li Moying's body are so strange, who can tell clearly how he died?

While the two were talking, several doctors came out again.

The oldest Doctor Zhang came up to report: "Patriarch, we have really tried our best, but the Young Master's injury..."

"What's wrong with the Young Master's injury? Is there nothing you can do??"

"This... so far, we haven't found a cure, but we have some guesses about the Young Master's injury..."

"What guess? Say it quickly!" Li Shihong urged impatiently.

Doctor Zhang hurriedly said: "The Young Master's symptoms are definitely not caused by injuries! We speculate that if the Young Master is not seriously injured but unconscious, either he was poisoned, or someone used some special skills to open the meridians... and did something to it."

"Poisoned? What kind of poison has he been poisoned by? Special skills... what skill exactly?"

"This...we don't know yet..."

"I don't know? How could it be possible that we don't know? Our Cloudy Qilin Clan has been passed down for millions of years, and we can't even identify a single poison or skill?"

"This... the situation of the Young Master is indeed very strange! Besides, Huang Sanbai is an elder of the Holy Phoenix Clan. He is already more than a thousand years old this year. His knowledge will definitely not be less than ours. It is hard to say where he found this unfathomable poison..."

Hearing such evasive words, Li Shihong was furious, but he couldn't say that Doctor Zhang was wrong!

Just like what he said, if Huang Sanbai really intended to murder Li Moying, he must have come prepared. It's normal to have a potent poison on his body.

He stared at several doctors, "Then tell me, what should we do with this matter! How long will it take you to determine the specific reason for Young Master's coma?"

The doctors said one after another: "This is really uncertain..."

Seeing that Li Shihong was about to get angry again, Doctor Zhang said cautiously: "Patriarch, I think it's best for the clan to come forward and negotiate with the Holy Phoenix Clan. It's best to find Huang Sanbai, and let him take the initiative to explain what happened to the Young Master and let us know

what kind of poison he has administered! If possible, it would be better to let him hand over the antidote! This is much better than us pondering like headless chickens...”

Li Shihong frowned. Although he was dissatisfied with the performance of several doctors, he had to admit that this was the correct way of thinking.

He called Li Yuntao over and handed over the matter to him.

“Yuntao, you saw Huang Sanbai attacking someone with your own eyes at that time, so you will be in charge of this matter! On behalf of me, put pressure on the Holy Phoenix Clan and make them hand over Huang Sanbai!”

“Yes! This subordinate obeys the order!” Li Yuntao immediately went to carry out his order.

Li Shihong stayed in the bamboo house for a while more and only after seeing that it was really impossible for Li Moying to wake up in a short time did he leave. Before he left, he had to repeatedly order the doctors to guard Li Moying carefully, and report to him no matter what happened.

“I want to see what Huang Tianhao, that insidious and cunning person, would say! This matter... Hmph! We’ll wait and see!”

Chapter 3572 Strangely Hurt (6)

The secret realm of Saint Iniquitous Shadow.

Huang Yueli was still in the process of cultivating the new inherited skills.

At the beginning, she cultivated with the mindset to just be able to get back to action as soon as possible. With the sole intention to quickly leave to find Li Moying, she persevered on but as she delved deeper and deeper into her cultivation, she gradually felt that Saint Iniquitous Shadow was indeed worthy of being a peerless figure that appears once in ten thousand years in the God Realm. What he had created was broad and profound, and it was more effective than all the martial and profound skills she has ever cultivated before.

The evil qi in her body was gradually transforming into her own profound energy under the circulation of this new skill.

Moreover, it wasn’t just her profound energy that increased.

The golden characters kept flashing in her mind which deeply stirred her consciousness, and made her comprehension of conception improve by leaps and bounds as she felt a sudden enlightenment.

Such a chance of enlightenment was more than what she comprehended through the conception drawing. It was not even limited to the fire attribute itself. The conception contained in the golden characters belongs to the origin of heaven and earth, one that harnessed all attributes.

Although Huang Yueli’s talent was best displayed in the fire attribute talent, and her improvement was the fastest, but in the process, she also gained some understanding of the conception of other attributes.

Although these comprehensions do not help her improve her cultivation, they could play a great role in actual combat.

When Huang Yueli's dantian was filled with profound energy, and her conception reached a higher level, advancement became a matter of course.

On the third day of cultivating, Huang Yueli steadily advanced to the eighth level of the Dream Profound Realm.

On the tenth day, she had rushed into the ninth level.

As long as she advanced one more time, she will be able to become a cultivator in the Heart Profound Realm.

A person in the Heart Profound Realm who was less than twenty years old was unprecedented in the God Realm.

Huang Yueli was immersed in her cultivation, so she didn't feel anything, but Saint Iniquitous Shadow who had been protecting her from the side looking at her incredulously!

This was the real peerless genius!

It was a very honorable thing to be able to help her reach the peak and become one of her masters.

However, after Huang Yueli cultivated for a few more days, her progress was no longer so obvious.

From the ninth level of the Dream Profound Realm to the early stage of the Heart Profound Realm, it seems that there was not much difference, but it was indeed a big leap.

For the vast majority of cultivators in the God Realm, this was a huge bottleneck, even an insurmountable moat!

More than 90% of cultivators will never be able to break through to the Heart Profound Realm in their lifetime, and can only stay at the ninth level of the Dream Profound Realm.

Of course, for a genius like Huang Yueli, it was impossible to really get stuck here, but it would take a certain amount of effort to pass this limit.

Huang Yueli was so absorbed in her cultivation that she completely forgot where she was.

In fact, she had been able to move since the first time she advanced, but she didn't move at all!

Saint Iniquitous Shadow looked at her focused face, and a satisfied smile appeared at the corner of his mouth.

"Not only is she gifted and savvy, but she can also concentrate on cultivation without any distractions. Such a genius...is really rare to meet! If so, let me help you again!"

Saying that, Saint Iniquitous Shadow suddenly raised his hand, and swung his palm down heavily!

——It actually hit himself in the chest!

Receiving a blow with the power of the Life Profound Realm, he himself couldn't bear it and immediately spat out a mouthful of blood!

However, once his blood touched the air, it instantly turned into a black mist.

Chapter 3573 Stick To One's Word (1)

The black mist was exactly the same as what Huang Yueli and the others saw at the entrance of the secret realm before, it was the evil qi that was so dense that it had manifested into a black mass.

These evil qi slowly drifted toward Huang Yueli, and the moment they touched her skin, they penetrated into her body.

After being invaded by these new evil qi, Huang Yueli's body shook suddenly!

But immediately after, the speed of transforming evil qi in her body also began to increase rapidly. The mixture of evil qi and profound energy circulated continuously in her body, helping her break through the threshold as she entered the Heart Profound Realm!

Seeing this, Saint Iniquitous Shadow smiled even deeper, and lightly clenched his fists.

"I hope...you don't let me down..."

...

Empyrean Fox Continent, Medial Arch City.

As an important stronghold of the Allied Armies, it is also the Empyrean Fox clan, which has a good relationship with the Cloudy Qilin Clan and the Holy Phoenix Clan.

The Young Master of the Cloudy Qilin Clan, Li Moying, a god-level genius, was attacked by Huang Sanbai, the elder of the Holy Phoenix Clan, causing serious injuries and is still in a coma.

This incident has become the most shocking gossip news in the God Realm. In just a dozen days, it has spread to every corner of the God Realm, and it has become the topic of conversation for everyone after dinner.

And this high-level negotiation between the Cloudy Qilin Clan and the Holy Phoenix Clan also attracted the attention of all the various god clans.

Although the Twelve God Clans signed an agreement tens of thousands of years ago, they no longer fought with each other, but united and led the clans to fight against the devils.

Moreover, each and everyone had their own little calculations, so they were naturally very interested in this negotiation.

However, both the Cloudy Qilin Clan and the Holy Phoenix Clan rejected the request of the other God Clans to act as peacemakers.

On the day of the negotiation, apart from the host, the Patriarch of the Empyrean Fox Clan, no one else showed up.

“Patriarch Huang, Patriarch Li, both of them are my old friends, and we haven’t seen each other for more than ten years! This reunion of old friends really makes me very happy, and it’s worth getting drunk together!”

Lan Yuanzhen, the Patriarch of the Emyrean Fox Clan, was really a well-rounded person. He is called “Old Fox” by people in the God Realm. Seeing the two clansmen meet, they glared at each other as if they had eaten gunpowder, wishing to rush up and fight on the spot. He came out and said a few words, trying to smooth things over.

He can be regarded as one of the top powerhouses in the God Realm, his status is comparable to that of Huang Tianhao and Li Shihong, and they usually give him a lot of face.

But now, when he spoke, neither of them seemed to hear him.

Not only were they still confronting each other, but the atmosphere was obviously becoming more and more tense.

“Cough cough, Brother Huang, Brother Li! You two have travelled a long distance, and you must be very tired. I have already arranged a quiet place for you, you two might as well take a rest first, and negotiate things tomorrow...”

Before Lan Yuanzhen finished speaking, Li Shihong couldn’t bear it anymore.

He glared at Huang Tianhao, his voice was full of anger, “Huang Tianhao! Where’s Huang Sanbai? Hand over that old man to me!”

Li Shihong himself is a master at the peak of the Dao Profound Realm, and he is only one step away from the Life Profound Realm. When he glared at him, the coercion he exuded was enough to make people tremble and not stand steadily!

However, this was of no use to Huang Tianhao.

Chapter 3574 Stick To One’s Word (2)

The cultivation bases of the two Patriarchs were originally equal to each other, besides, on such an occasion, Huang Tianhao would never show weakness!

The two glared at each other, and the elders behind them couldn’t help scolding each other.

“Where’s Huang Sanbai? Hurry up and hand over that old bastard!”

“Bah! Why? Who do you think you are? Moreover, you are from the Cloudy Qilin Clan? If you want us to hand over and we’ll just hand him over?”

“Huang Sanbai, get out! You dared to attempt to murder our Young Master, but now you don’t have the guts to admit it?”

“Are you asking for a beating? How dare you insult the elders of our clan like this!”

“What’s wrong with scolding him? It’s obvious that you hurt others first!”

“Let’s hurt people first? You know what you Cloudy Qilin Clan did secretly!”

Both sides insisted on their own opinions, and soon quarrelled with each other.

Lan Yuanzhen was listening on the sidelines, suffering from a headache, and could not help but secretly groan in his heart.

Originally, he thought that accepting the entrustment from the two great God Clans would not only make the Cloudy Qilin Clan and the Holy Phoenix Clan owe him a favour, but also be the first to know the truth about the conflict between the two great clans. Unexpectedly, this was really a chore!

If the current development continues, the two clans will inevitably fight on the territory of the Empyrean Fox Clan!

Seeing that the two sides were really going to fight, Lan Yuanzhen couldn't care about anything else, so he rushed into the crowd with a stride, and just stopped between Huang Tianhao and Li Shihong.

The two Patriarchs had already started mobilising their profound energy and were about to make a move. Suddenly seeing Lan Yuanzhen rushing out regardless of safety, they could only stop abruptly.

"Patriarch Lan, please get out of the way!"

"Patriarch Lan, this is a grievance between our two clans, and it has nothing to do with you!"

Li Shihong and Huang Tianhao spoke at the same time, they didn't even look at Lan Yuanzhen, they still stared fiercely at each other.

Lan Yuanzhen said helplessly: "Brother Li, Brother Huang, don't embarrass me! You all promised me before that you would never do anything in Empyrean Fox Continent, so I agreed to be the middleman, why? Are you going to regret it?"

Only then did the two Patriarchs think of this, and their faces froze immediately.

Then, both of them snorted coldly at the same time, and took a few steps back.

"Patriarch Lan, then I will give you this face and let these bastards live a few more days!" Li Shihong sneered.

"Li Shihong, what do you mean? Do you really think that the Holy Phoenix Clan is afraid of you?" Huang Tianhao's anger immediately surged up again when he heard this!

Lan Yuanzhen pressed his forehead with a headache, "Two Patriarchs, please be quiet and don't be impatient. If you have anything to say, let's talk about it tomorrow..."

"No, we can't talk about it tomorrow! I'm going to find out old man Huang Sanbai today!"

Li Shihong's face was gloomy, and he cut Lan Yuanzhen's words decisively, "It's not that I don't give you face, brother Lan, but... Moying's injury can't be delayed any longer! That old thief Huang Sanbai, I don't know how to give Moying any face." What kind of poison did he administer? It's too vicious, Moying has been in a coma for more than a month, and he still hasn't woken up!"

Li Shihong was really in a hurry.

Although the doctors of the Holy Phoenix Clan judged that it was Huang Sanbai who poisoned Li Moying, Li Shihong didn't plan to come to the Holy Phoenix Clan to ask for the antidote at first, and the trouble became known all over the world!

Li Moying is the pride of the Cloudy Qilin Clan, and the hope of the future. His life and death was uncertain, and how many forces were secretly gloating!

Therefore, at the very beginning, Li Shihong still placed his hopes on the medical skills of the clan doctors.

Chapter 3575 Stick To One's Word (3)

However, even though all the doctors in the clan were grandmasters from the Heaven Elixir Pagoda, they were helpless against Li Moying's injury.

As a last resort, Li Shihong had no choice but to secretly seek out famous doctors in the God Realm, all grandmaster-level doctors who had a little friendship with the Cloudy Qilin Clan were invited to treat Li Moying.

The result disappointed him greatly.

Not only has no one been able to find a way to detoxify, but because some foreign doctors are not tight-lipped, they even spread the news of Li Moying's serious injury.

This kind of news spread the fastest, and it didn't take long for everyone to know about it.

When Li Shihong heard the news, he almost fainted on the spot!

However, since the news had leaked out, he no longer had any qualms. He simply denounced the shameless behaviour of the Holy Phoenix Clan and asked Huang Tianhao to negotiate in person.

When Huang Tianhao heard Li Shihong's words, he also knew that he was very anxious now.

However, not only did he not empathise with him, but he even laughed triumphantly, "Li Moying hasn't woken up yet? Tsk tsk, it's really not going to work, right? You really deserve it!"

"What did you say??" Li Shihong was already very angry, but being fueled by Huang Tianhao, his anger became even more intense.

However, Huang Tianhao was not affected by his aggressive appearance at all, and sneered again, "Li Moying will have today, I'm afraid it really is retribution!"

Li Shihong's eyes gradually turned cold, "It seems that I guessed right! This incident was not an accident caused by a secret treasure hunt at all, and Huang Sanbai himself did not have the guts to plot against our god-level genius. Your Holy Phoenix Clan's secret plan is to get rid of the god-level genius of our Cloudy Qilin Clan!"

Li Shihong's voice was cold and hard, but every word he uttered was enough to make people shudder.

Lan Yuanzhen was listening on the sidelines, he had already forgotten about the matter of persuading the fight, and was so overwhelmed by Li Shihong's words that he couldn't even speak!

A genius who murdered other God Clan's...

This is something that was clearly prohibited in the agreement signed by the twelve ancient gods, and it is the most criticised thing!

A peerless genius is the hope of the clan, and it is also the factor that is most likely to cause conflicts among the major families.

In order to alleviate the conflicts caused by the struggle between geniuses, the agreement stipulates that the twelve great god races must treat all the geniuses of the god race and the human race equally and cultivate them together.

In fact, this is of course very difficult to do. All races must have selfishness towards their own geniuses. However, on the surface, no one will show their jealousy and hatred for other God Clan geniuses. Such assassination of foreign geniuses is even more important. It hasn't happened in tens of thousands of years!

Lan Yuanzhen held his breath, his gaze wandering back and forth between Li Shihong and Huang Tianhao.

If things are really as Li Shihong said, then the Holy Phoenix Clan will become the object of boycott by all the God Clan!

Huang Tianhao sneered when he heard Li Shihong's accusation.

"Yes, you guessed it right! It is the wish of all members of our Holy Phoenix Clan to kill the scourge of Li Moying!"

Admitted!

Huang Tianhao actually... admitted it!

Lan Yuanzhen couldn't believe what he heard.

Li Shihong was even more shocked, trembling with anger, "You... you... how dare you do such a thing! This is a violation of the God Clan agreement! You actually dare to blatantly commit such crimes, you are waiting to become the public enemy of all God Clans!"

Although he had already guessed, Li Shihong never expected that Huang Tianhao would admit it directly!

Chapter 3576 Stick To One's Word (4)

He admitted this, but it was tantamount to pleading guilty.

At that time, the other eleven great god clans will put pressure on the Holy Phoenix Clan together, and the Holy Phoenix Clan will not be able to bear such pressure at all!

Li Shihong originally thought that although this matter was definitely a conspiracy of the Holy Phoenix Clan, it was absolutely impossible for the other party to admit it, and the two sides would definitely have to argue for a long time on this issue.

Who knew that the other party would admit it so readily!

How dare they be so arrogant?

Could it be that the Holy Phoenix Clan has anything else to rely on?

Thinking of this, Li Shihong looked suspiciously at Huang Tianhao, and as expected, he saw a gloomy and calculating look in the other's eyes.

Huang Tianhao took a step forward and said loudly: "Since Patriarch Lan is here, let's explain it right now! Let Patriarch Lan judge and judge, who is right and who is wrong!"

Li Shihong frowned, and the ominous premonition in his heart became more obvious.

"What do you mean? You have already admitted just now that you deliberately attempted to murder our clan's god level genius. What else do you have to say?"

"What do I have to say?" Huang Tianhao glanced at everyone in the Cloudy Qilin Clan disdainfully, "Don't play dumb for me! Li Moying first assassinated the god-level genius of our Holy Phoenix clan. Clan seniors, don't you know? It's clear that you Cloudy Qilin Clan used their brains first and used such low-handed means to kill our genius! We had no choice but to take revenge with an eye for an eye!"

"What... what??"

"How can that be?"

On the Cloudy Qilin Clan's side, from Li Shihong to several elders, they never expected such a thing to happen, and they all looked shocked!

However, the members of the Holy Phoenix Clan had long believed that they were pretending to be stupid, and they all looked at each other with resentment. If Huang Tianhao hadn't stopped them, they couldn't help but rush forward and tear the enemy apart.

Lan Yuanzhen was even more scorched by this thunderbolt.

He knew that he would definitely hear some secrets today.

But I didn't expect to hear such shocking secrets twice in a row!

Not only did the Holy Phoenix Clan assassinate the god-level genius of the Cloudy Qilin Clan, but the Cloudy Qilin Clan also killed the Holy Phoenix Clan's god-level genius? Moreover, Li Moying of the Cloudy Qilin Clan did it himself!

Lan Yuanzhen wouldn't even have dared to think about these words if he hadn't heard them with his own ears!

However, Li Shihong behaved more like a normal person than Huang Tianhao before.

After being stunned for a moment, he came back to his senses again, and immediately denied it: "Impossible, this is absolutely impossible! We did find out that there might be a god-level genius in the Holy Phoenix Clan, but no one has even seen the person, and I haven't verified the authenticity of the matter, so how could it be possible to kill that person?"

After Lan Yuanzhen heard this, he also said: "Patriarch Huang, this matter... Is there any misunderstanding? When did the nobleman produce a god-level genius? We, the Emyrean Fox Clan, have never heard of it. What about the news! Come to think of it, the Cloudy Qilin Clan may not know about it... Isn't it a bit arbitrary when you say that? Is there any evidence?"

Before today, Lan Yuanzhen was really not sure if there were any god-level geniuses in the Holy Phoenix Clan.

The rumours did circulate outside but after a few days, there was no other news. Moreover, the so-called god-level genius of the Holy Phoenix Clan did not appear in front of everyone like Li Moying, let alone made any splash. He had long believed that the feat of killing the powerful devil was a rumour.

Chapter 3577 Stick To One's Word (5)

Only now did Lan Yuanzhen realise that the rumour was actually true!

In this way, it's no wonder that there are only rumours from the Holy Phoenix Clan, but no one has seen that god-level genius. It turns out that the other party was killed by Li Moying just after arriving in the God Realm!

Lan Yuanzhen had made such an assumption, which others would also think about.

Especially the elders of the Cloudy Qilin Clan, they immediately remembered that when the clan first learned that the Holy Phoenix Clan had produced a god-level genius, the Patriarch specially called all the high-level officials to discuss the matter.

At that time, the clan sent people to Soul Connection Ocean to inquire about the god-level genius of the Holy Phoenix clan!

And the person who was sent... was Li Moying!

Moreover, since Li Moying left Amethyst Paramount Palace that day, he has never returned to Cloudy Qilin Continent. No one knows whether he has seen the god-level genius of the Holy Phoenix Clan, let alone what he did after he left or something happened after he left.

Thinking of this, several members of the Cloudy Qilin Clan lowered their heads, feeling a little guilty for no reason.

Although, they all thought that, judging from Li Moying's usual behaviour, he was arrogant and arrogant, and it was unlikely that he would do such a dirty thing, but, after all, people's hearts are far away, so who can say for sure?

Li Moying has only been in the God Realm for more than a year, and she didn't grow up in the clan.

Li Shihong also thought of this, and his expression changed several times quickly.

However, he is the Patriarch after all, and he has a very clear mind, knowing that no matter what the truth of the matter is, they absolutely cannot admit it!

Once admitted, it will be their Cloudy Qilin Clan who are unlucky!

He immediately said in a cold voice: “Huang Tianhao, I know that your Holy Phoenix Clan is shameless enough, but I didn’t expect that you would be so shameless! Knowing that you can’t deny the fact that you murdered our genius, you actually made up such a lie? Aren’t you just bullying Moying, who is now in a coma in bed, unable to wake up and confront you?”

Huang Tianhao sneered disdainfully, “Our Holy Phoenix Clan has always been upright, so why do we need to do such a thing? Li Moying assassinated our genius, this is what Elder Huang Sanbai saw with his own eyes! Elder Sanbai, what did you go through at that time? Tell the truth, and see how they deny it!”

As soon as Huang Tianhao finished speaking, Huang Sanbai walked in from the back door of the room.

In fact, he had already arrived at the door, but for his safety, Huang Tianhao asked him to wait outside the door, and only let him appear at the critical moment.

Huang Sanbai walked behind Huang Tianhao, before he could speak, two lines of tears had already flowed down.

He choked up and said: “Patriarch, please... Please, please be sure to seek justice for Young Miss Li! This little thief, Li Moying, deserves to die! He not only killed Young Miss Li, but even my sister Elder Shuangyu, Elder Zhao also died at his hands!”

An old man with white beard and hair, a master who has been famous for a long time, was devastated in front of so many people.

For a while, Lan Yuanzhen felt a little moved, and before Huang Sanbai started to testify, his heart was already biased towards him.

Huang Tianhao was even more angry and sad, “Elder Sanbai, don’t be sad, tell them the truth!”

“Yes!”

Huang Sanbai lowered his head slightly, covering the darkness in his eyes, “Half a year ago, our clan sensed that there was a possibility of a god-level genius in the lower realm who was about to ascend. When I met Young Miss Li, she did have a god-level talent!”

Chapter 3578 Stick To One’s Word (6)

Lan Yuanzhen sucked in a mouthful of cold air as he gasped.

Huang Sanbai’s words positively verified the rumours about the god-level genius of the Holy Phoenix Clan.

Huang Sanbai continued, “The old man was afraid of delaying time, so he personally escorted her to return early on Azure Luan. But who knows, it was such a hasty decision by the old man, but...it killed Young Miss Li!”

When he said this, he began to choke up again.

Huang Tianhao was furious, but seeing the elders in the clan so sad, he couldn’t help comforting him: “Elder Sanbai, don’t blame yourself so much! You are also thinking about the clan, if you want to blame

this matter, you can only blame Li Moying, that lowly bastard! He wants to harm people, and you can't guard against him!"

Huang Sanbai had a sad look on his face, but he was about to laugh out loud in his heart.

Originally, he failed to attack Li Moying this time, and was rescued by the people of the Cloudy Qilin Clan. He thought that the things he did must not be hidden!

When the truth is revealed, he will definitely die without a place to bury him!

For this reason, Huang Sanbai has been wandering around in anxiety, not daring to return to Sacred Phoenix Continent.

But who would have thought that, as time passed day by day, what he was worried about did not happen at all!

Li Moying didn't know what happened, but he was poisoned by a strange poison, and he is still unconscious until now. Moreover, judging from the anxious appearance of everyone in the Cloudy Qilin Clan, he was likely to die because of it!

Moreover, the guards around Li Moying are said to be seriously injured, two of them have already died!

After hearing the news, Huang Sanbai couldn't help but smile from ear to ear.

God is on his side!

He is the final winner after all!

Hearing that the Holy Phoenix Clan and the Cloudy Qilin Clan were going to negotiate in Medial Arch City, Huang Sanbai came here on purpose last night just to pour dirty water on Li Moying again.

Anyway, Huang Yueli probably died, and Li Moying seemed to be dying too...

No one will ever know about the crimes he committed!

It was impossible for Li Moying to stand up and defend himself.

He was proud of himself, but he didn't show it at all on his face.

Huang Sanbai raised his sleeves, wiped the tears from the corners of his eyes, and said, "Patriarch, although you and the other elders are magnanimous, this old man is still to blame..."

Seeing Lan Yuanzhen's questioning gaze, he quickly continued to explain.

"The old man and Young Miss Li walked halfway to a deserted riverside. We wanted to take a rest, but Li Moying had already spotted us. Taking advantage of the darkness, he first killed Azure Luan, and then hurt Young Miss Li again!"

"The old man lives with Young Miss Li in the tent beside hers. When I heard something strange and rushed over, it was too late. Li Moying had already led someone to hold Young Miss Li hostage and was about to leave. I chased after him and fought hard against him. Although he was defeated, he had already severely injured Young Miss Li, and even threw her from the airship that had flown high into the sky!"

Having said that, he paused again, as if he was suppressing the grief and indignation in his heart.

“Li Moying is... so mad! The old man didn’t care about chasing him, so he turned his head and wanted to rescue Young Miss Li first, but he couldn’t find it after several searches. The place where Young Miss Li fell is a wild place, maybe it’s true... ..real...”

Huang Tianhao had obviously heard it countless times.

Just when Huang Sanbai was busy pretending to cry, he turned to Li Shihong with a pale face.

Chapter 3579 Stick To One’s Word (7)

“Patriarch Li, have you heard Elder Sanbai’s words? The majestic Young Master of the Cloudy Qilin Clan, actually did such a thing! It is simply a disgrace to the entire God Realm, and he deserves to die!”

After Huang Tianhao died, the elders of the Holy Phoenix Clan were all inexplicably sad and angry.

“That’s right, Li Moying deserves death!”

“It was he who murdered our god-level genius first, and now it’s just letting him pay back his life, which is as it should be!”

“Even if Li Moying is dead, it can’t cover up the shamelessness of your Cloudy Qilin Clan!”

“I really admire you, Cloudy Qilin Clan. You actually have the face to accuse our Holy Phoenix Clan of harming people? Hmph! Why don’t you take care of yourselves!”

The elders of the Holy Phoenix Clan were all deceived by Huang Sanbai. The anger was definitely from the bottom of their hearts. The more they talked, the more excited they became, and they were about to fight again.

Lan Yuanzhen hastily stepped forward to stop him, “Elders, please calm down! The truth of the matter has not yet been determined, so let’s listen to what Patriarch Li said...”

“Listen to what he said? It is absolutely impossible to admit that a shameless person like Li Moying is the future heir. They are clearly the same as birds of a feather!”

Huang Sanbai was afraid that everyone would calm down, so he quickly poured another spoonful of oil on the fire.

Hearing this, Huang Tianhao immediately looked at Li Shihong, “How is it? Li Shihong, what else do you have to say?”

Listening to Huang Sanbai’s testimony, Li Shihong’s face became more and more ugly, and his heart gradually sank...

However, Li Moying was cultivated by him alone. He has a much deeper understanding of Li Moying than others. Although he hasn’t been in contact with him for long enough, he believes that Li Moying was definitely not such a person!

If he didn’t believe in Li Moying’s character, he wouldn’t have recognized Li Moying as the Young Master of the Cloudy Qilin Clan in such a short period of time!

To sit in this position, talent alone is definitely not enough.

Li Shihong's thoughts turned, he looked straight at Huang Tianhao without fear, and snorted coldly, "Dare to ask Patriarch Huang, apart from the testimony of the old man Huang Sanbai, what evidence do you have?"

Huang Tianhao was startled.

Huang Sanbai stood up and glared at Li Shihong with an expression of being greatly insulted.

"This old man guarantees with his own reputation that everything he said before is true! This is the evidence!"

Hearing this, Li Shihong snorted coldly with disdain: "Who wouldn't swear? So, you are the only witness in this matter? Just based on your empty words, you want to slander the Young Master of our Cloudy Qilin Clan and kill him? Then I also want to say that this matter was clearly fabricated by you Cloudy Qilin Clan, in order to cover up your dark purpose of assassinating Li Moying! In my opinion, you just want to pour dirty water on him while Moying is unconscious, in fact, you don't have any god-level geniuses at all!"

Hearing Li Shihong's words, the elders behind him also reacted.

It is true that not all of these elders are like Li Shihong and believe that Li Moying is innocent, but when it comes to such an occasion, everyone knows what they should say.

"That's right, the intentions of your Holy Phoenix Clan are really sinister enough!"

"He fabricated a god-level genius out of thin air, just to push the responsibility onto our Young Master!"

"Huang Sanbai, you old man, you dare to use your reputation as a guarantee, bah! How much is your reputation worth for the bastards of the Holy Phoenix clan?"

Everyone spoke in unison, and turned their spearhead to the Holy Phoenix Clan.

Huang Sanbai's face was flushed red, and he pointed at the other party, his hands trembling a little.

"You...don't make any blatant accusations! Our Sacred Phoenix Clan has god-level genius, and I am not the only one who has met her! Moreover, it's not only our clansmen who have seen Li Moying at the Sea of Soul Connection Ocean, even the steward of Soul Connection Ocean can also prove this point!"

Li Shihong said unhurriedly: "What can that prove? Li Moying has indeed been to Soul Connection Ocean, but having been there does not mean that he killed someone! If you can't find evidence, don't bite around like a mad dog!"

"You...you are really going to deny it to the end, right?" Huang Tianhao was furious!

"This is not denial, but that it cannot be slandered by others! Moying will never do such a thing! In my opinion, it wasn't Huang Sanbai who killed your god-level genius himself, but blamed Moying. It was you, the Holy Phoenix Clan, who colluded together to kill Moying first and then planted the blame on him!" Li Shihong sneered, and quickly had an idea in his mind.

The elders of the Cloudy Qilin Clan also joined in.

Speaking of which, these two were indeed the most likely reasons.

However, both Li Shihong and the elders believe that the possibility of Huang Sanbai killing someone was very low. The most likely thing is that the Holy Phoenix Clan intentionally framed it!

When Huang Sanbai heard Li Shihong's analysis, a cold light suddenly flashed in his eyes.

He did not expect that Li Shihong's guess was so accurate.

However, this is nothing to worry about, because the Holy Phoenix Clan has preconceived ideas, and no one will listen to Li Shihong's words.

Sure enough, the members of the Holy Phoenix Clan believed in Huang Sanbai and believed that the Cloudy Qilin Clan was treacherous and shameless.

The two sides insisted on their own words, and a new round of scolding started again, and it soon rose to the fighting stage.

Lan Yuanzhen tried his best to stop them.

In desperation, he didn't care about the etiquette of the host and guest, and directly called all the masters of the Empyrean Fox Clan to fight.

Fortunately, both the Cloudy Qilin Clan and the Holy Phoenix Clan sent only five or six representatives, and the number of masters was far less than that of the Empyrean Fox Clan. In this way, they also used some violent means to separate the people on both sides.

Even though they were forcibly pulled away, the elders of the two major God Clans were still yelling at each other, wishing they could pounce on each other and kill each other.

Lan Yuanzhen coughed heavily, "Two Patriarchs, don't embarrass me as a middleman, alright? Didn't you say that you should fight? If you really want to argue right and wrong, you can ask the twelve great gods to discuss together according to the agreement. Fighting is not going to solve the problem."

Li Shihong and Huang Tianhao calmed down for a while, and they both knew that they had caused Lan Yuanzhen trouble.

They could barely suppress the anger in their hearts, and each took their people back to the resting place.

Lan Yuanzhen looked at the backs of both parties leaving, and pressed the throbbing forehead.

"This negotiation will go on for three more days. What should I do next? If I had known, I would not have accepted this hot potato!"

As he spoke, he frowned again, "The Cloudy Qilin Clan and the Holy Phoenix Clan...who told the lie?"
