### Chapter 28 Apology

When they arrived at the office, everyone took their seats, and Lillian began flipping through her

notes.

"Our company has invested in five dramas so far: one war drama, one ancient puppet drama, one modern puppet drama, one martial arts drama, and one fantasy drama, right? Could everyone tell me the reasons for investing?"

Diana's face froze.

There **was** silence for a moment before everyone started explaining with a buzz.

Lillian's face

grew darker and darker.

Diana's brows were frosty, with a forced smile on her face.

"Ms. Wilson, I don't mean to say that you're an outsider leading insiders. The entertainment industry's television drama production is very complicated. You should go and understand the situation firsthand first."

Lillian's eyes grew colder, her face becoming more unpleasant as she slammed the table heavily. "Alright! Then, let's go and understand the situation firsthand. Ms. Hall, please accompany me to visit each drama crew!" Lillian looked at her with a fake smile and then swept her gaze across

everyone.

Within a week, she withdrew from four out of the five film and television projects that the original company had invested in, leaving only one decent modern model project.

Within and outside of the Regal Group, it was known that a ruthless CEO had arrived, handling matters decisively and swiftly who completely replaced Diana.

In the hall of the business banquet, Zachary held a wine glass, listening solemnly to Harris' on the new CEO of the Regal Group.

report

Today's banquet was prepared for the official appearance of the CEO of the Regal Group in the business world, and he came here today to discuss cooperation with the Regal Group's CEO as soon as possible.

"Okay, I understand. What has Lillian been up to recently?"

Harris pursed his lips and glanced at his expression.

"It seems that Ashton has abandoned Ms. Wilson. It's a coincidence that their surnames are the same. Ms. Wilson seems to have been trying to please Diana. They've been on business trips together, and it seems like she's going to enter the entertainment industry and become an

actress!"

"What?" Zachary's face darkened, and his hand holding the wine glass tightened.

He **was** in a bad mood, and a timid voice calling out "Zachary" sounded.

Beatrice carefully held onto his arm. His body stiffened, but he didn't push her away. "Zachary, I **have** reflected on myself at home for a long time, and I know I was wrong." Beatrice **teared** up, looking **at** Zachary with her delicate and soft voice.

"After Lillian divorced you, she has been behaving inappropriately. I was afraid that she would humiliate your reputation and make you a laughing stock in the industry, **so** I acted impulsively... cough cough... I'm truly sorry. The police are investigating me, and I am **willing** to go to jail to atone for my sins. I will never drag **you** down."

Beatrice started coughing when she got emotional, looking even more pitiful.

Zachary's tense jaw softened, and he sighed gently, reaching out to embrace Beatrice's shoulder. "I'll solve the problem for you. Just don't do anything stupid again."

While they were talking, Lillian walked in, wearing a strapless moonlit white dress and walking side by side with Diana. She had a clean and neat ponytail, sharp and elegant, attracting most of the attention as soon as she entered.

Lillian had just taken her position when she saw Beatrice holding onto Zachary's arm, walking towards her.

Diana tactfully left.

Looking at this pair of perfect lovers, Lillian showed a disgusted expression.

They were so annoying!

"I'm sorry, I was confused earlier and almost hurt you."

Beatrice reached out to hold Lillian's arm, only to be rudely pushed away.

Beatrice looked at Lillian teary-eyed, seeking help from Zachary.

Zachary impatiently reached out and protected Beatrice behind him.

“Beatrice is indeed in the wrong, but since she has apologized to you, why are you so aggressive?”
