Chapter 161

"Mom..." Mia's expression changed and she said, "That's Rose's cake!"

Dora looked at the cake that had become disgusting and pursed her lips.

"It doesn't matter if I take a bite." Debbie didn't take it seriously at all. "Can't she eat it if I eat it?" Mia carefully looked at Dora's expression and said, "Rose, your grandma is like this. Don't be angry..." "I'm not angry." Dora took a deep breath.

If it weren't for the fact that she was afraid of being discussed by the outside world that she was an ungrateful person, she would never have paid attention to these two country women!

When Debbie and Mia came to the door, she had been refusing to see them. As a result, Daxton knew about it and asked someone to tell her that Mia was her biological mother. Although she didn't raise her up, she couldn't forget the kindness of her birth. She should meet her.

In fact, Dora was very afraid of Daxton. Daxton had already said something like this. If she still didn't see Mia, it would be hard for her to explain to Daxton.

"Let's go if we're done eating." Dora was only able to reveal a smile after forcing herself. "Didn't you say that you want to go shopping?"
