"You and Rose will have high tea tomorrow afternoon." Antony sat back beside Crystal and said, "Take it as my reward for helping you today?"

Crystal said seriously, "Do you know what it means to be helpful?"

"I don't know." Antony said, "I only know give-and-take. If you don't help me, I won't pick up your phone in the future."

Crystal said, "All right then."

Antony was speechless... What nonsense are you talking about?"

Antony was speechless.

"I want to rip your head off," Antony said. "After that, I'll take a look at what's inside."

Crystal quickly held her head and said, "I've checked it for you. It's full of wisdom"

Antony was speechless.
