

Widow 289

Chapter 289

"You..." Ariel said, "What do you know? You don't know anything at all!"

She finally couldn't maintain her magnanimous look and said sharply, "Six years ago, she wanted to be with a rich man and broke up with Alan. Alan was down for several months because of her. It took him a lot of effort to recover, but she came to find Alan to make up with him again. Alan was very happy, but what happened in the end?"

Ariel stared at Anaya and said, "She just took a fancy to the Shamus family's wealth. She asked for one million from Alan... Miss Paisley, how expensive do you think you are? Do you think you are worth one million?"

Anaya took a deep breath and said, "It's all in the past. You've also made trouble before. There's no need to dig it out again."

"Ha." Ariel crossed her arms and said, "Isn't there someone who is standing up for you? I just want her to know those disgusting things you have done!"

Anaya turned to look at Crystal. She seemed to want to say something, but swallowed it back. She just pulled Crystal's hand and whispered, "Forget it, let's go."
