

## Widow 291

### Chapter 291

"It's just that I'm in a good mood," Harold said. "Don't you want to change the dressing? The food will get cold after a while."

Dana looked at them with a smile on her face and said quickly, "It's okay, it's okay. If the food is cold, I'll reheat it."

Crystal unbuttoned his shirt, revealing Harold's well-defined chest. Last time, she was busy looking at his wound. This time, Crystal noticed his abdominal muscles. They were not exaggerated, but very obvious and extremely beautiful.

Crystal looked up. "Can I touch them?"

Harold asked, "Can you touch a man's abdominal muscles at will?"

Crystal thought for a moment and took her phone. A few seconds later, Harold received a notification. He took his phone and saw that a transfer was made by Crystal. After checking it, he saw that it was a huge sum of one dollar.

"Can I touch them now after paying the money?" Crystal asked.
