Chapter 420

"You have a sweet mouth." Flora laughed and put on a good air. "Let's go and pick Mrs. Mcadams up in person."

Flora went all the way from the hall to the door, and Edna's car arrived in time. Flora put on a polite smile, ready to appreciate Edna's frustrated expression. However, the moment Edna got out of the car, both of them were stunned.

Because of the grievances between the two of them for many years, there were also many guests who came out to watch the fun. At this moment, the guests were also stunned.

However, a child asked, "Mom, why are Aunt Edna and Aunt Flora wearing the same dress?"

The embarrassment spread in all directions. The noblewoman quickly covered her daughter's mouth and hid in the crowd.

No one wanted to have a fashion faceoff. In the past, without Edna as a comparison, Flora felt that this cheongsam matched her well and was very beautiful. However, Edna was very attractive. The cheongsam outlined her plump waist, showing a rare charm. Even if Flora was unwilling to admit it, she understood that she had lost.
