

Widow 451

Chapter 451

Anaya opened her eyes and saw the snow-white ceiling.

“Anaya!” Alan was ecstatic. “You finally woke up!”

Anaya slowly turned her head and saw Alan’s bearded face.

She closed her eyes again, thinking that she was still in a dream. Alan asked with concern, “Do you feel any pain? I’ll call the doctor right away...”

The doctor rushed over and checked on Anaya. He let out a sigh of relief and said, “It’s good as long as she wakes up. At present, the situation is not bad. She can be transferred to an ordinary ward. However, she can’t eat yet. She can only have IV. She can’t digest food now.”

Alan nodded and kept it in mind. The doctor reminded him again, “You’d better let the patient rest more.”

“I know. Thank you, doctor.” After sending the doctor away, Alan turned back to the bedside and held Anaya’s hand. He couldn’t help kissing her on the back of her hand and whispered, “Anaya... you’re awake. I’m really happy.”
