

Widow 515

Chapter 515

Under Crystal's expectant gaze, Harold inserted a piece of cake filled with cream into his mouth with a fork. The next second, he was speechless.

There was still no expression on his face. Crystal asked, "How is it?"

Harold said calmly, "Not bad."

He passed a piece to Crystal. "Have a taste."

Crystal was very proud. She ate the fruit in one gulp with Harold's hand, and then she was shocked.

Harold, who was already prepared, handed a tissue to her lips. Crystal spat it out and covered her mouth. "It's so sour!"

Dana asked in confusion, "How could it be sour? Isn't there a mango inside?"

Crystal said, "I don't think mango tastes good. I wanted to create something new, so I put some lemon into it."

Dana was speechless.
