

Widow 95

Chapter 95

“Lorna...” Minnie was about to cry. “Is Antony angry?! If he is angry, will he... will he...”

Lorna frowned and said, “You were very clueless. No matter how much you dislike Crystal, you can’t say anything about her in front of Antony. You even said that she’s embarrassing... She’s the Fifth Miss of the Evans family. Doesn’t it mean that you were making the Evans family sound bad as well?”

Minnie was stunned and then said, “I was just venting for Rose! I got angry when I saw Crystal. People like her and Rose are from heaven and earth. She doesn’t even deserve to carry Rose’s shoes for her. She even wanted to steal her identity.”

Lorna sighed and said, “Well, I don’t mean to blame you. Don’t worry. Antony usually doesn’t care about these trivial things, but...”

She took out her phone, made a phone call, and said, “I have to talk to Rose about this and ask her to be on her guard. She better not be so kind to Crystal. Crystal might not appreciate it, and it’s very likely that she will take her family away.”

After dinner, Antony asked someone to drive the car over. Crystal pulled the car door and looked at Antony with tears in her eyes. “Do you really want to send me back to the White residence?” Antony stuffed her into the car. “What else can I do? You’ve eaten enough. If you keep making trouble, don’t blame me for being rude.”

Thinking of how he had beaten up Caleb, Crystal immediately sat down obediently.
