

## The Wife I Picked Up Is Too Chapter Chapter 1009

“When Feng Yiru was sixteen years old, she disappeared from our lives as if she had disappeared from the face of the earth. Until later on, she earned money somewhere, but she never took the money back to the Feng family. Every time she did this, my parents would quarrel with her.

“Two years later, Feng Yiru reached adulthood. Then, she disappeared for a few years. Just as our entire family thought that she would no longer come back, Feng Yiru returned one day with a big belly. Moreover, what shocked us even more was that her original celestial beauty was completely destroyed. You basically know what happened after that. No matter what Feng Yiru thought, my parents raised her as their biological daughter. However, she didn’t know her limits. She got pregnant out of wedlock and made our Feng family lose all our reputation in our old home in Penang City. Therefore, my parents forced her to tell them who that man was. But Feng Yiru refused to say anything. Because of this, my parents were so angry that they fell sick.

“Feng Yiru’s appearance was completely destroyed, and it was impossible to help her restore her appearance with the medical skills at that time. Therefore, my parents gave up on the idea of arranging a good marriage for her.” Feng Yuanzhou lit another cigarette after he finished one. While he was reminiscing about his family’s past with Feng Yiru, his face would show anger, pity and pain.

“As for the child, you had just given birth that morning. In the afternoon, Feng Yiru gave birth to Feng Qing. I swapped our dead child with hers and sold Feng Qing to someone else through some other connections. Until thirteen years ago when that human trafficker was caught by the police. Then, the human trafficker confessed about the children he had sold all these years. At this point, the police found the old couple who adopted Feng Qing through the clues provided by the human trafficker.” Feng Yuanzhou smoked one cigarette after another. Without needing anyone to ask anything, he recounted the unbearable past.

When he spoke up to this point, Feng Yuanzhou’s face was filled with lingering fear. Back then, when the police found Feng Qing, he was worried and afraid for a long time, afraid that the police would take him

away too. That way, not only would the dirty things he did behind her back be discovered, but he would also have to face a legal trial. It had to be known that in Xia country's laws, human trafficking and child trafficking were serious crimes. It was considered a criminal crime.

Of course, there was another important point. If the police arrested him, the police would definitely do a paternity test between him, Feng Qing, and Feng Jianing. That way, Fu Anlan would know that Feng Jianing was his and another woman's biological daughter. At the same time, Feng Yiru would also know about the wicked things he had done behind her back. Then, she would definitely break off all ties with him. The entire Feng family would be in complete chaos. It wouldn't be an exaggeration to say that the family would be in chaos and would fall apart.

The Mandela effect came true again. The more Feng Yuanzhou was afraid of something, the more it would happen. He didn't know how Feng Yiru found out that her daughter wasn't dead, and she even found out that Feng Qing was her daughter. Feng Yuanzhou thought that Feng Yiru would cause a scene with him. He even thought of many excuses and reasons, hoping to calm Feng Yiru down. However, he never expected that not only did Feng Yiru not blame him, but she also privately found him and asked him to hide Feng Qing's true identity. She also asked him to take care of Feng Qing and treat Feng Qing as his biological daughter. She even offered to help cover up the results of the paternity test between Feng Qing and them.

This way, he could hide it from everyone. At the same time, he used Qingqing's matter to change Jianing's identity, making it impossible for them to know that Jianing was his biological daughter. He killed two birds with one stone, each taking what they needed. Therefore, Feng Yuanzhou agreed.

Feng Yuanzhou spoke non-stop. Fu Anlan felt that it was no longer enough to have a head. In just a few minutes, the amount of information was too great, so great that she felt like her head was about to split open. However, her woman's intuition still made her discover a problem. Hence, Fu Anlan asked, "I can understand the rest, but why did you exchange my child for Feng Yiru's child? Do you have a deep hatred for Feng Yiru?"

Before she could finish speaking, Fu Anlan seemed to have thought of something and randomly revealed a shocked expression as she looked at the man smoking on the sofa. She thought of a reason, and this reason was enough to make Feng Yuanzhou do such a thing. Hence, she sneered and said, "Alright, Feng Yuanzhou, I know. The reason why you used my child to swap Feng Yiru's child is because you like Feng Yiru!"
