Chapter 704: The Wife I Picked Up Is Too Savage

The Sword God said with a knowing expression, "Lord Phoenix, the woman you're talking about should be Young Madam, right? This should be the first time you've been separated for so long after you got married, so you should miss Young Madam."

Upon hearing this, Xie Jiuhan glared and roared, "Shut up! When did I say that I miss that woman?"

The Sword God rubbed his ears and felt that his eardrums were almost pierced. Then, he smiled and said, "Lord Phoenix, as an experienced person, I can understand your feelings. You can tell the truth if you miss Young Madam. There's nothing to be embarrassed about. You say that you miss Young Madam, so why did you pick the thumb ring when you threw it away?"

Xie Jiuhan felt embarrassed after being exposed by the Sword God. He couldn't help but snort coldly. "What do you know! I just feel sorry for throwing away such a good thumb ring."

The Sword God : "..."

He really wanted to ask Xie Jiuhan who he thought could believe this. As the president of the Xie Corporation, not to mention an ice imperial jade thumb ring, he would not even blink if he threw a golden mountain into the sea.

Looking at Xie Jiuhan's "I'm very hurt" expression, the Sword God's old face twitched and he revealed a smile. He looked like he wanted to be beaten up.

Xie Jiuhan said coldly, "What are you laughing at?!"

The Sword God's eyebrows danced. "Lord Phoenix, you've fallen in love, and it's the kind that you can't extricate yourself from."

Xie Jiuhan : "..."

The Sword God continued, "I never expected that the legend of the mercenary world, the King of Mercenaries, the Lord Phoenix, would actually fall in love one day. I can smell love on you."

Upon hearing this, Xie Jiuhan's expression twitched. Although the Sword God's words made sense, he still said stubbornly, "Cut the crap. What do you mean by falling in love? I..."

Halfway through his sentence, Xie Jiuhan realized that he couldn't continue. If he didn't fall in love, what was it? Could it be that he just had a possessiveness? Xie Jiuhan never believed in love. In his opinion, that kind of thing was illusory. No matter how good he was to Feng Qing, it was still a favor. It was a way for him to occupy Feng Qing. It had nothing to do with love.

Seeing that he did not admit it, the Sword God smiled and said, "Lord Phoenix, didn't you register your marriage with Young Madam because you love each other? Could it be that the two of you are just married for benefits?"

Xie Jiuhan frowned. "Benefits my ass!"

The Sword God's eyes darted around and he said in realization, "Lord Phoenix, don't hide it anymore. There's nothing embarrassing about a marriage between families, but generally, marriages between families are not blissful because there's no emotional foundation between husband and wife, nor is there any love. You can't get love from Young Madam, so you got it from Mr. Qingyi. If Young Madam finds out that you cheated on her with Mr. Qingyi, I wonder if she will divorce you?"

Bang! The wall of the room was dented by Xie Jiuhan's punch. The Sword God was instantly shocked and swallowed his words. That was a wall made of steel plates, but it was broken by a punch?

The next second, before Xie Jiuhan could stand up from the bed, the Sword God had already disappeared. He knew that if he didn't run now, he would really be fed to the sharks. If that punch had hit him just now... Just the thought of it made his back turn cold.

"Hmph, at least you ran fast!" Xie Jiuhan snorted coldly.

For a moment, he really wanted to twist off the Sword God's head and see what was in his head. Why was his brain so strange to actually think of him cheating with Mr. Qingyi? Who was Mr. Qingyi? That was his wife. Did he need to cheat on her? He didn't need to.

Previously, he had registered his marriage with Feng Qing not because of love, but because the Xie family should have a madam. Moreover, he could use Feng Qing to resist those people who wanted to introduce him to and those who wanted to marry into the Xie family. Only then could his ears be peaceful.

Xie Jiuhan was certain that he had chosen to marry Feng Qing back then not because he had fallen in love with her, but because Feng Qing was blind and listened to him. This was very convenient for him to control. However, after thinking for a while, the man couldn't help but smile. In the end, Feng Qing brought him more and more surprises. Mr. Qingyi, the Healer, the God of Thieves, Phantom, the new Madam Crimson Snow, the number one assassin, Blood Loli, the only Nine-Star Fragrance Master in the world, and so on.

The corners of Xie Jiuhan's mouth curled up as he muttered to himself, "The wife I picked up is too savage!"

Now, it looked like he had been deceived by Feng Qing's cute and soft appearance. What pure little loli, what innocent little girl? Feng Qing did not listen to him at all and had made so many identities for herself.
