

The Wife I Picked Up Is Too Chapter Chapter 707

Chapter 707: Madam Xie's Poms

The entire shopping mall was controlled by the bodyguards of the Xie family. Other than the bodyguards, there were only the shops. The general manager of the shopping mall even personally came out to welcome her.

Outside the shopping mall, Fu Anlan and Feng Jianing happened to walk past the door. The two of them had just come out of the maternity shop when they felt that something was wrong. The shopping mall that was filled with people just now seemed to have instantly quietened down.

Feng Jianing raised her eyebrows and said, "Mom, take the things. I'll go to the bathroom."

Fu Anlan took the bag unhappily. "Did you pee frequently? Didn't you just go there?"

Feng Jianing said, "Mom, that might be the case when you're pregnant."

Fu Anlan rolled her eyes. "Nonsense. I wasn't like this when I gave birth to you. Alright, alright. Hurry up and go. I can't be bothered to talk to you."

Feng Jianing put down the things she bought from the maternity shop and walked towards the bathroom. Fu Anlan ignored her. She picked up the bags and strolled around the bathroom. In order to

figure out what was going on, she deliberately walked into a shop and asked the staff, “What happened here? Why are there suddenly so few customers?”

The salesperson looked at her and said, “You don’t know? It’s Madam Xie who came out to shop. Originally, she just wanted to shop at the pet shop, but considering her safety, she ultimately sealed off the entire mall. The customers have already been cleared away. If there’s nothing else, you should leave quickly. Otherwise, you won’t be able to bear the consequences if you offend Madam Xie later.”

Fu Anlan snorted coldly. “Why is she so ostentatious when she’s out shopping?”

The salesperson shrugged. “It can’t be helped. She’s lucky to be from the Xie family.”

Fu Anlan did not comment. She craned her neck curiously and looked in the direction of the pet shop. She wanted to see what the legendary Madam Xie was like. Why was her pomps so big when she came out to shop?

However, she saw Feng Qing walking out of the pet shop. Two pet shop assistants were following behind Feng Qing with large and small bags in their hands. Feng Qing was dressed in black and had a black mask and sunglasses on her face. Only the hair clip on her head was pink rabbit ears.

After leaving the pet shop, Feng Qing did not go anywhere else. Instead, she walked towards the underground parking lot under the protection of twenty to thirty bodyguards.

Feng Qing was wrapped up so tightly that Fu Anlan did not recognize her at all. She quietly walked around the other side when she saw that she was about to leave. She was very curious about what Madam Xie looked like. If she could take a look, it would be enough for her to brag for a few years. Unfortunately, her small actions were still discovered by the Xie family's bodyguards. Before she could approach Feng Qing, she was blocked by two bodyguards.

Feng Jianing walked out of the bathroom and realized that Fu Anlan had gone somewhere. She had agreed to wait for her. Where was she? Feng Jianing turned around and looked around. In the end, she saw her dozens of meters away, so Feng Jianing hurriedly walked over.

"Mom, why are you here?" Feng Jianing asked.

Upon hearing her words, Fu Anlan was shocked. She thought that there were bodyguards looking for trouble with her again. Hearing Feng Jianing's voice, Fu Anlan said without turning her head, "Jianing, look. That's Madam Xie."

The salesperson replied, "Stop looking. Madam Xie has been here twice in the past, but she always wrapped herself up like a dumpling, so no one knows what she looks like."

Fu Anlan was silent for a while before saying, "Why do I feel that Madam Xie's back view looks a little like... Qingqing?"

Feng Jianing was slightly stunned. "Mom, what are you talking about?"

Fu Anlan looked at her and said, "I saw Madam Xie just now, but I feel that her back is similar to Feng Qing."

Upon hearing this, Feng Jianing was stunned again. Then, she said with a look of disdain, "Mom, are you seeing things? You actually treat Madam Xie as Feng Qing. What right do you think Feng Qing has to be Madam Xie? Or do you think the Ninth Master will take a fancy to Feng Qing?"

Feng Jianing felt that Fu Anlan seemed to have really gotten old. She actually treated Madam Xie as Feng Qing. Just the thought of it made her laugh. Fortunately, these words were only said in the presence of family members. If outsiders heard it, they would definitely laugh their heads off. If the Ninth Master heard it, the entire Feng family would suffer.

Fu Anlan didn't go forward to take a look after all, so she could only take a rough look from afar. However, she insisted, "What do you know? Qingqing is my biological daughter after all. Even if I walk past her, I can recognize her. If I say that person is her, it must be her. I definitely won't mistake her."

Feng Jianing raised her eyebrows. "There are many people who look alike, but you can't think that person is Feng Qing just because you look like her. Besides, don't you think that wild girl Feng Qing isn't qualified to be Madam Xie?"
