

The Wife I Picked Up Is Too Chapter Chapter 795

Chapter 795: Her Family Exposed Her

Xie Jiuhan sat up straight like a javelin. He did have this idea when he came here today. Since Xia Qianxue had already asked, he did not hide it anymore. He went straight to the point. "I want to know how many missions she has completed with God Slayer?"

Xia Qianxue's beautiful eyes trembled, but she quickly returned to normal. She didn't expect Xie Jiuhan to be interested in this matter. However, she still counted with her fingers. "If I remember correctly, they only completed less than thirty missions together. Moreover, those S-rank missions in the organization were completed by them."

"Less than thirty times..." Xie Jiuhan's face was expressionless. He only repeated what Xia Qianxue had said just now. Feng Qing, who was sitting beside him, raised her eyebrows. She didn't know what this man was thinking again. Why did she suddenly feel like she had gotten into trouble again?

The man's expression was unfathomable. He continued asking in an elegant voice, "How many days does she go out with God Slayer every time she goes on a mission?"

Xia Qianxue checked her fingers again, and Feng Qing started to give her a look. Xia Qianxue dragged her voice and said, "Yes, it seems to be... eight or nine days..."

After hearing Xia Qianxue's report, Xie Jiuhan started to calculate in his heart. Feng Qing covered her chest with her hand and rolled her eyes at Xia Qianxue. What was her good friend doing? Why did she easily say the number of days God Slayer and her took to complete the mission?

"Has the Healer treated the God Slayer?" Xie Jiuhan asked again.

Without waiting for Xia Qianxue to answer, Li Shaofeng interrupted, "I know!"

Feng Qing, who had just taken a sip of tea to calm down, choked and coughed when she heard Li Shaofeng's words. What was wrong with these people today? Why did they all sell her out the moment they saw Xie Jiuhan?! Could they still happily be friends?

Li Shaofeng said, "If I remember correctly, when the God Slayer went out on a mission, he was injured a total of six times, especially the last time was when he was seriously injured. It was thanks to Healer's great medical skills that saved him from the gates of hell. That time, she saved the God Slayer for a total of 48 hours."

Feng Qing : "..."

She regretted bringing Xie Jiuhan to see her maiden family. In Xie Jiuhan's account book, she was already in debt. She didn't know what this man was scheming. How was he going to deal with her later?

Xie Jiuhan sneered coldly. His black eyes glanced at Feng Qing. "Forty-eight hours of continuous resuscitation?"

Feng Qing felt a group of black crows floating above her head and didn't dare to look at the man. She could only lower her head and say, "Um... um... Saving a life is better than building a seven-story pagoda. At that time, God Slayer was seriously injured and on the verge of death. As a doctor, I couldn't leave him in the lurch..."

Xie Jiuhan said coldly, "Serious injuries? I understand, I understand."

Feng Qing: "!!!"

At this moment, Li Shaofeng's voice sounded again. "When the God Slayer went on a mission, he basically suffered external injuries. Unfortunately, the Healer was blind at that time, so she couldn't see anything. However, I've seen it once before. The Healer used surgical scissors to cut open the God Slayer's coat. His firm abs, a total of eight sexy abs, stretched all the way to his underwear. Even when I, a man, saw those lines.... Hehe..."

At the mention of the God Slayer's figure, Li Shaofeng had a look of admiration on his face. Feng Qing's long eyelashes suddenly flashed, and she pretended to be calm. Li Shaofeng continued, "Blindness doesn't affect the Healer's touch. Although she can't see, she can still touch that firm and sexy flesh."

Hearing this, the tea in Feng Qing's mouth almost sprayed out of her nostrils. She hurriedly covered her mouth and nose. Seeing that she was choking and coughing badly, the man sitting beside her reached out and patted her back gently.

"Eh, Qingqing, why are your lips broken? Are you heaty?" Li Shaofeng suddenly asked.

"It's fine. She accidentally broke it when she was eating. She'll be fine in a few days." Without waiting for Feng Qing to speak, Xie Jiuhan answered for her first.

Feng Qing : "..."

Xie Jiuhan said in a low voice, "It's better to eat less of such a hard thing in the future so that you won't be injured again, understand?"

Feng Qing: "???"

Li Shaofeng looked confused. Xie Jiuhan asked, "Was the Healer injured when she went on a mission?"

"Of course. There was once..." Li Shaofeng blurted out without thinking.

Seeing that Li Shaofeng still wanted to say something, Feng Qing hurriedly gave him a look, but Li Shaofeng ignored her. Soon, Xia Qianxue joined the line-up to talk about Feng Qing's history, and Feng Qing could only dig her toes into the soles of her shoes.
