

My Wife is a Hacker Chapter 661

Chapter 661 “As if you’re not scaring them enough,” Jared said with an innocent look.

‘She gave us a status, but she doesn’t want me to call her pet names?’ 1

“Hmph. I’m not talking to you anymore,” Nicole frowned.

At that time, their ride was in sight.

Just as Jared’s car stopped, another car drove up and parked right behind his.

The door swung open, and a tall man walked out of the car. He immediately rushed over when he saw Jared.

“Jared, you’re back! I was wondering how could you just leave the company, but turns out you were out fooling around with women!” Murphy said to Jared happily.

However, he stumbled when he noticed Jared’s cold gaze, like a sharp knife piercing through him. “Who’s this?” Nicole asked coldly. Since he was rude to Jared, she did not act nice.

Jared did not care about Murphy. “Just a piece of trash,” he said.

“You go. I’ll handle it.”

Chapter 661

Nicole knew that Jared was capable of handling things himself, so she did not press further.

“Okay, I’ll go back and rest. Meet you at your place for coffee tomorrow,” Nicole replied.

“Okay,” Jared nodded and watched Nicole get into the car sent by the Riddle family.

Murphy was furious at Jared for ignoring him while being lovey-dovey with a girl. “Let’s see how long you can keep this up! My eldest brother is back! He and my dad are waiting for you to return to the company to give them an explanation!” Murphy said with a sinister smile.

Jared had been careful since his return, but they finally caught him in the act; an acting chairman, leaving the company just to fool around with girls.

'If he gets caught by Castor, he would definitely be kicked out of the company by dad!' Murphy thought.

"An explanation? Well, I guess it's time to give uncle and brother an explanation," Jared said.

Murphy's face turned pale when he noticed Jared's eyes darkened.

"What do you mean?" Murphy asked.

"You'll find out soon..."

Chapter 661

Jared then lowered his head and got into the car. Murphy was the one who wanted to call him out, but he was the one who got played. 'He's bluffing. We'll see what he has to say for himself when he returns to the company!' Murphy thought.

Nicole fell asleep in the car on the way back. She discovered she was brought to the family manor when she woke up.

After questioning the driver, she found out that Mr. Riddle Sr. heard that she was back and called everyone to welcome her home.

However, she knew that he wanted to ask her about Mr. Wyance. 'After all, I didn't have time to explain before I

left.'

Nicole pulled herself together and walked into the manor.

She soon felt that the atmosphere was weird.

Daniel and Gloria were tending to guests with Mr. Riddle Sr in the hall at that time.

When Nicole got closer, she saw the people who were sitting on the couch across from them. On the side was Norah , who had not been back in a while, and a poorly – dressed couple sat up front.

Sean was the first to see Nicole walk in. He quickly went up and said, "Nicole, you're back."

FOTO in toned their heads when they heard this

My Wife is a Hacker Chapter 662

Chapter 662 Norah's eyes immediately darkened when she saw Nicole. It was different than the innocent and helpless look she had before.

She wanted to teach Nicole a lesson after she won the Math Olympiad , but she had to give up after Nicole left the country.

She was surprised when she suddenly received a phone call from her parents. 'Did they finally miss me and want me to visit the family?' Norah thought.

She did not expect them to find her biological parents.

At this moment, her eyes were red. It was full of hatred.

'If it wasn't for her, I wouldn't be in this position. Being given away to a poor couple? Getting kicked out of this family?' 2

Daniel and Gloria stood up and turned to Nicole, "Nicole, you're back. Are you tired? Why don't you go upstairs and rest?"

Seeing that her parents did not seem to want her there, Nicole nodded. "Okay, I'll go wash up."

As she was leaving, Norah rushed up and grabbed her.

"No, you can't go," she said while she stared at Nicole

Chapter 662

with hatred.

Nicole frowned and broke away from Norah, disgusted," What are you doing?"

Sean noticed something was wrong and stepped forward.

"Calm down, Norah."

"Calm down? How can I calm down?" Norah's acting skills began. Her eyes filled with tears. When she raised her head to look at Sean, the hostility in her disappeared. She looked innocent and helpless again.

“If Nicole didn’t appear, would you have driven me away? I’m the one who has lived with you for so many years, brother... We grew up together... Was our relationship fake? Is the blood the only factor to be called family?”

Everyone fell silent when they heard Norah’s words.

Gloria felt guilty. She had not been sleeping well these past few days. She had been worried about Norah. She did not expect that the next time she saw her was when they had found her parents.

She then stepped forward and grabbed Norah, “Norah, you will always be my daughter , and that is something that will never change.”

“Really?” Norah shed a tear and looked back at the two people in shabby clothes.

‘I will not let myself live a hard life with those two. No

Chapter 662

matter what, I have to stay,’ she thought.

Norah bit her lips, and more tears rolled down from her cheeks. “I know that you love me, mom. But I don’t know these people. I have no relationship with them. Are you and dad really going to send me away to live with them?”

Gloria did not know what to say.

The couple also felt guilty as they could not provide what the Riddle family could provide for Norah. It was true that they did not have much of a relationship with her, so they could understand why she did not want to go with them.

“Enough,” Mr. Riddle Sr. voiced out. “It doesn’t matter if you don’t want to. They are your biological parents.”

As if pressured, the man immediately got up and said, ” Norah... We’ve done a DNA test... You really are our daughter... It was our fault that we lost you in the first place... Your mother and I will try to make it up to you... We promise...”

The guilt behind the man’s eyes was clearly noticeable.

Nicole had also been lost before, and she could never forget how Gloria and Daniel felt when she first came back.

‘What kind of parents don’t love their child? What kind of child doesn’t want to reunite with her biological family?’ she thought.

Nicole looked at the couple and could not stand it

anymore. She slowly turned to Norah and said, "You shouldn't reject them like this even if you don't know them. They're your biological parents. You're making them sad.

Nicole's words made everyone quiet down.

"What do you know?!" Norah replied fiercely.

"I felt the same when I came back to this family. Of course I know." Nicole's words were powerful. Everyone could not help but look at her.

"Even though the people in this family had a difficult time accepting me at first, I tried my best to fit in. This is what a daughter should do."

Nicole never gave up despite how badly she was treated. She never wanted to run away because this was her family.

My Wife is a Hacker Chapter 663

Chapter 663 Gloria and Daniel were touched to see their daughter being so thoughtful.

"Nicole, this is your home. No matter what everyone else thinks, your father and I will always love you," Gloria

said.

Nicole nodded and smiled at them, "I know."

The hatred in Norah was boiling when she looked at how happy their family was.

"Don't make yourself to be so great, Nicole. The Riddle family is much more privileged than your previous family. Of course you tried to fit in!" Anger took hold of Norah. She did not give a thought to what she was saying.

"What nonsense are you on, Norah?" Sean frowned.

"You know it's true. She's just a village girl, but she became a princess when she returned to the Riddle family. Of course she tried hard to stay. What about me? Have any of you ever thought of me? What life will I live? What will I become?"

Norah looked back at the couple with contempt and it made them shrink back.

Chapter 663

“We... We’re the one to blame...”

At that time, Mr. Riddle Sr. could not take it anymore.” What do you know? Nicole lived a poor life but never left her grandma’s side!”

“That’s because she had no choice! Now that she a part of the Riddle family, she’s never been back!”

“How dare you!” Mr. Riddle Sr. was furious, but he could not catch his breath; he could not stop coughing.

“Dad!”

“Grandpa!”

Gloria, Daniel, and Nicole rushed to his side.

Damien, who had been listening, could not bear it any longer.

“Take care of your family matters yourself , Daniel. Dad has just recovered. How long are you going to let him worry about these things?”

Damien would have already resolved these issues if it were him.

Daniel had no choice but to be strict with Norah.

“Norah, I’ve always treated you well as my half daughter, and I have never spoken harshly of you, but this time, you have gone too far!”

Everyone was stunned that Daniel was reprimanding

Norah. ‘Is this still the loving father from before?’ They thought.

“Dad...”

“Don’t call me dad!”

Norah was stunned. Gloria and Nicole were also shocked after hearing that.

However, Nicole was also relieved to see her father finally stepping up.

‘He’s finally grown a backbone,’ she thought.

Daniel stepped forward and picked up the documents and contract on the table. He then looked at Norah’s biological parents and said, “Since the DNA test has confirmed, you

are Norah's biological parents." Norah felt despair when she looked at how heartless Daniel was. 'Am I really getting kicked out today?'

My Wife is a Hacker Chapter 664

Chapter 664 Norah played the victim as she looked at Gloria." Mother... Do you not want me too?"

Gloria could not help but thought to herself as she looked

at Norah's sad face, 'I thought to myself many times whether Nicole will ask me what Norah asked. But Nicole never did.'

Gloria was soft-hearted when it came to Norah. But she remembered that Nicole could adapt to a new life." Norah, although you're not my daughter, you can still be my goddaughter. I'll still treat you well," Gloria sighed.

She looked at Daniel as she said that.

Daniel noticed that Gloria was soft-hearted. He stared at Norah's parents as he sighed, "Although Norah will leave with the two of you, she's still our goddaughter. I'll have Alfred transfers five hundred thousand to your bank account. Do treat her well."

Nicole sighed as she saw her parents' generosity. "The

Norah for so many years after all. Now, they're still going to transfer five hundred thousand to the couple. They've done everything for her.'

"Five hundred thousand..." Nicole said as her face turned pale instantly. 'I feel so cheap and pathetic suddenly' 1

Chapter 664

2/4

'I used to spend a few hundred thousand a year. But now, they want to get rid of me with just five hundred thousand?!

"Father, I'll do it." Sean stepped forward to negotiate with Norah's parents.

'Not only have we found our daughter, but we're also getting paid too,' the couple thought. They quickly nodded their head as they bent to get their bank card.

Norah's heart was ice cold as she watched the scene.

She knew she could not change what was going to happen. She clenched her fist as she forced herself to calm down.

She raised her eyes again. She teared as she stared at Gloria. "Mother... No, I'll have to call you godmother

from now on... Right?"

Gloria was heartbroken as she saw the sadness on Norah's face.

'After all, she was my daughter for so many years. Can't believe we're like strangers now. But I've done

everything I can,' Gloria thought.

Norah grabbed Gloria's hand without saying another word. "So, in the future ... Can I still come back and visit you anytime I want...?" Nicole squinted as she looked at Norah. She disliked the

Chapter 664

3/4

way she acted.

Gloria burst into tears as she nodded. "Of course. Come back and visit us whenever you miss us, okay?" Norah smiled stealthily when she got Gloria's approval. However, she still pretended to be pitiful. "Okay... I'll come back and visit you next time."

Sean squinted as he looked at Norah. Daniel could hardly refuse as he saw the sadness on Gloria's face. "Here will always be your second home. You can come back whenever you want," Daniel agreed with his wife.

Norah felt better when she saw Daniel was soft-hearted too. However, the hatred deep down for Nicole began to surge up in her!

But Norah could only smile and said, "Okay, I will..."

She then turned around decisively. Suddenly, she had eye contact with Nicole. Her eyes were filled with ruthlessness instantly. Nicole frowned her eyebrows, but she was not afraid of

her.

Norah walked towards the door. "Nicole... We'll see..." she said as she walked past Nicole.

'She took away everything from me. I'll definitely deal with her and make her pay! Norah thought. 1

Nicole grunted coldly. She was not afraid of Norah.

Norah's parents received the payment. They quickly said goodbye to the Riddle family as they left with Norah.

Sean sensed something was not right. He then walked toward Nicole and asked, "What did Norah say to you just now?"

Nicole did not want Sean to worry about her. "Nothing much. She only said goodbye to me," Nicole said coldly. "...". Sean did not believe her. 'Norah hasn't been the same lately.'

"Alright, I'm tired. I'll go upstairs and rest." "Father, take it slow." Daniel walked toward Mr. Riddle Sr. to help him.

My Wife is a Hacker Chapter 665

Chapter 665

Mr. Riddle Sr. did not forget to look at Nicole. "Nicole, come to my room."

"Okay," Nicole nodded her head.

Although Daniel and Gloria wanted to ask Nicole many questions, they could only wait and asked her after she came out of the room.

Nicole followed Mr. Riddle Sr. to go upstairs. Although Damien wanted to listen to their conversation, he can only leave them alone as Mr. Riddle Sr. stared at him.

Mr. Riddle Sr. sighed only after they were the only two people in the room.

"Nicole, who are you exactly?" This was the question that he suppressed for a long time.

'I knew Nicole wasn't an ordinary girl when she brought me to a secret base for treatment. But I was afraid to ask her. However, Mr. Wyance cared so much about her a few days ago. Mr. Johnston Sr. took her very seriously as well. I'd been paying attention to the Riddle family for the past few days. I really wanted to know Nicole's true identity.'

Nicole knew this day would come eventually. She knew she could not hide from him anymore. She pondered for a bit before she said the two words, "Zane Spears."

Chapter 665

Mr. Riddle Sr. was shocked by those two words.

“Zane Spears...” he said. ‘He’s famous internationally. I wouldn’t have in my entire life thought I’d hear his name from my family.’

“Y-You’re...”

Nicole felt helpless as she saw Mr. Riddle Sr.’s shocked face. ‘I didn’t want to scare him. But I can only tell him the truth now.’ “I’m his goddaughter. I’m also the chief mercenary of the organization.”

Although it was a lot more than that, she was afraid that Mr. Riddle Sr. could not handle it if she had told him more.

Sure enough, he coughed a few times continuously.” Ahem, ahem, ahem...”

“Grandfather, are you okay?” Nicole stared at Mr. Riddle Sr. helplessly. ‘I downplayed what I told him. But by looking at his reaction, I think he was spooked.’

“I’m okay. I’m okay.” Mr. Riddle Sr. raised his head as he looked at Nicole. The look in his eyes changed.

‘No wonder Mr. Wyance and Mr. Johnston Sr. cared about her so much.’

‘Zane Spears’s the world’s most famous mercenary organization. They’re employed by top-level figures from countries around the world.’

‘No one has seen Zane Spears. But mercenaries that were

Chapter 665

3/4

chosen by him are elite talents. And they were all chosen when they were at a young age. Among them are people from ancient families and the children of wealthy families. They’re all athletic and talented geniuses.’

‘If she can become the chief mercenary... Doesn’t that mean my granddaughter’s the cream of the crop?!”

‘How can I not be shocked?’

‘I’ve such an outstanding granddaughter, but I didn’t even know it. No wonder she passed her exam with flying colors. It seemed like everything wasn’t coincidental after all.’

'Everyone in the Riddle family is such a fool. All of them look down upon her just because she was from the countryside.

Nicole noticed Mr. Riddle Sr. did not look well. She walked forward to help him lay down. "Grandfather, you need to rest more. Don't think about what happened. From now on, the Riddle family has me."

'I guess this reassured him,' Nicole thought.

Mr. Riddle Sr. was reassured like never before. He felt a

sense of relief as he looked at Nicole.

'I'm ashamed. I've so many sons and grandchildren. But the most determined one is Nicole who was displaced outside for years.'

"I'm... Indebted to you. I brought you back here only after so many years." 'It'd be wonderful if I could bring Nicole back to us earlier.'

Nicole shook her head as she said, "No. I didn't want to come back before this."

Mr. Riddle Sr. could not help feeling shocked when he heard that.

"Is it because ..." He did not finish his sentence , but he understood why.

'With Nicole, with the support of Zane Spears organization , she could easily find out who her parents were.'

My Wife is a Hacker Chapter 666

Chapter 666

"I wanted to take good care of my grandmother before this. I did not want to disturb your life too."

'The Riddle family already had a daughter. They were a happy family. And I want to take good care of my grandmother. That was why I didn't want to come back to the Riddle family. That was until my grandmother found out about it. I didn't want her to feel guilty. I didn't want my parents from the Riddle family to be sad as well. That was why I came back,' Nicole thought.

Mr. Riddle Sr. had an unspeakable feeling as he looked at Nicole.

'She knew everything. She had to bear all the problems alone all this while.'

'We adopted a daughter. And we found Nicole after so long. But after she came back, we made so many demands on her. We were afraid that she would embarrass us.'

For the first time in his life, Mr. Riddle Sr. felt a strong feeling of embarrassment. He stared at Nicole as he sighed, "You don't need to do anything else. You just came back. Go and take a rest."

"Alright." Nicole knew Mr. Riddle Sr. felt terrible. She tucked him in without saying anything further. She then turned around and left the room.

Just when she reached downstairs, she could hear Samuel's voice.

"Sister! You came back!"

Before Nicole could react, Samuel rushed to her and hugged her.

Nicole was disoriented by Samuel's enthusiasm. Her awkward body was a little stiff.

Spencer had to step forward and pulled Samuel away from Nicole. "Alright, you're so sweaty. Don't stay near Nicole.

Samuel looked embarrassed as he stepped back. "I'm sorry. My basketball competition just ended. I didn't have the time to change before I came back home."

Nicole was flattered when she noticed not only Spencer and Samuel came back, but Stanley and Steve came back as well.

"I went abroad for only a few days..." "They made it look like I left home for a long time." Stanley stepped forward as he said, "You won first place in this month's exam and the Mathematical Olympiad competition. But you did not go to school for the past few days. The school was blowing up."

'Nicole rose to become the genius of the school. The student union and clubs were waiting for her to come

back to join them. The press from the school was waiting to interview her too. But she went overseas suddenly. Because of this, many people came after us, the brothers, to ask about her whereabouts.

"Oh." Nicole heard what Stanley said. But she did not show any expression.

The brothers could not help but be impressed by Nicole.' Nicole's so young. But when she's calm, none of us can match her,' they thought.

Damien saw Daniel's family members were all there." Dad's much better now. You all don't need to come back here so often. Brother, you too. You should go home and rest for a couple of days," Damien said with a slight cough.

'Daniel and his family stole the limelight recently. I was the only one keeping dad company before that. Now that dad values Daniel and his family so much, I might have to leave this manor soon if I continue to allow Daniel to keep dad company.'

Daniel did not realize the intention of Damien saying that. He nodded his head as he said, "Okay, brother."

Daniel had no intention to steal credits. 'Now that dad's fine, I should bring my family back home.'

Just before Daniel and his family left, Damien looked at Nicole. He could not resist but to ask her the question he had been wanting to ask, "Nicole, who are you exactly?"

Nicole glanced at Damien. 'Although I told granddad, I'm not obliged to tell anyone else.'

Her eyes were cold as she glanced at Damien. "Uncle , if you want to know, you can ask granddad," she said calmly.

'For sure, granddad wouldn't tell him.'

'Because he doesn't deserve to know.'

Damien felt Nicole's cold eyes. He could not help but clench his teeth. But he knew he could not offend Nicole at the moment. He could only say, "Alright, go ahead and take care." 4
