

My Wife is a Hacker by Summer

Chapter 797

□ □ □

Chapter 797

"Damn you, June. If you don't stop talking crap, I will get on your head."

As the two went crazy in the dormitory, Nicole returned to her bed and looked at them.

"Ouch, my hair."

The next day, Nicole, Lulu, and June walked to the classroom together.

On the way, many students looked at Nicole in surprise.

"Do you know she has been engaged to the heir of Johnston Group? "

"Really? Then I have to take a good look at what kind of person she is."

"Don't be too obvious; she's coming toward us."

"She looks a little cold."

"Lulu, I feel there are many pairs of eyes watching us."

"Not us; they are looking at Nicole."

"How are we going to have our meal?"

June grumbled and looked at Nicole, who looked nonchalant.

"There's Nicole here. What are you afraid of?"

There was an uproar as soon as Nicole stepped foot into the cafeteria.

There were discussions everywhere she walked past. People gave up their position in the queue for Nicole, and the stingy cafeteria owner gave her an extra-large portion.

Lulu and June got the same privileged treatment, too, thanks to Nicole.

The three of them sat down in a slightly quiet corner and started to eat, but there were still many people casting their eyes on them.

"What are you staring at?"

Austin's voice came.

"Boss?"

"Stop staring. Eat your meal."

Austin glanced at the others disapprovingly, then ran over to say hello to Nicole.

"Good morning, Boss."

"Do you still keep practicing lately?" Nicole asked.

"Yes, I practice every day."

Curiosity still got the better of him.

"Boss, I heard—"

"It's true,"

Nicole suddenly said.

Austin's jaw dropped to the ground.

"I have followed the right boss."

"Stop messing around. Get something to eat or get lost."

Reprimanded, Austin quickly went away.

Just as he came out of the cafeteria, he bumped into Raine.

"Are you blind or something?" Raine snarled.

Austin was thinking of hitting back but thought better of it when he saw it was Nicole's elder sister. He just muttered a few words and left.

Since the news of Nicole and Jared's engagement came out, people started to have more respect for the Riddle family.

"Isn't that the lady who consorts with the Johnston family? A place like a cafeteria doesn't fit into her current identity?"

Raine said sarcastically when she saw Nicole, Lulu, and June in the corner.

"Are you picking a fight here?"

Lulu was going to get up and argue with her.

Nicole held her down with one hand.

"Don't bother with barking dogs. Let's eat. We will have work to do in a while."

"What are you trying to insinuate?"

Raine walked up to Nicole in anger.

"Please don't assume that I'm talking about you."

Nicole did not even look up but continued having her meal.

Everyone burst into laughter.
