Chapter 828

“Sean, think it over before you make a decision, and do only what you can.” Gloria feared the results would not be as good as

she expected. “Understood. Don’t worry.”

“I think McCarthy Corporation is no match for Riddle Corporation and Ellison Group, even if it goes all out, unless...” Nicole let

her words hang.

“Unless what?” The three of them looked at Nicole in unison.

“Unless McCarthy Corporation also joins forces with others.”

Daniel and Sean nodded. Indeed, McCarthy Corporation knew their strength and would find someone to work with if they wanted to win the tender.

“I’ve thought about this before, but I have no idea who they will work with.” Sean was a little worried.

“Leave it to me.” Nicole looked at them with a serious face.

“It looks like I will have to bother you with this project.” For the first time, Sean felt powerless.

“It’s okay. This is Aegis Corporation’s company profile that Jared gave me. You can take it back and study it.”

Nicole handed

Sean the information Jared had given her.

“Jared? I didn’t expect that he would find time to get this information for us. He is busy.”

“That’s all because of Nicole.” Daniel looked at Nicole with delight.

“Yeah, this information is much more detailed than what I have found.” Sean briefly looked through it and sighed.

“We are family. I’m happy that Riddle Corporation got the project. Mom, Dad, I will return to the campus because there is still something to do.”

“Why don’t you go after dinner? You have lost weight recently.” Gloria looked at Nicole and felt sorry. “Slim girls look better. I’m going. Bye-bye.” Nicole waved goodbye to her family and returned to the campus.

The next day, Nicole led everyone to train at the sports field, and Harvey came over.

“Can I have a few words with you, Nicole?” Harvey wanted to talk to her in private , as there were too many people around here.

“I happen to have something to talk to you about.”

“Gary, I will be away for a moment. You are to keep the training going.” Nicole instructed Gary and walked away with Harvey that Jared gave me. You can take it back and study it.” Nicole handed Sean the information Jared had given her.

instructed Gary and walked away with Harvey.

Gary shot a disgusted look at Harvey as they went. “I will.

Coming to a quiet corner, Nicole asked Harvey,

“What’s up?”

“My grandpa has told me about the cooperation with Riddle Corporation. When will you take me to meet your family members?”

“That’s what I’m going to talk about. If you have time after school today, please come with me to my house.”

“Okay, I’ll wait for you at the school gate.”

“Deal.”

“Harvey?” Snow’s voice suddenly came, and the next second, she saw Nicole there.

“Nicole? What are you doing there? “Snow never expected to see Nicole here.

“Are you looking for me?” Harvey was annoyed at seeing Snow, exasperated by her untimely appearance.

At first, he was

thinking of taking this opportunity to spend more time with Nicole, but now it seemed that it was ruined

“Oh, aren’t you a relay race ace? I want to learn from you. “It was all an excuse for Snow to see Harvey.

“You have also signed up for the relay race?” Harvey frowned

“Yeah, I’m thinking of asking you to lead me.” Snow said as she squeezed in between Harvey and Nicole.

“You guys talk. I need to train over there.” Nicole did not want to see Snow act here.

Harvey looked at Snow angrily. “Didn’t your class also sign up for the relay race? Ask them to lead you. I have got something on and need to go now.”

“Hey, Harvey, Harvey.” Snow called out a few times while Harvey went, but he did not look back.
