

Chapter 161 - Server messed up

This place chosen by Lu Yang is surrounded by empty land, without a tree or a stone.

The white lion looked at the two younger brothers, nodded his head, raised the paladin's hammer in his hand, and a golden sacred light struck Lu Yang instantly.

“Sacred Hammer”

Lu Yang's shape changed for a while. He should have hit Lu Yang instantly and could stun him for 2 seconds. This way, Lu Yang magically avoided it.

White Tiger and White Wolf were not surprised at all. They had seen Lu Yang's lost steps for a long time and knew that the probability of hitting him with long-range skills was very low.

“charge.”

White Tiger and White Wolf yelled at the same time, and rushed towards the two sides where Landing Yang was. Their idea was to control Lu Yang within a narrow range and make his stray steps ineffective.

Lu Yang had long waited for the two to charge, and the spell in his mouth was read, and the staff in his right hand pointed at the white wolf.

“Flame Shock”

A fire magic hit White Wolf's head and knocked him in place for 2 seconds. At this time, White Tiger rushed to Lu Yang's face, and the big sword in his hand fell down.

Lu Yang's white light flashed, and he couldn't tolerate the position on the right 30 yards. At the same time, he spoke a spell, his left hand pointed at the ground 3 yards in front of him, and a black ripple appeared on the ground.

"Flame Storm"

A soaring beam of light spewed out from Lu Yang, at the same time, the white tiger that launched the interception skill in the middle.

Both the white wolf and the white lion were stunned. They rushed for a distance of 30 yards in 1 second. How difficult it was to hit in this situation. They never thought that Lu Yang could really play in such a situation. White tiger.

"Holy Light"

Fortunately, the three males of Bai's had already prepared the countermeasures. As long as whoever launched the main attack, the White Lion gave him blood.

Lu Yang didn't expect the White Lion to move so fast, a spell was heard in his mouth, and Pyroblast hit him one after another.

In 2 seconds, White Tiger was hit by Lu Yang for 4 blasts. Although the White Lion worked hard to add blood, White Tiger fell to the ground in the face of Lu Yang's powerful spell damage.

The white wolf wanted to launch the interception skills, but Lu Yang had been hiding behind the white lion, and the white wolf could not move at all.

Seeing this, the white wolf and the white lion stared at each other, and they sighed and lowered their weapons.

“No more fights,” White Wolf said.

System prompt: the other party requests to end the challenge

Lu Yang smiled and agreed, and said, “No more.”

“You can’t beat anything,” said White Wolf, depressed.

Bai Hu said with admiration: “You are really better than us. Can I ask you, how did you stun me with the flame storm?”

The white lion and the white wolf are also very concerned, they lose on this.

Lu Yang said: “This is simple, if you are rigorously trained like me, you can do it.”

“Strict training?” Bai Sanxiong looked at Lu Yang in doubt at the same time.

Lu Yang said: “Yes, to achieve this is not something that can only be done by means of a mask, but a very fast response ability, which requires years of practice.”

“Can you teach us?” The White Lion asked.

“Of course.” Lu Yang would be happy to guide them. After all, they were the three-player world champion in the last life. Now they have no master. If they are their masters, then the three of them will become champions.

“Let’s sign a contract. We will sign a formal guild contract with you. After that, our three brothers will recognize you as the boss.” Bai Lang said.

Lu Yang smiled and said, "Don't take your mind about the contract. If you don't want to, I won't force it."

Bai Hu said: "Only you have the qualification for full service. We will have a big copy sooner or later. We also need the support of the team. Following you is our best choice."

The white wolf and the white lion nodded together.

"Well, then you are welcome to join my guild." Lu Yang handed over the contract that had been drawn up to the three, and said, "Sign it. The contract is for three years. I will train you to become world champions. You have to All I do is help me win this world. "

"Closing." The three brothers of the Bai Family signed the contract at the same time.

Lu Yang uploaded three contracts to the system, and he couldn't help but want to roar excitedly. He finally recruited the three brothers Bai to his lord. With these three people, he had one The main team leader and 2 deputy leaders.

"Boss," shouted Bai Sanxiong together.

Lu Yang said, "Everyone will be brothers in the future. I will build the guild in a few days. In these days, I will take you to a place to upgrade monsters."

The white wolf kept talking and thought, or said, "Boss, I feel that if you want to establish a guild, now is the best time."

"What's wrong?" Lu Yang asked.

"Don't you know, these days the Sanshou groups and the major guilds are fighting." White Wolf said.

Lu Yang was startled and asked, "What's going on? Tell me specifically. I've been upgrading outside these days and I don't know."

“Boss, then you missed a lot of wonderful things.” White Wolf said excitedly: “Since the monster siege that day ~ [www.mtlnovel.com](http://www.mtlnovel.com) ~, the major scattered groups formed temporarily have not been disbanded, but continue to gather. We’re together.”

Major guilds are used to charter leveling, and as a result, they have spurred scattered groups. Previously, the large guilds’ occupation of maps, charter leveling, and bullying have made the casual players extremely angry. Now guild players dare to bully them, immediately fighting back, the two sides fought like this. “

The white lion sneered and said, “The major guilds think that the scattered groups are bullying. As a result, there are tens of thousands of scattered groups and thousands of small ones. There are more than 30 scattered groups, and there are hundreds of thousands of people. The major guilds that played on the first night did not dare to leave the city. “

Bai Hu said: “From the next day, the major guilds launched a decent counterattack, including the bosses of major guilds such as Twilight, Black Blood, Bloodthirsty, and Dominance, and organized their respective guild players. Ten thousand people, more scattered people groups, there are five or six hundred thousand people, the two sides have been fighting for three days in a row, and now the entire world is disrupted. “

Lu Yang came to understand then. No wonder there was no one in the Serpent Canyon. It turned out that everyone was fighting outside Xinshou Village and St. Gall.

“What are the results now?” Lu Yang asked.

“I do n’t know, the two sides are inextricably linked. The elite guilds of the major guilds were well-equipped, and the bosses of the major guilds were also very rich. They could defeat the scattered groups sooner or later. Elite, dropped equipment can make up for his 10 deaths.” White Wolf said.

“This is enough for the major guilds,” Lu Yang said.

While chatting, suddenly there was a roar in the distance.

Lu Yang looked into the distance, and the five remaining blood players were running towards them in a panic, with dozens of players chasing after them.

## Chapter 162 - Lu Yang

“Too bullying.” Bai Lang said unhappily, he was the least likely to see more bullying and less.

“Third brother, don’t be impulsive, there are too many people across.” Bai Hu said.

“You stay here, I’ll help.” Lu Yang asked.

The White Lion asked in surprise: “Is your friend the one with fewer people?”

“No.” Lu Yang sorted out his equipment, and a sneer appeared on his face. “But the crowded side is my enemy.”

The player that chased the forefront of Lu Yang knew that he was the head of an elite group under the Bloodthirsty Batian. One of the main forces that slayed him in the last life. I never met him here. How could Lu Yang miss it?

“We are with you,” said White Wolf.

Lu Yang shook his head and said, “No, there are only 30 people. I can clean up easily.”

The three brothers of the Bai family were all stunned, and the three of them didn’t dare to fight with 30 people at the same time.

Lu Yang picked up the magic fire staff and walked across the opposite side. The head of the five people who ran away saw Lu Yang and shouted in panic: "Run away, don't come here, I'm a bloodthirsty man behind me. "

Bloodthirsty bullies are bully, slaughter trumpet is the norm, and reputation among players is very poor.

The bloodthirsty players chasing behind also found Lu Yang, and saw the red staff in Lu Yang's hand showing a greedy look.

Crazy wolf Juxiha, the leader of the Elite League of Bloodthirsty, said with a laugh: "They have accomplices. They killed together and exploded his equipment."

"All killed."

"Explosive equipment."

...

More than thirty players collectively shouted their voices and clustered pursuits looked very imposing.

Lu Yang gave a cold hum. Regardless of the five remaining blood players who were about to rush in front of him, when more than 30 people in the Bloodlust League were about to run to his 30-yard range, he was talking about his secrets, and the screams sounded, a big red-red The bird appeared on top of his head, and the chasing bloodthirsty players and the five remaining blood players who just ran to him were all stunned.

"What skill is this."

"This man is evil, kill him first." Crazy wolf Juxi frowned.

“It’s late.” Extending his right arm to let the big bird fall on it, his body flashed white, appearing among the 30 bloodthirsty players.

Just after landing, Lu Yang leaned his left hand and pressed the ground, a black ripple appeared under his feet.

“Flame Storm”

A column of flames of light rose into the sky, stunning all the Bloodthirsty players within 10 yards.

“547” “512” ...

“Blazing Bird”

Staying on Lu Yang’s shoulders, he dived down and smashed in front of him.

“539” “574” ...

Elite players at level 8, even with a full set of silver equipment, only had more than 700 qi and blood. They were attacked twice by Lu Yang, and 16 bloodthirsty players in the range fell to the ground at the same time.

When the mad wolf saw Lu Yang launching the flashing skills, he thought that Lu Yang had escaped. He didn’t see it around, but heard a sound behind him, turned around, and found that more than 30 people who were behind were half dead.

“How is this possible?” Bloodthirsty looked at Lu Yang, who stood proud among the flames of fire, before he could think about it, and shouted quickly: “Let’s kill him together.”

The remaining 10 or so players have already reacted. Eight soldiers saw Lu Yang right next to them and ran towards Landing Yang at the same time.

Two French professions turned to read a spell on Lu Yang, and three hunters each jumped back 25 yards and shot bows and arrows at Lu Yang in the air.

“Resistant Fire Ring”

Lu Yang had anticipated this long ago. A red halo erupted from Lu Yang. The 8 soldiers who ran over burst out of no time, and at the same time flipped to the right, easily avoiding 3 Bows and arrows shot by famous hunters.

At this point, he was in front of a mage who released Frostbolt at him. The distance between the two was less than 1 yard, and Lu Yang ran to the mage behind him.

The mage lost his target, and the Frostbolt that had been read for 1 second was forcibly interrupted.

“Spell Countermeasure”

Another mage next to Lu Yang’s left finger, interrupted his spell, and remained silent for 15 seconds.

The two ice methods were controlled by Lu Yang. He didn’t need to worry about being slowed down anymore. He looked at a hunter who was about to land in the distance, and said a spell in his mouth.

“Pyroblast”

After 0.5 seconds, a flame twice as large as a normal fireball formed at the front of the magic fire staff. Lu Yang pointed with his staff, Pyroblast whistled out, and the hunter player’s head just landed.

“1184” (Critical Strike)

With a bang, the hunter fell down.

The surrounding players were stunned when they saw this scene. This is the case of the three males of Bai 's family, the five remaining blood players, and even the remaining bloodthirsty players. Luyang 's Pyroblast just seemed to be hit by a hunter same.

"I'm going to kill you." The mage player standing in front of Lu Yang finally found that he ran behind him, and quickly turned to use the Frostbolt.

Lu Yang, however, ran a step diagonally, and came behind him again. Before the hunter shot at him, he left his finger at another hunter.

"Flame Shock"

A flash of flame exploded over the head of the second hunter.

"896" (Critical)

The second hunter fell down.

At this time, the eight soldiers stopped and resisted the ring of fire to fly them to a distance of 10 yards.

The eight bloodthirsty fighters were so humiliated for the first time, and they roared to launch Lu Yang's second charge ability, interception.

Eight phantoms rushed towards Landing Yang, and Lu Yang kicked him on the back of the mage player in front of him, using the rebound force ~ [www.mtlnovel.com](http://www.mtlnovel.com) ~ at the moment when eight soldiers rushed in front of him, Jumped back a distance of 1 yard, and could not escape the charge of 8 soldiers.

This method of evasion was very common in the group battles of the previous life, but to do this, May Day is not the top player in each guild.

Eight stun symbols appear on top of the soldier's head. Even accomplices will be stunned when they start an assault together, but this time there are more people, eight people.

Lu Yang said a spell in his mouth, and the staff pointed at their feet.

“Wall of Fire”

Two fire walls surrounded eight soldiers, and when the soldiers responded, they had already suffered 1 second of damage.

“Light Flames”

Lu Yang held the wand in both hands and read the spell in his mouth. A flame of 3 yards in length spurted out in front of him, and six bloodthirsty soldiers fell to the ground.

This is a simplified version of Gathering Flame. The fire that requires 10 seconds of concentration to release is instantaneous. It is only calculated based on the basic flame damage and magic damage, but this is enough.

At this point, there was only one hunter captain and two mage players remaining on the scene. Just when they were stunned, the Baixi Sanxiong rushed over and chopped the two mage players to the ground.

“You, do you know what you did just now?” Said the captain of the hunter, standing in horror 30 yards outside and looking at Lu Yang with horror.

“It’s just killing more than 30 of you. Is there any problem?” Lu Yang said indifferently.

“We are the members of the Bloodlust, you dare to mess with our Bloodlust, you will pay the price.” Shouted Mad Wolf Juxi.

Lu Yang laughed and said, “I provoke your bloodthirsty.”

Mad Wolf Juxi thought that taking out the name of the guild could calm Lu Yang, but did not expect that Lu Yang was not afraid at all.

“Who are you,” asked Mad Wolf Juxi.

“I’m Lu Yang.”

#### Chapter 163 - Bloodthirsty Wrath

“Are you Lu Yang?” Mad Wolf Juxi’s eyes widened in horror. If anyone really doesn’t fear the power of Bloodlust, that person must be Lu Yang.

“There is a kind of you don’t run, I’ll find someone to clean up for you.” The cool-down time of the crazy wolf Juxi’s jumping skill has reached, launching his skill body to jump backward 30 yards away, start the cheetah halo desperately running towards the road.

“Don’t run.” The white wolf shouted unwillingly, the hunter wanted to escape, and the soldiers could not catch up at this level.

Lu Yang Lengheng said, “He can’t run.”

With a spell in his mouth, Lu Yang raised his magic fire staff and pointed it into the sky. After 2 seconds, a red fireball fell from the sky in the sky 60 yards away.

“Wait, I’ll send a message to the boss of the night lone star, the boss said, and found that you have a reward, today to see where you run.” Crazy wolf Juxi, while ecstatic he successfully escaped, opened the message bar , Tell Ye Guxing about it.

However, before he could send a message, he just felt himself surrounded by a bright red light.

“2848” (Critical Strike)

Mad Wolf Juxi, die!

The three males of the Bai family and five players with residual blood beside Lu Yang were all surprised and widened their eyes when they saw this scene.

The white wolf said excitedly, “Boss, what skills are so handsome.”

This way of watching the enemy smash into his skills and relying on anticipation to kill the enemy made everyone’s adrenaline soar.

“It really is a master.” The five players with residual blood glanced at each other and walked together in front of Lu Yang.

A headed player said to Lu Yang, “You are Lu Yang, thank you so much today, or we will definitely die.”

Lu Yang turned and looked at the player and said, “You’re welcome. Raise your hand, how did you get into the bloodthirsty league?”

The headed player introduced himself and said, “I’ve been in love for half my life. The four people around me are the twilight reaper, who insulted me forever, the handsome guy, and Han Liu. Several of us are classmates. Piece of equipment, when discussing with the people of the bloodthirsty alliance, the other party said that we would use a Viper Canyon Black Iron suit to exchange with us, but they actually asked us out of the city to kill us and \*\*\*\* the equipment, and accused us of being The main force of the scatter group is that we escaped because we suspected that his motive was impure. “

When Lu Yang heard that the person standing in front of him was half-loving for half his life, Lu Yang’s heart was already shocked and unsustainable.

He loved half a life, the famous casual player of the last generation, his fame is partly because of their impressive record, once won the domestic five-player championship, but also because of what happened to him.

After winning the domestic championship in the first year, all high-end players think they are qualified to stabilize the world championship. However, they are like the same meteor. In the second year, they did not participate in one game and the World Championship even abstained.

Many people wonder where they went, and eventually someone decrypted on the Internet, bitter love for half a life has been secretly like to the female mage Han Liu, but Han Liu did not know the intention of bitter love for half a life, after they won the domestic championship, Han Liu married a man, bitterly loved for half his life and fell into a slump.

Lu Yang looked at bitter love for half a life, and then looked at Han Liu, he found that when bitter love was talking to him, Han Liu's big eyes were all on the bitter love half-life, that kind of emotional eyes Can't do fake, apparently Han Liu is not half-hearted about bitter love.

Since this life is destined to meet, how can Lu Yang match the two, he does not want his emotional experience of the last life to repeat itself in others.

"For the time being, don't go back to the city of St. Gall. There are many bloodthirsty alliances. The five of you have too obvious goals. It is basically impossible to figure out after returning to the city." Lu Yang said.

"What to do then, we are just at level 8." said the dumb handsome guy, who is the youngest and the most immature in the team.

"Don't be afraid, in the future we will go to level 10 map leveling, and the task of returning to the city to buy medicine will be entrusted to me." Twilight Harvester said that he is a thief and can enter the city in stealth.

"Sooner or later I will find this place one day." Who indulged in anger in my life.

“The place we went through also passed the level 10 map, and I’ll show you a ride.” Lu Yang took them into the highly toxic forest.

On the other side.

In the 10th-level map of the southern part of St. Gall, Bloodthirsty is killing monsters and upgrading. He already has a silver suit of the Serpent Canyon, and beside him are 12 wizards who also have the Silver Serpent Canyon suit.

Suddenly, Ye Guxing dialed a phone number.

“What’s the matter?” Bloodthirsty Batian asked.

“Boss, we found Lu Yang in the Serpent Canyon, and more than 30 elite brothers under his command were killed by Lu Yang.” Ye Guxing said.

“What?” The bloodthirsty domineering slashed the monster in front of him and said angrily, “How many people are around you.”

“There are 10,000 people around me, including 200 members of the elite group, and they are now fighting against the scattered group on the 6th level map of St. Gall.” Ye Guxing said.

“Let others direct you, you take 200 elite players to chase and kill Lu Yang, you must kill him.” Bloodthirsty Batian took out a forbidden scroll from his backpack and gave it to him. A mage said, “I will send someone to send you a scroll that is forbidden to return to the city.”

Only the guild players can purchase the forbidden return to the city. The place of purchase is the in-game mall. The price is 10,000 credits each, and the radius of effect is 3000 yards. It is used by major guilds to attack and defend.

Ye Guxing said excitedly: “Boss rest assured that I will not let you down this time, I will definitely kill Lu Yang back to level 0.”

Ending the conversation, Ye Guxing looked at the battlefield where the victory and defeat were inseparable, and said to the 200 elite players who have been gathering around him, ready to launch an attack: "Everyone follow me, Lu Yang appears in the Viper Canyon, the boss said Anyone who gets Lu Yang's first kill has many rewards. "

Elite refers to players above level 8 who wear Bronze Level or above Serpent Canyon suits.

"Boss mighty ~!" 200 people burst into cheers at the same time ~ [www.mtlnovel.com](http://www.mtlnovel.com) ~ Ye Guxing waved his hand and led 200 elites to chase after the venomous canyon, from reporting to leading the group to kill, The time is exactly 1 minute 30 seconds.

...

Lu Yang took his bitter love for half a life and others to clear the strange all the way to the front. Although there was Lu Yang, the number of refreshed monsters was very large. The 9 people in their group were inevitably slowed down by the mobs.

"Why are there so many poisonous snakes? If they fight like this, they will be overtaken by the night lone star." Twilight Harvester said.

"No way, this is the main road, the least blamed place." Suffering for a long time is helpless.

"Night Lone Star is fighting against the scattered groups. It should be able to send large troops to chase us." Han Liu said.

"I hope so." Lu Yang said.

Killing monsters all the way to the entrance of the level 10 map, within 100 yards of this place is full of open space, and more than 20 poisonous snakes roamed on it.

"Finally, it's level 10 map. People in Bloodlust League can't catch up with us." The dumb handsome guy said with relief.

“In the future, we will upgrade on the level 10 map. Now our level is not enough. We will not let go of the Bloodthirsty League when we become stronger in the future.” Who said indignantly and indignantly.

This time he was hunted down by bloodthirsty people, and he was taken as a shame.

The bitter love for half a life was also relieved, and I just wanted to express my gratitude to Lu Yang. They would not have been able to go so fast without Lu Yang on the way.

“I’m afraid you don’t have that chance.”

Lu Yang looked back, Ye Guxing showed his figure, and a crossbow was in the middle of the handsome guy.

The system prompts: You are attacked by the Night Lone Star team, and you can perform proper defense within 30 minutes.

Chapter 164 - Secondary meteor set

“Night Lone Star?” Said Bitter Love for a long time with a frown, and the name of Night Lone Star has been spread throughout the game these days. Under the command of Bloodthirsty Domination, he led the team to fight against the scattered groups many times. China already has the title of general.

Ye Guxing did not care for half a life, stared at Luyang Yang and said with a sneer: “Lu Yang, this time you see where you are going.”

“It’s up to you?” Lu Yang grunted coldly.

“How do you kill me with your hands?” Ye Guxing’s face looked angry, apparently thinking of the last time he was beaten by Lu Yang.

“Today is your last day in this game. I will let you know what it takes to offend our bloodthirsty alliance.” Ye Guxing beckoned. In the dense forest behind him, 200 addicted to the venomous canyon suit. The blood league players stepped out, everyone with a smirk on their faces.

“No, there are too many people on the other side,” said the Twilight Harvester nervously.

“Master, you go quickly, things happen because of us, and we stop them.” The bitter love was blocked in front of Lu Yang for half a life.

“Yes, you guys, let’s go.” Who said, gritting his teeth frantically.

Han Liu and others also stood in front of Lu Yang.

Lu Yang didn’t expect these people to be quite righteous, and said, “Follow me, Shuangfeng Mountain is not far away, and the terrain there is more familiar to me, and I have a way to get rid of them.”

“Really?” Suffering for half a life thought he would die, no doubt there was still a way to live.

“All are following me.” Lu Yang looked at Lone Star Han, finished speaking to the people around him, turned around and led the team into the level 10 map.

“Lone Star Boss, Lu Yang is about to run away.” Mad Wolf Juxi said anxiously.

“What’s the panic, there is a level 10 map in front of them, and they can’t run fast all the way to kill monsters.” Gu Xinghan waved his hand and said proudly: “Follow me, I will let Lu Yang be killed by me in despair. . .”

200 people followed Lone Star Han into the 10-level map canyon road, which is the only way the Viper Canyon can lead to the next big map.

The secret road is in the canyon, as if there were so many paths cut by a mountain with a knife.

Lu Yang led the team all the way, and encountered many poisonous snakes along the way, all of which were attracted to him with instant burning. When he gathered a certain number, Lu Yang used the flame storm and the blazing bird.

The level 10 mob has 1390 points of blood and is easily killed by Lu Yang's combo, which hardly affects the escape speed.

On the way, White Wolf asked excitedly: "Boss, what do we do next, just keep running like this?"

White Lion said: "There are many people on the other side. If they are dispersed into a group of 30 people, we can win together."

Lu Yang smiled and said, "You are more warlike than me. Don't worry, when you have a shot, follow me first."

When I heard that Lu Yang had to fight back under such circumstances, his face was excited, and he said, "If you count five of us, what good plan is there?"

"Follow them, a bunch of garbage is relying on many people, one pair of two, we are all right." Who said madly in my life.

The equipment of the bitter half-life and others is generally level 5 black iron equipment. The bloodthirsty elites who can face the whole body of the level 8 poison snake canyon can also say this, showing their powerful strength.

Lu Yang looked at the cliffs on both sides that were gradually decreasing in height and said, "Do you believe me?"

"Faith," said White Wolf.

People who love bitterly for a long time nodded.

“If it weren’t for your help just now, we would have hung up.” Who said arrogantly in my life.

“What good suggestions do you have,” Han Liu asked.

Lu Yang said, “I’ll run to the Hukouxia in front to make preparations. You stay here to attract them. Remember, don’t let them separate.”

“No problem,” the White Lion said without hesitation.

“Boss, what are you going to do?” White Wolf asked.

“You’ll know in a while.” Lu Yang’s feet suddenly burst into flames, and the body turned into a phantom galloping forward.

The blazing speed increased to 150% of the movement speed to level 2. Normal thieves only increased the movement speed by 50% when they had hurried steps. Lu Yang’s speed is now twice that of normal players.

“I’m going, the master is too fast.” Twilight Harvester said.

The Baixi Sanxiong nodded in agreement, and they only found out that Lu Yang’s real moving speed was so fast.

“If the boss turns on the blazing speed when we play against us, we are the targets.” White Wolf said in frustration.

“It doesn’t matter, the boss just has more skills, we will mingle with him in the future, he will definitely equip us with skills.” White Lion said.

“That’s right.” The white wolf rejoiced.

Bai Hu was also happy, and they did not feel ashamed of losing to Lu Yang. Instead, they stirred up their fighting spirit.

The bitter half-life five people have something different in their hearts. It can be seen that when the mad wolf was killed by his western soldiers, the three males of the Bai family were powerful masters, because even the disabled soldiers were members of the elite group of the bloodthirsty league. Killed each other with almost no blood loss.

“Catch up with them, kill.” There was a sudden shout of killing behind him.

Ye Guxing and the 200 elite members behind him carried a horseshoe-shaped white symbol on their heads, approaching them quickly at 1.5 times their movement speed.

“Why are they so fast?” Han Liu frowned.

If Lu Yang is present, he will recognize this skill as a book of speed and group acceleration. It can add 50% of the movement speed bonus to 50 players at a time for 30 seconds.

“Don’t worry about that, everyone runs, and Hukouxia is immediately ahead.” White Lion said.

“I don’t know what skills the boss uses. Is there any skill that can kill 200 people at once?” Bai Lang asked curiously.

“How can there be that skill.” Bai Hu said, shaking his head.

“What does that boss mean?” White Wolf asked.

“I don’t know, he won’t hurt us anyway.” Bai Hu was convinced of this.

The Night Lone Star chased behind and ran closer and closer, with the bonus of Haste Book and Cheetah Aura, their actual movement speed was 80%, and the Haste Book effect disappeared when they

approached 40 yards, but both sides The distance is still approaching, because there is no hunter among them.

“Strange, where is Lu Yang?” Ye Guxing frowned.

“It wouldn’t be to leave them and run away,” said Mad Wolf Juxi.

“You must not let him run away.” Ye Guxing opened the scroll in his hands, and a purple light curtain spread out instantly, sweeping the Baishi Sanxiong and others in front of him, and the sweep that had come to Hukouxia just after cleaning up Lu Yang, mobs around.

“Actually use a scroll that is forbidden to return to the city.” Lu Yang lamented that he was really rich, and used it if he had 10,000 credit points.

However, even if it was used, Lu Yang knew that Bloodthirsty Domineer would send someone to hunt him down. This trip to send bitter love to a level 10 strange area, Lu Yang was also holding the purpose of bait. After the 200 elites of the Bloodlust Alliance, Ye Guxing led the team.

The hatred of the previous life made Lu Yang angry, and he did not like any player of the Bloodthirsty League.

He ran to the gate of Hukouxia. Only one player can pass here. The surrounding cliffs are all unattainable. The monster behind him has been killed by the monster, and will not be brushed out in a short time.

Lu Yang was standing in the middle of the pass, and the obscure mantra was spoken word by word.

Each scale of the quaint spell seems to have the power of heaven and earth, and the resonance caused by it makes the entire Hukou Canyon overcast.

Ye Guxing led 200 people into the Hukou Canyon. The spacious ground allowed him to finally deploy his troops. What made him happy was that Lu Yang stood at the gate of the canyon.

“Lu Yang, did you find that you can’t go back to the city? The place in front is too narrow and stopped by the stranger.” Ye Guxing laughed wildly.

The solemn look on the faces of the three males of Bai Family and the bitter love half-life and so on ran to Lu Yang in front of them and turned to block them.

Ye Guxing came to Lu Yang’s 31 yards. This distance he thought he would not be attacked. With a big wave of his hands, the formation behind him spread, and 200 players stood behind him in 15 rows.

Lu Yang saw the other side’s formation, and his smile was stronger. After reading the last scale in his mouth, Lu Yang stared at Ye Guxing coldly and said, “Go back to me and tell Bloodthirsty Batian, his guild I Will destroy it by hand. “

“Is this your last word?” Ye Guxing smiled and waved, “Give me up, who killed Lu Yang and paid 10,000 yuan.”

The three males of Bai’s family and the half-life of bitter love quickly made a defensive formation. However, when they watched each other rushing over, they couldn’t help but stared at the sky with wide eyes and couldn’t help lowering their weapons.

Ye Guxing stared at the changes of the Baixi Sanxiong confusedly. A sound of air tearing in his ears sounded. Ye Guxing looked up and saw the top of his head ~ [www.mtlnovel.com](http://www.mtlnovel.com) ~ a group of dazzling houses. The fiery meteor pulled a long tail of fire and was hitting them.

“Meteor Falls”

Lu Yang roared, and Ye Guxing didn’t wait to shout a word, thinking that his center was concentrated by the fire meteor within 15 yards.

A sky-high fire lighted up, and everyone who could sting with the violent sound and the dazzling flames couldn’t open their eyes.

The white wolf waited for three seconds before returning to vision. Looking at the field, it was discovered that the 200 players brought by Ye Guxing were still standing with more than 50 people.

“How is that possible?” White Wolf was almost excited and almost went crazy.

“A curse is really a curse!” Everyone’s adrenaline has exceeded the standard. Before the game was launched, a reporter once asked the creative team whether there would be a curse in such a highly free game. At that time, The chief creator interviewed just showed a deep and unpredictable smile, making everyone think that there must be a curse.

However, that’s just a good guess from the players. Today, they really saw the forbidden spell.

Lu Yang uttered a spell in his mouth. A big red bird fell on Lu Yang’s arm, a white light flashed, and Lu Yang appeared in front of the stunned bloodthirsty players. This is the most crowded group, probably There are more than 20.

“Flame Storm”

“Blazing Bird”

The towering flames of light and the flaming sound of the firebirds stimulated the three males of the Bai Family to respond.

“I’m dizzy, boss, please leave us something.” White Wolf found that Lu Yang had killed more than 20 people, and watching the last few people rushed forward.

The white tiger and the white lion also silently rushed to the field.

Ye Guxing’s men have been demoralized, and in the face of Bai’s attack, they can’t afford the courage to resist, and they are usually killed by chopping vegetables and cutting vegetables.

## Chapter 165 - Booty

After seeing few people for a long time, I rushed up.

“Leave us a few.” Who shouted madly in spite of my whole life.

“Come on, there’s one left for you.” White Wolf was very pleasing to the eye, probably because his name was similar to that of White Wolf.

“Two, I want two.” Qi Kuang is a warlock, has a lot of control skills, and has the conditions of one pick and three.

Han Liu and others also rushed up, leaving a total of 9 people on the opposite side, and all were killed in a blink of an eye.

Looking at the corpse all over the place, half-life bitter love and others showed incredible eyes.

“Win, let’s win.” Shouted dumb handsome.

The Baixi Sanxiong and bitter love half-life and others looked at Lu Yang at the same time, with indescribable respect in their eyes.

Lu Yang said with a smile: "Don't look at me, hurry up and grab the equipment. The equipment on the ground cannot let them pick it up."

All 200 members of the elite group were equipped with a full set of Viper Canyon suits.

"Wow, haha, you're rich." The white wolf burst into laughter and rushed to pick up equipment.

The white lion and the white tiger followed, and Lu Yang ran after him. Picking up loot after the battle is always the most exciting thing.

Lu Yang picked up several items and found that the bitter love half-life and others stood awkwardly in place.

"Come on, pick up your equipment quickly." Lu Yang shouted.

"Let's just stop it, after all, we haven't played much role," said bitter love for a long time.

Although Han Liu and Yan Kuang were yearning for their eyes, they did not move forward.

Lu Yang said, "What are you doing so kindly, come and pick it up. We can't hold so much on our bodies. Be careful when they kill them back. It's a pity that these equipments should be snatched back."

"Well, let's hold it for you first." A bit of a wave of bitter love, took Han Liu and others into the field to pick up equipment.

200 bloodthirsty players exploded more than 1,000 pieces of equipment and various potions, and they were spread all over the floor. Lu Yang and his team of 9 people picked up for more than 10 minutes, and the packages were full and were not picked up.

"Boss, it won't fit." White Wolf said anxiously.

“Throw it bad, stay good.” Lu Yang threw a bronze flying snake glove on the ground, picked up a silver grade and put it in his backpack.

“I’ll make a set of 32-cell backpacks for you all when you go back. It’s a pity you see.”

Bai Shi Sanxiong recognized with a face, but they felt more that the boss was shameless and did not have a good manner, but they liked it so much.

“Boss, what skills are you doing, is it a curse?” Bai Lang asked.

“The skill is called a meteor fall, a pseudo-ban curse, and there is still some distance from the curse.” Lu Yang said.

“It’s so handsome. No one is afraid of this skill.” Bai Hu said excitedly.

“It requires a specific environment. This time, many people only achieved it by taking advantage of Ye Guxing’s enemy. It will not be so easy in the future.” Lu Yang was not blind.

Everyone nodded together.

The white lion said: “The boss is also powerful enough, the fire method is too strong.”

Han Liu is also a mage, staring at Lu Yang with a bright look and saying, “Can you tell me where to study, I am willing to pay.”

Lu Yang smiled and shook his head, saying, “This is the only task, you can’t do it.”

Han Liu showed a disappointed expression, but he was not discouraged. The skill of curbing must be the only task, and it is not a pity that it cannot be done. She then asked: “Master, how did the magic you just released are instantaneous. “

At first Han Liu thought that Lu Yang had the skills to make magic become instantaneous, but she saw that Lu Yang's spells were always instantaneous, and she felt a problem.

Lu Yang said, "This is the free mode of the mage. In terms of releasing spells, I use simplified spells."

"Simplify the spell?" Han Liu said doubtfully.

Lu Yang's mouth read the spell, and the fireball of Pyroblast formed at the top of his staff. He said: "This is a simplified spell that can make Pyroblast from a pre-read time of 6 seconds to a pre-read time of 0.5 seconds at the fastest. Read time. "

"It's still like this." People who were bitter in love for half their lives were stunned.

Han Liu asked, "I want to learn this simplified spell, what does it cost?"

Those who can speak in this tone have a good family background. Lu Yang looked at Han Liu and said, "This is my unique secret. Unless I sign a guild contract with me, I will never teach it."

"Join the guild?" The half-bodied five people all showed surprised expressions, but all showed clear eyes.

Several people looked at each other. They had thought about joining the guild before, but they never found the right one.

Who said madly in my life: "We are on the blacklist of the Bloodlust Alliance, and very few guilds can accept us. Even if we accept, we have to worry about whether they will be sold to the Bloodlust Alliance by people inside the Association. In this case, we simply Just join the master's guild. With such a powerful president, we have no fear of bloodthirsty people. "

He loved half-life and looked at the dumb handsome guy and the twilight reaper. Both of them had the idea of joining. He looked at Han Liu again, and Han Liu nodded.

“Master, if you don’t hate it, some of us are willing to join your guild ~ [www.mtlnovel.com](http://www.mtlnovel.com) ~ said bitterly for half a life.

Lu Yang didn’t expect to be able to accept bitter love for half a lifetime, but he still shook his head and said, “You think about it, sign a guild contract with me. You have to sign for three years at a time, and you are not allowed to sign out halfway. The additional confidentiality agreement, once leaked out, you give me enough money to bankrupt a middle-income family. “

The bitter love for half a life waited for a while, and they thought that the contract Lu Yang said was just an ordinary contract. I did not expect that the binding force would be great here.

“Can you show us the contract first?” Han Liu asked.

“Of course you can.” Lu Yang copied a copy of the contract signed by Bai’s Sanxiong and gave it to the bitter love half-life and others.

A total of 12 pages of guild contracts elaborated on their responsibilities and remuneration.

“This contract gives the Guild equity?” Han Liu said in surprise.

“Yes, in the future, the guild will be profitable, and you players who participate in the creation will receive dividends in proportion.” Lu Yang said.

“We signed this contract, too,” White Wolf said.

“Let’s discuss it with you.” Suffering in love for a long time glorified Lu Yang and took the others to the side.

A few people talked for a while and returned to Lu Yang, and said bitterly for half a life, “I represent this other person and sign this contract with you. As for whether we can have such a big role as you say, we cannot guarantee it.”

Lu Yang said with a smile: "I believe in you."

"President, it looks like your goals are not small." Han Liu joked.

"Of course."

Lu Yang watched a few people sign the contract, and then took out a confidential agreement and handed it to Han Liu: "After signing the agreement, I teach you magic, but you need to be mentally prepared. It is not as easy to learn as you think. . "

Han Liu was very confident in his own ability. After signing the agreement, he followed Luyang and followed Lu Yang's instructions.

Chapter 166 - Get together

On the other side.

At the headquarters of the Bloodthirsty Alliance, Bloodthirsty looked at the night lone star in front of him with an extremely ugly face, and said sharply, "How did you die? Tell me specifically."

Ye Guxing quickly led Lu Yang to Hukouxia to kill 160 of their players with a false forbidden curse meteor drop.

After listening to the report, Bloodthirsty Batian had reached the limit of anger on his face and said: "200 people's equipment, nearly half of it has fallen, how to deal with this matter."

"I ordered my men to keep a secret and never let the incident pass, and at the same time let other people stop hunting and return to the Santo Corps battlefield. However, they lacked equipment and their morale was much lower. Cheng Ping. "Ye Guxing said shamefully.

"The secret can't be kept. Some of these people will definitely talk about it." Bloodthirsty Batian said.

“Boss, I ...” Ye Guxing didn’t finish talking and was stopped by Bloodthirsty Domineering, saying, “In another two hours, the server will turn on the currency exchange function. I will buy 100,000 gold coins in advance, and some of this money In the guild elite, you buy me some news, everything about hidden tasks and unique tasks. “

Ye Guxing secretly sighed with relief, he knew that his level had passed, and was defeated by Lu Yang with a meteor drop. Although this was a special case, the main reason was that if he was not so careless, he would not be a meteor. More than 160 people were killed.

“Boss, don’t worry, I must let our people learn to ban curse, too.” Ye Guxing said with gritted teeth.

“Come on,” said Bloodthirsty Batian.

When the night Lone Star left, Bloodthirsty Domineer said to the air: “It looks like I have to rely on you in the future.”

The figures of six players emerged from the darkness. A female player, led by them, said: “Our Pinyan studio will never live up to the expectations of the boss.”

“Lu Yang, calculate something, and let us handle it.” A warrior-like player said scornfully.

The other four sneered.

These 6 people represent 6 studios, which were recruited by Bloodthirsty Batian. However, these 6 people have a bad reputation in domestic studios. They are responsible for the practice business, and they have destroyed many classics by finding bugs. The game, however, is top-notch in their skill and mind.

“I will inform you as soon as there is news of Lu Yang, and continue to upgrade, don’t let people know our relationship, you are my hole card.” Bloodthirsty Batian said.

Each of the six people flew away using the city roll, and the bloodthirsty bully saw that no one was there, which revealed his angry side.

“Lu Yang, I must kill you to the withdrawal zone with my own hands.”

...

Hukouxia.

When the white wolf saw Lu Yang returning with Han Liu, he asked curiously, “Boss, where shall we go next.”

Lu Yang said, “Wait a minute, I called a few people over, and they signed the same contract with you, they are all masters.”

White wolves and others were interested, and all waited aside.

Lu Yang sent a message to Duzhuo and asked, “Are you free? Come to the Serpent Canyon, and I will take you to the magic fire staff.”

“Coming soon.” Zhuoshu closed the interphone with excitement and said to the fire \*\*\*\* M16 next to him: “Brother, you are developed, the boss wants to take us to the magic fire staff.”

“Level 30 weapon.” Vulcan M16 flushed with excitement and said, “The boss is so interesting, let’s go.”

They knew how Lu Yang hit the magic fire staff, singled out the boss at level 30, the danger factor was quite high, and a mistake would undoubtedly die.

“Boss, thank you so much.” Vulcan M16 sent a message to Lu Yang.

Lu Yang has taken the man back to the Serpent Canyon, and found the Eternal Sword Guard who was placed in the corner by him, and is upgrading with the sword guard.

“You’re welcome with me, come on soon.” Lu Yang blasted a python into remnant blood with a Pyroblast, and let the Evil Sword Guard go up to make up the knife.

“Boss, we also want the ring of dreams.” Bai Lang said enviously.

Lu Yang covered his head silently. This is the 9th time that White Wolf has said this sentence to him. I didn’t expect this child to have the ability to break up his thoughts and said, “Oh, obedient, you are not strong enough to challenge SSS Level Joker Emperor. “

“Then when can I challenge it?” White Wolf asked.

Lu Yang said, “Wait for each of you to hold on for 30 seconds under my hands.”

Everyone relied on them. How strong Lu Yang is, they haven’t seen it before. Don’t say 1 to 1 for 30 seconds. It’s better to stand 3 seconds.

“I will do some special training for you after a while, and if you do, you will get the ring.” Lu Yang could not bear to tease them again.

“Thank you, boss.” Everyone raised hope again.

There is only one chance for the Joker King’s mission to trigger. Once lost, you will miss the Ring of Dreams forever. Unless you are lucky, open the Pandora’s Box, but the probability is too magical.

It took Lu Yang half an hour to bring the Eternal Sword Guard to level 7, the silver armor turned gray, and the short knife in his hand became a long-knife.

“It’s handsome enough,” said White Wolf.

A group of players in the distance ran over to [www.mtlnovel.com](http://www.mtlnovel.com) ~ Lu Yang took a closer look, and it was Sun Yu and Zhuoshu who poured out five people.

When approaching, Zhuoju smiled and said, "Boss, here we are."

Lu Yang smiled and introduced the two sides, so that both sides had a preliminary understanding.

"Take out all the suits in the backpack and equip them with equipment." Lu Yang said.

"Good grin." Bai Shisanxiong smiled and took out six silver gears that had been prepared from the backpack.

Sun Yu said in amazement; "All are in the Silver Serpent Canyon suit, boss, where are you from?"

Lu Yang said: "The killer got it."

"Murder?" Zhuo Jiu Qing and others were interested.

The White Wolf took the stubble, and excitedly told how Lu Yang used the curse to stop the 160 members of the Bloodlust League.

"Boss, we didn't even have such a fun thing." Mao Qiu said madly.

Lu Yang was speechless, and this was another militant, saying: "In the future, you have the opportunity. This time, the Bloodlust Alliance will hate us a few, and they will come to us without us."

"Haha, yes."

Lu Yang looked at the group of people in front of him. In the last life, the three males of the Bai Family were the world champions of the trio, the domestic champions with a bitter love for half their lives, and the five men were the heads of the top guilds in the country. , A guild can have a group of such players can be side by side, but he has gathered so many top players to his Majesty.

Coupled with the two top drugstores, Shengcheng and Wolf City, Lu Yang is increasingly confident about the future.

Lu Yang said, "Okay, now we are going to the 30th level map of Neil Palace, and we will upgrade there for a period of time."

"it is good."

Mao Qiu and Sun Yu opened the halo together, and a group of people quickly ran towards the seaside island.

Chapter 167 - Currency exchange is on

While on the road, Zhuoju Qingdi and others actively chatted with Bai Shisanxiong and others to inquire about the fighting situation. The two sides quickly chatted together, both of them masters. No need to talk nonsense, and the two sides became more and more speculative.

Two hours later, Lu Yang was still running with the team on the road. Suddenly, a full service announcement echoed in everyone's ears.

Full service notification: Currency exchange is officially open, and all players who want to exchange gold coins can exchange it offline.

Lu Yang sighed, it really started. From today on, the game really started. The previous test was just a small test.

The currency exchange triggered a large-scale war. Dozens of guilds such as twilight, hegemony, bloodthirsty, and black blood started confrontations in various corners of the map. There was no scattered group in the previous life. To add a casual group.

This war is an important opportunity for Lu Yang's rise. The war in the game actually hits the economy, especially in the early stage. Whoever has more medicine can win.

Lu Yang sent a message to Jin Buhuan, saying: "From today, a large number of pharmacists are recruited. As long as they are promoted to junior pharmacists and talented in refining, they will receive at least 80 people."

"So many?" Although Jin Buhuan was surprised, he understood what Lu Yang meant, and said, "I have applied for a lot of pharmacists before. If the conditions are relaxed, 80 people will be received tomorrow morning."

"Okay, then the pharmacy will open tomorrow." Lu Yang said.

In the past, Luyang only had an anti-drug formula. In order to prevent the elderly from raising the price of raw materials, Lu Yang did not let the pharmacy open. Now there are more than 20 primary formulas in his hand. Lu Yang needs a large number of herbs, which can be achieved. Fisheye mixed beads for the purpose.

After the call was over, Lu Yang took the muddy wine and other people to continue to run for more than an hour to the small island on the seaside. After the betrayal of the Eternal Sword Guard once, Lu Yang took the team to the door of the ruins.

"Now everyone enters the map to attract zombies. The speed of zombies is slow. You can attract as many as you can. I will always release the Fire Wall here." Lu Yang said while releasing the Fire Wall.

A total of 15 people came this time, and Lu Yang could not run to the palace in the center of the ruins as quickly as before, but only so slowly.

"Yes." Zhuo Jiu and others shouted together, and ran into a path inside the ruins.

There are countless evil spirit zombies blocking the middle of each road in the ruins, but with their own methods, they have escaped the blocking zombies and drilled inside to pull more monsters.

There was about 60 yards of open space at the entrance of the ruin. When Lu Yang spread the ground to the 60th fire wall, Sun Yu was the first one to pull the monster back.

“Boss, I pulled back more than 100.” Sun Yu shouted.

“Mine will be here soon.” Mao Qiu saw Sun Yu’s shout in the dialogue bar and said quickly.

“We have about 30 seconds to go back,” said bitter love for a long time.

“Second brother, hurry up, we are slow.” White Wolf hurriedly urged White Tiger on the road.

“Dizzy, this group of people are real animals, we still need 1 minute.” Bai Huxun said.

Lu Yang said with a smile: “Hurry up, no experience coming late.”

“Come here, come here soon.”

...

Listening to the anxious voice of his men, Lu Yang couldn’t help laughing, according to the rules of the game, the two players can share the experience they shared within a straight distance of 80 yards. Now everyone is within range, that is Can get experience points.

“Boss, do I have to wait?” Sun Yu asked.

“No, just pull in the blame, they can get experience.” Lu Yang said.

“Okay.” Sun Yu no longer ran the S-shaped curve, ran straight into the flame of 1 meter, and more than 100 red zombies ran behind.

The 10-yard-wide passage made the zombies automatically line up into eight rows. Lu Yang raised his staff, and the spell continued in his mouth. Blazing birds flew into the entrance of the passage one by one. Each batch of zombies who entered the flame suffered at least two. Attack of the Flaming Bird.

Evil zombies are level 25 monsters, with a total of 3660 points of blood. With Lu Yang’s current level 2 fire wall, each attack has more than 500 damage. The evil zombies die on the ground without leaving the fire wall.

System Tip: You have gained 136 experience points (among which 82 points are the experience of leveling monsters)

...

More than a hundred experience tips filled the entire conversation bar, and Bai Xi Sanxiong and others who hurried back on the road showed a happy expression.

“Boss, we are at the door.” Mao Qiu shouted for the second time.

“We’re here too.” Zhuoju and Baixi Sanxiong almost shouted in unison.

“Come in together, you all ran behind me and watched me blame.” The spells in Lu Yang’s mouth continued to read, and the skills such as Blazing Birds, Sky Extinguishing Fire, and Flame Storm seemed to be instantaneous, falling one by one in the zombie group .

There are nearly a thousand zombies brought back by Zhuoju and others. Normally, players want to kill so many zombies, and they ca n’t do it all day. However, Lu Yang ’s fire method is special, relying on the devil. Heart and Staff of Level 30 Divine Fire ~ [www.mtlnovel.com](http://www.mtlnovel.com) ~ Kill all zombies in less than 20 minutes.

“This is too fast. My experience has increased by more than 100,000, and it is about to be upgraded.”  
Said the knife.

Lu Yang said with a smile: “Don’t spread this map out. This place will be our permanent residence in the future.”

At level 20, players can establish guild bases in the game. Such guilds can improve certain life skills of the players. When the guild reaches level 5, they are also eligible to participate in the fortress battle.

Zhuoju pouring and others did not know about the fortress, but they were very satisfied with Lu Yangxuan’s establishment of a guild in this place.

“Everyone continues, we stop and upgrade when we encounter a strange, until the Neil Palace in the middle of the ruins.” Lu Yang said.

This ruin was originally a city, and Lu Yang’s accelerated run also took 2 hours to run to the gate of the palace. Now with 14 people, he can only walk while killing monsters.

When Lu Yang took the team to the gate of the palace, it took 4 hours, but during these 4 hours, Lu Yang had 20,000 or 20,000 zombies, and each got more than 200,000. Experience value.

Among them, the five men who have stayed at level 12 for two days and Sun Yu directly went up to level 1, and the five people who had lower levels of bitterness and love for half their lives rose to level 2.

“This time for 4 hours, if the boss took us to upgrade here for five or six days, wouldn’t we all be able to reach level 20.” Said bitterly, half-lifefully excited.

White wolves and others nodded in agreement.

Lu Yang also had this intention. The purpose of bringing his team was to upgrade here. He took a group of people into the royal area and walked in the corridor. Lu Yang pointed to the side of the dog bones room to the muddy wine “The place is not familiar yet,” Qing said.

The five people who filled the turbid wine smiled reminiscently.

## Chapter 168 - 2nd Magic Fire Staff

“Boss, is there anything special?” White Wolf asked.

“You have to ask them five of them.” Lu Yang motioned to Bailang to ask the turbid wine to wait.

Zhuoju laughed, and accidentally teleported the five of them to this place. The incident of being chased by a 30-level evil dog jumped on the pillar and made everyone laugh.

“I didn’t expect you to have this experience,” White Wolf said, covering his stomach.

“In fact, it feels very interesting, and I still know the boss.” Zhuo Jiu said with emotion, “What’s more, you haven’t seen the boss’s method.”

The white wolf asked, “Boss, you haven’t told us how we can kill the bone tyrant.”

“You’ll know in a while.” Lu Yang waved and led the team to the door of the King’s Hall.

“The red bone elf.”

“Elite boss monster.”

“What about 300,000 blood.”

...

White Wolf and others looked into the palace. Not far from the door was a whole body in red holding two steel fork skeleton elves, and behind them were countless skeleton heavy hammer soldiers.

“Boss, how do we fight?”

“Just watch me fight.” Lu Yang walked into the hall, and the skeleton elf immediately found Lu Yang and rushed towards him.

Lu Yang fled the dagger in his hand, and flew to the middle of a group of bone hammers 30 yards away before the bone elves rushed in front of him.

Almost 50 skeletal hammer soldiers found Lu Yang’s presence, raised the long red mace in his hand and ran towards Landing Yang.

Lu Yang stood still, watching the door and the mobs around him attracted to him, and waited for the skeleton hammer to come within 5 yards of him.

“Flame Storm”

A black ripple appeared at his feet, and then a 10-meter-diameter blaze of flames appeared, knocking the skeleton heavy hammer soldiers and skeleton elves towards him.

Lu Yang took this opportunity to continue running towards the front, and at the same time ordered the Eternal Sword Guard standing at the door to lean on the right corner toward the corner fountain position that he had visited last time.

After a short while, Eternal Sword Guard successfully ran to the circular fountain, and Lu Yang was also surrounded by heavy siege, only 2 yards away from his nearest skeleton heavy hammer.

As long as a hammer, Lu Yang will be killed on the spot. However, for a mage, there are infinite possibilities without hitting it. The escape dagger in his hand is cooled down, and Lu Yang throws to the right 30 yards.

When the dagger fell to the ground, Lu Yang appeared and successfully jumped out of the enclosing circle of the Skeleton Group. At this time, his position was only 30 yards from the fountain and his body flashed white. Before the monster chased him, he successfully jumped into the gap between the fountain and the corner. .

The strange group followed the landing to the corner here.

Lu Yang waved to the white wolf and others standing at the door and said, "All come in for experience."

The white wolf saw the skeletal hammer hammer almost shed blood, and asked, "Boss, how about we join the attack."

Lu Yang said while releasing the wall of fire: "Don't, the defense power of Eternal Sword Guard is more than 600, and you are still bleeding. You come up, and you will have to return to the city if you accidentally get hit."

Everyone froze.

Soon, the skeleton heavy hammer soldier in front of Lu Yang was burned to death by his fire wall, leaving only 3 skeleton heavy hammer soldiers. Behind this strange, there were 6 skeleton elves.

Previously Lu Yang struggled to fight against the high-definition skeleton elves. Now he has a level 1 demon heart and a magic fire staff. Only 300,000 blood skeleton elves were killed by Lu Yang in less than 10 minutes and burst to the ground. thing.

"Boss this is the rhythm of brushing bosses." Bai Lang said.

Everyone nodded.

It took Lu Yang more than an hour to destroy all the monsters in the King's Hall. Among them, there were 20 skeleton elves in the killed monsters, and skull kits (silver), skull rings (silver) and other skull kits burst out.

After a few people got together, they just came up with a whole skull suit.

"Good luck, this is the best plate armor set at level 30." Lu Yang said.

The eyes of warriors and knights such as the Dusty Wine Pours, the Three Heroes of the Bai Family are all green. This set of equipment not only has strong attributes for each component, but also sets together, and has a certain chance of adding 100 dark damage to the attack.

"Boss!" White Wolf looked at Lu Yang with excitement. He liked the equipment very much.

Lu Yang said with a smile: "Don't look at me, I will brush you every day for a while now, I guess I can come up with a set of people at that time."

"Boss mighty ~!" Zhuo Jiu and others shouted together.

Lu Yang laughed. The same was true of his brothers and brothers in the last life. There was also a book of fire on the facade of the remaining things, which he gave to Vulcan.

"There is only one skeleton tyrant left. You retreat to the door, and I single him out." Lu Yang said.

Bone Tyrant (Lord)

Level: 30

Qi and blood: 450,000 / 450000

Vulcan M16 saw this boss swallowed and said, "Boss, can you fight it?"

“Don’t worry, this is my magic fire staff.” Lu Yang pointed at the crimson staff in his hand.

The three males of the Bai Family, the half-bitter bitter lovers, and the others, and others such as Duojiu Pours, were excited by Lu Yang.

Lu Yang said, “I’m optimistic. I can’t play this staff for you every time, record my video, and after you learn, you can single out.”

“Um.” The crowd nodded together, backing to the door.

Lu Yang came to the bone tyrant’s 30-yard position. First he filled the wall with fire. After the magic was restored, Lu Yang aimed at the head of the bone tyrant.

“Pyroblast”

A huge ball of fire was right in the head of the skeletal tyrant.

“Damn humans, you dare to break into my territory.” Skeleton Tyrant launched his charge skills and rushed towards the landing sun.

...

As before, Lu Yang easily dealt with every skill of the skeleton tyrant ~ [www.mtlnovel.com](http://www.mtlnovel.com) ~ However, the three males of the Bai Family who stood at the door were stunned.

They never thought that a mage could use the free mode to this extent. The demon soul of the skeletal tyrant, the feast of blood, each skill is a range attack, but Lu Yang escaped like a walk in the idle court .

“I’m completely convinced that the boss’s ability is more than one level higher than us.” White Wolf said.

Everyone nodded together.

Half an hour later, thousands of stars burst into the body of the tyrant.

System prompt: Your team killed the Skeleton Tyrant

You have gained 17,282 experience points (among which 2473 points are the experience of leveling monsters)

A crimson staff fell to the ground, and Lu Yang picked it up and looked at it and said, "Good luck, it really made me hit the second magic fire staff, and the fire \*\*\*\*\* came."

Vulcan M16, like drunkenness, ran over flushed and said excitedly, "I'm here."

Lu Yang threw the staff into the hand of Vulcan and said, "It's yours."

"Boss, thank you." Vulcan M16 equipped the staff to his body, only at level 14 has a 30-level sub-legendary weapon, making Vulcan look very powerful.

Han Liu was very envious.

Lu Yang said: "When you come out a few days later, if you can still hit it, it belongs to you."

"Thank you, boss." Han Liu said happily.

Lu Yang laughed and looked at other items. In the equipment, a golden drawing was prominent, and Lu Yang's eyes couldn't help but widen, and he quickly picked it up.

Spicy Crayfish

Type: Cooking

Description: Restores 1024 points of blood and 2284 points of magic to the player within 30 seconds after use, and gains 22 points of magic / 5 seconds of recovery after 10 seconds of use.

## Chapter 169 - Song of Blood and Fire Elixir

Lu Yang chose to use cooking drawings. During this time, Lu Yang has been trapped in not having good cooking and he was a bit distracted when playing monsters. Now that he has this cooking, he no longer has to worry about playing monsters with half blood.

Looking at the time, it was already late at night, Lu Yang said, "Let's get here tonight, everyone will gather here at eight tomorrow morning."

"Okay." Everyone went offline.

Lu Yang looked at Xiao Liang and Han Ying and made them all offline. Mu Yi was separated by a race in the game and could not be notified in the game.

System prompt: Are you sure you want to quit the game?

Lu Yang chose yes, quit the game, took off his helmet and set aside, Lu Yang patted Mu Yi's shoulder.

Mu Yi felt the situation outside and chose to quit the game. When the power was turned off, Mu Yi could not wait to take off his helmet and said to Lu Yang, "Brother, I want to change the contract."

Xiao Liang and Han Ying's three siblings both quit the game and are reporting to Lu Yang on this day's gains. When they heard this, they looked at Mu Yi in surprise.

"What's wrong?" Lu Yang asked.

"Brother, there are 20 pharmacists under me. Today I made 3,000 bottles of anti-toxic drugs and sold a total of 150 gold coins. I made 300 bottles myself. According to the contract, I can get 20%. That's 3 gold coins, which is too much." Mu Yi said in a panic.

Today, the currency exchange is open. The official currency exchange ratio is 1 gold coin for 300 credit points. Mu Yi earned 900 credit points in a day without being skilled in refining medicine.

"So much! If you keep it for a month, you can earn 30,000 credit points." Xiao Liang said.

"Yeah, it's too much, brother and I can't ask." Mu Yi came to Lu Yang, only begging for Lu Yang to take him in and give him and his sister a place to stay, how dare they want so much wealth.

Lu Yang leaned on Mu Yi's shoulder and said with a smile, "Stupid brother, you should take this money, and you can earn more money later, rest assured."

"But ..." Mu Yi had to speak, but was stopped by Lu Yang.

"Starting tomorrow, I will give you a variety of high-value pharmaceutical formulas. When you expand the staffing and open the pharmacy, I require that you have at least 80 pharmacists to work for you." Lu Yang said.

"Boss, there is no problem with this, it's just money ..." Mu Yi still didn't want that much money.

Lu Yang stiffened Mu Yi's shoulder and said, "When I'm an elder brother, you should hold the money and don't quit."

Mu Yi blinked, didn't know how to answer, and could only say, "Well, I'll take it first."

Lu Yang smiled and said to Xiao Liang and Han Ying, "You must also be mentally prepared. In a few days, you may earn more money than Mu Yi."

"Ah?" Xiao Liang and Han Ying's sisters looked at Lu Yang in surprise.

"Boss, what are we going to do?" Xiao Liang asked.

Lu Yang said: "It has nothing to do with you. This requires me to complete a task first. In the past few days, you can upgrade with peace of mind and strive to raise the level to about 20."

"Yes."

"Well, let's go to bed as soon as we move." Lu Yang stretched a lazy waist and did a simple exercise to wash and go to sleep.

The same is true of Han Ying and others, but Han Zhong did not move but thought seriously.

Early the next morning.

After landing, Lu Yang landed in the game and appeared in the palace corridor. The turbid wine and others have not been online yet. He is the only one in the corridor.

Kim did not change online, and sent a message.

"Boss, I've recruited 80 pharmacists, what's next?"

Lu Yang said, "Wait for me to come back."

Taking out the city roll, Lu Yangfei returned to the St. Gall's Square. Unlike in the past, the holy city that opened currency exchanges is much more active than in the past. The streets are full of business, selling news, and sipping to buy together. The sound of medicine.

Putting on his cloak, Lu Yang first came to the auction house and placed more than 30 sets of Viper Canyon suits on his body.

1 set of silver grade sells 3 gold coins, 16 sets of black iron grade, unit price of 2 gold coins, 11 sets of bronze grade, unit price of 1 gold coin.

"Someone sells the Serpent Canyon suit!"

"Sold in sets!"

System Tip: You sold the Silver Serpent Canyon Set and got 2 gold coins and 97 silver coins.

...

The auction house suddenly became a sensation, and Lu Yang didn't wait for a response. All the equipment of the Viper Gorge that he placed on it were robbed.

"I'm dizzy, it's cheaper to sell." Lu Yang thought that the price he had set was already high, and he didn't expect the player's purchasing power to be so powerful.

"Where is the Serpent Canyon suit?"

"It's late and it's sold out."

"Oh, why so fast, these animals."

Countless players sighed. For many people, what they have is money but not time.

Lu Yang looked at the boiling auction house and thoughtfully touched his chin, took out the 45 gold and 95 silver coins he just got, and turned to the palace quartermaster.

“Boy, come here again, what do you want to buy?” Abrad asked.

A purchase page appeared in front of Lu Yang.

Lu Yang chose four kinds of formulations: primary attack potion, primary defense potion, primary spell potion, and primary qi and blood potion, each of which bought 40 copies.

Starting from today, the major guilds will enter the era of scramble for land. These 4 kinds of potions are exactly what the major guilds urgently need, which can break the top potion among players.

Lu Yang came to Chengdong and walked into his own pharmacy. The newly recruited pharmacists stood in the lobby on the first floor. Everyone’s face had a childish expression. Several pharmacists who had been hired were Explain to them the techniques of refining medicine.

Jin Buhuan saw Lu Yang and greeted him quickly to the office on the second floor. He said, “Boss, it’s too profitable. The attack potion you made from me was sold out yesterday. I know it was made by me. I want exclusive contracting. “

“How can there be such a good thing, we can not be sinners.” Lu Yang smiled and handed over 20 recipes of 4 kinds of medicine to Jin Buhuan, saying: “The recruited people were divided into 4 batches, and a batch of 20 learned a formula. . “

Jin Buhuan’s eyes widened when he saw the formula, and said excitedly, “Boss, we are rich this time.”

“The money I made in the past two days is for me, and my drugstore is upgraded.” Lu Yang said.

Jinbuchang took out a running bill and a bag of gold coins and said, “Here are the bills and 264 gold coins.”

Lu Yang skimmed the bill, took the gold coins, and said, "I believe in you, show me the bill once a month in the future."

"Thank you, boss." Jin Buchang said gratefully.

Lu Yang held the gold coin to open the system interface and chose a store to upgrade.

System prompt: Intermediate pharmacy needs 100 gold coins

Lu Yang handed the gold coins to the system and chose to upgrade.

A ray of light appeared outside the house, and then the house, which had been only three stories high, was raised one level higher.

For the interior decoration, Lu Yang chose to merge the first floor, and the entire first floor became a complete hall with double the sales area.

The second floor is divided into a special pharmacy and a herbal storage room. It is temporarily closed to the public. The third floor is a refining pharmacy.

In terms of equipment, Lu Yang newly purchased 80 sets of primary refining equipment and spent 80 gold coins.

Looking at a set of assembly line equipment in front of himself, Jin Buhuan said, "Boss, you have spent all your money."

Lu Yang said with a smile: "You have to pay to get rewards. What about our herbal inventory?"

"Boss, I'm worried that late twilight will find out our secrets, so I also signed an agreement with Xiongba. Yesterday you told me to open a pharmacy to recruit people. I need to get enough from both of them in

advance. The stock of raw materials for 100 people refining the medicine for 5 days, and I did not sell the anti-toxic drugs made last night. "Jin Buhuan said.

"Good job, the pharmacy will open in an hour." Lu Yang said.

Inside the auction house.

"It's weird. People usually sell antivirals at this time. Why aren't they today?"

"I'm also waiting for the poisonous snake gorge under the anti-toxic agent. Why is it out of stock when it is rich? The one selling the anti-toxic agent will come out quickly."

...

Numerous players complained about it ~ [www.mtlnovel.com](http://www.mtlnovel.com) ~ Just when they couldn't wait, on the World Channel, Lu Yang asked Jin Buhua to advertise.

"Chengdong Blood and Fire Song Pharmacy Store opened, with exclusive sales of anti-toxic drugs, 3 silver and 1 bottle, affordable price, buyers quickly."

Players throughout the holy city looked at each other. So far, there has not been a pharmacy store in the holy city. Now it has actually come out, and it still sells anti-toxic drugs.

Countless players flocked to the prosperous street in the east of the city. Above a conspicuous four-story building, the characters of the Drugstore of Song of Blood and Fire were printed.

Jin Buhuan was standing in front of the counter with a smile, and the anti-toxic drugs were placed in the counter directly opposite the hall. The counters on both sides sold four kinds of drugs, including primary attack and primary defense.

In order to cooperate with the opening sales, Lu Yang also started to participate in the production. These 4 kinds of medicines are also used as the primary raw materials. The medicines provided by Xiongba and Chiwu are comprehensive.

Lu Yang refined the medicine in a large furnace, producing 50 bottles in 5 minutes, and 600 bottles of 4 herbs in one hour.

When the players flocked to see that there were really anti-toxic drugs, they paid for them.

Lu Yang stood on the street opposite the pharmacy and watched the crowded doorway with thousands of players.

There is no problem with the human pharmacy. Lu Yang went to the Orcs again and gave the same formula to Mu Yi. As for the name of the pharmacy, Lu Yang let him choose his name. Mu Yi chose to call it Zhongyi Pharmacy.

The shape of the werewolf chosen by Mu Yi looks fierce and rough with a strong force, but it gives people a sense of sense of morality, coupled with his morality and understanding of worldly rules, he is better at the operation of the drugstore than gold This makes Lu Yang more assured.

"I'm gone. You have to go offline to find me at any time." Lu Yang said.

"Okay," Mu Yi said.

Chapter 170 - Blue feather for help

Lu Yang returned to the city of St. Gall and killed Golden Hammer Pig once again. At this time, there were already three flame elves. Then he returned to the ruins of the Neil Palace and continued to lead the team to upgrade.

For five days, Lu Yang was leading the team to upgrade. During these five days, the chain reaction caused by currency exchange continued to ferment.

First, more than 20 guilds or studios such as Bloodthirsty Batian and Xiongba announced their investment of 100,000 gold coins, and then the old man of the twilight announced that he would invest 200,000 gold coins.

The official has a cash pool online. In the past few days, the number of gold exchanges in the cash pool in Huaxia District has exceeded 100 million, that is, the credits spent by Huaxia players in the game have exceeded 30 billion.

However, what is even more striking is another news. The 200 elite group of Bloodthirsty Domineering was defeated by Lu Yang with a curse and lost a lot of equipment, making it incapable of annihilating the diminishing scattered group.

“Who passed it?” Bloodthirsty Batian looked at Ye Guxing coldly.

“Boss, the man has been caught. He is a fighter of the elite group. He was left behind when he added equipment. He complained and said it while drinking.” Ye Guxing said in a panic.

“Kill back to level zero and kick out of the guild.” Bloodthirsty Batian patted the table angrily.

“Yes.” Ye Guxing fled and left the room, packing up the player.

“Have you heard of Lu Yang yet?” Bloodthirsty Batian asked.

“The low-level map was searched, and none of him was found. Our spies in the major guilds did not find out which gang he had sheltered.” The Elder Yubaxue said.

“Give me an order. Who can provide Lu Yang’s position, I reward him with 100 gold coins.” Bloodthirsty Batian said.

The \*\*\*\* demon king beside him gritted his teeth and said, “Boss, Lu Yang will definitely be caught with this reward. I’ll send a full service announcement.”

100 gold coins is equal to 30,000 credit points. This money is enough for an ordinary person to live comfortably for one year. The bloodbath devil does not believe that someone will be indifferent.

The full service announcement is an announcement mode of the system. Using 10 gold coins at a time, this message can be displayed in front of all players.

Full Service Announcement: Lu Yang is the deadly enemy of the Bloodthirsty Alliance. Who can provide Lu Yang’s location and reward 10 gold coins? This message is permanently valid.

Clear valley

As a tourist attraction in the game, the upper stream of Qingxi Valley is a waterfall that leads down from an iceberg. There is a clear lake in the valley, and there are many tributaries around the lake.

This is where the level 10 monster giant eyed frog is produced, as is the place where the crayfish are produced.

After getting the recipe of “Spicy Crayfish”, Lu Yang has been busy with his livelihood. Today, he finally got a chance to catch the crayfish. He is carrying the muddy wine and 14 brothers to prepare enough for the next 30 days, so as not to come down next time.

The blue sky, white clouds, clear lakes, and streams all looked so beautiful, making Lu Yang helplessly lie on the ground.

“Come on, I’ll sleep for a while.” Lu Yang said.

This time leisure is his last leisure time. The top players under his hands are almost at level 20. The pharmacy has earned 3,000 gold coins. Killing Peg tomorrow will get the last flame elf. His The heart of the demon \*\*\*\* can be upgraded to level 2 and the conditions for establishing the guild have been met. Next, he will formally form a guild to participate in this global hegemony.

“Boss, you are too lazy, I protest.” Han Liu said with a small mouth, following Lu Yang for a long time, Han Liu gradually opened his heart, interacting with the people in the group more and more.

Suddenly a notice from the Bloodlust came.

Han Liu’s small face showed a smirk expression, and said, “Boss, I’m going to sell you.”

“Well, we agree.” Everyone said with a smile.

Lu Yang shook his head helplessly, this group of people became familiar with him, and they did not treat him as president.

“When I come to the PK training, the pain effect is 30%.” Lu Yang said.

“Dizzy, boss we were wrong.” The crowd hurriedly begged for mercy. So far, they have not been able to walk under Lu Yang’s hands for 10 seconds.

Lu Yang snorted happily and continued to enjoy leisurely. Suddenly, Sun Yu, who had been standing at a high place, sent a message in the simulation group.

“There are two guilds outside the Qingxi Valley fighting small-scale battles. Would you like to see them?”

“Who fought with whom.” Zhuoju asked.

“It’s unclear for the time being, but the chairman of one party is a big beauty, and the chairman of the other party looks a little sinister.” Mao Qiu said.

“Boss, I think we should help the beauty side.” Said the knife outside his face crazily.

Lu Yang rolled his eyes, this is a “golden fan” and said: “Let’s go and take a look.”

There are gray rocks 60 yards high everywhere outside Qingxi Valley. Lu Yang and others jumped on the rocks and ran over the valley. They came to the position where Sun Yu and Mao Qiu sent their whistle. They just saw the two sides facing each other.

Lu Yang recognized both sides at a glance and murmured to himself: “It’s black blood and Xia Yuwei.”

“Boss, do you know?” Sun Yu asked.

Lu Yang said aloud, “Black blood is the boss of Yong \*, and he has resentment against me. At this time, I was too busy to find him unlucky. On the other hand, the woman you said is called Xia Yuwei. It is a meeting of Hanbing Studio Long, the beauty of the iceberg is too proud, but the little girl next to him has something to do with me, my sister. “

Among the hatreds of the last life, black blood was one of the few people he hated the most. If it was not for his prior oppression, how could Lu Yang’s guild develop so slowly, after all, black blood was also one of the culprits.

“Let’s help the Hanbing Studio?”

“Let’s go see what’s going on first.” Lu Yang said, the previous things made him Zheng Yuan and Xia Yuwei do not like much.

Beneath the cliff, there are obviously fewer people on the ice studio side, and the number of people on the Yong \* side is more than ten times that of the ice studio.

Lan Yu looked at Xia Yuwei anxiously, and said, “You go first. If you don’t die, our guild can still raise its head to the outside. If you die, our guild will be over.”

Zhang Zibo nodded and said, "Yes, you are the soul of the guild. You have not been killed by other guilds. We are still the powerful guild. Otherwise, the black blood will tell everyone that we have killed you personally. We will recruit everyone. Struggling. "

"I won't leave. I will die here. I am definitely not a deserter." Xia Yuwei said with a cold face, gritting her teeth.

Zheng Yuan scolded with red eyes: "Dark blood, you dare to overcast us, you wait, I must kill you when I look back."

"I overwhelm you, this upgrade location is yours, are you going back to find dad?" Hei Xieyu laughed wildly.

The players of Yong \* laughed more than ever.

"Shut up, don't irritate each other, now they call, we can't stop it at all." Zhang Zibo said angrily.

This time, half of it was a sneak attack of black blood, and half of Zheng Yuan's arrogant arrogance. He thought his guild was strong. No one except the few major guilds paid attention to it. As a result, he robbed the site of black blood and suffered To the black blood attack.

"If Lu Yang were here, why would we suffer from this mischief." Zhang Zibo said that they all knew that Lu Yang had used a curse to kill the Bloodlust League.

"Now say what's the point of this." Xia Yuwei frowned.

Lan Yu blinked her eyes and said, "I'll ask him for help, and he will come."

"Hydrolysis can not be near thirst." Zhang Zibo said.

“As we fight and withdraw, there is still a way out, I try to contact first.” Lan Yu quickly dialed Lu Yang’s intercom.

Lu Yang was watching it. When she saw the young girl’s application for a call, she couldn’t help laughing. She pressed the connect button and asked, “What’s the matter, young girl.”

“Brother, we were ambushed by the black-blooded man and trapped inside the Qingxi Canyon. Can you come and help us?”

Lu Yang listened to Lan Yu’s small voice, his heart was melting, and said, “Okay.”

“You really promised.” Lan Yu’s eyes lighted up and said happily: “I’ll send you the coordinates, how soon can you arrive.”

“No need to bother, I’ll watch on the rock above you.” Lu Yang said.

“Ah ?!” Lan Yu couldn’t help raising her head, just seeing Lu Yang waving her hand, motioned her to lower her head.

“Stupid girl, look down.” Lu Yang said.

“Oh.” Lan Yu hurriedly lowered her head, although she said ~ [www.mtlnovel.com](http://www.mtlnovel.com) ~ but she was very happy.

“Why are you here?” Lan Yu asked.

“Say this later, sister, how do you want the black blood to die?” Lu Yang asked.

“This group of people is so bad. They attacked us, and the recruited people were half run away by them. It was so annoying, you helped me destroy them.” Lan Yu said.

“No problem, hold them for 10 seconds.” Lu Yang stood up and said to the muddy wine around him, “Everyone is ready, we are going to go.”

Lu Yang has decided that since he wants to participate in this hegemony, he will first use the black blood guild as his stepping stone to this hegemony.

“Boss, do you use meteor to fall?” Asked bitter love for a long time.

“Of course.” Lu Yang said a spell in his mouth, and soon, the sky in the Grand Canyon was full of clouds.

“How about Lu Yang, can you come?” Zhang Zibo asked anxiously.

Lan Yu showed a happy expression, and suddenly pointed at the black blood and said, “Dark blood, dare you to stand alone with this girl. You win, we disband the guild and completely give in.”

“What are you talking about?” Zheng Yuan angered.

Zhang Zibo and Xia Yuwei were also confused.

Black Blood was about to order the whole army, but hesitated to hear Lan Yu’s words. It stands to reason that the profession he chose was a thief and Lan Yu was a priest. If the two were singled out, Lan Yu would die.

“Dark blood, are you the grand president of a grand guild, dare not even agree to the girl’s solo challenge?” Lan Yu shuddered \* very proud.

If the man wants to fight him, or if he is higher than him, the black blood can be rejected, but a little girl like Lan Yu is still a priest who is lower than him. If he refuses, he will be in his heart. Produces severe shadows.

“Since you’re looking for death, then I’ll fight you.” Black Blood looked at the inexplicably dark sky and stepped out of the crowd.
