

Chapter 2501: 33 heavy robbery

Du Lei knows this scepter. It's not that he has not spied on the dragon orc family. However, even if the lower gods of the dragon orc die, he would not dare to invade the dragon orc family. The reason is on this scepter.

The tyrannical scepter is forged with eight lower-level god-level dragon skulls, a lower-level god-level dragon spine, and countless treasures. It has only one function, which is to imprison the target.

This is the last card of the dragon orc family. Once used, the target can be imprisoned for endless years. Unless the strength reaches the peak of the median god, it is absolutely impossible to escape from this enchantment.

"You, you really slaughtered the entire dragon beast clan? How is this possible? They have millions of clansmen, more than a dozen quasi-god-level powerhouses, and countless lower-level god-level treasures." Du Leizhen was frightened.

Lu Yang's smile was very flat. He couldn't see Du Lei's location, and he didn't bother to look at the place where the Jingshi Tianhuo was attacked. He just looked ahead and said leisurely: "I was ambushed by me, everyone entered my room. In the space, I was burned to death by a fire. By the way, my fire is called the Pure World Skyfire. No matter what artifact you use to block the high temperature, it will be restored to its original physical form by the white Pure World Skyfire. Bye bye. En holding more than a dozen artifacts, and it died in my hands like this, you don't have to struggle anymore, die sooner and suffer less pain."

"I don't believe it, I don't believe it." Du Lei was completely mad. In his heart, he already believed Lu Yang's words. Otherwise, Lu Yang would not be able to get this dragon head scepter.

Now he is trapped in this space and is attacked by flames all the time. He doesn't know what to do anymore. He has practiced for endless years, dreaming of becoming a **** king and ruling all races, but he didn't expect to be planted in In the hands of Lu Yang, a demigod, he was not reconciled, he was extremely reconciled.

"Give it up and accept your fate of failure. You are not born to be the king of gods." Lu Yang seduced Du Lei in the illusion with his firm will.

"Bang"

Lu Yang disbanded his body automatically, and his spirit wandered between the world. He was able to leave the control range of the Balong Scepter. With his strong willpower, while resisting the illusion created by Du Lei, he continued to use words to confuse Du Lei. thunder.

"Heaven and earth are not benevolent, and all things are dogs!"

"You are born cheap, how dare you ask for that supreme position."

"The road is simple, but you don't know the way."

"The avenues are very complicated, but none of them are related to you."

"give up."

"give up."

"give up."

...

The flames burn the body, the nonsense kills the heart!

This is how Lu Yang treats Du Lei. Of course, these words he said are all nonsense. If you don't have a firm heart to cultivate, you must be ready to be massacred by unknown enemies at any time.

The same is true for humans. There are so many races and gods in different worlds that have the ability to destroy humans. Once they come, humans may not even know who was killed. Therefore, humans must cultivate crazily.

The same is true for Lu Yang, he must continue to cultivate firmly, even if there is no place for him on the avenue to the sky, even if his life is cheap, he must continue to cultivate desperately, seize any opportunity to change his destiny.

Du Lei is different. He does not have a firm heart for cultivation. For tens of thousands of years, relying on the protection of the Blazing Demon God, he has huddled in the No Tears Camp, relying on the starry sky to imprison everyone who enters the No Tears camp. members, trying to make themselves a ruler with such rude tricks.

Whenever Du Lei has ambitions and has the idea of revenge for one of his clansmen, he will go out and explore the Quartet, or take the initiative to visit the Blazing Demon God, praying that he can gain cultivation knowledge to improve himself.

Du Lei didn't have either. He was conceited and did not dare to face the most fearful thing in his heart, that is, the shadow brought to him by the enemy during the extermination of his family. In normal times, Du Lei can still use his false ambition and the No Tears Camp. More and more subordinates are using self-hypnosis to suppress this fear, but Du Lei is now in a desperate situation, and that fear strikes again.

In an instant, Du Lei went mad, and he roared: "Bastard, since you want me to die, let's perish together and fall into eternal sleep."

A black light enveloped Du Lei's entire body, forming a sphere. In the next second, a white origin appeared in the sphere, which looked like an eyeball. After the eyeball was formed, Lu Yang Although the soul is floating in this world, it is still inexplicable.

"Thirty-three tribulations~!"

Du Lei roared and sat cross-legged on the ground, without a trace of breath anymore, while Lu Yang seemed to have fallen into hell, his body kept falling, and at the same time, the surrounding scenery kept changing.

After an unknown amount of time, Lu Yang found himself back in the Bandarsburg space. In the distance, Du Lei was burning with flames all over his body. It seemed that he could last for a month at most, and there was no change in other places. , as if it were all an illusion just now.

“Something’s wrong, this should be an illusion, there must be something wrong.” Lu Yang thought.

The voice of the Blazing Demon God suddenly came from his consciousness and said: “Boy, this is indeed an illusion, called the Thirty-Three Tribulations, one of the three most profound spells of the Nightmare Clan, and Du Lei has learned it for tens of thousands of years before. I didn’t learn it, I never thought that I would fight hard before I died, and I actually used it. Fortunately, the structure of this illusion is not perfect, I can help you escape, and you are ready.”

“Don’t worry, let me try to break through this illusion by myself. I feel that this will help my breakthrough.” Lu Yang said curiously.

“Alright, but you have to pay attention, don’t fall into the illusion, you must hear my voice clearly at any time, if you fall into this illusion for a month and you haven’t come out, when Du Lei’s body is burned out When the time comes, that is, when you will forever fall into this illusion and cannot get out, although you have the soul of a phoenix, you can only live in this illusion forever.” The Blazing Demon God said.

“I understand.” Lu Yang was a little speechless. He had long known that none of the powerhouses at the lower **** level were simple, but he didn’t expect that Du Lei would restrain him so much that even his phoenix soul was useless.

He looked around, and suddenly, a figure in the distance came over, it turned out to be Wang Teng, the subordinate of Liu Jie in the previous life, he killed his parents, also killed Xiao Liang, and almost killed him.

“Lu Yang, your parents were killed by me, this time it’s your turn.” Wang Teng’s figure suddenly turned into a white-haired ghost face roar, rushing towards Lu Yang with a roar.

Lu Yang’s face was grim, but he did not attack Ghost Face Roar. In this lifetime, Wang Teng had been played by him countless times in the game, and finally died in his own hands. Faintly figured out what the first calamity of these thirty-three calamities is!

Anger of robbery!

This is in a fantasy world. In reality, there is no such person in front of you. If you try to kill the opponent with all your strength, you will only hit the air. Apart from wasting physical and magic power, there is no Therefore, Lu Yang didn’t move at all, he just stood there, letting Ghost Face Roar punch him on the body, tearing his skin to pieces, causing unbearable pain.

But Lu Yang still didn’t fight back, he knew that he was the soul of a phoenix bird, and he was in a state of great nirvana. It was impossible to have such a death, so this is also fake!

one punch

two punches

three punches

...

When Lu Yang’s body was completely shattered, and the terrifying pain continued to stimulate Lu Yang’s soul, Ghost Face Roar hit the last punch.

“Ow~~~!”

Along with the unwilling roar, Ghost Face Roar disappeared in front of Lu Yang, and the surrounding scene also dissipated, changing to the next scene.

Chapter 2502: Soul knife

Lu Yang was still in the space of Bandarsburg, and Du Lei's body was still burning. Nothing happened, except for Du Lei's unwilling screams.

"I can't die, I can't die..."

A wailing with hatred continued to penetrate Lu Yang's ears, which made Lu Yang think that the second calamity was a sound, but when he sat cross-legged on the spot, after about a day and a night, Du Lei's voice was silent. The changes, except that the flames of the body burn more vigorously, are almost indistinguishable.

This made Lu Yang feel curious. He faintly felt that something was wrong with this second illusion. The Blazing Flame Demon God told him that he could not be trapped in the illusion for a month, otherwise, he would fall into the illusion forever. Can't get out.

He has already wasted a day, but he has only broken through the second illusion. At this speed, it will probably take more than a month to break the thirty-third illusion.

Lu Yang was a little anxious, and began to carefully study all the things around him, but he found that everything was exactly the same as the Bandarsburg in reality, even if he let the white sun attack a certain place, it really appeared. For such an attack, the temperature of the flame cannot be faked.

Lu Yang even wanted to go underground to check the soul of the phoenix bird, but he forcibly held back. He could be sure that anything he thought about in the illusion would be watched by Du Lei. In this case, he would never reveal his trump card. .

But the next day passed, and Lu Yang still hadn't found a way to decipher the illusion.

The same goes for the third day.

The same goes for the fourth day.

...

When twenty-five days had passed, the cold sweat on Lu Yang's forehead had already broken down, but he still hadn't cracked it. Seeing that there were only five days left, he would be trapped here forever, and he patted hard in annoyance. He went to the ground and decided to ask for help from the Blazing Demon God.

"I'm trapped, take me out of here." Lu Yang said.

"Hey, it's very easy to crack this illusion. You first reveal the body, then reverse the magic power in your body, pour it all back into the source soul, and then you can break through this illusion." Blazing Demon God said.

Just as Lu Yang was about to try it, he suddenly felt something was wrong and asked, "Sorry, I forgot the password. Tell me, what is the password between us?"

"Iron Brotherhood, kill it~!" The Blazing Demon God said without hesitation.

A smile appeared on Lu Yang's mouth, style="display:inline-block;widthdisplay:inline-block;wdata-ad-client="ca-pub-12data-ad4185134""data-ad-region="cont_mid" data -ad-slot="6246767822" data-ad-(adsbygoogle=w[]).push({}); said: "I was almost deceived by you, I didn't expect you to be able to simulate the Blazing Demon God, and also Being able to close all my senses, admiration, is worthy of being a Nightmare powerhouse of the lower **** level."

"I, you, what do you mean by this? I am true." Blazing Flame Demon God said in a panic.

Lu Yang smiled and said, "There is no secret code between me and the Blazing Demon God. This sentence is what I have been thinking about in my mind just now. You said it without thinking. Of course, it proves that you are fake. ."

"Ha~!" Du Lei's voice appeared in Lu Yang's mind, and he said sarcastically: "What if you found out, even my second illusion can't be broken, there are still a few days left, you can Wait to die."

Lu Yang shook his head and said, "No, I won't die."

"Why, you don't think that the Blazing Demon God was also pretending to be me at the beginning." Du Lei continued to mock.

Lu Yang said: "The Blazing Demon God was real at the beginning, but I'm afraid it's still on the first day. I'll take a gamble. This calamity is called the calamity of time. You speed up the time in the illusion and make me change. If I get anxious, let me take the initiative to seek help from the Blazing Devil God, and you pretend to be Blazing Devil God again and give me wrong hints and let me commit suicide, right?"

"You guessed wrong. If you have the courage, you will endure the last five days to see if you will fall into this illusion forever." Du Lei's voice was extremely calm.

Lu Yang was even more convinced of his guess. Just now, if Du Lei was a little smarter and didn't expose his flaws, then he really reversed the magic power and entered the soul and exploded. He died on the spot, and the connection between Bandarsburg and him was completely dissolved. .

This is the only way for Du Lei to survive, and it is also the best way to deceive. Therefore, Lu Yang dared to bet on this, and he sat on the ground and waited without hesitation.

The last five days seemed as long as a lifetime, but when the last day came and entered the last second, the illusion turned into fireworks and dissipated, and Lu Yang entered a terrifying world, full of evil spirits , always suddenly appeared in front of his eyes.

Lu Yang smiled speechlessly, and said, "I have no fear in my heart. This move won't work for me, break it."

He fought against the invasion of otherworldly gods with absolute courage, what else could he fear, so he just sat there and let all kinds of ghosts terrorize him, but it was of no use.

Without the slightest flaw in the soul, the illusion naturally broke apart after the attack was invalid, and entered the fourth floor, becoming the scene of the disaster when another world invaded. The death of countless relatives and friends still couldn't make Lu Yang feel sad. The illusion is broken again.

Immediately after, Lu Yang went through more than a dozen illusions, such as the illusion of illusory robbery and the illusion of space robbery. Seeing that so many illusions were cracked by Lu Yang within a few days, Du Lei was terrified, and he decided to use it directly. The first layer of illusion is also an environment that he thinks no one can resist.

“Thousands of cuts~!”

Lu Yang instantly fell into a red space, his body was tied to a pillar, Du Lei appeared in front of him, and began to cut his body with a short knife.

The moment the short knife was inserted into his body, Lu Yang suddenly widened his eyes, stared at Du Lei in disbelief, and said, “Can this knife hurt my soul?”

Du Lei sneered and said: “Soul knife, the treasure of my nightmare clan, hurts the body and soul, every knife will cause your body and soul to fall into severe pain at the same time, I think you can persevere. a few days.”

“Pfft~!”

Du Lei forcefully inserted the short knife into Lu Yang’s eyes, spinning frantically. Lu Yang’s whole body was instantly plunged into madness by the piercing pain. It was the pain from the soul. It is dozens of times stronger than the pain in the body.

“Let me go, and I’ll let you go.”

“Otherwise, I will torture you until you commit suicide.”

“There are 15 days left. Why do you insist on the past? Do you think your soul can bear the pain of 15 days?”

“give up!”

“give up!”

...

Every time Du Lei stabbed, he muttered something in Lu Yang’s ear, as if he had already won, because, so far, none of the enemies he had dealt with could bear such pain, and finally surrendered to him, under his soul knife.

Chapter 2503: the joy of victory

Lu Yang was speechless in pain. Before, he had always looked down on the lower gods. With the Blazing Demon God beside him, he even despised the upper gods. Now he feels the strongest blow of the lower gods of the Nightmare clan. He really is. The pain is unbearable.

But can the pain bring him down? impossible!

Lu Yang only had one intact eye left in the state of his soul. He stared at Du Lei, his whole body was trembling with severe pain, but he still showed a sneering expression and said word by word, “Take everything you’ve seen before. The torture was used on me once, and I shouted a painful word, I am sorry for the brothers who died fighting for me.”

In the past, Fei Yang was willing to die in order to deceive the dragon orcs into Bandarsburg. Later, there were so many Jagged Brothers soldiers who fought to the death of various ethnic groups in different

worlds under his orders. Whenever Lu Yang shouted a word of pain, he would be Disrespect to those dead brothers, if he dared to have fear of pain and fear of death, he would have no face to live.

“Still being tough, I’ll see how long you can be tough.” Du Lei laughed wildly and continued to torture Lu Yang with the soul knife.

one day

two days

three days

...

When the time came to the tenth day, Du Lei stopped the soul knife in his hand, stared sarcastically at Lu Yang, who had no complete skin in the state of his soul, and asked: “Finally happy, are you happy? Don’t you want me to continue?”

No enemy who was once brought by Du Lei to the Thirty-Three Tribulations – The Tribulation of Pain could last a day. Du Lei spent ten days punishing Lu Yang, just because he hated Lu Yang, if it wasn’t for him The body is about to take it no longer, and he will continue to live.

Lu Yang had been stabbed more than 30,000 times in the past ten days, and his consciousness of the pain was blurred. However, whenever he couldn’t hold on, the thoughts of Fei Yang, Zhang Zibo and others who died in battle would come to mind. brother’s face.

There is no concept of time in the fantasy world. Lu Yang can only calculate the passage of time by the number of times Du Lei stabbed him with a knife. Now that he heard Du Lei’s words, a cold smile appeared on his face, and he said forcefully: “Ten days, how long can you hold on to your body outside? Your original intention of using the thirty-three tribulations is to make me lost in the illusion, but this painful tribulation can’t make me lost at all, on the contrary, it makes me more and more You’re sober, you can’t hold on anymore.”

Du Lei was stunned. He didn't expect that after Lu Yang had been slashed by him more than 30,000 knives, he would still be able to say such tough words, and said angrily: "You, how can you hold on, I don't believe it, you are pretending, You want to lie to me, right, I will never be fooled, I see how long you can keep your mouth shut."

Du Lei has never had a brother in his life, and he has never experienced the feeling of others dying for him and for his beliefs. He only thinks that absolute pain can make his opponent submit, and he draws out his soul knife to continue slashing wildly on Lu Yang.

Three thousand three hundred knives is a day. When the time passed for another day, Du Lei stared at Lu Yang frantically and asked, "Are you convinced?"

Lu Yang shook his head.

Du Lei cut for another day. This is already the 28th day, and his body in Bandarsburg can no longer bear it.

The blazing high temperature has made his body burn, and the only remaining magic power he must use to deal with Lu Yang, forcing Lu Yang to surrender is possible to survive.

"Give up, don't hold on anymore, you're already fine."

"Your friends will be proud of you, for 28 days in the strongest spell of a lower god."

"They are not worth your life. You should have your own life. You should only live for you to be right."

"How about joining forces with me, we will work together to rule the entire other world."

...

Du Lei persuaded Lu Yang over and over again. He thought that Lu Yang couldn't save his face and could not let go of his arrogant dignity and honor, but these words in Lu Yang's ears were like nonsense.

Lu Yang raised his head with difficulty, stared into Du Lei's eyes, and said, "If the brothers who died in battle knew that I surrendered at the last minute, how would they look down on me, since my brother stood in front of me, From the moment I die for me, my life and life are no longer in my own hands, don't persuade me, but think about your last words, if there is anything else that needs to be explained, I will definitely help you if you can."

"No, it's impossible, you can't not be afraid of death, you can't be afraid of this kind of pain, I know you're in pain, you don't want to hold on, right? You're just pretending, right?" Du Lei grabbed Lu Yang's soul and went crazy of shaking.

Lu Yang, whose soul was riddled with holes, instantly fainted from pain. When he woke up again, it was already a day later.

With the last day left, Du Lei was completely plunged into madness. The soul knife in his hand was no longer mainly to torture Lu Yang, but to stab Lu Yang's head, heart, and throat crazily. Lu Yang died in various ways.

This day seems to be as long as 10,000 years. Every second, every moment, I have to die. I don't know how long it has passed. Suddenly, Lu Yang found that the pain disappeared, and he reappeared in the In the space of Bandarsburg, leaning against the wall of the castle, there are no wounds on the body and no scars on the soul.

The Blazing Demon God squatted in front of him and asked with concern, "Are you all right?"

Lu Yang smiled weakly and said, "I persevered."

The Blazing Demon God was a little surprised and asked, "Do you know that this is not in an illusion? How did you do it?"

Lu Yang shook his head and said with a smile, "What my intuition told me, I believe what my eyes see is true."

The Blazing Demon God breathed a sigh of relief and said, "I thought I needed to prove it in multiple ways, but I didn't expect you to be talented in this regard."

It's my fault this time. Originally, I thought that Du Lei released the 33rd Tribulation by himself. It was very easy for me to break it. I didn't expect that he released it with a magic circle, and there was a median **** magic crystal hidden in his body. The formed array can release spells at any time. You are very strong, and you have survived the calamity of pain. "

Lu Yang laughed, asked: "You are not bad. You can feel my pain every moment."

The Blazing Demon God smiled, helped Lu Yang to walk towards Du Lei's body, and said, "I am the King of God Kings, and my honor and dignity told me that I must never surrender, but I didn't expect that you would be able to persevere. , you are a true warrior, a strong man who is qualified to become a **** king."

Lu Yang was a little surprised and said, "This is qualified to be a **** king?"

Blazing Demon God said: "Be prepared, one day in the future, when you are promoted from Lord God to God King, you will suffer more severe pain than this."

"It's really not easy." Lu Yang said with a wry smile.

"Don't worry about that for now, just feel the joy of victory." Blazing Demon God pointed to Du Lei who had been burned into charcoal in front of him, and said, "The original soul of the lower **** level, the pure blood of the Nightmare clan, the soul knife, The treasures that Du Lei has accumulated over tens of thousands of years are all yours." The Blazing Demon God said.

A red flame ignited in Lu Yang's hand, burning Du Lei's body into red crystals, and then a palm smashed the space crack in Du Lei's heart, and immediately, countless treasures fell out of it.

Chapter 2504: save people

One of the short knives with purple light was particularly eye-catching. Lu Yang grabbed it in his hand and looked at it carefully, and muttered to himself: "This is the soul knife, the weapon that slashed me forty-five thousand knives in the illusion. ."

"You're boring enough, count." Blazing Demon God said with a smile.

"It's based on the number of times he slashed me to calculate the time." Lu Yang proudly took the soul knife into the Demon Temple, and then looked at the other items. In addition to a huge lower-level god-level red flame soul, there were six other items. A median god-level magic crystal, as well as a variety of lower-level god-level magic weapons, as for other things, most of them are used by quasi-gods and demigods.

"I forgot to search for Du Lei's soul, I got the method of using the Thirty-Three Tribulations." Lu Yang suddenly patted his head and said, "This is a big killer move."

The Blazing Demon God smiled and said, "I have already searched for you. The complete thirty-three tribulations are in my head. Do you want to learn it now?"

Lu Yang's body is the body of a demon, and he can also practice spiritual spells. He nodded and said, "This spell is too powerful, but Du Lei did it in the wrong way. The illusion he created was too simple, and the suffering he suffered. There are too few, and I don't know what the real joys and sorrows, love and hatred are, if I were to create an illusion, I'm afraid I wouldn't be able to get out of it myself."

The Blazing Demon God became interested, and passed all the techniques of the thirty-three tribulations into Lu Yang's soul, and said, "I would like to try it out, if you can release me, if you can really trap me, for me Cultivation is very helpful."

"I'll let you try it later." Lu Yang raised his eyebrows and was eager to try. There are too many sufferings in the world. An eminent monk once said that people will go to heaven after death, because in real life it is a Hell, where all the misery one can think of is gathered here.

Some people have summed up that all sufferings can be divided into five poisons, six desires, seven emotions, eight sufferings, and nine difficulties. Among them, greed, hatred and delusion can lock up countless people, not to mention the joy and happiness among the seven emotions. Anger, worry, thinking, sadness, fear, and shock, as well as the most unbearable birth, old age, illness, death, resentment, separation of love, and inability to seek.

Taking one out alone is not terrifying, but if these pains are brought together to form a thirty-three calamity, it will definitely be a terrifying formation, especially the biological spiritual world of another world is too simple. Whether the illusion created by Yang can be resisted or not is really uncertain.

As soon as the Blazing Demon God sensed Lu Yang's thoughts, his terrified soul trembled, he let out a long sigh, and said, "How can you have such complicated emotions?"

Lu Yang smiled and said, "The ghost knows how the creator created a group of creatures like us. Maybe we are really **** here, and they are specially made to suffer."

"It's possible, when you're cultivating these few days, I'll go to your world to experience the life of an ordinary person. Perhaps, my realm can be further improved," said the Blazing Demon God.

Lu Yang laughed inwardly. Obviously, this Fiery Demon God didn't dare to enter his fantasy realm. He needed to experience the joys and sorrows of the human world first.

"Don't think I dare not go in, I just want to cultivate my heart."

"I am the king of the king of gods, your illusion is meaningless to me."

"Did you hear what I said, eh, what are you laughing at?"

"I'll wipe, little bastard, wait for me, I'll watch the TV series."

...

The Blazing Demon God was so angry that he decided to watch Hong Kong and Taiwan dramas and domestic dramas again, so as not to appear so nondescript when integrating into human society.

Lu Yang guessed that the Blazing Demon God would be unconvinced, but there was nothing he could do about this matter. The Creator did not practice exercises for humans, but gave such rich emotions. It can only be said that creatures in other worlds and humans have their own strengths.

He carefully sorted out the Durai treasures. Then, he left Bandarsburg and returned to the Tearless Camp. Looking at the starry sky above his head, he stretched out his hand and gave every soul gem on it to Take it off.

The light flickered.

The entire starry sky array began to fail, and the residents of the dungeon town gradually regained their self-control.

“What’s wrong with me? It’s a strange feeling, as if something has returned to my body.”

“Are we being watched all the time, why do I feel like I’m being watched?”

“Where is Du Lei? Damn it, how dare you use your mental power to control me, I’m going to kill you.”

...

In the direction of the town, a large number of residents walked out of the room. Many of them were strong people who were directly controlled by Du Lei with his mental power. Now that Du Lei died, he had regained consciousness, and he was furious and wanted to settle accounts with Du Lei.

But there are still some powerhouses who were rescued by Du Lei. They are very loyal. Faced with such accusations, they violently clashed with the controlled powerhouses.

When Lu Yang came to the town, it was already in ruins. He carefully shuttled through the battles of various powerhouses, searching carefully.

It didn't take a minute for him to find the silver moon dragon orc Telunda, who was propped up with silver light, and the shadow snake man Old Jones, who was hiding behind his storage bag.

"Follow me, I have something to tell you." Lu Yang came to the two and said.

The silver light held up by Telunda was a shield, preventing the attack from reaching them, so Lu Yang couldn't get through it, so he could only speak through the shield.

"Why are you back?" Telunda asked with a frown.

Lu Yang smiled and said, "Guess what?"

"Don't tell me, you killed the entire dragon orc family." Telunda said with a sneer.

"Don't come with me quickly, do you want me to tell what happened here?" Lu Yang said in a low voice with a cold face.

"You, did you really do it?" Telunda's eyes widened with excitement, she quickly put away her silver shield, grabbed Old Jones and said, "Go to the exit, we'll go out and talk about it."

Lu Yang looked around, he really wanted to take away the powerhouses who had given him magic crystals before, but they were already in the middle of a chaotic battle. As for the other powerhouses, Lu Yang can beat them, but it is impossible to take them away quietly.

"Hey, let's go." Lu Yang sighed and quickly rushed outside with Telunda. The road was smooth and unobstructed. When they came to the outside of the crater, the rock man did not stop them. More than a dozen giant rocks The man was covering his head and wailing in pain, and the sound spread several kilometers away.

“Oh, it’s not safe here anymore.” Lu Yang shook his head and ran behind a hill with Telunda. After he released his perception to make sure that there was no creature tracking around, he said to the excited Telenda: “You It’s very clear that if I show you the evidence, I’ll have to go with me forever, have you figured it out?”

Telunda sneered, stared at Lu Yang and said, “I feel the strong smell of Du Lei on your body, you killed Du Lei, right?”

Lu Yang said noncommittally: “I won’t answer any of your questions until you decide to follow me, because every question you ask may kill me.”

Telunda forced himself to calm down, looked at the old Jones beside him, and said, “What should he do?”

Lu Yang said: “After I tell the secret, you both have to follow me. I will give you the best living conditions. As for the rest, I have no requirements.”

“Okay, I promise you.” Telunda said.

“If you really kill Du Lei, I have no opinion.” Old Jones will judge the situation even more, regardless of his strength is the peak of the monarch, but he can become the second elder of the Shadow Snake Clan, and his natural perception is extremely terrifying. As soon as he met Lu Yang, he sensed that Lu Yang had stayed with Du Lei for at least a month.

Du Lei has been missing for a month. Now that Lu Yang is back, Du Lei’s control magic has disappeared. If it wasn’t that he was killed by Lu Yang, what else could have happened? Although he didn’t know how Lu Yang did it, it was the only possibility.

“Since both of you have said so, it’s a perfect ending, come with me.” Lu Yang made a move with his right hand, opening the space in Bandarsburg.

Terenda and Old Jones looked at each other, and although they were a little frightened in their hearts, they went in one after another.

Chapter 2505: Recruit masters

Inside Bandarsburg.

A large number of dragon orc bones are still scattered on the ground, looking like hell, but in Telunda's eyes, it is like the beauty of a prosperous world, and Old Jones is also excited.

"You did it! Did you do it?" Terenda knelt on the ground excitedly, smashed the skull of a dragon orc with a punch, looked at Lu Yang with a frantic laugh and said, "Tell me, are all dragon orcs the same? Dead, so are Byrne and his son Hylenka?"

Lu Yang smiled and stretched out his right hand, the light flickered, and the tyrannical scepter of the dragon orc family appeared out of thin air. He handed it to Telunda and said, "They are all dead. This is from Byrne."

"I believe what you said. This is the treasure of our clan. Only when the clan leader dies will he be separated from him." Telunda's entire body showed an extremely relaxed state, and took over the power of the dragon with excited hands. The rod, rubbing the dragon head above, with infinite reverence in his eyes.

Lu Yang smiled and said, "Just believe it. Get ready to go back to my world with me. I've fulfilled my promise to you, and now it's your turn to keep my promise."

Telunda looked at Lu Yang respectfully and said, "As long as you are willing to return my clan's scepter to me, I am willing to fight for the human clan until I find the moon **** of my clan."

Lu Yang was delighted and said, "I can't agree to your condition."

“Why?” Terunda was a little frightened, holding the Tyrannosaurus scepter tightly, for fear that Lu Yang would take him away.

Lu Yang said with a smile: “It’s not about the weapon, but the Moon God is cultivated in my wife’s body. You can see the Moon God when you arrive in the human world.”

“Ah?” Terenda was so surprised, she knelt down in front of Lu Yang and said, “Silver Moon Dragon Orc Terenda, I beg you to take me to see the Moon God. After that, I’m willing to accept any conditions from you.”

Lu Yang was a little curious and asked, “Why?”

Telunda raised the Balong scepter with both hands and returned it to Lu Yang, he smiled and said, “My clan’s cultivation technique can only exert its greatest power under the moonlight, and even said that our clan can be powerful under the moonlight. It has increased by more than 100%, so we worship the Moon God, worship the Moon God, and worship the Moon God, and this has been the case for thousands of years.

Lu Yang nodded and said, “That’s okay, I didn’t want you to do anything when I rescued you, just because you were the first friend who donated materials to help me defend the human world, stand up, I will Take you back, but I hope you won’t be angry after knowing one thing. I killed all the dragon orcs with the red flame. Therefore, after my clan uses the red flame crystal, some human beings can evolve into dragons in a short time. Orc form.”

Telunda smiled and said: “Of course I won’t be angry, the dragon orcs themselves are sub-races formed by the combination of dragons and orcs. We don’t have our own ancestors, so we don’t care about the blood of the clansmen, I am willing to regard them as me If they are willing to believe in the moon **** like me, I am also willing to teach them how to evolve into silver moon dragon orcs in a short period of time.”

Lu Yang understood that Telunda really wanted to integrate into the human world. He nodded with satisfaction and said, “Take old Jones into the castle to rest. When you return to the human world, I will take you to see the moon god.”

“Wait.” Old Jones looked at Lu Yang excitedly and asked, “What about the blood snake clan? Are they all dead?”

Lu Yang shook his head and said: “I haven’t found the location of the Blood Spirit Snake Clan yet, but I believe they will be exposed soon, don’t worry, your enemies are also mine, and they will die in me sooner or later. in hand.”

Terenda put his arms around Old Jones’ shoulders and said with a smile, “Trust Lu Yang, sooner or later.”

“Yeah.” Old Jones nodded, turned and walked into the castle with Telunda. Suddenly, he looked back at Lu Yang and said, “When you come to your world, prepare a place for me, let me refine medicine, I will The poison of the monarch can poison the strong of the monarchy, if your clan is willing to learn, I can help you cultivate some.”

Lu Yang smiled, bowed his body and clasped his fists and said, “Thank you.”

“It should be done, you’re welcome.” Old Jones continued to walk towards the castle with three points of arrogance and seven points of helplessness in his voice.

Lu Yang turned around and left Bandarsburg, returned to the back of the hillside, and continued to stare at the No Tears Camp not far away. In his heart, he was still grateful to the strong men in the No Tears camp who had helped him, but these The strong might not take him seriously.

Human beings are still in a state of perishing at any time. Even if he invites these powerhouses, they may not be willing. Furthermore, many of them are loyal to Du Lei, and they perceive Du Lei’s death with him It does matter. In case of a fake surrender or a real assassination, Lu Yang can’t bear it, so he can only stare at it here.

Crater area.

The rock people have completely lost control, and they are roaring in rage. Occasionally, the strong men in the Tearless Camp fly out of the barrier, and they will be attacked madly by them. In just a few

minutes, there are More than a dozen strong men were seriously injured by the rock man and fell back into the crater.

Obviously, after the rock man lost his ability to control, his last thought was to keep Du Lei's order and forbid anyone to approach the crater, including those who came out of the crater. They all considered it an enemy.

Lu Yang was a little helpless. He couldn't beat these rock men. The three dark dragons that were quasi-god were all pulled down by these rock men and trampled to death, not to mention he was a demigod.

Now he had no choice but to wait. Time passed by so fast, until five days later in the afternoon, suddenly, Lu Yang felt a familiar energy nearby, and a smile appeared on the corner of his mouth.

"Don't move, or I'll kill you." A dagger with purple light touched Lu Yang's neck, a Token with a mouth full of fangs and a huge meat ball in the north, which was the one who helped Lu Yang back then Ringing the bell of the No Tears Camp, The killer who summoned a large number of powerful people to donate magic crystals appeared behind Lu Yang.

Lu Yang smiled and said, "You really escaped. I've been waiting for you. You don't need to ask me. I killed Du Lei. If you want to avenge him, kill me."

"Bastard." Token was furious, punched Lu Yang in the face with his right hand, and scolded, "Why did you kill him, our last piece of pure land has also been destroyed by you."

Lu Yang felt that Token had no intention of killing him, turned his head to look at him with a smile, and said, "I know that you have never been bewitched by Token, you just stayed there because of the safety of the No Tears Camp, follow me. Let's go, I will take revenge for your clan, just as your thanks for helping me before."

"That's all?" Token sneered.

Lu Yang said shyly: "And your stealth spell, I can sense it, it's not your bloodline spell, teach it to my brothers, so that they can be the same as you."

“I knew that was the case.” Token said with a cold snort.

“It’s not worth it, I will give you the origin soul crystal of the monarch rank as a training resource on a monthly basis. You also hope to avenge your clansmen. Human beings are a grateful race, and the people you cultivate will take the initiative to avenge you.” Lu Yang said with a smile.

YY novel

Token was persuaded, sighed, and scolded: “Take me away. It’s agreed in advance that the person you sent can’t learn it, but it’s none of my business.”

“You will be proud of your apprentices.” Lu Yang confidently opened the portal of Bandarsburg and watched Token walk in.

He continued to stay here and wait, but unfortunately, in the next few days, no strong man could pass the entrance guarded by the rock man, so he could only return to Bandarsburg alone, and then returned to his home in Donghai through the portal. in.

Chapter 2506: enhance strength

After seven days.

In a deep mountain near the East China Sea, the 5,000 melee warriors of the Jagged Brotherhood have been assembled. The strength of their personnel is uneven, some have been promoted to the monarch rank, and some are still the spiritual rank.

The reason why these people are gathered is because they are the first batch of warriors who can become dragon orcs in a short period of time after using the dragon orc red flame crystal.

The reason why many monarchs have not become dragon orcs is that there is a problem of blood line matching. Some people are born to reject the blood of dragon orcs and can only absorb the original power in the red flame crystal.

“Boss, all the staff are assembled.” Liu Ruohuai walked up to Lu Yang and reported solemnly. Before, he used the blood of the god-blood orcs, but now he has replaced the bloodline, and his strength has jumped from the king rank to the monarch rank.

Lu Yang looked at Telunda, who was kneeling in front of Lan Yu to serve, and said, “I will leave these brothers of mine to you from now on.”

Telunda knelt in front of Lan Yu without saying a word. Lan Yu couldn't help rolling her eyes. Since Lu Yang brought Telunda in front of her seven days ago, Telunda has been kneeling. state.

Originally Lan Yu thought that Telunda was kneeling with the Moon God, but later Lan Yu found out that Telunda was extremely respectful to her, because Telunda thought that the Moon God was attached to Lan Yu, which meant that Lan Yu was the Moon God , In other words, Telunda thought that Luna had already killed Lan Yu, so Lan Yu was Luna, and Luna was Lan Yu.

Lan Yu and Luna both came out to explain this situation. Telunda's originally smart head still couldn't turn around. , In Luna's words, it was because of such idiot subordinates that the silver moon dragon orc was overthrown by ordinary dragon orcs, which indirectly led to her defeat. It was to punish Telunda and let Lan Yu do whatever she wanted. Discipline.

“Have you heard what my husband said? Your mission is to train these five thousand dragon orc warriors.” Lan Yu said in a cold voice.

“Follow the orders of His Royal Highness the King of God.” Telunda even learned Chinese at the fastest speed. Although it is not quite able to communicate normally, there is no problem in simple words.

Lu Yang said: “These people will be handed over to you, and teach them well.”

Seeing Lu Yang's expression quickly changed from humility to arrogance, Telunda looked up at the five thousand human warriors and said, "There is no problem in teaching them, but it is not certain how many people can survive, we dragon beasts themselves. It is the subspecies of the dragon race. If you want to become a silver moon dragon orc, you need to train hard, and only those who survive the training can get my approval and teach them how to transform."

Lu Yang frowned and said, "Don't go too far, just train them to fight normally."

"Then I can't train. There is only one training method for dragon orcs, and I can't do the others." Telunda was even more arrogant.

Lu Yang understood, this Telunda is a stunned young man, no wonder he is the only one left of the Silver Moon Dragon Orcs. The co-authors are all made like this.

"Boss, believe us, we can do it, the brothers don't want Telunda to release water." Liu Ruohuai said firmly.

Lu Yang looked at him, then looked at the more than 5,000 warriors, all of them climbed out of the sea of blood and corpses, and they were his best brothers. At this time, Lu Yang's eyes were full of Anticipation and determination.

"Boss, let's train, we have to become stronger." A warrior of the spiritual rank shouted. Before, his strength was the worst among all the warriors, but all the warriors used the dragon orc red flame crystal. At that time, he obtained the transformation ability one step ahead of those of the monarchs, which made him feel that he was still a useful person, not someone who would only be protected by his brothers, so he was very eager to improve his strength.

"Yes, boss, let Teacher Telunda train us in the harshest way. The brothers of the Blood Spirit Guard need strong support." Another warrior shouted.

"Let's train."

...

When it came to the Blood Spirit Guard, the five thousand warriors roared one after another. The arrogant and resolute determination made Telunda look shocked.

“Are they, are they praying for death?” Telunda asked blankly.

Lu Yang held back his tears, patted Telunda on the shoulder, and said, “You will get to know our race slowly, and these people will be handed over to you. Let’s train with your method.”

“Okay, give me half a year, the ones who survive are the strongest silver moon dragon orcs.” Telunda bowed respectfully to Lan Yu, turned to Liu Ruohuai and said, “Cut down an open space in the form of dragon orcs. , today I want to see you build a four-person wooden house that is enough for five thousand people to rest.”

“Yes.” Liu Ruohuai clasped his fists at Telunda and Lu Yang, with a firm look in his eyes, turned his head and led more than 5,000 soldiers to cut down trees.

“Dragon Orc Form”

The warriors turned into dragon orcs, with dragon scales all over their bodies and thick muscles, but it was very difficult to cut down trees, because each tree was several meters to ten meters in diameter, and they were all towering trees.

“Silver Light”

Telunda jumped to the top of everyone’s heads, and a silver light appeared in his hands, falling on every dragon orc warrior, causing them to feel severe pain all over their bodies. Obviously, this was the key to transforming into a silver moon dragon orc.

Lu Yang looked back at Zhuojiu, Bai Shi and the others, and said, “Let’s change places. Let’s not look at what they looked like when they were training.”

Everyone nodded and followed Lu Yang back. On the way, Lan Yu was holding the hand of a little girl in her teens. This person was none other than Fei Yang’s little daughter.

After Fei Yang died in the battle, he left behind two sons and one daughter, all of whom lived in the East China Sea. Two of the sons had already entered the higher magic school, but the youngest daughter had only entered junior high school. Yu took her by his side and raised her personally.

“Among the three children, Lingling has the highest aptitude. I want her to learn the magic of the Moon God with me.” Lan Yu said to Lu Yang.

Lu Yang nodded, smiled at Fei Lingling, and said, “You will be my daughter in the future. You can come to me if you have anything.”

“Yeah.” Fei Lingling nodded fiercely, but still hid in Lan Yu’s arms with some fear.

“Don’t worry, I will take care of the child.” Lan Yu said with a smile while holding Fei Lingling.

“Thank you for your hard work.” Lu Yang looked at Lan Yu with some guilt. At present, most of the orphans of the Jagged Brotherhood are taken care of by Lan Yu, and she is really tired.

“Husband and wife, it should be.” Lan Yu showed a playful smile, just as moving as before, but with a stronger heart.

Lu Yang had a thousand words in his heart, but in the end he could only nod his head. There was too little he could do for Lan Yu, and he could neither accompany her nor give her more help. In front of him, he simply couldn’t find time to help Lan Yu.

Fortunately, the affairs of the Jagged Brotherhood are gradually on the right track. Jin Buhuan has followed Old Jones to learn potions, and Han Fei and a group of void warriors have followed Token to learn tracking and hidden spells.

The loot brought back from another world was the last and the most important one. He led Zhou Tianming to the side, told about Du Lei’s bloodline, looked at Zhou Tianming and asked, “If you use With this, in the future, the strength in combat may be weaker, but the spiritual power will become very strong, you choose, I will never force you.”

Zhou Tianming stretched out his hand with a smile and said, "Give it to me, Boss, I have used this thing the most suitable, you can give it to any other brother, either it doesn't match, or the strength is insufficient, I don't care about the level of combat effectiveness, the strength is the White Lion, the Saint There is only turbid wine, pure sword intent and bitter love for half a lifetime, I will take on the work of spiritual power, which is exactly what I want."

Lu Yang nodded, took out Du Lei's red flame crystal from Bandarsburg, and the soul knife that almost killed Lu Yang, and handed them over to Zhou Tianming, saying, "Enter the Void Palace."

Zhou Tianming nodded, and through Lu Yang's teleportation, he entered the Void Hall, holding Du Lei's red flame crystal and began to absorb it.

As long as one hundred years, that is, one hundred days in reality, Zhou Tianming will definitely be able to completely absorb Du Lei's red flame crystal and learn all Du Lei's spells.

Lu Yang returned to the crowd, looked at Zhuojiu and Baishi and said, "Continue to observe the situation at the border, I'm going to learn a spell, if it succeeds, my chances of killing the quasi-gods of those three races are just as good. bigger."

"Yes." Zhuojiu and Bai Shi responded together.

Lu Yang stepped into the void, returned to the void hall, and began to construct the thirty-three tribulations that belonged to him.

Chapter 2507: Lu Yang's 33 Tribulations

Inside the fantasy.

The Blazing Demon God stood beside Lu Yang, looking at the world with mountains of corpses and blood in front of him, he frowned and asked, "You gave Zhou Tianming the Soul Saber, so you are so confident? I don't think your illusion is anything special. what."

Lu Yang looked at the Blazing Demon God with a smile and said, "Do you know what kind of illusion is the most terrifying?"

"What kind of?" The Blazing Demon God asked.

Lu Yang said: "Eight percent real and two false illusions, the world I simulated is based on the ancient world war scene you told me, my first calamity is called Stop Killing, and the illusion is basically you."

"Me?" Blazing Demon God was a little curious.

Lu Yang raised his hand and waved, and a huge statue of the Blazing Demon God appeared in mid-air, with a red light all over his body. In an instant, the originally dead corpse mountain and sea of blood on the ground seemed to be alive, making people feel The infinite insignificance of himself and the infinite terror of the gods.

The statue of the Blazing Demon God suddenly spoke to the body of the Blazing Demon God, saying: "The way of heaven is not benevolent, kill kills by killing, follow me, and teach you the true laws of heaven..."

This is the fundamental practice law of another world taught by the Blazing Flame Devil to Lu Yang. Even if the Lord God hears it, it will benefit a lot, but in the same way, the most important one of the five sentences in this sentence is false!

The Blazing Demon God completely listened to the words spoken in the illusion created by Lu Yang, from the very beginning when Lu Yang was annoyed when he told others about his world, to the last half-truth that he blew his soul to be reborn. , he stared at Lu Yang and said: "If I don't know this law, I will practice according to this, don't say the last sentence, just listen to one tenth of the words, it is enough to go crazy, if I can all Survive, I'm afraid I'm going to explode my soul in the last stage."

Lu Yang said with a smile: "Who wouldn't listen to what the King of God Kings said, unless it's a God King like you, or is completely out of this cultivation system, or you enter this fantasy world of mine, you won't die. Remnant."

Blazing Demon God nodded and asked, "What do you want to design for the second layer? I want to see the illusion behind you."

Lu Yang smiled and said, "Think about it, in addition to killing people, the first illusion will also play a role of peeping into the heart, and the second illusion starts with greed, hatred, ignorance, and suspicion, and I start with the word doubt. , doubt yourself, doubt your original heart, doubt whether your past practice is correct, doubt that the Dao is intolerant."

The Blazing Demon God can cultivate all the way from an elemental fire spirit to the king of the **** king, and his mind is so determined, he said, "I'll try it out."

Lu Yang took out six soul-like magic crystals of the mid-level **** rank and prepared the spells, saying, "Then you have collected all your cultivation bases first, I'm afraid that when you can't get out in the end, I will take you out. Come out, you still think I'm fake."

"Okay, if I break your second floor, you can send me directly to the back illusion to see if I can break your thirty-three tribulations." The Blazing Flame Demon God has infinite trust in Lu Yang, and will All the strength seals, arrogantly entered the illusion of the second floor alone.

Lu Yang shook his head. He didn't believe that the Blazing Demon God could pass through the second-layer illusion. The two were too familiar with each other. He knew all the fears in the heart of the Blazing Demon God. Although the Blazing Demon God didn't say it, he was in the battle of the God King. Failed.

In the known cultivation system, the Blazing Demon God told Lu Yang that the God King is not the final realm, and the issue he argued with the Void God King was how to ascend to the next realm.

The Void God King is to attribute all the elements to the source to devour, and finally swallows the five planets in the other world, as well as all the surrounding original space, and then hits the next realm. The creatures come to the next realm, so that the existence of the current world can be preserved to the maximum extent, and the reason why the current world is preserved is because the Blazing Demon God's desire for power and nostalgia for this world is the greatest vulnerability.

A suspicious word of Lu Yang, released through this loophole, will make the Blazing Demon God lost in the final choice of cultivation, especially the betrayal of his subordinates and the betrayal of the

affiliated races, which will make the Blazing Demon God doubt whether it is right for him to miss this world. , doubting whether his quest for power is right.

No matter which path of cultivation the Blazing Demon God chooses, he will fall into a state of loss and self-doubt. At this time, the idiotic tricks will keep up, supplemented by the greedy tricks. Obsessed and greedy, the probability that the Blazing Devil will walk out of the illusion is lower, of course. , If the Blazing Demon God can come out, it proves that he can face his true heart and make his state of mind stronger, and the inner demon will no longer have an effect on him.

Lu Yang sat cross-legged on the ground, his consciousness also entered the illusion, and monitored the situation of the Blazing Demon God. If the Blazing Demon couldn't get out, he had to help his teacher to make the illusion appear flawed.

Taking advantage of the beginning of the Blazing Flame Demon God, he had free time, and a clone appeared all over the place, returned to the forest in the East China Sea, transformed into the form of a phoenix, and flew to the area of Baishan City.

His strength is unable to create thirty-three illusions. With his current ability, there are at most three. However, with his understanding of human nature, only three illusions are enough to control the powerhouses of the lower **** level. The magic crystal of the median **** level can ensure that the quasi-god cannot break the illusion with brute force, and the rest is how to use the illusion to limit the target.

The way he creates illusions is different from that of Du Lei. Du Lei creates real pain. The illusion created by Lu Yang is to make the other party think that this is a real world. Inside, he needs to know everything about the other party.

Originally, the function of the first stage to stop killing was to deceive the other party's fear and yearning for life through the Dao magic of the Blazing Demon God. If you want to understand these, you have to start with the details.

These so-called details are actually things that no one usually cares about. For example, if the target wants to improve his strength, Lu Yang needs to know what kind of exercises he is practicing, what level he is at, what his state of mind is, and how There are things he cares about, and even his usual necessities.

Only by figuring out this, the illusion of the second layer can make the target completely fall into it. Therefore, he has to understand the ghost-faced and three-faced clan, all the quasi-god-level powerhouses and demigod-level powerhouses. Life details.

“Eternal God Emperor”

The reason why they went to Baishan City was because the ghost-faced clan and the three-faced clan had sent an ultimatum to the East China Sea during the more than one month that Lu Yang had gone to the different world, asking humans to provide them with daily necessities, such as pots and pans. pots and the like.

They were sent collectively from another world, and it was no different from fleeing. Therefore, they mainly brought valuables, such as magic crystals and soul crystals of various grades. There were very few daily necessities. When they came to the human world, they made temporary If it is too late, they will ask humans to provide them.

At that time, when Lu Yang was away, Lan Yu, Zhuojiu and others discussed that they not only gave these basic materials to the two clans, but also opened a trade fair in the northeast area of Baishan City, and sent a large number of human items there, allowing the two clans to leave trade with humans.

Those who can come to Baishan City to trade at the moment must be of low status among the two clans, but it is easiest for people who are very close to the senior members of the clan to inquire about news from them.

Chapter 2508: Meet Xue Renyi again

After two hours.

Lu Yang controlled his avatar and came to a dense fog in the southeast of Baishan City. Flames spewed from his body and changed into the appearance of a Hastur clan fire demon warrior. With a storage bag in his hand, he walked out of the fog and came to the market. area.

“The seasoning of the human world is rare and delicious when sprinkled on the meat. One bottle only needs one elementary magic crystal.”

“The steel of the human world can be used to fix wood to make houses.”

“Tier 3 Tiger King mounts, only 100 lord rank magic crystals.”

...

There are no cards in the market, and no one is guarding the surrounding area. Only some strong people from the human, elves and Hasta tribe are setting up stalls. Novelty will be purchased.

“This thing called a TV is interesting. It can store images? I want it.” A loud laugh came from the booth in the distance. With a loud bang, the TV was blown up by him, and the image inside disappeared instantly.

“Damn, why are you so fragile?” The three-faced strong man was furious, his smiling face turned, his furious face revealed, staring at the human beings selling the goods and scolding: “You dare to deceive me with defective products, I will kill you.”

The human hurriedly raised his hands and said in Elvish language: “Don’t, Lord Gulisto, we have met so many times, when did I dare to deceive you with defective products, this thing is ours Even what we think is hard created by this weak race is fragile and vulnerable in the face of a powerful warrior like you, and we can’t create what you think is hard.”

“That’s a good thing to say.” The three-faced strong man named Gulisto put away his angry face, turned back to his smiling face, looked at the human man sneeringly and said, “Bring me a batch next time. Such a thing, Uncle Gulisto will not treat you badly.”

“Then this... well, I’ll make you satisfied next time.” The man sighed and had to bow down and agree.

Gulisto was very satisfied with the man's concession, and he continued to walk to the other booths without losing money, and the entourage around him also left.

"Get out of the way, what are you doing here, courting death?" One of Gulisto's men growled with an angry face.

The people who were still around to watch the play quickly gave way and watched Gulisto leave. They didn't even dare to whisper.

Lu Yang stared at the human man with a faint smile on his face. He secretly sent a voice to him. The man was shocked, but he didn't show it. He packed his things and left the market in silence.

"The Star Wants To Retire"

As soon as he walked into the woodland, Lu Yang appeared in front of him and asked with a smile, "Xue Renyi, you are not a teacher in Donghai, why did you run out alone?"

When Xue Renyi saw Lu Yang, he immediately clasped his fists and saluted excitedly, and said, "Boss, why are you here? I'm not doing anything when I'm idle. I'll take the newly trained spy students out to test it out and let me They learn in practice."

Lu Yang was a little interested. When Xue Renyi and the big liar Bagley returned to the East China Sea after completing their respective tasks, he was sympathetic to the efforts of the two for the entire human race, and let them enter the government functional departments to take some leisurely jobs, but Neither of them answered.

Bagley continued to stay by Lively's side and became a spy for human beings lurking in the surrendered race in another world. Xue Renyi invited him to teach courses at the academy, specifically on how to be a qualified spy.

Since the invasion of another world, there are not many humans who can really rely on their own cultivation to reach the second rank or above. Most of the humans are only the first rank, and some even do not have the ability to cultivate magic by nature.

Those with a little cultivation aptitude will be transferred to the war department. Xue Renyi will focus on those practitioners with ordinary aptitude. According to Xue Renyi's words, they can make the enemy lower their guard.

A sixth-order king-level cultivator can't possibly have any precautions against a mage who is not even a first-order. It can be killed with the touch of a finger. Therefore, Xue Renyi believes that this is the most suitable for lurking.

Previously, the Jagged Brotherhood had always been dominated by war, and there was almost no demand for such things as spies, which gave Xue Renyi no chance to exert his strength. Now that there is this trade fair, Xue Renyi couldn't help but bring The newly trained subordinates are tentatively performing tasks.

"Boss, I brought a total of 22 people here this time. You don't think they are all cultivators below the first rank, but they were all excellent agents before. After doing business here for a month, they have gained a lot of two The intelligence of the clan." Xue Renyi said proudly.

Lu Yang was a little interested, and immediately chatted with Xue Renyi. They didn't end the conversation until late at night, which allowed Lu Yang to know the current situation of the ghost-faced clan and the three-faced clan.

The two clans are frantically looking for dragon orcs!

A race with a population of one million disappeared out of thin air, causing the two races to fall into extreme panic. They suspected that there were multiple powerhouses of the lower **** level joining forces to wipe out the dragon orc race.

In order to ensure the safety of their own races, the two races did not dare to attack each other, and they did not care to slaughter all human beings. They spent all their energy on the city, intending to use a powerful magic circle to block the sneak attacking enemies, and at the same time, let their patriarchs quickly The promotion to the strength of the lower gods.

Gulisto is the son of the chief elder of the three-faced clan, and he is also the most promising of the three-faced clan powerhouses to be promoted to the lower gods. Therefore, Gulisto is qualified to purchase externally.

“What kind of person is Gulisto’s father? I don’t want his analysis of the exercises. What I want are trivial things that seem to be useless.” Lu Yang said.

“I haven’t heard about this for the time being, but there is a piece of news that may be useful to you. Gulisto’s father is trying to rebuild the confidence of their tribe, as if to make all the tribe believe in the lower gods who died in battle. Abandon the existing beliefs.” Xue Renyi said.

Lu Yang’s eyes widened suddenly, and after thinking about it carefully, he suddenly understood and said excitedly, “Maybe our chance to get to know the Three-faced Clan up close is here.”

Obviously, when the three-faced tribe sent millions of people to the human world, the patriarch and the elders did not tell everyone the purpose of their coming to the human world was not to help the new gods slaughter humans. Rather, I want to find a place of my own.

All of these one million clansmen believe in the new god. If all the clan members know that the patriarch and the elders have betrayed the new god, a large number of clan members in the clan may choose to betray, and even cause huge civil unrest.

To solve this problem, we must weaken the tribe’s belief in the new god, and at the same time, let them have other objects of belief.

The idea of the three-faced clan is to use the lower gods of their own clan who have died in battle and the patriarch who will be promoted to the lower gods as new beliefs, and to use TV and documentaries to publicize them has become the best means.

“We took the camera and pretended to shoot a documentary for the patriarchs and elders of the Three-faced Clan, and took the opportunity to observe their behavior.” Lu Yang said.

Xue Renyi laughed and said, “That’s exactly what I mean. This time I went back to buy a camera.”

“I have it in my Devil’s Temple.” Lu Yang had prepared various human technology products in the Devil’s Temple. He was afraid that one day the human race would be defeated and these things would disappear. At least a few sets were left for him to think about. Thinking about it, he didn’t expect it to be used here. He took out a complete set of recording equipment and handed it over to Xue Renyi, and said, “Recording their every bit, I only need the details, especially the details of the camp.”

“Leave it to me.” Xue Renyi took the equipment and saluted Lu Yang, “Boss, wait for my good news.”

“Come back alive as much as possible. This is a life-and-death mission. Don’t care about your own life,” Lu Yang said.

“Yeah.” Xue Renyi also knew that it was very likely that after he finished filming this documentary, he would not be able to get out of the Three-faced Clan’s territory alive, but he still took the equipment to the temporary residence of the Three-faced Clan in Baishan City without hesitation. !

Chapter 2509: 3-faced temple

three days later.

In the middle of a dense forest, there is a huge lake, and there is a wooden camp around this lake, which stretches over a dozen square kilometers.

Xue Renyi held the camera and looked at the surrounding scenery, constantly exclaiming, the Three-faced Clan camp, which had been hidden for nearly two months, was finally exposed in front of him.

A large number of three-faced tribesmen were fetching water near the lake, and there was also smoke from the cooking outside every house made of giant wood.

“How is it, our camp is not bad.” Gulisto walked in front and asked very proudly.

“Uh... that’s not bad.” Xue Renyi deliberately provoked Gulisto’s competitive spirit.

“What? Humans live better than us?” Gulisto was fooled, staring at Xue Renyi and said, “Although I haven’t been to a human city, how can you live in a weak race like yours? condition.”

“It’s really hard to say, I’ll show you later.” Xue Renyi carried not only cameras, but also laptops, TVs, and many other things for making videos. The key is the Internet.

Lu Yang can now see the specific situation in the camp through the perspective of the camera in Xue Renyi’s hand. No matter how the ghost-faced clan’s formation has any influence on people’s hearts, he has no influence on the computer and the camera.

This camera is directly connected to the satellite signal, unlike the foggy formation encountered in the elves before, the thick fog blocks all signals, but this advanced formation of the three-faced tribe does not block the signal.

“Drip drip”

Lu Yang took the initiative to send a message to Xue Renyi. He believed that Gulisto could not understand what the prompt sound was, let alone the way of transmitting messages remotely.

“There are a lot of movies in the computer, show them mythical films and documentaries, and show them the tall ones.” Lu Yang said.

Xue Renyi opened the laptop in front of Gulisto and saw the message Lu Yang sent him, with an excited look on his face, he was just looking for this thing.

“His Royal Highness Gulisto, please find a place, and I will show you how advanced the technology of mankind was back then.” Xue Renyi said.

“Oh?” Gulisto didn’t care, pointed to the lake in the distance, and said, “Go there.”

Xue Renyi trotted all the way to the edge of the lake, found a sawed wooden stake with only the bottom left, put the laptop on it, and quickly opened the hard drive while there was still electricity.

I found a documentary film about the palace, including the imperial palace in ancient China, the temple in the Middle Ages in Europe and so on.

The Three-faced Race, a race that has been learning spells from birth and will fight when they grow up, has never seen such a beautiful and artistic palace that has been passed down for thousands of years. Gulisto was stunned on the spot.

“This, this, what kind of building is this?” Gulisto asked in shock.

Xue Renyi said somewhat contentedly: “The temple, isn’t this kind of temple more solemn and solemn, so that the people will be more awe-inspiring!”

Gulisto carried the computer and flew into a house not far away. Not long after, a three-faced man who looked extremely dignified with a face that was not angry and dignified flew out with Gulisto.

“Can you build this palace?” Gulisto asked excitedly.

Xue Renyi shook his head and said, “The palace has to be built by specialized artists and human craftsmen. I can only take pictures to help you bring out the majesty of the gods.”

“How?” Gulisto asked.

Xue Renyi also found out many Hollywood myths and science fiction movies, among which the classic scenes were shown to Gulisto and Majestic Face, and said, “How about, if your gods are also filmed like this, they will be played on a loop every day in the camp. , and then enshrining the gods in the palace I just saw is absolutely perfect.”

Gulisto was already shocked by what Xue Renyi told, and looked at the majestic face with joy, and said, "Father, this will definitely set off your majesty, and let the faith of the clan turn from those **** * to yours. body."

The majestic face did not speak, but Xue Renyi felt that the opportunity to decide his own life and death had come, so he quickly pretended to be excited and knelt in front of the majestic face, and said, "I didn't expect to be fortunate enough to meet the true god, please accept me as a slave, I am willing to serve you for the rest of my life."

"A human? What am I charging you for?" The voice of the majestic face was full of icy coldness.

"I can help you eliminate your clan's belief in those gods." Xue Renyi said.

"Oh?" The majestic face became interested and said with a sneer: "I can't do it by all means, how can you do it? If you dare to lie to me, I will make your life worse than death!"

"How dare I lie to you, I can use movies and public opinion, like this..." Xue Renyi said all the propaganda methods such as newspapers, radio, and television, plus the specific methods in the movie, looking at the majestic face His expression became excited.

"click"

The majestic face turned around, and a face like a spring breeze appeared, which made people feel willing to approach at a glance, and said: "You are very good, I have accepted your loyalty, and I will tell Gulisto everything I need in the future, he will satisfy All your requirements, as long as you build such a building for me, to eliminate the influence of the gods on my clan."

"Thank you master, but I don't know your name yet." Xue Renyi asked quickly.

"Ola Kaig~!" Ru Mu Chunfeng turned around and left, he was very satisfied with the future that Xue Renyi had planned for him.

"One Sword"

Xue Renyi hurriedly kowtowed and sent the Great Elder of the Three-faced Clan to leave. Gulisto, in the original world, did not find it too strange to see a lot of low-level races like Xue Renyi who wanted to flatter, and said: "Get up, my father is gone, tell me where to start."

Xue Renyi stood up, looked at Gulisto and said, "Let's start with building the temple. I'll go back to the human world to find a special designer to produce drawings. You are responsible for letting your men dig boulders, or you can let humans do the work. Those things, but maybe at a slower pace."

"Forget it, let's do it ourselves." Gulisto never thought of letting Xue Renyi leave alive. In order to ensure the mystery of the camp, he would not let humans come to help. , hundreds of strong three-faced warriors came over.

Gulisto pointed to a temple-shaped building on the computer screen and said, "Go outside to carry the bluestone and bring it to the river."

100 three-faced powerhouses ran out of the city. Unlike humans who need machinery such as excavators, please ask the three-faced powerhouses on the side of the monarch. Tons of bluestone were cut from the mountains and sent back to the camp.

Although Xue Renyi didn't understand architecture, he could communicate with Lu Yang every day. If there was anything he didn't understand, Lu Yang immediately returned to the East China Sea to find someone to advise him. In just over a week, Xue Renyi was in command of hundreds of people. The three-faced people created a huge temple.

"There are several sculptures here, each of which is 100 meters high, which greatly highlights the heroism of the patriarchs who died in battle."

"Here is to engrave the famous sayings of the dead patriarchs, as well as their important achievements, so as to set off their greatness."

"The inside of the temple must be resplendent and solemn, and the magic circle portrayed must have a calming and calming effect, so that people can't help but feel awe when they walk in."

“The position of God must be at the highest point. He must look down on every clan, and similarly, every clan must look up to his figure.”

“The secret books of the clan must be placed in the Treasure Pavilion opened separately in the temple, so that everyone who enters the temple will be more respectful here.”

...

Gulisto was completely immersed in the picture depicted by Xue Renyi, and said to the tribal wizard who was following him, “Write it down, write it down, and do as Xue Renyi did.”

How could all the wizards understand this? The head of the wizard knelt in front of Gulisto and said embarrassingly, “We can’t understand the mystery at all, I hope you can let Xue Renyi stay, Let him guide us.”

“Alright, then let’s stay.” Gulisto’s eyes on Xue Renyi already revealed Sen Han’s killing intent. Everything in the temple is the top secret of the clan. If a human knows it, why not? Let him leave alive!

Chapter 2510: God's punishment

A low-level ordinary human like Xue Renyi does not need to see with his eyes. He can perceive Gulisto’s cold killing intent just by feeling. He knows that his life is running out, so he is even more anxious to let him go. Lu Yang learned about the real situation of the entire three-faced clan.

“Let’s start now.” Xue Renyi pretended to be excited.

“Okay.” Gulisto took a deep look at Xue Renyi, then turned and left.

Xue Renyi took the camera and began to instruct the three-faced wizard how to lay out the interior and rune spells. Lu Yang clearly saw how each rune was drawn and every scene inside the temple.

Three days later, when Gulisto invited his father Olakag and all the elders to visit, a solemn, solemn, splendid, and imposing hall appeared in front of them.

“In the future, all clansmen will not be able to directly enter this temple. Every time they enter the door, they need to bathe, change clothes, burn incense, and pray seven days in advance. The purpose is to make them respect this temple and the gods inside.”

“After entering the door, they must pray devoutly to the gods inside the door and dedicate their faith and loyalty to the temple.”

“The Book Collection Pavilion cannot let them borrow books at will. They can only borrow one book at a time, and the time is only three days. This represents the respect for the highest books in the clan and the creation of spells by the sages.”

“The gods will no longer easily appear among the clansmen. To cultivate that sense of mystery, when you appear in this world, there must be divine light and flowers all over the sky, making your clansmen feel peaceful and quiet.”

...

Xue Renyi used all the routines in the world, even if Olakag and the elders of the three-faced clan were not gods, they became gods.

“Very good, this temple is very well designed.” Olakag was very satisfied, looked at Xue Renyi with a spring face and said, “I am very satisfied with what you have done. How will you shoot the movie you said next?”

Xue Renyi’s eyes lit up and said: “I need to interview every elder and general, and learn from their mouths the heroic deeds of all the lower gods and main generals before the Three-faced Clan, and then I will change them slightly to Photographed in a more beautified form.

I will also compile them into a book. In the future, every child born in the Three-faced tribe will learn the merits of their ancestors, and they will be taught from birth until they reach adulthood. They will become your most loyal warriors. ”

Olakag looked at Xue Renyi in shock. He was not a stupid and pedantic patriarch. He could think of the death of the previous patriarch, and as the great elder, he talked through other elders and let him succeed the new patriarch. Wan’s strongest warrior escaped to Earth for cultivation, which shows that he is an extremely intelligent person.

Every one of these practices that Xue Renyi told him was extremely effective. He had even seen the scene where the tribe completely forgot about the gods and only remembered their own ancestors hundreds of years later.

“Very good, Xue Renyi, you have my approval. If you can help me accomplish this feat, I will give you great power.” Olakag said loudly.

“Thank you master.” Xue Renyi knelt on the ground with a face full of piety.

Gulisto stood aside, but the expression on his face was still a smile, and he said, “Father, I’ll start with him.”

“Okay, finish these things as soon as possible.” Olakag nodded and said.

“Follow me.” Gulisto led Xue Renyi out of the temple, went to the rest area of the three-faced generals, and began to interview every three-faced general who was over 5,000 years old.

Xue Renyi recorded the war stories handed down from ancient times one by one, and also listened to Lu Yang’s ears.

In order to confirm these things, Lu Yang also teleported to another world through Bandarsburg to explore the old camp site of the Three-faced tribe. However, when he came here, he saw a purgatory-like scene.

“Olakaig led the three-faced tribe to betray the gods, and the sin should enter the blood purgatory, and all the three-faced tribe should suffer from skinning and gouging out their eyes.”

...

The voice that came from some unknown place reverberated above the former site of the original residence of the Three-faced Tribe. Under the blood-red sky, nearly five million old people, children and women of the Three-faced Tribe were all swept away like snakes and vines. The hybrid creatures are tied to tree trunks that have grown out of thin air.

These trees have grimace, the branches pierced into the eyes of the three-faced clansman, and they turned every few seconds.

Lu Yang was dumbfounded. Even a human with a strong heart like him couldn't accept the sight in front of him. This was completely the revenge of the gods against a race. Such cruel punishment is a warning to other races. This is the betrayal. end.

This made him think of one day in the future, if mankind is defeated, what will the fate be? Under the fear, let his heart become stronger and stronger, he will never allow mankind to go that step, and it is even more impossible Let yourself be punished like that.

Lu Yang looked to the left and right, and confirmed that there were no strong men of other races around. He took out his stealth scepter and quietly flew into the purgatory.

Since he wanted to use the illusion to defeat the patriarch of the three-faced clan, he had to restore the most realistic scene, came to each member of the three-faced clan, recorded their appearance and voice with the illusion, walked all the way, when he came In the area where the original three-faced patriarch and elders lived, several of them had lost their skin, but the women and children wearing luxurious treasures made Lu Yang couldn't help but take a second glance.

“Ola Kaig~! Why do you want to kill me, I'm your wife, you can't die, you can't die~!”

“Father, it hurts so much~!”

“My son, my son~!”

...

A hysterical call, telling their identities, is the closest person to Olakag. Obviously, in exchange for the trust of the gods, Olakag kept his wife, mother, and children.

In fact, it was not only him, other elders also issued such orders one after another, calling from a distance, and also shouting the names of other elders.

Lu Yang walked in front of Olakag’s wife and children, recorded their appearances, and flew directly to the ghost-faced camp without communicating.

It’s not that he doesn’t want to ask Olakag’s wives what Olakag’s weaknesses are, but he is afraid that these women will deceive him with their last loyalty to the race. These scenes are enough, and they can practice for tens of thousands of years. , to reach the realm of the quasi-god peak, it is impossible to have any weaknesses, and it is even more impossible to be fettered by family affection, these scenes are just to make him lose his mind in an instant.

Chapter 2511: Dark Moon Lord

three days later.

Lu Yang flew into a piece of woodland at the junction of light and dark. When the flame star looked in this area, it was already a red crescent moon, and the dark moon star on the other side had only a crescent moon left. The two stars complemented each other, making this piece The area looks groggy.

There is mist everywhere on the ground, and there is a strange black forest in the mist. Black river water flows in the woodland. If you look closely, it is the blood of ghost-faced people.

Lu Yang carefully sensed the situation inside, but found that he couldn't sense anything. When he cautiously groped into the foggy forest, he saw that every ghost-faced man had been headed and hung in the forest separately from the head and body. on trees.

"Sure enough, another world is not that easy to deceive. Playing this trick kills all the clansmen." Lu Yang sneered and shook his head.

The voice just fell.

A dagger suddenly appeared on Lu Yang's neck, and a ghostly voice sounded from his ear, saying, "Don't move, or your head will also move."

Lu Yang was stunned. Although he was using a clone now, it was created by the flame seed, and it was almost indistinguishable from the main body except for some differences in strength.

He has already restrained all his breath, and has also released the maximum perception ability, and he can still be suddenly appeared behind by the enemy, and press the dagger against his neck at close range.

If this is the main body, if you don't release the Great Nirvana Exercise, it means that your life is in the hands of the enemy.

"Who are you, I have no hostility!" Lu Yang pretended to give up resistance and put away all his mana.

"Bang"

The enemy behind him suddenly punched Lu Yang on the back of the neck, and violent power poured into his body, heading straight for the soul.

If the body was there, the soul would definitely fall into a coma under such an attack. Lu Yang also pretended to be unconscious and fell to the ground.

“Take it back.” A cloth bag was placed on Lu Yang’s body, he was picked up and rammed into a strange chariot, flying into the depths of the jungle.

About half an hour later, the vehicle stopped, and the voice of the man who knocked Lu Yang out became respectful, and said, “I caught a special creature, and I can’t tell what race it is.”

“Oh!” A playful voice said, “Open it and see.”

The cloth on Lu Yang’s body was opened. He pretended to have just woken up, looked around, and found a pale white humanoid creature with a devil’s head walking towards him not far away. This man was dressed in extremely luxurious clothes. , even the cloak is a material he has never seen before.

“Human?” The humanoid creature with the devil’s head walked in front of Lu Yang, showed a surprised expression, and said, “Evil bird, you have done a great job, and I have caught a human.”

The one called the Evil Bird was the opponent who grabbed Lu Yang. This was a cyan snake-shaped monster floating in the air. The dagger in his hand was looming with black light. He stared at Lu Yang and stuck his tongue out excitedly, saying, “Master Dark Moon. , I have never tasted a human being?”

“Forget it.” The demon-type creature called Dark Moon walked up to Lu Yang and said, “I can sense that the flame energy in your body has the aura of the Blazing Demon God, so it looks like you are Lu Yang. Bar.”

Lu Yang was even more surprised and asked, “How do you know me? Who are you?”

“You don’t need to know who I am, and I don’t want to kill you. Why don’t we talk about cooperation?” Dark Moon’s pale demon face showed a grinning look.

Lu Yang was a little confused about the Dark Moon Young Master’s routine, and asked, “What can we do with our two hostile races?”

Dark Moon excitedly took out two gems with a strange black light from her arms, handed them to Lu Yang and said, "Do me a favor, throw these two gems outside the ghost-faced tribe's camp, and I'll let you go back alive. ."

"What is this gem for?" Lu Yang was a little surprised. The gem was engraved with magic runes. Whether it was the magic rune or the gem itself, the energy contained was extremely terrifying.

"This has nothing to do with you, as long as you know that if you throw these two gems into the ghost-faced tribe's residential area, they will be permanently trapped in their formation, and your human race will have one more chance to breathe. , of course, if you can survive the attack of the Three Faces." Dark Moon's tone was extremely contemptuous and cynical.

This time is a year in the human world. In another world, there is no concept of time. Lu Yang sneered at the dark moon, he was a little irritated, and said: "I have blocked your attacks six times, stop more. It's not too difficult a few times."

"You dare to offend my master." The evil bird instantly appeared in front of Lu Yang, the dagger pressed against his throat, and the blade had already cut his throat.

"You don't need to care about the inferiors of a barbaric land." Dark Moon still had arrogance and sarcasm on the corner of her mouth, raised her hand slightly to signal the evil bird to step back, looked at Lu Yang and said, "I hope you can resist a few more times. This time, let's make a bet, if you can kill the Three Faces and survive our next attack, you come here to find me, and I will give you extra rewards."

"Okay, then it's settled." Lu Yang deliberately pretended to be angry.

"Looking forward to your performance, don't forget the task I gave you, otherwise, you will die miserably next time." Dark Moon's voice became ethereal, and suddenly, Dark Moon, Evil Bird, and carriage disappeared. , Lu Yang opened his eyes and looked around, and found that he had actually returned to the ghost-faced forest that was just caught by the evil bird.

"What kind of spell is this?" Lu Yang was a little confused. If it was a dream spell, he shouldn't have two more gems in his hand. If it wasn't for a dream, how did Dark Moon make him teleport.

Furthermore, Dark Moon's behavior is a bit wrong. Giving him gems to imprison the ghost-faced tribe can be said in the past. After all, he has betrayed the gods of the other world. Face, with shock and shock to all races, but let Lu Yang kill more races from other worlds, and reward them, what kind of situation is this.

The light flickered.

Lu Yang controlled the clone and returned to Bandarsburg. The clone was disbanded, and the two gems flew back to Lu Yang's hands. He looked at the Blazing Demon God.

At this time, the Blazing Flame Demon God had been in the illusion for almost a month. Seeing that he was about to get lost in the word "put down", Lu Yang revealed his flaws in time.

"Break it for me." The Blazing Demon God roared and flew out of Lu Yang's body, showing a proud face in the form of a flame body, and said, "It's almost, I still succeeded."

Lu Yang couldn't help rolling his eyes. Now, when he looked at the Blazing Flame God, he felt like he was looking at a stubborn old man who refused to admit defeat.

"Okay, I'll perfect it again. Let me tell you something. I just met a strong man named Dark Moon. I can't figure out his strength or his intentions." Lu Yang will meet Dark Moon. has been said in detail.

After the Blazing Demon God heard it, he frowned and said, "Dark Moon should be the young patriarch of the Yinhui Demon Clan. This is a population with a large population and a very powerful race. In the battle of the God King, there were seventeen in the Yinhui Demon Clan. The great demon of the upper **** level has joined the new god's camp, and has made great contributions to the new moon god."

Lu Yang asked: "Do the Yinhui Demons have the ability to shake the New Moon God?"

The Blazing Demon God shook his head and said: "The patriarch of their family is the main god, and he did not participate in the last war. It is said that he is on the verge of death, but after being with you for so many years, I doubt this silver demon clan. The patriarch deliberately hides his strength and has the idea of overthrowing the New Moon God."

Lu Yang nodded. After learning how powerful the Yinhui Demon Race was in another world, he guessed the thoughts of this race, took out the two gems and asked, "Can this be replicated?"

The Blazing Demon God chuckled, shook his head and said, "This thing is called the silver demon stone, which is specially designed for the god-level magic circle. Once you know the rules of the magic circle, you can use this gem to run the magic circle in reverse. And strengthen the power of the array by about 50%, trapping the creatures in the array."

"Good stuff~!" Lu Yang raised his eyebrows and said.

"Unfortunately, there are only eight origins of this kind of gemstone, all of which are among the races directly under the gods, or among the most dangerous Jedi, you can't get it." Blazing Demon God said.

"It's a pity, but I can be sure that the ghost-faced clan is finished this time, and there is only one three-faced clan left for me to deal with." Lu Yang's expression gradually became firm, and he said confidently.

This time, the arrival of the two major races of the gods at the same time put a lot of pressure on Lu Yangyang. The 2 million high-level warriors from different worlds, with the strength of the Jagged Brotherhood, had absolutely no way to stop their attacks on humans.

Fortunately, the major races in the other world are also in chaos. With these two silver demon gems, after trapping the ghost-faced clan, he can concentrate on dealing with the three-faced clan.

The Blazing Demon God said, "The Three-faced Clan also has 1 million warriors, all of them above the lord rank. What are you fighting for?"

Lu Yang smiled and said, "Don't we have another enemy here? Let them join in."

The Blazing Demon God thought for a while, then said with a smile, "You want to ask the Void Zerg for help? They don't listen to you either."

For the Void Zerg, every time they are teleported in a different world race, a part of the Void Mother Zerg will be teleported along with them.

Later, because of Lu Yang's reasons, the Void Zerg found the transmission channel of the other world. Therefore, whenever the red moon night comes, the powerful female insects in the Void Zerg will give priority to the other world, and the weak ones will be sent to Earth.

Lu Yang previously blocked the transmission channel on the East China Sea side, and blocked the passage of the Void Zerg, so that the low-strength Void Zerg could not come to the East China Sea. This time he plans to use the Void Knife to modify the teleportation coordinates, so that the Void Zerg can not come to the East China Sea. Descends near the camp of the Three-faced tribe.

Chapter 2512: save people

The only thing that is bad now is Xue Renyi's filming of the Three-faced Clan. Lu Yang wants to create the ultimate illusion so that the chief elder of the Three-faced Clan will be completely lost in the illusion. Moreover, he cannot leave Xue Renyi alone. Such a loyal and brave brother, He can't lose a single one.

The light flickered.

Lu Yang returned to the East China Sea, and the main body came to the area defended by Xia Yuwei. After gathering the three thousand Void Warriors into Bandarsburg, they flew to a low mountain 60 kilometers east of the camp of the Three Faces.

Not far from the foot of the mountain, there is a giant unstable twisted space-time with a diameter of 50 meters, and the space-time cracks constantly fluctuate around the twisted space-time.

He opened the teleportation channel, released 3000 Void Warriors including Xia Yuwei and Li Mao, and said, "This is it, stabilize it."

“Leave it to me.” Xia Yuwei burst out with extremely strong strength holding the Void Blade, and began to trim the twisted time and space.

After obtaining a large amount of training materials from the Dragon Beast Race, Lu Yang gave all the magic crystals belonging to the Void system to Xia Yuwei, plus the Void-type treasures in the treasuries of the three races that were slaughtered in another world before. The strength of Xia Yuwei has reached the peak of the monarch rank, and she is only one chance away from breaking through the demigod.

Li Mao and Tao Fei, their three thousand void warriors, have all reached the peak of lords, and a few have reached the king rank.

At present, the Void Warrior Legion is still recruiting. Many girls in the East China Sea Magic Academy are born with the ability to practice void spells, but these people are too weak, and they are all placed in the mobile units of major cities and slowly cultivated. !

While Xia Yuwei was repairing the twisted space-time in the middle, Li Mao and Tao Fei also acted, using the void energy to repair the surrounding space-time cracks at a very fast speed.

Lu Yang released his perception ability to check whether there were any enemies around him. At the same time, he took out the computer from the Demon Temple and watched the pictures taken by Xue Renyi in the past few days.

The temples of the three-faced tribe have all been built, and all the magic runes inside have been photographed by Xue Renyi. Lu Yang found the Blazing Demon God and asked about the function of each rune.

After watching all the recorded videos, he began to watch Xue Renyi’s current live broadcast. At this time, it happened to be evening, and Xue Renyi was accompanying Gulisto to shoot the battle scene.

“In order to bring out the power of the patriarchs of the three-faced clan in ancient times, we must use some virtual means, such as letting the people see the three-faced clan chiefs chatting with the god-kings in ancient times, such as letting them see the three-faced clan The patriarch is powerful in the ancient war.” Xue Renyi said to Gulisto.

“I know all this, but where can I find the ancient **** king for you, and how do you show that terrifying battle scene?” Gulisto asked with a frown.

“It can be replaced by animation, we humans have such technology.” Xue Renyi said.

“Can you?” Gulisto stared at Xue Renyi and asked.

“I don’t know, we can negotiate with humans, or if you give me some time, I can teach myself.” Xue Renyi knew that Gulisto would not let him go, so he changed the way of delaying time.

“Does this thing work?” Gulisto asked.

Xue Renyi took out a Hollywood sci-fi blockbuster and played it to Gulisto and said, “Look at these, they are all synthesized by computer.”

Gulisto almost believed it, but he absolutely couldn’t let Xue Renyi leave, let alone allow others to come in.

Who knows if the human who came here is a spy sent by Lu Yang? The key is not the issue of human spies, but the enemy who wiped out the dragon orc race that Gulisto couldn’t see, as well as the next group of people sent by the Lord God of another world to kill them.

Since there is a camera to record the pictures, in case humans use other methods to send these records out, let the enemy know the internal situation of the Three Faces, even if a formation is seen by the other side, it will be easily cracked by the enemy, which will cause damage to them. great damage.

“I’ll give you three days to learn, if you can’t learn, you know the consequences.” Gulisto stared at Xue Renyi and said.

“Promise him.” Lu Yang sent a message to Xue Renyi ahead of time and said, “Your task is completed, now you just need to delay. If you can, talk to Olakag more, and I will pick you up at the end of the month.”

Seeing this sentence, Xue Renyi showed a relaxed expression on his face, and said to Gulisto: "There should be no problem, I will definitely learn it."

"I hope so." Gulisto turned and left. He already felt that Xue Renyi's value was almost gone, so he was ready to kill.

Xue Renyi breathed a sigh of relief, sent a message to Lu Yang and asked, "Boss, what else do you need me to do?"

Lu Yang said, "On the night in three days, go to meet Olakag and determine his location, preferably in a place where there is no one else."

"No problem, Olakag will talk to me about human affairs for a while every night. I will bring a camera and let you know the specific location." Xue Renyi said.

"Pay attention to safety." Lu Yang ended the call and sat on the spot to continue to perceive the surrounding situation.

For three consecutive days, Xia Yuwei had been digging the time and space hole with three thousand void warriors. When evening came, Lu Yang suddenly sensed the breath from the void, and a sneer appeared on his face.

"Stop digging the hole, everyone will withdraw." Lu Yang transmitted his voice to the space-time cave.

Xia Yuwei walked out with Li Mao and other 3,000 Void Warriors and asked, "Have you sensed Void Worms?"

"Three demigods, eight monarchs, and millions of lord-level scytheworms, they have already discovered this coordinate, and are digging here frantically. You take everyone into Bandarsburg to avoid, I Go and rescue Xue Renyi." Lu Yang searched for it with one hand and opened the gate of Bandarsburg.

"Okay." Xia Yuwei immediately ordered Li Mao and the others to enter Bandarsburg quickly.

Lu Yang jumped into the air, and took advantage of the cloud cover to come to the top of the three-faced tribe's camp. He turned on the intercom and saw Xue Renyi chatting with the three-faced tribe's chief elder, Olakag, in the temple. There was a sneer at the corner of his mouth, and he activated the stealth scepter in his hand, and it fell down quickly.

"Om~!"

In midair, a light invisible to the naked eye lit up on Lu Yang, which was the appearance of the guardian array finding Lu Yang and running automatically.

The ghost's voice penetrated into Lu Yang's soul, but Lu Yang was completely unaffected by this level of influence on his mind, but he couldn't hold on for too long. The longer he stayed, the stronger the formation. The accumulated power is stronger.

Inside the temple.

Olakag stopped chatting suddenly, as if Mu Chunfeng's face was expressionless, he raised his head and looked into the air.

"You, what's wrong with you?" Xue Renyi asked tentatively.

Olakag's expression suddenly changed to a weird one. He stood up and stared at Lu Yang, who fell from the sky, and said, "I've finally waited for you, so don't leave."

As soon as he finished speaking, a purple light appeared on Olakai's strange face. Lu Yang, who was falling, saw this scene and did not feel surprised. While avoiding the light with his speed, he pointed to Olakai with his right hand. grid.

"Thirty-three calamities"

Olakag froze in place in an instant, and Lu Yang also fell silently to the ground.

Chapter 2513: Void Zerg Attack

“Boss~!” Seeing Lu Yang, Xue Renyi let out a sigh of relief and asked excitedly, “What’s wrong with Olakag? What trick are you doing?”

Lu Yang smiled and said, “I learned it from others, I guess I can teach you this trick in the future. Advance to Bandarsburg. We will talk about it later.”

The red light flickered, and the teleportation formation in Bandarsburg opened. Xue Renyi hurriedly jumped in. Lu Yang summoned a flame chain in his right hand and pulled Olakag into Bandarsburg.

Lu Yang’s body did not enter. He flew into the sky at full speed with his stealth scepter, passed through the defense formation of the Three-faced Clan, and hid directly above to watch.

“Roar~~~~~!”

The mad roar suddenly resounded through the mountain forest, and in a very distant area, a blue ray of light expanded wildly, and then, the huge body of the demigod-rank Void Mother Worm appeared in mid-air.

Countless Void Scythe worms flew out, covering the sky and the sun, even if the sky was black and red, it still couldn’t cover up the Scythe worm’s tracks.

The millions of people of the Three-faced tribe woke up from their sleep, looking at the Void Scythe worm in the distance, with a ferocious look on their faces, and the seventeen elders flew into the temple quickly, wanting to find Aurakai. Grid negotiation.

“Father, where are you?” Gulisto was the first to rush in. Originally, he thought Olakag would rest on the seat in the central hall, but he searched the temple and couldn’t find it.

“Elder?” The second elder, Aurelila, frowned and said, “My perception has been opened, and I haven’t found the aura of the great elder.”

“Is it somewhere else?” Gulisto frowned, but he never thought that his father would be taken away, and said, “Don’t worry, my father must have seen the Void Mother Worm, and he will chase him away. Come to join us.”

Aurelila and the other dozen elders nodded and sat in their chairs to wait, but time passed by like that, and after five minutes, Gulisto couldn’t sit still, and his face was full of embarrassment. In a cold sweat, he said, “Could it be that my father went to check the situation of the Void Mother Worm? Shouldn’t it be?”

“It’s possible...” Aurelilah said.

“We...” The third elder, Torisk, didn’t know what to do, and said, “Let’s wait, I believe the elder will be back soon.”

Gulisto and Aurelila were a little worried and looked at each other, Gulisto said: “Let’s go out and have a look, let all the clansmen prepare for defense, since the Void Zerg appeared by our side, then This battle is unavoidable, you gather your clansmen to prepare for battle.”

Torisk nodded and called the clan to go. Gulisto and Aurelila flew outside the camp and went looking for Olakag.

Lu Yang was in the air, watching Gulisto and Aurelila leave, a sneer appeared on his face, and he waited quietly.

In fact, he was able to slaughter Olakag with one knife just now, but the great elder of the three-faced clan has too many secrets, such as the hiding place of his cultivation materials, and what is his cultivation method, Lu Yang wants to get it.

“Wow~~~~!”

The horn sounded inside the three-faced clan, and millions of clansmen began to line up and prepared for defense. On the other side, the Void Zerg also sensed the camp of the three-faced clan, and was flying towards this side quickly.

Gulisto still wanted to find his father, but he had just flown out for less than half an hour when he was surrounded by countless monarch-order Void Scytheworms, and he and Aurelila did their best to break through the encirclement before returning. In the camp, but at this time, millions of Void Insects also descended over the three-faced tribe camp, and the two tribes officially started the war.

Lu Yang watched from a distance. After confirming that the Three Faces were determined to fight to the death, he quickly turned his direction and flew over the Ghost Face camp three hours away. He took out the two special coins from the Demon Temple, and threw it towards the magic circle below.

The two gems painted with runes fell straight onto the defense formation of the ghost-faced clan. In an instant, the purple-black light of the two knives shrouded in a semi-circle, covering the entire ghost-faced clan's camp.

“Ghost-faced people, how dare you betray me and taste what it's like to be imprisoned. After a year, I will send someone to take your heads and wait for me~!”

The two gems shattered, and a loud voice came from the gems. All the ghost-faced clansmen in the camp were horrified, because this was the voice of the superior **** who directly controlled them. The anger made them shudder.

At an altitude of 500 meters, Lu Yang could feel the fear of the ghost-faced clansmen. He tried to enter the magic circle and found that it was very easy to get in and out, but countless ghost-faced clansmen gathered in The edge area of the magic circle, no matter how to rush out, can't rush out, as if this magic circle is only effective for their ghost face clan.

“This formation is amazing, isn't it?” Lu Yang said.

The Blazing Demon God sneered and said, "The behavior of the ghost-faced clan is called cocooning, and their formation is called the Iron Wall Formation. The function is to keep the incoming enemies from getting out."

"This kind of array is divided into a middle array and eight surrounding arrays. The shape of the formation is a lotus flower. If someone breaks into the array, even if they can defeat the ghost-faced clan in the eight array areas, the rest The clansmen can also retreat into the central array, and these eight array areas can trap the enemy to death."

"It's good now, this formation is running in reverse, and it has become that the inside of the formation cannot go out, but the outside of the formation can come in and out at will."

Lu Yang was a little surprised took a closer look at the magic circle below, and found that it was exactly as the Blazing Demon God said, that the ghost-faced tribe's camp consists of a central camp and eight small camps outside. composition.

There are about 50,000 people in each small camp, and such an area is refined into a combat area for every 1,000 people because of its integrity, like a multi-layered petal.

"There will be a place to train troops in the future." Lu Yang found a safe place, entered Bandarsburg, and looked at the three-faced clan chief elder Olakag, who was sitting cross-legged in the desert with a look of excitement. A sneer appeared on his face.

The illusion that Olakag is in can be seen by Lu Yang and can be changed by Lu Yang at will. At this time, Olakag has not realized that he is in the illusion, because Lu Yang will have three faces. The clan temple is exactly the same in the illusion.

Every confrontation between Olakag and Lu Yang will cause extremely strong fluctuations. The temple in the illusion is collapsing, which makes Olakag more and more anxious.

This temple was the key for him to free the Three-faced Clan from the control of the gods. Now that it was destroyed by Lu Yang, he was already on the verge of rage.

Chapter 2514: Behead Olakag

“Let you see the stunt of my three-faced clan.” Olakag’s left and right faces suddenly opened towards Lu Yang at the same time, and the dark, space and arcane energy gushed out at the same time. This is the three-faced clan’s. Famous stunt – black magic hole.

Lu Yang had seen it in Xue Renyi’s video. At that time, Xue Renyi wanted Olakag to show the powerful techniques of their three-faced sages. record it.

Now that Olakag is released in the illusion, his body has mobilized magic power, and a large black hole with a diameter of fifty meters is raging in the space of Bandarsburg with endless destructive energy.

In the illusion, this super-large black hole was shooting towards Lu Yang. In an instant, Lu Yang was killed in the black hole, and immediately, the soul of the Blazing Demon God flew out of the black hole.

“Don’t kill me, I can teach you a lot of magic knowledge.” Blazing Demon God’s weak voice flew out of his soul.

Olakag is the pinnacle of the quasi-god, and the black magic hole is one of the three strongest spells of the three-faced tribe in the quasi-god rank. He is confident that Lu Yang is really dead, so he has fallen deeply into the illusion, especially When he got the soul of the Blazing Demon God, it swelled to a certain extent.

“Tell me, what can you teach? If you can’t say it, I’ll eat you.” Olakag was extremely excited, holding the soul of the Blazing Demon God in his right hand, and gestured to put it in his mouth.

“The way to be promoted to God King, I can let your race get rid of the highest destiny of the lower gods, and be promoted to the middle god, the upper god, the main **** and the **** king.” The voice of the Blazing Demon God showed panic, and said: “You have already betrayed. If you get a new god, they won’t let you go, how about our cooperation? Cultivating according to my method, you will become stronger.”

This is what Olakag is worried about, and the purpose of killing Lu Yang is to get the help of the Blazing Devil God. Now that the Blazing Devil God is willing, he is naturally happy. Moreover, it is not suitable to eat the soul of the Blazing Devil God now. It is better to wait for him to rise to the peak of the upper **** and eat the complete soul of the Blazing Demon God, and it is possible to directly become the main **** or the **** king.

“I’m also willing to cooperate with you, please teach me spells.” Olakag changed to a face like a spring breeze.

The Blazing Demon God in the illusion immediately taught him, all the cultivation knowledge, eight sentences are true and two are false, Olakag quickly entered the state of going crazy, but he still didn’t know it, and thought the illusion was real. world.

“Why is there such a big obstacle to my cultivation?” Olakag asked.

“That’s because your cultivation resources are not enough. This cultivation method requires a lot of cultivation resources, but as long as you are promoted to the lower gods, the subsequent cultivation will be smooth, and you can be promoted to the middle gods at the fastest speed.” The Flame Demon God said.

“Then I will increase the training resources. You can help me to see how to practice.” Olakag chanted the spell, and in Bandarsburg, a black hole appeared next to Olakag’s body, a large number of Cultivation materials were dumped out of it.

Lu Yang quickly mapped these cultivation materials into the illusion, and the Blazing Demon God helped identify the purpose of each item. At the same time, the three of them, Huo Niu, Huo Huo and Hei Yan, quickly carried the supplies back and forth to the Demon Temple.

All the advanced training materials of the Three-faced Clan were emptied by the three of them in an instant, but Olakag in the illusion didn’t know it, and all his attention was on the cultivation method taught by the Blazing Flame God.

The cultivation methods handed down by the God King are much more precious than the materials that their race has hidden for tens of thousands of years. The two cannot be compared at all. Therefore,

Olakag did not notice the special space he opened and dumped it. The speed of material delivery was 1 second slower than normal.

Inside Bandarsburg.

Blazing Demon God said to Lu Yang contemptuously, "This Olakag is too stupid, kill him."

Lu Yang laughed. He knew what the Blazing Demon God was upset about. In the fantasy world, the Blazing Demon God simulated by Lu Yang was too cowardly, which made the Blazing Demon God feel that he had lost his dignity.

"Okay, I have all the information about this person, it's useless to keep it." Lu Yang's whole body was full of magic power, and with a move with his right hand, the pitch-black Earth Demon Sword appeared out of nowhere. This sword was obtained from the blood purgatory. The long sword formed by the body of the main god-level powerhouse was swung hard by him, and with the magic power of his whole body, all of Olakag's body and soul were chopped into pieces.

"Blood Flame"

The scarlet flames enveloped Olakag's broken body. Under the constant burning, Olakag's soul was destroyed, leaving only a large piece of blood-red origin soul crystal and a party of origin blood.

Lu Yang found a jar to store the blood of the source. This thing is not easy to give out. It is estimated that no one among his brothers wants to become three faces.

This is different from becoming a big tree or a dragon orc. Anyway, there is still a person. If this turns into three faces, it is estimated that he will be disgusted by himself and want to commit suicide.

He shook his head, his body left Bandarsburg, and flew towards Baishan City quickly. At the same time, he called Zhuojiu, Baishi and others, and ordered: "All soldiers rush to Baishan at full speed. The city area is armed."

“Yes.” Zhuojiu and Baishi are also good actors. They pretended to have just discovered that the three-faced camp was attacked by the Void Zerg. They temporarily gathered their brothers, leaving only a few soldiers for defense, and the rest rushed to the Baishan City area.

In the city of Baishan City Elves and Hasturs also began to gather warriors in the city and made preparations for defense. The Void Zerg who came this time, even if it was hundreds of kilometers away, released The terrifying pressure of the demigods can make people feel suffocated.

This is different from the human race and other races from other worlds, which will take the initiative to restrain their own breath. After all, no one knows whether there are other strong people around. The behavior of seeking death by releasing breath will only be on the tyrannical race of the Void Zerg. Appear.

As soon as Lu Yang landed on the wall of Baishan City, the Elf Patriarch Algaia ran over with a group of elders, sweating profusely, and said, “Boss, something has happened, the Void Zerg has come, and our sentinel found the Zerg. The army is attacking the three-faced tribe’s camp, will it affect us, what should we do?”

Once a war occurs, it is no longer a matter between one or two races, but a common problem faced by all the surrounding races. Will the face clan order them to send troops to assist them, will they directly send a quasi-god to exterminate these lower races to prevent them from profiting from it, or will the ghost face clan take the opportunity to kill them? These are all questions. , but Algaia couldn’t solve every problem, because he was too weak to be promoted to the king rank!

Chapter 2515: strong rejection

The purpose of Lu Yang’s visit this time was to stop the three-faced tribe from forcing them to participate in the war, and said with a smile, “My army is already on its way, don’t worry, we will advance and retreat together.”

“Everything depends on your arrangement.” Algaia breathed a sigh of relief and stood firmly by Lu Yang’s side.

After half an hour.

Zhuojiu and Baishi arrived with the main army of the Iron Brothers Alliance. There are a total of 100,000 warriors. It can be said that, except for the dragon orc army, all the warriors above the third rank that can fight in the Iron Brothers Alliance have arrived.

“Set up a magic circle in place and prepare for battle.”

“Make sure there are no dead ends, everyone be careful.”

“All the warriors of the elves and the Hasturs entered the various circles, preparing to release magic to maintain the power of the circles.”

...

Zhuojiu, Bai Shi and others quickly led the elves to strengthen the magic circle of Baishan City. This is a self-protection magic circle taught by Luna. The more people join, the greater the defense power of the magic circle. It can be regarded as a qualitative change caused by a quantitative change. The magic circle, taking the 500,000 people of the elves, Hastas, trolls and other races as an example, they release their magic power into the magic circle together, which can resist the full blow of the lower gods. If it is a quasi-god, there is no It is impossible to break the attack for more than half an hour, but once such a magic circle is broken, the 500,000 people will all die from exhaustion!

Lu Yang slowly flew into the sky and stopped on the top of the magic circle. If the Three Faces Clan sent strong people to force them to participate in the battle, at least a demigod, or a quasi-divine rank, who could compete with such a strong person. In the dialogue, the three elves and the human race are added together, and he is the only one.

“Boom~!”

Thunderclouds are already rolling in the sky in the distance, and the effect of the collision between the space-time rift and the magic of the nine elements seems to be that the world has fallen into doomsday.

Suddenly, a blue-black ray of light flew towards this side at a high speed, and stopped only when it reached 10 meters in front of Lu Yang.

“You are courting death~!” A quasi-god-rank three-faced strongman appeared in the blue-black light. Lu Yang had seen him in Xue Renyi’s video. elder.

After coming to Earth, Bai Lie Ming did not take any creature in this world in his eyes, especially humans. He thought it was just some ants. Even if he learned some spells, it was impossible to compare with them. It is necessary to show panic and fear to him.

Lu Yang’s refraining from dodging touched his nerve, and the furious Bai Lie Ming put on a big smiling face, and a mass of black energy spewed out of his mouth, heading straight for Lu Yang’s body.

Lu Yang still did not dodge, the huge flame power in his body spurted out of his hands, turned into a huge flame sphere, and collided with the black energy group in the air.

“boom”

The two energies caused a violent explosion, but neither Lu Yang nor Bai Lieming took a step back in the air.

“Courageous enough to attack me, your human race doesn’t want to live anymore?” Bai Lie Ming’s eyes revealed a fierce look.

Lu Yang looked at Bailie Ming with a smile and said, “You have signed an agreement with humans, and you cannot attack each other! Could it be that you have betrayed your beliefs and want to betray your promises?”

“You...” Bai Lie Ming was Lu Yang’s opponent in terms of language. He was even more annoyed after being choked. He wanted to take action, but the war at home prevented him from doing it. He stared at Lu Yang and said, “I don’t have time to talk nonsense with you. , I came here to give an order to your human race and elves, immediately gather the army, and follow me to conquer the void zerg.”

Lu Yang shook his head and said, “On behalf of the human race and the elves, I will tell you clearly that we refuse.”

“What?” Bai Lie Ming was completely angry, a purple-black scepter appeared in his hand, stared at Lu Yang and said, “You dare to refuse, believe it or not, I will destroy your race now.”

“Boom~!”

The magic power in Lu Yang’s body was fully stimulated, and the crimson flames wrapped his whole body. In the next second, he turned into a fire demon form, holding two double-headed bird warhammers, staring at Bai Lie Ming and saying: “If you want to fight, then Let’s fight, let us go to die and die, and fight to the death with you is also dead, then we would rather choose a decent way to die.”

He was deceiving Bailie Ming, giving the other party a sense of knowing that the Three-faced Clan sent them to die, so he had to pretend to be dead with the Three-faced Clan.

If Lu Yang really wanted to kill Bailie Ming, he would have already launched the 33rd Tribulation to kill this lone three-faced quasi-god-rank powerhouse, but now is not the right time to kill the opponent, the three-faced clan is in the void When the Zerg had killed their door, they could also send a quasi-god-rank elder to give orders. It could be seen that the three-faced tribe was still able to fight the Void Zerg with ease.

Of course, this was based on the fact that they didn’t know their great elder, Olakaig, who was at the peak of the quasi-god rank, was killed by Lu Yang. If they knew, this war would be a hard one.

Bai Lie Ming stared at Lu Yang and said, “I’ll give you one last chance, think about it, and if you don’t help in this war, after we defeat the Void Zerg, the Three-faced Clan will not forgive those who didn’t help at the critical moment. of the race.”

Lu Yang said: “You have time to find us, why don’t you go to the ghost face clan. Our strength is no different from food in the eyes of the Void Zerg. Why let us die and strengthen the strength of the Void Zerg?”

“Do you still mean to refuse?” The sneer on Bailieming’s face became brighter and brighter. Why don’t they know that human beings are useless, but Lu Yang is useful. Now that Lu Yang is not cooperating, then this After the war was over, the Three-faced Clan had reason to liquidate humans and Lu Yang. As long as Lu Yang was killed, the soul of the Blazing Demon God would fall into their hands.

Lu Yang pretended to be wronged and said, "We are not rejecting it, but we can't beat it."

"That means rejection, and we will meet again." Bai Lie Ming turned into a blue-purple light, and flew in the direction of the ghost face clan quickly.

Lu Yang understood that what Bai Lie Ming was really looking for was the ghost-faced clan. He came to Baishan City just to pass by. He slowly fell back to the city wall of Baishan City, looked at Zhuojiu, Baishi and others around him and said: "Follow me to the edge of the battlefield."

This is a battle in which the monarchs are the main army, and the demigods and quasi-gods are fighting against each other. If they can watch it from the sidelines, it will be of great benefit to their future cultivation.

Zhuojiu and Baishi were also about to watch, but none of them had the ability to fly fast. Lu Yang used the Yanyang cable to drag them up, including Algaia, and moved towards the distance together. The edge of the battlefield flew over.

Chapter 2516: who is the winner

The three-faced tribe and the Void Zerg fought in a dark, shattered mountain and river. The quasi-gods and demigods in the two tribes released any attack spells that were comparable to the destruction of the world. Among them, the three-faced tribe's spells and the Void Zerg The demigod-level female insects opened the eyes of Lu Yang, Zhuojiu and others.

The demigod-rank female insects of the Void Zerg, because of their huge size, each have the strength comparable to the quasi-gods of the Three-faced tribe, and they can still survive one to three.

Each of the three-faced clansmen has three different faces, but in general, they can be roughly divided into basic elements such as ordinary wind, fire, and thunder, high-level dark, arcane, evil energy and other bizarre elements, and The strongest time, space, chaos and other original elements.

Under this powerful magical attack, a large number of monarch-rank sickle worms created by the void mother worm were killed, but the fertility of the demigod-rank void mother worm is extremely terrifying, and tens of thousands of void sickle worms can be reputed in the blink of an eye. .

The Void Mother Insect's attack is also dominated by Void Spells. The body like a mountain can teleport to the target in an instant, whether it's the weird Void Spell or the time-space rift created by the tentacles. Which three faces are encountered? The clan members will kill them instantly.

The second elder of the three-faced clan, Domingo, and the other two elders restrained the most powerful one of the Void Mother Worms at the same time, and they typed with all their might. The demigod-rank Void Mother Insect only caused minor trauma. Conversely, the furious counterattack of the Void Mother Insect under the pain had to be avoided by Domingo and the others with all their strength.

"Ola Kaig, where are you~!"

"Answer me, why haven't you shown up yet?"

"Why haven't you come out, my friend, where are you?"

...

Domingo called while dodging. If Olakag was here, one person could deal with a demigod-rank Void Mother Worm. Why should they fall into such a hard fight.

The third elder Elvis gritted his teeth and said angrily: "Don't expect Olakag, maybe he ran away alone with all our cultivation resources, let's hope that Bailie Ming can attract reinforcements from the ghost face clan. ."

“Don’t insult my father, or I won’t be able to spare you.” Gulisto’s voice came from the side.

“Then tell me, where is your father?” Elvis roared.

“I...I don’t know.” Gulisto couldn’t answer, but he turned and said furiously: “But my father is not a traitor to the clan, he won’t hide with the supplies alone, he must have encountered something .”

“Your father is the pinnacle of the quasi-god...” Elvis was about to speak, when the second elder Domingo suddenly said angrily: “Enough, we are fighting, shut up for me, it’s important to repel the enemy first, I I feel it, Bai Lie Ming is coming back.”

The voice just fell.

A blue-black streamer flew over quickly in the distance, this was the name of Bailie, who came to Elvis, Gulisto and others, and said with horror: “Something has happened, ghost face. The clan is finished, they are locked inside by the great formation they set up.”

“What do you mean?” Domingo asked while attacking.

Bai Lie Ming hurriedly told the picture he saw and said: “The magic circle of the ghost face clan is to prevent the enemy from invading, and now the formation method has been completely reversed, and the power of the magic circle has been additionally enhanced, and now the ghost face clan is fully More than 1 million people from the clan are trapped in the circle, we can get in, but they can’t get out.”

“This, this is impossible, only God can do such a thing, but the teleportation array has been closed.” Domingo said in horror.

Gulisto said excitedly: “It must have been done by someone sent by God, and my father must have had an accident. Damn, we are cursed by God, and the people they sent are going to kill our whole family. This The emergence of the Void Zerg must also have something to do with this.”

Domingo also felt that this matter was not good, and said with some horror: “Don’t scare yourself, fight with all your strength, if Olakag really has an accident, then our war will not be so easy. Victory,

clansmen, put down all your prejudices and face the enemy together, the moment of life and death for our three-faced clan has come.”

Gulisto and Elvis and other three-faced clansmen glanced at each other, nodded one after another, put down their own prejudices, and cooperated again to fight against the Void Mother Worm.

But this time the battle was different from before. When they learned about the actual situation, they always thought about who secretly controlled the ghost face clan, and whether Olakag was killed by that mysterious person, with these thoughts in mind. , they only played less than 80% of their level in the battle, and were gradually dominated by the Void Mother Worm.

There is only one loophole that allows a female worm to attack other three-faced clansmen. Countless sticks are shot, each with countless space-time cracks. In an instant, hundreds of three-faced clansmen are torn apart. Killed in place.

Lu Yang, Zhuojiu and the others watched this scene from a distance, and said with a smile, “It seems that the three-faced clan won’t be able to survive this time.”

Malthus flew out of the turbid wine, looked at Lu Yang beside him, and said, “You kid is a brilliant move. Even if the Three-faced Clan wins, they won’t have many clansmen left.”

Lu Yang smiled and said, “I won’t let the three-faced clan win, nor will I let the Void Mother Worm win. This battle can only be won by us.”

Malthus was a little surprised and asked, “What else can you do, you can’t participate in such a war.”

The melee between the two races has reached this point. Once they get close to the edge area, they may be involved in it, and they will never die!

Lu Yang said, “Why should I join the battle head-on? When the three-faced strong people are seriously injured and need to rest, they must return to the city to rest. Can’t I just go to the city and squat?”

In Xue Renyi's video, has a complete map of the Three-faced Clan camp. He can easily enter the camp. After simulating the surrounding environment in advance, every seriously injured Three-faced Clan powerhouse will fall into his illusion.

The Blazing Demon God flew out of Lu Yang's body, looked at Malthus, and said, "This method is good."

"But someone needs to stay to protect the turbid wine and them. Leave it to me here. If there is any danger, I will immediately open the portal of the Void Palace and send them in." Malthus said.

"Please." Lu Yang solemnly handed the Void Shield to Malthus. Although the place he went to was dangerous, it was also dangerous for Zhuojiu and Baishi to stay here.

At the juncture of life and death, who wants to have a bunch of melon-eating people around, driving them out is already the minimum counterattack, maybe it will lead the Void Mother Worm to the turbid wine and them, forcing them to participate in the war.

Zhuojiu and the others are the peak of the monarchy, and they are still a long way from the demigods. Lu Yang doesn't want to see his brother have an accident. Now that Malthus is helping him, he can rest assured. It landed on the ground and quietly sneaked into the city from the rear of the Three-faced Race battlefield!

Chapter 2517: misfortune

In fact.

Lu Yang still underestimated the cruelty of this war. For seven days, for seven days, Lu Yang hid in the temple of the Three-faced Clan camp, not even a quasi-god or demigod who had withdrawn from the war.

The attack method adopted by the Void Zerg is to exchange life for life. This kind of race that does not even want its own life, the hatched Void Scythe worm, although it has the strength of the monarch, but does not have its own thinking ability, only knows and The enemy fights to the death, a monster that bites your throat with sharp teeth even if you cut off his head.

In the face of such an enemy, the three-faced clan also tried their best. Fortunately, there are enough quasi-gods and demigods in the three-faced clan, while the number of demigods from the Void Zerg is limited. Finally, on the morning of the eighth day, this The war gradually came to an end.

At the cost of killing 300,000 people, seriously wounding 500,000 people, and slightly wounding 200,000 people, the Three-faced Clan killed all the Void Scytheworms, eight monarchs were killed seven, three One demigod female worm was killed, and the remaining two were only half-lived.

“Hey~!” The Void Mother Insect was not afraid of death. When all her subordinates died in battle and she was unable to reproduce Scythe, the remaining three female insects began to flee in the direction of Baishan City.

Lu Yang had already left the camp of the Three-faced Clan at this time, and was quietly collecting the corpses of the monarch worm, which was a must-have item for creating a Void Warrior, and he had to take it away.

In the sky, only six of the seventeen elders of the three-faced clan were left at this time. The second elder, Domingo, was severely injured. Only half of the three faces were left, and the two and a half were completely destroyed. In the state of death, the third elder Elvis has exhausted his magic power, lost the strongest face, and can still fight with the support of the family secret medicine.

Gulisto even lost an arm and two faces, and there was a layer of purple-blue void force wrapped around the fracture of the shoulder, so that Gulisto, who was a demigod, could not even use the regeneration ability, which was equivalent to Permanently lost an arm.

The other three elders are also in a similar situation. If they want to hunt down these three void mother bugs, they can't do it, but they don't want to chase them anymore, and they look at Elvis and Gulisto together. The most powerful elder.

“To chase or not to chase?” Elvis asked hesitantly.

Gulisto said excitedly: "You must catch up with them and kill them, or they will come back again."

"But the direction they are going is the direction of the human race and the elves. During the eight days of the battle, the human race and the elves watched the battle for eight days. I think they should also feel our pain." Elvis gritted his teeth. said.

Gulisto looked at Zhuojiu and the others in the distance, with a ferocious expression on his face, and said, "I agree with your proposal, the void mother worm must want to absorb energy and reproduce the mother worm, humans and The elves won't just give up their lives, they will resist desperately, this time we'll just watch and see how they resist."

Elvis said: "Go back to the camp to cultivate first. Humans also have demigods. In our current state, the six elders together can only perish with him."

Gulisto roared angrily, flew back to the camp and began to recover. He knew that what Elvis said was right, but he couldn't accept this fact.

More than a month ago, when they came to the human world, it was just a wave of a hand to pacify the human race. The army of millions of monarchs could not find even a single enemy on this land. Come, but in a blink of an eye, only six of the seventeen elders are left. Among the millions of clansmen, the most powerful are dead. If the human Lu Yang comes to beat them, they can only fight to the death. He felt extremely humiliated.

Elvis and others were also aggrieved in their hearts, but they were relatively mature, and they gathered their clansmen and returned to the camp.

Lu Yang hid below, took away all the bodies of the Void Mother Insect, turned into a stream of light, came to Zhuojiu and others, released the Yanyang cable, and pulled them to Baishan City quickly.

The purpose of the Void Mother Insect is Baishan City. If these two demigods and a monarch-level female insect really come to the sky above Baishan City, or cross here and fly over several human cities, then it will really be a human world. Purgatory.

“Can you perceive the strength of these three Void Mother Insects?” Lu Yang said to the Blazing Demon God.

“The two demigods have only 10% of their strength left, and they can probably make a full blow, and the great formation of Baishan City can resist it.” Blazing Demon God said.

With a smile on Lu Yang’s face, he said, “I’ll see if I can kill one first.”

His body turned into a clone, and he continued to pull the turbid liquor and they flew back. Lu Yang’s body changed into the form of a phoenix, and rushed towards one of the most seriously injured demigod female insects.

“Roar~!”

The demigod-level female worm sensed Lu Yang’s malice, but his originally terrifying body, with thousands of tentacles all over his body that could open space-time fissures, only had less than a hundred of them. interrupted.

Hundreds of tentacles stabbed to meet Lu Yang’s body. Lu Yang had already launched the Great Nirvana Technique, and he was not afraid of these tentacles. His body turned into a huge fireball and slammed into a thick tentacle.

With a loud “Boom”, Lu Yang’s body exploded, one of the tentacles of the Void Mother Worm was shattered, and even the body of the Mother Worm trembled.

The Void Mother Worm thought that his blow had killed Lu Yang. let out a scream in excitement, but before his scream ended, Lu Yang appeared in the sky not far away. middle.

The furious Void Mother Worm once again attacked with his hundreds of tentacles. Lu Yang still did not evade, and bumped into the tentacles, but he sighed in his heart. Fortunately, the strength of this Void Mother Worm was no longer than Wan at his peak. One, otherwise, he really can’t beat it.

Because, he cannot absorb any energy from the attack of the Void Mother Worm. This is a pure void body, and it is the power that makes all annihilation, and his own power belongs to a state of cancellation, especially the space-time fissure released by the tentacles, It will also deprive part of his energy into the space-time channel.

This is equivalent to saying that the Great Nirvana Technique is ineffective against the Void Mother Worm! But the Great Nirvana Technique is Lu Yang's strongest attacking spell at the moment. He can only use this move now, constantly hitting the Void Mother Worm, trying to break all his tentacles before attacking his body.

The Void Mother Worm's IQ is not high, he doesn't understand why Lu Yang is resurrected infinitely, but the mechanical version keeps attacking Lu Yang with tentacles repeatedly, so that hundreds of tentacles are all broken in ten minutes. , leaving only a huge spherical body and a bunch of eyeballs around it.

Chapter 2518: Capture 3 bugs

"Roar~!" The void mother worm has no tentacles, it is like a human without limbs. The only way he can maintain his dignity now is to roar unyieldingly.

A sneer appeared on Lu Yang's face. If this Void Mother Insect fought **** battle with the Three-faced Clan to the end and defeated the Three-faced Clan, only then did he think about replenishing his energy before starting the war. He still believed that the Void Mother Insect had dignity.

But the void mother worm took the initiative to escape from the battlefield. It was based on instinctive fear and chose the road of self-preservation. It is impossible for such a void mother worm to know what is dignity and what is honor. Therefore, he has The idea of taming this demigod Void Mother.

"Surrender, or die~!" Lu Yang launched the Great Nirvana Technique and rammed towards the Void Mother Worm.

The Void Mother Insect has very little magic power left in her body, and all the tricks that can be released are achieved through tentacles. Now that the tentacles are gone, his last bit of magic power can only make him fly in the air. Facing Lu Yang's attack, the Void Mother Insect was frightened and wanted to escape in another way, but his flying speed was faster than Lu Yang.

"boom"

Lu Yang's body slammed into one of the female void's eyes, and it exploded violently, splashing the blue juice from its dozen or so eyes. Obviously, these dozen or so eyes were completely damaged.

"Hey~!" The Void Mother Worm let out a painful whimper, trying to get the help of the two Void Mother Worms that escaped in front of her, but the two Mother Worms didn't want to turn back at all, and just ran for their lives in front of them.

Lu Yang could see the unwillingness of the demigod-rank void mother worm, and he turned into a fireball again, hitting it again and again.

"boom"

"boom"

"boom"

...

After more than 30 bombings in a row, half of the Void Mother Worm's body would be blown to pieces. He couldn't hold it any longer. Facing Lu Yang, who was about to launch the next attack, the Void Mother Worm's remaining eyes were at the same time. Showing a look of prayer.

The Blazing Demon God said to Lu Yang, "He has taken it."

With a move from Lu Yang's right hand, he volleyed to open Bandarsburg, and 108 chaotic demon flame pillars burst into purple-black chain flames at the same time, pulling the first demigod-rank Void Mother Worm into Bandarsburg. Withstand the scorching flames.

He looked back and looked around, making sure that no three-faced clan followed and found everything, Lu Yang turned into a streamer and caught up with the remaining two void female insects. It was stored in the space of Bandarsburg.

"Boss, can you give me these three female worms? I want to expand the team of sisters." Xia Yuwei excitedly said to Lu Yang.

Back then, a lord-rank Void mother worm made Xia Yuwei and his three thousand sisters convert into void warriors. Now there are two demigod ranks and a monarch rank. How much improved Xia Yuwei and the others, even Lu Yang dared not predict.

"Don't worry, these three female worms will definitely be handed over to you, but before giving them to you, I want to do an experiment." Lu Yang raised his eyebrows and said.

"What experiment?" Xia Yuwei asked.

A smile appeared at the corner of Lu Yang's mouth, and he said, "Remember the oath that the Blood God made with me? He said that as long as I provide him with the blood of 30,000 living beings, he will give me a blood spirit ball. These three void mother worms, The number of Void Scytheworms produced is in the millions, and I want to keep them for a while, and after they reproduce, see if the Blood God wants it or not."

Zhuojiu, Bai Shi and others were all happy. When Lu Yang pointed out that the blood **** really needed souls and not blood, the blood **** was already furious. I have to say that Lu Yang's guess was wrong. He only wanted blood, and now Lu Yang Yang Yaozhen sent the blood to the blood god, and they could guess the expression of the blood god.

Zhou Tianming said: "If the blood **** really suffers from this dumb loss and accepts such a deal, the number of blood spirit guards can show an explosive growth."

Malthus said: "It won't grow too much. There is an upper limit on the production of Void Mother Worms, about fifteen times, after which they will be unable to reproduce."

Lu Yang was a little surprised. When he was watching the battle before, these void female insects had given birth five times. Now if there are 10 remaining times, the three together can give birth to 30 million, that is, 3000 can be created. The name Blood Lingwei.

"This number is enough. The single strength of the Blood Spirit Guard is stronger than that of the dragon orcs, and the attack power is even more ferocious. There are 3,000 more, and there are 5,000 dragon orcs of the monarch rank about to take shape, which makes me have Confidence has killed the three-faced clan." Lu Yang said firmly.

The Blazing Demon God said: "As soon as possible, the three-faced clan recovers very quickly. You still have at most half a year to prepare. If it is half a year later, the hundreds of thousands of living three-faced clan will return to their peak combat effectiveness. ."

"Don't worry, it won't take the first half of the year, one month is enough." Lu Yang led the turbid wine and the white lion and flew back to Baishan City. Immediately afterwards, Lu Yang issued a strange order, asking hundreds of thousands of people in Baishan City to fly. Elves, trolls and Hasturs must hunt more than 300,000 prey every day and send them to the mountain behind the temple.

The three thousand warriors who were ready to accept the blood spirit balls, their daily task was to send the 300,000 prey to Bandarsburg and feed them to three void mother worms for food.

"According to my order, produce Void Scythe, the weaker the better." Lu Yang ordered to the three Void Mother Insects.

The three Void Mother Insects are still bound by the Chaos Demon Flame Pillar. Whenever they want to use the absorbed energy to grow tentacles, Lu Yang will ruthlessly burn their tentacles to ashes with Chaos Demon Flame.

The pain brought by the chaotic flames made the screams of the three void mother insects extremely miserable, but Lu Yang did not have any compassion. If Lu Yang's strength was low, when the three void mother insects descended over the human race, the whole Humans have to be swallowed by the three of them.

Humans and Void Zerg are the enemies of life and death. The loser goes to the table, and the winner sits on the chair next to the table. This is such a relationship.

“If you don’t do things according to my orders, I will torture you to death.” Lu Yang transformed a whip made of chaotic demon flames in his hand, and slapped a demigod-rank void mother worm mercilessly. On the body, the hurting opponent didn’t even dare to glare at Lu Yang, so he could only humiliate stop regenerating his arms and start producing Void Scythe.

“Puff la la~!”

Hundreds of thousands of blue-black void worm eggs were born from the body of a void mother worm. Just after landing, the eggshell was broken, and a weak void sickle worm stood up, and they looked as if they were going to fall at any time.

“How could this be?” Kuai asked with a half-life smile.

“If the Void Mother Worm wants to produce healthy sickle worms, it must be in its peak state. Now, the mother worm’s tens of thousands of tentacles have not grown, and it has started to produce. It is not easy for these sickle worms to be alive. .” Malas said.

“Boss, you are really clever.” Kuai said excitedly.

Lu Yang had already set up the summoning ceremony, chanted the incantation aloud, and completed the connection with the time-space channel of the Blood God. He shouted: “The Blood God, I’m here to send you blood, come out and receive it.”

“Woo~~!” The strange wind of another time and space blew out from the passage, and the Blood God didn’t move at all.

Lu Yang then shouted again and said, “God of blood, come out, I’ll bring you blood.”

“Fuck you, don’t lie to me, your side is not the normal world at all, but your inner space, don’t you think I can’t feel it? If you want to kill me, there is no door~!” The blood **** roared from time and space. Passed through the channel.

Zhuojiu, Bai Shi and the others couldn’t help snickering. They guessed that the Blood God would say this. An old monster who has lived for millions of years, if he didn’t even have this sense of ability, would have died a long time ago. times.

Lu Yang glanced at them and motioned them not to laugh too much. He held back his laughter and said to the Blood God: “Brother, I can’t do it without opening the inner space. The monster I caught this time is too strong, I can’t control it. They, going out may kill me, so I can only summon you in the inner space.”

“What monster?” The blood **** was aroused by curiosity and asked: “You are not a demigod, it is impossible to be a quasi-god or a lower god.”

Lu Yang said, “Half-god rank but with quasi-god strength, Void Mother Insect.”

“Void Mother Insect!” The blood god’s excited voice was deformed, and he said: “If you can give me a Void Mother Insect, I will give you 10 Blood Spirit Balls.”

Lu Yang shook his head and said, “Then I’m inappropriate. In this way, I’ll give you 30,000 Void Scythes for 1. You are ready to receive them. I have 1 million now.”

“Bastard.” The blood **** was anxious and scolded: “I want the Void Mother Insect, not the Void Scythe.”

Lu Yang said: "Anyway, what you want is blood, not soul. Isn't it the same for me to give you the Void Scythe, or the strength of the monarch."

"It's not the same, this thing works for me... No, this thing is useful to me, but I need the Void Mother Worm more." Blood God's anxious voice was a bit like a male duck.

Lu Yang is now more convinced that what the Blood God wants is the soul, he said: "Sorry, I can only provide you with the Void Scythe. If you want the Void Mother Insect, you want the soul, not the blood. You can also provide the soul directly to save us both troubles."

Soul-like things can be collected in large quantities with only one soul container, and there is no need to be so troublesome as now.

"I don't want a soul, what I want is blood." The Blood God refused to admit it.

Lu Yang said: "Okay, let's start the exchange, we have sworn to the elemental elves, you must accept my offerings, and prepare the blood spirit balls."

He waved his hand, and the 3,000 soldiers behind him who were ready to change careers began to kill under the leadership of Xiao Liang.

The faint blue blood poured into the space-time channel, and the blood **** of qi shouted, but there was no other way. According to the agreement at the time, Lu Yang would be given a blood spirit ball for every 30,000 living beings.

After the first batch of 3 million sick Void Scythe worms were killed, 300 blood spirit **** were thrown from the space-time channel.

Lu Yang ordered the void mother worm to quickly absorb the nutrients of various prey around, and start the second batch of reproduction.

Batches of Void Scythe worms were killed, and the blood spirit **** were thrown out by the blood god. Lu Yang was staring at his brothers all the time. Once he became a blood spirit guard and was possessed

by an alien demon , he quickly helped kill, and then Zhou Tianming activated his bloodline nightmare power to calm down his subordinates' mentality.

three days later.

Thirty million Void Scytheworms were slaughtered, and the Blood God also gave 3,000 Blood Spirit Balls. Seeing that no more Void Scytheworms were sent in, the Blood God gritted his teeth and asked, "Now you can put the Void Mother Worms in. Give it to me."

Lu Yang laughed and said, "Should we discuss what happened to me before?"

"I, harm, harm you? What?" The Blood God instantly understood that the blood spirit ball he gave was inferior skin, which would only make the user fall into madness, and finally the soul was swallowed by the extraterrestrial demon.

Back then, the blood **** never thought that Lu Yang would become as powerful as he is today. Most of his collaborators used the blood spirit **** himself. Soon the people who cooperated with him died. Lu Yang was the only one who survived until now. He became a demigod-rank powerhouse, so Lu Yang was qualified to come to him to settle accounts.

"Let's talk about it, you were almost killed in the beginning. If this matter is not resolved, the future cooperation between you and me will be suspended." Lu Yang said.

With the addition of 3,000 blood spirit guards, the Jagged Brotherhood has enough self-protection capabilities for the time being. One lord rank blood spirit guard can kill three of the same rank. Lu Yang has sufficient training resources to keep these blood spirits alive. It is not a problem for Lingwei to be promoted to the monarch rank.

At that time, with the help of high-level bloodlines such as Blood Spirit Guards and Dragon Orcs, Lu Yang will be able to defend the Northeast region, and then he will work hard to develop other bloodlines. Basically, he will no longer need to increase Blood Spirit Guards. Therefore, now his relationship with the Blood God has changed. , He used to beg the Blood God, but now the Blood God is begging him.

“At that time, you didn’t ask me if there was a problem with the blood spirit ball. I, I also, you can’t cross the river and demolish the bridge.” The blood **** said excitedly, he still wanted the soul of the Void Mother Worm.

Lu Yang sneered and said, “Tell me what else you can give me, if it’s just the blood spirit ball, I don’t need you anymore.”

“Damn, you dare to threaten me.” Blood God was anxious.

Lu Yang said, “I’m just threatening you. What can you do with me? Make a choice as soon as possible. I don’t have time to chat with you.”

As he spoke, Lu Yang made a move to close the space-time channel, which made the Blood God anxious, and quickly shouted: “Give you this, just treat me as an apology for the previous things, I will no longer owe you anything in the future, but you owe it. I am alone.”

Lu Yang looked at a red book flying out of the space-time passage, he caught it with one hand and opened it, couldn’t help frowning, and asked, “What is this, I don’t know the text on it? You ripped off the opening.”

“This is the production guide for the blood spirit ball. The first one is the manufacturing method, and the latter is the attack spells that the blood spirit guard can learn. As long as you give me the Void Mother Worm, I will tell you what it means.” Blood God said proudly.

Malthus flew out of the turbid liquor and came to Lu Yang’s side. When he saw the words above, he showed a smile, motioned Lu Yang to close the passage, and whispered, “I know the words above.”

Lu Yang gave a thumbs up excitedly and said to the blood god, “Goodbye you, I know the words on it.”

“Om~!”

Lu Yang made a move with his right hand, and the space-time channel gradually narrowed. No matter how the Blood God shouted, Lu Yang ignored it. Knowing that the channel was closed, he smiled and looked at Malthus and said, "Help us interpret it, what does it mean?"

Malthus was already fascinated, and said excitedly: "The waste of the blood god, this is a complete ancient secret book, it is a powerhouse of the upper **** level, used to create a puppet army that only obeys his lower **** level, Your kid has made a lot of money, the manufacturing method of the blood spirit ball in the opening chapter was also mentioned in the second half, and the method for the blood spirit guard to advance to the rank is all there."

Lu Yang clenched his fist in excitement. If the Blood Spirit Guard can be promoted, it will definitely be a big help for him, and he will be more sure to eliminate the Three-faced Clan.

Chapter 2520: Zhou Tianming promoted to demigod

Blood Sutra, the exercises created by the ancient gods and blood emperors in different worlds for the bravest warriors of his subordinates, is divided into six chapters. The first chapter is the creation method of the Blood Spirit Guard, and the second chapter is the first fighting method, Blood Roar. , using his own supreme resentment and blood as a medium to trigger the target's hatred for him.

Every blood spirit guard was created with the blood of 30,000 living beings, and the hatred accumulated in the blood of 30,000 living beings who died in vain is unimaginable, which is why the blood spirit guards always attract extraterrestrial demons.

The third article is the curse of blood. The blood spirit guards can release a large amount of blood mist, causing the surrounding area of several kilometers to fall into the red mist. This is their innate ability, and it is still based on the blood spirit ball in the body. It is released, but the blood donation curse is an attack spell released on the enemy in the blood mist. The blood with the curse will continuously sway the blood energy in the enemy's body. The strong people below the lord rank are almost incapable of facing such a curse. Those with the ability to resist will explode and die in an instant. Those above the

lord rank rely on the magic power in the body to suppress, which will cause great consumption. Once the body is damaged, even a small wound will cause blood to spurt and accelerate death. .

The fourth chapter is the advanced version of Blood Mist Beheading. After the Blood Spirit Guard releases the blood mist, the surrounding blood mist can be turned into sharp blades to attack the enemy. This advanced version can use death on the battlefield. The blood of the creatures, on the one hand, kills the enemy, and on the other hand replenishes his own life. It can be said that this move makes the blood spirit guard invincible in single and group battles below the monarch rank, and even the more enemies, the stronger his strength!

The fifth chapter is Blood Spirit Annihilation, which is the strongest attacking move of the Blood Spirit Guard. If more than half of the blood in the target's body is mobilized by the grievances of the Blood Spirit Guard, the Blood Spirit Guard can detonate the blood, or Use these blood to attack other blood in the target's body, which has the effect of annihilation and hedge, causing the target's blood to explode and die!

The sixth chapter is the blood emperor's summary of this article, which details the helplessness of the blood emperor for the creation of the blood spirit ball, because the blood spirit guards fight against the grievances of the killed beings, and this time is the core!

A strong man is riddled with curses and resentments, and he will fall into madness if he is not careful, and if he cannot control his heart in the case of madness, it will attract extraterritorial demons.

These negative emotions themselves are the favorites of the extraterrestrial demons, and the strong are also the favorites of the extraterritorial demons. The combination of the two makes any blood spirit guard unable to survive for too long. For this, the Blood Emperor has given some improvements. The only way is that the Blood Emperor also admits that the things he can improve are limited, at most it is delayed for some time.

It just so happened that these improved methods were written in this sixth chapter, so Lu Yang now has the most complete manufacturing method for the Blood Spirit Guard, and he will no longer have to ask for the Blood God in the future.

Lu Yang put away the Blood Sutra, and said with some emotion: "This Blood Emperor doesn't seem to have much experience. If he can know about the Nightmare Clan, he doesn't have to worry about the issue of the Blood Spirit Guard being attacked by an extraterritorial demon. "

Malthus and the Blazing Demon God are a little proud. This is where the ancient gods are inferior to them. Compared with the early days of the formation of the other world, the ancient gods were still in the period of ignorance. They met each other, and most of them ended in war. .

It was not until the appearance of the first generation of god-king kings and the rule of six generations of god-kings that the other world formed a relatively stable situation. Various races traded and exchanged information with each other, and learned about the situation of races farther away.

A Holy Spirit like Malthus travels between the tombs of the ancient gods and kings, searching for ancient knowledge and words, and many things can be passed down.

“You have to advance the battle process, don’t blame me for not reminding you, when a race declines, the surrounding races will come to the door, or force the weakened race to surrender to worship, or directly exterminate the race, this time of the Void Zerg. Invasion, the three-faced clan should have begged other races around, I suspect that the three-faced clan will be blackmailed by other gods.” Malthus left a sentence and flew back to the body of the turbid wine.

“Make good use of the Void Temple, you still have a long way to go.” Blazing Demon God also left.

Lu Yang was a little speechless. Before he could praise these two great gods, they were already arrogant. Sure enough, the older people are, the more childish they are.

He shook his head and looked at Zhou Tianming beside him, and said, “Cultivate with Xue Lingwei. You have to hurry up and cultivate. It’s up to you whether you can break through the three-faced clan’s guarding formation.”

“Look at me, I have a feeling that it’s only been a few days since I became a demigod.” Zhou Tianming said.

With the complete original soul of the Nightmare God Du Lei, and the cultivation family that Du Lei has accumulated for tens of thousands of years, Zhou Tianming completely absorbed Du Lei’s Nightmare bloodline, and his strength has gradually broken through from the peak of the monarch rank to the quasi-god rank. Now that opportunity is at hand.

Especially after listening to Malthus read the Blood Sutra created by the Blood Emperor, the ancient aura and words were superimposed together, making Zhou Tianming's soul move!

Lu Yang immediately opened the portal of the Void Hall, sent it in, and said, "All materials are at your disposal, and everything is premised on your promotion."

"Well." Zhou Tianming clasped his fists at Lu Yang and the others, and sat cross-legged on the ground into a state of epiphany.

Lu Yang, Zhuojiu and the others stood by to prevent him from any accident, because Zhou Tianming used the body of an extraterrestrial demon, and an extraterritorial demon could not be killed. They were formed because the worlds passed on to them of negative emotions.

There seems to be nothing in the void area, but it is a gathering place for negative emotions, and the same is true in the void hall.

Zhou Tianming practiced in this area for less than half a day, and he flew outside the Void Hall. Although countless Void turbulence pierced through his body, the severe pain did not make him shout, because the surrounding The negative emotions poured into his body frantically, constantly repairing his traumatized body.

Just like Lu Yang back then, only Lu Yang is a flame body, Zhou Tianming is a collection of negative emotions, but Zhou Tianming's soul is a human soul.

The most sincere side of the human heart is destroyed by all the negative emotions such as tyranny, greed, and cunning. That kind of mental pain makes Zhou Tianming keep rolling in the void, but Zhou Tianming is still insisting crazily.

Lu Yang watched this scene, his eyes became moist. Zhou Tianming could have chosen an easier path to promotion, but in order to protect all the blood spirit guards, he resolutely traded his own pain for their normality. .

Lu Yang couldn't watch his brother suffer like this, he walked through the void, came to Zhou Tianming's side, and said, "Brother, hold on."

"Ah~!" Zhou Tianming had already lost consciousness. In a fit of rage, he pierced Lu Yang's body with a palm. This was not the body transformed by the Great Nirvana Technique, but Lu Yang's human body.

Yin Hong's blood spurted out of Lu Yang's body and landed on Zhou Tianming's body. In an instant, Zhou Tianming's eyes showed a greedy look, which was the expression unique to the extraterrestrial demons. Everyone was stunned for a moment. An extraterritorial demon has passed through the void to possess the body, but in the next second, Zhou Tianming's human expression appeared.

"Bastard~! I'll kill you." Zhou Tianming was awakened by the divine blood mixed with Lu Yang and the Blazing Demon God.

"Just because you want to kill me? The endless negative energy is providing me with nutrients, how long can you support it? Join me, let's destroy the world together." The voice of the extraterrestrial demon is very magical.

"Do you want to destroy the world just with your strength?" Zhou Tianming sneered, unmoved and continued to fight with the extraterrestrial demons.

Lu Yang did not retreat, and let the divine blood in his body pour into Zhou Tianming's body. With the divine blood of the Blazing Demon God, Zhou Tianming gradually gained the upper hand in the battle with the extraterrestrial demon, and finally killed the extraterritorial demon with one punch.

The soul of the second extraterrestrial demon was absorbed by Zhou Tianming, and with the death of the extraterritorial demon, endless negative thoughts turned into source energy, all pouring into Zhou Tianming's soul.

"Boom~!"

The soul storm erupted in the void, and the black and purple rays of light made Zhuojiu, Bai Shi and others unable to open their eyes. I don't know how long it took, the rays of light dissipated, and Zhou Tianming stood naked in the void, his whole body emitting With terrifying energy fluctuations.
