

Chapter 2589: negotiation

Huo Niu and Blazing Flame Demon God were sitting around the anvil looking at the black, red and gold egg-shaped Divine Phoenix Golden Spirit above, with a solemn look on their faces.

Lu Yang leaned over and asked, "This thing has life, can I still forge it into a weapon?"

Before, the Blazing Demon God taught Lu Yang some knowledge about artifacts. Artifacts are divided into three types. One is natural artifacts, which are special treasures that exist in the world itself. The second is the corpses of god-level creatures, such as Chaos Beasts. There is a god-king order in the middle, and after death, the bones, bones and teeth can be made into divine weapons of the god-king level.

The third type is the divine artifact bred from heaven and earth, which means that it was formed by taking away the essence of this world. This is the case with the Divine Phoenix Gold Essence. It is a rare ore in the soil of another world, but it has divine nature and can be absorbed. The surrounding essence gradually becomes stronger, but in the process of absorbing it, it is possible to give birth to spiritual consciousness.

Once spiritual consciousness is formed, one will not be willing to recognize the Lord, and some spiritual consciousness will be very tyrannical after absorbing negative emotions.

This piece of Divine Phoenix Gold Essence formed consciousness in the Temple of Doom, that is to say, this thing may have absorbed the negative emotions of the first prince of the previous generation of flame **** kings when he died. If it has some consciousness of the prince, Maybe this weapon will kill the Lord in the end.

The Blazing Demon God was also worried about this matter, stared at the Divine Phoenix Golden Spirit and said: "Come out, there is no need to hide anymore, I am the Fire God King, no matter how hidden your consciousness is, you cannot escape my detection. Measurement."

"Haha, just like you returning to the Fire God King, you are as weak as a dog." A mocking voice came from the Divine Phoenix Golden Spirit.

"I..." The Blazing Demon God rolled his eyes and scolded: "You are really the eldest prince of the previous generation of God Kings, you are still laughing at me, aren't you trapped in this egg?"

The Blazing Demon God generally does not scold people, nor does he generate anger. Of course, this is when the Blazing Demon God is facing a creature of a lower level than him. If it is equal, such as the Void God King and the one in front of him The eldest prince of the previous generation of God King, he is not so polite, after all, the two sides are of equal strength.

"Neigh~!"

A phoenix roar burst out from the Divine Phoenix Golden Spirit, followed by a mass of flames that flew out, turning into a phoenix in the air, he stared at the Blazing Flame God and said, "If you don't agree to fight, I'll kill you. ."

Lu Yang: "..."

Blazing Demon God: "..."

Fire Bull: "..."

The Blazing Demon God said speechlessly: "I have long heard that the eldest prince of the previous generation of the Fire God had a tyrannical temperament, but I didn't expect it to be like this. What did I fight with you, as if you had beaten me."

"What do you want to do if you don't fight?" The flame phoenix approached the Blazing Flame God, with a strong attitude.

Lu Yang quickly stopped the Blazing Demon God, looked at the flame phoenix and said, "You want to fight us multiple times. Do you want revenge? I have a way to make you happy."

"What way?" Flame Phoenix asked with a frown.

Lu Yang said, "Forge you into a hammer, and then I'll take you to hammer your enemy. Whoever you want to kill, I will kill for you."

"Che, you still want to turn me into a weapon. If you are not afraid of me killing the Lord, you can just forge it." Flame Phoenix's face was filled with a sneer.

Lu Yang shook his head and said, "I didn't turn you into a weapon, but to help you fulfill your wish. Think about it, even if you were reborn in the Divine Phoenix Golden Spirit, with your own abilities, you couldn't be short-lived. Cultivating to the rank of God King within time, it is better for you to follow me, you and I cultivate together, I will promote you to the rank, and I will give you freedom when you reach the rank of God King in the future."

"Just because you are a quasi-god?" The flame phoenix's tone was even more mocking.

The Blazing Demon God sneered and said: "The times are different, he is a quasi-god, I am afraid that the lower gods of your era can't beat him, if he can cultivate to the god-king rank normally, even if your father comes in person, it is impossible to beat him. passed him."

"How is that possible?" Flame Phoenix was even more disbelieving.

The Blazing Demon God looked at Lu Yang and said, "Show him your strength."

Lu Yang nodded, the magic in his body surged wildly, the next second, the four-armed dharma appeared on his body, and then, the second head gradually formed, and a white light appeared in his eyes, and he activated the moonlight seven form and directly entered the third form.

Under the superposition of the four-armed dharma and the moonlight seven forms, Lu Yang's strength has reached the peak of the lower god, and an explosive seed appeared in Lu Yang's hand, and the energy contained in it turned out to be the initial level of the median god.

The original disdainful look of the flame phoenix gradually turned into shock, and he frowned and said, "How can you learn the secret techniques of the flame and dark moon systems at the same time, this is impossible."

Blazing Demon God said: "It is indeed impossible for creatures in our world, but he is not from our world, but a creature in another world called Earth. Their race has never been subjected to flame stars, dark moon stars, polar stars. The shining of the cold star and the holy light star, so they can learn all four elements, and even other collateral elements such as the thunder element and the earth element can also learn."

"How could this be, the prophecy turned out to be true?" Flame Phoenix stared at the Blazing Demon God with an incredible expression and said, "Do you think he is the son of that prophecy?"

Blazing Demon God said: "I don't know, but from the current situation, he is most in line with the content of the prophecy, and he is not alone, but with a legion of 400,000 monarch-level powerhouses. Some human beings can learn the seven forms of the moon night, and they can also learn the golden body of the holy flame, and now he only lacks a chance to lead an army of 400,000 troops to come to this different world, I am willing to follow him, what do you think?"

The flame phoenix turned to look at Lu Yang and said, "Okay, I can choose to follow you temporarily, but I have conditions."

"What conditions?" Lu Yang asked.

The flame phoenix said: "When I want to leave, you must let me leave at any time, and you must not stop me."

Lu Yang said, "Yes."

The flame phoenix continued: "The second condition is your own choice. I am not a complete soul, but the remnant soul of the eldest prince. Moreover, this Divine Phoenix Golden Spirit has absorbed a lot of my negative emotions. UU Reading www.uukanshu.com causes my consciousness to be sober sometimes and sometimes violent. Once I become a violent state, your emotions will also be affected. He ended up being a lunatic."

Lu Yang looked at the Blazing Demon God, who nodded and said, "There is indeed this problem, the black in the Divine Phoenix Golden Spirit is that negative emotion, only the Divine King Rank can refine it, I believe you will not be defeated by the negative emotions of the eldest prince before reaching the god-king rank."

Flame Phoenix sneered and said, "Don't be so absolute, I can't even control my negative emotions."

The Blazing Demon God smiled and said: "You will feel the difference between the human race and our other world race. What they are best at is controlling their emotions. As you can imagine, when he is first-order, he can Can you resist the phantom attack of the monarch rank? Now he is a quasi-god rank, and the soul spells of the median **** are ineffective against him."

The flame phoenix was shocked and said: "You have found an interesting race, well, let me see your strength."

"Thank you." Lu Yang said gratefully.

The Blazing Demon God took the forging hammer from Huo Niu's hand and said, "You are the eldest son of the previous generation of God Kings. To show respect, I will come to forge in person, which will not weaken your prestige!"

The flame phoenix nodded and accepted the proposal.

The Blazing Demon God activated his teleportation ability, and flew into Bandarsburg with Lu Yang's consciousness, Divine Phoenix Golden Essence body, and Fire Bull's consciousness, and transferred everything in the castle to the Demon Temple. Yang He Huo Niu said: "Today, I will use Bandarsburg to forge this piece of Divine Phoenix Gold Essence, and I am optimistic about my forging method."

Lu Yang and Huo Niu nodded, and the two began to study seriously.
