Chapter 551: Title at the End of the Chapter

The ground was still trembling vigorously.

The destructive impact caused by the comet was so tremendous that even the nearby regions were somehow affected.

As for the Central Region, Celestial City was turned into a land of desolation, while tens of cities around it also received major damage.

Millions of civilians died and even some experts perished.

"L-Look above!" Someone shouted in distress.

Everyone lifted their heads and saw millions of large burning fragments descending from the skies. It was a rain of lava!

"We're done for! Run!"

"Flee!"

"Why did I even stay here to spectate the battle?!"

Everyone cried in anguish as they escaped at their fastest speed. However, the rain of lava had already spread in the entirety of the Central Region!

Just as everyone thought that they would burn to death, an invisible force suddenly prevented the rain of lava from burning the Central Region.

The blazing fragments stopped in midair as if someone had paused time. Everyone's mouth turned agape at the shocking sight and they had even forgotten to flee.

A figure dressed in white robes appeared above the clouds, looking down at them. He had an expressionless face as he said with an indifferent tone. "Leave while you still can."

His voice wasn't loud, but strangely, everyone heard his words clearly.

After saying those words, his figure disappeared from their sight.

"Who was that?"

"Perhaps he is the man fighting against Celestial Emperor Lao Gou. I think his name is Jiu Shen..."

"Celestial Emperor Jiu Shen..."

They etched the name in their hearts as they left the Central Region.

Jiu Shen stared at the bedraggled Lao Gou who could barely stand on his feet. He even had to lean on his guandao to prevent himself from falling.

The imposing black tower was still standing behind him, but the rusty chains that wrapped around the tower had obviously lessened. Less than half was left after forcefully blocking the huge comet.

Covered in cuts and burn wounds, Lao Gou glared hatefully at Jiu Shen.

The man recklessly used a ridiculous spell that destroyed a huge part of the Central Region. Lao Gou was certain that millions must have died from the impact alone. He thought that he was cruel, but Jiu Shen was even crazier than him!

Through his blood-stained eyes, he peeked at Jiu Shen's face and saw no remorse from the man. As if the act of killing millions was just a simple thing.

Cough! Cough!

'This crazy bastard! I never thought that he would not even hesitate to release such a powerful spell in a highly populated region!' Lao Gou spat several mouthfuls of blood.

His spiritual power was almost emptied and the true essence in his dantian was in a mess.

If not for the God Sealing Tower taking the brunt of the attack, he would have ended up half-dead.

Lao Gou noticed that Jiu Shen was moving in his direction and this made him unconsciously take a step back. It was then that he realized the true extent of Jiu Shen's power! It was immeasurable!

He unconsciously held the handle of his guandao with a tight grip. Every step that Jiu Shen took made his heart almost leap out of his chest. The feeling was foreign to him. It

was the first time he showed this kind of reaction to someone. 'What is this?' He muttered to himself.

'Is this fear?' His pupils dilated upon reaching this conclusion. He couldn't even bring himself to deny this.

"Lao Gou, to tell you the truth, this sword technique of mine has seven sword dances and a special sword dance, but it seems like you can only take one final sword dance. It's a pity that I can't test the remaining sword dances..." A regretful voice drifted in Lao Gou's ears.

"S-Seven sword dances? There's even a final sword dance?" Lao Gou thought that his hearing had gone wrong when he heard Jiu Shen's words.

So the terrifying comet earlier was the final movement?

Lao Gou suddenly let out a dry laugh. 'To think that I ended up becoming bitter enemies with such a crazy lunatic... Well, this isn't so bad. As a man recognized by that personage, I don't mind dying in his hands...'

Jiu Shen paused his steps when he saw the sudden change in Lao Gou's expression. He was familiar with that look.

It was the face of someone that has given up on his life.

Seeing this, Jiu Shen became enraged. He tapped his foot and lunged toward Lao Gou as he raised his fist.

PAK!

Lao Gou's face was deformed after receiving the punch. He even realized that he had lost control of his lower jaw.

He didn't notice that his guandao had already slipped out of his hand.

Like a broken ragdoll, he crashed to the ground. He felt his vision slowly weaken. The scene in front of him was partially covered by his blood. 'So this is how it looks like to watch the sky as a defeated foe...' He thought to himself mockingly.

Then, he saw the expressionless Jiu Shen looking down at him.

A rain of heavy punches followed.

Pah! Pah! Pah!

Lao Gou could no longer feel the weight of the punches. His brain failed to register the pain.

'Is this death?'

Jiu Shen mercilessly punched the face of Lao Gou. "You old bastard! Why are you not resisting?! Do you think I wouldn't kill you?!"

Jiu Shen didn't stop punching the face of his enemy. His white robes and peerless visage were slowly covered in blood.

Pah! Pah! Pah!

An hour later...

Jiu Shen stared at the headless corpse of Lao Gou. Not even a skull remained.

A huge puddle of blood, mangled pieces of flesh, and broken bones... It was all that remained of his head.

He is finally dead...

'I couldn't stop myself and ended up killing him right away...' Jiu Shen sat in front of the corpse with an empty expression.

Chapter 550: Lao Gou's Death

Chapter 552: Heavenly Sword Region

Jiu Shen planned to thoroughly torture Lao Gou, but when he recalled the old bastard's vacant look earlier, he became incensed and ended up punching Lao Gou to death.

He glanced at the headless corpse covered in blood and placed it inside his space earring. "I'll let Theia handle what remained of you..." He muttered as he stood up.

He looked around and saw that the black tower was still standing tall. He kept the tower inside his space earring and moved towards the fallen guandao. It was a Celestial-rank weapon, but only a few among his subordinates use the spear. "I'll give this to that brat Can Ye and let him handle it. This would be a nice thing to display in the sword tower's treasury."

"Now, how do I make things right?" Jiu Shen stared at the broken ruins all over him. This demolished land was what remained of the bustling capital of the Central Region.

Jiu Shen thought that he was unfeeling and indifferent about the lives of others, but a wave of guilt overwhelmed him when he saw millions of corpses scattered throughout the Central Region.

They were killed because of him.

Jiu Shen closed his eyes and with an earnest voice, he said. "I'm sorry..."

No one answered him.

He slowly hovered in midair and announced in a loud resonating voice. "In honor of those who died, I will make this land a utopia! A place free from torment and war! I rename this region, the Heavenly Sword Region!"

The crowd all over the (Central Region now called Heavenly Sword Region) prostrated when they heard Jiu Shen's words. His voice was filled with charm that no one voiced out any words of complaint.

"We greet the Celestial Emperor!"

"We greet the Celestial Emperor!"

A new Celestial Emperor was born...

In the Desert Region, the battle between the Celestial Paragon Tower and the Heavenly Sword Tower's allied forces was still not over.

The Celestial Paragon Tower had fewer soldiers left and they were slowly being pushed back.

Sect Master Telu and Vice Sect Master Valir were doing their best to fight the top experts of the opposing force, but one person disrupted the rhythm of the battle.

It was a beautiful young lady with blonde hair that reached her shoulders. She had a pair of ocean blue eyes that emitted a terrifying wave of killing intent. Her every sword strike took the lives of countless soldiers. She was like the reincarnation of a war goddess!

"Is she the person that father wants us to capture?" Telu asked through gritted teeth.

Valir nodded his head with a helpless smile. "That's right. Celestial Emperor Lao Gou wants us to capture her alive and not to harm her in any way."

Hearing that, Telu almost cursed his father but held himself back. "This young lady is so ferocious and her every attack is aimed at our vital spots. If we hold back our power, we might end up dying in her hands. Old man, I think we should abandon father's order and kill this young lady!"

Valir was stunned upon hearing the Sect Master's words. It looks like he had finally realized the absurdity of his father's commands. "Sect Master, you mean..."

Telu had a dark look as he shook his head. "We can't defeat them..."

Valir nodded his head and grabbed Telu's shoulder with one hand. "Sect Master, bring half of the army and leave this place. I will hold them back and create an opportunity for you to escape!"

Telu's eyes widened at his words. He looked at the old man as if he was insane and said. "What the hell are you talking about, old man?! If we die then we die together! Are you treating me like a child?!"

Valir shook his head and pushed him away with a cold look. "Telu, we don't have time to dillydally, so shut the fuck up and leave this place!"

Telu's body shook when he saw the resolute face of the old man. He gritted his teeth and stared at Valir for the last time before he turned around and left.

Looking at his escaping figure, Valir let out a relieved smile.

However, a shadow suddenly appeared behind Telu and swiftly decapitated his head.

A ravishing beauty wearing dark armor that was covered in blood was looking coldly at the headless corpse of Telu.

"Sect Master!!" Valir's face fell upon witnessing the abrupt death of Telu.

"Die, bitch!" He lifted his weapon and struck the cold-faced woman.

Theia calmly deflected the maddened attacks of the old man. He was violently swinging his weapon, leaving many openings in his stance.

With a wave of her sword, Theia executed a beautiful sword movement akin to a goddess dancing in the field of flowers.

Puchi!

Valir dropped his weapon and held his neck with a blank look. He lowered his gaze and opened his palms.

It was covered in blood.

With feeble footsteps, he walked towards the corpse of Telu. The man's decapitated head was lying beside his corpse.

Theia watched the scene with a cold look and didn't stop the old man.

Valir opened his mouth, but he could only release croaking sounds.

The wound in his neck was deep and it affected his speech.

He kneeled and grabbed the head of Telu to his arms.

'My child...'

Because Celestial Emperor Lao Gou rarely showed himself, Valir was the one who raised Telu the moment he was born.

He treated the child of the Celestial Emperor like his own...

Slowly, the eyes of Valir lost their radiance. He died while holding the head of Telu...

Theia let out a sigh and turned around. The battle wasn't over yet despite the death of the leaders. The soldiers of the Celestial Paragon Tower showed no signs of surrendering even after seeing the death of their Sect Master and Vice Sect Master. In fact, their deaths only served as fuel that strengthened the battle will of these men.

Chapter 553: The Comet That Stunned Everyone

Soon, the army of the Celestial Paragon Tower collapsed under the combined might of the Heavenly Sword Tower, Heavenly Melody Pavilion, and the Armored Wyvern Army.

The whole Desert Region became quiet as they witnessed the thrilling battle. However, they were also worried that Celestial Emperor Lao Gou might direct his hatred on them for merely spectating the battle, but if they also joined the conflict, Celestial Emperor Jian Wang might kill them on the spot.

They were in a conundrum as to how they should respond to this.

In the end, they did nothing and just watched the fight between the two sides. This was the safest option for them, so the two Celestial Emperors should understand them, right?

Meanwhile, the last soldier of the Celestial Paragon Tower finally fell. The cheers of the Heavenly Sword Tower and the other two forces were heard throughout the Desert Region.

"Victory!"

"We won!"

The corpses of the Celestial Paragon Tower's soldiers were all over the place. The sight made everyone tremble and they were unsure what this event would cause in the coming days.

Everyone could already smell the scent of war...

They just fought with the Infernals, but another war was underway. It made their insides contort aggressively.

"Vice Sect Master Theia, we won!" For some strange reason, Ice, who was in her human form spoke with honorifics. It was rare for her to speak in a formal manner since she usually chat with everyone in an informal tone.

Theia's cold gaze softened as she patted her head. It was a gesture that she had learned from Jiu Shen and she now enjoyed doing it. Of course, only the little girl, Ice received this kind of treatment.

Ice didn't reject her touch. She smiled widely as she stared at Theia's gentle face.

Not long later, Ai Chen and Ri Kushou who were both covered in blood appeared in front of Theia.

They smiled at her as they greeted her warmly with a nod.

Theia's face turned cold once again when she directed her gaze at them, but despite the lack of emotion on her face, the two weren't the least bit bothered.

"Thank you for helping our Heavenly Sword Tower. From this moment on, we will consider you guys as our friends." Theia said in a calm voice.

Ai Chen immediately shook her head upon hearing this. "I am merely repaying the favor shown by your people and Wine Master Jiu Shen." She replied with a smile.

Ri Kushou nodded his head in agreement. "Indeed. If not for the help of the Heavenly Sword Tower, many of my brothers would have died under the hands of those Infernals."

Theia nodded her head at their words. She wouldn't forget their help.

She will report this to Jiu Shen.

"Oh, by the way. I haven't seen Wine Master Jiu Shen after he killed the High Chieftain of the Infernals. Do you perhaps know where he is, Miss Theia?" Ri Kushou asked the valiant woman in front of him. Her strength came as a shock to him especially after having witnessed it with his own eyes.

Miss Theia killed the Sect Master and the Vice Sect Master of the Celestial Paragon Tower all by herself! Just this feat alone was enough to make her famous in the entire Primordial God Realm! Not to mention that even the upper echelons of the Heavenly Sword Tower also displayed remarkable combat prowess.

The rise of this new major power was bound to happen. Ri Kushou was certain of this.

The Sect Master of this sect was even more monstrous.

He killed a Celestial God Realm Infernal in a one-on-one matchup! That means that he had already become a Celestial!

This was also the reason why he decided to help the Heavenly Sword Tower despite the enemy being the Celestial Paragon Tower. He was betting on the man named Jiu Shen!

Suddenly, everyone sensed an overwhelming energy in the direction of the Central Region. They unconsciously turned their heads and saw a shocking sight that almost made them jump in dread.

A huge comet.

It was so large that it must be enough to engulf ten cities with just its size alone. They wondered who could summon such a formidable spell.

"Is that thing summoned by Celestial Emperor Lao Gou?"

"Perhaps... Only someone at his level could release such a fearsome power! But I'm more curious about the person who made him launch that kind of monstrous comet..."

Suddenly, a figure appeared in front of them.

He was a middle-aged man with a sword strapped behind his back.

The abrupt appearance of the middle-aged man stunned everyone.

"Greetings, Sword God Jian Wang!" They all greeted respectfully.

However, Jian Wang merely waved his hand and continued looking at the distant comet. His eyebrows knitted into a frown as he muttered. "Lao Gou doesn't have the ability to summon such destructive power. Maybe it's him..."

Jian Wang recalled the image of Jiu Shen's broad back.

"Who are you talking about, Brother Jian?" Only one person could speak like this to the Sword God. One of the last Phoenixes, Furion.

Everyone was also curious. Other than Celestial Emperor Lao Gou, who else could have that kind of power in the Central Region? The only person they could think of was Asmodeus, but the man was severely injured and was still nursing his wounds according to the rumors they heard. So other than Asmodeus and Lao Gou, who could it be?

Jian Wang was silent for a moment, but no one dared to complain. Luckily, he spoke after a little while.

"A new Celestial. A Celestial whose power surpasses even mine. I couldn't even fathom the depths of his power." There was a tinge of surprise in his voice as he muttered these words.

"What?! A new Celestial?!"

"Wait... It seems like we've forgotten something..."

"Wine Master Jiu Shen killed a Celestial, right? He's also not here. Could it be that..."

Everyone became silent...

Chapter 554: Marbas

"That's right. I think the one who summoned that comet is Jiu Shen." Jian Wang was certain of this. He had seen the extent of Lao Gou's power and the man wasn't strong enough to release a technique at this level. The only person he could think of was Jiu Shen.

The crowd was taken aback by this revelation.

"I recall a certain individual that goes by the name Jiu Shen millions of years ago. He was a man of remarkable talent with exquisite skill in swordsmanship. At that time, the public believed that he was the fourth strongest in the Primordial God Realm. That means his power was only beneath the three Celestial Emperors." An old man dressed

in worn-out battle armor suddenly spoke. His words made everyone collectively turn their gazes at him.

"Now that you mentioned it... There was indeed someone with that name, but I heard that he was killed by Celestial Emperor Lao Gou. Unfortunately, I forgot the reason why the Celestial Emperor killed him back then." Another old expert added.

The younger experts were confused by their words. They weren't born yet when that person was alive, so they had no idea what the old experts were talking about.

Unbeknownst to them, there was a person who revealed a trace of fury when they discussed this.

Jian Wang sensed this immediately and he sent Theia a perplexed look. 'Why is this girl suddenly emitting killing intent? Wait... Could it be... No way!'

A moment of realization flashed in Jian Wang's eyes as he stared at Theia's beautiful face. A goddess-like figure overlapped the image of Theia and this made him click his tongue.

"If everyone is so curious about it. How about we go and visit the Central Region?" Jian Wang voiced a suggestion.

Four of the six great armies revealed looks of hesitation upon hearing this.

They didn't do anything when the Celestial Paragon Tower was killed during the confrontation earlier, so they felt a bit nervous about going back to the Central Region. After all, that was the territory of Celestial Emperor Lao Gou!

Meanwhile, Ai Chen, Ri Kushou, and the members of the Heavenly Sword Tower agreed with Jian Wang's suggestion.

Jian Wang saw the worry in the eyes of the four major powers. He grinned as he assured them. "Don't worry. I won't let Lao Gou do anything to you guys."

Hearing this, the four major powers heaved a sigh of relief and nodded their heads gratefully.

"In that case, we shall follow Sword God Jian Wang's arrangements."

Jian Wang chuckled upon hearing their words.

"Wait!"

Everyone turned their gazes and saw a man with long golden hair and three pairs of wings.

Seeing him, they immediately cupped their fists respectfully as they greeted him.
"Greetings, Celestial Emperor Asmodeus!"

This man was Asmodeus. The strongest Array Formation Maker in existence!

Asmodeus' face was still pale. It seemed that he has yet to fully recover.

"I'll go with you guys." He said as he stared at Jian Wang.

"Alright, but you shouldn't overdo yourself." Jian Wang patted the man's shoulder. He then turned his gaze at everyone and said. "Let's go!"

Millions of experts departed the Desert Region under the lead of Jian Wang.

Jiu Shen glanced at the prostrating crowd. He ended up harming many innocent lives to achieve his goal. In order to correct his mistakes, he decided to reconstruct the entire region and make it his territory.

Anyway, he could just transfer the building of the Heavenly Sword Tower and the dragon building with the help of Asmodeus' Array Formations.

Just as he was thinking about his next plan, someone caught his attention.

It was an old man whose beard has reached his knees. He looked feeble with his thin arms and twig-like legs. However, the murky eyes of the old man revealed a trace of brilliance and wisdom.

"Celestial Emperor, we await your commands!" The old man raised his head and gazed at the figure hovering in midair like a deity.

The old man's strength wasn't weak either. He was a peak stage Heavenly God Realm, but his clothes seemed shabby compared to what the others wore.

'He should be an itinerant cultivator.' Jiu Shen thought as he slowly descended to the ground.

He stood before the old man and muttered. "What's your name?"

The old man didn't dare raise his head upon coming into close contact with Jiu Shen. He could sense the holy aura emitted by the young man that almost made him believe that he was speaking to a god.

"T-This one's name is Marbas. An itinerant cultivator of the Central Region." Marbas didn't notice that his voice was quivering.

"Marbas, is it?"

Marbas nodded his head meekly.

"Marbas, lead everyone here and search for more survivors. Also, I need you to find a trustable construction firm by the end of this day and bring them to me." Jiu Shen planned to repair the destruction he caused in the region. Since this place would be his territory, this was a necessary expenditure. Money is not a problem for him since he already has Lao Gou's wealth.

Marbas' eyes flashed with a shrewd light upon hearing Jiu Shen's words. He bowed his head and replied. "As you command!"

He decided to step up for this kind of opportunity and he didn't want to miss it. This was a chance to serve a Celestial! A Celestial that was so strong that he ended up destroying a large portion of the Central Region (now called Heavenly Sword Region).

Jiu Shen dismissed Marbas and decided to go back to the Southern Region to meet Elena. He wanted to know why she chose to hide from the spotlight despite being a Celestial.

However, he suddenly noticed a huge fleet of floating ships moving in his direction. He furrowed his eyebrows and used his spiritual perception to observe the group.

"Ho... Have they finished off the army of the Celestial Paragon Tower?" Jiu Shen grinned when he saw the members of the Heavenly Sword Tower among the people riding the flying ships.

Chapter 555: The Allied Army Offers Their Assistance

Jiu Shen felt everyone's stare boring down on him, but his face remained calm as he grabbed Lao Gou's guandao from his space earring. "This the weapon that Lao Gou used to fight me."

The crowd stared at the guandao with fascination. The weapon in itself looked mighty and imposing. There were also high-level inscriptions inscribed on the blade of the guandao.

"That is a Celestial-rank weapon..." Jian Wang muttered as he closely observed the golden guandao.

Asmodeus nodded his head and pointed at the inscriptions as he added. "Indeed. And the inscriptions here are at the Celestial-rank. That means this weapon is not just a common Celestial-rank guandao. It's the best of the best!"

The words of the two Celestials carried a huge weight and everyone could already tell the value of the weapon from their words alone.

It was priceless!

Then, the crowd recovered their senses. Since Wine Master Jiu Shen has the weapon of Celestial Emperor Lao Gou, does that mean that he...

Amazing!

Jiu Shen kept the guandao inside his space earring. He then sent an apologetic look toward the crowd. "Everyone, most of you here live in the Central Region, but as you can see, the place isn't habitable at the moment. I apologize for that."

"No! It's fine, Wine Master Jiu Shen! We can just rebuild our territory!" Ri Kushou stepped forward eagerly. His bet has paid off! Jiu Shen won against Lao Gou!

Jiu Shen turned his gaze towards Ri Kushou. This man was the Great General of the Armored Wyvern Army. A peak expert beneath the Celestials!

"General Ri Kushou and the Armored Wyvern Army helped us in defeating the Celestial Paragon Tower. Miss Ai Chen and the Heavenly Melody Pavilion also supported us." Theia's voice wasn't loud, but everyone here were top experts so they managed to hear her voice clearly.

Ri Kushou grinned upon hearing her words, while Ai Chen let out a shy smile. On the other hand, the others who chose to stay on the sidelines were regretting their actions. It was a chance to make a Celestial indebted to them, but they failed to grasp the opportunity. Too bad...

"What are your plans, Jiu Shen?" Jian Wang suddenly asked.

Jiu Shen glanced at him and answered. "The reconstruction of the Central Region is the top priority. I've already asked someone to call for a construction firm that would take this job. The search for survivors is also underway so it should be fine for now. Oh, right. I have something to tell you guys."

Everyone stared at him in confusion. What was he going to say?

Jiu Shen smiled and announced. "I've decided to make this place my territory. From now on, this region will be renamed Heavenly Sword Region!"

Heavenly Sword Region.

"Ho! I see. That's good. Do you want us to help in reconstructing the Heavenly Sword Region?" Jian Wang smiled as he offered that.

"That would be great!" Jiu Shan readily agreed. With more people helping him, the reconstruction speed of the Heavenly Sword Region will increase.

"In that case, we will offer our manpower and resources to help Wine Master Jiu Shen in reconstructing the Heavenly Sword Region!"

"That's right! We will help Wine Master Jiu Shen!"

The allied army immediately offered their assistance. It was a chance for them to befriend the new ruler of the region! They didn't want to miss this opportunity!

"Thank you, everyone! After the reconstruction of the Heavenly Sword Region, I will invite all of you for a celebration!" Jiu Shen said with a smile.

It wasn't bad to make friends with these people. They might have ulterior motives, but it was fine. Jiu Shen knew how to bind these people with him and make them his own.

And with that, the allied army immediately divided their workforce to begin the reconstruction process of the Heavenly Sword Region.

"I have an assistant who works for me. He will be responsible for the overall progress of the reconstruction. His name is Marbas." Jiu Shen informed them.

The leaders of the allied army ingrained the name in their minds.

Soon, they left and started their preparations.

The only ones left were the members of the Heavenly Sword Tower and the three Celestial Emperors.

"You guys should help Marbas. The others might not listen to him since he is an itinerant cultivator. Theia, we will talk about everything once I come back. I still have something to do." Jiu Shen held Theia's hand gently as he looked at her.

Theia nodded her head. "Alright, I understand."

Theia led the Heavenly Sword Tower.

When they left, Jiu Shen glanced at Jian Wang and Asmodeus. "Do you guys know about Elena?"

Jian Wang furrowed his eyebrows and shook his head. "No. Why?"

Asmodeus was silent as if he was hesitating, but he also shook his head.

'It looks like Jian Wang has no idea about her, but Asmodeus is acting suspiciously. What is he hiding?' Jiu Shen thought to himself.

"Before I became a Celestial, everyone thought that there are only three Celestials in the Primordial God Realm. Jian Wang, Asmodeus, and Lao Gou. What if I tell you that there is actually a fourth Celestial?"

"What!?" Jian Wang reacted strongly that he even grabbed Jiu Shen's shoulder.

"You heard me right. There is a fourth Celestial hidden in the outskirts of the Southern Region. You guys know about the Eonic Ragarwood Tree, right?"

Jian Wang and Asmodeus nodded their heads.

"Elena is an Ancient Fairy and she is also the guardian of the Eonic Ragarwood Tree. I came to know about her existence just recently."

"So that's how it is. No wonder I feel my senses are messed up every time I go near that place. So there is actually a Celestial protecting the Eonic Ragarwood Tree in secret." Jian Wang muttered still reeling in shock.

"Are you planning to meet her now?" Asmodeus asked.

Jiu Shen nodded his head. "I'm curious why she chose to hide from the public."

Chapter 556: Immortal Pearl Dew

And just like that, the three of them decided to visit the Southern Region where the Eonic Ragarwood Tree stood.

The three Celestials soared through the skies and disappeared in a blink of an eye.

Since it was just the three of them, they didn't need to slow down their speed.

Soon, they arrived in the forested area of the Southern Region.

They could already see the towering tree that pierced the clouds.

When they arrived near the Eonic Ragarwood Tree, they descended from the skies.

Jiu Shen swept his spiritual vision around them and discovered Elena who was hiding in one of the Eonic Ragarwood Tree's branches. Her figure was covered by a translucent fog, making it hard for anyone to get a glimpse of her appearance.

Suddenly, enchanting laughter can be heard above them.

They turned their gazes and saw a silhouette that was covered by fog. They couldn't clearly see her face, but the outline of her body was perfect.

"Oh my! Oh my! To think that three Celestial Emperors would visit me on the same day! How wonderful! It would be rude if I remain hidden in the presence of three great people..." Her melodic voice drifted into their ears.

The fog that covered her figure slowly receded.

Elena. A lithe and graceful woman with tantalizing beauty and overwhelming charisma.

Her snow-white hair was tied in cascading curls, making her look more elegant. Her mischievous eyes revealed a sultry look when her gaze moved towards Jiu Shen. "We meet again, Jiu Shen."

Even with his sturdy heart, Jiu Shen almost had his soul captivated by this fairy. He chanted a calming sutra in his mind and stared at Elena's face with an unchanging expression.

Jian Wang and Asmodeus struggled for a brief moment, but they still managed to regain their bearings.

Seeing this, Elena smiled at them as if she was amused. She then focused her gaze on Jiu Shen. Earlier, she felt a fearsome power in the Central Region and she knew right away that it was related to the fight between Lao Gou and Jiu Shen. "It looks like you have managed to defeat him, Jiu Shen. I'm grateful."

Jiu Shen nodded his head upon hearing her words. He knew why she was grateful to him. After all, Lao Gou forced her to give him a seed of Eonic Ragarwood Tree and large amounts of Undying God Spring. The old bastard man must have come here often to demand more Undying God Spring for the seed he got from her back then.

"Now, tell me. What brings the three of you here? I don't think you're just here to receive my gratitude, Jiu Shen." Elena was showing a clear interest in this man that she even ignored Jian Wang and Asmodeus.

Jiu Shen glanced at the two people behind him and nodded his head. "You're right. We came here to know why you've chosen to stay hidden after so many years."

After observing her closely, Jiu Shen was finally able to perceive her power.

True essence. Late stage Celestial God Realm.

Anma. Early stage Celestial God Realm.

Spiritual power. Peak stage Celestial God Realm!

Her power shocked him. He finally knew the reason why this woman had such an overwhelming level of seduction. It was because of her spiritual power! It was even greater than his own!

Elena's playful look suddenly became serious as she answered. "So you came here to know that, huh? You guys know about the Three Towers of Divine Dao, right?" This time, her gaze moved towards Asmodeus.

The three of them nodded their heads.

"A long time ago, I also tried to ascend that legendary floating city. And the result was..."

"Elena, you promised to never speak about the matters related to that place!" Asmodeus suddenly cut off her words, making Jiu Shen and Jian Wang surprised. They gazed at him with suspicion, but the man remained silent and just shook his head.

"Oops." Elena quickly covered her mouth with her hands, acting like a child who said something wrong.

"Asmodeus, what is happening?" Jian Wang glanced coldly at Asmodeus. He even grabbed the man by his shoulder.

Asmodeus shrugged him off and stared at him apologetically. "I'm sorry, Jian Wang, but I cannot say anything about it. I hope you understand."

Jian Wang sighed upon seeing him act like this. "Fine! But I hope that you will tell us one day."

Asmodeus revealed a look of hesitation and sighed. "Give me some time to think about it. I'll leave you guys for now."

"Make sure to come after the reconstruction of the Heavenly Sword Region is completed." Jiu Shen said.

"Alright. I will be there." Asmodeus left after that.

"Just what is that guy hiding from us?" Jian Wang muttered to himself with an exasperated voice.

"Hehe. Enough about that. I'll bring you guys to my humble abode." Elena giggled as she invited them to her home.

The two men nodded their heads and followed her.

As they walked inside the forest, they saw a small pond that glistened with a golden hue. The pond was releasing a sacred and untainted aura that prevented creatures from getting near it. This was the Undying God Spring.

"To think that the Undying God Spring is actually hidden inside this forest..." Jian Wang muttered as he stared at the golden spring.

Soon, the trio arrived in front of a huge tree house.

Elena pushed the door open and led them inside. She brought them to her tea room which was located on the second floor of the tree house.

"Take your seats."

Jiu Shen and Jian Wang grabbed a wooden chair for themselves and sat down.

Elena walked in front of a shelf and took one transparent bottle and two empty glasses. "This is a personal creation of mine that I called 'Immortal Pearl Dew'. You guys would be shocked if you knew what this thing is made of." She chuckled softly as she poured the contents of the bottle into their glasses.

Chapter 557: Asgard

The tea had a vibrant golden color. It was shining resplendently within the glass as if it had a life of its own.

Jiu Shen grabbed the glass and took a light sniff. He felt that his mind has instantly become clearer when the refreshing aroma entered his nostrils. "Good tea!" He could tell right away that this was a tea of the highest quality. Something that he hasn't tasted in his life.

Elena smiled gently upon hearing his words. She cupped her face with the palm of her hands and watched the two silently.

Jiu Shen gracefully took a sip of the tea with his eyes closed. His actions were refined and filled with elegance, making Elena's eyes shine in admiration.

On the other hand, Jian Wang also tried to look like a gentleman, but his actions lacked the charm that Jiu Shen had. Even so, he still didn't lose out in terms of dignity.

Seeing this, Elena took out two saucers and placed them on the table. It was a mistake on her part to forget this since it was a necessity during tea sessions.

Jiu Shen smiled as he placed the glass on the saucer. "I can tell that you added a generous amount of Undying God Spring in this tea. There are also a few Heavenly-rank herbs added, but there are two ingredients that I couldn't identify. Could you please enlighten me about this, Elena?"

Elena stared at him with a praising look. This guy managed to tell the ingredients used to make the tea after a small sip. "So you're also a tea lover... That's right. I used twelve Heavenly-rank herbs as ingredients and three Celestial-rank ingredients. One leaf of Eonic Ragarwood Tree for clearing the mind. I used the Undying God Spring as the base liquid. As for the last ingredient... one Undying Pearl."

"What?! Did you just say Undying Pearl?!" Jian Wang who was quietly listening became agitated.

"So that's the final ingredient, huh? To think that you would use such a thing to make your tea. The Undying Pearl is an item that is classified as something that exceeds the Celestial-rank and you actually dare say that it's just a Celestial-rank ingredient..." Jiu Shen's mouth twitched as he stared at Elena.

The Undying Pearl is a natural item that can only be produced by a billion-year-old Undying God Spring. It only produces one such pearl every one billion years! It was an item that has never been seen in the Primordial God Realm for many years.

Jian Wang glanced at Jiu Shen with an exasperated look. "You're both the same. You also used Celestial-rank ingredients to create your wines. The two of you are kindred spirits..."

Hearing that, Jiu Shen ignored him and just calmly enjoyed the tea.

"Oh? I want to try Jiu Shen's tea!" Elena eagerly said.

"He's selling his wines cheaply. I don't know what has gotten in his head. If it was me, I would price those wines excessively." Jian Wang shook his head with a wry smile.

Jiu Shen placed the glass on the saucer and turned his gaze towards Elena. "I'm planning to move my wine store to the Heavenly Sword Region. I would like to invite you to join us in the celebration."

Elena pondered deeply upon hearing that. She had a hesitant look on her face as if troubled by something, but in the end, she flashed a smile as she asked him. "Are you sure that you want to invite me, Jiu Shen?"

Her enchanting voice carried deep meaning, but Jiu Shen simply nodded his head at her.

"Of course." He answered.

"You might regret it, Jiu Shen." A look of worry flashed in her gaze for a moment, but she hurriedly concealed it when Jiu Shen glanced at her.

"It's just a celebration. If you don't want to come, then it's fine as well." Jiu Shen shrugged his shoulders.

Elena sighed in her heart. 'What should I do?'

She wanted to see the world beyond this limitless forest, but an ancient promise has bound her in this place. If she were to break the promise, 'that person' might be furious...

"Jiu Shen, if I leave this forest, the people from that place might come down to punish me..." She muttered in a helpless voice.

"Are you talking about the floating city?" Jiu Shen frowned as he looked at her.

Jian Wang also put his glass down and stared at them with a serious expression.

Elena summoned a spiritual barrier around her house and nodded her head. "That's right. The floating city is called Asgard. Don't ask me anything about it since I also don't know much about that place. However, I know a few things about the three towers in Asgard."

This time, Jiu Shen and Jian Wang remained silent and listened to her.

"The first one is called the Hall of Life and Death. It is responsible for guiding the souls of those who had died in the Primordial God Realm. The next one is called the Hall of War and the last one is called the Hall of Creation."

Jiu Shen and Jian Wang were both silent at her words. From the looks of it, the floating city called Asgard had a mysterious history that nobody in the Primordial God Realm knew about.

"Do you have information about the last two halls?" Jiu Shen asked.

"I only knew of the Hall of Life and Death since I knew the Hall Master. The Hall of Might is responsible for the safety of Asgard and I have no idea about the Hall of Creation." She answered.

"Asmodeus... He is a Hall Master of one of those three Halls. Am I right?"

Elena glanced at Jiu Shen and nodded her head.

She wasn't surprised that he had reached this conclusion. Asmodeus' actions were so obvious that even Jian Wang who only had swordsmanship in his mind was already suspicious of him.

"Asmodeus is the Hall Master of the Hall of Life and Death. He was also the person who told me about this information. Although, he only told me about the superficial details."

"I see..." Jiu Shen leaned on his chair and closed his eyes.

'Asmodeus wasn't that strong in terms of fighting prowess, but he should be able to fight equally against Jian Wang if he used his Array Formations. A person like this was a Hall Master of Asgard. That means the other two Hall Masters were at least on the same level as him.' Jiu Shen's mind began processing the possibilities with the information he got from Elena.

Chapter 558: Title at the End of the Chapter

The information they got from Elena was shocking. However, Jian Wang's eyes shone with vigorous energy for some reason. As if a fire that was stoked, blazing ferociously.

Seeing this, Elena scoffed. "Jian Wang, you might be a late stage Celestial, but don't underestimate the two Hall Masters of Asgard. According to Asmodeus, he is the weakest among the three of them. The Hall Master of the Hall of Might in particular is very domineering. He was also the reason why I didn't dare to come out of this forest. He told me that if I step foot outside this forest, he would forcefully take me as his bride. I don't even know his name and I also couldn't discern his power."

Jian Wang stared at her. A burning battle intent flashed in his eyes. "I've been stuck in my swordsmanship for many years and even my cultivation hasn't progressed much. Now that I have someone to look forward to, I'm more motivated to train my skills!" He said as he clenched his fists.

"What about the Hall Master of the Hall of Creation? Any information about that guy?" Jiu Shen asked while looking at her.

Elena shook her head as she answered. "That's all I know about them. If you guys want to know more, you should try asking Asmodeus. You three seemed to be so close."

Now that she mentioned it, Jiu Shen thought about his first encounter with Asmodeus. The guy brought him to Hell and even taught him about Array Formation Making and Weapon Crafting. They weren't even close at that time, but the man offered his knowledge without hesitation.

"I don't think that's possible." Jian Wang shook his head.

"No. I think it is possible." Jiu Shen's words shocked the two.

"What do you mean, Jiu Shen?" Jian Wang gazed at him in confusion.

"Think about it. He seems to be conflicted internally. Perhaps there is a dispute between him and the two Hall Masters. Although I'm not certain of this." Jiu Shen muttered as he lifted the glass to his lips.

Sip.

He placed the empty glass on the saucer. He then took out a handkerchief and wiped his lips.

The other two could only glance at him with fascination.

"It's better if you stay here for now, Elena. We still have no concrete information about the military prowess of the two Hall Masters and even Asmodeus is still a mystery." Jiu Shen said in a calm voice.

"I know... I wanted to go with you guys, but I can't..." Elena revealed a look of melancholy.

"I have a proposal that you might find attractive..."

Jian Wang and Elena turned their gazes at Jiu Shen, wondering what the man was up to.

"Oh? Alright. Tell me. If it's good, I might agree." Elena covered her mouth as she chuckled seductively.

"You want to see the outside world, right?" Jiu Shen asked her.

Elena nodded her head gently.

"Elena, I will help you step out of this forest. In return, you will join my Heavenly Sword Tower."

The eyes of Elena and Jian Wang turned wide when they heard his words.

Jian Wang grabbed his shoulder and asked. "Jiu Shen, are you planning to fight against them?"

To that question, Jiu Shen shook his head. "If they can be reasoned with, then there is no need to fight. However, if they're stubborn and refuse to answer my questions, then..."

Jian Wang immediately closed his mouth after getting his reply.

"What kind of questions are you going to ask them that you're even willing to fight them if needed?" Elena was curious. She wanted to know why Jiu Shen was suddenly acting like this.

"You guys know that I died under the hands of Lao Gou millions of years ago, right?"

The two nodded their heads. They've heard about the news of Jiu Shen's death. Many sword wielders lamented the death of such peerless talent. A great war even erupted at that time to take revenge for his death.

"I think my reincarnation is related to Asgard."

"You're right. Only those guys are capable of doing that. Even Celestials like us could not revive the dead." Jian Wang was a late stage Celestial, but he wasn't capable of reviving a dead person.

"I see... Alright. I'll join your Heavenly Sword Tower, Jiu Shen." Elena smiled as she extended her hand toward Jiu Shen.

"Welcome aboard." Jiu Shen grabbed her smooth hand with an expressionless face.

"Wait. What about me? Come on, Jiu Shen! Just give me a large supply of your wines and I'll join your Heavenly Sword Tower." Jian Wang pointed at himself.

Jiu Shen's eyes twitched, but he still agreed. This was Jian Wang! The strongest sword user in the Primordial God Realm other than him!

And just like that. Jiu Shen managed to hire two powerful Celestials for the Heavenly Sword Tower.

"I will remove the spiritual barrier now. Those guys might be monitoring me so we should be careful. I will send a kin of mine to join you guys in your celebration. Just send me a formal invitation later." Elena said as she removed the spiritual barrier.

Jiu Shen and Jian Wang stood up. Now that they had completed their objectives here, it was time for them to go.

"In that case, we will take our leave, Elena. I hope that we will see you soon." Jiu Shen departed with Jian Wang.

Elena stood atop the branch of the Eonic Ragarwood Tree and stared at their receding figures.

Swoosh!

"Can they be trusted, Sister Elena?" An ethereal figure emerged behind Elena. Her smooth snow-white skin was covered by the leaves of the Eonic Ragarwood Tree. She was looking at Elena with a gentle look on her face.

Elena shook her head. "I don't know, but they are the only ones that we can depend on."

The ethereal figure sighed and her body turned into a speck of golden light that merged with the branch of the Eonic Ragarwood Tree.

Chapter 559: Meeting

Jiu Shen went back to the Heavenly Sword Region with Jian Wang. The two of them chatted idly and Jian Wang asked Jiu Shen about his fight with Lao Gou.

To his endless barrage of questions, Jiu Shen merely remained silent.

Jiu Shen couldn't believe that the man revered by everyone as the Sword God was actually this chatty. He might have gotten this personality from his buddy, Furion.

Soon, the two arrived in the Heavenly Sword Region.

"The reconstruction of the region will be completed in a few months. What are you gonna do this time?" Jian Wang asked him.

"Let's wait for Asmodeus to come here. I need his help to transport my wine store and the sword tower. I don't think the Heavenly Melody Pavilion is capable of creating an Array Formation that could transport something so huge, but I'll try to ask Miss Ai Chen about it." Jiu Shen replied right away.

His wine store and the sword tower were both in the Desert Region. That place isn't a good environment for his people. The density of true essence in the Desert Region could not be compared to the huge influx of energy in the Heavenly Sword Region.

"I see, but do you think that guy will come back here?" Jian Wang was talking about Asmodeus. He thought that they could be friends, but the latter seemed to be hiding a lot from them and his background was a mystery.

"If I'm right about him, then he will be here within three days." Jiu Shen answered with a smile.

"But even if he comes back, can we trust his words? He might be doing this deliberately to confuse us. Maybe this might even be the plan of Asgard." Jian Wang retorted.

"You're right to feel suspicious about him. Asmodeus is an individual who's hard to read. Let's just wait for three days and we'll know where he stands by then..." Jiu Shen answered in a calm voice.

In truth, he wasn't certain about Asmodeus. The guy might have been sent by Asgard to test them so it was better to remain cautious.

"I hope you're right, Jiu Shen." Jian Wang sighed and shook his head.

Three days later.

The reconstruction of the Heavenly Sword Tower was still underway, but with the support from the six great armies, the process became smoother.

News about the destruction of the Celestial Paragon Tower also spread like wildfire. Everyone was shocked when they heard that the number one sect in the Primordial God Realm was wiped out. When everyone heard that Celestial Emperor Lao Gou fell in battle, they became even more stupefied. Major powerhouses sent their envoys to investigate the matters and they soon got a piece of shocking news.

Jiu Shen, a new Celestial killed Lao Gou. He then claimed the Central Region as his new territory and renamed it the Heavenly Sword Region!

After hearing this news, the silent powerhouses immediately sent their people to offer their support to the new Celestial.

Millions of people were working hand in hand to restore the Heavenly Sword Region.

Meanwhile, in a luxurious restaurant at the outer fringes of the Heavenly Sword Region, two men covered in hooded long robes sat together. They didn't stand out since most of the itinerant cultivators were dressed just like them.

"Are you sure that he will be here?"

Jiu Shen nodded his head. "He should have seen the note that I've left."

"Fine. Let's grab ourselves some food and drinks as we wait." Jian Wang shrugged his shoulders and beckoned to a waiter.

"Can we have the menu, please?" He asked the waiter.

The waiter smiled at him and said. "Yes, sir! Here it is."

Jian Wang took the menu in his hands and scanned the array of food and drinks. Everything looked appealing and delicious. Luckily, this restaurant wasn't destroyed in the battle between Jiu Shen and Lao Gou.

"I'd like three portions of Earth Dragon Steak. Just medium rare for the meat. And three large glasses of Mesmerizing Juice." Jian Wang didn't bother to ask for Jiu Shen's opinion and just randomly chose the ones that looked delicious.

The waiter gently nodded his head. "Three portions of medium rare Earth Dragon Steak and three large glasses of Mesmerizing Juice. Do you want to add a few side dishes or desserts?"

"Let's see... Hmm... This, this, this, this, and this." Jian Wang pointed at a few desserts and side dishes.

"Alright. Please wait for your orders." The waiter bowed and left.

"The people here are very professional." Jian Wang nodded his head in praise.

"That's not surprising. This restaurant is owned by the Heavenly Melody Pavilion after all." Jiu Shen casually said.

Suddenly, the two of them felt a strong spiritual power scanning the restaurant.

"He's here."

The two glanced at each other. They were inside a private room, but they had already informed the servants that someone would come to join them.

"This way, sir." They heard the voice of a servant outside their room.

Knock! Knock!

Soon, the servant came inside their private room with a disguised Asmodeus.

"You came. That's good!" Jian Wang snorted.

"Take a seat. We have already ordered food and drinks." Jiu Shen pointed at a seat opposite him.

Asmodeus greeted the two with a nod of his head. He then sat in front of Jiu Shen.

"What do you want from me?" Asmodeus didn't beat around the bush. His presence here was already against the rules of Asgard, but he had already placed an Array Formation that prevented the others from spying on the restaurant.

Jian Wang was silent and he just stared at Asmodeus.

"Asmodeus, tell us what you know about Asgard and we will help you in return. I'm sure that there is something going on between you and the other two Hall Masters." Jiu Shen said in a calm voice.

Asmodeus' eyes narrowed into slits. "It looks like Elena has told you about a few things."

Chapter 560: Hecate and Lilith

Jiu Shen smiled when he saw the change in his expression. It looks like he was right about his guesses. Asmodeus was in opposition with the other two Hall Masters! Now, the only problem was how he would manipulate the conversation to their advantage.

"You can't blame her. Elena is just doing her best to regain her freedom. Someone like her would never want to be tied down. You should know more about her since you know her much longer than I do, Asmodeus."

Sigh.

Asmodeus sighed and leaned on his chair while rubbing his temple. How the hell did Jiu Shen know about the friction between him and the two Hall Masters? He didn't recall saying something like this to Elena.

Knock! Knock! Knock!

A clear knocking sound made them pause their conversation.

"Come inside." Jiu Shen said in a low voice.

The waiter came back, pushing a trolley with three large portions of medium rare Earth Dragon Steak.

The distinct meaty aroma spread around their private room, making the accumulated stress in their minds to be washed away.

Behind the waiter were two servants who were also pushing a trolley with all sorts of desserts and side dishes. The Mesmerizing Juice that Jian Wang ordered was also there.

The waiter and the two servant girls smiled as they silently placed the food dishes on their table. They were quick with their work and after moving everything to their table, they bowed and left the private room.

The room was now filled with different aromas.

The premium cut medium rare steak was still piping hot.

"Well, you guys can talk. I'm not good with these kinds of conversations anyway so I'll just quietly listen here. Go on." Jian Wang grinned as he grabbed a plate that was filled to the brim with cut slices of steak.

He grabbed the knife and fork and began devouring the meat like a gluttonous beast.

Jiu Shen's mouth twitched when he saw the Sword God he once admired act in an uncouth manner. He was even wondering if this guy was an impostor.

"Let's talk as we eat." Jiu Shen said when he saw that Asmodeus was looking at the dishes with a shining gaze. 'Sigh. These two are foodies...'

Asmodeus immediately nodded his head.

"What were you saying again?" Asmodeus glanced at Jiu Shen as he wiped the oil stains on his lips using a clean cloth.

"Jian Wang, I want information about the two Hall Masters." Jiu Shen glanced at him with a serious look.

They had no idea about the strength of the two Hall Masters. They don't even know anything about their military prowess. Jiu Shen wanted to know more about them before he would decide to do something.

Asmodeus placed the knife and fork down. He was contemplating whether to tell Jiu Shen about it or not. He had a deep grudge against the Hall Master of the Hall of Might. It was because of him that he had to live in Hell for millions of years. The Lord of Asgard also favors the man greatly because of his strength so he couldn't do anything to him. However, the person that bothered him greatly was the Lord of Asgard.

Asmodeus couldn't get a clear picture of what the Lord was planning. He seemed to be enveloped by a thick fog of mystery. After serving him for many years, Asmodeus still could not fathom the mind of the Lord.

He took a deep breath as he mentally prepared himself and with a solemn look on his face, Asmodeus finally replied. "Hecate, the Hall Master of the Hall of Might is a peak stage body strengthening expert. His physical body is impervious to true essence attacks and even elemental spells could hardly damage him. That man is like a walking

fortress, a true expert that could dominate the entire Primordial God Realm with his physical strength alone!"

Jiu Shen frowned upon hearing this and even Jian Wang who was happily eating his steak suddenly became silent.

From the way Asmodeus described the man, Hecate was an individual with an unbreakable body. With a physical body that was impervious to elemental spells and true essence, he was indeed worthy of the moniker, Walking Fortress.

Asmodeus continued. "Hecate has two Celestials under his command, a fire mage at the early stage Celestial and an archer with the same cultivation base. The army under their command numbers in millions and they are roughly comparable to about ten of the great armies' level who fought with the Infernals recently. However, this is just a rough estimate of their power from what I've seen when I last visited the Hall of Might."

The faces of Jiu Shen and Jian Wang became somber when they heard this.

The strength of Hecate and the Hall of Might was beyond their expectations. Even Jiu Shen who was confident of his power felt a bit distracted. He might be able to stand equally against Hecate, but his subordinates might not be able to suppress the army of the Hall of Might. He needed to form a much stronger army and unite the forces of the new Heavenly Sword Region.

Jiu Shen couldn't live peacefully after knowing about Asgard.

The floating city might not be taking action right now, but who knows when they would brandish their claws to the people of the Primordial God Realm?

With a calm look on his face, Jiu Shen stared at Asmodeus and asked. "How about the Hall of Creation? Are they as strong as the Hall of Might?"

If the Hall of Creation was as strong as the Hall of Might, Jiu Shen would have to change his plans.

Luckily, Asmodeus shook his head. "No. The Hall of Creation is much weaker than the Hall of Might in terms of military prowess. However, the Hall Master of the Hall of Creation, Lilith is not an easy opponent. Her spiritual power has reached the very peak of the Celestial God Realm. Her ability is very troublesome, but we don't have to worry about her. She is not my enemy."
