

Winner Takes All

Chapter 10

Early the next morning, Chen Dong took his breakfast to the hospital to be with his mother.

His mother's illness was improving day by day and it would not be long before she was discharged from the hospital to recuperate at home.

Because of Long Lao's relationship, his mother was being taken care of in the hospital, which made Chen Dong feel at ease.

Next, it was time to prepare for the renovation of the shantytown in the west of the city.

This was the first time he had really stepped up to the plate and handled the project.

In the past, although he had been in charge of Dingtai's business, in the end, there was still Old Li, that punk, taking credit for it.

This time, he was not only going to flip the shantytown renovation project and make Dingtai's reputation soar.

More importantly, he wanted to show that man what he could do!

Twenty years of abandonment and disappointment had now suddenly appeared intent on breaking the mirror and reuniting.

The money given by Long Lao had indeed relieved his pressing need.

But Chen Dong knew clearly that money was important, but there were some things that simply could not be made up for by money.

That father, whom he had never met, was still making a deal with himself after all.

If he succeeded, then he would be able to take his mother back to that man's family, take over everything and surround her with glory.

If he failed, then he and his mother, remained as they always had been, and the father might as well have never existed.

The only difference, perhaps, was the Zinnia bank card in his pocket.

He had been with his mother for more than twenty years, and she had given everything for him. Even if he did not think of himself, he had to snatch the glory that should have belonged to his mother.

Chen Dong slowly walked out of the hospital, his steps very slow, his mind was thinking about the matter of the shantytown renovation project.

Meanwhile.

On the road outside the hospital, traffic was congested.

In the Audi A4, Wang Hao looked at the motionless traffic and slapped his hand on the steering wheel in anger.

“Damn, what are these bastards doing? Driving a junk car with more than 100,000 yuan, where did they get the face to add to the traffic jam?”

Lin Xue'er on the passenger side frowned slightly: “Wang Hao, are you suffering from road rage? What's wrong with people driving a hundred thousand dollar car?”

“I'm just afraid that you'll be late for work, right?”

Wang Hao smiled fawningly and changed the topic, “Right, Xue'er, when I asked you to hack last night you said you went to take a shower, why didn't you come online afterwards? You don't know, I was in the game

“Can you be more mature?” Lin Xue'er's beautiful eyes crossed as she chided, “I was too tired last night, I took a shower and went to sleep.”

In fact, she had been so distracted last night because Chen Dong hadn't replied to her message that she didn't have the heart to care about Wang Hao at all.

Of course, it was impossible for her to say such things to Wang Hao.

Wang Hao frowned, somewhat unhappy: “What's wrong with that bank of yours? You're just a teller, and it still makes you so tired, you just worked an overnight shift a week ago, right?”

Lin Xue'er's expression changed and her eyes flickered as she lowered her head, not daring to look at Wang Hao, afraid that Wang Hao would find out the end.

However, this scene, in Wang Hao's opinion, was that Lin Xue'er was really tired to the point of exhaustion.

Wang Hao said heartily, "It's alright Xue'er, in a week's time my family will have put together enough bride price so that we can both get engaged and get married later, if you're too tired, don't go to work."

"If you don't go to work, will you support me?" Lin Xue'er gave Wang Hao a cross look.

Wang Hao's tone choked, followed by a sarcastic smile and said, "If you want to support me, you are my wife!"

"What will you do to support me?" Lin Xue'er asked.

Wang Hao waved his hand, "My sister, of course. Don't worry, my sister divorced my loser brother-in-law, and my mother is looking for a rich man for her, so she won't have to worry about spending money in the future."

Lin Xue'er's willow brow furrowed tighter, she suddenly felt a bit disgusted with Wang Hao.

When Wang Hao said this, he didn't blush at all, how did he manage to take it so for granted?

How could he take it for granted?

She even felt a sense of guilt that she was sorry for Wang Nan Nan.

Taking a deep breath, Lin Xue'er asked oddly, "What did your sister do wrong?"

"Isn't it the right thing to do? She's my sister, and I married you for the sake of our family's heirloom, so she should help me." Wang Hao looked like he was taking things for granted.

This made Lin Xue'er even more annoyed, and if it wasn't for the sake of taking over, she would have hated to slap Wang Hao.

Because of her marriage with Wang Hao, not only did she make Wang Nan Nan divorce, but also made that brother-in-law of Wang Hao the unlucky one.

She suddenly felt some sympathy for the man called Chen Dong, it was really too wrong.

Thinking of Chen Dong, Lin Xue'er's beautiful eyes flashed with a touch of sorrow.

With a sidelong glance towards Wang Hao, Lin Xue'er ghostly asked, "Wang Hao, your ex-brother-in-law is called Chen Dong, does he really have no money?"

“Cut He’s just a phoenix man, he has no money whatsoever.” Wang Hao rolled his eyes, “Why are you asking about this again?”

Lin Xueer shook her head, she really wanted that man like crazy.

Names like Chen Dong were rotting in the streets, why did she listen to the wind and rain?

She explained, “It’s just that a week ago a customer named Chen Dong also came to the bank and took a bank card that even I didn’t recognize to withdraw money, so I was impressed, and you said your ex-brother-in-law was also named Chen Dong, so I asked.”

“Hahahahaha Xue’er, what are you thinking, how is that possible?”

Wang Hao laughed back and forth, disdainfully said, “Chen Dong that loser is a proper phoenix man, a little bit of success, in Dingtai real estate as a vice president, but the little money he earned, all to his dead old mother took to the hospital to hang his life, he has money, my Wang Hao’s name written backwards!”

Sick mother?

Lin Xue’er’s delicate body trembled, fiercely thinking of the text message that Chen Dong replied to her last night.

Was this also a coincidence?

Wang Hao continued to sneer, “But that Chen Dong you met, Xue’er, is really quite impressive, the bank card he took is surprisingly not even recognized by you, he must be very rich, right? My loser ex-brother-in-law is also named Chen Dong, how come his fate is so different?”

Suddenly, Wang Hao glanced at the entrance of Lijin Hospital out of the corner of his eyes, and a familiar figure imprinted itself into his eyes.

He laughed disdainfully and said to Lin Xue’er, “By the way Xue’er, you haven’t met my wasteful ex-brother-in-law, have you? Coincidentally, I’d like to introduce you to him, you just happen to see if he looks like a rich man?”

After saying that, he jerked the steering wheel.

The Audi passed out of the traffic and drove into the gate of Lijin Hospital.

Lin Xue’er was thrown into shock and screamed, “Wang Hao, are you crazy? Driving like that on the main road, don’t you want to die?”

Crunch!

The Audi crossed in front of Chen Dong.

Chen Dong, who was thinking about the shantytown renovation project, stopped abruptly, his brow furrowed with some coldness.

Almost!

If he hadn't stopped quickly, the car would have swept across and swept him straight away!

"Wang Hao?"

Chen Dong looked angrily ahead, just in time to see Wang Hao stepping down from the car, and then said in a cold voice, "Are you trying to kill someone?"

"Hahahaha Chen Dong, just kidding, scared you, right? Sorry sorry sorry haha." Wang Hao said with an indifferent smile.

Joking?

Chen Dong's expression was completely cold, playing with human lives was a joke?

Wang Hao didn't care about Chen Dong's feelings and raised his finger to point at the Lijin Hospital, "You're visiting your mum again, huh?"

"Hmm." Chen Dong coldly responded.

"Her situation should be very unpromising now, right?"

Wang Hao shrugged with a strange smile, "In fact, Chen Dong, you are at least my ex-brother-in-law, I have to advise you twice about this, your mother is dying, you are taking money to the hospital, it is purely to hang her life and toss her, you might as well let her go in pain, so that you don't end up emptying yourself of money."

Ka!

Chen Dong's hands made fists so violently that his knuckles burst.

Meanwhile, Lin Xue'er in the Audi had long been frozen.

Her beautiful eyes stared round, the ice-cold face in her sight was like a heavy hammer that ruthlessly blasted at her eyeballs, exactly the same as the face she remembered.

Her jade hand clutched her red lips and she almost screamed out.

It really was that man!
