

Winner Takes All Chapter 101-110

Chapter 101

This night.

Outside the Taishan Hotel, it was pouring with rain, thunder and lightning.

Inside the presidential suite, however, Wang Nan Nan had a long, long beautiful dream.

It was as if she had gone back to her childhood days when she went to the amusement park, finished riding the bumper cars and then went on a roller coaster.

Happy and sweet, like a princess being pampered and held aloft.

She realised that the TV drama of Prince Charming falling in love with Cinderella was based on reality.

As the rain receded, the sunrise spilled over.

Wang Nan Nan, wearing her natural shirt, walked to the huge floor-to-ceiling window and drew back the curtains.

The soft, warm sunlight enveloped her whole body.

As if she were a kitten, she lazily stretched out and smiled knowingly.

Looking at the slowly rising sun, she suddenly felt a sense of renewal.

All the suffering had ended from the moment she and Tien Tien met last night.

What was Chen Dong?

Tian Sheng was now her true love.

Moreover, she was certain that with Tiansheng's family background, when she brought him home, her parents would never speak to her the way they had before.

"Up so early?" Behind her, Born's voice was full of tenderness.

Wang Nan Nan yawned, "Still a bit tired."

After saying that, she turned around and went back to bed.

Dingtai Company.

Chen Dong arrived at the company early in the morning.

The decision last time to open three properties for sale at the same time was now on the agenda, and he had to go all out.

However, the good thing was that the acceptance of sixty percent of the shares of Zun Long Real Estate had created a lot of momentum for Din Tai.

If he took advantage of this wave of wind, the impact of pre-selling three properties at the same time, which Xiao Ma and the others were worried about, might be completely discarded.

In this way, the pressure on him was also much lessened.

Nearing noon, Chen Dong put down the work in his hands and leaned back in his chair to rest, his gaze deep as he gazed out of the window at the sky.

A few seconds later, he picked up his mobile phone and gave Gu Qingying a call.

The phone kept ringing until the system hung up, and there was no answer.

He frowned, opened WeChat and found Gu Qingying: "How are you over there?"

Soon, Gu Qingying replied back, "Very well."

The two simple words made Chen Dong feel distant and cold.

It was as if two pieces of red-hot iron were suddenly poured through by ice water.

Chen Dong rubbed the bridge of his swollen nose, had Gu Qingying still not gotten over the last incident by now?

This kind of thing, he does not know how to make Gu Qingying relieved, the only thing he can do, perhaps only wait.

In the world of adults, there is both sunshine and darkness.

He and Gu Qingying had grown up in different environments, and naturally had differences when it came to dealing with some things.

He had crawled out of the darkness and would indeed not be as sunny as Gu Qingying, who had grown up in a privileged environment, in dealing with that last incident.

After hesitating for a moment, Chen Dong sent a WeChat again.

"Do you need me to come over?"

This time, after waiting for ten minutes, Gu Qingying did not reply either.

Chen Dong smiled helplessly, put down his phone and continued to be busy.

Meanwhile.

Inside the Presidential Suite of the Taishan Hotel.

Wang Nan Nan finished her shower and changed into the long black Chanel dress that she had naturally asked the hotel staff to help her go out and purchase.

Standing in front of the mirror, she admired the shapely figure in the mirror that was trimmed by the Chanel long dress.

The light in Wang Nan Nan's eyes shone and she smiled faintly, no longer in the same dishevelled despair as before.

A new lease of life!

Yes, a new life!

That was how she defined the beautiful encounter she had last night.

This was the life she wanted.

And she believed that Born could give it to him, as the Lamborghini alone proved.

Heavenly walked into the bathroom.

Wrapping his arms around Wang Nan Nan's waist from behind, he smiled and poured hot breath into Wang Nan Nan's ear, "You're so beautiful"

Wang Nan Nan's pretty face flushed red and she snapped, "Nasty, isn't that enough?"

Tiansheng smiled, "Let's go, go out for a walk."

Wang Nan Nan smiled and nodded her head, her eyebrows were full of flavour, as if she was a good girl, being held by Tiansheng's hand and quietly following along.

After checking out of the room, they got into the Lamborghini.

Wang Nan Nan suddenly raised an eyebrow: "Can you take me to the Tianmen Mountain villa area for a spin? I've heard people say that the scenery there is beautiful."

Of course she was not trying to go see any beautiful scenery.

Rather, it was because Chen Dong lived there.

In the past few days, the drastic changes in her family had caused all her previous arrogance to crumble and disappear, and she was always humble and low to the dust when facing Chen Dong.

Now that she had met Tiansheng, she naturally wanted to go and show off in front of Chen Dong and lift up her formerly high and proud head again.

However, this was obviously something she could not say to Tiansheng.

Because Wang Nan Nan knew that it would affect her relationship with Tiansheng.

“Okay.”

Tiansheng started the car.

The Lamborghini let out a blood-curdling engine roar, like a yellow lightning bolt, and roared towards the Tianmen Mountain Villa scenic spot.

Looking at the beautiful view of Tianmen Mountain outside the car, Wang Nan Nan was laughing coldly in her heart.

“Chen Dong, you can live here, one day, I can also live in such a high-end place.”

Beside her, Tiansheng glanced at Wang Nan Nan and asked in a soft voice, “Do you like it?”

“The view is really beautiful.” Wang Nan Nan smiled sweetly.

“The villa area is just ahead, do you want to go over and have a look?” Tiansheng asked.

Wang Nan Nan shook her head, “Forget it, I heard that the security of the Tianmen Mountain villa area is very strict, don’t kick us out then.”

“Is it very strict?”

Tiansheng smiled blandly, but the throttle under his foot was pressed to the bottom, the Lamborghini roared and sped directly towards the Tianmen Mountain villa area.

Wang Nan Nan’s eyes flashed, too late to react, and the gate of Tian Men Mountain Villa District was already imprinted in her eyes.

Tiansheng drove the Lamborghini with a whistle to the gate of the villa area.

“Salute!”

The villa security guard stood straight at once, incomparably respectful: “Welcome home!”

Boom!

Wang Nan Nan was struck by lightning, and her jade hand covered her red lips, almost screaming out.

My God!

Heavenly Born lived here too?

In the line of sight, the gate of the villa area slowly opened.

The speed of the Lamborghini slowed down a lot and slowly drove into the villa area.

Wang Nan Nan covered her mouth with her jade hand the whole time and had a feeling like she was dreaming.

The luxurious and atmospheric villas on both sides of the road were like a heavy hammer blasting in her mind.

It was only when the Lamborghini came to a stop in front of a villa halfway up the hill.

Wang Nan Nan finally could not restrain the shock in her heart and screamed out in excitement, “Tiansheng, you, you live here?”

“Or what?”

Tiansheng raised his eyebrows, his eyes under his glasses flashing shrewdly, “Get off, my little princess.”

With a single word, it gave Wang Nan Nan a feeling of going straight up to the clouds.

A princess?

Her pretty face was scarlet and she lowered her head shyly, her heart bursting with warmth.

Only when Born was a gentleman and opened the car door for her did she slowly get out.

“Did you like it?”

Tiansheng asked.

Wang Nan Nan nodded her head unabashedly.

At this moment, she was so excited, ecstatic, and her heart was beating so wildly that her mind was blank.

Was this a dream?

If it was a dream, I hope I don't wake up for the rest of my life!

"Then from now on, this will be the little princess' home."

Tiansheng smiled and gave Wang Nan Nan's back a pat, but his gaze was angled towards another villa not far away, his eyes glowing with a cold light.

Chapter 102

An encounter in the rain last night.

It changed Wang Nan Nan's life completely.

It was as if she had stepped from hell, one foot into the clouds.

She also wanted to live a luxurious life, she also wanted to live the life of a human being.

But at one time, she was only wishing for luxury.

After her divorce from Chen Dong, Chen Dong changed and lived in the Tianmen Mountain villa area, which made her heart ache with remorse.

Yet, she never thought that now she could become the mistress of this Tianmen Mountain villa area as well.

"Thirty years in the east and thirty years in the west, what are you, Chen Dong? I am just as well off after leaving you!"

This was the thought in Wang Nan Nan's heart.

The Mid-Levels Villa, that was a real top-notch luxury house, the ceiling of the city's house prices.

This one house would cost over 100 million!

Following Tiansheng, touring everything inside the villa, Wang Nan Nan was nothing but surprised or surprised, she even felt like she was suffocating at one point, her heart was about to jump out of her chest.

Happiness had come so suddenly!

A mere car accident that almost happened last night had changed her life!

It had all left her floating.

When she and Tiansheng walked to the roof terrace, Wang Nan Nan finally couldn't restrain herself and jumped straight into Tiansheng's arms.

"Tien Tien, you really love me too much, thank you, I'm really too lucky to have met you."

Tiansheng pushed his glasses and said tenderly, "You're my woman, I've never seen such a charming woman, so I'm going to give you everything I have."

The breeze brushed.

The two gazed at each other and their lips met.

Only after a long time did the two part.

"Born, can you take me home? I, I want to take you to see my parents."

Wang Nan Nan clutched Tiansheng's hand in excitement and ecstasy, afraid that if she let go, Tiansheng would disappear in front of her in thin air.

Since Tiantian was willing to give her everything, the only thing she wanted to do now was to take Tiantian to her parents.

If Mum and Dad knew that Tiansheng was living in the Tianmen Mountain villa, and that it was also a mid-level villa, they would be very happy.

More crucially, now she could finally help her brother out!

She was sure that even Tiansheng could take her to live in the Tianmen Mountain Villa, so she must be willing to help support her brother Wang Hao as well.

"Sure."

Tiansheng agreed dryly, and after thinking about it, took out a bank card, "I only have one million in this card, would it be rude to take it as a meeting gift for my uncle and aunt?"

Oh my God!

A million dollars out of the blue?

What kind of rude gift is that?

Wang Nan Nan's heart was beating wildly and she shook her head in a calm manner, "How is that possible? Our family is very nice."

If she hadn't been blackballed by Chen Dong at this moment, she would have been eager to call or WeChat to show off to Chen Dong immediately.

What the hell was Chen Dong?

To take 200,000 from him in the first place and have to divorce her, and to deliberately set it up, was simply disgusting.

When compared to Tiansheng, Chen Dong was not even worthy of mentioning Tiansheng's shoes.

Chen Dong is simply a scum!

The two walked down the stairs hand in hand and after getting into the Lamborghini, the car slowly started and drove out of the villa garden.

Along the road, they drove towards the outside of the villa area.

At that exact moment, two figures walked out from another villa.

The Lamborghini happened to rub shoulders with the two.

These two people were none other than Elder Long and Kunlun.

"Hm?!"

Elder Long's eyebrows instantly tightened, even though he was brushing past them, his gaze still glanced at Born in the driver's seat.

Kunlun also revealed a hint of consternation, "Elder Long, is it because we look blurry?"

"I can be blurry-eyed, can you, a young man, still be blurry-eyed?"

Long Lao looked pensive and murmured in a deep voice, "Chen Tiansheng has really come to the city, but"

The old man looked in the direction of the Lamborghini, his expression cold and stern, with a faint flicker of fierce light in his eyes.

This scene made Kunlun's face change greatly.

The impression was that Elder Long had always been as warm as the spring breeze, and rarely appeared with such a fierce look.

“Chen Tiansheng and Wang Nan Nan are together?”

“And living next door to the young master?”

“Is he playing with fire?”

Elder Long's voice was like a cold wind blowing from the depths of the Nine Secrets, causing Kun Lun to feel like he had fallen into an ice cave for a moment.

Kun Lun asked with trepidation, “Elder Long, what the hell does Chen Tiansheng mean by this? Should we tell Young Master immediately?”

“Chen Tiansheng's scheming mind is far from that reckless man Chen Tianyang can compare to... I'm afraid that he has an ulterior motive for this move, apart from disgusting young master.”

Long Lao pondered for a moment and said, “Tell or tell young master, in addition, from now on, when madam goes out, you must follow at all times, never let madam go alone, even if there is Xiao Lu following.”

“Understood.” Kunlun nodded his head.

Among the Chen family's elite generation, there were quite a few standouts.

Chen Tianyang was the elite, and his twin brother Chen Tiansheng that was the elite of the elite!

Having been in the Chen Family for many years, Kun Lun knew how powerful Chen Tiansheng was.

Elder Long had made this arrangement because he was also afraid that Chen Tiansheng would be detrimental to Li Lan.

With Chen Tiansheng's fighting skills, Fan Lu was no match!

Five o'clock in the afternoon.

Chen Dong was having a meeting with various people in charge of the company for the pre-sale of the property when he received a WeChat from Elder Long.

When he saw the content of the message.

Chen Dong's face instantly turned icy cold and his anger surged.

It made the air in the entire meeting room seem to freeze.

Xiao Ma and the others were all dumbfounded, no one knew what was happening, but everyone could feel that Chen Dong was pent up with a monstrous rage at this moment.

This tense state lasted for more than ten seconds.

“Phew

Chen Dong exhaled a long breath and reappeared with a smile, “Continue the meeting.”

Xiao Ma and the others were instantly relieved, but everyone was wondering in their hearts, what had happened to Chen Dong?

The meeting ended.

Chen Dong did not stay much longer, but left the company directly and took a car home.

On the way, his fists were clenched tightly and the veins on the back of his hands stood out.

There was even a torrent of anger raging in his eyes.

Was it humiliation?

Provocation?

Although he was completely over with Wang Nan Nan, Chen Tiansheng was clearly using Wang Nan Nan to slap him directly in the face by doing so.

As for saying true love?

Bullshit!

If Chen Tiansheng really likes Wang Nan Nan, that's weird!

It was true that the rich second generation fell in love with the Cinderella.

But the rich kid was Chen Tiansheng and the Cinderella was Wang Nan Nan, was it possible for them to be together?

Finally, the taxi arrived outside the villa.

When Chen Dong got out of the car, he saw Elder Long and Kunlun waiting at the entrance.

“Young master, they live in that villa next door.”

Kun Lun pointed to the villa next to him.

Chen Dong let out a cold laugh, “Got it.”

After saying that, he walked straight into the villa.

Kun Lun looked dumbfounded, “That’s all?”

Elder Long smiled, “Then what do you think, should you immediately go and demolish someone’s house? Or finish off Chen Tiansheng and Wang Nan Nan?”

Kunlun scratched his head, gave a naive laugh and said no more.

After returning home and making sure that there was nothing unusual about his mother, Chen Dong then breathed a sigh of relief.

He walked alone to the roof terrace and sat down on a chair, looking across the terrace.

Honestly, he had long been prepared in his heart to deal with Chen Tiansheng’s arrival.

He had even planned for the worst.

But how could he have not expected that Chen Tiansheng would actually live next door to him in such a way, and bring his ex-wife with him!

And while Chen Tiansheng was raging with anger, the Wang family, was a very different light.

Chapter 103

At this time, the Wang family was full of joy and laughter.

When Wang Nan Nan and Chen Tiansheng left Tianmen Mountain Villa in the afternoon, they did not go home immediately, but went shopping around first.

In Wang Nan Nan’s opinion, this was the first time that Tiansheng had visited her home.

She couldn't meet her parents without being solemn.

Luckily, Chen Tiansheng was also extremely generous, spending generously.

A hundred-year-old mountain ginseng, a hundred-year-old ganoderma lucidum, aged wine, and a jade bracelet for Zhang Xiuzhi.

All together, the gifts cost more than a million.

This made Wang Nan Nan smile, and she was even more certain that an encounter had led her to true love.

And when Chen Tiansheng roared into the Wang family's neighbourhood in his Lamborghini, it immediately drew the attention of the whole neighbourhood.

When Wang De and Zhang Xiuzhi saw Wang Nan Nan get out of the Lamborghini, they were stunned.

Although the couple did not know anything about cars, Wang Hao did.

At that time, Wang Hao said, "This car is at least five million dollars!" Wang De and Zhang Xiuzhi were so shocked that their brains buzzed.

Afterwards, Chen Tiansheng and Wang Nan Nan entered the house with a generous gift, placed the dazzling array of gifts on the table, and handed Zhang Xiuzhi a million dollar bank card.

One after another, like a big thunderbolt, boomed Wang De Zhang Xiuzhi and Wang Hao in disbelief, with a sense of unreality as if they were dreaming.

This feeling lasted for a whole afternoon.

It was only now that the sky had turned dark that the three finally accepted the reality.

That was Wang Nan Nan had found a super rich second generation!

Their Wang family, was going to get rich!

On the dining table, there were all kinds of mountainous and sea food laid out.

A table of dishes was a month's salary for Wang De.

But no one in the Wang family felt anything wrong.

Just kidding!

The gifts from Chen Tiansheng added up to over two million, so what was wrong with spending a month's salary to treat someone to a meal?

Whether it was Wang De, Zhang Xiuzhi or Wang Hao.

Their hearts were beating wildly with excitement and ecstasy.

Ever since Wang Nan Nan and Chen Dong divorced, the whole Wang family seemed to be in a state of turmoil, with chickens flying and bickering.

Now, with the arrival of Chen Tiansheng, it was as if the clouds had been lifted and the sky was clear.

Wang De and Wang Hao, and even Zhang Xiuzhi, drank a lot of the old wine Chen Tiansheng had bought.

The family held Chen Tiansheng in high esteem, and their words were full of flattery and praise.

The happy atmosphere made Wang Nan Nan's eyes well up with tears and her heart was incomparably moved.

The family that had been so noisy had now finally settled down.

She was now able to do something for the family, honouring her parents and helping her brother.

And all of this was given by Chen Tiansheng!

Thinking of this, Wang Nan Nan's body was weak and boneless as she rubbed into Chen Tiansheng's arms, her jade hand clutching Chen Tiansheng's hand as she softly whispered in Chen Tiansheng's ear, "Tiansheng, thank you really, you are the best gift God has ever given me."

"You are too." Chen Tiansheng smiled tenderly.

Soft and tender.

Looking at Zhang Xiuzhi, her eyebrows were raised and her mouth was grinning to the roots behind her ears, and her eyes were narrowed into slits.

Wang De also sighed repeatedly and smiled softly with his head bowed.

Even Wang Hao, as if he had forgotten the grief of losing Lin Xue'er just now, was full of excitement.

They believed that after Wang Nan Nan married Chen Tiansheng, their Wang family, would definitely go to the top of their lives.

Chen Tiansheng was able to give out a gift of over two million dollars on his first visit, and even if Wang Nan Nan casually helped the Wang family in the future, it would definitely be enough for them to live a lifetime of luxury.

“Tiansheng, don’t blame your aunt for talking too much, when you drove into the neighborhood this afternoon, the commotion was huge.”

Zhang Xiuzhi asked with a deliberate smile through her drunkenness, “At that time, I heard Xiao Hao say that your car was worth at least five million, is that true?”

“Auntie, you are Nan Nan’s mother, how could I blame you?” Chen Tiansheng smiled and shook his head.

This scene made Zhang Xiuzhi even happier.

Compared to Tiansheng.

What was that beast Chen Dong?

Only Tiansheng is my Zhang Xiuzhi’s good son-in-law!

In the next second, Chen Tiansheng said, “But that car is indeed not more than five million, but more than seven million.”

Boom!

Zhang Xiuzhi was struck by lightning and looked shocked.

Wang De, Wang Nan Nan and Wang Hao, did the same.

Chen Tiansheng smiled calmly and explained, “After all, there’s a bit of an addition or something, it’s not expensive.”

More than seven million, and it’s not expensive?

My goodness!

“My God, Brother Tiansheng, this is still not expensive?”

Wang Hao couldn’t really control it anymore, his lips trembling as he said, “That car of yours is enough to buy dozens of my Audis.”

“Audi?”

Chen Tiansheng frowned, his eyes a little gloomy, "How much is it?"

This scene made Wang Hao's heart twitch, did I say something wrong?

But he still said, "Over three hundred thousand."

Wang De and Zhang Xiuzhi also looked bewildered.

But Zhang Xiuzhi was quick to react and gave Wang Hao a fierce punch on the arm, "You kid, what are you talking nonsense about?"

Wang Hao was dumbfounded.

Wang Nan Nan even hurriedly tried to explain to Chen Tiansheng.

Although neither knew exactly what was wrong to make Tiansheng have such a look.

But since Tiansheng had revealed such a look, then it must be that Wang Hao was wrong!

But, not waiting for her to speak.

Chen Tiansheng suddenly laughed, "Xiao Hao, you are Nan Nan's younger brother, we are also a family in the future, you are also my younger brother, driving a 300,000 plus brother is too much for you, come with me tomorrow to buy a car, don't consider anything less than a million."

Boom!

Big thunder exploded in the Wang family's head.

One, one million?

Don't consider anything less than a million?

Goodness!

Wang Nan Nan's delicate body trembled, her body was burning, and her body wanted to rub into Chen Tiansheng's body.

Wang De's face was dumbfounded, his heart beating wildly, but the corners of his mouth unconsciously curled up.

Zhang Xiuzhi even put her hand under the table in excitement, scratching several bloody marks on Wang De's thighs fiercely.

The look she gave Chen Tiansheng was even more shining, and she could almost see the flowers.

“Brother Tiansheng, no, brother-in-law, are you, are you telling the truth?”

Wang Hao simply jumped up and grabbed Chen Tiansheng’s arm, asking excitedly.

Perhaps it was too hard, causing Chen Tiansheng to frown slightly.

Zhang Xiuzhi looked cross and picked up a chopstick and threw it at Wang Hao:
“Bastard boy, what are you doing?”

If it was the old Chen Dong, Zhang Xiuzhi would never have bothered with Wang Hao’s behaviour like this.

Even if Wang Hao had directly fought with Chen Dong, the Wang family would have definitely helped Wang Hao.

But now it was different, Chen Tiansheng was the golden tortoise son-in-law in Zhang Xiuzhi’s eyes!

And the super rich kind at that!

“Auntie, it’s alright.” Chen Tiansheng’s eyebrows were stretched and he said to Wang Hao, “Tomorrow morning at eight o’clock, I’ll pick you up, think about what kind of car you want to buy first, remember, nothing less than one million is allowed to be considered, it’s not worthy of you.”

“Okay, okay brother-in-law, thank you brother-in-law.” Wang Hao was so excited that his heart was about to jump out of his chest.

After having enough wine and food, Chen Tiansheng got up, “Uncle and auntie, it’s getting late, so I’ll take my leave.”

“Mom and Dad, Xiao Hao, I’m also leaving with Tiansheng.” Wang Nan Nan followed and stood up.

Zhang Xiuzhi hurriedly said, “Good, good, drive carefully on the road, Nan Nan you have to take care of Tiansheng.”

As she said this, she also winked at Wang Nan Nan.

Wang Nan Nan seemed to understand what was going on, her pretty face was scarlet and she scolded, “Mom, Tiansheng has been drinking and can’t drive, let’s take the car and go back.”

“Fine, fine, it’s getting late, go home now.” Zhang Xiuzhi urged.

“By the way, Mom and Dad, Tiansheng lives in the Tianmen Mountain villa area, I’ll pick you up sometime to play there.” Wang Nan Nan suddenly remembered and happily said to Wang De and Zhang Xiuzhi.

Boom!

Wang De, Zhang Xiuzhi and Wang Hao were once again struck by lightning and stood in place as if they were wooden chickens.

Thinking of the last encounter at the gate of the villa area, Zhang Xiuzhi suddenly I had a feeling of raised eyebrows.

Those dog security guards, now that my good son-in-law is living inside, next time I go there, I’ll see who else dares to touch me?

With this in mind, Zhang Xiuzhi nodded with a smile on her face, “Good, good.”

After Wang Nan Nan and Chen Tiansheng left.

Wang De suddenly spoke up, “Nan Nan has only known Tiansheng for a short while, so it’s not good to let her go along like this, is it?”

He was a teacher, so he would also consider the issue of saving face.

As soon as the words left his mouth, Zhang Xiuzhi gave Wang De a fierce pinch, “What the hell do you know? I’ve always dreamed of such a golden son-in-law, but should I not let Nan Nan watch him closely? What if he runs away?”

“Mom and Dad, I feel like I’m dreaming.” Wang Hao suddenly said.

“I feel like I’m dreaming too.”

Zhang Xiuzhi raised her eyebrows and asked Wang De, “Are you in pain?”

Wang De nodded his head.

Zhang Xiuzhi’s eyes glittered with longing, “Our family, it’s really going to be lucky, Nan Nan will definitely make our family rich and prosperous, Nan Nan is really my good daughter.”

Winner Takes All Chapter 104-106

Chapter 104

The night.

The Lamborghini was like yellow lightning as it sped down the road.

Wang Nan Nan is happy, like a spring breeze, relaxed in body and mind.

The presence of Tiansheng had made her feel at home again.

The nightmare of months had finally woken up.

Even, Wang Nan Nan was thinking.

Did God deliberately use those months of nightmares in exchange for the appearance of Tiansheng, sending Tiansheng to her side.

After all, through hardships, one can see the rainbow!

“Tien Tien, I love you.”

Wang Nan Nan said with heartfelt tenderness.

Chen Tiansheng drove without looking away, and responded under his breath, “I love you too.”

“Tonight I am yours.”

“You will always be mine.”

The tender words made Wang Nan Nan’s pretty face blush and drift away.

But she did not notice that the corners of Chen Tiansheng’s mouth were turning up, while his starry eyes were cold.

As far as he was concerned, as an elite member of the Chen family who held the world’s wealth, he was a strong contender to become the next family head.

There was never a shortage of beautiful women around him.

Wang Nan Nan was beautiful, but in Chen Tiansheng’s eyes, she was mediocre.

Those prettier than her, he had played with until he vomited.

If he didn’t want to deal with Chen Dong, he wouldn’t even look at Wang Nan Nan.

These thoughts were not known to Wang Nan Nan.

At this moment, Wang Nan Nan is just like sinking into love, full of longing and fantasy, wrapped in happiness and sweetness.

In the Tianmen Mountain villa area, the lights were brilliant.

As the city's number one district, even the night scenery is deservedly top of the list.

The lights are gorgeous, charming and colourful.

It was like a fairyland on earth.

It made Wang Nan Nan, who was riding in a Lamborghini, look mesmerised, this was her first night living in this rich neighbourhood!

“If that brute Chen Dong knew about it, he would be furious, right?”

“Chen Dong, what are you? With that little money of yours, you're not even worthy to carry the shoes of a natural born, you remember it was me who dumped you!”

“Chen Dong, when I meet you in the villa area with Tiansheng, will you be ashamed of yourself and want to find a hole in the ground to burrow into?”

The thoughts in Wang Nan Nan's mind changed rapidly, and she even made up a picture in her head of Chen Dong knowing all this, and she couldn't help but be even happier.

She was proud and had been surrounded by all kinds of praise since she was a child.

Even when she was married to Chen Dong, she was still a high and mighty queen.

But how could she have ever imagined that the few months after her divorce from Chen Dong would make her fall through hell.

The new lease of life after all these breakdowns, torture and despair made Wang Nan Nan impatient to go to Chen Dong to show how well she was doing!

However, she was in no hurry.

Everyone was in a villa area.

And they were all in the top villa area of Mid-Levels, so it was only a matter of time before they met!

The Lamborghini roared into the villa area and drove into the garage of the Mid-Levels villa.

Wang Nan Nan leapt out of the car, took Chen Tiansheng's arm and walked towards home.

All along the way, her face was full of happy smiles.

"Tiansheng, let's go to the roof terrace" A bold idea suddenly came to Wang Nan Nan's mind.

Moonlight.

The roof of the building.

No shade.

It's exciting to think about!

Nowadays, she enjoyed this excitement of being with Born.

"Sure."

Chen Tiansheng did not refuse.

It was already after ten o'clock at night.

It wasn't really late.

But for Li Lan, who was still slowly recuperating her body, an early rest was the greatest protection for her body.

Fan Lu also went to bed early because she had to take care of Li Lan.

On the villa terrace, Chen Dong was drinking a beer with Kunlun and Elder Long.

The breeze was brisk and the alcohol was in his throat.

The head was slightly drunk and it was most enjoyable.

"Young master, are you really not annoyed?" Kun Lun asked in dismay, holding a bottle of beer in his hand, through his slight intoxication.

"Angry."

Chen Dong narrowed his eyes and smiled, "Are you trying to ask why I can be so calm?"

“Kunlun,” Long Lao spoke up as a reminder as he had a shallow taste of beer and knew that Kunlun should not ask.

Chen Dong, however, raised his hand to stop Elder Long.

Such a thing, he did not mind and was aware that Kunlun would ask.

Seeing this, Kunlun then nodded his head and responded to Chen Dong’s enquiry.

Chen Dong laughed, “Stupid people are treated like instrumental people, yet they think that Heaven’s destiny is in place, how can I not be calm when I am a mere spectator?”

Elder Long frowned.

Kunlun was puzzled, “Then you are angry”

Chen Dong tilted his head to take a sip of beer and smiled spontaneously, “I hate that I am blind to meet an undesirable person, and I am angry at Chen Tiansheng’s mischievous heart.”

Kunlun and Long Lao looked at each other.

Was it really so?

However.

Just as Elder Long withdrew his gaze, a cold aura steeply exploded in his eyes, and his brows instantly wrinkled into a Sichuan frown.

This scene was clearly captured by Chen Dong and Kun Lun.

Both of them were puzzled at the same time.

Since Chen Dong had his back turned, when he turned his head, Kun Lun, who was facing the direction Elder Long was looking, had already seen the opposite situation.

“Slot! Gan Lin Niang!”

Bang!

Accompanied by a furious curse from Kun Lun, the bottle in his hand fiercely clipped the table, and because of the force, the beer bottle exploded with a loud bang.

At the same time.

Chen Dong also turned around and saw the terrace of the villa opposite.

A chill instantly appeared on his face.

His eyes were tossed with anger.

According to reason, the privacy of the villa was excellent and it was almost impossible to peep into the villa.

However, the terrace of the villa opposite was not very private.

Although the light was dim, two large living people could still be seen.

And, it was not difficult to see the faces.

Under the dim light, Wang Nan Nan and Chen Tiansheng were hugging each other.

They were in love.

But with the movement of Kunlun dropping the bottle, the two looked towards this way at the same time.

In an instant.

Wang Nan Nan and Chen Tiansheng locked eyes with each other.

With a “boom”, an explosion sounded in Wang Nan Nan’s head and her delicate body trembled.

When she had returned just now, she had expected to meet with Chen Dong.

But she did not expect it to be so soon!

Moreover, it was right next door!

Two villas next to each other!

After the shock, Wang Nan Nan’s heart suddenly sped up.

Smug, excited complex emotions rose up.

As if she was a proud peacock, she intimately took Chen Tiansheng’s arm and walked to the edge of the terrace, slightly tilting her head and smiling proudly, “Chen Dong, you are actually here, what a surprise to me, let me introduce to you, this is my boyfriend, Tiansheng.”

Chen Tiansheng did not say anything, he just pushed his glasses, smiled blandly and nodded his head in greeting.

On Chen Dong's side, the three did not reveal Chen Tiansheng's identity either.

Elder Long looked sullen.

Kun Lun was even more furious, his eyes almost eating people.

Chen Dong was the only one who was cloudy and calm, with no waves in his eyes.

"You didn't expect it, did you? I would be here? Let me tell you, Born is a thousand times better than you, ten thousand times better, you are not even worthy to carry his shoes." Wang Nan Nan was full of arrogance and her words were sarcastic.

She was all about showing off.

She just wanted to make Chen Dong ashamed of himself.

She just wanted Chen Dong to know that she, Wang Nan Nan, had a better life than him!

But.

"Oh." Chen Dong faintly responded.

Wang Nan Nan was confused.

It wasn't supposed to be like this!

He wasn't supposed to be this calm!

Was it not exciting enough?

In the next second, Wang Nan Nan suddenly shouted, "Tiansheng!"

"Eh?"

Chen Tiansheng subconsciously turned his head.

In a flash, Wang Nan Nan stood on tiptoe and her red lips landed on Chen Tiansheng's lips, hot as fire.

Chen Tiansheng rubbed his nose and laughed oddly, "Screwing broken shoes, it's quite energetic."

One word came out.

Chen Tiansheng and Wang Nan Nan's bodies trembled and froze at the same time.

Chapter 105

Followed closely by.

Chen Tiansheng's eyes under his glasses surfaced with rare anger.

Wang Nan Nan even left Chen Tiansheng's red lips, her anger tumbling.

The night breeze was slightly cool, but it could not cool the raging anger of the two.

Only, by the time Wang Nan Nan looked angrily across to the villa.

Chen Dong and Long Lao Kunlun had already left.

Wang Nan Nan's red lips were red, and a wave of anger rose up as if the river had broken.

It shouldn't be like this!

Why was this happening?

She had envisioned countless images in her mind of Chen Dong being infuriated, but she had never imagined that Chen Dong would be so calm as to just say such a sentence!

The disdain and contempt in that tone of voice, on the contrary, made the person who was annoyed and angry, become her!

"You go down first."

Chen Tiansheng's voice was somewhat cold as his gaze looked towards the villa terrace opposite.

Wang Nan Nan was stunned for a moment, but didn't retort, nodding her head, she went downstairs in a docile manner.

With Chen Tiansheng's words just now, it was like a thorn stuck in her heart.

She no longer wanted to be irritated with Chen Tiansheng, she simply didn't have the heart to do so.

After Wang Nan Nan left, Chen Tiansheng slowly pushed the glasses on the bridge of his nose.

Under the dim light, anger finally surfaced on his ancient wellless face, as if it was a cold winter month, with an endless coldness emanating from all over.

“I wanted to trample on your dignity and make you angry with this, but I didn’t expect you to be so calm, it’s not unfair at all for Tian Yang to be planted in your hands.”

With that, Chen Tiansheng laughed coldly, rubbed his temples and turned around to walk downstairs.

As he walked, he murmured, “The tool man is useless too, ah.”

Inside the villa.

Because of Wang Nan Nan’s incident, Chen Dong’s drunkenness had also disappeared.

However, at this moment, he was still calm enough to make Elder Long and Kun Lun smack their lips.

Kun Lun could not hold back any longer and said in a deep voice, “Young master, I can help you, I also helped Chen Tiansheng optimise his fighting skills.”

Killing people is just a headache.

Why insult another man’s wife?

Kunlun knew that Chen Tiansheng was vengeful and would inevitably come for Chen Dong, but he did not expect to humiliate Chen Dong in this way.

“Kunlun, do not be disrespectful!”

Long Lao let out a clear cry and said to Chen Dong with a frown and a sullen face, “Young master, do not become enraged, you must be calm.”

“I know.”

Chen Dong revealed a small smile, “Although I don’t know why he used such a vicious way, he must be trying to provoke me before he can achieve his goal.”

Elder Long frowned and lowered his head in contemplation.

Chen Dong’s reaction had surprised him, and Chen Dong’s words had also reminded him.

Chen Tiansheng was meticulous and extremely deep, so if he was merely using the fact that Wang Nan Nan was Chen Dong’s ex-wife to humiliate Chen Dong, it was obviously too pedestrian.

One step, three calculations, this was the Chen Tiansheng that Long Lao knew in his heart.

Suddenly, Elder Long's body trembled and a sharp aura exploded in his eyes.

"Chen Tiansheng, what a ruthless calculation!"

"Eh?"

Chen Dong and Kun Lun looked towards Elder Long at the same time.

Elder Long's chest rose and fell as he took several deep breaths, clearly suppressing the anger in his heart.

Only when he had calmed down a little did he slowly say, "The Chen family holds all the power and wealth in the world, and the members of the family are branching out and have complicated factions, so in order for the Chen family to continue, the Chen family's old ancestors set up the family tree and family rules a long time ago."

Chen Dong's expression was frozen, this move of Chen Tiansheng was afraid that it was related to the family rules that Elder Long was talking about!

Elder Long's voice was low as he squeezed the words out from between his teeth.

"One of the family rules is to prevent the members of the family from fighting and causing internal strife in the Chen family, affecting the prosperity of the Chen family."

"What family rule?" Chen Dong asked.

"No Chen family member may harm a family member of the same clan, otherwise they will be expelled from the Chen family, the family tree will be removed, and even if they are one of the heirs, they will lose their status as an heir."

This punishment could not be considered heavy.

"Elder Long, how come I didn't know?" Kun Lun was filled with shock.

Elder Long gave him a cross look, "You and I are both family slaves, do we not have the authority to understand such family rules? If I hadn't followed the family head back then and had that merit of being a follower of the dragon, I wouldn't be qualified to know about it!"

The family rules were related to the qualifications of family members and even the selection of the successor.

It was true that ordinary family slaves were not qualified to know them.

However, Elder Long's words caused Chen Dong's brows to furrow as he puzzled over it.

If this family rule existed, then Chen Tiansheng's purpose of using Wang Nan Nan to try to provoke him would have been served.

But he was puzzled by the fact that he had done the same thing!

"Elder Long, what about the time I broke one of Chen Tianyang's legs." Chen Dong asked, "If I follow this family rule, I will be directly disqualified as an heir, no, I should be directly expelled from the family tree."

Elder Long gave an odd smile, "Think carefully really the same?"

Chen Dong's expression froze.

Suddenly, he snapped out of it.

Last time at the Taishan Hotel, the reason why he had made a move with Chen Tianyang was entirely because of Gu Qingying.

Chen Tianyang had counted on Gu Qingying before he had made his move, and had lost the fight, and it was also Kunlun who had finally broken Chen Tianyang's leg!

Although the former and Chen Tianyang's reckoning may seem the same, they are completely different in nature!

Wang Nan Nan was indeed his ex-wife, but with their divorce, they were essentially two unrelated people.

Chen Tiansheng used his "ex-wife" to trample on his dignity, provoke him, and then take action, hurting Chen Tiansheng, that would be a violation of the family rules!

Seeing Chen Dong's reaction, Elder Long smiled: "The matter of Chen Tianyang was investigated by the family, and it was Chen Tianyang who first acted out, and it was Kunlun who did it.

After a pause, the smile on Elder Long's face disappeared: "It was fortunate that you were calm just now, otherwise even if Kunlun had made the move, the young master would not have been able to escape this family rule and the old master would not have been able to take sides."

"When those at home bite the bullet about the family rule, the young master will definitely be expelled from the family tree, breaking the thoughts of the old master."

Chen Dong smiled bitterly.

The reasoning was like this.

But he was just a “wild child” in the eyes of the Chen family, not even in the family tree.

It was just a way to break the desire of his father, whom he had never met, so that even if his father wanted to help him to the top, he would have to give up.

In the Chen family, apart from his father, I guess no one else would think highly of him as a “wild child”, right?

“This Chen Tiansheng is so ruthless in his calculations, he doesn’t need a knife to kill.”

Kun Lun sighed repeatedly.

Elder Long also said in a deep voice, “Although he is malicious, Chen Tiansheng’s city is indeed so unfathomable.”

Chen Dong suddenly smiled, “This family rule, what if I were to use it?”

Long Lao looked choked, then said grimly, “Young Master is afraid that it cannot be done.”

“Slot!”

Chen Dong had expected this, but he still could not help but curse.

Kunlun was righteously indignant, “Then isn’t it true that Young Master can only be counted on by Chen Tiansheng, but cannot return the favor with his own?”

He did not wait for Elder Long to speak.

Chen Dong then squeezed out a bitter smile and patted Kun Lun’s shoulder.

“It is already the limit for me to be qualified to compete for the successor as my name is not right, so even if I am indignant, I have to swallow this anger.”

Chapter 106

The strong helplessness in his tone made Elder Long and Kunlun stifle their wrists.

The word birth is like an iceberg on the surface of the sea.

You think it is small and insignificant.

But you don’t know that hidden beneath the surface of the sea, unnoticed, is a behemoth.

“Besides, it’s true that you can kill without a sword.”

Chen Dong suddenly laughed.

This caused Elder Long and Kunlun to be startled.

However, Chen Dong did not explain and went straight back to his room.

“Elder Long, does Young Master mean that he has a plan?” Kun Lun asked.

With a smile on his lips, Elder Long nodded and laughed softly, “The more my old slave looks at it, the more he thinks how similar the young master is to the old master back then.”

The night went on without a word.

When the sun rose again, the villa where Chen Tiansheng was staying was filled with a lot of people.

In the villa where Chen Tiansheng was, it was cold and heartless.

Snap!

Chen Tiansheng threw his robe onto the still sleeping Wang Nan Nan: “Get lost.”

The events of last night had left both of them out of mind, and even if Wang Nan Nan had the intention to share a bed, she was refused by Chen Tiansheng.

The two were sleeping in separate rooms.

The sleeping Wang Nan Nan woke up with a start and looked at Chen Tiansheng blankly, “Tiansheng you, what’s wrong with you?”

“I told you to get lost.”

Chen Tiansheng looked cold, and his tone was like the cold wind blowing from the depths of the ninth heaven.

Wang Nan Nan was confused.

She didn’t know what was going on!

But Chen Tiansheng’s change made her feel as if she was a different person!

Yesterday, he was still in love with me, but today he is suddenly like this?

A disappointed Wang Nan Nan suddenly became frightened.

Without bothering to get dressed, she rolled and crawled from the bed to Chen Tiansheng's feet and hugged his legs: "Tiansheng, why have you suddenly become like this? What have I done wrong? You tell me, I'll change, I'll definitely change."

Having experienced hell, she flew up to heaven.

Wang Nan Nan died rather than go back to hell.

The encounter with Chen Tiansheng had changed everything for her, and in just two days, it was what she considered the happiest time of her life.

If she lost Chen Tiansheng, she could not imagine what her life would be like!

She couldn't give up, and she didn't dare give up!

Even if she had to put down her dignity and give up everything, she would have to stay with Chen Tiansheng.

"You haven't done anything wrong, but I'm asking you to get lost." Chen Tiansheng kicked Wang Nan Nan away.

It was cold, as if he had kicked away a dead dog.

That was exactly the truth, since Wang Nan Nan was useless, then why did he still stay around?

He was never short of beautiful women around him, and as long as he was willing, there were countless women who wanted to warm his feet every night.

"Don't, Born, don't abandon me, I was wrong, I was really wrong"

Wang Nan Nan cried in fear, even if she didn't know why, she subconsciously felt that she had done wrong and flung herself next to Chen Tiansheng to beg for forgiveness.

Bang!

Chen Tiansheng kicked Wang Nan Nan away: "You are just a tool person, I never lack women around me, better looking than you like a carp in the river, you think I will keep you?"

Having seen a swan, one will never stay with a chicken.

This was exactly what Chen Tiansheng was thinking at this moment.

It was true that Wang Nan Nan was beautiful, but Chen Tiansheng had seen more beautiful women than Wang Nan Nan since he was a child, and there were plenty of them.

“Impossible, Tiansheng, you weren’t even like this yesterday, why have you suddenly become like this?”

Wang Nan Nan was going crazy, crying pearly tears, but she still couldn’t stop the thought of hugging Chen Tiansheng’s thigh, she was simply humble to the extreme: “Yesterday you still said you would love me forever, you even bought so many things for my house and spent so much, I don’t believe you don’t love me anymore, you must still love me right?”

“Heh!”

Chen Tiansheng snorted, leaned down, lowered his head and stared at Wang Nan Nan indifferently, “I spent a few million to play with you just for fun, a mere few million is nothing to me, money is nothing but numbers in my eyes.”

With that, he kicked Wang Nan Nan in the shoulder, “If this is love, then I have spent tens of millions for other women, and she had to kill herself in front of me?”

Wang Nan Nan froze.

She crumpled to the ground, tears streaming down her face.

A few million, just for fun?

Was that all?

Seeing Chen Tiansheng turn to leave, a thought suddenly popped into Wang Nan Nan’s head, as if a dying man had grabbed the last straw to save his life.

Yes, death!

By dying, we can definitely redeem Tiansheng!

Thinking of this, Wang Nan Nan turned around like a madman and lunged to the bedside, picking up the beautiful ceramic cup and shattering it with a snap, clutching a piece of porcelain and pressing it against her throat.

“Born, if you abandon me, I’ll really die in front of you!”

Because of the excitement, Wang Nan Nan’s hand was cut and bled by the porcelain piece, and blood was also seeping from the top of her throat.

Chen Tiansheng turned around and saw this scene and frowned slightly, revealing a look of disgust.

“You can die if you want, but don’t dirty the place, I’m staying in this villa for a long time, the floor is covered with Persian carpet, 300,000 a metre, it’s troublesome to clean it if it gets dirty.”

Boom!

Wang Nan Nan was struck by lightning, Chen Tiansheng’s words completely crushed her into the abyss of despair.

I can’t compare to a piece of carpet?

Just how desperate was this person to say such words?

“Besides, your life, in my case, is worth nothing, not to mention your suicide, even if I kill you, I can still be safe and sound.” Chen Tiansheng’s words were permeated with endless coldness.

“Huh

Wang Nan Nan completely collapsed, dropping the porcelain piece and getting up to angrily stare at Chen Tiansheng, crying and howling, “Tiansheng! It was me, Wang Nan Nan, who was blind, it was me who misjudged the person, I had thought I had met true love, you

“MD!”

Chen Tiansheng cursed in disgust, he hated such broken thoughts from women.

Solely, he directly left the room.

Wang Nan Nan cried and howled in despair, cursing and venting angrily.

At this moment, she had the feeling that her dreams were shattered and the sky had collapsed.

This was even worse than killing her!

On the other side.

In the villa dining room.

Early in the morning, Chen Dong’s few people were all sitting happily at the dining table, eating breakfast.

Although the villa was private, it was impossible to close off all sounds.

Hearing Wang Nan Nan's heart-rending cries coming from the villa next door.

Chen Dong and the others stopped at the same time.

"Dong'er, why does it sound like Wang Nan Nan's voice to me?" Li Lan frowned in confusion.

Chen Dong, however, did not answer.

The Wang family, after all, had paid the price for their unsightly eating.

This was also considered evil, right?

He just did not expect that Chen Tiansheng would be so quick and decisive.

This gave him a new understanding of Chen Tiansheng.

Not only was he extremely deep and calculating at every step, he also acted ruthlessly and decisively.

Such a person, even he, had scruples in his heart.

"Young master, have you felt the might of your opponent?" Elder Long asked with a wry smile.

Chen Dong rubbed his nose, "Very strong!"

Without waiting for Elder Long to speak, a blazing battle intent suddenly gushed out from Chen Dong's eyes.

"As strong as it is, the winner is the king and the loser is the knave, without a contest, it is hard to say who is the king and who is the knave!"

Winner Takes All Chapter 107-108

Chapter 107

Wang Nan Nan returned to the Wang family in despair.

At this moment, she was like a phoenix that had lost its hair, her dreams shattered and the sky collapsed, even worse than before.

The door opened.

She was greeted by her parents' cheerful smiles, and Wang Hao, who had already dressed up in a suit and was spotlessly clean.

"Sister, let's go, let's go with brother-in-law to buy a car." Wang Hao said excitedly as he pulled Wang Nan Nan's hand.

He hadn't slept all night last night, and the words Chen Tiansheng had said were always in his head.

"Don't consider a car that is less than one million!"

A million dollar luxury car, Wang Hao had never dared to dream of driving one in his life, but it was the appearance of his future brother-in-law that gave him this opportunity.

After tossing and turning all night, Wang Hao finally finalized the few models he wanted to see.

The thought of driving a million-dollar luxury car and waving it around made Wang Hao's heart thump wildly.

As for his Audi car, he also thought about it and gave it to his dad as a substitute car.

"By the way, Nan Nan, where is Born?"

Zhang Xiuzhi raised her eyebrows to look behind Wang Nan Nan and said with a smile, "Can you talk to Tiansheng later and let us tag along to help Xiao Hao choose a car?"

"Mom, why are you guys going along, you don't know anything about cars." Wang Hao was a bit disgusted.

"Mom doesn't know anything about cars, but can't she go along and join in the fun?"

Zhang Xiuzhi raised her eyebrows and said, "My baby daughter has made it big, she found a golden turtle son-in-law and is buying a luxury car for my son.

It was true that she didn't know anything about cars, but she loved to save face.

The thought of going to a luxury car shop and being flattered by the salesperson made Zhang Xiuzhi feel a little fluttery.

She had only seen such images on television before.

Wang De, who wanted to say something, tried to persuade her but held back, knowing that it was impossible to stop Zhang Xiuzhi from making a splash.

But, none of the three noticed how downcast Wang Nan Nan looked at the moment.

The laughter, when it reached Wang Nan Nan's ears, was like a red-hot knife poking at her heart.

Luxury cars?

The limelight?

She looked at her mother with red eyes, suddenly disgusted by her mother's face, the face of the poor and the rich who want to save face.

Without more words, Wang Nan Nan lowered her head, directly swept past her parents and Wang Hao, and walked into the bathroom.

Clattering

Inside the shower head, the water flowed like a waterfall falling down.

The slightly cold water instantly wet Wang Nan Nan's entire body.

Wang Nan Nan was in a trance as she slowly took off her wet black Chanel long dress and applied shower gel all over her body, then she picked up the brush she normally used to brush her clothes and brushed her body fiercely.

Swish swish swish

While brushing fiercely, her red eyes cried and she murmured softly, "Dirty so dirty so dirty"

The delicate skin was soon dripping with blood as the brush swished out a trail of blood.

Just by the water, the crimson blood also faded.

Wang Nan Nan's willow brows were furrowed, as if she was unaware of the pain, and while brushing, she murmured hysterically.

Outside the bathroom.

Zhang Xiuzhi and Wang De and Wang Hao were all dumbfounded.

Listening to the sound of the rushing water in the bathroom, the three were all at a loss.

"Didn't we say we were buying a car? Why is it that as soon as sister returns early in the morning, she takes a shower?" Wang Hao puzzled.

Zhang Xiuzhi and Wang De looked at each other.

Knock, knock!

Zhang Xiuzhi slammed the door twice, "Nan Nan, when are you going to finish washing? Xiao Hao is still waiting to buy a car."

Inside the bathroom, the sound of water running echoed, but there was no answer from Wang Nan Nan.

Zhang Xiuzhi frowned tightly and was about to continue tapping on the door, but was stopped by Wang De.

Wang De frowned and called out softly, "Nan Nan, is something wrong?"

The words had not yet fallen.

In the bathroom, there was a sudden cry of misery from Nan Nan.

This was followed by heart-breaking cries of pain.

"Fake, everything is fake!"

"There's no luxury car, there's no luxury car!"

"Born to cheat me, he doesn't want me anymore."

.....

Along with the painful sobs, Wang Nan Nan spilled the truth.

Boom!

Outside the door, an explosion went off in Wang De Zhang Xiuzhi and Wang Hao's heads.

How could it be?

Wasn't it all fine yesterday?

How could it turn out like this overnight?

"Sister" Wang Hao was the first to react, "Did you mess with my future brother-in-law, he won't buy me a car anymore, what am I going to do in the future?"

A word that instantly made Zhang Xiuzhi explode.

Wang Hao had not slept all night, why hadn't she?

The thought of living a luxurious and wealthy gold worshiping life soon, Zhang Xiuzhi was so excited that she couldn't bring herself to do it, how dignified should she be in front of her friends and family in the future?

Bang Bang Bang

I order you to apologize to Tien-Tien immediately!"

The words were sharp and harsh.

There was no more of the kindness of last night or earlier.

"Why does it have to be my fault? You're my mother, just because he's rich and he abandoned me, it's my fault?"

In the bathroom Wang Nan Nan let out a cry of pain.

"Hey yo, I'm educating you, and you have a point?"

Zhang Xiuzhi did not have the slightest idea of stopping, crossed her arms and shouted, "A person born with the intention of giving away millions on his first visit would abandon you? You must have done something wrong to provoke him, you get my good son-in-law back to me, or I will die at home today!"

A threat!

At this moment, Zhang Xiuzhi's thunderous fury exploded.

All the longings that would have been dreamed of without her birthright would have been shattered.

She loved face the most and had everything ready to show off after living in the Tianmen Mountain villa, and now she had no chance?

"A few million? A few million is a bullshit thought! He doesn't care about a few million! Mum, do you care about me, or do you care about money?"

Zhang Xiuzhi raised her eyebrows, "Of course I care about the money, I gave birth to you, do you really want to lose money?"

"That's enough, you're going too far!" Wang De couldn't stand it and spoke out to stop it.

But Zhang Xiuzhi slapped Wang De on the chest: "Now it's Wang Nan Nan who has done wrong, and I can't teach her as a mother?"

“Wrong? It is wrong! Blame me for not licking well enough and not letting him play comfortably, do you think that’s the reason?”

In the bathroom, Wang Nan Nan suddenly stopped crying, “This life, I’ve had enough!”

Bang!

There was a loud bang and the only sound left in the bathroom was the sound of running water.

“Nan Nan

Wang De was startled and hurriedly yanked Zhang Xiuzhi out of the way and yelled to Wang Hao, “Wang Hao, bang the door open!”

Wang Hao had long been stunned by his mother’s reaction.

In a panic, he fought to kick the door open with a bang.

On the ground, the water flowed mixed with faint fresh blood.

And Wang Nan Nan was covered in blood, and her head was gurgling with blood.

“Ah!”

Wang Hao was so frightened that his face turned white and he couldn’t help but scream out.

Wang De and Zhang Xiuzhi were also startled at the same time, and when they came up to take a look, their faces changed dramatically.

“Ah!”

The house echoed with the family screaming in terror.

Chapter 108

Noon.

Chen Dong was busy in his office.

Xiao Ma walked in, “Brother Dong, a man sent a note from the security guard.”

Chen Dong took the note, opened it and frowned at once.

The content of the note was simple.

“Meet me at the cafe downstairs.”

What really made Chen Dong frown was the person who addressed the note: Chen Tiansheng.

“Brother Dong, who is it?” Xiao Ma asked curiously when he saw Chen Dong's ugly face.

Chen Dong tore off the note and threw it into the trash, “A dog.”

After saying this, he got up and headed out.

It was not a good thing that Chen Tiansheng suddenly wanted to see him.

The weasel was worshipping the chicken, no good intentions.

However, Chen Dong did not have the idea to avoid seeing him, the two of them were going to walk into the ring after all, it was a battle of either you die or I die.

It was at the end of the day at noon.

The cafe downstairs was full of people.

When Chen Dong walked into the cafe, he caught a glimpse of Chen Tiansheng who was sitting in the corner by the window.

Chen Tiansheng sat quietly in his chair, his eyes deep as he looked out at the flow of people on the street outside, his right hand holding a spoon as he gently stirred the steaming coffee in his cup.

It was just like the crowd around him.

But who would have thought that such a man would be a candidate for succession to the Chen family, which holds all the power and wealth in the world?

“You're looking for me?”

Chen Dong walked over and sat down directly.

Chen Tian vividly did not move, calmly looking out, the corners of his mouth curled up into a smile, “I found that there are quite a lot of beautiful women in this part of your company.”

Chen Dong frowned.

Following closely, Chen Tiansheng raised his finger and pointed outside, "Look at that one, long legs and thin waist, tsk not bad."

Saying that, he shook his head, "It's just not challenging, I'll spend a couple of million and I'll be able to smash her lying down."

"That's all you're saying?" Chen Dong was impatient.

Chen Tiansheng turned his head, smiled at Chen Dong and took a mouthful of coffee, before revealing an apologetic look.

"Sorry, I didn't know beforehand that Wang Nan Nan was your ex-wife."

"Heh!"

Chen Dong snorted a laugh.

Chen Tiansheng leaned back lazily in his chair, "So, to show my apologies, I've chucked her out."

"And then what?" Chen Dong frowned at Chen Tiansheng.

Chen Tiansheng's eyes flickered for a moment, before returning to calm in an instant.

Suddenly, he smiled, "You're right, she's a broken shoe, no screwing around, and too much of a fall from grace for me."

Chen Dong looked calm and looked at Chen Tiansheng in silence.

Facing Chen Dong's gaze, Chen Tiansheng still smiled on the surface, but the thumb holding the spoon was unconsciously harder.

"Phew"

Chen Dong exhaled a breath, "If that's all that's being said, then I'll take my leave first."

After saying that, he got up and was about to leave.

"What do you think, what will her family be like when she returns home?"

Chen Tiansheng smiled, his eyes shrewdly flashing, "Look, how much I take care of you, at first you couldn't do something so crisp and decisive to their family, right? I did, I'm showing you a demonstration."

Demonstration?

Chen Dong paused in his steps.

He looked furious.

The fierce light in his eyes flashed.

He and Wang Nan Nan had long since severed their ties, and they were not to blame.

Even if the Wang family had repeatedly pestered him, he had not pursued the matter, not because he was soft-hearted, but because he felt it was unnecessary.

It was only when it hurt his mother that he fought back angrily.

But what about Chen Tiansheng?

Just to humiliate him, he had outlined a dream of paradise for the Wang family.

Killing a man is but a headache, and a broken dream and a collapsing sky are even more deadly.

If you don't ever intend to give each other light, don't bring people out of the darkness and see the light.

What's more, with the way the Wang family was eating, such a move by Chen Tiansheng was simply more ruthless than lynching their family!

Taking a deep breath.

Chen Dong forced down the anger in his heart and took a step towards the outside.

Looking at Chen Dong's back, a confident smile finally surfaced on Chen Tiansheng's face as he murmured softly, "I thought you wouldn't be angry."

Snap!

He snapped his fingers and called for the waitress.

Looking at the petite, pretty-looking waitress, Chen Tiansheng pushed the glasses on the bridge of his nose and put the purple and gold flower bank card into the waitress's tray.

Then he gestured for the waitress to come closer and whispered close to his ear, "Stay with me for one night and I'll give you one million!"

The waitress's delicate body trembled, and her fair and pretty face was steeply red to the point of oozing blood.

But she did not make a sound, looking at Chen Tiansheng with a terrified expression.

“You’re a fledgling, I can see that, one million won’t do, two million.” Chen Tiansheng leaned back in his chair, his eyes full of askance, as if he was an emperor sitting on a throne.

The waitress’s eyes flashed, her hands clenched, and her teeth clenched her red lips.

“Three million!” Chen Tiansheng said.

The waitress’s delicate body trembled and she lowered her head, saying in a voice as low as a mosquito’s, “..... good.”

.....

Chen Dong, who had left the cafe, did not have lunch.

Instead, he returned to the company office in a distraught state.

Chen Tiansheng’s sudden arrival was like a thorn in his heart.

He was not a character who dragged his feet, nor would he have been haunted by the incident with Wang Nan Nan.

Rather, after what he experienced last night, it had shown him the city of Chen Tiansheng.

So, he was distracted by the purpose of Chen Tiansheng’s visit!

This state of affairs continued until three o’clock in the afternoon.

When Xiao Ma walked into the office, Chen Tiansheng glanced up and noticed that Xiao Ma’s face was extremely ugly.

“What’s wrong?” Chen Dong asked.

Xiao Ma looked gloomy and frowned: “Brother Dong, do you still remember the foreign material supplier that Zhou Yanqiu helped to hook up with?”

Chen Dong nodded his head.

“They called just now and will stop supplying us and are willing to compensate for the breach of contract.” Xiao Ma said.

Chen Dong’s distraction calmed down instantly.

Pop!

The pen in his hand was broken by his thumb.

“Is the purpose of your visit, to declare war?”

Chen Dong laughed coldly, “Mr Zhou is so quick, to fall back on you, how much benefit did you give him?”

“Declare war? Turning against you? Brother Dong, what exactly has happened?”

Xiao Ma was full of doubts, and with Chen Dong’s words, it was obvious that he knew the original story.

“Nothing, you can go out first, Yingli building materials side will continue to supply us.” Chen Dong waved his hand and said.

Even Zhou Yanqiu had fallen on his sword, and he did not doubt for a moment that the city would again stage the kind of drama that had occurred when all the material dealers had joined forces to boycott Dingtai.

But the good thing was that Gu Qingying was the boss of Yingli Building Materials, and with Yingli Building Materials around, Dingtai’s project would not come to a halt.

“But then, we’ll have to slow down the progress of the project.” Xiao Ma said.

Several material dealers are supplying together, which has allowed Dingtai’s shantytown renovation project in the west of the city to take off.

It’s like several water pipes filling a pond together, and now that only one pipe is left after being pinched off, it’s slow going trying to fill the pond.

“It’s alright.”

Chen Dong waved his hand and gestured for the pony to go out.

When the pony left, a helpless look suddenly appeared on his calm face.

The word “birth” could really crush people na!

At that very moment.

The mobile phone WeChat rang.

Chen Dong picked it up and took a look, his helpless and frustrated mood suddenly lifted.

The WeChat was from Gu Qingying.

“Chen Dong, I will be returning to China next month, in addition, my parents also want to meet you.”

Chapter 109

The week after.

For Chen Dong, it was simply calm and quiet.

The only ripple was also one he had anticipated earlier.

The city's material merchants once again joined forces to boycott Din Tai.

Last time, it was Zhou Yanqiu who stepped in to help Dingtai through its difficulties, while this time it was Zhou Yanqiu himself who took the lead.

Within a short period of time, Chen Dong had never thought that the material merchants would loosen their grip on the boycott.

The good thing was that there were still Yingli building materials supplying Dingtai, which kept the shantytown renovation project in the west of the city, from coming to a halt.

Chen Dong also did not intend to shelve the pre-sale of three properties at the same time.

What he needs now is capital to leverage bigger projects.

Moreover, since Chen Tiansheng had declared war, he had let Zhou Yanqiu point his sword at his throat.

If the delay continued, according to the long construction period of the shantytown renovation project in the west of the city, who knows what else Chen Tiansheng could do?

On the other hand, Lijin Hospital.

Inside the ward, the atmosphere was heavy.

Wang Nan Nan is not dead, she was rescued and woke up a long time ago, with gauze still wrapped around her forehead, but her mind is a bit dazed.

Lying on the hospital bed, she stared dully at the ceiling daily, occasionally murmuring in pain with tears, "Dirty dirty"

This scene, let the accompanying care of Wang De heart like a knife.

Since that day when Wang Nan Nan broke down and committed suicide, the family has also finally calmed down.

As a father, Wang De couldn't imagine how devastated Wang Nan Nan was that day.

Even Wang De didn't know what had happened to the family to make it the way it was.

What kind of sins had been created?

Looking at Wang Nan Nan, who was murmuring on the hospital bed, Wang De's eyes turned red and his hands trembled as he tried to touch her with pain.

But before he could do so, Wang Nan Nan's body trembled and she suddenly curled up into a tight ball, shivering.

This scene caused two tear marks to hang on Wang De's tired face.

Snap!

The door to the ward opened.

Zhang Xiuzhi and Wang Hao walked in.

Wang De hurriedly wiped away the tear marks on his face, but he was still seen by Zhang Xiuzhi.

Zhang Xiuzhi rolled her eyes and complained, "Useless coward, like a pussy, crying and crying."

Wang De had a depressed heart and a gloomy expression.

Following closely, Zhang Xiuzhi pointed to Wang Nan Nan on the hospital bed and said indifferently to Wang Hao.

"Little Hao, don't you tell your sister to get up and eat yet?"

Wang Hao's lips were noisy, but he still couldn't help saying, "Mom, sister is already like this, you should speak gently."

"Gentle, my ass! If it wasn't for this dead girl, our family would be like this?"

Zhang Xiuzhi glared at Wang Hao in annoyance, "Now it's better, she's hysterical all by herself, causing the whole family to surround her, what kind of sins did I make in my last life?"

Divorced from Chen Dong and abandoned by Chen Tiansheng.

She had the chance to become a rich wife, and twice!

But Wang Nan Nan had lost them all!

Having been poor and miserable for most of her life, Zhang Xiuzhi had always cowered before the Wang family and her mother's relatives, holding her tongue, but she was counting on her daughter finding a rich man to turn her life around!

Wang Hao wanted to say something but stopped, carried the thermos bucket and sat down next to Wang Nan Nan, saying softly, "Sister, it's time to eat."

Wang Nan Nan, who was tightly curled up into a ball, suddenly trembled and her red eyes glared round.

Suddenly, as if she was electrocuted, she popped up and hugged Wang Hao.

"Brother, brother is not afraid sister is in sister will definitely help you"

The sudden scene scared Wang Hao with a scream.

Wang De, who was on the side, was also caught off guard.

It was Zhang Xiuzhi who reacted quickly.

Quickly stepping forward, her features fiercely scowled as she lifted up and slapped Wang Nan Nan's face, "Let go of Xiao Hao for me!"

The slap was crisp and loud.

Wang Nan Nan's head tilted and fingerprints steeply surfaced on her pretty face.

"Mom, what are you doing?" Wang Hao was terrified.

Before the words left his mouth, Wang Nan Nan, who was hugging him tightly, burst into tears with a loud "wow".

The cries were ear-splitting and grief-stricken.

Zhang Xiuzhi was so distraught that she pulled Wang Nan Nan's hair and hit her hard, scolding her angrily as she did so.

“Damned girl, money loser, you are hysterical yourself and you want to torture my son?”

“Spread it! If you hurt Xiao Hao, I’ll send you to hell today.”

“Money-loser, bitch, look what you’ve done to this family!”

.....

Slap slap slap

The sound of a powerful slap echoed.

Inside the ward, it was a mess.

Wang Hao had the intention to stop it, but because he was being held tightly by Wang Nan Nan, he was powerless to stop Zhang Xiuzhi.

Wang Nan Nan’s body trembled as she was beaten, crying out in pain.

Suddenly.

“Have you made enough of this? Let go of Nan Nan for me!”

Wang De got up angrily and his bushel-sized slap landed brazenly on Zhang Xiuzhi’s face.

It was powerful and unrelenting.

The slap directly caused Zhang Xiuzhi to stagger back, her eyes faint.

In the blink of an eye, half of Zhang Xiuzhi’s face swelled up directly.

But she did not immediately snap, but stared at the furious Wang De with a frightened expression, obviously dazed by the slap.

All along, Wang De had acted obsequiously towards her and had been a coward.

At home, Zhang Xiuzhi was the one who had the upper hand.

But today, Wang De had struck out so brazenly that even Zhang Xiuzhi was a little scared.

Half a day later, Zhang Xiuzhi suddenly “screamed”.

Zhang Xiuzhi suddenly let out a loud “ow”, lying on the ground and rolling around, “Oh, there’s no justice, there’s no justice at all, Wang De, you’re a coward and a coward.

Wang De was trembling with anger and rage.

He looked at Wang Nan Nan, who was shivering on the bed, with pain.

As a father, who wouldn't love his daughter?

But Zhang Xiuzhi, a mother, had no regard for her daughter's current state!

Gritting his teeth, Wang De angrily said to Zhang Xiuzhi, "Shut up! If it wasn't for your dislike of the rich and the poor and your desire to climb the ladder, would the family be in this state?"

Zhang Xiuzhi was about to argue, but Wang De waved his hand.

"Get out! You get out of here and don't interfere with Nan's recovery!"

"If you don't leave, I'll beat you to death and divorce you today!"

The voice was like thunder and the anger was overwhelming.

Wang De, who was a nuisance, stood up for a rare time.

Even Zhang Xiuzhi was dumbfounded, and finally, under Wang Hao's persuasion, he left in a huff.

In the ward, Wang Nan Nan suddenly wailed and hugged Wang De: "Dad, I, I'm afraid I, I'm dirty I can't help my brother"

Hearing these words, Wang De instantly burst into tears.

Outside the hospital.

Zhang Xiuzhi unrelentingly scolded Wang Hao, "You son of a bitch, why should I be allowed to leave, you stop also stop your father!"

"Mom, that's enough!"

Wang Hao pounded his chest in anger, "The family is already in such a state, let's let sister get better slowly, can't we?"

"How can I be enough? Your sister must have done something wrong and offended Tiansheng, otherwise it would be hard for Tiansheng to play with us for a few million?" Zhang Xiuzhi's eyebrows showed all the horizontal colour.

Yes!

Tian Sheng!

Wang Hao's expression was solemn, his anger surging.

"Yes, sister has become like this because of him, I, I'll go find him!"

Chapter 110

Tianmen Mountain villa area.

An Audi A4 sped up to the scene.

Crunch!

The Audi A4 stopped at the gate.

Wang Hao poked his head out and roared in an aggressive manner, "I want to see Tiansheng, let me in!"

The security guards looked at each other with disbelief.

In this top villa area, their impression was that they were afraid that only the nannies of those residents would drive an Audi A4 for transportation and go out to buy groceries.

In response to Wang Hao's shouting, one of the security guards said, "Sir, you are not allowed to enter this district if you are not a resident of this district or if the residents invite you."

Wang Hao had expected this, and anger surged in his eyes.

His own home was ruined by the hand of a natural born!

If he didn't stand up for himself at this point, what kind of man was he?

The Audi A4 let out an engine roar, as if a beast roared.

It was accompanied by the ear-piercing sound of tyres scraping against the ground and a roll of smoke.

With a buzzing roar, the Audi directly rammed into the villa gate like a beast.

What happened to his parents last time, Wang Hao still remembered.

Reasoning with these villa security guards would only end up making himself unreasonable.

The sudden scene scared a few security guards and they hurriedly went forward to stop it.

But when they saw the speed of the Audi increasing instead of decreasing, they were all scared and stumbled backwards.

Bang!

With a loud bang, the gate of the villa was smashed open.

The front of the Audi was deformed and smoke rolled out.

But Wang Hao, who was raging with anger, turned into a raging beast and continued to drive the Audi towards the villa area halfway up the hill without paying any attention.

He had heard Wang Nan Nan mention that Born Born lived in those most expensive villas halfway up the mountain!

“It’s over, it’s over now!”

At the main entrance, the security guards’ faces were white as they cried out.

Some of them even hurriedly notified the property office.

This was the Tianmen Mountain villa area, the city’s top gathering place for the most powerful and noble.

If the residents saw someone forcibly breaking into the area, it would be a blackout.

If not handled properly, even if the property owner had Zhou Yanqiu’s back, he would definitely be skinned!

The property office.

The property manager looked shocked and angry as he got up angrily and slapped his palm on the table with a bang.

“Damn it! Where the hell did that bastard come from, daring to come to my Heaven’s Gate Mountain and spill his guts?”

“Stop him, I don’t care what method you use, you must stop him!”

“Beat him to death, beat him to death!”

A series of angry orders, permeated with raging killing intent.

In this city, although Zhou Yanqiu was a big business tycoon, he was by no means a soft and honest person.

The Tianmen Mountain villa area was the number one in the city, both in terms of price and status symbolism for its residents!

If the property was broken into and the property didn't use thunderbolts, it would be a devastating blow to the reputation of Tianmen Mountain Villa District!

Wang Hao drove the smoky Audi with a lightning breeze, heading straight for the Mid-levels villa area.

Behind him, several cars of the property security guards, followed closely.

This scene was seen by many of the villa residents, each one full of dismay, and then shock and anger.

Since when was the security so poor in Tianmen Mountain Villa Area?

When I first bought the Tianmen Mountain villa area, it was because of the environment and the security and privacy.

Now they are being forced to break in?

The rich never minded showing off their superiority in public, but they definitely minded that someone dared to provoke their superiority.

The Audi that forced its way into the villa area was undoubtedly a rash tiger in the eyes of the many occupants!

"This is it?"

Wang Hao's red-flushed eyes slowly swept over the few glorious villas outside.

What just made him frown was that he didn't know exactly which one Born lived in.

Unable to help himself, his car slowed down.

But just as he turned his head sideways to search and check.

Directly in front of the Audi, a black Audi A6 whistled like a raging beast and crashed directly towards Wang Hao's side.

Boom!

There was a loud sound.

The two cars collided and the Audi A4 was stopped on the spot.

The horrible impact made the front end of the car completely deformed and smoke rose up.

And Wang Hao, caught off guard, also smashed his head onto the steering wheel, cracking his forehead and gurgling blood.

Almost simultaneously, several trailing property vehicles sped in from left to right, surrounding the Audi A4 in a deadly heap.

“Drag it out, drag it out for me!”

A middle-aged security guard stepped down from the Audi A6, and with a stern voice, spat fiercely on the ground, “Damn, you dare to come to our Tianmen Mountain to cause trouble, you really don’t know how to live!”

A dozen security guards came down from several cars and instantly surrounded the Audi A4.

They brutally opened the car door and dragged it to the ground as if it was a dead dog, as Wang Hao screamed in terror.

Immediately afterwards, there was a flurry of punches and kicks.

With the property manager’s order, the security guards no longer had to worry about their so-called education.

They just had to hit them hard, and if something happened, the property manager would take the blame!

Surrounded by a dozen security guards, Wang Hao curled up into a ball and let out a pig-like scream that echoed through the villa area.

There was no shortage of people who saw this scene, but none of them showed up to stop it.

As far as the onlookers were concerned, it was perfectly reasonable for the security guards to discipline such a reckless person.

Inside the villa.

Chen Tiansheng stood in front of the window, looking at Wang Hao, who was being beaten up outside, with a calm face.

His eyes, slowly, moved towards the villa next to him.

In fact, the location where Wang Hao had been bumped to a halt was clearly Chen Dong's villa.

"Wife and mother, should be home, right?"

Chen Tiansheng smiled meaningfully, "I just don't know, will it be in charge?"

After saying that, he turned around and walked out of the villa.

When he walked outside the crowd of security guards, Wang Hao, who had been pinned to the ground and beaten violently, instantly spotted it.

"Tiansheng, you son of a bitch! You've caused our family so much pain, I'm going to fight you!"

Wang Hao's eyes instantly turned red, his face was covered in blood, and he rushed out of the security surroundings like a madman, like a fierce beast, towards Chen Tiansheng who was standing tall.

"Stop him!"

A dozen security guards' faces changed drastically at the same time.

But.

Just as Wang Hao rushed in front of Chen Tiansheng.

Bang!

Chen Tiansheng kicked out, directly kicking out Wang Hao who was in front of him.

Not waiting for Wang Hao to get up, Chen Tiansheng rushed up and thumped his foot viciously on Wang Hao's face.

"Remember, my name is Chen Tiansheng!"

"You ah ah"

Wang Hao struggled desperately, but he couldn't move at all with Chen Tiansheng stepping on his face.

A dozen security guards were all scared silly.

This occupant was too fierce, right?

Chen Tiansheng slowly leaned down, his brilliant star-like eyes blossomed with terrifying killing intent: "Even if I kill you, it will be just like killing a dog, besides, your Wang family, get the hell out of the city immediately."

With that, he took out a cheque from his pocket, snapped open Wang Hao's mouth, and stuffed it in.

"Here's five million, you bunch of poor bastards, if it wasn't for your relationship with Chen Dong, I wouldn't have given it to you at all."

Boom!

Wang Hao was completely dumbfounded.

Chen Tiansheng had a relationship with Chen Dong?

A strong wave of humiliation and anger raged out as if a river had broken.

The two of them, they must have joined forces to ruin our Wang family!

This was the only thought left in Wang Hao's head.

Just at this moment.

Bang Teen!

The gate of the villa facing the place of the incident opened.

Li Lan walked out of the villa with the help of Fan Lu.

"Chen Tiansheng, will my son allow you to make false accusations? Back then, I should have just dropped you on the wall!"
