

Winner Takes All Chapter 1191-1200

Chapter 1191

The atmosphere, suddenly, was a little strange.

It was not only Gu Guohua and his wife who were frozen.

Even Chen Daolin and Elder Long and the others were caught off guard.

They were both parents, but there was still some difference after all.

What's more, it had been some days since Gu Qingying had met her own parents.

But just now, in full view of everyone, Gu Qingying had swept right past Gu Guohua and his wife, who were greeting her, and had taken Chen Daolin's arm!

She felt the air freeze a little.

Gu Qingying's heart clenched violently and she woke up with a start.

Almost at the same time, she perceived the mysterious man's eyes so harsh that they wanted to kill!

A chill ran down her back.

In a flash of lightning, Gu Qingying smiled sweetly, let go of Chen Daolin's arm and stepped between Gu Guohua and Li Wanqing, one taking the arm of the other.

Then she said with a smile, "Mom and Dad, Papa Chen is the birthday boy, he's the main character!"

Beyond words, the fact that they had just taken the lead in greeting Chen Daolin was purely to honour the birthday boy.

A word that instantly eased the atmosphere.

"Haha yes yes yes, the birthday boy is the biggest!"

Gu Guohua said with a smile.

Li Wanqing even pretended to chide Gu Qingying and said, "You silly girl, mum thought you forgot about mum and dad, it turns out that you are thinking more than us and respecting Gong Gong na?"

Chen Daolin also laughed in relief.

The scene just now made him feel a little strange too.

However, as Gu Qingying's words left his mouth, the strangeness in his heart disappeared.

Even in his heart, he could not help but appreciate Gu Qingying.

Elder Long, Kunlun and the others came forward to greet Chen Daolin.

As the atmosphere heated up, no one noticed that the mysterious man standing at the very back of the room was secretly relieved.

It was not a grand greeting, but it was a friendly greeting that could not be matched by any grand greeting ceremony.

As Chen Daolin led Gu Qingying and the others out of the airport.

The "air ban" was lifted.

The Chen family members who came with Chen Daolin to the airport did not all leave, but most of them stayed in the same place and waited for orders.

Three days!

From today onwards, after the arrival of the most distinguished guests, countless guests will flock to the back of

Its formation, like a hundred rivers returning to the sea, the difficulty of reception, even the Chen family crowd, did not dare to underestimate.

The Chen family will not allow any mistakes to be made, even if it is a reception, it will not allow the slightest lack of hospitality.

This was a matter of the Chen family's face and majesty!

Half an hour after Chen Daolin and the others left the airport.

In the empty sky, a plane arrived.

At the same time.

The entire airport was also running at high speed, ready to welcome the guests!

.....

In Chen Daoling's room.

Chen Daolin sat calmly behind his desk, and in front of him, Elder Long and Kunlun stood side by side.

Chen Daolin slowly said, "Elder Long, soon we will be verifying your auxiliary merit, are you nervous?"

"Nervous."

Long Lao smiled nervously: "Young master is a heavenly man, a dragon and a phoenix among men, the master said that the old slave assisted him, it is really a bit offensive to the old slave, this merit old slave would not dare to claim it!"

"Dong'er is a man of the highest calibre in terms of his tact and heart, but he is young and impetuous, so he has stumbled along the way and has experienced life and death several times.

Chen Daolin said from the bottom of his heart, feeling a lot of emotion: "Hong Hui Ming word ancestor old, what can not afford to assist the great merit of Dong'er?"

He was well aware of Long Lao's past and his abilities.

Otherwise, when Long Lao was in the Chen Family, he would not have become his right hand man!

Even for many of the Chen Family's affairs, Chen Daoling had directly dumped his hands on Long Lao to handle them.

That was why he had sent Elder Long to assist Chen Dong in the first place!

Elder Long smiled indifferently, but said no more.

Following closely.

Chen Daolin looked at Kun Lun again and said gratefully, "Kun Lun, all along the way, it was also thanks to you to protect Dong'er peacefully."

Kun Lun smiled, "My life was saved by Master single-handedly, this life as well as you have long since returned to Master and Young Master, I will not resign from death!"

"However, I also wonder if the answer sheet in Dong'er's hand is enough weight or not?"

Chen Daolin rubbed his somewhat swollen temples and murmured despondently.

It was clear that his birthday was in three days' time, but he was not happy at all.

Compared to his birthday, he knew more clearly that the establishment of the next Chen family head was the key, and his birthday banquet was just a cut-off point!

With a single word, the atmosphere in the room immediately turned gloomy.

It was clear to everyone that Chen Dong had, in just over a year's time, made a magnificent achievement that was comparable to a host of so-called elite-educated successors of the Chen Family, which was already laughing at the crowd and dominating the world!

But all three knew clearly that reality was never just about achievements!

Elder Long and Kunlun, in particular, had always accompanied Chen Dong.

They knew very well that stigma was an insurmountable mountain in people's hearts!

Coming from a background, sometimes it can ignore everything!

"There are too many variables, and no one can be certain until the moment when the tripod is finally set!"

Elder Long said in a deep voice: "Young Master has done well enough, every achievement shines and his overall quality is enough to surpass all the Chen Family heirs, but before the dry run is set, there will be a time to turn it around."

After a pause, Elder Long raised his eyes to Kunlun: "Kunlun, this time, it all depends on you, defence is the top priority!"

"The Bureau of Heavenly Killing?"

Kun Lun's heart and mind fluttered as he nodded firmly, "Even if the sea of blood is overwhelming, I will protect the young master!"

The words were as clear as an oath!

Chen Daolin, however, murmured, "How good would it be if big brother could just cut down that old immortal Sanniang?"

Elder Long and Kunlun looked at each other.

Of all the Chen family, I'm afraid that the only one who could scare the old master was the old lady, right?

On the other side.

Gu Qingying accompanied Gu Guohua and Li Wanqing for a while, and then went straight back to her room.

All along the way, she was full of gloom and disgust, and it was only when she entered her own room and saw the room full of luxury that she spread a smile.

Everything was as she had once envisioned her dream life to be, exactly as it was!

Only once, she had always known that it was only a vision and a dream, a fool's errand!

She knew this about herself.

The only thing she wanted was a family of millions, or better yet, hundreds of millions.

But now the Chen family, the number one family in the gentry!

Let her dream, become a reality!

“Soon the dream will come true!”

Gu Qingying lay down on the big warm and comfortable bed, her heart beating fast and full of anticipation.

As soon as the birthday banquet was over in three days, she would be the next wife of the Chen family's head!

Such a supreme glory would belong to her alone!

And when she was truly pregnant with the Chen family bloodline, the truth would become irrelevant!

Knock, knock!

A knock sounded at the door.

“Who is it?”

Gu Qingying's eyebrows furrowed as she scolded impatiently.

“Me!”

Outside, the mysterious man's hoarse voice rang out.

This instantly swept away Gu Qingying's great mood and replaced it with a strong fear

.....

Chapter 1192

Even if Gu Qingying was afraid, she did not dare to disobey the mysterious man.

She got up and opened the door to the room.

As the mysterious man walked in, the air seemed to freeze.

Click!

Gu Qingying closed the door of the room with trepidation.

Almost simultaneously.

“Lin Xue’er!”

The mysterious man called out abruptly.

Gu Qingying, who was about to turn around, her delicate body trembled violently.

The three simple words were instantly like sharp knives plunging into her heart.

In an instant, it made her recognise the reality and think of what had once been.

But an unspeakable shame thumped in her heart at this moment.

As far as the eye could see, it was full of luxury.

The dream was about to become reality when the words “Lin Xue’er” stabbed her in the face.

“My name is Gu Qing Ying!”

Gu Qingying revealed a rare expression of anger, her gaze shadowy as she stared at the mysterious man and spoke in one word.

“So, you know that you are Gu Qing Ying?”

The mysterious man walked up to Gu Qingying and looked down on her from above, his eyebrows morose: “Do you know that that scene just now almost caused my plan to completely collapse? What kind of person is Chen Daolin? He would have failed to detect the clues, and it’s a good thing you defused it in time, otherwise

Snap!

The mysterious man grabbed Gu Qingying's neck: "Before I die just now, you will die too!"

Suffocation!

Intense suffocation!

Gu Qingying's face was filled with panic as her hands desperately scratched the mysterious man's large hands.

But the mysterious man's big hands were like iron pincers, not moving at all.

It was only when she was about to pass out that the mysterious man slowly let go of his hand.

The air quickly rushed into her lungs, and Gu Qingying sat straight down on the ground, panting heavily.

"Why don't you stay with your parents for a while longer?"

The mysterious man asked again.

"It's not like they're my parents, so if I stay with them for one more second, it's one more point of nausea!"

Gu Qingying said in disgust as she took a big breath.

"Hmm?"

The mysterious man's eyes snapped, "You are Gu Qingying, why aren't they your parents?"

Being watched by the mysterious man, Gu Qingying instantly had a feeling of falling into an ice cave.

She nodded her head in a panic and said, "Yes, they are my parents, I, I shouldn't have thought that, yes, I'm sorry!"

"Do your Gu Qingying well! Do well enough and the future will be what you want it to be!"

The mysterious man dropped a cold sentence and turned around to leave Gu Qingying's room.

Only on his way back to his room, he ran into Old Lady Chen and Chen Daoping.

The three rubbed shoulders as they passed each other.

Boom!

Old Madam Chen suddenly raised her walking stick horizontally against the wall, blocking the mystery man's path.

An abrupt scene.

It caused both the mysterious man and Chen Dao Ping to freeze for a moment.

Old Madam Chen's gaze was like a torch as she stared at the mysterious man and said in a deep voice, "Actually, I am curious as to who you really are?"

Clang!

There was a flash of cold light.

Old Madam Chen's face suddenly turned gloomy.

Chen Daoping was even more filled with horror.

The walking stick that was originally resting against the wall, in the blink of an eye, only half of it was left in Old Lady Chen's hand.

The mysterious man left directly: "If you don't believe me to cut you down, just keep asking!"

The words were overbearing and the killing was seeping.

Old Mrs. Chen's face was gloomy to the extreme, and she smashed her walking stick on the ground in anger.

Chen Daoping, on the other hand, gritted his teeth and said, "Mother, calm your anger, when Tiancheng becomes the next family head, this guy won't be able to jump up and down!"

"That's fine, how can the power of one person turn the heavens upside down?"

Old Mrs. Chen took a deep breath and calmed her anger, "Dao Ping, follow me to the mountain gate to see, the magnificent pomp and circumstance of my Chen family!"

"Mother, how can those magnificent families who are here today be honoured by your favour to go and watch? The real clans and gentry can all be on their big birthday!"

Chen Daoping was somewhat puzzled.

The Chen family head's birthday was a great occasion for a hundred rivers to return to the sea, and the gentry of the world flocked to pay their respects.

But there is a difference between the importance and the importance of this short period of time!

The Chen family's birthday is now being prepared and the rituals are not complete.

This is not the Chen family being arrogant!

It was the reality!

As the number one family, they have the majesty to hold all the money in the world!

Only the gentry, the clans and the dignitaries of all walks of life who arrived on the day of the birthday banquet and enjoyed all the courtesies were the only ones who had real weight and could enter the eyes of the Chen family!

The gentry who arrived early were also there so as not to take advantage of the real gentry on the day of the birthday banquet!

To them, it was already an honour to be invited to the Chen family birthday banquet!

"The old body is also just going for a walk around and a break!"

Old Madam Chen said indifferently.

Chen Daoping no longer said anything.

As time passed.

The sky above the Chen family's airport had turned into a "caravan", with planes taking off and landing all the time, the scene was unprecedented and shocking.

These powerful families, who were considered to be "lords", were only warmly received by the Chen family when they arrived, and after a few words of pleasantries, they were settled into the Chen family rooms.

This is not just at the Chen family airport.

At this moment, airports all over the world are under control!

Because of this world-renowned event, airports all over the world are under the pressure of a large hand and are under early control, preparing for the day of the birthday banquet.

Of course, this was only limited to the attention of the gentry and the giants and titans of the world.

For ordinary people, there was no knowledge of it!

The lack of media coverage was even more shocking to the hearts of the people than if it had been reported!

What the Chen family wants is not the attention of the world, but the attention of the world's giants!

This is the style and majesty of the Chen family, which is high up in the clouds and looks down on the world's gentry like ants!

For a while, with the control of the airport, the private people speculated.

But whoever it was, by all means, could not find out the real reason for this scene that was taking place all over the world!

Even the top media companies in the whole world have only a few people who have been informed of the truth.

But no one at dares to pick up the Chen family's brains at this moment!

The most important thing is that you will not dare to blaspheme the Chen family with your report at this moment!

For them, to make the truth public at this moment is not adding to the aura of the Chen family, but a real desecration!

The day changed.

But still, the giants of the world cannot be stopped!

If one were to map out a single air route, one would get an incomparably shocking picture!

Countless air routes, starting from every country, with one goal in mind within the domain, Kyoto, the Chen family!

Thousands of stars, converging in one point!

This also threw the Chen family airport into overload.

The Chen Family Airport, every second, had special planes taking off and landing, even forcing some of the magnificent family heads, giants and titans from all walks of life, to land at the risk of their own lives, in order to hurry up.

The Chen Family's stately home, too, quickly highlighted the atmosphere of the birthday banquet under the careful decoration of the entire Chen Family.

The mountains were wrapped in red!

Joy overflowed through the rolling hills!

With the Chen family's garden at the centre, the nine mountains in all four directions were carefully decorated to form the backdrop for Chen Daolin's birthday feast.

Only the Chen family, the most powerful family, could have done such a masterstroke!

Everything, in the Chen family, was a race against time.

In the blink of an eye.

The 18th of the lunar month arrived!

Winner Takes All Chapter 1193-1194

Chapter 1193

Hoo

Chen Dong exhaled a mouthful of white practice and woke up from his meditative state.

This last night, he did not train.

In order to cope with his father's big birthday, he had to adjust his state in advance and bring himself back to his peak prime, be it his mind or his physique!

Outside the house, it was still a very cold night.

The lights were dim, shining a blurred light into the room through the frozen glass.

Washing, dressing, tidying up, every step, Chen Dong was unhurried and calm.

"Brother Dong, where are you going so early?"

Meng Dabiao asked, rubbing his eyes in confusion.

Zhou Yao and Sun Kong were also awakened and were equally puzzled when they saw a fully dressed Chen Dong.

“Ready to go?”

Bai Qi got up and looked at Chen Dong.

“Mm!”

Chen Dong answered.

“The clothes aren’t right!”

Bai Qi pointed at Chen Dong, then under the puzzled eyes of Chen Dong and the others, he got up and took out a military outfit from his locker!

With a clatter!

As Bai Qi shook off his military uniform, it instantly struck Chen Dong, Meng Dabiao and the others like a thunderstorm.

In their ears, it was like a big thunderclap!

“This, this is the black and gold dragon head robe of the Dragon Head Guard!”

Zhou Yao’s eyes fell to the ground as he exclaimed in disbelief, “Only the Dragon Leader Guards of the Great Snow Dragon Riding Army are qualified to wear these black and gold dragon leader robes!”

The sound echoed.

Zhou Yao, Meng Dabiao and Sun Kong all froze like wooden chickens.

Chen Dong looked at the black and gold dragon head robe in awe.

Is this the military uniform that belongs exclusively to me?

The entire robe, with black as the base colour, was outlined in gold threads, and in the middle of the black cloak, a statue of a furious dragon head was outlined in gold threads.

In the light, the gold threads and the dragon shine brightly, while the black colour adds to the solemnity of the robe, without making it appear too flamboyant.

Thick and majestic, the dragon is powerful!

“The master found someone to order it for you, new clothes for the new man, the new Dragon Head Guard should also have a new black and gold Dragon Head Robe!”

Bai Qi smiled gratefully and said, “Wearing this robe, you will no longer have to dive into the abyss, the 300,000 Great Snow Dragon Rider Army will all look up to your majesty!”

Boom!

The words were thunderous.

Meng Dabiao, Zhou Yao and Sun Kong instantly woke up with a start.

The three were dumbfounded, as if they had seen a ghost, and stared at Chen Dong in horror.

Brother Dong is the new Dragon Leader Guard of the Great Snow Dragon Riding Army?!

Goodness, the three of us were born and died together with the leading guard?

“Crap! I, Da Biao, slept with the leading guard, or two leading guards before and after?!”

Meng Dabiao was the first to exclaim in shock, his five senses even more taut to the limit from the shock.

Chen Dong: “.....”

Bai Qi: “.....”

“How glorious should it be to have a mere five-man army, with two leading guards before and after, both in our ranks?”

“Chief Bai Wu, Brother Dong, you’ve hidden us so well!”

Zhou Yao and Sun Kong lamented one after another.

None of the three had ever doubted the words of former Dragon Head Guard Bai Qi.

To be able to bring out the black and gold Dragon Head Robe was the best proof!

In the Great Snow Dragon Riding Army, the Dragon Head Guard was above all others, and the black and gold Dragon Head Robe was a symbol of the status of the Dragon Head Guard, only a true Dragon Head Guard could wear this overbearing military uniform, onlookers would be breaking military law!

“Brothers, thanks to the care of these days, today is also the time to part.”

Chen Dong had some mixed feelings in his heart and said from the bottom of his heart.

Bai Qi walked up behind Chen Dong and personally put on his black and gold dragon head robe for him, "We already had our farewell drink the night before, time is running out, it's time to go!"

Trampling wine?

Meng Dabiao, Zhou Yao and Sun Kong's bodies all trembled.

Only when they thought back to the night before that reckless and hearty drink did they regain their senses.

The three of them looked at each other.

In unison, they gave a fist bump to Chen Dong.

"Brother Dong, bon voyage!"

When the gap in status was drawn, the three were clear that the Dragon Head Guard acted in such a way that they could not ask more questions and only had the wishes of brothers to wish each other.

"I hope there is still a chance to see you again."

Chen Dong smiled faintly, and then it was time to leave the barracks together with Bai Qi.

Inside Zhenjiang City Airport.

Huo Zhenxiao gave an order, making the airport a forbidden place for the 300,000 Great Snow Dragon Riders.

When Chen Dong and Bai Qi arrived.

The vast airport was filled with warplanes.

And on the runway of the airport, a Five-Clawed Golden Dragon warplane, was quietly waiting.

"A Five-Clawed Golden Dragon warplane?"

Chen Dong was a little stunned, "Isn't the Juggernaut's exclusive warplane, already crashed in the Huns?"

"The Sovereign has rebuilt one especially for you today!"

Bai Qi smiled faintly.

Chen Dong's heart warmed, Huo Zhenxiao's exclusive seat, that was the symbol of the Great Snow Dragon Riding Army!

Even if Huo Zhenxiao had rebuilt the Five-Clawed Golden Dragon Warplane, he could have done so without having to do it so quickly.

All of this was for his return today!

From afar.

Chen Dong could see Huo Zhenxiao standing beside the Five-Clawed Golden Dragon Warplane, his hands behind his back, standing tall and gazing at the warplane.

"Senior Brother!"

"Master!"

Chen Dong and Bai Qi called out at the same time.

Huo Zhenxiao slowly turned around and looked at Chen Dong who was draped in his black and gold dragon head robe, spreading a smile, "Wearing the black and gold dragon head robe, you can have some of the might of a dragon head guard, the dragon has been diving in the abyss for a long time, today it is your turn to rise to the nine heavens, are you ready?"

Chen Dong calmly nodded his head.

"Good then, let's set off!"

Huo Zhenxiao smiled faintly, "You go up first and put on your military attire, since you are the leading guard of our Great Snow Dragon Riding Army, don't lose the face of the Great Snow Dragon Riding Army when you go out!"

"Got it!"

Chen Dong took the lead in boarding the Five-Clawed Golden Dragon warplane.

Only after Chen Dong entered the warplane, did Bai Qi then wondered, "Still not telling him?"

"Lifting the world's merit, the world will lose its colour, if we tell him in advance, it will be difficult to have a definitive effect!"

Huo Zhenxiao said meaningfully, "Since Chen Dong wants the winner to be the king, taking advantage of his father's birthday, the world's giants gathered, so that he can properly identify his face, identify the loyalty and treachery, after his road, there is still a long, long"

The company's main business is to provide a wide range of products and services to the public.

The company's main business is to provide a wide range of products and services to the public.

"As you command!"

Bai Qi looked solemn and respectfully received the order, "I will do my best to shelter Dragon Head Chen!"

As the hatch closed.

The Five-Clawed Golden Dragon emitted a loud engine roar and the tail spat out raging hot flames.

Then it took off and rose!

The golden dragon shot up into the sky, plunging into the darkness and disappearing without a trace.

Huo Zhenxiao remained where he was, his gaze deep in the darkness of the sky, as if he could see through the darkness to the Five-Clawed Golden Dragon that was flying away.

Inside the Five-Clawed Golden Dragon warplane.

Chen Dong sat in his chair, looking down at the rapidly diminishing Zhenjiang City, until there was no more Zhenjiang City in his sight, only endless darkness.

Only then did he withdraw his gaze and murmured in a firm voice.

"Mom, Little Shadow, Elder Long, Kunlun, Sister Xiao Lu I'm back!"

The voice whispered, but made the Bai Qi on the side hear the thick sorrow.

.....

At the same time.

Chen family, also ushered in the most pompous moment!

Chapter 1194

The giants of the world flocked to pay their respects.

The first two days of welcoming guests were just a prelude to today's 18th day of the Lunar New Year.

Today is the day when the true dragons converge and the great and the good gather together!

When the first rays of sunlight fell on the earth.

The nine hills that surround the Chen family's estate are already decorated with lights and colours.

Each of the mountains, facing the direction of the Chen Family Garden, had been decorated with a wide and long red silk from the top of the mountain all the way down to the bottom of the mountain, in order to celebrate the occasion!

Mountains as embellishments, heaven and earth as occasions!

The wind and snow are drifting.

At the Chen Family Airport, there was still a constant stream of traffic.

A steady stream of giants and bigwigs arrive and land.

The world's most prestigious feast, unparalleled in the world!

It is no exaggeration to say that today's occasion is a celebration of all the gods and goddesses in the sky.

The Chen family's garden has been carefully prepared for a month and decorated for three days, and has been transformed into a festive atmosphere.

Everywhere the eye could see, everything was decorated.

The entire Chen family greeted all guests in an orderly manner.

Halfway up the mountain was a square, so wide and expansive that it had been carved out of half of the mountain.

The plaza was carefully arranged so that it was festive and grand, but not at the expense of majesty and solemnity.

A high platform has been erected on the side of the mountain.

A salute of cannons was set up horizontally to the left and right, and could not be seen at a glance.

In the open space outside the platform, tables and chairs had already been set up in an orderly manner, and each table and chair was even decorated with the name plates of the giants and bigwigs.

The birthday banquet was so rigorous that everyone who paid their respects was assigned a detailed seating order!

The sun was rising, gilding the square with a golden glow.

Flakes of snow were falling.

The cold wind was a little biting.

Soon.

There were people walking towards the square in twos and threes, braving the wind and snow.

“Hiss Old Zhang, what’s going on with the Chen family? At least it’s the world’s number one banquet, an open-air banquet, in this cold winter, it’s going to freeze people to death!”

A fat man with a fat face, wrapped in a thick down jacket, said with some dissatisfaction while breathing white air.

The middle-aged man beside him, wearing gold-rimmed glasses, was gentle and elegant.

But he turned his head to look at the middle-aged fat man: “This time, the Chen family head will be celebrating his birthday, and all the giants in the world will be there to celebrate the occasion.

The middle-aged fat man was stunned and looked up at the square, where the tables were spreading out like a long dragon, stretching across the square as far as the eye could see!

It was difficult to find a suitable venue for such a magnificent banquet!

“How many people do you think would stay away because of the weather for the birthday of a Chen family member who has all the money in the world?”

The middle-aged man pushed up his gold-rimmed glasses, “This is a rare opportunity to meet the magnificent Chen family, even if you freeze to death, you’re the only one who

cares about the weather. Do you also know that even those hidden giants, the richest people in the world, would never care as much as you do and would gladly take their seats?"

A series of rhetorical questions made the middle-aged fat man a little embarrassed.

He hurriedly interrupted: "Come on, old Zhang, we are at least old friends, you are just a few years richer than me, so you know more, just remind me.

The Chen family's birthday was celebrated by the world's most powerful families.

The middle-aged fatty knew in his heart that it was impossible for him and his companion to sit in the front row with their billions of dollars, but it was still possible to sit in the middle!

However.

The middle-aged man laughed helplessly, "One billion! That's the threshold for being invited or qualified to enter the Chen family to pay respects to them, and we're at the bottom!"

Boom!

The middle-aged fatty's body shook, and the fatty flesh on his face shook even more three times.

One billion was just a threshold to arrive?

For a moment, the middle-aged fatty gasped and said in a trembling voice, "This, this world, when did, there, there are so many rich and powerful people?"

Even though he was worth a billion dollars, when he heard the words of his companion who had made his fortune even longer, he still had a feeling that his outlook had collapsed.

A billion dollars, and he got the right to be there?

Sitting at the bottom?

Is this family so insignificant?

"You think what you see, is real? The world is so big, there are countless wealthy and hidden powerful families!"

The middle-aged man raised his hand and pointed to the crowd around him, "Any one of them here could probably be worth more than the two of us!"

The two of them were moving towards the seats with the tide of people.

The middle-aged fat man raised his eyes and swept them, then suddenly asked, "But we came so empty-handed, won't we give some gifts?"

"Fatty Wang, did you fucking mine a digger to the head or did the explosives blow up your brain?"

The gentle middle-aged man couldn't help but burst out, "How much do you fucking think a billion dollars is? Even if you give away your entire fortune, they won't even give you a second glance. You're not even a mosquito's leg compared to the Chen family, so you'll take it when you're given a face.

The fat middle-aged man's face flushed a little, and he opened his mouth to retort, but he felt that this was indeed the case!

The world's most powerful families had gathered in one place just to pay their respects!

They were all merchants and tycoons, and in their cities, they were all terrifying beings who called the shots.

But when they came to the Chen family, they didn't even have any formal ceremony, they were just like ordinary people, and today's feast was destined to be a mere human accompaniment for the wealthy merchants who had walked in early!

It was as if he was hosting a banquet in his own city, and he didn't care if ordinary people sent him gifts to congratulate him.

Only now when he arrived at the Chen family, he, a billionaire tycoon, had become an ordinary person

This inevitably made the middle-aged fat man a little bitter.

"Let's go, it's all because our ancestors have been blessed to be here today!"

The middle-aged man pushed his glasses and led the middle-aged fatty towards the end table, saying as he walked, "Today, it is said that it is also the moment when the Chen family establishes the next head of the family, this is literally the establishment of the crown prince!"

It was also while the two were discussing.

The same scene.

The same scene appeared in the midst of a huge crowd!

The Chen family had not hidden the establishment of the next head of the family from the outside world.

So the merchants and tycoons who had arrived early to congratulate the Chen family had already heard about it.

At this moment, it was difficult to contain the anticipation and curiosity in their hearts.

This was a matter of the Chen family's helmsman!

It is also about who will be in charge of the power and wealth in the hands of the Chen family!

A leader of the family, and the future development of the Chen family for decades to come!

One man is enough to influence the next few decades!

Not just the Chen family, but perhaps the entire world's landscape will change!

"Everyone, you've all heard, right? Today is not only the birthday banquet of the Chen family head, but also a crucial time to establish the person who will be the next Chen family head!"

"I am fortunate in three lifetimes to have been blessed with the remaining shade of my ancestors to be allowed to come to the Chen Family and participate in this historic moment!"

"I've heard that there are many Chen Family heirs competing against each other, so tell me, from what you know about some of the Chen Family heirs, who actually has a better chance of winning?"

.....

With the chatter, a questioning voice rang out.

In an instant, the entire crowd of merchants and tycoons who had settled into their seats were abuzz with speculation.

Winner Takes All Chapter 1195-1196

Chapter 1195

The crowds are swelling.

There was a tide of discussion.

The people present were all bigwigs and giants of the land, but at this moment, they were just like the townspeople, not caring about their status and talking about each other.

The Chen family, which holds all the wealth in the world!

To these wealthy merchants, it was undoubtedly a pilgrimage.

The prestige of their status that they normally held was dissipated into nothingness.

Here, their so-called status majesty is really like that of the people in the city.

Above the square.

It was cold and windy, but with the sound of the crowd, it was as if the coldness in everyone's body had dispersed a few degrees.

"There are many successors in the Chen family, but I heard ah, the old lady of the Chen family has trained a successor, the Chen Yufei who quit the entertainment industry before, I feel that she can do it!"

"Older brother, you're too backward in your news! Chen Yu Fei has even quit the entertainment industry, and you still can't realize anything? The big flag won't fall, and Chen Yufei, who is as good as the day, will withdraw?"

"Then otherwise it would be Chen Tiansheng, Chen Tianyang! Chen Tianyang I have dealt with him at first, there is a project cooperation, indeed worthy of the Chen family, and I also heard him say ah, his brother is the real family head of the posture!"

.....

A chorus of arguments and debates rose and fell like a tidal wave.

However, if the people from the noble families really heard these arguments, they would probably laugh unapologetically and disdainfully.

For these so-called "gentry", who are only a sidekick, what they can hear about the Chen family's affairs is really not much, and it would not be too much to say that they are closed-minded and backward.

Even some of the words that came out of their mouths were only accidental, but now they were being spilled out as a talking point.

Time passed slowly.

More and more people came down the hill and onto the square.

However, there was a difference from the first group that arrived!

They were seated closer together!

In a strict orderly division of seats, the closer the person is to the platform, the higher their status, position and wealth!

And as more and more people arrived, the seats were seated closer and closer to the front.

As more and more people arrived and took their seats closer to the front, the goal of the crowd's discussion shifted from speculation about who the heir to the Chen family would be wearing the crown to exclaiming in amazement at the people in attendance!

"Look, look! Is that, is that the old family head of the Xitai Group? The existence of a five billion dollar fortune?"

"It's him, it's the old man! Oh my god! The old man is worth five billion, but he's only in the middle of the pack?"

"Oh my god! The Zhang and Chu families in Kyoto are here too! Wait, they how come they went straight to the front?"

With a shout of surprise, the rich and powerful in the audience were all staring at each other with their jaws dropped!

The Zhang and Chu families in Kyoto are the two driving forces in the entertainment industry today!

But everyone knows the strength of the Zhang and Chu families!

It is true that they are powerful families at the foot of the Son of Heaven, but with all the magnates present today, with their wealth, the Zhang and Chu families would only be able to sit in the middle and front of the table at best, and definitely not in the front row!

However.

Something even more shocking had happened!

"The Zhang family of Kyoto has arrived to pay their respects, fire the salute!"

Boom, boom, boom

With a booming salute, a dense salute shot up into the sky, the sound shaking the continuous mountain range and echoing for a long time!

“The Chu family of Kyoto is here to pay their respects, fire the salute!”

Before the sound of the salute had completely dissipated, another booming salute rang out.

Boom, boom, boom

The salute shot up into the sky, shaking the sky and echoing off the mountains.

At the same time, it also blasted the magnates who had long since settled down, completely confused.

What the hell is going on here

How could the Zhang and Chu families be treated as guests of honour?

The two families are in the limelight.

The two elders of the Zhang and Chu families, however, walked side by side.

The two families are in the same boat, and the two families are in the same boat, and the two families are in the same boat.

Feeling the gaze of amazement.

The two elders of Zhang and Chu were all smiling and happy!

It was a rare feeling of complacency and elation for the two elders to be in the limelight at such an event!

With the strength of the two Zhang Chu families, and with the life experience of the two old masters.

Such a feeling had not been seen for a long time.

“It was still that move back then, our two families made a good move!”

Elder Chu smiled gratefully.

“That was your granddaughter’s discerning eye and ability!”

Elder Zhang shook his head helplessly: “There is no way ah, at that time, I took Yu Lan together to meet Chen Dong, froze did not match your granddaughter alone, the old man this half life wisdom fell in the hands of reed, a pity ah

Yu Lan that girl, not as good as reed, can only be with Chen Dong’s brother, really It’s a pity

”

Elder Chu's smile stiffened and he gave Elder Zhang a sidelong glance, "Old Dog Zhang, you are shameless if you are so shady!"

"Hehehehe"

Old Master Zhang grinned, "Just kidding kidding, that brat Qin Ye never woke up, my family's Yu Lan is so thin that he's not even human, and it hurts me as a grandfather."

"Get lost!"

Elder Chu rolled his eyes.

Chu Reed, on the other hand, calmly said, "Grandpa, calm down, I still have to hand in an answer for Mr. Chen later!"

With a single word, it brought a smile to Elder Chu's face, while Elder Zhang rolled his eyes.

By the time the two old masters and Chu Reed, led by the Chen family, had settled in the front row, the magnates present had not recovered from their shock.

To them, all this was simply out of the ordinary!

While the magnates were all seated at the back, the Zhang and Chu families arrived and sat alone in the front row, becoming the guests of honour?

It was unbelievable!

With the arrival of the Zhang and Chu families, everyone in the square, which had been filled with people, fell silent.

Even if they did talk to each other, it was only limited to whispers between two or three people.

The crowds continued to swarm into the square.

When half of the seats were finally filled.

Boom, boom, boom

Without warning, the sound of a cannon salute shot up into the sky, echoing off the mountains.

Three times in a row, the sound of the salute continued for a long time!

"The family head has arrived!"

With a voice resounding through the square.

Boom!

All the bigwigs of the powerful clans present suddenly rose in unison to greet each other.

In the wind and snow.

Under the rising sun.

All eyes on the crowd.

Chen Daoling led Gu Qingying, Gu Guohua and his wife, Old Man Long and a host of others, as well as Old Lady Chen and the rest of the Chen family, as they marched towards the longevity platform in great numbers.

“Congratulations, Lord Chen Family!”

The magnates present at this moment looked respectful and bowed their heads in unison, congratulating each other in unison.

The tide of sound gathered, deafening!

Chen Daolin smiled and said in a loud voice, “The Chen Family is fortunate to have invited you all to the Chen Family on the occasion of Daolin’s birthday, it is indeed a blessing for the Chen Family and an honour for me, Chen Daolin.

He laughed loudly and spoke modestly.

The words had just fallen.

Rumble

The roar of helicopter propellers swept down from the sky above.

This caused everyone above the square to look up at the sky.

Who was this?

You know, everyone had landed at the Chen family airport!

The sky above the Chen Family was a forbidden air field!

What kind of existence would be in a helicopter that could make the Chen Family open up the forbidden air domain?

Chapter 1196

The crowd looks up.

Above the square, the sound of helicopters roared closer and closer.

On the other side, there was still a steady stream of giants and bigwigs from all walks of life arriving.

The Chen family head's birthday!

Not only from within the domain, but also from every world and every race of people, all the giants and magnates were present.

Chen Daolin, dressed in fancy clothes, stood on top of the birthday platform, looking up at the sky with his hands behind his back and a smile on his lips.

The Chen family stood behind him in silence.

Today, Chen Daolin will be the focus of the world, the light of ten thousand lights!

Rumble

Soon, as the helicopter appeared over the square.

The gazes of millions of people rose up in a blaze of glory.

The sky above the Chen family, which was originally a forbidden airspace, could allow the Chen family to open up its airspace and reach straight to the place of the birthday banquet, this was definitely the main guest of the day!

Not far from the square, a clearing had been levelled for the helicopter to take off and land.

As the helicopter slowly landed.

The giants of the giants present had their eyes focused on the helicopter.

At this moment, it was as if the helicopter propellers had swept up the wind and snow, while the bursting temperatures had all dissipated into nothingness.

When all the people saw the world of people coming out from under the helicopter, instantly the crowd rang out in shocked clamour.

"It's Bia. Gates, the legend of Silicon Valley across the ocean!"

“My God, the first guest of honour is Biya Gates. Who else is going to follow?”

“Today is a world event. Compared to Bia Gates, we are nothing but dust!”

.....

The exclaiming was like a tidal wave.

At this moment, the whole room was in an uproar as Bia Gates arrived. At this moment, the whole room rose to attention as BY Gates arrived.

Even the two Zhang Chu families, who were sitting in the front row, rose to their feet.

They knew very well that they could sit in the front row only because of their relationship with Chen Dong. Gates was no match for him!

“BY Gates is here to congratulate us. Gates is here to pay his respects, fire a salute!”

With the sound of the salute.

Boom, boom, boom

The sound of a dense salute exploded into the sky, echoing off the mountains.

However.

In full view of the crowd.

Not waiting for the sound of the salute to die down.

Bia Gates Gates walked quickly to the platform.

Suited and booted, blond and blue-eyed, Bia Gates was a man of extraordinary poise even as he walked briskly. Gates, even as he walked briskly, showed remarkable poise.

This is the style of a king who has been in a high position and has been in charge of the business empire in Silicon Valley for years and years.

Just

When Bjarne Gates arrived at the stage next to the The company’s business is a very important one.

Then.

A fist was clasped, a bow was given, and a very standard intra-domestic salute was given.

At the same time, with a broken accent, he congratulated, "Bia. Gates pays his respects to the Chen family head on his birthday, and wishes him a long and prosperous life!"

"Hahahahaha, I can't afford to say the words "Longevity", your arrival has made my Chen family look great, please take your seat!"

The company's main business is to provide a wide range of products and services to the public. Gates said.

Bia. Gates nodded with a smile and was then led to the table by a special person.

Boom!

This scene was like a thunderstorm that bombarded everyone present.

Is this so simple?

Bia. Gates arrived and it was over so simply?

Everyone was dumbfounded.

They were all confused. The company's business is a god-like existence in their hearts.

Bia Gates was there to congratulate them. Gates' presence was worthy of the Chen family's generous congratulations!

At least, in the minds of the people present, it did!

But from the beginning to the end, the Chen family did not show too much courtesy, and Chen Daolin even put his hands behind his back, smiled and thanked him, and that was the end of it.

On the contrary, it was Bia Gates who did not show his usual courtesy. The Gates did not usually show the outside world's kingly demeanor, humble and modest, did not go up to the birthday platform, also from the beginning to the end did not show the slightest dissatisfaction!

In this is really Bia. Gates?

If they hadn't seen it with their own eyes, and knew even better what the occasion was, otherwise the people present would never have believed the scene that had just happened.

The actual longevity stage.

The first thing you need to do is to take a look at each other, and there are some complications.

When Gu Qingying had not yet returned to China, the couple had considered that their daughter had also reached the age of marriage, and secretly organized various balls to match Gu Qingying.

At that time one of them was Bia. Gates' son!

The couple even felt that if Gu Qingying married Bia Gates' son, that would be a real advantage. The couple even thought at the time that if Gu Qingying married the son of Bia Gates, then they would really be married into a rich family!

And now, at the Chen family birthday banquet, the couple stood tall on the birthday platform.

Bia Gates was there to congratulate them. Gates was there to congratulate them, but he couldn't even make it to the birthday platform, so he was briefly greeted and led to the table.

The changes were such that even Gu Guohua and his wife were in a bit of a trance.

With the arrival of Bia Gates, Feixue's wife and husband were in a state of shock. With the arrival of Bia Gates, the snowy skies seemed to explode.

Helicopters roared in and out, sweeping in.

There was a clamour of excitement as the big names arrived to pay their respects.

The sound of cannons around the square could not be stopped, booming one after another, shaking the sky and the earth.

The sound of salutes rang out one after another.

"Qin Xiao Qian of the Qin family, the richest man in Western Shu, is here to pay his respects!"

"The Zhuge family of Western Shu, present to pay their respects!"

"The Rothschild family, here to pay their respects!"

"The Rockefeller family, present to pay their respects!"

.....

A series of noisy salutes echoed above the square.

The shock to the thousands of magnates, giants and bigwigs was far stronger than the roaring salutes!

Each clamouring salute represented the presence of a thundering family of great power, like a great mountain of heaven, to pay their respects.

Even for some of the wealthiest merchants with “modest” assets, there were names they had only heard of before, but had never seen, treating them like gods!

But today, the greatest banquet in the world!

The gods have come to pay their respects!

Such an honour belongs exclusively to the Chen family, and is nothing short of unparalleled!

And there are forces present, like Bia Gates. There were also those who were invited by Chen Daolin to the birthday platform to exchange pleasantries.

The difference was clear to all.

But no one had a word to say!

As the sound of salutes rang out one after another, cannons boomed, shaking heaven and earth.

A legendary figure, a great family member, arrived and showed up, just as if the atmosphere had been pushed to a fever pitch.

The glory of all the people enveloped the Chen family.

This is the power of the Chen family, which holds all the wealth in the world, and when a birthday comes, all four directions worship!

The birthday platform.

Gu Guohua and his wife had long since fallen into a daze.

To them, such a spectacle was beyond recognition.

The mysterious man, Kunlun, on the other hand, remained calm.

As for Gu Qingying, compared to the calm smiles of the Chen family members around her enjoying the glory, her whole person was in a state of ecstatic ecstasy at the moment.

Even though the smile on her face was still calm, her heart had already set off shocking waves.

Is this the glory that I, Lin Xue'er, will enjoy in the future?

No, I am not Lin Xue'er, I am Gu Qingying! Chen Dong's Gu Qingying! The Chen family's Gu Qingying!

From the beginning to the end, whether it was Chen Daolin, Old Lady Chen, or the other Chen family members on the birthday platform, all of them maintained the elegance of the head of the family, beaming and smiling.

Even if Chen Daolin was the only one to welcome the guests, it could only be Chen Daolin!

It did not affect the smiles of the crowd in any way.

They were enjoying the pride and smugness of being a member of the Chen family as they displayed the grace of the main family!

However.

As a boisterous salute rang out.

The white-hot and fiery atmosphere was as if it had suddenly come to a halt.

The smile on Chen Daolin's face, who had been all smiles and gave people the feeling of being in the spring, abruptly disappeared.

"Gu family, arrive to pay your respects!"

Winner Takes All Chapter 1197-1198

Chapter 1197

Silence.

The whole place was dead silent.

The whole square, tens of thousands of people.

With this clamouring salute, there was an abrupt and dead silence.

Eyes full of dismay and astonishment, they looked at the sound.

It was as if the pause button had been pressed on the originally hot, festive birthday scene with this sound.

There were no salutes to the sky.

Nor was there a smile from Chen Daolin in return.

Hoo

The cold wind swept through the entire square, blanketing everyone with a coldness that had not been seen in a long time.

Snowflakes flew down.

Let everyone secretly chill.

For the clamouring salute did not come from the Chen family at all.

Rather, it came from the direction where the helicopter landed!

Chen Daolin looked cold and stern.

He did not turn around, but his murderous gaze looked askance at the place where the helicopter had landed!

Behind him, the people of the Chen family on the Shou Terrace also had complicated faces.

There were those who were as disgusted as Chen Daolin, those whose mouths were turned up in glee, and those whose faces were calm and unconcerned.

The mystery man calmly looked over, while Gu Guohua couple, Kunlun and Long Lao, but instantly full of anger, killing intent surge.

The Gu family was the very culprit that cut off Chen Dong's bloodline in the first place!

Under the attention of all the people.

The hatch of the parked helicopter had long since opened.

A venerable old woman, on crutches, slowly stepped out of the helicopter.

Behind her, there were seven young men in suits and unconventional airs.

The old woman strides forward, a smile hanging on her creased and spotted face, her white hair pale and her steps slow.

Behind her, however, seven young men in suits stood like seven sharp swords behind and to the left and right of the old woman, protecting her.

“Congratulations, congratulations, Lord Chen’s birthday, the old crone has come to pay her respects on behalf of the ancient family!”

The old crone greeted Chen Daoling as she walked.

Chen Daolin did not move a muscle, his expression was cold, and in his askance eyes, his killing intent seemed to turn into substance!

Above the square, the giants of the great clans all looked stunned, their eyes fluttering, their hearts puzzled.

The sudden clamour for salute.

The lack of response from the Chen family head.

It was clear to everyone that something was wrong!

But what exactly had happened?

Instead, in the front row, as the old crone advanced, some of the family heads of the families standing at the top of the pyramid stood up with horrified faces.

Whispers, then, rang out.

But they were only confined to those in the front row who stood at the top of the pyramid, and even beyond it, high up in the clouds.

“The Gu family? They, haven’t they all disappeared and gone into hiding? Today, they have actually appeared!”

“Oh, the Chen and Gu families have a deep connection, but the Gu family is here today to pick up the Chen family’s sharpness and tug on the true dragon’s whiskers, isn’t she worried about Chen Daoling’s thunderous fury?”

“The matter of the Chen family bloodline, Chen Daoling will never give up, today is good, Chen Daoling has been pressed into service, but now the Gu family has personally come to the door.”

.....

The fact that these people have the power and money in their hands, it is as easy as pie to find out some secret secrets!

Even if it is because of the ancient dragonfly, and caused Chen Dong and Gu Qingying's child to die, also in the grasp of the matter.

"The child Dong'er and Xiaoying's child"

Gu Guohua's eyes were bloodshot, his mind recalling the suffering Gu Qingying had endured at the time, and the untimely death of his child was like a sharp knife, viciously inflicting on the father!

Only a father would know how painful it was to watch his daughter being killed by a traitor, and how great the blood feud was when the child was about to be born and die!

A father's anger for his daughter dares to burn the heavens!

"Dad"

Gu Qingying's gaze drifted, her eyes quickly sweeping over the two couples, Gu Guohua and Elder Long and Kunlun, her heart and soul trembling.

She didn't know what had happened, but the eyes and looks of the four at the moment made one thing clear to her!

They wanted to kill someone!

Just as they were about to open their mouths to ask.

However, Gu Qing Ying felt a tug behind her.

When she looked back, it was the cold, stern eyes of the mysterious man, which scared Gu Qingying to shut up on the spot.

Gu Guohua, who was so furious that he had almost lost his mind, was about to step towards the old woman of the Gu family in a matter of seconds.

"Guohua!"

With tears in her eyes, Li Wanqing bit her lips and tugged Gu Guohua, whispering sadly.

"How can I calm down? How do you want me to calm down?"

Gu Guohua's body was trembling, trying to suppress his voice as he hissed, "It's them, it's them who made Dong'er and Xiaoying's baby die young, otherwise we would have been holding our good grandchildren by now!"

As he said these words, ripples rose in his bloodshot eyes.

Gu Guohua clenched his teeth and squeezed out a sentence from between his teeth, "I, Gu Guohua, couldn't protect my little grandson even with my ten billion family fortune, now to give up this life in exchange for the lives of the Gu family, what's wrong with that?"

Even his state of mind, at this moment, could hardly keep his sanity!

"No, don't"

Li Wanqing was tugging Gu Guohua's arm to death.

At the same time.

It was as if Chen Daoling knew what was happening behind him.

He moved a step sideways, stopping right in Gu Guohua's path, and also turned around at the same time, looking down from above at the old woman slowly walking below.

"Did you come here uninvited, to return the bloodline revenge?"

The words were cold and stern, and the killing intent was overwhelming.

As soon as the words were spoken, the festivities ceased on the birthday platform, and even the wind and snow fell silent.

The sound was so soft that only the people on the platform, the Gu family and the guests of honour in the front row could hear it.

As for the giants further away, they still looked bewildered and amazed.

But.

Even the guests of honour, who were used to seeing great storms and had long since changed their expressions without changing their faces before the collapse of the mountain, had their faces changed greatly at this moment.

Such a threat was already uncaring!

Today was the birthday banquet of the family head, and the world's most powerful families were flocking together.

Today is the birthday feast of the family head, and the world's most powerful families are gathered here, and for Chen Daolin to say such a thing is a clear indication of the murderous intent in his heart!

The old woman smiled and cupped her fist as she said aloud, "The Chen family head's birthday is the most prestigious event in the world, how can I not come to pay my respects on behalf of the Gu family? I am not invited to come here, I am not a gift, and I am also showing the sincerity of the Gu Family!"

These words, without any restraint, fell on the ears of the giants of the great families further away in an instant.

Boom!

Exclaims of astonishment rose to the heavens.

"No wonder, no wonder! Uninvited, unprofessional and noisy, what is this? A hard squeeze with a thick skin?"

"The Chen family head's birthday, the guests invited have been planned for a long time, all the world's giants have gathered here, but not their Gu family, don't you have any idea in your mind?"

"Heh! No wonder the Chen family head looked so ugly, coming here uninvited and making a fuss about his manners, is this a slap in the face of the Chen family in front of the world's giants? Insulting the Chen family?"

.....

Compared to the giants of the gentry at the lower levels.

The family heads of the powerful families standing at the top of the pyramid and even high up in the clouds in the front row all had a chill down their spines and a solemn expression.

Old Mrs. Gu's seemingly complimentary words were not only insulting to the Chen family, but also gave them, those in the know, a whiff of something else!

Chapter 1198

The wind and snow howled.

The gentry at the top of the pyramid in the front row were all solemn to the core.

The tidal wave of chatter behind them was of no concern.

To the so-called giants behind them, what they saw was the Gu family's uninvited, noisy recklessness and brutality, an insult to the Chen family.

But to them, it was an informed whiff of something deeper!

Even.

They could feel the murderous intent stirring on the birthday platform, as if it were the light of swords.

Even this wind and snow had become extraordinarily biting!

Chen Daolin's eyes gradually climbed up to bloodshot, and his killing intent seemed to turn into substance as he stared deadly at Old Lady Gu.

If her eyes could kill, perhaps Old Lady Gu would already be a corpse at this moment.

Gu Guohua did the same. If Li Wanqing hadn't been dragging him, he would have rushed out without a second thought.

The bloodline's revenge was unbreakable!

The family had always valued the continuity of the bloodline higher than the sky and thicker than the earth, which meant the family's prosperity.

But bloodlines are not only valued by powerful families.

Even animals in the natural world, not to mention humans, do not allow their bloodlines to be cut off!

The two fathers' murderous anger at this moment seemed to turn into substance, rising to the sky and burning the sea!

Elder Long and Kunlun had clenched their fists at this moment, gnashing their teeth.

The matter of Chen Dong and Gu Qingying's child dying at the beginning was still vivid in their minds.

It was that time that Gu Qingying cried uncontrollably and was in deep pain!

It was also that time that Chen Dong had planted a demon in his heart!

"I am sorry, Master Chen, that was just a little girl from my clan having fun and accidentally overplaying her hand. I have also made detailed enquiries, and it was not a little girl from my clan who did the killing, but your son's ex-wife.

Old Lady Gu crouched down on her feet and raised her eyebrows in an odd smile.

The words were easy, guiltless, even thick with teasing!

“Playful? Overplayed?”

Chen Daolin’s cold face suddenly revealed a smile.

Gu Guohua, on the other hand, had even more twisted features at this moment, his bloodshot eyes containing tears, violently struggling against Li Wanqing’s hands.

Playing with human lives?

Playing with the third generation of my Chen Gu family’s bloodline to death?

How much more over does this fucking have to be?

Snap!

In an instant, Chen Daoling stepped forward.

“Dao Lin!”

Behind him, there was a soft call from Old Mrs. Chen, accompanied by the sound of a stamping cane.

Chen Daoling stopped and looked back at Old Madam Chen with cold eyes.

At this moment, Old Madam Chen still had a smile on her face, but her eyes were stern to the extreme.

While she smiled, she admonished, “Today is your birthday banquet, do you want to disregard the Chen family’s face and the family head’s demeanour in front of the world’s gentry?”

A word was spoken.

Gu Guohua and his wife, as well as Elder Long and Kunlun, all stared angrily at Old Lady Chen.

Chen Daolin, on the other hand, also looked gloomy to the extreme.

After a pause, Old Mrs. Chen said in a deep voice, “Bear with the wind and waves for a while, and take a step back to broaden the sea and sky, as the head of the family, you should take the big picture into consideration!”

“Endure your paralysis!”

Chen Daolin squeezed out a sentence from between his lips and teeth, but it was the smile that had always been on Old Mrs. Chen’s face that instantly disappeared without a trace.

But.

The next second.

The chill on Chen Daoling’s face was swept away and he snorted, “Sorry, I forgot that Sanniang has no descendants, not to mention the bloodline, even the fucking bloodline is extinct, sorry sorry sorry, okay, I’ll just listen to Sanniang’s teachings.”

As he said that, Chen Daolin raised one hand and rubbed his temples.

Old Mrs. Chen’s face turned cold and gloomy to the extreme.

Even Chen Daoping, who was beside her, had a frosty face and a cold gaze at this moment.

Chen Daoling’s words had directly ripped out the hearts of both mother and daughter, and the blood was flowing!

Immediately after.

Chen Daoling revealed a smile, looking askance at Old Mrs. Gu from above, casually waving his hand, “Feel free to find a seat, you’ve come, the visitor is a guest, it’s better for my three mothers to remind you that you’re an old woman who is blessed.”

Old Lady Gu: “.....”

She looked stiff, not expecting at all that Chen Daoling would actually respond to her in such a crude manner.

The voice was soft enough not to be heard by the tens of thousands of people in the room.

But it was enough for the group in the front row, which was slightly inferior, even comparable to, or even surpassing, the Gu family, to hear!

With a grim face, Old Lady Gu walked towards one of the tables with her crutches and seven men by her side.

The old man and Zhuge Qing of the Zhuge family, as well as the Rothschild representatives, were all at this table.

It was only when Old Lady Gu approached.

Old Master Zhuge rose first and moved to the table of the two Zhang Chu families with Zhuge Qing.

The Rothschild representative followed with a deep stare at Old Lady Gu, got up and moved to the table of the two Zhang Chu families.

Then, the rest of the group moved to the table of the two Zhang Chu families.

Master Zhang: “???”

Master Chu: “???”

Chu Reed’s beautiful eyes glowed: “Did happiness come so suddenly?”

The two Zhang and Chu families were not rich enough to sit in the front row, all because of their relationship with Chen Dong and the special care taken by Chen Daoling.

So after taking their seats, it was just the three of them.

This made the two old men, Zhang and Chu, feel a bit ashamed.

But to their surprise, the arrival of Old Lady Gu instantly filled their table!

Sharing a table with a big brother would bring about more than just sharing a table!

Old Lady Gu’s face was ironic and she settled down indignantly, but she pressed her hands on her cane and closed her eyes straight away.

All this transformation left the tens of thousands of uninformed giants behind her, all shocked and full of shock and doubt.

As Chen Daolin smiled and said a few pleasantries to appease them.

Everyone gradually settled down and resumed their seats.

Because of Chen Daolin’s retreat, although Gu Guohua did not dare to believe it, he also forced himself to endure it.

Li Wanqing’s dissuasion and Chen Daolin’s concessions made him hold back a breath and take a step back.

After all today is the in-laws’ big birthday!

Being of the same bloodline of both families, the in-laws suddenly took a step back, so naturally there was his reasoning!

Rumble

Helicopter roar, once again echoed in the sky dome.

All eyes were once again focused on the firmament.

Only this time, there was no longer one helicopter in the sky, but three!

The three helicopters did not arrive in any order of priority, but landed directly on the ground at the same time, giving the impression that they were competing to be the first.

Luckily, the platform for landing and take-off was cleared large enough for all three helicopters to land safely.

But this scene.

But it left everyone present smacking their lips in dismay.

Because this time, there was no noise again!

The so-called noisy salute is to announce which guest of honor has come to pay respect to the guest of honor.

But it all rises to the status of the chief guest, whoever the Chen family has invited, there is an extremely strict plan in place, the Chen family emcee does not know who is in the helicopter, but when he is alerted when the helicopter lands, or the moment the hatch opens and recognizes the other party, he will make a boisterous salute at the first opportunity.

This was the case for all the previous giants and bigwigs who landed!

But this time, three planes arrived at the same time, just as the Gu family had done when they landed!

Obviously, it was the uninvited ones again!

Which three uninvited guests were they this time?

Winner Takes All Chapter 1199-1200

Chapter 1199

Above the square, all is silent.

Only the propellers of the three landing helicopters roared.

All eyes were on the crowd, but the gaze was complicated.

How could there be so many twists and turns in the Chen family's birthday?

How many flunkies are there in the world that dare to collect the Chen family's sharpness like this?

Chen Daolin's face turned gloomy.

Behind him, a group of Chen family members also looked cold and stern.

Today, the family head's birthday, the wind and clouds, the dragon and tiger gathered, the invited guest list, are special people day and night strictly selected out.

But repeatedly and repeatedly came with uninvited guests!

This is not respect for the Chen family, let alone paying homage to Chen Daolin, but provocation and insult!

The only person sitting alone at a table, old lady Gu, but the corners of her mouth overflowed with a faintly detectable smile of triumph.

Chen Daolin today you are not going to have a good birthday!

"Iga-ryu, Iga Sovereign Senkou, come to pay your respects, and please forgive the Chen family head for the nuisance!"

With all eyes on him, an old man, surrounded by several ninjas, slowly stepped out of one of the helicopters.

White hair that looked like weeds covered his head in a dishevelled and scraggly manner, fluttering in the wind.

His face was covered in folds, but he was smiling like a spring breeze!

Almost simultaneously.

"Blood Angel, Dracula pays his respects to the Chen family head on his birthday, please don't blame the Chen family head for his rudeness in coming here uninvited!"

The sturdy man, dressed in a tuxedo, stepped down from the plane, surrounded by a crowd of people.

The gentlemanly demeanor was on full display as he stepped forward, but the shadowy look in the corner of his eyes made people feel eerily cold and seeping.

“Hehe has come well enough!”

Long Lao’s expression was shadowy to the extreme.

The Iga Ryu and the Blood Angels were the main driving forces behind the initial formation of the Heavenly Killing Bureau!

Now, on Chen Daolin’s birthday, they had come together, that was a weasel worshipping a chicken under the warm sun, their hearts were punishable!

For a while.

The atmosphere was bizarre to the extreme.

Compared to the thousands of magnates and giants, unknowingly, what huffed and puffed was simply the act of non-personally coming to humiliate the Chen family.

But to the forces at the top of the pyramid in the front row.

With the two forces at the helm close, even can feel the air solemn to the extreme.

The Bureau of Heavenly Killing, they can more or less spy some inside information!

The birthday platform.

Chen Daolin’s expression was cold, his face covered in a layer of cold frost.

He slowly turned back and swept a glance at Elder Long, Kunlun and the mysterious man.

After a moment, he returned his gaze to Patriarch Iga and Blood Angel Dracula.

Just as he was about to speak.

From the third helicopter, a magnetic voice suddenly came out.

“Ancestor Ye Yuanqiu of the Hong Society and leader Yuan Yigang have come to pay their respects today!”

Boom!

The voice was like a thunderclap.

The many bigwigs in the front row were all dumbfounded.

Old Lady Gu, whose face was flushed with complacency, had her smile disappear in an instant.

The people of the Iga Ryu and the Blood Angels.

The moment the voice appeared, their steps came to a screeching halt.

Patriarch Iga and Dracula turned around at the same time, narrowing their eyes and locking them onto Ye Yuanqiu and Yuan Yigang with a strong sense of scorn!

And on the birthday platform, two beams of brilliant light exploded steeply from Chen Daolin's eyes, his expression uplifted.

Even Elder Long and the others showed their joy!

The Chen family, on the other hand, were looking at each other with different expressions.

The Iga Ryu and Blood Angels were indeed strong, but in the domain they belonged to, the Hong Society was the deserving leader of the leader!

The appearance of Ye Yuanqiu and Yuan Yigang was like crushing the Iga Ryu and the Blood Angels on the spot!

What's more crucial is that Chen Daolin and Elder Long, among others, are clear that the Hong Society has come for good!

"Hahahahahaha Welcome, Chen is very fortunate to have Ancestor Ye and Dragon Head Yuan here today to congratulate us, it is indeed a great blessing for the Chen family!"

The company's main business is to provide a wide range of products and services to the public.

His attitude was very different from that of Old Lady Gu, the Iga Ryu and the Blood Angels!

This scene.

The tens of thousands of people from the thousands of powerful families present were all puzzled.

What was going on here?

The people who could appear at the Chen family's birthday today were all the best of the best.

But Chen Daolin's two faces were not hidden!

Many people, already drumming in their hearts, could smell something extraordinary!

"Hahahaha Lord Chen family, please forgive me for taking the liberty to pay my respects, it is indeed a hasty meeting of Hong!"

Under the gaze of countless gazes, Ye Yuanqiu clasped his fist in response to Chen Daoling.

The first time I saw him, I was able to see him.

"Take your seats, quickly take your seats!"

Chen Daolin was filled with a warm smile, hurriedly greeting the special person to lead Ye Yuanqiu and Yuan Yigang to their seats: "Hong will be present to pay his respects, fire the salute!"

This phrase, shouted by Chen Daolin himself, was enough to show the importance attached to the arrival of the Hong Society.

Boom, boom, boom

The salute shot up to the skies and shook the earth.

As the sound of the cannons echoed in the sky, Chen Daolin then said casually to the Iga Ryu and the Blood Angels who were standing in place, "Take your seats, sit with the Gu family, you are all here, if you are not invited to sit, the world's giants will still be watching, lest they say that my Chen family is stingy."

The words came casually, penetrating a clear and cold air.

It was as if a large invisible hand had been drawn directly above the faces of Patriarch Iga and Dracula.

The two looked at each other with a sombre expression as they led the way towards the table where Old Lady Gu was.

However.

While everyone's attention was on top of the square, on the way to the square from the foot of the mountain, a silhouette was walking quickly forward.

“Humph! Grandpa and big brother, they’re really stingy enough to follow and not even bring me along to pay their respects, I still have to charter my own plane to come over.”

Ye Linglong’s beautiful eyes were full of expectation, but her footsteps were flying.

Above the square.

The sound of the salute echoed for a long time.

Not waiting for Hong Hui and, Iga Ryu, Blood Angels and others to take their seats.

In the sky, another helicopter blast exploded.

Countless eyes looked up again.

The wind was bitterly cold and snow was falling.

Under the warm sunlight, a strange-looking helicopter was flying in from the distance.

But when the crowd looked at the word “Jiang” engraved on the helicopter.

Boom!

The simple word was like a heaven-shaking thunderbolt, instantly blasting into the eyes of the many bigwigs in the front row of the square.

“Jiang, the Jiang family? Is it someone from the Jiang family?”

“It must be the Jiang family, other than them, who dares to stamp the word Jiang as a mark?”

“The hidden clans and gentry are all present today at the Chen family’s big birthday, is this sky really about to change?”

.....

At this moment, the crowd of bigwigs from the top of the pyramid forces in the front row could no longer contain their surging hearts.

One by one, their faces were red and their expressions varied, but their gazes were deadily fixed on the rapidly approaching, descending Jiang family helicopter in the sky.

The next second.

Boom!

The crowd of bigwigs, all at the same time, rose up and faced the landing helicopter, their expressions respectful and solemn.

Even the old lady of the Gu Family and the Iga Patriarch and Dracula.

At this moment, they also collected their faces and rose in unison to greet them!

Chapter 1200

The Jiang family is a deserving family!

Not only does it have the power to take over the world, it also has the accumulation of a thousand years of prosperity.

These two conditions are the only criteria for a powerful family to become a top-level family!

Even if the Chen family, which holds all the wealth in the world, is strong enough but has accumulated less than a thousand years of wealth, it still stops short of being a family.

The meaning of a family's existence is not only the prosperity and power of the family!

It is also a huge mission to control the rise and fall of kingdoms and to help them to fall!

The dynasties in the region have been slaughtered by wars and the dead have been scattered all over the land.

But those who really know what is going on can see in each successive dynasty a trace of the great hands of the clans that have been pressed into service to set the world in motion!

Power over the world, but far more than power!

The accumulation of a thousand years of prosperity is unimaginable!

A power that is above all else, hidden from the world at ordinary times, but present in times of war.

This is a power that can overwhelm the times!

It is not comparable to any of the powers present.

Perhaps the Chen family can be counted as half of them!

As a group of forces at the top of the pyramid all rose to greet each other.

The tens of thousands of people from the thousands of giants further back were all filled with shock at this moment.

Horrified eyes gazed at the slowly landing helicopter.

Puzzled, puzzled, shocked

All kinds of emotions instantly swept through the tens of thousands of people present.

The next second.

Rumble

The crowd surged like a tidal wave.

Tens of thousands of people all got up, faced the helicopter and greeted them respectfully.

They didn't know what the word "Jiang" meant, but that didn't stop them from following the same lead as the top powers!

The birthday platform.

The Chen family were already dumbfounded.

Even Old Lady Chen was dumbfounded, with veins trembling in the corners of her eyes.

"How could a birthday banquet today blow out the reclusive Jiang family?"

This was the thought in Old Mrs. Chen's mind.

"Fire the salute, fire the salute!"

Chen Daolin looked excited, his heart beating wildly.

Although the Chen family possessed strength not far behind the Jiang family, it was ultimately a head shorter because its accumulated heritage was less than a thousand years old.

Because the Jiang family was used to being secluded, Chen Daolin had not invited the Jiang family this time, even though he had friendships with them.

If the family were to appear in the world, the implications would be too great and the impact too heavy!

But now the Jiang family had given Chen Daolin face by coming uninvited!

It was an honour!

Boom, boom, boom

The sound of the salute shot up into the sky, deafening.

Tens of thousands of people rose to greet them, a scene that could not be described as spectacular.

The whole place was silent, the gods were respectful and the sound of the salute, became the only sound.

The next second.

Chen Daolin loudly and boisterously saluted, "The Jiang family is here to pay their respects, glory to the Chen family!"

This loud salute caused the thousands of magnates present to look shocked and their hearts to be lifted up in huge waves.

The Chen family was in control of the world's wealth!

The Chen family head was like a god on the clouds.

The arrival of a power on the family head's birthday actually caused the Chen family head, the birthday boy, to disregard the rules of etiquette and willingly lower his status to make a personal noise.

What exactly is the origin of this Jiang family

Compared to the shock of the thousands of magnates, the group of bigwigs of the forces in the front row looked unchanged.

In their opinion, Chen Daolin's reaction was simply normal!

If it were them, they would be just as happy to lower their status!

Finally.

The helicopter landed on the ground.

Chen Daolin had already stepped down from the Shoutai and walked towards the helicopter with giant strides.

The hatch opened.

What met his eyes were familiar old faces.

“Welcome, Master Jiang, and please forgive Dao Lin for not inviting you!”

There were no polite formalities, and even the opening of his mouth conveyed that he was the first to apologise for being short.

This had never been done before!

“I came in a hurry, so I didn’t tell you.”

Sixth Master Jiang smiled and shook Chen Daolin’s hand, then his eyes looked around, “Lin’er hasn’t arrived yet?”

When Chen Dong killed a member of the Jiang family and caused a huge disaster, it was the Sixth Master of Jiang who dealt with the matter, solving the misunderstanding in the Chen family and telling Chen Dong that the person who was killed was someone who had been expelled from the Jiang family.

As soon as he heard the Sixth Master Jiang ask about Chen Dong.

Even with Chen Daolin’s state of mind, it was hard to contain this moment, and the smile that spread across his face grew a few shades bigger.

“With the Jiang family present, Dong’er’s chances of winning have increased even more!”

Chen Daolin was full of smiles as he invited Jiang Sixth Master to the stage while saying, “Dong’er will still have some time to arrive, so Sixth Master will go on stage with me first.”

At first, because of Chen Dong’s killing of Jiang’s family, in the Chen family, Chen Daolin was able to talk and laugh with the Sixth Master Jiang.

But at this juncture today, the Jiang family had given him Chen Daoling face by coming to the door in person, regardless of the sensation.

As the host, Chen Daolin’s words were ultimately a little more humble.

“No need, old man, I’ll take my seat here, this big birthday today

The Sixth Master Jiang was dressed in a brocade robe, but he was not angry, his gaze swept the front row, did not finish his words, but only smiled meaningfully.

Chen Daolin did not say much and personally invited the Sixth Master Jiang to take his seat.

As Master Jiang took his seat, the atmosphere in the room seemed to change dramatically.

Even if the Sixth Master Jiang was merely sitting, it was as if there was a layer of oppression that swept across the front row of the table.

“Take your seats!”

The Sixth Master Jiang spoke softly.

Boom!

The front row of powerful bigwigs settled into their seats in unison and neatly.

In the back row, tens of thousands of giants, tens of thousands of people all looked bewildered.

But they too took their seats one after another.

The next few moments.

One by one, there were more major powers arriving.

Above the sky, a helicopter came and went.

Between the mountains, the sound of cannon salutes echoed incessantly.

The giants exchanged pleasantries and exchanged pleasantries, all waiting in silence.

Time passes slowly.

The tables were also getting fuller and the time for the birthday banquet was getting closer and closer.

Only what made Elder Long and the others frown was that there had been no sign of Chen Dong!

Even Chen Daolin could not help but be a little puzzled.

Today's birthday banquet, he was the birthday boy, but he knew better, the real key at the birthday banquet was to elect the next family head and take over the crown!

Chen Dong was late in arriving, and delay would bring change!

On the birthday platform, Old Lady Chen and the others had gloomy faces.

Ever since the arrival of the Sixth Master Jiang, Old Madam Chen's face had been like a pool of stagnant water, and her frown had never been stretched.

Beside her were Chen Tiansheng, Chen Daoping and Chen Daoping.

"Mum, the Jiang family have all shown up, I'm afraid there are big changes today!"

Chen Dao Ping said in a deep voice.

Chen Daoping hurriedly agreed, "Yes, yes, so many uninvited forces, even the Jiang family has shown up, if we don't contest for the next head of the family as soon as possible, I'm afraid the situation will become more and more unfavourable, just now the sixth master Jiang has asked about that wild seed, if we wait until that wild seed arrives, the situation will probably be very unfavourable for Tiansheng!"

"Then what will you teach the old body to do?"

Old Madam Chen looked at Chen Daoping and Chen Daoping with gloomy brows.

Both of them had a pause at the same time.

On the side, however, Chen Tiansheng rubbed his chin and pondered, "Perhaps start the birthday banquet early? With a full house and three thousand tables already almost full, there is nothing wrong with advancing the time a bit."

At those words.

Old Mrs. Chen, Chen Daoping and Chen Daoping all brightened up.

The birthday banquet would start at 12 noon!

The winner would be the king and set the head of the family, which would also take place sometime after the start of the birthday feast.

If the birthday banquet was brought forward, it would mean that the time for the winner is the king and the family head would also be brought forward.

If it was before Chen Dong arrived, then the variables would be greatly reduced!

And at this moment, there was still half an hour before the birthday feast began!

The next second.

The next second, a flash of determination appeared in Old Lady Chen's eyes.

In full view of everyone.

She stepped forward with her walking stick and said in a loud voice: “Ladies and gentlemen, as Dao Lin’s Third Mother, I would like to thank you all on behalf of Dao Lin for coming to the banquet in the midst of your busy schedules, this is the best honour for my Chen family.
