

## Winner Takes All Chapter 1431-1440

### Chapter 1431

Jiang Qilin was stunned for a moment.

A blush quickly appeared on his cheeks, and it felt like his face was on fire.

It was true that he did not know how to behave in the world.

But he knew it was wrong to slip over the wall and enter someone's door.

He knew it was wrong to slip over the wall and enter a house.

But he had no choice but to do so.

Although he had the cheek to come to Tianmen Mountain Villa, his purpose was Chu Reed, and he had slipped in through the wall with the idea of quietly finding Chu Reed and then leaving.

As a genius of the Jiang family, his pride was still very strong.

It was just that he did not expect to be attracted to Chen Dong who was in the middle of his enlightenment as soon as he landed, and then to be discovered by the Snowy Lion.

"Hugs, sorry, Mr. Chen, I, I am here to find the reed."

Jiang Qilin forced himself to hold back the burning sensation on his face and lowered his head to explain.

Looking for the reed?

Could it be ..... true?

Chen Dong raised his eyebrows, the sneer and coldness on his face diminished by a few points, "I, Chen Dong, am not a poor and vicious person, Mr. Jiang looking for the reed, just go through the front door, slipping through the wall and the beam is not a good habit."

He did resent Jiang Qilin's rudeness and insolence, and his lack of respect for others.

But if Jiang Qilin and Chu Reed came together, it would be a different story.

If you don't look at the face of the monk, you must also look at the face of the Buddha.

However.

The words had just come out.

Jiang Qilin, who was blushing, suddenly raised his head, and his starry eyes glowed with a burning luster as he looked towards Chen Dong.

The four eyes met.

Chen Dong's expression was awe-inspiring.

He could feel the rising battle intent in Jiang Qilin's eyes.

Even, the stare-off made him feel a strong sense of crisis!

"Mr. Chen, put the reed aside for now, can I spar with you?"

Jiang Qilin raised his hand and clasped his fist, his battle intent agitated.

Last time, during the brief encounter in the secret forest of the Eight Formation Diagram of Gods and Ghosts formation, Chen Dong had fallen short, leaving Jiang Qilin not curious about Chen Dong's martial dao.

However, the brief time he spent gazing at Chen Dong just now had caused Jiang Qilin to become extremely interested in Chen Dong's martial dao.

Chen Dong: "....."

It's not enough to slip the door onto the beam, to challenge me?

Jiang Qilin's unruly and uncaring nature had once again refreshed Chen Dong's three views.

Before meeting Jiang Qilin, he had never thought that there would be adults at the age of majority who would be so ..... childish!

straightforward, without the slightest curvature.

The whole person gave the impression as if he was a child, without any rules!

"Please teach me, Mr. Chen!"

Jiang Qilin's battle intent surged, but he respectfully bowed to Chen Dong: "Qilin has the intention to spar with Mr. Chen and share the understanding of the martial dao, this is an unparalleled opportunity between both of us, please Mr. Chen must cherish it!"

As a genius of the Jiang Family, he had been in seclusion in the Jiang Family since he was young, and was even under the top protection of the Jiang Family.

Jiang Qilin's achievements in martial arts were likewise in the ranks of geniuses!

At this moment, facing Chen Dong gave him a feeling of sympathy, and even Jiang Qilin was incomparably certain that Chen Dong would never refuse his request.

Also a martial arts expert, he would never let go of any opportunity to possibly improve his martial arts strength!

However.

"Is this the attitude you take when you invite someone to a sparring session?"

Chen Dong rubbed his nose, even for Chu Reed's sake, he was a little sulky at the moment.

Asking someone to give a lesson, and still putting up a stance, telling the other party from on high that they must cherish it?

Was that stupidity, or was that madness?

Jiang Qilin was stunned, his lips mumbling as he was about to respond.

Chen Dong got up and walked straight towards the villa, saying coldly, "I'll go get the reed to come out, you don't deserve to spar with me!"

Jiang Qilin: "???"

What did I do wrong again?

Seeing Chen Dong leave, even from a distance, Jiang Qilin could feel the coldness emanating from Chen Dong's body.

In an emergency.

The terrified Jiang Qilin hurriedly shouted, "Mr. Chen, please teach me, this sparring session will be of great benefit to both you and me, why don't you agree?"

Chen Dong paused in his steps, his back was straight, and even just a back shadow could give people a sense of oppression.

There was a play?

Jiang Qilin's heart and soul were lifted, and he immediately revealed a look of expectation.

The thought had just started.

Chen Dong's cold and dismissive voice sounded like thunder in Jiang Qilin's ears, causing him to freeze like a wooden chicken.

"My mother, won't let me play with fools!"

Boom!

Jiang Qilin was completely dumbfounded, dazed, and his mouth was even open to the point that he could almost fit a fist in it.

"Mr. Chen, you, why are you insulting me?"

By the time Jiang Qilin came back to his senses, Chen Dong had already almost walked into the villa, and he wailed in aggravation.

And this time, Chen Dong did not pay attention and went straight into the house.

Inside the villa.

The crowd looked at each other in disbelief.

They were all stunned by a beastly roar from the snowy lion that reported the news and rushed up to the sky.

After all, the tragic scene when Master Empty descended was still vivid in their minds today.

Old Man Long, Fan Lu and Zhao Broke-Ru were all still in their wheelchairs!

Only after learning that the visitor was Jiang Qilin, the crowd also restrained themselves from rushing out of the villa for the time being.

"Why is he here again?"

Gu Qingying's eyebrows were furrowed in some confusion, "You and Jiang were outside, what did you talk about?"

"I listened to a fool bleeping around!"

Chen Dong shrugged his shoulders and laughed indifferently before his gaze fell on Chu Reed, "Reed, people are here for you!"

Chu Reed's delicate body trembled, and the redness instantly spread from her neck to her cheeks, going straight to the root behind her ears.

Elder Long and the others also gazed at Chu Reed.

The burning gaze made Chu Reed feel a sense of trepidation like a mane in her body.  
In the silence.

Zhuge Qing wrapped his arms around his chest and tsked, “The reed is so charming!”

“Zhuge Qing, you shut up!”

Chu Reed stomped her foot in shame and angrily scolded.

The words had not yet fallen.

“Reed, reed ah .....

Outside suddenly came Jiang Qilin’s shouting voice.

“Oh yo yo, called a little intimate it, the second time we meet reed reed reed ah.”

Zhuge Qing looked like the fire of gossip was burning.

This further made Chu reed like fire around her body, in a panic, she angrily glared at Zhuge Qing, and then ran out of the villa quickly.

“I can’t tell, you kid is still bitchy.”

Chen Dong gave Zhuge Qing a blank look.

“Aren’t you guys curious?”

Zhuge Qing asked solemnly.

Chen Dong and Gu Qingying glanced at each other, then the eyes of the crowd alternated with each other again.

In the end, several people laughed out loud.

Outside the villa.

Chu Reed’s body felt like it was on fire, her face was even more ashamed and almost oozing blood, and her feet were flying.

After seeing Jiang Qilin, Chu Reed immediately said in shame, “Mr. Jiang, can you stop howling?”

“Reed, finally I see you again!”

Jiang Qilin's eyes lit up as he excitedly ran towards Chu Reed.

Without warning.

Caught off guard.

Jiang Qilin directly raised his hand and grabbed Chu Reed's hands, holding them tightly, "I'm here to find you, Reed!"

Chu Reed let out a scream and instinctively tried to break free, but Jiang Qilin's hands gripped tightly, making it impossible for her to break free.

Inexplicably, a strange feeling welled up in Chu Reed's heart.

She lowered her head and said almost pleadingly, "Mr. Jiang, please let go, it's the first time I've been shaken like this by a strange man in my entire life.

"Men and women don't get along?"

Jiang Qilin pondered for a moment, smiled spontaneously, and gently pulled Chu Reed, who instantly lost her balance and stumbled in front of Jiang Qilin.

A whirlwind.

Jiang Qilin let go of one hand and wrapped his big hand directly on Chu Reed's shoulder.

This action caused Chu Reed to be struck by lightning, her delicate body instantly stiffened, her beautiful eyes rounded, and her entire body was dumbfounded.

Jiang Qilin smiled and said, "Aren't we friends? Good friends!"

## **Chapter 1432**

Good, good friends?

Chu Reed was completely confused, but her heart was turning over.

Even if they were good friends, they couldn't just hold hands between men and women and put their shoulders on each other, right?

Ever since she was a child, Chu Reed had no shortage of male friends around her.

But even for those male friends, they would deliberately keep a distance from each other.

The way Jiang Qilin acted at this moment was a first for Chu Reed!

Moreover, after being shocked, another possibility suddenly occurred to Chu Reed.

“Stinking rogue!”

Chu Reed suddenly struggled and pushed Jiang Qilin away, while flinging his hand and slapping him on the face.

Slap!

The sound of the slap was crisp and loud.

The slapping of the face was a painful sensation, and Jiang Qilin stood frozen in place with confusion in his eyes.

How did ..... he become a rogue again?

In the line of sight, Chu Reed, who has always shown herself as an iceberg beauty, now has scarlet cheeks and eyes full of panic and fear, the whole person is in a state of shock and explosion, as if a kitten is frightened.

“Reed, what’s wrong with you?”

Jiang Qilin, with a dumbfounded look on his face, worriedly hurried forward to try to calm down.

But as soon as his right foot took a step.

“Stop, you stinking rascal stop right there!”

A fearful outburst from Chu Reed brought Jiang Qilin’s footsteps to a screeching halt.

The first thing you need to do is to get your hands on the other side of the street.

“Reed ..... me .....”

Jiang Qilin face full of fear, like a child who does not know what to do.

On the contrary, it was the gap between the two men in terms of experience and human feelings that had created the misunderstanding at hand.

Chu Reed was thinking like a normal person.

Jiang Qilin, on the other hand, was incapable of human feelings and worldly affairs and had been in seclusion for so long that his mind was actually no different from that of a child.

The initial compliments and expressions of affection, and the holding of hands and shoulders just now, were normal in the eyes of a child.

Friendship is all about closeness!

But among adults, this kind of behaviour is too intimate, which is why Chu Reed has imagined this misunderstanding now.

“Mr. Chen, Mr. Chen .....

Chu Reed’s face was terrified, and immediately turned around and shouted Chen Dong.

And hearing the shout, Jiang Qilin instantly became apprehensive.

He waved his hand almost supplicatingly and shouted to Chu Reed, “Reed, don’t shout, don’t shout for Mr. Chen, he’ll come out later!”

He had been kicked out of Jiang Liu’s house only after he returned home because he had been rude to Chen Dong, and he was ashamed of Chen Dong and ashamed to meet him for the time being.

But these words, when they fell on the ears of the emotional Chu Reed, meant something else.

“Not calling out to Mr. Chen? Do you think I really want to be at your mercy? Jiang Qilin, I know very well the nasty thoughts in your heart!”

At my mercy?

Nasty thoughts?

Jiang Qilin was confused, he didn’t know what had provoked Chu Reed with these actions.

With Chu Reed’s voice calling out to Chen Dong echoing in his ears, Jiang Qilin felt the burning sensation of being in a frying pan.

Seeing that Chu Reed did not stop, Jiang Qilin’s eyes instantly showed determination.

The next second.

Jiang Qilin suddenly rushed to the front of Chu Reed.

The disparity in strength made Chu Reed powerless against Jiang Qilin.

Jiang Qilin directly covered Chu Reed's mouth with one hand, and dragged Chu Reed towards the corner of the courtyard with the other.

He did this because he wanted to make a distance to prevent Chen Dong in the villa from coming out.

As he walked, Jiang Qilin whispered, "Stop shouting, reed please stop shouting, later Mr. Chen is really going to come out!"

In his fear and apprehension, Jiang Qilin did not notice that Chu Reed's face was as pale as paper, and she could only make "whimpering" sounds while her mouth was covered, her face full of fear and despair, and her eyes even filled with tears.

On the other side.

Chen Dong and the others heard Chu Reed's shout.

Everyone was stunned at first.

No one had expected that Chu Reed had gone out for such a short while and then shouted.

What on earth had happened?

Only after a long time of froze, did Chen Dong lead the crowd to rush out of the villa.

As soon as they left the villa, they saw Jiang Qilin covering Chu Reed's mouth and dragging him towards the corner of the courtyard!

This scene made the crowd look choked.

Chu reed also saw Chen Dong and the others, and at once, like a dying man seeing a straw, he struggled desperately, and the whimpering sound from his mouth became louder.

However, in the hands of Jiang Qilin, all of this seemed useless and useless!

But in the eyes of Chen Dong and the others, it made everyone's jaws of anger split.

Such a scene was clearly a desire to commit an act of misconduct!

And he was going to take away Chu Reed by force!

"Husband, save the reed!"

Gu Qingying's pretty face was white and she was about to reach out and grab Chen Dong beside her in fear.

But when one hand fell, it was empty.

When she looked back, she saw that Chen Dong had already rushed out with giant strides.

"Jiang beast, let my people go!"

Boom!

As Chen Dong rushed towards Jiang Qilin and Chu Reed, the majestic Qi energy, like a python dragon rushing through the sky, directly broke through his body.

There were no more words.

With an explosive shout, Chen Dong directly and brazenly kicked out in the air.

The majestic qi energy flew out along his right foot, turning into a python dragon of qi waves visible to the naked eye, crushing everything as it blatantly crashed into Jiang Qilin and Chu Reed!

"Eh?!"

As Jiang Qilin heard Chen Dong's roar, a strong sense of crisis fiercely rose up behind him.

Lightning flashed.

"Reed be careful!"

With a warning, Jiang Qilin directly pushed Chu Reed out horizontally.

As he turned around, the majestic and fierce Qi coils were already closing in on him.

The two were only two feet apart!

But.

In an instant, Jiang Qilin's eyes were frozen, his battle intent was tumultuous, and his handsome face was suddenly covered with a layer of cold frost.

Time, at this moment, seemed to be slowed down.

Jiang Qilin raised his hands violently, pushed them forward, and then spread them out.

Buzz!

An aura of energy blossomed directly from his hands.

It was as if a curtain had been pulled open.

As Jiang Qilin's hands paused in mid-air, the qi that spanned between his hands suddenly rendered into black and white, forming a taiji!

Black and white, each divided into yin and yang!

Yet it was like a shield.

Boom!

Chen Dong's Qi impacted on the Taiji Qi, and a loud boom sounded like a bomb explosion.

Jiang Qilin's feet sank down and he ploughed back under the huge force, finally hitting the courtyard wall before stopping.

He himself, however, was unharmed!

An exchange of blows.

But it made Chen Dong look astonished and frightened.

Even in his rage, Chen Dong still could not help but raise his hand and rub his eyes.

Did ..... really see it right just now?

“That Taiji .....

Chen Dong muttered, not daring to believe: “Qi energy can also be used to such an extent?”

And at the entrance of the villa, a cry of astonishment also rang out at the same time.

Elder Long, Fan Lu, Zhao Breaking, Wu Chang and Zhuge Qing all exclaimed in astonishment, dumbfounded.

Just now, they had all seen it clearly!

“Taiji? Qi energy transforming into something, he, just how far has he grown in his martial arts?”

The strongest of them all, Wu Chang, had sweat standing on his head and his scalp was all fried, fear in his eyes, and he looked at Jiang Qilin like he was a ghost!

## Winner Takes All Chapters 1433-1434

### Chapter 1433

Compared to Chen Dong and Wu Chang's shock.

Even Old Man Long, Zhao Breru, Gu Qingying and Zhuge Qing were dumbfounded by the scene they had just witnessed.

They did not know how powerful qi energy was, and even Elder Long had never sensed "qi".

However, this did not stop them from being shocked by what they had just seen!

Who would have thought that a scene from a film or TV drama would actually appear in reality?

With a spread of both hands, Qi energy turned into Tai Chi!

In the garden, there was silence.

Jiang Qilin leaned against the courtyard wall and took a deep breath before he could get over his strength.

Just now, it seemed that he had easily withstood Chen Dong's furious strike, but in fact, his body was quite depleted.

Jiang Qilin was about to open his mouth to explain.

Chu Reed, who had been pushed out, suddenly cried out, "Mr. Chen, help me!"

This cry immediately caused Jiang Qilin to panic.

He waved his hands, "No, it's not that, Mr. Chen, I... I didn't hurt the reed!"

Chen Dong's face was gloomy, and the look in Jiang Qilin's eyes was full of disgust.

"Jiang Qilin, none of our eyes are blind!"

A cold sentence made Jiang Qilin's face red and dumb, but his eyes were dumbfounded and confused.

"Reed, go to sister-in-law's!"

Chen Dong slowly took off his suit jacket and stared at Jiang Qilin coldly and sternly.

The frightened Chu Reed did not dare to stay, and ran towards the villa door in a hurry.

Jiang Qilin wanted to stop him, but he just raised his hand.

Chen Dong's cold words were like a cold wind blowing out from the depths of the Nine Mysteries, sweeping through his entire body.

"I thought you were just unruly and arrogant, and had no one in your sights, but I never thought that you were this nasty.

Jiang Qilin: "What??"

It was as if his chest had been stuffed with stones for a moment, blocked up to the brim.

Once upon a time, he was seen as the future of the family, the qilin genius, in the Jiang family, and was protected by everyone in the tightest of ways.

Self-esteem, he had, and it was strong.

But until he left the Jiang family this time, being disliked several times in front of Chen Dong had chafed his pride beyond repair.

More crucially, with his mind, he had no idea what the hell had caused these several times!

"If you want to fight after moving my people, then fight!"

Chen Dong's body was filled with cold intent, and his narrowed eyes were tossed with battle intent.

In the heat of his anger just now, he only wanted to save Chu Reed.

But after witnessing Jiang Qilin's hands turn into Taiji, his heart also burned with battle intent.

Who was stronger, him or Jiang Qilin?

Jiang Qilin was stunned.

The stifling feeling of being wronged seemed to be pressing a huge stone on his chest.

Looking at the endlessly cold Chen Dong, he gave a despondent smile.

"If Mr. Chen wants to fight, then let's fight."

After saying that.

Jiang Qilin bowed forward with his right foot, tapped his toes on the ground, and raised his hands in a starting stance.

Buzz!

Qi energy suddenly rose from beneath his feet, forming a cyclone around him, blowing his robes to rattling.

In the process, Jiang Qilin's entire aura changed dramatically.

It was cold, indifferent and gave the impression of a ten-thousand-year-old iceberg.

Standing on his feet, it was as if he had been here for all eternity, so lofty and vast that he could not be looked at!

"What a bizarre and powerful aura!"

Chen Dong secretly smacked his lips in his heart, his pupils could not help but tighten as he became cautious.

A martial artist's aura could reflect his or her strength.

It was just like "looks are born from the heart".

At this moment, as Jiang Qilin's aura shifted, Chen Dong even felt in a trance as if there were some shades of Chen Daogun in Jiang Qilin's body!

The two have very different auras, but the shadow here refers to the ..... strength of both of them is equally scary!

"Phew ....."

Exhaling a heavy breath, Chen Dong slowly bowed his body and assumed a fighting stance.

It had been a long time since he had felt such a sense of oppression on someone of his own age!

When he first set foot on the martial arts path, he had only felt it on a few people his age, such as Chen Tianyang and Chen Tiansheng, because he was still shallow.

As his strength increased, his opponents had long since gone beyond the realm of his peers.

The most recent fight was still with Miyamoto Ichiban of the Iga Ryu.

Even the genetically modified Miyamoto Ichidou gave Chen Dong a sense of oppression far inferior to that of Jiang Qilin!

Boom!

Rigid Qi energy blasted out from Chen Dong's body.

In an instant.

The sand and rocks around Chen Dong were flying, and the sound was no small feat, displaying the fierce and domineering power to the fullest.

However.

Jiang Qilin, who was as cold as frost, spoke slowly, his voice so cold that it did not have the slightest ripple, as if it was mechanical.

"Mr. Chen's qi control is really poor!"

Chen Dong did not retort, nor did his heart make the slightest ripple.

In terms of Qi control, it was indeed his shortcoming nowadays!

And not far away.

As Chen Dong and Jiang Qilin released their Qi energy at the same time, Changeless, Elder Long and the others all looked grave.

Gu Qingying clenched her hands together and murmured with a face full of worry, "Should we stop them?"

"Young Madam, even if we want to stop them, we still have to have that strength."

Long Lao smiled bitterly and said comfortingly, "Don't worry, with the young master's strength, it will be fine."

Fan Lu and Wu Chang, who were at the side, also nodded in agreement, only with the same bitterness and helplessness on their faces.

When the swords were drawn.

It was already too late to stop it!

Not to mention the fact that they hadn't even sensed Qi, so to go straight up and stop Chen Dong and Jiang Qilin from fighting would simply be an egg against a stone.

To a martial artist, there was a gap in the sky between whether or not they had achieved Qi!

"It's all my fault, it's all my fault ....."

The pale face of Chu Reed with hot tears in her eyes, her fear not yet gone, and a little more guilt.

The words had not yet fallen.

Jiang Qilin's voice, suddenly sounded.

"Mr. Chen ..... gives instruction!"

Buzz!

A strong wind swept through the garden.

There was no overly appalling sound.

However, the moment the strong wind first rose, Elder Long, Impermanence and the others had their faces changed greatly and their pupils tightened.

In full view of the crowd.

Jiang Qilin, who was standing under the corner, had simply disappeared!

The next second.

Jiang Qilin appeared directly in front of Chen Dong.

How fast!

The heart of Chen Dong, who was caught off guard, jerked violently.

In the line of sight.

Jiang Qilin's right hand slapped over directly, as fast as lightning, and even more so, it was wrapped with a harsh astral wind and qi.

In a flash of lightning.

Chen Dong stomped his feet on the ground and advanced instead of retreating.

At this moment, the violent qi energy directly wrapped around his arms, like two pythons, and bravely wrapped around Jiang Qilin's big hand.

In a battle of this level, Chen Dong knew very well that once Jiang Qilin took the lead and he retreated to dodge, what he would face next would be Jiang Qilin's endless and terrifying attacks!

However.

However, the moment Chen Dong wrapped his arms around Jiang Qilin's arms.

Jiang Qilin suddenly said with red eyes, filled with guilt.

"I'm sorry, I was wrong!"

The sudden apology caused Chen Dong to be stunned for a moment.

Almost simultaneously, his arms were already on top of Jiang Qilin's right arm.

The moment of contact, the expected sweep of qi and the battle of power did not occur.

Instead, it was an ordinary arm, and even the qi surrounding Jiang Qilin's right arm was gone!

This guy ..... did it on purpose?

Chen Dong's mind was greatly shaken, and immediately wanted to withdraw his hands, but it was already too late!

Bang!

Bang!

With a loud sound between the two arms, Qi energy collapsed and the sound of bones breaking rang out simultaneously.

Chen Dong's face paled as his right arm took on a bizarre bend in his vision, the white bones piercing through the flesh and blood splattering, with a few drops even bursting directly onto his face.

And Jiang Qilin stood still, but his eyes were red and full of guilt and confusion.

Not even a muffled grunt escaped his lips, only a tightly furrowed sword brow!

**Chapter 1434**

An abrupt scene.

It left the crowd at the entrance of the villa dumbfounded.

Gu Qingying and Chu Reed even screamed out in horror!

Chen Dong was stunned in place, lost in thought as he stared at Jiang Qilin who was standing still.

The broken arm that showed a bizarre bend, as if it was a sharp needle, stabbed at Chen Dong's eyes.

"You, who can block!"

Chen Dong squeezed out a sentence from between his teeth.

The fight just now was clearly deliberate on Jiang Qilin's part!

Pretending to make a move and breaking an arm to apologise.

This was all beyond Chen Dong's expectation.

At this moment, all the anger had turned into shock and disbelief.

In the exchange of blows just now, even if Chen Dong had both arms out, he was not sure that he would be able to capture one of Jiang Qilin's arms.

After all, the difference between the two sides in terms of qi control was there.

Instead, Jiang Qilin chose the most unpredictable outcome.

Jiang Qilin stood still, his aura all but gone.

He was holding his broken right arm, his body trembling vaguely from the tremendous pain, and a sharp intake of breath was coming out of his mouth and nose, but he was still holding it back.

His starry eyes were red with tears, full of guilt and ignorance.

Facing Chen Dong's gaze.

Jiang Qilin smiled and said, "I don't know what I did wrong, but everyone thinks I'm wrong, so I ..... should be wrong."

The words were full of resignation and helplessness.

Chen Dong's pupils tightened for a moment, and suddenly his throat was stuffed with these words, and he could not speak for half a day.

"I'm sorry Mr. Chen, I'm also sorry reed."

Jiang Qilin smiled helplessly, but his expression and eyes were all like a child who did not know where he had made a mistake and had to admit it.

That kind of helplessness and aggression, adults can't even pretend!

Chen Dong's eyebrows knitted together and he said, "I'll take you to the hospital first."

Jiang Qilin's state of reaction gave Chen Dong a very perverse feeling.

From the time he first met Jiang Qilin, his words and actions, all made Chen Dong feel perverse.

When an adult was abnormal in every way, there should be an internal cause in it.

Now that Jiang Qilin had taken the initiative to admit his mistake, there was no need for him to continue the anger he had just felt.

"A mere broken arm, it's not a problem."

Jiang Qilin shrugged his shoulders with an indifferent look.

"Fool!"

Chen Dong dropped a cold sentence, turned around and walked towards the garage.

Jiang Qilin stopped where he was, but his red and tearful eyes looked at the crowd at the entrance of the villa.

Eventually, his gaze fell on Chu Reed.

"I'm sorry Reed, I might have done something to scare you, I hope you won't be angry, I want to be friends with you, you're my Jiang Qilin's first friend."

"Friend?"

Chu Reed's gaze rose in complexity and his lips mumbled, as if he was pondering over these words of Jiang Qilin.

What he had just done was all a sign that he considered me a friend?

By the time Chu Reed came back to his senses, Jiang Qilin was already walking towards the garage with his broken arm in his hand.

Under the dim yellow light, his steps were quick, but his eyes were forlorn and gloomy.

“Ever since I was little, everyone knew I was good, but no one ever gave me a single compliment, the reed complimented me, so that’s a friend.”

The words were soft, but with innocence and aggravation.

Lijin Hospital.

After some surgery, Jiang Qilin’s arm was finally attached and put into a cast, and then he was transferred to a general ward.

Chen Dong did not leave immediately.

From the surgery to its conclusion, he remained at the door of the resuscitation room, frowning in thought as he recalled a scene from Jiang Qilin.

The disgust and disdain were still there.

But the incident in the garden where Jiang Qilin had broken his own arm had made Chen Dong curious about Jiang Qilin.

Even now, sitting by Jiang Qilin’s hospital bedside, Chen Dong looked drifting and kept reminiscing.

“Mr. Chen, this arm of mine is not a problem, don’t worry about it.”

Seeing Chen Dong’s strange look, Jiang Qilin thought that Chen Dong was worried about his injury and smiled to comfort him, “I am not like you guys, this injury will recover soon.”

Chen Dong frowned and returned to his senses, gazing at Jiang Qilin, “It is as if your superiority is carved into your bones and melted into your blood.”

Jiang Qilin’s expression choked.

Wrong again?

“Besides, I’m not worried about your injuries.”

Chen Dong shrugged his shoulders and changed his words with an indifferent expression, “I was curious about you as a person!”

“Curious about me?”

Jiang Qilin’s gaze flickered for a moment, “I am indeed somewhat different from the norm, and it is normal for you ordinary people to be curious.”

Chen Dong: “.....”

Why was it so hard to talk to this guy?

Chen Dong’s expression sank, “Jiang Qilin, you don’t understand half of the human condition, why is it that within the Tianhua Auction House, you know to help me auction the land and bring you and I closer together?”

“Huh?”

Jiang Qilin scratched his head and smiled awkwardly, “When I left the Jiang family, my grandfather and father had instructed me to help you if I could, so that we could talk more easily, so I watched you auction the land at the auction house, so I helped you grab a piece of land that was close to your company.”

Chen Dong was confused.

His eyes stared at Jiang Qilin, speechless for a moment.

This guy, he really didn’t understand anything?

Did the Sixth Master Jiang and his father still teach him about shooting land to help out?

“You’re so old, what exactly have you been through?”

Chen Dong couldn’t help but ask.

He had never thought that a man at his age would be this stupid!

If he had experienced anything, he would definitely be better at it than Jiang Qilin!

“What have you been through?”

Jiang Qilin’s gaze was hollow as he stared into the light, lost in memory.

Chen Dong did not rush either, but frowned and waited.

After waiting for a few seconds.

Jiang Qilin smiled despondently, “Where’s the experience? Ever since I was born, I was worshipped by my whole family as the family’s future Qilin, my memories are of being in

seclusion, in a modest enclosed environment, learning all sorts of skills, formations, business, martial arts ..... nothing, nothing, and the people I often saw were my grandfather and his gang, even my parents I rarely saw, they protected me dead, the outside world is even rumored that my grandfather this lineage, extinct!”

Chen Dong was dumbfounded and said offhandedly, “Then aren’t you a blank piece of paper?”

“A blank piece of paper?”

Jiang Qilin’s gaze flickered for a moment and he said with a smile, “That’s an apt description, this is the first time in years that I have received permission from my grandfathers to leave the Jiang family, thanks to Mr. Chen’s blessing.”

Chen Dong opened his mouth slightly, wanting to say something, but he didn’t know what to say.

The look in Jiang Qilin’s eyes became one of surprise and astonishment.

With Chen Dong’s experience since he was a child, he had never thought that there was such a rare thing as Jiang Qilin in the world!

Ups and downs are life, stumbling and tripping is experience.

The old adage “to suffer is to be blessed” is an absolute truth in certain circumstances.

The old saying “to suffer is to be blessed” is absolutely true in certain circumstances.

In a closed environment, he has learnt all kinds of skills and studied martial arts, and his genius attributes are indeed full.

But it was this closed protection that had also prevented Jiang Qilin, a genius, from landing on the ground as an adult!

After understanding this, Chen Dong was relieved at Jiang Qilin’s words and actions before.

A giant baby who had never been exposed to society, and normal people in their respective perspectives, without understanding the premise, misunderstanding was simply not too normal.

## **Winner Takes All Chapter 1435-1436**

### **Chapter 1435**

Half a day.

Only then did Chen Dong come back to his senses.

He gazed at Jiang Qilin and asked, "So, you and the reed ....."

The scene in the villa just now could indeed make people float and feel angry.

But after knowing Jiang Qilin's experience, Chen Dong felt that there should be a misunderstanding in this matter as well.

"The day the reed sent me away, she complimented me, that was the first time I had heard someone compliment me, wasn't that a conversation between friends?"

Jiang Qilin blinked his eyes, he was obviously thirty years old, but he froze to give a budding feeling.

Chen Dong: "....."

One compliment and you're treated as a friend?

Just a friend!

Chen Dong rubbed his nose and stared at Jiang Qilin with an odd smile, "I envy you for being so simple."

"Perhaps ..... should be called stupid?"

Jiang Qilin responded.

Chen Dong raised his eyebrows, "Oh yo! How come you suddenly have such a clear perception of yourself after this turn of events?"

Jiang Qilin froze for a moment and laughed bitterly.

"Actually, I don't know what I did wrong, but after you drove me home last time, I told grandfather and father about what happened, and grandfather reacted violently and even punished me with expulsion from the Jiang family, so that must mean I did something wrong!" "And just now, I don't know what I did wrong either, but you all reacted so angrily, so it should be something I did wrong too."

There was a pause.

Jiang Qilin said guiltily, "You all said I was wrong, so I must have been wrong, and an apology would be in order."

Chen Dong stared at Jiang Qilin and suddenly had mixed feelings in his heart.

This Jiang family Qilin, was strong!

So strong that it made him feel extremely oppressed.

Just by pushing the Eight Formation Diagram of Gods and Ghosts, he was able to crumble Zhuge Qing's dao heart.

And in the martial dao, it also made Chen Dong feel the great oppression of his peers for the first time.

In all aspects, Jiang Qilin was worthy of the word "genius".

But when it came to human affairs, Jiang Qilin was really a blank sheet of paper, as simple as a child.

Even now, he was still "blank".

Chen Dong raised his hand and landed on Jiang Qilin's shoulder, saying soothingly, "There is no right or wrong in this matter, but you must remember that when everyone says you are wrong, you may not be wrong, you may have been wronged by everyone!"

"Wrongly accused?"

Jiang Qilin shook his head, "I don't think so."

"It takes a fierce beast to walk alone, it takes a flock of sheep to keep company, sometimes it's not wrong to walk alone, and sometimes it's not always right to be surrounded by thousands, and the people who have wronged you know better than you do how wronged you really are! But they may also completely fail to understand the purpose of your lonely journey and unconsciously wrong you with their own perceptions and generalizations."

Chen Dong said in a deep voice, his words somewhat argumentative, but he felt that this had to be made clear to Jiang Qilin.

This was also considered an explanation for the misunderstanding between him and Jiang Qilin before.

It was just that .....

Jiang Qilin's sword brows were furrowed, and a complex look of doubt passed over his handsome face as he fell into silence.

Obviously, for a moment, there was some reaction to what Chen Dong had said.

“Think about it, there is a misunderstanding between us, I will go back and explain this matter clearly to them.”

Chen Dong did not wait until Jiang Qilin came to his senses, but directly rose, “Since your grandfather and your father let you leave the Jiang family and enter the world, then they should also want to let this white paper of yours be stained with some mortal brush and ink, after more stumbling and wrestling and getting along with people, you will slowly have a smoldering temperament.”

“Aura of smoke and mirrors?”

Jiang Qilin murmured, his gaze still vacant, still caught up in what Chen Dong had just said.

By the time he came back to his senses, the ward was empty and he was the only one left, Chen Dong had already closed the door and left.

.....

Leaving Lijin Hospital, Chen Dong drove straight back to Tianmen Mountain Villa.

When he walked into the house, the living room was brightly lit.

Gu Qingying, Elder Long, Chu Reed and the others were all in the living room.

“All still awake?”

Chen Dong smiled and walked into the living room.

“Who can sleep when you haven’t returned?”

Gu Qingying scolded Chen Dong, “Knowing full well what we are waiting for, you still pretend to ask a mouthful.”

Chen Dong smiled as he swept Gu Qingying up and sat on the sofa.

As he swept his eyes over the crowd, except for Chu Reed’s complex expression, Elder Long and the others all revealed their curiosity.

Seeing Chen Dong’s silence.

Long Lao urged, “Young Master, everyone is waiting for you, so tell me quickly, what is the situation with that Jiang Qilin?”

Chen Dong smiled oddly.

However, he avoided talking about it, and instead, his gaze fell on Chu Reed.

Chu Reed felt the gaze and had a feeling like a mane on her back, lowering her head and saying, "Mr. Chen, I, what's wrong with me?"

"You have made an investment for your Chu family, an investment that has the highest return ratio in the world!"

Chen Dong said in a meaningful manner.

A compliment that became the first good friend of the Jiang Family Qilin.

This value, putting aside the premise of trampling on friendship, simply looking at it, the return ratio was so generous that even Chen Dong smacked his lips and was shocked.

The Jiang family's family clan, with the Jiang family's regard for Jiang Qilin, who the future Jiang family head is, there is no need to guess.

Chu Reed and Jiang Qilin become friends, get along to later, the future of the Chu Family in Kyoto ..... behind can stand a great mountain in the sky!

"What do you mean?"

Chu Reed looked up, blinked and asked confused.

Chen Dong smiled noncommittally, and was not going to tell Chu Reed the details of the truth.

Instead, he opened his mouth to recount the matter of Jiang Qilin.

When the crowd realised that Jiang Qilin was a blank sheet of paper, all of them revealed shocked expressions and were dumbfounded.

After Chen Dong finished his narration, the living room fell into dead silence.

It was so quiet that Chen Dong could even hear the snoring of the snowy lion sleeping in the beast cage outside the villa.

It was nearly five minutes of dead silence.

Long Lao was finally the first to come back to his senses, his eyes drifting as he said, "So, everything before was because we all misunderstood Jiang Qilin, the unruly and untamed he showed, the untamed in his eyes, was actually because he simply didn't understand the human condition and hadn't experienced wrestling? And then we didn't know about it and grouped together to bury and dislike him?"

“That’s pretty much what it means.”

Chen Dong shrugged his shoulders and smiled awkwardly, “If he hadn’t preferred to break his own arm to apologise just now, I guess we wouldn’t have been able to solve the misunderstanding until now.”

The crowd looked at each other, revealing their embarrassment and helplessness.

Just now they all thought that Jiang Qilin wanted to plot against Chu Reed, and with that kind of scene, if Jiang Qilin had apologized without breaking an arm as a price, the situation would never have calmed down so quickly, much less the moment when the misunderstanding would be cleared up.

After all,..... who would have thought that a thirty-year-old person is still a blank sheet of paper?

Chu reed muttered: “So ..... he really took me as a friend, his first friend, and just now to me is not a non-thought? Is it because of other concerns that he treated me like that?”

As soon as the words left his mouth.

Zhao Breru then bitchy close to Chu Reed, smiling and flirting: “Reed, why do I feel that you lost in these words? You’re thinking that Young Master Jiang has some kind of unpleasant intentions, right?”

“Hmm?”

Chu reed twisted her head to look at Zhao broken.

The four eyes met.

Chu Reed’s hand, however, quietly moved to Zhao Broke-Ru’s broken leg.

The next second.

“Ah~!”

A pig-like miserable scream echoed through the living room and shot up into the night sky.

## **Chapter 1436**

With Zhou Zunlong and Zhou Yanqiu selling their land one after another.

The storm of public opinion is raging.

Those who criticised and condemned Chen Dong pointed their swords at him.

After seven days of building up momentum, the land sale fiasco gradually weakened, but Chen Dong was also pushed into an even more turbulent whirlpool of public opinion.

This is no longer just a bad thing for Chen Dong, as Zhou Zunlong and Zhou Yanqiu have sold their land one after another, and in the eyes of ordinary people, it is like a complete loss of power.

However.

As dawn broke, two more news items in quick succession, like thunder that shook the heavens, completely exploded the southwest region.

“The Zhuge Family will be auctioning off some of its land recently!”

“The Chu Family in Kyoto, due to business adjustments, will be selling a portion of the land in the southwest region recently.”

The two news items were released on the morning news.

At the very first moment, it attracted the attention of the entire southwest region and people were completely shocked.

“What’s going on? What the hell is going on? My God, how come the Zhuge family and the Chu family in Kyoto have both started selling their land?”

“Something is wrong, the Zhuge family and the Chu family in Kyoto, these are big and powerful families, they definitely know the news faster than we do, now they have both started selling their land, I’m afraid the southwest region .....

“It’s all over, it’s all over! I just bought a suite with my fortune, waiting for the southwest region to develop and appreciate in value, now it’s all over.

.....

Early in the morning, the streets and alleys were filled with sorrow.

Curses, sighs and cries .....

The curses, sighs and cries were not only confined to the city where Chen Dong Dingtai is located, but also spread to the entire southwest region with a blistering wind and rain.

Compared to the ordinary people.

When the gentry learned that the Zhuge family and the Chu family had decided to sell their land, they all sat on the spot and waxed.

What the hell is going on with this .....

In contrast to the speculation of the common people and the lack of information, the giants and giants have their own intelligence forces under their command and are quick and accurate in obtaining information.

While the common people were lamenting and cursing.

The giants of the southwest region, however, knew that the Zhuge family and the Chu family of Kyoto were the forces of Chen Dong's family.

It was because they knew this that when the news was presented to the heads and giants of the great families, everyone was confused.

Those who were still watching and hesitant now became anxious.

When Zhou Zunlong and Zhou Yanqiu sold their land, the great families and giants of the world could still turn a deaf ear to it.

But when the Zhuge family and the Chu family in Kyoto sell their land, they no longer dare to ignore them outright.

The Chu family is not even mentioned, but the Zhuge family is a real family and has directly swallowed up all of the Qin family's properties.

If it wasn't for Chen Dong's roots in the southwest, the Zhuge family would have been the most powerful family in the entire southwest, standing at the top of the pyramid!

"Is this madness? What the hell is Chen Dong going to play? Smashing his own plate? If he sells his land like this, even if someone takes it all over, it will cause an avalanche of land prices in the entire southwest region!"

"Damn it! This young master of the Chen family, what the hell is he up to? If he continues to sell like this, all the land we have will be lost!"

"Impossible! It's not right! Chen Dong is making such a big deal about the news and the relocation of the Ding Sheng Consortium's headquarters, all of which cannot be faked, but why is he doing it in reverse?"

.....

For a while, there were dark currents in the gentry.

All of them were confused by Chen Dong's operation.

Some even began to quietly choose to make selective land concessions after seeing the decisions of the Zhuge Family and the Chu Family.

The stormy public opinion that originally surrounded Chen Dong has also skyrocketed to new heights once again with these two pieces of news!

Not just in the southwest region, nor just within the domain, but as the news spread, the world shared the attention and speculation!

The Chen Family.

In Chen Daocheng's room, the atmosphere seemed to freeze completely.

Chen Daocheng and the others were sitting around with their faces as cold as frost.

Everyone's face was as ugly as it could be.

Chen Dong's operation had left all of them dumbfounded.

Even ..... made them, a group of lords of the mall, become anxious and fearful.

It was clear that they wanted to develop the southwest region, clearly to create their own base camp!

But who would be foolish enough to do this, when the momentum has been established and all the hot money is pouring in, to directly reverse the operation and single-handedly push the land prices in the southwest region in the direction of an avalanche?

"Take it!"

The actual fact is that you can find a lot of people who are not able to get a good deal on a lot of things. We have plenty of money .....! Even if we smash hard, we can smash him to death!"

On the other side.

Chen Daoye and the others were also dumbfounded.

Under Chen Dong's strict requirements, they had actually not invested much in the southwest region.

But now, Chen Dong's operation was such a show that several people's scalps were tingling!

“Brother Dao Ye, in this matter, should we ask Dong’er about his specific plan?”

A man asked worriedly.

Chen Daoye shook his head and smiled bitterly, “What Dong’er wants to hide, let alone us, even if the family head himself asks, he will not say it, wait .....

The last two words were accompanied by a long sigh.

Chen Dao Ye slowly tilted his head and looked at the ceiling, deep and confused.

They were the family head’s faction, and after Chen Daolin’s disappearance, the only one they could place their hopes on was Chen Dong, who was the young family head.

If even Chen Dong were to fall, their faction would be completely annihilated among the various forces of the Chen family!

Not that their lives would be in danger, but they would no longer be able to enter the inner circle of the Chen family and would be gradually marginalised!

For those who have been in power in the Chen family for years, this kind of pressure is undoubtedly a mountain of pressure!

Inside the Chen family’s old lady’s mansion.

In the early morning, there was a rare absence of chanting.

When Chen Daoping learned of the situation, he came to report it.

But as soon as he pushed open the door to Old Madam Chen’s bedroom, a frightening scene made Chen Daoping freeze like a wooden chicken.

“Poof!”

Old Mrs. Chen, who was dressed in a nightgown, threw back her head and spurted out a mouthful of blood.

On her exhausted face, a painful and weak look appeared.

And on the floor by the bed, a corpse was lying in a pool of blood.

Assassination!

Chen Daoping instantly reacted, a vicious chill running from the soles of his feet straight to the sky.

Ever since Old Lady Chen had been put up with a sky-high bounty, the security around the mansion had been raised to the highest level.

Anyone who could sneak into a room without a sound and require the old lady's own hand was no ordinary killer!

Not to mention, Old Lady Chen was now injured!

"Mom .....

Chen Daoping hurriedly walked over and said with concern, "Are you alright? Do you want to call the doctor?"

"You're blind?"

Old Mrs. Chen's eyes were bloodshot, the high pressure environment of facing the danger of life and death all the time for a long time had made her physically and mentally exhausted, and even her temper was bad to the extreme.

"I, I'm going to call the great doctor."

Chen Daoping was about to turn around, but was stopped by Old Madam Chen's stern voice.

Old Mrs. Chen stared resentfully at the corpse in the pool of blood on the ground, "I'm not in the way, if I wasn't physically and mentally exhausted, I wouldn't have been approached by such scum, you help me get rid of the corpse, besides ..... what are you doing here so early in the morning?"

Chen Daoping clenched his hands together and hesitated for a moment, said.

"Mom, I'd better deal with these things in front of me first, you've just been injured, I'm afraid you can't bear to hear it."

## **Winner Takes All Chapter 1437-1438**

### **Chapter 1437**

Chapter 1437 – It's only good if everyone in the world scolds me!

[Back to previous page](#)

[Back to Contents](#)

[Bookshelf Management](#)

"Speak!"

Old Mrs. Chen spoke sternly and squarely, "The old body has come through great storms all her life, what else can she not bear?"

Chen Daoping's gaze flickered, still hesitating for a moment.

Seeing that Old Madam Chen was really resolute, she gritted her teeth and said, "The major powers under that wild bastard Chen Dong's command are all following in Chen Dong's footsteps and have started selling their land!"

What?!

Old Mrs. Chen's body trembled and her pupils tightened to the extreme.

In the bedroom, a pin drop was heard in an instant.

The air was filled with the sickening smell of blood.

Chen Daoping lowered his head, not daring to look directly at Old Mrs. Chen.

It was clear to him that his mother had changed a lot!

It made him all a little strange and scared.

Half a day later.

Old Mrs. Chen waved her hand and said, "Ignore this matter for now, and clean the house."

With that, she wrapped her robe around her and got up to walk outside the house.

As she walked, Old Madam Chen bowed her body and coughed violently a few times.

Chen Daoping turned around to see her off, but his expression was a bit gloomy and worried.

He could feel a strong aura of old age from Mrs. Chen, as if she was dying, as if her oil had run out .....

The old lady Chen walked out of the room, tightened her robe again, and then turned around and walked into the Buddha Hall.

She didn't pay homage to Buddha, but sat curled up on a futon, looking gloomy and haggard.

Only one pair of eyes, shadowy as if they were vipers, bloomed now and then with a chilling lustre.

"Buy land, sell land ..... wild seed what the hell do you want?"

Breathless murmurs echoed in the Buddhist hall.

The Gu family did not help with her heaven-killing situation, but for the last time Chen Dong sold land within the Tianhua auction house, but secretly sent white gloves to.

On the contrary, ten pieces of land, the best two, were not available to her.

Jiang Qilin's appearance was like a heavy bomb, directly fixing the auction of the last piece of land.

This also left Old Lady Chen and the Gu family in the lurch.

More crucially, Jiang Qilin stood up for Chen Dong, and this was what made Old Lady Chen and the Gu family's hearts palpitate the most.

The appearance of Jiang Qilin, patting the land for Chen Dong, was like a signal released by the Jiang family to the outside world.

"The Jiang Family Qilin ..... If not for this appearance, I am afraid that the outside world would still have no knowledge of this Jiang family member!"

Old Mrs. Chen's eyes were cloudy: "The Jiang family ..... is a family clan that has flourished for thousands of years, why do you think so highly of this wild child?"

The same question had surfaced in Old Lady Chen's mind countless times since the Tianhua Auction House.

"Chen Dong ah Chen Dong ..... this time, I would like to see what tricks you can play? If you play well, you can soar to the heavens, but if you play poorly, you will be doomed!"

Old Lady Chen's eyes suddenly shot out with a fierce aura: "Chen Daocheng and the others will play with you, but I will have to play with you in a different way.

The words are cold, like the cold wind blowing out of the nine ghosts.

.....

For a whole day.

The news fermented, so that the name "Chen Dong" was echoed in the streets and alleys.

The sale of land by Zhou Zunlong and Zhou Yanqiu only led to speculation that Chen Dong had lost his power.

But the voices mixed in with them were still different, at least ..... there were still people who doubted Chen Dong's current situation.

The company's main business is to provide a wide range of products and services to the public.

People's words were fearful.

When rumours are flying around, the truth is already getting further and further away, tending more towards believing the one rumour that has the most people, or ..... the one whose interests are most damaged!

Evening.

The sun is setting in the west.

The roads are full of people returning from work.

The office buildings are lit up with lights, the epitome of those who work hard for their jobs under the stars.

The Din Tai building.

The crowds emerge and quickly disperse.

The building, busy and crowded during the day, is a little more than a little cold.

But.

Soon, a few people wearing hats and wrapping themselves up tightly rushed to the entrance of the office building.

The security guards had locked the doors because it was after hours.

But these few men were directly using thick brushes, stained with red paint, to quickly scribble and write on the huge glass door.

The large, red, stinging letters were filled with anger and resentment.

"Chen Dong son of a bitch, harming people's money, no good death!"

Wow!

After they finished writing, several people were still not relieved and simply poured the rest of the paint in the bucket on the huge glass door.

The clean and tidy front door was a mess in the blink of an eye.

“What are you doing?”

The security guards on patrol sensed the difference and came rushing from afar with a loud bellow.

A few people, being thieves, immediately turned around and ran.

By the time the security guards got close, several people had already run out of sight.

When the security guard saw the red letters on the glass door, his face changed dramatically and his body went into a frenzy.

He hurriedly took out his walkie-talkie and said in fear, “Head, head ..... out, something’s wrong, contact Din Tai Chen quickly!”

Tianmen Mountain Villa.

Night fell.

In the dining room, the table was filled with delicacies and the atmosphere was lively.

Chen Dong and others dissected the table, laughing and chatting.

With a phone call, the heated atmosphere came to an abrupt end.

“Um, okay, got it.”

Chen Dong responded calmly and simply, before hanging up the phone.

Gu Qingying and the others all gazed at Chen Dong.

During the brief call Chen Dong had just made, the crowd could clearly detect the difference in Chen Dong’s emotions.

From dismay, to indifference, to finally calmness.

“Honey, what happened?”

Gu Qingying was the first to ask.

“Nothing, something has happened to the company.”

Chen Dong smiled faintly, then said to Elder Long, “Elder Long, please contact our local reporters later to go to the Dingtai office building to take some pictures.”

“Young Master, what exactly has happened?”

Elder Long asked after him with a tight frown.

Chen Dong shrugged, “We have been selling land one after another, and people already think that we are going to lose money, some good people have come to the door to throw paint and write some obscene words.”

Gu Qingying, Elder Long and the others were all shocked.

Zhao Brelu, who was sitting in a wheelchair, even drilled his ears, thinking he had heard wrong.

“Brother Dong, are you serious? We’ve all had paint thrown at us, and you’re still letting reporters go to publicize it? This kind of thing, according to the rules of the road, you have to find the person and ‘entertain’ them properly!”

He was a gangster, so he knew better what rules a gangster should use to respond to the same thing.

Chen Dong’s response left Zhao Bros. a little confused.

“Do as I say.”

Chen Dong lightly tapped the tip of his right index finger on the table and did not continue with the topic.

He felt Gu Qingying’s worried gaze.

He raised his hand and gently landed on Gu Qingying’s head, rubbing it dotingly.

“Little fool, it’s fine, don’t think about it, I’m here!”

“But .....

Gu Qingying wanted to argue.

But Chen Dong interrupted with a direct statement, and the content of the words caused everyone’s pupils to tighten and their hearts to twitch.

Chen Dong said, “At this time, it is only good that everyone in the world scold me!”

## **Chapter 1438**

No explanation.

From the time he first decided to develop his base camp, Chen Dong had no explanation to any of the people about the whole plan.

After his meal, Elder Long arranged for the reporter to go to the Dingtai office building.

When the arrangements were made, Long Lao thought about it and pushed open Chen Dong's study door.

The study was somewhat dark.

The only thing lit was a lamp on the desk and the computer screen.

Chen Dong stared intently at the screen, his right hand flicking the mouse, his left fingertips holding a cigarette, propping up his chin.

"Is it arranged?"

Chen Dong asked directly without raising his eyes either.

"Well, it's done."

Elder Long nodded and pushed his wheelchair to the desk, saying with a worried frown, "Young Master, my old slave won't ask you about your plans, but can I ask you about the words you said at the dinner table just now?"

"Which sentence?"

Chen Dong raised his eyebrows, still staring at the screen with unblinking eyes.

"That line, it's only good when everyone in the world scolds you at this time."

Elder Long's gaze was profound as he gazed at Chen Dong's face.

He wanted to see something from Chen Dong's face.

But even Elder Long himself was not sure when exactly he started to not be able to see "something" from Chen Dong's face.

Chen Dong took a deep breath, put down the mouse, leaned back in his chair tiredly and closed his eyes for a few seconds to ponder.

During this process, he held a cigarette in his mouth and let the smoke linger.

It was only when his eyes opened again that he said slowly.

“I experienced a child’s untimely death and Little Shadow’s serious injury, and being a father and a husband are shadows that I can never linger.”

He slowly turned his gaze towards Elder Long, but ripples rose above his bright eyes, and his tone was determined: “When I knew that Little Shadow was pregnant again, I told myself that it was time for me to put on my scale armour and face the world head-on, even if the world spits on me, I will go forward and cut through the thorns!”

Long Lao stared blankly at Chen Dong.

The gaze in his own eyes was bright and uncertain, his mind floating.

Chen Dong’s words seemed to be telling him something.

Yet they were veiled, veiled so that he could not even guess!

Perhaps ..... when lost once and then possessed again, it is enough to change a man!

Especially when that man is a father and a husband!

Long Lao sighed and pushed his wheelchair around, “Young master, old slave won’t ask anymore, old slave will accompany you in your journey, young lady and young master, this time will be safe and sound!”

Looking at Elder Long who was about to walk out of the study.

Chen Dong called out, “Long Lao, the follow-up public opinion storm continues to ferment, I hope you and them together to help me, conceal the little shadow, she is pregnant, I do not want her emotions to fluctuate too much because of me, in addition ..... our hands of land, or too much, still have to continue to sell. ”

Long Lao stopped his wheelchair and was instantly jealous.

Too much land and still have to continue to sell?

Crazy?

Sell all the land, how can I build my base camp?

Just thinking of the promise he had just made to Chen Dong, Elder Long forcefully suppressed his tumbling thoughts, “Old slave knows.”

“I will stay up all night tonight and will get a map out, and also mark the plots of land we need to sell out.”

Chen Dong continued to stare at the computer screen and suddenly raised his eyebrows, as if he thought of something: "Right, Elder Long, you are an ancestor of the Hong Society's Ming generation, just one generation below Ye Yuanqiu, you should know very well the inner workings of the Hong Society, if all 3,600 doors of the Hong Society were activated, would you still be unable to find just one or two people?"

"It would be hard not to find."

Elder Long also did not pursue the question, but responded directly and calmly, "Unless the person died and the corpse sank into the sea, wrapped in the belly of a fish or shrimp!"

Boom!

A calm voice, but every word was like thunder.

Under the light.

Chen Dong's five senses froze for a moment, and the blue veins at the corners of his eyes even stood out, pulsating non-stop.

Had ..... really reached this point?

Click!

Elder Long left and closed the study door.

Chen Dong lit a cigarette in annoyance, his brow locked in sorrow.

His father-in-law and mother-in-law, he had been hanging on to them!

It was also about Gu Qingying, and the baby in Gu Qingying's belly.

Hong would ..... have not been able to pass on the news.

The whole three thousand six hundred doors, but actually so long can not find out the news of the father-in-law and mother-in-law.

Could it really be that Long Lao had hit the nail on the head?

Worry, nervousness, trepidation .....

All sorts of emotions came in a flurry, instantly making Chen Dong distracted and difficult to meditate.

Chen Dong looked out the window at the lights of the night sky and murmured softly, "What's going on across the ocean?"

Only late into the night did Chen Dong gradually suppress his troubled thoughts.

He still held back from calling Yuan Yigang or Ye Yuanqiu.

Waiting for .....

Perhaps it was the best option now!

In the latter part of the night, Chen Dong did not fall asleep either, but instead compiled a map marking all the land that he and the major forces under his command currently owned, as well as specifically marking out, the land that would be auctioned off subsequently.

By the time the map was finished, the sky was already white with the belly of a fish.

Chen Dong printed out the map and held it up, standing in front of the window, facing the rising sun, smiling proudly.

"This ..... is the blueprint for the future of my new Chen family!"

Putting away the map, Chen Dong turned around and headed out of the study.

But just as he stopped at the door, he did not wait to open it.

There was a bang!

The study door was then slammed open.

Chen Dong was a little caught off guard and was almost hit in the face by the study door.

He looked at Zhuge Qing, who was standing in the doorway, in dismay.

"What's wrong?"

Zhuce Qing's face turned red and his eyes were filled with fear.

"No, it's not good, something has happened, something big has happened on Mr. Chen's street, there's a mass march!"

"A march?"

Chen Dong was puzzled, "What's it to do with us?"

Zhuge Qing's breath caught and he said anxiously, "The target of the mass march is you, Mr. Chen!"

Chen Dong's heart and soul trembled.

The Zhuge Qing in front of him chattered on, "Most of them are people who have invested in houses in the southwest region, and they all thought that the clouds would follow the dragon and the wind would follow the tiger, so they bought houses and waited for you, Mr. Chen, to promote the development of the southwest region, so that their houses would appreciate in value and make money. They are now marching in the streets, holding up signs that you are eating human blood buns, Mr. Chen!"

As he spoke, Zhuge Qing clenched his hands together, his palms covered in sweat stains.

However.

Chen Dong, who looked dumbfounded, still did not respond.

Zhuge Qing was so anxious that he scratched his ears, "Mr. Chen, what should we do now?"

The moment the words left his mouth.

Chen Dong suddenly smiled wryly, "That's good!"

Really ..... good?

Zhuge Qing was dumbfounded, how could there be good after this scene?

Is Mr. Chen out of his mind?

What kind of good is this when you're being boycotted by people marching and cursing in the street?

"Mr Chen, the numbers are gathering fast and the situation is getting worse, what exactly do you mean by that?"

Zhuge Qing felt the need to remind Chen Dong, as he felt that the current Chen Dong was all confused in his head and did not realise the seriousness of the matter at all.

Snap!

Chen Dong's left hand landed on Zhuge Qing's shoulder and spoke in a shocking manner.

“Quickly take me to see, I want to know just how many people are cursing me, this feast cannot be missed!”

## Winner Takes All Chapter 1439-1440

### Chapter 1439

Shengjing?

All along the way, Zhuge Qing was terrified and confused, his mind in a tangle of twine.

Chen Dong’s reaction was really hard for him to accept.

Any powerful family or giant, all of them respected face.

Even their Zhuge family had never been an exception, and from the time they could remember, the family had taught that family dignity came first.

Off to the side, Chen Dong’s current perversity was very different from any of the gentry!

It’s like ..... no skin, no face!

The car drove into the shantytown west of the city.

With Din Tai leading the transformation, the shantytown west of the city has now been greatly changed.

Large-scale construction sites, lined up, are in full swing for the final phase of renovation.

But today, the streets in the west of the city are extraordinarily congested.

The wide roads are crowded with long stretches of traffic, and the sound of irritatingly loud sirens echoes across the roads.

And on the pavements, the flow of people was converging deeper into the west of the city.

Sitting on the passenger side, Chen Dong witnessed the scene outside and sighed a little.

“The place where I started is now a place of procession, are the people trying to completely nail me to the pillar of shame?”

Zhuce Qing glanced at Chen Dong in amazement, finally ..... a little normal?

The traffic advanced with difficulty.

As it advanced, gradually, the distant noise and clamor was vaguely transmitted to Chen Dong and Zhuge Qing's ears.

Zhuce Qing's face was as pale as paper, from a long distance away, he could hear these noisy noises, he really did not dare to imagine how huge the parade was.

Click!

Suddenly, the sound of a car door opening rang out.

Zhuce Qing was startled and turned his head to see that Chen Dong had already opened the car door and stepped down.

"Mr. Chen!"

Zhuce Qing's dead soul shouted hastily.

What kind of joke is this?

Now the people were marching, and here in the west of the city, they were pointing their swords directly at Chen Dong.

If Chen Dong, the target of all the people, appeared among them, what would happen?

Zhuce Qing did not dare to think about it, he only knew that he had to stop Chen Dong!

Chen Dong closed the car door with a bang and leaned down in front of the car window with a playful smile, "Pull over to the side of the road, they won't be able to spot me."

As he said this, he pointed at his own face.

When Zhuce Qing saw Chen Dong's face, he instantly froze, and his anxious impatience gave a pause.

It was because in his sight, in the short time it took for Chen Dong to get out of the car, Chen Dong's face had completely changed drastically!

It had completely changed into the appearance of a stranger!

What the hell was going on here?

Chen Dong ignored Zhuce Qing and turned around, picked up a cigarette, put his hands in his trouser pockets and walked up the pavement, blending in with the crowd.

When he passed a floor-to-ceiling glass wall, he stopped for a moment to take a look at himself in the glass.

What had been a handsome, resolute face had turned into a weathered one, with a sighing, dishevelled scruff, and with the way he held his cigarette, and the deliberately dishevelled down look in his eyes, it was like a different person.

“When I first asked Chen Daojun for a mask, it was still useful.”

Chen Dong rubbed the sighing scruff on his chin and gave a teasing smile.

After waiting for five minutes.

Zhuge Qing then caught up with a big gasp of air.

“Sir, you .....

Zhuge Qing pointed at Chen Dong’s face in amazement and horror.

With so many people around, he didn’t even dare to call out the word “Mr. Chen”.

Chen Dong made a gesture of silence, then said with a smile, “Come on, let’s go to the parade too, and see how much the people hate the hell out of Chen Dong!”

The corners of Zhuge Qing’s mouth twitched and he helplessly followed behind Chen Dong.

As they entered the streets of the western part of the city, the crowd around them grew larger and larger, and the noise and shouting became more and more deafening.

As Chen Dong gazed into the distance, a sea of people converged on the spacious streets and roads, holding banners with all sorts of filthy big words written on them in red paint.

As the saying goes, once a crowd has crossed 10,000, it is a sea of people.

The sea of people in front of him made Chen Dong lose his mind for a while.

Everywhere he looked, there was a furious expression on every face, grimacing and red in the face!

The noise and shouting became more and more deafening, converging together and rising to the heavens.

“So ..... so many people hate me, huh?”

Chen Dong stuck his hands in his trouser pockets, giving a hangdog disheveled look, teasingly.

“Sir, why are you still so calm?”

Zhuge Qing was bewildered and looked at Chen Dong with eyes full of disbelief.

“You think I should be furious? Should I be angry?”

Chen Dong shrugged his shoulders and gave Zhuge Qing a sidelong glance.

“Or what?”

Zhuge Qing responded in dismay.

As a bloodline of the Zhuge Family, he was completely unable to understand Chen Dong’s indifference to the situation before him.

Chen Dong smiled: “There are many people who hate me, they don’t rank, they are just a group of masses who don’t know the truth, this person lives his whole life, even if he is a person with eight faces, it is impossible to please everyone, there are many people who hate and resent me, there are no longer a few who want me to die right away, my experience since childhood is different from yours, I don’t care about a mere face yet. ”

Zhuge Qing was stunned, and in a trance, he recalled the intelligence information about Chen Dong.

For a moment, he was relieved.

Taking a deep breath, Zhuge Qing looked out at the sea of people marching in the distance and said in a deep voice, “These people should all be the ones who initially purchased properties in the west of the city or the entire southwest region after the rumors of the shantytown transformation had been announced until the announcement of the promotion of the southwest region, they were all waiting for a share of the pie, and some even went as far as to invest their entire savings, and now the successive land sales have directly led to the Now the successive land sales have directly led to a double dip in land prices and housing prices, and that’s why the crowd is so angry and disgruntled that they have gathered on the streets.”

“I don’t think so.”

Chen Dong tilted his head to look at the cloudless, clear sky and murmured, “When a hundred ghosts are walking around at night, someone mixed with the ghosts is probably laughing happier than the ghosts.”

“Hm?”

Zhuge Qing gave a startled eek and jerked awake.

He hurriedly looked out into the sea of people in the distance, exhausting his eyesight, desperately trying to find something different in the dense crowd.

But there were just too many people!

Every face was so fierce and angry that after only a few seconds of looking, he became a little dazzled and hastily rubbed his eyes.

“Don’t look, you can’t tell, the ghosts are innocent, the people who are laughing happier than the ghosts are the ones who started it all.”

As if he knew Zhuge Qing’s mind, Chen Dong reminded, and then, turned around and walked away, “Zhuge Qing, you believe that if these people can resist the pressure and not sell the properties in their hands within a month, how angry they are today, how happy they will be laughing in a month’s time, these words ..... I Chen Dong said!”

A month?!

Zhuge Qing’s body shook, and on his evil and handsome face, his features were slightly distorted from shock.

Chen Dong’s words seemed like a magic sound filling his ears for a long time.

In a trance, Zhuge Qing’s heartbeat was banging faster, as if it was about to jump out of his chest cavity.

He had personally pushed up the southwest region, and had personally smashed down the land and property prices in the southwest region, and now the entire population was down on Chen, and the people were singing the praises of the situation, and he wanted to revive the entire southwest region in a month’s time?

This is simply impossible!

With Zhuge Qing’s experience and ability, in this short moment, he made countless projections in his mind, but he could not deduce how likely Chen Dong’s words were to come true!

It was already a desperate situation, and Chen Dong was not a great god, how could he turn the tide with just his hands?

Just .....

When Zhuge Qing’s gaze locked on Chen Dong’s back again.

The back was as tall as a mountain under the sunlight, emitting a stern and untamed aura, and even the shadows on the ground, stretched by the sunlight, were distinctive.

Zhuge Qing's eyes gradually became awe-inspiring as he gritted his teeth and took a step to chase Chen Dong .....In

## Chapter 1440

On the way back to Din Tai Company.

Zhuge Qing's face was sullen as he inquired, "Mr. Chen, this side of the west side of the city, won't someone take care of it?"

"Care, someone will naturally take care of it."

Chen Dong rubbed his nose and narrowed his eyes, a cold glint in his eyes, "Those people who are laughing more than a ghost, I'm afraid there's more than that!"

Zhuge Qing looked aghast, the blue veins at the corners of his eyes bulging out and pulsating.

Could ..... there be variables to follow?

When the two rushed to the Dingtai office building.

On the glass of the main entrance, there were still vague traces of red paint.

Although the perpetrator pointed the sword at Din Tai, but this building can not only Din Tai, there are other companies exist, the building management clean up the red letters discard the impact, or very quickly.

It was only when Chen Dong and Zhuge Qing walked into the lobby on the ground floor.

The eyes around them were clearly complicated.

Even Zhuge Qing felt a sense of anxiety as he was being watched by all the eyes.

As they walked forward, Zhuge Qing glanced up at Chen Dong, but found his face as indifferent as ever.

Meanwhile.

Inside the Din Tai Company, there was already chaos.

The spray-painted words on the entrance of the building, as well as the march that was now taking place over in the west of the city, were all extremely detrimental to Dingtai, and could even directly influence the company's fate.

"Who the hell is doing this? It's over, what should we do now?"

"As soon as I came here this morning, I saw the security guards cleaning the big painted letters on the front door of the ground floor, and when I asked, I realised it was our Din Tai.

"Do something, do something! These two incidents will directly damage the reputation of Dingtai and the development of all our projects, if we don't pay attention, we'll be ruined!"

.....

The noise of the discussion echoed through the office area.

Inside the office, Xiao Ma was also frazzled, his hands clutching his hair and propped up on his desk.

The office, which was already soundproof, could not be isolated from the noise of the staff outside.

In front of Xiao Ma's desk, Long Lao, Chu Reed and the middle and senior management of Dingtai were all present.

Without exception, all of them were ashen-faced and agitated.

What happened last night was just a spark.

The march that was happening in the shantytowns in the west of the city was a prairie fire!

More than the staff outside, the people in this office knew how tragic the final outcome would be if these two incidents were not contained!

Especially Elder Long and Chu Reed.

They knew very well that the "fire in the stars" that happened last night had been deliberately released to the media by Chen Dong, and should be on the morning news right now!

This was a deliberate attempt by Chen Dong to turn it into a prairie fire.

The power of two prairie fires pushing each other up is not simply one plus one equals two, it is enough to burn the sky!

Suddenly.

The commotion and noise coming from outside fell silent.

The company, which had been in an uproar, suddenly became silent, and a pin drop could be heard.

Elder Long and the others were all stunned.

Xiao Ma, who had his head buried, also raised his head in fear and looked out.

“Boss!”

Suddenly, the shout of a person came from the outer office area.

Xiao Ma’s eyes lit up, “It’s Brother Dong, Brother Dong is here!”

At once, he took the lead and ran towards the outside.

And a group of middle and senior management, followed closely behind.

Chu Reed, on the other hand, pushed Long Lao and slowly walked to the office area.

At this moment, Chen Dong and Zhuge Qing were standing at the entrance of the company.

The two were standing one behind the other, motionless, as if they were two statues.

Chen Dong’s face was indifferent and calm, but only his eyebrows revealed a sense of unruffled authority as he gazed at the whole room.

Zhuge Qing, who was behind him, felt the gaze of the crowd, but felt the torment of being in a frying pan.

The chatter of the Din Tai employees was smashed into his ears from the moment he exited the lift.

At this moment, the whole room was silent, everyone got up and focused on him and Chen Dong. Chen Dong could be calm and collected, but he, Zhuge Qing, did not have this kind of determination!

“Brother Dong .....

Xiao Ma pushed through the crowd in front of him and walked towards Chen Dong with a worried expression.

Behind him, there was a group of middle and senior management of the company, as well as Elder Long and Chu Reed.

“All have nothing to do?”

Chen Dong spoke calmly, but his words were filled with an overpowering majesty, and his voice fell clearly into everyone’s ears.

Xiao Ma and a group of senior and middle ranking people all had their feet beaten.

Chu Reed and Elder Long, on the other hand, had complicated faces as they stopped in the crowd.

There was silence.

No one responded.

Chen Dong stuck his hands in his pockets and coldly scolded, “I am asking you all, do you all have nothing to do in your hands?”

“Brother Dong, something is wrong, we all have something wrong, many projects are in urgent need of advancement, but our immediate concern, now is the massive march against our Dingtai over in the west of the city, if this matter is not dealt with .....

A mid-level responded with fire and fury.

The words were just half spoken.

Chen Dong directly interrupted and said in a deep voice.

“Then do something!”

What?!

Everyone in the room was stunned.

What did the boss mean?

This was already on fire, if we didn’t hurry up and deal with the negative public opinion, the company would have to be lost at the back, so what else could be done?

Even Xiao Ma and the senior management were shocked and stunned, staring at Chen Dong in disbelief.

Chen Dong's gaze fell on Xiao Ma and the others, sweeping past the middle and senior management one by one.

"You guys, when did you start doubting my abilities, when did I let you down again, huh?"

The last word "hm" sounded like a loud bell, blasting in Xiao Ma and the others' ears.

There was no other reason.

Since Din Tai had been acquired by Chen Dong, the company had expanded rapidly, and at the same time, the internal structure of the company and its personnel were in dire need of being filled.

Among them, there were people who had been in the middle and upper echelons of the company in the beginning, as well as those who had been promoted through subsequent development.

But without exception, all of them were old people who had chosen to stay with Chen Dong when he bought Dingtai.

Whether it was when Chen Dong was only the Vice President of Dingtai, or when he acquired Dingtai and brought it to the present day, Chen Dong's image has never collapsed in the hearts of these old people!

To be able to turn the tide even after acquiring a company with a blood loss of 30 million dollars, at that moment, Chen Dong had left an indelible image of God in the hearts of these old men!

At the beginning, Dingtai was just a second-rate local real estate company, simply used by Zhou Yanqiu to support his brother's wife!

The scale of the company was far from what it is today!

However, the \$30 million contract was the same for Din Tai back then as this turmoil is for Din Tai today, and the result was enough to make Din Tai go bankrupt.

Chen Dong's words were clearly implying this to them!

Xiao Ma lowered his head, clenched his fist, hesitated for a moment, then leaned his head back and bellowed, "What are you all doing? Go about your business."

When the words came out, the ordinary employees looked at each other in disbelief.

The middle and senior management also came back to their senses, and together with Xiao Ma, they calmed the staff and went back to work.

The company, which was originally chaotic and noisy, was restored to its usual routine at this moment with the arrival of Chen Dong.

It was only when the staff had returned to their work stations.

Long Lao, Chu Reed and Zhuge Qing, however, all looked at Chen Dong in a grave manner.

They knew Chen Dong's past better than these employees.

When Chen Dong was able to bring Dingtai back from the dead, he relied on the magnificent Chen family!

And now, Chen Dong had become the young master of the Chen family and had lost his power in the Chen family without the help of the Chen family.

What will ..... Chen Dong rely on this time to turn the tide?

Can ..... really ..... be turned around?
