

Winner Takes All Chapter 151-160

Chapter 151

The voice appeared at the same time.

Everyone in the room was startled and looked at the sound.

Fan Lu's hand also stopped, and she looked up with teary eyes.

Kunlun, who was on the ground, was even more excited and ecstatic, shouting, "Young master!"

In the light, a figure was slowly walking down the mountain path.

It was none other than Chen Dong!

He had informed Lone Wolf to come along, but when he arrived at Matian Village, Lone Wolf had not yet arrived, so he had rushed to the mass grave first.

Now it seemed that the decision just made was the right one!

Chen Dong's face was as cold as frost, his hands were in his trouser pockets, and his eyes could not help but squint because of the stimulation of the light.

The rain was drizzling and wetting his whole body.

He stood in place, but his body exuded a harsh killing intent.

"You're the one who answered the phone earlier?"

The middle-aged man's brows knitted and he spat viciously at the ground, "Damn, what a time to come and spoil our fun."

After saying that, he glared at Fan Lu fiercely, somewhat reluctantly.

Only then did he scold Chen Dong, "Where's the five million?"

"Didn't bring it."

Chen Dong shrugged his shoulders, the corners of his mouth curled in a seeping sneer.

Boom!

The middle-aged man and the others were struck by lightning at the same time.

In an instant, the middle-aged man's face was fierce and his eyes glared round, "Do you want to fucking die? Did I ask you to bring five million to make amends and apologise, or do you want them to die?"

The moment the words left his mouth.

The twelve brothers around him instantly swarmed towards Chen Dong, not hiding the killing intent on their bodies.

"Hehe a bunch of you mongrels, you are also qualified to ask me to make amends and apologize?"

Chen Dong's eyes snapped open and his killing intent was majestic.

In an instant, like a tiger out of the gates, he kicked in the mud beneath his feet, setting off muddy water to splash the nearest two people's faces.

Immediately afterwards, he rushed straight over.

A sudden scene.

Frightened, Fan Lu let out a cry and hurried back to Kunlun's side, hugging him tightly for fear that the fight would spread to Kunlun.

"No, it's alright, Young Master's body is enough to deal with these scum!"

Kunlun raised his hand, patted Fan Lu's back and said heartily, "Why are you so stupid? I don't even need you to save me!"

Fan Lu did not reply, weeping in silence.

"Ah!"

A ponyboy was directly kicked by Chen Dong, breaking his ribs and sending him flying out.

However, Chen Dong did not pause in the slightest, bullying his way up again and closing in on another ponyboy.

For a group of scum who were capable of ploughing up people's ancestral graves, he had no intention of making any apologies or making peace.

Even if he really wanted to make peace, he would have to let these people lie on the ground before he could make peace with them!

Chen Dong, who had been trained by the devil in Kunlun, was in no way comparable to these ponies in terms of physical strength and fighting skills.

Chen Dong's body quickly moved between them, and his fists and kicks were like thunderbolts, blatantly hitting each and every one of them.

In just a dozen seconds, six of the twelve men were down.

Six of them were lying in the mud, wailing and screaming in pain.

All of them, without exception, had lost their ability to fight, either with broken arms or legs, or with broken ribs.

Kunlun, who had been watching the battle, slowly revealed a relaxed smile.

Chen Dong was able to take down six people in a dozen seconds, so the rest of the fight was no longer in doubt.

Suddenly, Kunlun's pupils tightened.

"Young master, be careful!"

Boom click!

Thunder broke through the air.

Clang!

Blinding lightning reflected a seeping cold light in front of Chen Dong's eyes.

The middle-aged man had rushed over at some point, holding a butterfly knife in his hand, glowing with an eerie cold light, and stabbed directly towards his chest!

"You fucking die for me!"

Chen Dong's face changed drastically, and in the nick of time, his hands lifted directly towards his chest.

Poof!

His right hand clutched the blade of the Butterfly Knife, and a sharp pain instantly swept through him, causing Chen Dong's eyebrows to wrinkle and his gaze to freeze.

Fresh blood flowed down from the palm of his hand.

In a flash of lightning.

His left hand fiercely pinched the middle-aged man's wrist, and with a roar, he lashed out brazenly.

Ka!

The fierce force instantly broke the middle-aged man's wrist.

Amidst the middle-aged man's pig-like screams of misery.

Chen Dong gripped the butterfly knife and blatantly brought it downwards.

Poof!

Blood splattered.

The butterfly knife was completely buried in the middle-aged man's thigh.

What followed was an even more miserable and painful scream from the middle-aged man.

The middle-aged man fell into the mud with a loud "poof", his features twisted to the extreme, hissing and wailing.

Chen Dong stood in the same place, his expression cold.

With his right hand, he casually shook off the blood in his hand and swept his gaze towards the six remaining men.

"If you still want to fight, I don't mind making you all less!"

The six men looked at each other, terrified and confused.

"Fight, give me a fucking fight!"

The middle-aged man shouted at the top of his lungs as he forced himself to endure the excruciating pain.

Bang!

Chen Dong stomped on the middle-aged man's thigh and the butterfly knife, and said with a morose sneer, "If I go down with this foot, guess if your leg will be peeled open by this knife?"

The middle-aged man's lips were noisy, not daring to move.

The severe pain made him sweat profusely, and the look in his eyes at Chen Dong was written with panic.

He had no doubt that Chen Dong would really do it.

For he could already feel the sharp pain of the butterfly knife blade tearing flesh downwards.

But in his extreme fear, he did not even dare to scream out.

Chen Dong slowly turned his head and looked at the six men, "Hm?"

A simple word, but it carried a majestic killing intent, and a domineering look at everything.

The six men shook their heads at the same time and took three steps back.

Chen Dong turned back and stared at the middle-aged man, his right hand oozing blood slapping on the middle-aged man's face.

"Make amends and apologise, I won't, but now that my brother and sister have been bullied so badly by you, you have to kneel down and apologise to them!"

The middle-aged man's tiger body shook as intense humiliation set in.

His lips mumbled and he was about to retort.

However, Chen Dong suddenly laughed.

The sound of his laughter was ominous.

It made the middle-aged man swallow back the words that were coming out of his mouth.

The next second.

Chen Dong raised his hand and pointed at the half-opened grave, saying, "I am not discussing with you, if you don't apologise and make amends, I will bury you in it!"

An undisguised threat.

Yet it made the middle-aged man suddenly hideous and vicious.

He shouted directly at the top of his voice, "Why should I apologise? I won't apologise even if I die! Even if you kill me, you won't survive in this city! My big brother and the others will definitely hunt you down all over the city!"

Chen Dong's expression was hostile.

His killing intent was as majestic as a tide.

But at that moment.

Not far away, a human figure came running wildly on the mountain path.

The movement was instantly noticed by everyone.

When the figure was revealed in the light, it came to a screeching halt.

It was none other than Lone Wolf!

Without waiting for the Lone Wolf to speak.

The middle-aged man on the ground's eyes suddenly lit up with excitement and ecstasy as he shouted, "Big brother!"

The corners of Chen Dong's mouth twitched for a moment, giving the middle-aged man an incredulous glance before looking oddly at Lone Wolf.

So coincidental?

Lone Wolf's body sweat stood up as he was gazed at by Chen Dong.

He walked towards Chen Dong and the middle-aged man with an awkward expression.

When the middle-aged man saw Lone Wolf, he was like a new life, laughing and screaming at Chen Dong, "This, this is one of my big brothers, you, you are finished!"

The words had just fallen.

Lone Wolf bowed to Chen Dong, "Mr. Chen, please listen to my explanation."

Chapter 152

The lone wolf's bowing and bowing of his head made the middle-aged man horrified.

He suddenly reacted to the fact that Lone Wolf had left long ago, so how could he suddenly appear here?

He had long heard the reason why Lone Wolf had left.

Could it be that

A terrifying thought came to mind.

The middle-aged man looked askance at Chen Dong in disbelief, fear to the core.

“Hm?!”

Chen Dong raised his eyebrows.

Lone Wolf was busy explaining, “They are from the underground boxing world, there are several ranks in the boxing world, although my time in the underground boxing world is short, I am considered his big brother by rank.”

“The hands of the underground boxing world, reaching out so far?”

Chen Dong sneered, and then looked at Lone Wolf, “I’m busy taking care of my brother and sister, you’re on your own.”

Brother?

Sister?

Lone Wolf’s body shook as he raised his eyes to look at Fan Lu and the injured Kunlun.

A wave of hostility surged up.

He crouched down fiercely and pulled out the butterfly knife stuck in the middle-aged man’s thigh with one hand.

Blood splattered.

The middle-aged man let out a miserable cry and said in horror, “Brother Lone Wolf, I, I didn’t know that, I was just collecting the bill, you, for the sake of the boss

Poof!

The butterfly knife fell and snapped the hamstring of the middle-aged man’s injured foot, right off.

Blood and turned over flesh.

It made the six young brothers standing at a distance simultaneously pale and have a bad chill all over their bodies.

The middle-aged man even screamed miserably and fell straight to the ground, rolling his second white eyes and almost passing out from the pain.

Lone Wolf stuck his butterfly knife on the ground and got up and said in a cold voice, "Boss, you have to make amends and apologise to Mr. Chen as well, what are you?"

After saying that, he walked directly towards Chen Dong.

After receiving Kunlun from Chen Dong's hand, Lone Wolf bowed, picked up Kunlun on his back and ran towards the mountain with quick steps.

Chen Dong supported Fan Lu with a burst of heartache.

He turned back to Fan Lu's father, who had long since been stunned, and said in a cold voice, "From now on, Fan Lu is a member of my Chen family, your kinship with her has been broken, if you continue to pester her"

Chen Dong pointed at the middle-aged man, "He, is your downfall!"

Fan Lu's father's body trembled and his face turned white as he shook his head in fear, "No, I don't dare, I won't dare again."

"Let's go."

Chen Dong coldly spoke to Fan Lu.

When sentimentality could not be reasoned with.

Only a thunderbolt could be broken off in a dry manner.

What Kunlun and Fan Lu had done before was ultimately too soft in remembrance of a love.

Otherwise, there would not be this scene now.

To this, Fan Lu did not have the slightest retort.

When a person was hurt all over, it was the time to let go of everything.

As he passed by the middle-aged man, Chen Dong smiled coldly, "When you go back, tell your boss to tell your boss to call Zhou Yanqiu to come to me and make amends at his door!"

Boom!

The middle-aged man who had almost passed out came to his senses at once.

The boss behind the underground boxing world was Zhou Yanqiu!

At this moment, Chen Dong's words made him feel like the sky was falling!

He had even forgotten about the injuries on his body.

The drizzling rain turned into a torrential downpour in an instant.

He ran down the mountain road to the bottom of the hill and by the time he reached the car, Kunlun had passed out.

Lone Wolf tried to drive, but was stopped by Chen Dong, who got himself into the driver's seat.

Under the night, the Rolls Royce sped all the way to the Lijin Hospital.

Kunlun was taken to the resuscitation room.

Fan Lu sat despondently on the floor at the entrance, as if she had lost her three souls, staring blankly at the red light on the resuscitation room.

Chen Dong sat on a chair.

Beside him, Lone Wolf stood apprehensively, looking a little unnatural.

When he received Chen Dong's call, he knew something big had happened.

Given his status, if Chen Dong was looking for him in the middle of the night, it was definitely not a business matter, and most of the time it was not allowed to see the light of day.

So he hurried, but he never thought he would be a step late.

What he didn't expect was that the other party was actually an acquaintance from the underground boxing world.

That call of "Big Brother" made Lone Wolf's heart tremble.

He took a look at the closed door of the rescue room.

Lone Wolf took a deep breath and said, "Mr. Chen"

"It's nothing to do with you." Chen Dong said.

Lone Wolf swallowed the words that were on his lips back into his stomach and breathed a secret sigh of relief.

Chen Dong rubbed his nose, “Do you think that Zhou Yanqiu will come and apologise to me on my doorstep?”

Boom!

Lone Wolf was struck by lightning, revealing an incredulous expression.

Who was Zhou Yanqiu?

That was the city’s biggest man, a real local dragon!

He was a powerful man in the business world and a master of the underground boxing world in the dark.

Such an existence might bow his head and make amends when his interests are touched.

Making amends is a gift.

To apologise on the doorstep, on the other hand, was undoubtedly lowering one’s status, groveling, and leaving one’s face completely untouched!

“With Zhou Yanqiu’s status and background, I don’t think so.” Lone Wolf voiced out his opinion.

“Identity background?”

Chen Dong narrowed his eyes and snorted, “What kind of dog is he!”

A thick disdain, an endless coldness.

It made Lone Wolf look stunned, looking at Chen Dong, suddenly somewhat unfamiliar.

Was this really the Chen Dong that he knew?

This night.

The entire city was enveloped by lightning.

Heavy rain poured down.

The entire city was hidden in a curtain of thunder and lightning rain, and the silence was awesome.

Inside the luxurious and spacious bedroom.

Zhou Yanqiu, who was asleep, was woken up by a phone call.

After hearing the call, Zhou Yanqiu's face changed drastically and a majestic anger instantly tumbled in his eyes.

Pop!

The phone was smashed directly onto the floor, breaking it into pieces.

"Bastards! A bunch of bastards who don't know any better!"

Zhou Yanqiu's face was red and her body trembled with anger, "Who is he? You all have the guts to mess with him? And stir up such a big trouble?"

The angry voice echoed in the dark room.

Zhou Yanqiu turned on the light and lit a cigar, pacing worriedly back and forth in the bedroom.

"Honey, is something wrong?"

Outside the bedroom, a woman's worried voice rang out.

It was Zhou Yanqiu's wife.

Zhou Yanqiu had a habit of working at night, so when he was busy at work, he would sleep in a separate room from his wife.

"Get lost! Don't fucking bother me!"

Zhou Yanqiu cursed with an angry wave of his cigar in his right hand.

Outside the door, there was an abrupt silence.

Snapping snapping

Zhou Yanqiu took a big puff of his cigar, spewing out thick smoke from his mouth.

"Apologize on the doorstep? Let me go and apologize to him at his doorstep? What's the difference between that and asking me to kneel down in front of him?"

Half a day.

Zhou Yanqiu suddenly turned around and took out a spare mobile phone from the drawer.

She dialed a phone number.

As soon as it was connected.

He said in a cold voice, "Bury all those bastards who caused trouble tonight!"

He hung up the phone, his anger subsiding a little.

He had been so angry earlier that he felt it was a shame.

But now, he began to weigh the pros and cons.

In the end, Zhou Yanqiu let out a bitter laugh and sat down on the bed in dismay.

"It's just that, fate too, I've tried my best to show goodwill, but I didn't expect to cause such a big trouble. If I don't apologize tomorrow and put up this stance, I'm afraid that there will be no place for me, Zhou Yanqiu, in this city anymore."

He is not stupid!

With Chen Dong's backing, now with the inability to rely on Chen Tiansheng and the Chen family's old lady.

If he wanted to remove him from the city, it would be as easy as a slap on the wrist!

Winner Takes All Chapter 153-154

Chapter 153

A regular collection in the underground boxing world.

But it was the big boss behind the scenes, Zhou Yanqiu, who was on tenterhooks and stayed awake all night.

The next morning.

After his devil training, Chen Dong did not go to the company immediately.

He was waiting for Zhou Yanqiu's apology.

Kunlun was still lying in the hospital, but he had passed the dangerous stage, but had not yet woken up.

Fan Lu stayed in the hospital to look after him and did not sleep all night.

If this blood debt ended with just a few clowns paying the price, wouldn't his brothers be too cheap?

When he returned home, there was a steaming meal on the dining table.

What made Chen Dong frown and wonder was that his mother was nowhere to be seen.

"Madam has gone out."

Long Lao came down from upstairs, pondering: "Let's put the dishes away after dinner and she'll come back to clean up."

"Where did she go?"

Chen Dong asked.

Elder Long shook his head, "Old slave has asked someone to follow."

It was also while Chen Dong and Elder Long were eating breakfast.

Outside the Tianmen Mountain villa area, a big black Mercedes Benz G sped up.

"Stand at attention!"

Snap!

The security guards at the entrance saluted in unison, while standing tall.

The Mercedes-Benz G did not pause, and sped all the way into the Tianmen Mountain villa area.

"Strange, why is Mr Zhou here at the Tianmen Mountain villa area early in the morning?" A security guard wondered.

The one who could make all the property security guards so solemn, the one sitting in the big black Mercedes G, was none other than Zhou Yanqiu.

It was just that all the security guards knew that Zhou Yanqiu had many properties under his name, and Tianmen Mountain Villa was only one.

On a normal day, the number of times Zhou Yanqiu lived in the Tianmen Mountain Villa was only a few.

It was even the first time that he had seen him rush to the Tianmen Mountain Villa area early in the morning.

“Be careful what you say!” A middle-aged security guard said in a deep voice, “We are just the gatekeepers, just keep an eye on the gate, how can we talk about General Manager Zhou.”

Crunch!

The Mercedes-Benz G stopped sharply outside the Mid-Levels Villa.

Zhou Yanqiu got out of the car with a grave expression, carrying a wooden box in his hand, and walked quickly towards the villa.

He had not slept all night, making his face full of fatigue at this moment.

But his eyes, however, were unusually bright and shining.

After tossing and turning all night and thinking about what was at stake, Zhou Yanqiu firmly decided to apologise on his doorstep.

Perhaps it would be humiliating if word got out.

But to him, saving his life was the most important thing!

He did not hesitate to fall back on Chen Tiansheng, but the series of events that followed were completely beyond his expectations.

Chen Tiansheng’s departure and the fact that Chen Dong was still standing made it difficult for him to ride the tiger and he had no choice but to ride the wall.

When Chen Dong Dingtai was in great crisis, he did not hesitate to take a piece of land in the west of the city, also in order to show his goodwill to Chen Dong, hoping to seek a place to settle on Chen Dong’s side.

However, his gesture of goodwill was a muddy cow into the sea and did not receive any response from Chen Dong.

If Chen Dong’s mind was tainted by this incident again, he had no doubt that Chen Dong would really take action against him.

Even if it was the best outcome, he would follow in Zhou Zunlong’s footsteps.

After all, the two had been rivals for many years, and there was a gap in strength, but it was by no means too far.

Under the True Dragon, all beings were equal!

Dingdong!

Ring the doorbell.

Zhou Yanqiu waited apprehensively, but his hands were clutching the wooden box.

Inside, was his sincere apology to Chen Dong for coming to the door!

There was still a trace of residual warmth!

After waiting for a long time, the door finally opened.

Upon seeing Elder Long, Zhou Yanqiu's pupils tightened for a moment and said respectfully, "Elder Long, I have come to apologize and apologize."

"Hmm."

Elder Long gave way and said indifferently, "Young Master is dining."

Zhou Yanqiu entered the villa and, led by Elder Long, walked quickly to the dining room.

In sight, Chen Dong was sitting blandly at the dining table, eating quietly.

The sunlight slanted and fell on Chen Dong's body.

The calm and self-possessed aura, set off by the sunlight, looked at Zhou Yanqiu in a trance and his heart was full of bitterness.

Who would have thought that once in the pension company he had created for his wife's brother, there would be such a true dragon hiding?

Thinking of all that had happened before, Zhou Yanqiu was annoyed and remorseful.

If he had been steadfastly on Chen Dong's side from the beginning, how could there have been such a scene of him coming to the door to apologise?

"Mr Zhou, you are quite early."

Chen Dong was holding a bowl of thin porridge and said with a smile, "Sit down and have some together, you should not have had breakfast yet."

Although he was inviting, his gaze did not look at Zhou Yanqiu directly.

"No, no, I'm here to apologise."

Zhou Yanqiu smiled sarcastically and shook his head, he really hadn't eaten breakfast, he hadn't slept all night, and as soon as the day dawned, he pinpointed the time and came.

“Hm?”

Chen Dong raised his eyebrows and drank the thin porridge by himself.

In the dining room, silence could listen to the needle.

Zhou Yanqiu hurriedly handed the wooden box to the dining table in front of Chen Dong in a panic.

Respectfully, while opening the wooden box, he said, “Mr. Chen, what happened last night was a great sin on my part, and now these curmudgeons have paid the price.”

The moment the wooden box was opened, Chen Dong glanced at its contents out of the corner of his eyes.

In an instant, Chen Dong’s expression froze, his internal organs tossed violently.

The wooden box contained hands!

Clang!

Chen Dong slammed the bowl onto the table fiercely and said in a stern voice, “Mr. Zhou, stirring my appetite early in the morning, is this your so-called doorstep apology?”

Zhou Yanqiu was struck by lightning and hurriedly snapped the wooden box shut.

He had already dealt with the matter last night, and the contents of the wooden box were what he had left behind as evidence to apologise to Chen Dong.

He, however, had completely overlooked the situation at this point!

“Oh General Zhou, your apology, I feel it, this apology on your doorstep, is very good!”

Chen Dong got up and took a step back, his face was as cold as frost, and he laughed coldly in a deep voice.

Zhou Yanqiu’s sweat stood on end and beads of sweat seeped out from his forehead.

As he was terrified and disoriented, his eyes suddenly became firm.

Clenching his cheeks fiercely, Zhou Yanqiu’s knees went weak and he poofed to the ground.

“Mr. Chen forgive me!”

“It’s my fault, it’s my demonic mind and treachery!”

“Everything is my fault, I am sorry Mr. Chen, I beg your forgiveness.”

A series of pleas for forgiveness came out of Zhou Yanqiu’s mouth.

If outsiders were to see them, their jaws would surely drop in shock.

The city’s most powerful man had actually stooped to such a low and humble level?

However, Zhou Yanqiu did not feel the slightest bit offended.

He knew that Chen Dong’s apology was not just a matter of collecting debts!

Chen Dong’s expression was cold and stern as he stared indifferently at the terrified Zhou Yanqiu on the ground.

Half a minute later.

He waved his hand and said indifferently, “All right, take your things and leave here!”

“Mr. Chen

Chen Dong’s face was as cold as frost and his voice was like a cold wind blowing from the depths of the Nine Underworlds: “One can be two, but not three!”

“Thank you, Mr. Chen!”

Zhou Yanqiu hurriedly hugged the wooden box and left, looking excited and ecstatic.

After the people had left.

Elder Long, who had been watching, suddenly smiled and looked at Chen Dong with a profound gaze.

“Young Master, his backbone is completely broken by you today!”

Chen Dong smiled indifferently, “A dog wants to bite its master, breaking the backbone is the only way to show him who is the dog and who is the master!”

Elder Long smiled spontaneously, “With this kneeling, Zhou Yanqiu is afraid that he will not dare to disobey Young Master again.”

Chapter 154

Zhou Yanqiu was a magnate and a lord.

Such a person is in no way comparable to a cross breed like Zhou Zunlong.

Although the two had always been seen as rivals by the outside world, how much of Zhou Yanqiu's heart really regarded Zhou Zunlong as a rival?

To deal with a crossbreed, one only needed to blackmail him with his life and lure him with benefits, and that would be enough to suppress him.

But when dealing with a lord, these two things are insignificant.

A lord is a lord because he is a deep and suspicious man, who knows how to avoid harm and maximise his own interests.

He has his own pride and dignity.

He was so proud that he could look down on all his so-called "rivals".

This also led to his backbone being more rigid and flexible than that of a cross breed like Zhou Zunlong.

Therefore, in the previous incidents, even though Zhou Yanqiu had turned against him, he was still able to stand unharmed on the wall in the end.

Even at the time of Din Tai's great crisis, there was still the heart to purchase land and show goodwill to Chen Dong.

Such a man of the city, such a way of getting around, such a bone of contention in his rigidity.

Chen Dong knew very well that it was impossible to easily get Zhou Yanqiu on his side.

The best way is to break Zhou Yanqiu's backbone and make him drop his arrogance and dignity and understand who is the servant and who is the master.

Otherwise, Chen Dong can guarantee that even if Zhou Yanqiu bows down to him now, when Chen Tiansheng comes back to the city in the future, Zhou Yanqiu will definitely backstab him again.

Just now, Zhou Yanqiu's kneeling is considered to have completely put down his pride and dignity and broken his backbone.

From now on, it will be easier to control him!

"I didn't expect Zhou Yanqiu to be ruthless to such an extent, it's a bit appetizing, I can't eat anymore."

Chen Dong's mind recalled the scene from earlier and recoiled a little.

Elder Long smiled spontaneously, "Old slave feels the same."

As Chen Dong watched Long Lao calmly and calmly drinking the white porridge and even nibbling on his mother's marinated chicken claws, he began to doubt Long Lao's words.

At that moment.

Li Lan walked into the home.

She looked downcast and her eyes were a little complicated, as she walked inside with her head down in thought.

"Mum."

Chen Dong noticed Li Lan and even more so the look on her face, but still pretended as if nothing had happened and asked, "So early, where have you been?"

"I went out for a walk."

Li Lan's expression became gentle and asked suspiciously, "I met Zhou Yanqiu outside just now, he came to our house?"

"Mm." Chen Dong nodded and pointed to the breakfast on the table, "Mom, I'm full, I'm going to the office first."

Leaving home, Chen Dong first sent a WeChat to Long Lao, asking him to return the favour as soon as he knew about his mother's situation.

Just when Chen Dong was about to go to the company, an unfamiliar phone number suddenly called.

Looking at the unfamiliar phone number.

Chen Dong couldn't help but frown slightly, the number was unfamiliar, but he had received it once before.

It was Wang Nan Nan!

"Hello." In the end, Chen Dong still chose to answer.

"I'm leaving the day after tomorrow."

Wang Nan Nan smiled and said, "Don't ask me where I'm going."

Chen Dong said, "I didn't want to ask either, what's the matter?"

On the phone, there was silence for two seconds.

Only then did Wang Nan Nan speak, "Can you come and see me off the day after tomorrow?"

"Sorry, I don't have time."

Pop!

Hanging up the phone, Chen Dong looked ancient and unruffled.

The past had already passed, and when one was covered in scars, to remember it one more time would be to tear the wounds.

There were some things, some people, that could not be returned to the past.

Meanwhile.

The Four Seals Clubhouse.

Inside the small bamboo forest courtyard, flowers and beautiful purple and red.

Gu Qingying, in a white dress, is all smiles, humming a song and carefully trimming and watering the flowers.

The sunlight envelops.

It made the scene seem like a picture scroll.

Since she knew of Chen Dong's plans, Gu Qingying had been in a good mood for the past few days.

She had not contacted Chen Dong because she was afraid that she could not help but pry into the details of Chen Dong's proposal.

This would have left a few less surprises.

For the proposal, Gu Qingying was full of anticipation inside.

Inside the house, the ancient charm lingered and the sandalwood fragrance lingered.

Gu Guohua and Li Wanqing were sitting opposite each other, making tea and enjoying the flowers.

A family of three, a rare moment of leisure and tranquillity.

“Wife, was I really that out of order that night?” In the past few days after sobering up, Gu Guohua only vaguely remembered a few moments from that night.

But those few moments alone made him blush.

After holding back for so long, he finally couldn't help but ask.

Li Wanqing raised her eyebrows and gave a scornful glance, “What do you think? He did come to express his gratitude and only wanted to use that night as the first time to meet his parents, but you're so good that you drank too much and opened your mouth to force people to admit to the marriage proposal.”

“I, I'm just thinking that the boy came up and gave away a few hundred million.”

Gu Guohua scratched his head and argued, “You think, those few hundred million is nothing to our family, can be Dong'er's wealth, a few hundred million is already very heavy, I was quick to talk, how could I want to do a bad thing with good intentions?”

“You're just drunk and crazy.”

Li Wanqing rolled her eyes and said gently, “If I hadn't stopped you that night, those words of yours would have broken your daughter's heart, you are a father, how can you be a father at all?”

Gu Guohua blushed, scratching his head and smiling, but he did not dare to argue.

He changed the subject, “How did you comfort Xiao Ying? This girl is in a beautiful mood these days!”

Li Wanqing smiled faintly, “Dong'er is also a very transparent person, it's not that easy for me to comfort Xiaoying, but Dong'er sent a text message to Xiaoying, saying that he would propose to Xiaoying at the end of this month.”

“Propose? At the end of the month?”

Gu Guohua's face changed drastically, followed by a tightly knitted brow, “Then don't we have to stay here until the end of the month? What about the Chen family?”

Li Wanqing's face was devoid of smiles and was flooded with a sense of annoyance.

Clang!

The purple sand pot in her hand stomped heavily on the table.

Li Wanqing said coldly, "Is your business that important when you're thinking about the Chen family? Or do you not have enough money to spend now and want to take it to the coffin later? I'm telling you, our daughter is our top priority, and the Chen family has to stand aside!"

"Now our primary goal is to complete our daughter's marriage, this girl has been dragging on for so many years, at last the clouds have opened up and the moon has seen the light.

"Ouch, how dare I, I'm just thinking that it's so easy to get a date to enter the Chen family, so I can't bear to miss it."

Gu Guohua hurriedly took Li Wanqing's hand and begged for forgiveness. Seeing Li Wanqing's face still looked ugly, he said seriously, "Fine, fine, according to you, let's wait until that boy Chen Dong proposes to Xiaoying before we leave."

He said, patting his head, "It's just that I've been waiting for three years for Xiaoying, and in the end, Chen Dong is getting married for the second time."

"Shut up!" Li Wanqing's expression was cold, "If you mention second marriage again, I'll make you sleep outside the door!"

It was while the two families were arguing.

Outside the small bamboo forest courtyard, a staff member of the Four Seals Clubhouse, came walking quickly.

After knocking on the door.

Soon, Gu Qingying opened the door.

"Miss Gu, someone outside has let you have this."

The staff member handed an envelope to Gu Qingying, turned around and left.

Gu Qingying was puzzled for a moment and opened the envelope.

As soon as she saw what was inside the envelope, the smile on her stunning face instantly disappeared, and she was dull to the core.

Winner Takes All Chapter 155-156

Chapter 155

In the small courtyard.

The breeze is gentle and the flowers are fragrant.

But Gu Qingying stood frozen in place, her face no longer as radiant as it was a moment ago.

Her expression was gloomy, her gaze drifting.

The contents of the envelope were like a bolt from the blue, a bang that made all her hopes and hopes crumble like a dream.

It was a photograph!

On the photo, it was Chen Dong and Wang Nan Nan who were meeting and sitting opposite each other in the Blue Siren Café.

The two of them, together again?

Then he, why did he propose to me?

For a moment, Gu Qingying was distracted and her mind went blank.

She stuffed the photo into the envelope and turned around and walked despondently into the house.

Gu Guohua and Li Wanqing, who had been drinking tea and observing Gu Qingying, were stunned at the same time.

The couple saw the staff from the Four Seals Clubhouse deliver the envelope.

They also saw their daughter's expression change drastically when she saw the contents of the envelope.

"Xiao Ying, what is it?" Gu Guohua was the first to speak.

Gu Qingying, who was walking forlornly, trembled and hid the envelope behind her in a panic, looked up at her parents, shook her head and squeezed out a smile, "No, it's nothing, Dad."

After saying that, she turned around and headed for her bedroom.

How could this scene have escaped the eyes of Gu Guohua and his wife?

Gu Guohua was about to chase after them, but Li Wanqing dragged her away with one hand.

"My daughter has said it's nothing." Li Wanqing said.

Gu Guohua immediately became anxious: "Xiao Ying is already there, and she still says it's nothing, do you believe that?"

"My daughter is older!" Li Wanqing shook her head helplessly, "She's not the little girl you've always protected in your arms, there are things she's not willing to say, and if you ask her, you'll only embarrass her."

Gu Guohua looked stunned and gritted his teeth helplessly.

After returning to her room, Gu Qingying once again took the photo out and looked at it lost in thought.

Gradually, her eyes reddened.

Her nose was sore, and even though she held it back, tears eventually slipped down the corners of her eyes.

Gu Qing Ying hurriedly flung herself onto the bed, pressed her head with a pillow and pulled the quilt to bury herself tightly.

She was afraid that her parents would hear her crying and worry them.

Just as Gu Qingying was grieving, she was also grief-stricken.

Dingtai Company.

Lone Wolf also handed an envelope onto Chen Dong's desk.

"Who sent this?" Chen Dong asked.

Lone Wolf shook his head, "The building security guard picked it up on the floor, wrote your name on it, and sent it here."

"In future, this kind of letter, just throw it away."

Chen Dong said in a deep voice, waving his hand for Lone Wolf to leave.

After hesitating for a moment, he opened the envelope anyway.

A photo and a note fell down at the same time.

When he saw the photo, Chen Dong's mind went "boom".

His calm face was instantly flushed with fierce anger.

The blue veins at the corners of his eyes bulged out and jumped wildly.

In the photo, he and Wang Nan Nan were sitting opposite each other when they met.

It was a very brief “goodbye meeting”!

But when the photo was taken, it meant so much more.

In his anger, Chen Dong picked up the note and gritted his teeth, his thumbs instantly snapping and crushing the paper.

The content of the note was simple.

“Don’t want Gu Qingying to know, give me 100 million!”

Below the text, there was a bank account number.

Looking at the bank account number, Chen Dong’s jaws cracked and his anger tumbled.

He gritted his teeth and said, “Premeditated? A deliberate extortion?”

Chen Dong was not at all unfamiliar with this bank account number.

For, over the past three years, his money had been transferred into this account time and again!

It was used to satisfy the Wang family’s eating!

This card belonged to Wang Nan Nan!

“Wang Nan Nan, good, you are ruthless enough! You Wang family members, all of you are ruthless enough!”

Chen Dong’s body was trembling, gritting his teeth and churning with anger, at this moment he felt like a volcano was suppressed in his chest: “One hundred million? It’s just one hundred million, I’ll give it to you, I’ll fucking give it to you!”

He didn’t care about money.

Once he did, but now, in his eyes, money was really just a string of numbers.

Not to mention one hundred million, even if it was one billion he was willing to give it.

As long as he could maintain his relationship with Gu Qingying!

This relationship was not easy to come by, and he treasured it immensely.

Whether it was Gu Qingying's treatment of him, or Gu Qingying's parents' treatment of him, he held this relationship as a priceless treasure.

If this photo fell into the hands of Gu Qingying, the proposal he had prepared for the end of the month would be completely in vain.

Moreover, since Wang Nan Nan had designed it a long time ago, how could it be just a simple photo of them sitting together?

Chen Dong was not surprised to see even more evocative photos afterwards.

He kept breathing deeply, trying to suppress his raging anger.

Chen Dong's face was as cold as frost, as if he was a man-eating beast, the corners of his mouth flaring into a fierce smile as he slowly picked up his phone.

He sent a text message to Wang Nan Nan.

"The day after tomorrow, I'll personally send you! Send your whole family!"

Snap!

Snapping the phone heavily on the desktop, the room was dead silent.

The Wang family.

Wang Nan Nan, who had packed her luggage long ago, lazily leaned on a chair by the window, looking at the empty bedroom, her eyes filled with memories.

Gradually, her eyes reddened.

It is only after experiencing it that one understands.

Only when you have lost something can you cherish it.

The dream is broken, the person is awake, and the once obsessive hatred for Chen Dong has now dissipated.

Stretching out, Wang Nan Nan smiled in relief, "Finally, I'm leaving this place, this nightmare will slowly disappear with life from now on, right?"

Dingdong!

The sound of a mobile phone message rang.

Wang Nan Nan casually picked up her phone and saw the message from Chen Dong.

Her eyes turned into a drifting trance, but the corners of her mouth could not help but outline a smile.

Putting down her phone, she revealed a brilliant smile, "Then, let's say goodbye for the last time."

And outside the house.

Wang De's face was so gloomy that he packed a piece of his travels to be taken away into his suitcase, picked up the family portrait on the table, smiled bitterly, and finally stuffed it into the suitcase.

The house had already found its next home, and the transfer would take place tomorrow.

By then, the family will have changed places, and perhaps the home will be at peace.

Thinking of this, Wang De took a look at Wang Nan Nan's room, his eyes full of heartache.

Finally he looked again at his and Zhang Xiuzhi's master bedroom, his eyes full of disgust.

He was a teacher and was most concerned about saving face.

Now, it was to save face that he had to resign early and leave the city.

"Ugh" Wang De sighed and lowered his head to continue packing.

In the master bedroom room.

Wang Hao and Zhang Xiuzhi sat together.

Wang Hao said with some hesitation and uncertainty, "Mom, did you really ask for 100 million? Is that, would that be too much?"

"Too much? Chen Dong doesn't care about this one hundred million, he has plenty of money." Zhang Xiuzhi's face was full of cross colour.

Wang Hao shook his head, "No, he definitely has that much money, but I'm worried, he won't give it."

"Won't give?"

Zhang Xiuzhi's eyebrows were raised, and she smiled proudly, "If he doesn't give it, then he can wait until he breaks up with Gu Qingying, I have these photos, so I'll eat him up."

"You want our Wang family to leave the city after you've done so much damage to them? It's a dream. If I don't bite him hard, I won't be willing to die!"

"One hundred million ah" Wang Hao was full of longing.

Zhang Xiuzhi, however, had fierce eyes and a strange cold smile.

What she wanted was not just to bite a piece of Chen Dong's flesh and blood!

Chapter 156

Throughout the afternoon, Chen Dong was distracted.

In his mind, all he could think of was the image of his meeting with Wang Nan Nan that day.

He had only remembered the last trace of love, but he did not expect that this last trace would be used by Wang Nan Nan's design.

The most poisonous woman's heart.

The Wang family's eating habits had once again refreshed his perception!

An ordinary farewell meeting had been designed to be evidence of blackmail!

This was simply humiliating for Chen Dong.

It was difficult to calm his monstrous anger.

However, he was too scared to vent this anger directly on the Wang family members.

If the Wang family dared to extort a hundred million dollars, then they would have the guts to give the photos to Gu Qingying.

His relationship with Gu Qingying was about to be consummated at the end of the month.

During this period, he would never allow any ripples!

In the evening, he left work.

Chen Dong absentmindedly left the company and called Gu Qingying while sitting in the taxi.

Soon, the call was answered.

“Big fool, you finally know to look for me, huh?” On the phone, Gu Qingying’s voice was tinged with a slight grumble.

Chen Dong was relieved and said with a smile, “If you don’t look for me, I can only look for you ah.”

“Che I’m waiting for you to propose at the end of the month.” Gu Qingying said with a playful smile.

“Don’t worry don’t worry, the end of the month will definitely make you memorable for life!” Chen Dong said.

“Alright, rest early, don’t get tired, mua mua.”

After saying that, Gu Qingying hung up the phone.

Chen Dong looked slightly relieved, and after making sure that Gu Qingying still did not know about it, he was in a much more relaxed mood.

At least, there was still a hundred million to spend to wipe this matter out.

It wouldn’t affect his proposal to Gu Qingying at the end of the month!

But what Chen Dong did not know was this.

While Gu Qingying and him were laughing and talking, Gu Qingying was already in tears, her delicate body trembling.

On the phone, she was merely forcing herself to be joyful.

After hanging up the phone, Gu Qingying could no longer hold back her tears and buried her head under the quilt, aggravated to the point of crying out.

Outside the door, the gentle voice of her mother rang out.

“Little Ying, come out for dinner.”

“Mom, I’m not hungry, you guys can eat.” Gu Qingying forced down her sobs and responded.

Outside the door.

Li Wanqing's willow brows were furrowed in thought, before she finally sighed and walked towards the dining room.

Gu Guohua was waiting, and seeing that there was no Gu Qingying behind Li Wanqing, he frowned and said, "Xiao Ying isn't eating?"

"She's not hungry." Li Wanqing's face was full of sadness.

"I'll go and call again, what if I starve myself."

Gu Guohua got up at once and headed out, "This girl, since she was little, whenever she encounters something unhappy, she doesn't eat, and she thinks she can hide it from us."

"Stop right there!" Li Wanqing stomped her foot and snapped angrily.

"Our daughter must be hiding something from us, if we let her hold it in like this, she'll have to suffocate." Gu Guohua was a little reluctant.

"Eat!" Li Wanqing forcibly dragged Gu Guohua back to the dining table.

Tianmen Mountain Villa.

In the living room, there was silence.

Fan Lu was still at the Lijin Hospital taking care of Kunlun.

Inside the home, there was only Elder Long and Li Lan.

The two sat separately on the sofa, both silent.

Only Long Lao's eyes, however, always fell on Li Lan, full of complications.

Li Lan's expression was in a trance, her head lowered and her hands clenched together.

Finally.

Li Lan broke the silence in the living room, "Elder Long, don't tell Dong'er about this."

"But the young master has noticed the lady's abnormality and specially instructed the old slave to pry."

Elder Long smiled bitterly, "How could old slave not have expected that madam would be distracted by this matter in these few days."

“Then you can tell Dong’er that you didn’t find out anything, I don’t want him to be distracted by my affairs.”

Li Lan looked up and stared at Elder Long with a determined expression, “This is my own matter, I will sort it out myself.”

Long Lao sighed, his expression complicated, “Old slave has advised madam long ago, and old slave also believes that madam can solve it, but madam, a big tree eventually attracts the wind, old slave thinks it is better to tell young master, so that young master can be mentally prepared!”

Bang!

Li Lan suddenly slapped her palm on the table in anger, shaking the teacups on the table with a clang.

At this moment, Li Lan’s kind and amiable face was covered with frost, and her expression was sullen and angry.

If Chen Dong had seen it, he would have been astonished.

This was because he had rarely seen such a look on his mother’s face since he was a child.

“Since you call me a madam, do you still want to resist my life?” Li Lan said in a cold voice, her gaze blazing as she looked straight at Elder Long.

“Your Ladyship’s appearance at this moment is a reminder of the old slave’s past great years.”

Long Lao was calm and composed, not looking askance, “But old slave is thinking of the young master after all.”

Pah!

Li Lan picked up the teacup, shattered it on the floor, picked up a piece of porcelain and held it across the front of her neck, “If you don’t hide Dong’er for me, then I will die!”

“Madam” Long Lao’s face paled and he got up hastily in fear and tried to lean over.

“Stand still!”

Li Lan angrily scolded, “I told you, I don’t want to affect Dong’er in this matter, I can handle it!”

Elder Long froze for two seconds before finally letting out a long sigh, "Old slave promises!"

At those words.

Only then did Li Lan's expression ease a little, putting down the porcelain tile in her hand, bowing her head and saying helplessly, "What happened back then is all in the past, now that Dao Lin has returned and granted Dong'er the heirship, then all of Dong'er's energy should be on the heirship, not being burdened by miscellaneous matters."

The voice was low and dripping with a strong sense of helplessness and sadness.

Even Long Lao's face was dishevelled and his heart was mixed.

Was the Lady's matter really considered a chore?

If it could really be handled, would there have been so many twists and turns back then?

However, Long Lao did not dare to say these words, for Li Lan had already used the most decisive means to force him to shut up.

At that moment, the door to the house was pushed open.

Chen Dong walked in, and seeing the fragments of tea cups on the ground, he could not help but be a little puzzled.

A look of panic flashed across Li Lan's face as she hurriedly leaned down to clean up the shards on the floor.

"Mom, I'll clean it up." Chen Dong hurriedly walked over.

"I'll do it." Li Lan smiled, "Accidentally breaking a teacup, this teacup must be very expensive, it's a pity."

"Which is not." Chen Dong harrumphed.

After Li Lan finished cleaning up the pieces, she let Chen Dong rest for a while while she went to the kitchen to cook alone.

Chen Dong watched his mother enter the kitchen before asking Elder Long, "Elder Long, what happened to the matter you were asked to inquire about?"

Long Lao had already promised Li Lan, so he could only put on a calm face and said with a smile, "Young Master, perhaps we have all misunderstood Madam, she really went out for a walk."

"Really?" Chen Dong raised an eyebrow and nodded and murmured, "That's really good, I was afraid that if something happened to Ma, she was afraid that it would involve me and make me suffer, so she deliberately hid it."

Long Lao's lips mouthed, his gaze complicated.

However, Chen Dong did not notice the subtle change in Long Lao's expression.

Wang Nan Nan's matter had made him anxious and his anger was hard to calm down.

He greeted Elder Long and went straight back upstairs to his bedroom.

Right now, all he was asking for was to spend money to send the plague gods away to send Wang Nan Nan's family away as soon as possible to wipe out the matter.

Because of the extortion, even the next day, Chen Dong was so depressed that he found it difficult to go back to work calmly.

After a long day of muddling through, he returned home and lay in bed, tossing and turning, unable to sleep.

He stayed up until dawn.

Chen Dong woke up early, today was the time for Wang Nan Nan's family to leave the city.

Winner Takes All Chapter 157-158

Chapter 157

Early in the morning.

Chen Dong arrived at the pier as promised.

Wang Nan Nan's family intended to leave on the ferry.

Two days of torment had left Chen Dong's entire body exhausted and his mood was even worse.

The way the Wang family ate made him sick and sick to his stomach.

Fondling the bank card in his pocket, Chen Dong looked cold and stern.

As long as this 100 million could wipe out this matter, he did not mind paying it.

The end of the month was when he would propose to Gu Qingying, and he would never allow any changes to occur during this period.

The phone rang.

It was Wang Nan Nan calling.

Chen Dong indifferently picked up the phone, "Where is it?"

"Pier 1."

Hanging up the phone, Chen Dong walked towards Pier 1.

From afar, he saw Wang Nan Nan in a black dress, and beside Wang Nan Nan, there were several pieces of luggage.

A gentle breeze ruffled Wang Nan Nan's long hair and long skirt.

With her quiet smile and pretty face, everything gave people a spring-like feeling.

Even just standing there, she attracted the eyes of many passers-by.

But in Chen Dong's eyes, it was an ancient well, and even a little cold.

"Chen Dong, what about this!" Wang Nan Nan saw Chen Dong and waved her hand with a smile.

When Chen Dong approached, she smiled and said, "Thank you, for coming to see me off."

Chen Dong looked indifferent, his eyes unmoving.

Indifferently, he asked, "Where are the things?"

There were no pretentious pleasantries, and the door was opened directly.

The Wang family was eating so badly, so there was even less need for him to look good.

"What things?" Wang Nan Nan was stunned for a moment.

"Pfft!"

Chen Dong suddenly laughed, a brilliant glint in his eyes, "Wang Nan Nan, what's the point of playing dumb with me? Don't you think it's disgusting to do so?"

Wang Nan Nan's delicate body trembled, and her fair face was filled with shocked incomprehension.

Her red lips mumbled, bewildered, "I, what am I pretending to be stupid for? Chen Dong, what do you mean?"

Pop!

Chen Dong slapped the bank card into Wang Nan Nan's hand, "This is the one hundred million you want, and the password is six zeros."

Boom!

Wang Nan Nan was struck by lightning, and her pretty face was written with shock and horror.

When had she ever asked for a hundred million?

Very quickly, Wang Nan Nan reacted that there must be some kind of misunderstanding in between.

Her eyes were red: "What do you take me for? I just want you to come and see me off, so I can say goodbye to the past."

The voice, even, was vaguely sobbing.

After her divorce from Chen Dong, a series of encounters had awakened her to the fact that the three years she had spent with Chen Dong had been the happiest time.

But she knew that everything was irrevocable.

On the verge of going mad, she finally pulled through tenaciously and was ready to say goodbye to the past and embrace the courage of the future.

But now, Chen Dong's gesture left her bewildered!

"Just a send-off?"

Chen Dong laughed in anger and simply took out the photo in the envelope: "Is this what you call a send-off? Or is it that you don't think this 100 million is enough and want to sit on it?"

Wang Nan Nan was completely dumbfounded, her beautiful eyes were rounded to the limit, her mind was blank.

She was not stupid, and when she saw this photo, she instantly understood where Chen Dong's anger came from.

And, what was the meaning of the 100 million in her hand!

In a trance, Wang Nan Nan shook her head in panic and hysteria, murmuring hysterically, "It wasn't me, it wasn't me, it really wasn't me"

"Oh, funny!"

A cold light flashed in Chen Dong's eyes.

Wang Nan Nan hurriedly tugged on Chen Dong's arm: "Chen Dong you believe me, I, I really didn't do it, that head to see you, really just want to say goodbye to you, this photo really has nothing to do with me!"

"Nothing to do with it?"

Chen Dong took the note out and indifferently handed it to Wang Nan Nan, "Then this note, also has nothing to do with you?"

He did not transfer the 100 million directly into Wang Nan Nan's account as requested in the note, instead he directly handled a bank card.

Wang Nan Nan took the note in a panic, and when she read the content, she instantly turned pale and was speechless.

Chen Dong sneered: "Didn't you say it had nothing to do with you? Wang Nan Nan, I was wrong to trust your Wang family in my life, from the beginning to the end, all your vows to me were all deceptions, you never let me down in the matter of letting people down."

The words were resounding and pierced straight to the heart.

Wang Nan Nan's eyes were red and her beautiful eyes were filled with tears.

Chen Dong's words were like a red-hot knife, stabbing her in the heart.

Wang Nan Nan bit her red lips tightly, weeping silently as she kept shaking her head.

"I hope you, don't come to disturb my life again."

Chen Dong turned around lost: "You should also be thankful, I will propose to Xiaoying at the end of the month, don't want any ripples in the meantime, otherwise just this matter of you extorting and blackmailing, your family can't afford my anger!"

Looking at Chen Dong leaving.

Wang Nan Nan's eyes went black for a moment, and she felt the urge to faint.

At this moment, she felt that the sky was spinning.

Originally, she had gathered the courage to let go of the past, and had regained her confidence once again.

But now, a sentence of blackmail and extortion made her feel like she had been stripped naked.

"I'm not like this, I didn't do any of this"

Wang Nan Nan cried and murmured, finally turning into a cry and roar, "Chen Dong, it really wasn't me who did this!"

While in the distance, Chen Dong did not pay any attention and left in big strides.

When Chen Dong disappeared into the sea of people.

Wang Nan Nan cried and crouched on the ground, clutching the note with one hand and the bank card with the other.

Suddenly, not far away, three figures hurriedly ran over.

As soon as Zhang Xiuzhi saw the bank card in Wang Nan Nan's hand, her eyes lit up.

With a snap, Zhang Xiuzhi snatched the bank card out of Wang Nan Nan's hand and said with a greedy smile on her face, "One hundred million, that's one hundred million! I've never seen so much money in my life, our family is going to be rich!"

"Mom, our family is finally rich, when we get a new home, I want to buy a luxury car right away, so I won't have to worry about marrying my daughter-in-law." Wang Hao echoed Zhang Xiuzhi.

Wang De at the side looked dumbfounded and full of dismay.

And Wang Nan Nan on the ground was even more shocked when her head exploded.

She finally reacted.

It was her mother who had done it!

It was her brother who had done it!

No wonder!

No wonder when she said she wanted to see Chen Dong, her mother and brother both dragged her father away from coming with her!

“Zhang Xiuzhi!”

In her anger, Wang Nan Nan rose up and roared at Zhang Xiuzhi, “Have you ever treated me like a daughter? Why are you so disgusting? Why are you using my name to blackmail Chen Dong? Don’t you even think of giving me the last bit of dignity?”

A series of questioning, like madness.

Wang De was startled, afraid that his daughter would go back to her old self.

He hurriedly placated her, but Wang Nan Nan paid no attention, staring at Zhang Xiuzhi with a look so crazy that it was almost murderous.

Both Zhang Xiuzhi and Wang Hao were dumbfounded.

Both of their faces turned blue and red.

Zhang Xiuzhi suddenly strained her neck and said with a red face, “I am your mother! Wang Nan Nan, you money-losing bitch, this is the divorce compensation I managed to get for you from Chen Dong! You’ve been married to him for three years and you’re really getting a divorce for 200,000 yuan, then wouldn’t he have slept with you for nothing?”

After yelling, Zhang Xiuzhi looked down at the bank card in her hand and murmured to herself, “These days, being a lady for three years is more than earning two hundred thousand.”

Chapter 158

Wang Nan Nan was completely dumbfounded.

Wang De and Wang Hao’s faces also changed drastically.

Even the two of them felt that Zhang Xiuzhi’s words had gone too far!

“Mom, how can you say that about sister?” Wang Hao reminded in a low voice.

Zhang Xiuzhi, however, tilted her head arrogantly, "Are you saying that I'm wrong? How much has she gotten since she married Chen Dong? How much has she helped the family? Even when you wanted to marry Xue'er, she couldn't help, but now I've gone to great lengths to help her get the divorce compensation, so it's my fault?"

After saying that, Zhang Xiuzhi gave Wang Nan Nan a sidelong glance.

"What good does it do to follow that animal Chen Dong? I might as well follow Tiansheng, being slept with, at least I still got a few million!"

"That's enough from you!"

Wang De's body shook as he raised his hand and dropped it brazenly.

Slap!

A slap, with great force.

The sound of the slap was crisp and loud.

Zhang Xiuzhi's body staggered backwards and half of her face instantly swelled up.

She was so rude and domineering that she was about to curse, but when she raised her eyes and saw Wang De's man-eating gaze, her heart jerked in fear and she held back.

Wang De's body was trembling as he gritted his teeth and stared angrily at Zhang Xiuzhi: "Zhang Xiuzhi, do you have any sense of decency? Are you trying to drive your daughter to death? Wealth obsessed, you don't even care about your daughter anymore?"

"Dad"

Hearing that her father was standing up for her, Wang Nan Nan immediately cried out and jumped into Wang De's arms.

Wang De patted Wang Nan Nan's back soothingly while looking at Zhang Xiuzhi angrily, "I, I'm really fed up with you, sometimes I even want to divorce you, I even have the heart to fucking kill you!"

"Then go ahead and kill me!" Zhang Xiuzhi was also angry, clutching her bank card: "Anyway, I'm rich now, after the divorce, I'll still live with my son, unless you kill me!"

"You" Wang De's tone stalled.

"Dad, don't argue, it's useless, it won't make sense with her."

Wang Nan Nan cried and howled to stop her father, she knew that if her mother could but think a little, the family would not have become what it was.

If you've been wronged, you've been wronged!

She just wanted to live the rest of her life in peace and quiet, in a different place, in a different way.

This kind of thinking can be described as "lice don't itch, debts don't worry", or it can be described as a broken pot.

Wang Nan Nan is powerless to change, so she can only swallow all her grievances: "Let's go, let's leave this place, from now on we have nothing more to do with Chen Dong, he will propose to Xiaoying at the end of the month, and our Wang family and Chen Dong will no longer be involved."

However.

Zhang Xiuzhi suddenly laughed hideously and coldly, "Propose? He is thinking beautiful!"

Wang Nan Nan's delicate body trembled and she abruptly stopped in her tracks.

Wang De turned around violently, "You, what sins have you committed again?"

"Sins? I'm avenging Nan Nan's death! Do you really think my daughter is easy to bully?"

Zhang Xiuzhi was smug and full of smiles, "I sent all the photos to that dead girl Gu Qingying, she's not sure what's going on in her mind right now. Wait until Gu Qingying dumps Chen Dong!"

Boom!

Wang Nan Nan's face turned fiercely pale without a trace of blood.

As soon as her body trembled, she felt rapid darkness before her eyes.

Finally, her body went limp and she collapsed into Wang De's arms.

The Four Seals Clubhouse, the small bamboo courtyard.

For the past two days, Gu Qingying had been muddled, unable to eat or drink.

All she could think about was the photo.

She tried to understand Chen Dong on her own, but the photos were hard evidence, overturning her words of convincing herself again and again.

The melodious piano music echoed.

Gu Qingying was lying by the window, looking at the flowers and fountain in the small courtyard, her eyes red and a little puffy.

She longed for the proposal ceremony at the end of the month.

She even naively longed for Chen Dong to come down from the sky in his golden armour, with his feet on the seven-coloured auspicious clouds, to propose to her.

But now, all the longing and longing seemed to have been instantly thrown into an ice cave, turning cold and numb and cold.

Knock, knock!

There was a knock on the door.

“Little Ying, it’s lunch time.” Gu Guohua shouted from outside.

Gu Qingying wiped the corners of her eyes, “Dad, I’m not hungry, you and mum can eat.”

“You child, what if you don’t eat for two days, what if you starve your body?” Gu Guohua’s voice had a bit of anger in it, but it was because he was heartbroken for his daughter.

Gu Qingying pouted, “Aiya dad, I’m so old, can you not treat me like a child?”

“Xiao Ying, do you have something on your mind? You can talk to daddy, did that boy Chen Dong bully you?”

Outside the door, Gu Guohua’s voice made Gu Qingying’s heart tremble violently.

She said in a panic, “No, no! How dare that big fool Chen Dong bully me? If he dares to bully me, I’ll knock him down with one punch.”

“Sigh okay.” Gu Guohua sighed, and there was no movement outside the door.

Instead, Gu Qingying’s teeth bit her red lips and murmured in a low voice, “It’s that big fool who bullied me”

In the dining room.

Gu Guohua walked over to Li Wanqing with a sad face, "It seems that Xiaoying and Chen Dong are in conflict."

What he had just asked was to test the waters.

Even though Gu Qingying had tried her best to conceal it, but Gu Guohua's reading experience, he could hear it from the tone of voice alone.

"Alas these two kids can't easily come together, they're going to propose at the end of this month, what's the conflict?" Li Wanqing sighed, looked at the table full of dishes, and finally sighed: "I can't manage even if I don't want to, it's not good to keep letting Xiao Ying go on like this without thinking about food and tea, and starving her body."

She said to Gu Guohua, "I'll go and bring some food to Xiao Ying and ask about it by the way, you can eat by yourself, but don't follow me over and stick your door to eavesdrop."

"Che I'm the chairman of Qing Ying International and I have a good reputation, would I do something like eavesdropping?" Gu Guohua said solemnly.

Li Wanqing gave a scornful glance, picked up a bowl and plate and picked out some dishes that Gu Qingying liked to eat, then walked towards Gu Qingying's room.

After some persuasion, Gu Qingying finally opened the door and let her mother into the room.

Gu Guohua looked at the room door that had closed again and was aggrieved: "Mom opens the door when she persuades, but Dad doesn't eat when he persuades, it's annoying."

As he ate, Gu Guohua couldn't help but add some vegetables to his bowl and tiptoed over to the door of Gu Qingying's room and listened closely.

Only before he could hear it, there was a shout from the courtyard door.

"Mr. Gu, there's a letter for you!"

Letters?

Gu Guohua frowned and, with his bowl and chopsticks in hand, walked quickly to the courtyard and took the letter from the security officer.

The letter was thick and signed on the top: Received by Gu Qingying.

But now his wife and daughter were in the house talking.

This, coupled with his daughter's peculiarities over the past two days, made Gu Guohua still curious enough to open the envelope.

When he saw a picture in the envelope, Gu Guohua froze at once.

His pupils gradually dilated and his expression became increasingly shocked.

Mighty anger surfaced on his face.

There were even two blue veins pulsing wildly at the corners of his eyes!

Bang!

Gu Guohua fiercely slammed the bowl and chopsticks in his hand onto the ground, squeezing out a sentence from between his teeth, "Chen Dong, bullying my daughter, you deserve to die"

Winner Takes All Chapter 159-160

Chapter 159

Hearing Gu Guohua's angry voice.

Gu Qingying and Li Wanqing hurriedly ran out of the house.

Mother and daughter were seeing Gu Guohua who was cupping the photo in one hand and was full of rage.

"Dad"

Gu Qingying's heart sank violently, the familiar envelope and photo brought an extremely terrifying thought to her mind.

It had been poked!

She had been muddled and teared up for the past two days, and had indeed been irritated by the photo, but she had refused to tell her parents, just because she was afraid that things would be pushed to the point of no return in an instant.

However, the scene before her now made her feel like the sky was spinning.

"What's wrong, getting so angry?"

Li Wanqing's willow brows knitted together as she quickly stepped forward.

“Look, this little bastard Chen Dong, does he think our daughter is easy to bully?” Gu Guohua handed the photo to Li Wanqing in annoyance.

When Li Wanqing took a look at the photo, her charming face was instantly covered with a layer of cold frost.

She had just entered Gu Qingying’s room very briefly and had not really started asking questions yet.

But the photo in front of her told her the answer!

No wonder her daughter had looked like this for the past two days!

If it were her, she couldn’t stand it either.

There was no parent under the heavens who didn’t care for their child?

What’s more, Gu Qingying was the only daughter in the family, the jewel in the crown of both of them!

Ever since they were young, the couple had always treated Gu Qingying with care, fearing that she would melt in their mouths and be held in their hands, fearing that she would fall.

If Gu Qingying hadn’t insisted on being with Chen Dong, the couple would never have given Chen Dong a second glance, even with Lord Meng’s guidance.

A second marriage!

It was simply impossible to ignore!

“This brat, we don’t mind his second marriage, the old man is falling over himself to help him, but he is so good, he actually turns around and goes on a rendezvous with his ex-wife.” Gu Guohua’s body trembled and his eyes were on the verge of spitting fire, “Does he think that I, Gu Guohua, have no temper? Damn it!”

Li Wanqing’s brows were locked and her face was as frosty as she flipped through the photos one by one, but her anger was getting stronger and stronger.

Hearing her father’s angry rebuke, Gu Qingying came back to her senses and quickly stepped forward and said, “Mom and Dad, calm down, maybe maybe things won’t be like we think.”

“What kind? No matter what we think, since this boy has decided to propose to you, he shouldn’t have gone on a rendezvous with his ex-wife!”

Gu Guohua was filled with righteous indignation and his anger was unquenchable, "Xiao Ying, you've been treated like a donkey with good intentions, you want to be with him with all your heart and soul, but he still went to meet his ex-wife.

Gu Qingying's face instantly paled.

Her red lips mumbled, but she was powerless to refute.

It was Li Wanqing who put down the photo and glared soberly at Gu Guohua: "Old Gu, watch your mouth."

"I" Gu Guohua wanted to argue.

His status, his position, and his temper would not allow something like this in the photo to happen.

He loved his daughter and could not mind Chen Dong's second marriage.

But that didn't mean he didn't have a fire in him!

When his daughter was hurt, he had to take out a bite of anger for her even if he exhausted his power and money!

Therefore, Gu Guohua exhaled fiercely, turned around and left, "I'll go find that boy!"

"Dad" Gu Qingying was startled and hurriedly stepped forward to stop Gu Guohua: "I, I forbid you to go find him!"

She knew her father's character, if she let him go, the matter would be a complete mess!

"Silly girl, are you going to let daddy watch you suffer?" Gu Guohua's face was red.

"Old Gu, calm down first!"

Li Wanqing followed, her gaze softly looking at Gu Qingying: "Little Ying, you have lost a lot of weight in the past few days because of this matter, you have not been able to eat or drink, and you have lost a lot of weight.

Gu Qingying nodded in silence, her eyes were red and holding tears.

"So, tell mum and dad what you think!" Li Wanqing asked openly.

The photos were ironclad evidence, and even if she was being gentle, her anger was hard to quell.

The only thing that was sensible was that she would choose to take her daughter's opinion into consideration.

Gu Qingying's eyebrows knitted together, her beautiful face hesitant.

Her hands were clasped together, but her mind was in a mess.

She had been thinking about this matter for two days.

At first, she was just as angry and indignant as her parents.

But after she calmed down, she felt that Chen Dong did not seem to be such a person.

She had seen how Chen Dong had treated Wang Nan Nan step by step after he had divorced her.

Even, she had left Chen Dong temporarily in the first place because of what Chen Dong had done to the Wang family.

Moreover, on the photo, it was only the two of them sitting opposite each other, Chen Dong and Wang Nan Nan, and there was no overkill.

After taking a deep breath, Gu Qingying said seriously, "I want to wait until the end of the month to see."

"The end of the month?"

Gu Guohua raised his thick eyebrows: "Silly girl, do you still want to wait until the end of the month for that boy to propose to you? This photo, your father even suspects that the two of them are going to remarry at the end of the month!"

He pointed one hand at the photo in Li Wanqing's hand.

"Dad!"

Gu Qingying stomped her foot, "Can't you consider my feelings? I said the end of the month is the end of the month, I want to see if he will keep his promise!"

After saying that, she cried and ran towards the house.

Gu Qingying was the one involved, and she was more apprehensive than anyone else.

But she was clear that if her parents stepped in, the matter would definitely turn upside down.

She was still holding on to a sliver of luck, so she was unwilling to let the sky fall out.

Stubborn as she was, for the sake of Chen Dong, she had to gamble on this one too!

“Little Shadow

Gu Guohua was so angry that he turned back and shouted.

“Alright, don’t be annoyed.”

Li Wanqing suddenly advised, “Respect your daughter’s decision, if things go beyond our expectations at the end of the month, then let’s make that boy pay with interest!”

The voice was cold and piercing, resounding.

It was hard to imagine that it was coming from the mouth of such a charming, gentle and virtuous woman like Li Wanqing.

Anger tumbled in Gu Guohua’s eyes as he clenched his fist: “Good! Then we will wait until the end of the month to see, if it is really this kid who cheated on me, then don’t blame me for being ruthless, my Gu family’s daughter is not something he can bully!”

“Bullying my Gu Guohua’s baby, I will let him know what it means to have the sky fall!”

.....

Chen Dong returned to Dingtai Company.

Wang Nan Nan’s calculations made his heart depressed and suffocated.

At the same time, he was also apprehensive whether this matter would be known by Gu Qingying.

The more cherished he was, the more frightened he was, and the more he suffered from caution.

Chen Dong dialed Gu Qingying’s phone number.

But after one ring, it was hung up.

Chen Dong frowned and dialed twice more in quick succession, but without exception, all of them were hung up immediately after one ring.

“Is there something wrong?”

Just as Chen Dong was about to dial again, a message from Gu Qingying was sent on WeChat.

“Why aren’t you answering my calls?” Chen Dong asked, “Are you free tonight? Join us for dinner, I haven’t seen you for a long time and miss you.”

“I’m doing my makeup, I need to prepare a beautiful makeup, otherwise how can I afford your proposal at the end of the month?”

Gu Qingying replied, and soon another message came through.

“Big fool, I won’t see you for a few days, I’ll have to wait until your proposal at the end of the month, and you’re not allowed to come see me!”

When Chen Dong saw this, he relaxed and smiled.

The essence in his eyes flashed with incomparable determination, “At the end of the month, I will definitely give you a proposal of a lifetime!”

Chapter 160

The sun is shining brightly.

Even if it was a hot summer day, the Tianmen Mountain villa area was permeated with a refreshing coolness because of the forest cover.

Long Lao sat comfortably on the garden swing, swaying gently.

Kunlun is still in hospital, he has finally woken up, but it will be a while before he can be discharged.

Fan Lu is in the hospital taking good care of him.

Li Lan had also left home after lunch at noon.

Long Lao knew where Li Lan had gone, but as a slave, he was in no position to stop it, nor did he dare to tell Chen Dong what had happened, as he had no doubt that Li Lan was pushing to death.

In the large villa, he was the only one left.

It seemed a little cold.

However, Elder Long did not care and was relaxed.

Milling the purple sand pot in his hand, Elder Long leaned back comfortably on the swing seat.

But a phone call put an end to his leisurely and relaxing time.

When he saw the word “Master” on the caller ID, he looked solemn.

“What can I do for you, Master?”

“You said that Dong’s son will propose at the end of the month?”

After Chen Dong had decided on this matter, Elder Long had already reported it to Chen Daolin.

Now, counting the days, the end of the month was not far away.

“Master, it will be on the last day of the month.” Elder Long said.

“Well, I am Dong’er’s real father, I should have done something about it.”

On the phone, Chen Daolin’s voice had a bit of guilt in it, “As a father, I missed Dong’er’s growth and his first marriage event, now that he’s getting married for the second time, I’ve finally caught up and have to make up for it.”

“Master, the old slave will arrange for this matter, you are constrained in every way in the Chen family, if you get close to the young master, I am afraid that the old lady” Long Lao was a little worried.

But, the words were not finished.

On the phone, there was a cold snort from Chen Daolin.

Long Lao’s expression was solemn.

Immediately after, Chen Daolin’s voice was cold and stern, “They all still think that I am the Chen Daolin of that year, but they don’t see who is in charge of the Chen family today! If the old woman dares to stir up trouble, then I will invite her into the ancestral shrine as the head of the Chen family, to be worshipped by the incense of the Chen family!”

The murderous intent was so strong that it was bone chilling.

Even Elder Long’s face was sunken and his back was shivering.

“You need not advise further, you do your best to arrange for Dong’er’s marriage proposal, and you need not worry about my preparations.”

Pop!

The phone hung up.

Long Lao smiled bitterly, but his eyes were full of longing, "Even the old master is ready to help the young master propose, how grand should the proposal ceremony be on the day at the end of the month?"

Rubbing his chin, Elder Long's smile intensified, "Gu Guohua is determined to enter the Chen family's threshold, praying for the Chen family's help to expand his business empire again, if he knew that the goal he had been fighting for half his life was directly married to the Chen family heir after his daughter had waited for three years, what kind of reaction would that old boy have?"

Thinking about it, Elder Long even had a mental image of how Gu Guohua would look when he learnt the truth of the matter.

The smile on his face became more and more odd as he leisurely leaned back in his chair and swayed gently, "Karma is wonderful!"

At this time.

The door of the villa yard opened.

Li Lan had come home.

Long Lao subconsciously looked over and instantly his brows tightened and his heart twitched.

After entering the courtyard, Li Lan walked forward with her head down and her steps flying.

But Elder Long still vaguely saw the red finger marks on Li Lan's face!

"Madam, you've been beaten?"

Elder Long got up and quickly stopped Li Lan who was returning home.

"It's none of your business." Li Lan bypassed Elder Long and continued to walk home, "Elder Long, please don't tell Dong'er, I will be able to handle this matter."

"But the marks on your face" Long Lao was upset.

"I said, don't tell Dong'er!"

Li Lan snapped her head up, but her eyes were a little red and swollen, obviously from crying!

She gritted her teeth stubbornly and said slowly, "I have dragged Dong'er down for so long, it was so easy for the family to get up smoothly, I don't want to drag Dong'er down again because of this matter, he is my son, I feel for him, he is already tired enough!"

Long Lao looked gloomy and said helplessly, "But old slave thinks that madam may not be able to handle this matter, it was said at the beginning that a big tree attracts the wind, now the young master the big tree has grown up, even madam has to be sheltered under the shade of the tree, how can madam solve it?"

"That's enough!" Li Lan gave a firm rebuke, where was the usual semblance of gentleness and kindness.

Looking at Li Lan who entered the room, Long Lao's original good mood was swept away.

He sighed helplessly and said, "How can wolves and tigers and leopards know the goodness of the heart? It is their nature to eat flesh and drink blood, to crack bones and suck marrow, why does Madam still not understand?"

.....

Time passed slowly.

For Chen Dong, the days were calm but extraordinarily fulfilling.

On the one hand, he was busy with Din Tai, and on the other hand, he was preparing for his proposal ceremony at the end of the month.

With fermentation and momentum building, property prices in the western part of the city have been climbing, rising by 50% in just half a month, and still showing no signs of declining.

This is great good news for Din Tai.

When house prices are solid, it will be time for Din Tai to transform itself and soar to the clouds.

Chen Dong has full confidence that when the transformation of the western part of the city is completely completed, his strength may not be worth mentioning to the Chen family.

But it would never be the same as when he was strangled by the Chen family and had to sit and wait for his life and death!

As long as he was free from the constraints, and with the support of his father and Elder Long, that would be the time for him to truly rise to the top!

The marriage proposal ceremony was steadily being prepared under Chen Dong's careful planning.

For this proposal, Chen Dong had even spent more energy than Dingtai.

He wanted to make this proposal ceremony perfect and become one of the best things in Gu Qingying's life.

Everything was done, everything was done.

When a person gives everything they love, they give everything they have.

The fact that Gu Qingying could come back to him when he was at his most desperate, such a feeling was worth anything Chen Dong could do.

Every day when he was busy and exhausted, he would come home.

Chen Dong would also tirelessly chat with Gu Qingying on WeChat.

Although Gu Qingying replied very little, mostly Chen Dong "talking to himself", but in Chen Dong's heart, this was just Gu Qingying building up a sense of anticipation, building up momentum for her to be proposed to at the end of the month.

He also told Chen Dong earlier that the reason he hadn't seen each other was to be more surprised.

In this regard, Chen Dong had no doubts.

In the blink of an eye.

It was the last day of the month.

On this day, Dingtai did not go to work.

Even the four sales centres were closed, leading to speculation.

Under Chen Dong's call, all the employees gathered at the Tianmen Mountain scenic spot early in the morning.

The Tianmen Mountain villa area is just a corner of the Tianmen Mountain scenic area.

As a scenic spot, the top of Tianmen Mountain, which had also been developed long ago, could be considered to have the best view of the whole city.

It is high above the city and overlooks the whole city.

And early in the morning, with the arrival of Chen Dong with his staff, the Tianmen Mountain scenic area was closed.

The move drew the city's media in droves.

You know, since the establishment of Tianmen Mountain Scenic Area, there has never been a precedent of closing it to visitors!

However, no matter how much the media pried, the scenic area was kept under wraps.

Gradually, public opinion was directed to the whole city.

The eyes of the city were focused on the Tianmen Mountain scenic spot under the guidance of the media.

Nightfall, gradually, fell.

Chen Dong stood on the mountain path and looked down, just in time to see the road below the mountain and, further away, the night view of the whole city.

He held up his phone and smiled faintly, "Little Shadow, have you arrived yet?"
