

Winner Takes All Chapter 1531-1540

Chapter 1531

A sudden scene.

Even Chen Dong and the pilot inside the supersonic plane were startled.

Chen Dong's face changed dramatically, and in his vision, Ye Linglong, who had leapt, was rapidly coming this way.

And the supersonic plane was taking off!

If she jumped into the air, the speed of the supersonic plane would definitely tear her apart!

In a flash of lightning, Chen Dong had a fierce decision in his mind.

In the midst of the pilot's alarm, Chen Dong directly opened the hatch cover and yanked Ye Linglong, who was close to the front, directly into the cabin.

"FUCK!"

The shocked pilot could not help but burst out a foul mouth.

As the cabin closed, the gliding speed of the supersonic plane gradually reached its peak, and along with the plane pulling up, a powerful sonic boom suddenly exploded into heaven and earth.

The terrifying inertia pressed Chen Dong dead in his chair, while also squeezing Ye Linglong in his arms to the point where he could not move.

Luckily, although the two of them had not received professional and systematic training, their achievements in martial arts had also enabled them to completely resist the supersonic flight of the plane.

"What are you doing?"

Chen Dong looked cold and stern as he angrily stared at Ye Linglong in his arms, "Playing with your life, is that fun?"

The scene he had just witnessed was still a bit of an afterthought.

If he had half hesitated just now and did not immediately open the hatch and pull Ye Linglong in, once the supersonic plane was elevated, the consequences could not be imagined!

“I’ll go back with you, together.”

Ye Linglong slowly raised her head, her eyes gazing profoundly at Chen Dong.

The four eyes met.

Chen Dong, however, felt as if his heart had been knocked by something, and his brows lowered.

A cold, indifferent voice then emitted from his mouth, “After you reach the domain, you will immediately return to the Mountain River Association, I don’t need you to join me!”

“But I want to help you with something!”

Ye Linglong’s willow brows knitted, her eyes a little unwilling.

“I don’t need your help with anything!”

Chen Dong’s voice was resolute, not giving Ye Linglong the slightest chance.

Inside the cabin, silence suddenly fell.

The plane flew at supersonic speed, not only exploding with sonic booms, but also forming a transparent wall of air visible to the naked eye as it broke the sound barrier in front of the nose.

As the aircraft crossed the ocean.

The domains below the airspace were now in a state of anxious agitation.

“Here it comes, here it comes, to release or not to release?”

“Supersonic planes, crazy! This guy is absolutely insane, do we let him through now or not?”

“Let go! Let him pass!”

The same scene was repeated as the supersonic plane Chen Dong was in crossed over the airspace of every domain.

Land, sea, airspace, it was an autonomous right that each domain had to defend!

But after the anxiety and noise, each domain said the word “release” with gritted teeth.

No one knew what Chen Dong was up to!

But the letter of order was like a huge hand falling from the heavens, crushing these small overseas domains!

The Hong Society, Chen Dong and Rothschild were three decrees that they could ignore.

But the imperial edict from the domain lord, and the Five-Clawed Golden Dragon Decree issued by Huo Zhenxiao of the Great Snow Dragon Riding Army, were like two lofty mountains, suppressing the heads of these small domains.

“Here they come, the planes are coming, should we stop them!”

At the headquarters of a military base in one of the overseas domains, a middle-aged man, with a rigid expression, asked.

Inside the control room, there was silence.

The invisible great oppression kicked everyone out of breath.

“Chief General has arrived!”

With a proclamation, the control room door opened.

A stout old man with pale white hair and a majestic brow walked in with big strides.

“Greetings, General!”

The crowd shouted in unison, respectfully.

The middle-aged man from earlier hurried forward with an indignant look on his face, “Generalissimo, Chen Dong’s plane is coming over, in order to defend our domain rights, stop it immediately?”

“Let it go!”

The old man did not hesitate, and hissed decisively, “Block him, and your fate will be cut short!”

Silence reigned in the control room.

Even the middle-aged man frowned for just a moment, and then turned to give the order.

No one bothered whether to let go or not, the Chief General’s words had spoken the answer!

Blocked might as well cut it all off!

As one of the initial small domains chose to let go, the subsequent small domains caught wind of the situation and had even stopped dwelling on the anxiety, and as the supersonic plane Chen Dong was in flew by, everyone gazed in silence at the markings on the radar that were rapidly sweeping across the airspace.

.....

Lijin Hospital.

The night was heavy and the whirring of emergency vehicles echoed through the hospital.

In front of the resuscitation room.

The hospital's main office is located in the heart of the city.

The long corridor was empty and silent enough to listen to a needle.

The situation was so dangerous that Chang didn't dare to be careless, so as soon as he arrived at the hospital, he went straight to Dean Liu to explain the situation.

President Liu made an immediate decision and directly set aside an exclusive area to rescue Gu Qingying.

This exclusive area also allowed Changeless to increase their level of protection!

There were no more idle people, but anyone who came near this level of the resuscitation room was a suspicious person!

"It's over!"

Qin Xiao Qian exclaimed.

The few people who were each thinking about something instantly revealed a mixture of surprise.

The door of the resuscitation room opened.

Dean Liu came out with a few obstetricians.

"For the time being, there are no major injuries, we still have to rest and recuperate."

Without waiting for Wu Chang and the others to ask, Dean Liu said directly.

A blessing among misfortunes!

Changeless and the others looked relieved at the same time, and exhaled a mouthful of pent-up breath in their chests.

“Thank you, Dean Liu, for your trouble.”

Impermanence said gratefully.

“She is my own niece, Old Gu and the others

Dean Liu’s eyes were a little red, when Changeless explained the situation to him earlier, there was some mention of the two Gu Guohua’s affairs.

Decades of friendship, not blood brothers, but has long been like blood brothers!

I’ve already asked the hospital security to put this floor under strict security, and I’ve also informed Old Meng that he will soon arrange for the relevant departments to send someone over for protection!”

“Thank you, President Liu.”

Changeless, Qin Xiao Qian and the others thanked.

Waiting for Dean Liu to leave with the others.

Gu Qingying was soon sent to rest in a ward on the same floor as well.

The four of them gathered in the ward, but the atmosphere was oppressive.

“Zhuge Qing, how many points of the Divine Ghost Eight Formation Diagram has your boy mastered? Can you set up a little outside the ward, so that you can maneuver around if there is danger.”

Wu Chang said in a deep voice.

Although Dean Liu had already arranged for security, and Lord Meng would also send someone over.

But Chang knew that those security forces were only for ordinary people, or people who had a little training.

Any further up the ladder, the so-called protection would be described as empty!

Gu Qingying had a lot at stake, and she was not willing to leave the outcome in the hands of others!

“Yes!”

Zhuge Qing nodded, then walked out of the ward.

After the door to the room closed, Wu Chang instructed again, “Xiao Qian, Reed, you are responsible for taking care of Miss Gu.”

After a whirl, she then stepped in front of the ward window, her eyebrows eerily overlooking the hospital below, murmuring softly, “I always feel that this is somewhat inexplicable tonight, that Gu Dragonfly came too abruptly and acted too directly, so directly that I feel she did it deliberately, hopefully nothing will happen next

Chapter 1532

A low, heavy murmur.

It caused Qin Xiao Qian and Chu Reed to glance sideways.

Although the two were only ordinary people, they were able to traverse the mall, and their minds were by no means comparable to those of ordinary people.

Hearing Changeless’ words, the two of them also frowned one after another.

“Indeed, according to the logic of normal human behaviour, how did the ancient dragonfly’s behaviour within the villa not make sense!”

Chu Reed pushed up her glasses and analysed.

Immediately after, she and Qin Xiao Qian exchanged a glance, their eyes exploding with shrewdness at the same time.

And Changeless, who was in front of the window, also turned around abruptly.

The three of them stared at each other.

Qin Xiao Qian said, “Of the few of us now, Auntie Impermanence has the highest battle power, Jiang Qilin, Zhao Breru, Elder Long and Sister Xiao Lu are all dragged in the villa, if the ancient dragonfly’s target is on Sister Xiao Ying, then her deliberate logic is clear, transferring the tiger away from the mountain!”

Both Changeless and Chu Reed did not object.

For the fact before their eyes was precisely that they were now the weakest in this little detachment I had!

It was not that Wu Chang and Zhuge Qing were not strong!

It's because of the presence of Gu Qing Ying, and Chu Reed and Qin Xiao Qian, two people who are powerless!

Once something happened in the hospital.

Not only would Chang and Zhuge Qing have to protect Gu Qingying to the death, they would also have to take care of the two of them!

The pressure they had to bear was much greater than Jiang Qilin and the others!

“Zhuge Qing, spread the formation directly to the lift and the stairway!”

Wu Chang immediately walked to the door of the room, opened the door and said to Zhuge Qing, “We're the ones in the most danger!”

“Huh?”

Zhuce Qing, who was concentrating on setting up the formation, was horrified and momentarily lost in thought.

But when he felt Changeless' aura, he still nodded in response.

At that very moment.

Changeless' phone rang.

It was Elder Long calling!

“Elder Long, how are you guys doing?”

Pervasive asked immediately when he picked up.

When he found out that the Ancient Dragonfly hadn't fought with Elder Fan Lu for long and had immediately fled, Perverse's heart sank to the bottom!

The speculation had come true!

“You and Xiao Lu should come here as soon as possible, that demon girl of the Gu family should still be aiming at Miss Gu, the demon girl knows how to play this game!”

Pop!

Hanging up the phone.

Changeless turned around and closed the ward door.

The atmosphere was heavy and depressing.

She didn't say anything more, and directly sat down on the floor with her eyes closed.

Meanwhile.

The entrance of Lijin Hospital.

The night was dreary and the lights were dim.

Scattered people came and went.

There were private cars and ambulances, whistling past.

Two figures slowly appeared at the entrance of the hospital, stopping to pause, their shadows on the ground stretched by the light.

The ancient dragonfly's pretty face was covered with a layer of cold frost, but her right hand slowly slid down to the short knife at Miyamoto Ichabod's waist.

Snap!

As if he had been electrocuted, Miyamoto Yatou instantly squeezed Ancient Dragonfly's hand with his large hand and said in a deep voice, "What are you doing?"

"Don't be nervous, I just want to see if this blade of yours is sharp."

The ancient dragonfly smiled sweetly, "After all, you will have to use this knife to cut open the abdomen and take out the fetus later. Why are you so defensive of me?"

"Snake scorpion woman!"

Miyamoto Yatou's eyes were cold as he spat out four words.

"Cuts say as if you didn't come with me to disembowel the fetus."

Ancient Dragonfly shrugged with disinterest and glanced at Miyamoto Ichabod's mask, "You might as well take it off, you're too flashy in that getup in the hospital."

"No one can spot me!"

When he reached a shadowed corner, there was a low buzzing in the air and his form distorted for a moment, disappearing "out of thin air".

"A genius of the Iga Ryu transformation, his ninjutsu is much stronger than even the three great ninjas!"

With a sly smile and his hands behind his back, the ancient dragonfly strutted into the hospital with brisk steps.

Inside the ward.

Zhugé Qíng came in dripping with sweat, wiped the sweat from his forehead and said, "Auntie Wu Chang, it's all set up, but the limited materials can only set up some maze and trap formations, so if there's really a situation, it can only delay it for a while."

"Few are better than none."

There was some helplessness in Changeless' heart.

Seeing Changeless looking grave, Zhugé Qíng said, "Auntie Changeless, you don't need to worry so much, if the ancient dragonfly really comes to the hospital, are you still no match for her?"

"I'm not sure about her battle strength, but to be able to face Elder Long and Fan Lu in a stalemate with one against two, her strength must not be bad!"

Wu Chang looked at Zhugé Qíng: "If the old body and her go one-on-one, the victory should be able to be split 60-40!"

"Then you're making a big deal out of asking me to set up a formation just now, aren't you?"

Zhugé Qíng shrugged, "You're 60% sure to win in a single fight with her, so if we fight two to one, that demon girl is dead!"

"Be careful!"

Wu Chang said in a deep voice, raising an eyebrow: "The old body can trust its own strength, but not the calculations of the demon girl of the Gu family, and the strength of your boy, the heir of the Zhugé family, who is still inferior to a small rascal in the formation technique"

Zhugé Qíng: "....."

He subconsciously scratched his heart, his heart hurting badly.

"Wait, after Elder Long and Xiao Lu arrive, we will be able to rest easy."

Changeless lamented in a deep voice.

Compared to Zhugé Qíng's strength, she had more confidence in Elder Long and Fan Lu.

One was an ancestral elder of the Hong Society's Ming Dynasty in the past, who was old and strong in his own right.

The other was still a top assassin who was on the Death List like her!

However.

The words had just fallen.

Zhuge Qing, who was in pain, suddenly twisted his eyebrows, and a sharp aura suddenly exploded in his narrowed eyes.

"Coming so fast!"

Four simple words instantly caused the ward to become tense to the extreme.

Qin Xiao Qian and Chu Reed's faces changed drastically.

And Changeless also got up with a stern expression, but instead of approaching the door of the room, he walked to the window and pulled the curtains completely shut with a clatter, lifting just a slit to peer into the air outside.

It was in the process.

A dark shadow, as if haunted, lay silently on the wall directly above the window.

Like a gecko, it was glued to the wall, not moving a muscle!

The aura was so tight that it was a stone's throw away from the Changeless in the ward, but the Changeless didn't even notice!

And outside the ward, in the long corridor.

Ancient Dragonfly stopped at the entrance of the staircase and looked at the cumbersome scene of tables, chairs and bins that had been barricaded up in the corridor like a rubbish dump, and could not help but shake his head in contempt.

"Such a little formation, what a way to take my ancient family seriously!"

After saying that.

She then took a step, and the moment the sole of her right foot landed on the ground, a strong wind swept around brazenly.

Boom rumble

The surrounding arrangements were instantly washed away, and the so-called Disorientation Formation was gone under this kick of hers!

As the killing machine descended.

The Tianmen Mountain villa, in the dense forest of formations, was a different story.

Bang Bang Bang

Boom! Boom!

.....

Jiang Qilin and Gu Cang Yue brought up streaks of shadow, like ghosts and gods, weaving through the dense forest and killing each other.

Every time they exchanged blows, it was like an explosion, and the majestic and volatile qi energy impacted the surrounding trees and shrubs, shaking them violently and causing the leaves to fall.

Zhao Brocade felt the shadows of swords in the air, the piercing killing intent, and was already a little numb.

When Jiang Qilin and Li Danguai had fought before, he could barely catch the trajectory of their activities.

But now in this battle, his vision could no longer follow them at all!

Suddenly.

A look of horror appeared on Zhao Baolu's numb and dull face, and then his five senses quickly cried out.

He pounded his chest and wailed, "Damn motherfucker, we're so busy tonight, how come there's someone here again?"

Winner Takes All Chapter 1533-1534

Chapter 1533

Bang!

The moment he wailed, there was a violent explosion within the dense forest of the formation.

The annoyed Zhao Breru's body shook violently, and suddenly threw back his head and spurted out a large mouthful of blood, his face quickly turning pale.

"Break through, break through the formation!"

Zhao Ru's mouth was full of blood as he uttered in shock, "Damn it, I've already sealed the formation, who the hell is it that can break in?"

"Zhao Ru!"

Jiang Qilin, who was in the middle of a fierce battle, sensed Zhao Breru's difference.

Zhao Broke-Ru responded, "Someone broke into the formation and broke my Eight Formation Diagram of Gods and Ghosts!"

A few simple words were enough to let Jiang Qilin know the seriousness of the matter.

After all, a supreme genius who could master a portion of the Eight Formation Diagram of Gods and Ghosts just by deducing it on his own was definitely at the top of the heap in terms of formation attainment!

The Eight Formation Diagrams of Gods and Ghosts had already sealed the formation, completely forming an absolute formation that would not enter or leave.

It could only be unlocked through blood sacrifice.

And now, there was someone who had forcibly broken through the seal of the Eight Formation Diagram of Gods and Ghosts, how strong should this strength be?

"Worthy of being a Jiang Family Qilin, now it seems that your plan has fallen flat!"

In the midst of the fierce fight, qi energy streaked across the room, Gu Cang Yue's teasing laughter followed.

"Whether it is an enemy or a friend is not yet known, Gu Cang Yue you are not too happy too early!"

Jiang Qilin responded in a cold voice.

Boom!

A sword qi suddenly tore through the air and raged in one direction.

Clang!

Where there was nothing, a sword suddenly swung out, and the majestic qi instantly struck the sword qi, which ravaged the surroundings and swept up the fallen leaves all over the ground.

As the sword qi was obliterated, Gu Cangyue's figure was revealed.

He swept his cold eyes towards Zhao Brezhong, who was guarding the formation not far away, and said meaningfully, "It's one of your people, and you still have to break into the formation to hurt people?"

The words had just fallen.

Bang!

An explosive sound once again came from the far side of the formation's dense forest.

"Poof!"

Zhao Broke-Ru's body shook as he tilted his head back and another mouthful of blood spurted out.

"Zhao Broke-Ru!"

With a loud shout, Jiang Qilin also abruptly stopped walking, his body was filled with more than just Qi energy, but his cold and stern face was filled with a bit of worry.

Gu Cang Yue was right!

If they were really good people, they would never break into the formation and hurt people!

If he had the strength to break into the formation, the other party would not be able to tell what state the Eight Formations of Gods and Ghosts was in, even if he was highly skilled in formation techniques.

There was a poof!

Zhao Broke-Ru's body shook for a moment and he directly fell to one knee, his mouth full of blood, his face as white as paper, and he tilted his head towards Jiang Qilin in fear.

"Very, very strong! Breaking into the formation too quickly, I, I couldn't change the formation of the Eight Formation Diagram in time"

Boom!

A painful whisper was heard, but it was as if a big thunderbolt exploded in Jiang Qilin's ears.

Jiang Qilin instantly frowned, his eyes unabashedly scornful!

He had deduced the Eight Formation Diagram of Gods and Ghosts, so he was clear about the power of the Eight Formation Diagram.

The eight formations hooked the star river and changed in a thousand ways.

As the guardian of the eight formations, Zhao Breru had absolute control over the eight divine and ghostly formations!

But now, the speed of the array-breaker was actually beyond the control of even the array-keeper.

Who the hell is?

Bang!

Bang!

Bang!

.....

Just as Jiang Qilin was horrified, within the dense forest of the formation, an explosion sounded one after another, deafening.

With each explosion, the kneeling Zhao Bailu's body would tremble and spit out a large mouthful of fresh blood.

After the formation was sealed, with this level of intrusion, to Zhao Bailu, who was guarding the formation, every loud explosion meant an unbearable shock!

A few explosions, a few spits of blood.

Even as he knelt on one knee, he was still staggering, threatening to fall to the ground at any moment.

"Zhao Brezhong, hang in there!"

Jiang Qilin looked so jealous that in his desperation, he even ignored Gu Cang Yue behind him as his Qi surged and rushed directly towards Zhao Broke-Ru.

"Hehe"

Gu Cang Yue eyed this scene, the corners of his mouth outlined a disdainful smile, but his right hand slowly clutched the hilt of his sword, and with a gentle shake, a harsh and stern qi energy instantly wrapped around the longsword.

With a gentle shake, a harsh and stern aura instantly wrapped around the sword.

“Jiang Family Qilin, after all, you are less experienced, at such a moment, leaving your backs to me Jiang Family, since you have chosen to side with Chen Dong, then you cannot blame me, Gu Cangyue, for being merciless!”

At the same time.

Jiang Qilin had already rushed in front of Zhao Brezhong, holding Zhao Brezhong as he said in a deep voice, “I’ll help you guard the formation!”

“You, you can’t guard it!”

Zhao Broke-Ru’s gaze was lax and hollow, blood was continuously spurting out of his mouth and nose, and because of the pain from the impact, he felt that his internal organs were turning over, and his body kept convulsing, “If you guard the formation, won’t I give it for nothing if I fight Gu Cang Yue?”

Bang! Bang!

The sound of explosions grew closer and closer.

Zhao Breru’s body stiffened violently, and while his mouth and nose spurted blood, he even screamed out in pain.

Boom!

At almost the same time, the whistling sound of sword Qi exploded across this area of heaven and earth.

As Gu Cangyue waved his sword, a sword qi nearly three metres high swept through the court and slashed directly at Jiang Qilin and Zhao Breru.

It was overwhelming and overwhelming, destroying everything!

Jiang Qilin’s face changed drastically as he turned his head suddenly, his pupils tightening to the extreme.

Not good!

His heart instantly jumped out of his throat.

Immediately, he wanted to dodge, but as soon as the thought came out, he immediately discarded it.

He could dodge, but not the one behind him!

He could only block it hard!

“Run!”

Zhao Breru said weakly as he felt the overwhelming and domineering sword qi.

“No running!”

Jiang Qilin looked determined and bravely held his soft sword up in front of his body, his eyes were stern and domineering.

Qi energy built up and surged, like a tidal wave surging in all directions.

In an instant.

The only thing that remained in Zhao Broshi's sight was the sword qi that came in a destructive manner.

However.

The moment the sword qi arrived close to the front.

Rumble

The ground suddenly shook as a majestic tsunami of Qi, like a dragon, overturned the trees and bushes and pushed across the ground.

Boom!

The majestic qi instantly engulfed the sword qi, but its momentum continued unabated, and it continued to push out across the ground for seven or eight metres before it was annihilated in the air.

Where the Qi had just passed, a gully nearly two metres wide was left behind, smoke and dust rolled around, and further away, trees and bushes all fell down and were even crushed, leaving a mess everywhere!

“Good, how strong!”

Zhao Broke-Ru's body shook violently, blood rushed out, and he directly fainted, his head falling onto Jiang Qilin's back with a bang.

“Impossible!”

The sudden scene caused Gu Cang Yue to be struck by lightning and his face changed drastically.

Almost simultaneously.

Jiang Qilin and Gu Cangyue simultaneously looked in horror at the direction where the Qi was pushing across.

Faintly, a figure appeared in the smoke and dust, and was rapidly approaching.

“It’s you!”

A look of fear finally appeared on Gu Cang Yue’s indifferent face, and almost instinctively, his body took a step back.

The words had not yet fallen.

A magnetic and somewhat hoarse voice suddenly emitted from the figure’s mouth.

“Sword come!”

Two simple words, but with an overbearing manner that could not be disobeyed.

Jiang Qilin then saw the figure raise his right hand and fiercely bend it into a claw.

In an instant, Jiang Qilin felt the soft sword in his right hand being enveloped by a strong suction force.

Caught off guard.

Whoosh!

The soft sword directly detached from his hand and flew in the air towards the figure in the distance.

“Gu Cang Yue, it’s been a long time since I’ve seen you!”

Chapter 1534

With a magnetic voice, each word seemed like a thunderclap.

Gu Cang Yue’s face was as ugly as it could be.

The glowing light shone on his face, and fear overflowed without any concealment.

He looked at the figure that was slowly walking towards him.

The back of Gu Cang Yue's right hand, which was holding the sword, was even more sinewy, and his lips were mumbling, "Chen, Chen Daojun why have you suddenly come out?"

"If I don't come out, you are afraid that you will have to kill my nephew and niece-in-law, to the end!"

Buzz!

The wind was like a sword, wrapping around Chen Daogun's whole body, and everywhere he passed, the ground was torn out with cracks, while the trees and shrubs that collapsed around him were also strangled.

The terrifying pressure was like a great hand, crushing the entire field.

The suffocating oppression was so overwhelming that even Gu Cangyue could hardly deal with it easily.

"Daoist Monarch"

Jiang Qilin looked at the figure walking slowly with surprise, "It's a blessing for Qilin to be able to see the true face of senior!"

"Jiang family brat, have blood!"

Chen Daojun looked at Jiang Qilin with cold eyes, revealing a look of appreciation.

Immediately afterwards, Chen Daojun's gaze fell back on the fainting Zhao Brezhong and became complicated.

"This kid can control the Eight Formation Diagram of Gods and Ghosts to such an extent, this time you can't even jump into the Yellow River to wash it off!"

The words and actions were lightly spoken.

But it was as if Gu Cang Yue did not exist.

It was this kind of relaxed posture that, in Gu Cangyue's eyes, made him feel indignant.

Ignore?

Underestimate?

Chen Daojun, why are you doing this?

“Chen Daojun!”

Gu Cangyue squeezed out a word from between his teeth.

“Hm?”

Chen Daogun’s gaze was still on the fainting Zhao Breaking, and he answered lightly.

“You

Gu Cang Yue gritted his teeth, the more bashful Chen Daogun acted, the more intense the humiliation was for him!

Back then, he was the one who had picked up the Gu family on his shoulders and preserved it in Chen Daojun’s hands.

In Gu Cang Yue’s mind, he had the battle record back then, that strength was on the same level as Chen Daojun, the two were rivals to each other!

Now meet again, is this disregard?

“Oh?”

Chen Daogun let out a startled eek, interrupting Gu Cang Yue’s words, then casually waved his hand and said, “You run for your life first!”

Boom!

The sound was like loud thunder.

Jiang Qilin and Gu Cangyue froze at the same time, somewhat daring to believe.

What kind of words were these?

Jiang Qilin was dumbfounded, frozen as a wooden chicken.

And after a moment of dumbfoundedness, Gu Cangyue was even more furious, his eyes tossing with anger and gnashing his teeth.

Chen Daogun had told him to run for his life!

That was a complete and utter humiliation, a trampling on him!

Mutual opponents should give each other respect, this is the accepted attitude of every strong man!

But now what the hell kind of attitude is this Chen Daojun?

I came to the door to pick a fight, and you came to the rescue and told me to run for my life?

Anger, humiliation, resentment

All kinds of emotions surrounded Gu Cang Yue, so that Gu Cang Yue had the urge to scratch and storm away.

However.

The night breeze brushed by, blowing Chen Daojun's hair.

With that, Chen Daogun raised his eyebrows, and the harsh light of his eyes was like substance, instantly piercing on Gu Cang Yue.

"Still saying that you want to fight me to the death and let me cut you down?"

Morbidly cold killing intent and great oppression, in the midst of the silence, like a shocking wave, booming crushed towards Gu Cang Yue.

Feeling the majestic killing intent, Gu Cangyue's expression stiffened, like a mane on his back.

As he stared at Chen Daojun, in a trance, he even felt the urge to avert his gaze, not daring to look at him!

Time, at this moment, seemed to be slowed down.

The two men stared at each other a dozen metres apart, motionless.

There was a three-second standoff.

"Then I'll go!"

Gu Cang Yue fiercely gritted his teeth and turned around abruptly, running towards the outside of the tattered formation's dense forest, and as he was about to disappear into the darkness, he gave Chen Daojun another sideways, sinister stare.

All around, silence fell in the blink of an eye.

The only sound was the wind, rustling the leaves of the trees.

As Gu Cang Yue left, the qi underneath Chen Daogun's body gradually gathered, and the great oppression that was as frightening as a prison disappeared.

“Senior

Jiang Qilin had an unreal feeling of being in a trance like a dream, “You and I joining forces, we are able to kill him!”

“Why do you want to kill him?”

Chen Daojun asked calmly.

“The Gu Family has been killing Mr. Chen at every turn, their thieving hearts are unrelenting, and Gu Cangyue is even the leader of the Gu Family, if we don't get rid of him this time, it will be even harder next time!”

Jiang Qilin was full of bewilderment, and even showed his displeasure directly to Chen Daojun, “If you let him go, aren't you letting the tiger back into the mountain and harming Mr. Chen? To deal with them, even if you provoke a war of sectarians, it's only right to be quick!”

“The reasoning is like that, but there are some things that are not!”

Chen Daojun shook his head, “You yourself are different, Jiang Sixth Master and Grand Master, they should have all told you something since you were a child, if the Gu family could be removed, they would not have had the chance to retreat and hibernate under the Chen family's tumble back then.”

Seeing that Jiang Qilin seemed to understand, he did not.

Chen Daojun added, “The Gu family should be destroyed, but not now, they are still useful!”

“Senior, Kirin understands.”

Jiang Qilin no longer argued, but nodded his head in response.

In a whirlwind, he then obediently carried Zhao Brezhong, who had fainted on his back, not daring to linger for a moment, “Senior, let's go to the hospital as soon as possible, Zhao Brezhong needs to be resuscitated!”

“Go!”

The two of them quickly walked through the ragged formation of dense forest.

The steps were quick.

Only Jiang Qilin followed behind Chen Daojun, looking at the wreckage everywhere, but his heart was pounding with fear.

Forcibly breaking the formation!

No, forcibly destroying the formation!

Was Daogun really, as Grand Master and Grandpa and the others had said, a mortal body, comparable to that of a god?

He knew how powerful the Eight Formation Diagram of Gods and Ghosts was, which was why he had directly asked Zhao Broken to seal the formation when he initially tried to trap Gu Cangyue.

In other words, the Eight Formation Diagram of Gods and Ghosts, when sealed, was sufficient to trap Gu Cangyue to death!

But Chen Daojun had just entered from the outside and pushed all the way in, completely destroying the Eight Formation Diagram of Gods and Ghosts!

This strength caused a layer of white hair sweat to seep out from Jiang Qilin's back when he thought about it carefully.

Suddenly.

Jiang Qilin fiercely thought of something and his expression suddenly tensed up.

"Senior, hurry, it's not just Gu Cang Yue and Li Dang Gui tonight, there should be someone else, Zhao Broken has sensed it through the formation before!"

Snap!

Chen Daojun's foot gave a lurch and stepped on a tree branch.

Almost simultaneously, Jiang Qilin hurriedly took out his mobile phone and dialed Chu Reed's number.

He had very few contacts, and Chu Reed was one of them!

The phone just rang and was answered.

It was only the sound of Chu Reed's crying and the sound of fighting coming from the other end of the line that caused Jiang Qilin's heart to stutter and a cold aura to erupt in his eyes.

Not waiting for him to speak.

On the phone, the sound of Chu Reed's cries rang out.

“Oooooooooo Kirin, come, come to Lijin Hospital! They, their target is Miss Gu, the child in her belly!”

Boom!

Jiang Qilin was struck by lightning, and his heart ached even more viciously when he heard Chu Reed’s cries.

Chen Daojun, who was stationed, however, heard the voice on the phone clearly.

“The Gu family has repeatedly harmed my Chen family bloodline, Dong’er is going to exterminate your seed, and the gods can’t save it!”

Whirl.

Chen Daojun’s body swayed, and his qi energy set off a gale of booming wind rushing in all directions.

By the time Jiang Qilin looked up and awoke, Chen Daojun had already disappeared.

In the distance, Chen Daogun’s voice came.

“Younger Qilin, I’ll go to the hospital to save the others first!”

Winner Takes All Chapter 1535-1536

Chapter 1535

Lijin Hospital.

The night is heavy.

It was the latter part of the night and even the hospital was much colder.

Every now and then the sharp, piercing siren of an ambulance sounds.

Crunch!

A car drifted into the hospital with a tailspin.

Long Lao and Fan Lu hurriedly got out of the car and rushed towards the inpatient building at the back of the hospital in big strides.

“Something’s wrong, something must have happened!”

Long Lao’s eyes were bloodshot, and his whole body seemed like a manic beast.

His right hand was squeezing the phone, and the screen was even cracked because he was squeezing it too hard.

He had tried several times along the way to contact Zhuge Qing and the others, but the phone was always unanswered.

If they were safe and sound, Zhuge Qing and the others, one of them should have picked up the phone!

Fan Lu, on the other side, also had a deep brow and cold eyes.

The streetlights by the roadside were dim and yellow, and the hospital gardens in the distance were pitch black.

Just as the two were about to rush into the inpatient wing.

Bang!

On the inpatient building, there was a loud bang, accompanied by the sound of glass shattering and spilling down with a crash.

Elder Long and Fan Lu were struck by lightning and stopped abruptly.

Both of them looked upstairs at the same time, and saw glass flying out from one of the floors, and under the light, a human figure flew straight out and hung upside down from the window.

“It’s Zhuge Qing!”

Fan Lu’s pupils tightened as she let out a cry of alarm.

“Get upstairs now!”

Long Lao chided through clenched teeth and rushed inside the inpatient wing as he tugged Fan Lu.

Inside the ward.

It was a mess at the moment, and the air was thick with the smell of blood.

“Poof!”

Zhuce Qing hung upside down outside the window, tilting his head back and spewing out a mouthful of blood, the broken glass piercing the skin on his face, dripping with blood in an extraordinarily horrifying manner.

“The little brat of the Zhuge family is no better than that.”

Dragging his samurai long sword backwards, Miyamoto Yatou stopped in front of the windowsill, his cold, biting eyes looking down on Zhuge Qing in front of him as if he were looking at a dead man.

Behind him, Changeless was tangled up with Ancient Dragonfly, the two of them moving at high speed, kicking up a gust of powerful wind, their fists and kicks clashing, each time as if a bomb had exploded, a wave of air sweeping out and crushing the objects in the ward.

In the corner.

Chu Reed and Qin Xiao Qian were in front of the hospital bed, witnessing the scene in front of them, although they were scared to death, they did not have the slightest intention to escape.

Chu Reed’s eyes were teary, and she grabbed Qin Xiao Qian in fear and trepidation: “It’s okay Xiao Qian, the qilin is here, Mr Jiang and the others have rushed over

Buzz!

The words had not yet fallen.

A cold light suddenly swept through the entire ward, extraordinarily blinding.

Chu Reed and Qin Xiao Qian were stunned at the same time, but they saw with fear that Miyamoto Yidao, who was stationed in front of the window, had slowly raised the samurai long sword in his hand and aimed it at Zhuge Qing in front of him!

At this moment, Zhuge Qing, who was injured and hanging out of the window, had no resistance at all, and was like a fish on a chopping board in the face of Miyamoto Ichidou’s raised sword.

“Is this

how to die?”
Zhuge Qing’s face was red and full of blood, and the cold aura reflected from the samurai’s long sword was right in front of his eyes, causing him to squint his eyes.

“Zhuge Qing!”

Inside the ward, Wu Chang shouted, and with a bang, she slapped the ancient dragonfly away, and then rushed towards Miyamoto’s sword in front of the windowsill like an arrow.

She had never expected that the situation would take a sharp turn for the worse!

The formation set up by Zhuge Qing was useless and was directly destroyed by the Ancient Dragonfly's long drive.

She turned to deal with the Ancient Dragonfly just as it broke through the door, but she never expected that Miyamoto Ichiban would be lurking right under her nose, and as she turned, Miyamoto Ichiban also broke through the window!

The situation was instantly as she and Chu Reed had initially presumed, violently putting them in great danger.

However.

The moment Miyamoto Ichidou, who had raised his samurai sword high, noticed the strong wind howling behind him, the corner of his mouth curled up into a meaningful smile.

As if he had expected this, he slid his left hand down to his waist and slammed his palm down on the short sword.

Whoosh!

The samurai shuriken broke away from his side and shot into the air towards the impermanent behind him.

It was a flash of lightning.

As she was about to twist and turn to dodge, the long samurai sword shot closer to her.

Then it narrowly grazed her side and whistled past her, heading for the ancient dragonfly in the back!

Not good!

Chang's heart pounded wildly, her scalp instantly exploded, and a bad chill swept through her body.

She hadn't dodged, in other words, the samurai shuriken hadn't come for her at all!

Instead, it was heading for the ancient dragonfly behind her!

A strong sense of crisis erupted with a bang.

There was a snap!

The samurai shuriken landed unerringly in Ancient Dragonfly's hand.

With a sweet smile, Gu Dragonfly suddenly kicked up a strong wind and pounced directly towards where Gu Qingying was!

“Miss Gu!”

In an instant, Wu Chang’s heart beat wildly, but he was caught in a dilemma.

The direction of the strong wind behind him was exactly where Gu Qingying was.

This instantly cleared Chang’s mind.

But on one side was Gu Qingying, and on the other was Zhuge Qing, who was in danger, waiting for the butcher’s knife to fall, who was going to save?

“Die!”

Almost simultaneously.

Miyamoto Ichiban also no longer had the slightest hesitation, as if he was a life-threatening Brahma’s voice, and then his two-handed slash fell brazenly towards Zhuge Qing, who was hanging upside down outside the window.

“Ah!”

In the nick of time, Chu Reed suddenly let out a cry, her eyes steadfast, her whole body directly lunged at Miyamoto Ichiban.

Because just now, in order to protect Gu Qingying, she and Qin Xiao Qian had deliberately pushed the hospital bed to the corner, so at this moment, Chu Reed was in a place that was closer to Miyamoto Ichiban than Wu Chang!

Time seemed to be slowed down at this moment.

As Changeless witnessed Chu Reed pouncing on Miyamoto Ichidou, a decision was instantly made in his mind!

A gamble!

In an instant, she shifted her right foot sideways and boldly charged towards Gu Qingying and Qin Xiaochen in the diagonal.

Bang!

Chu Reed’s soft body slammed into the back of Miyamoto’s sword.

Miyamoto Ichiban was caught off guard, a cry of surprise, instantly knocked off balance, the upper body directly flung out of the window.

“Then let’s die together!”

Zhuge Qing’s eyes drifted, and when he saw the upper half of Miyamoto Ichidao’s body flopping outside, a grim and determined smile appeared at the corner of his mouth.

“Brother Dong led my Zhuge family into glory again and raised the world to glory, I Zhuge Qing have to do something for Brother Dong!”

This was the thought in Zhuge Qing’s mind.

With a resolute shout, Zhuge Qing suddenly raised his upper body and wrapped his arms like a python directly around Miyamoto Ichiban, then stopped exerting force and heaved his body backwards.

“Baka-ya-roo!”

As he felt his body plummeting, Miyamoto’s eyes erupted with fear and he cursed.

But he wanted to resist, but it was already too late!

Zhuge Qing’s confinement, coupled with the tremendous inertia, caused him to instantly fall straight out of the window and plummet down the building at breakneck speed together with Zhuge Qing!

And inside the ward.

Damn, it was too late!

A strong wind whistled.

The sound burst.

Chang’s eyes were raging with anger.

The moment of hesitation in her thoughts had made it impossible for her to catch up with Dragonfly’s speed!

As Ancient Dragonfly raised his warrior’s short sword, a biting cold light instantly shot through the entire ward.

“Little Sister Ying!”

The terrified Qin Xiao Qian suddenly shouted out, and the moment the ancient dragonfly came close, there was no longer any trace of fear on her pale face.

She stood up straight away and resolutely pounced in front of the ancient dragonfly.

With her slender, snow-white hands, she grabbed the samurai's short sword directly, and blood flew.

With a loud roar.

Qin Xiaochen's body continued to lunge forward, her blood-stained slender hands brazenly yanking the samurai shuriken directly into her chest cavity!

Poof!

Blood gushed out and splashed all over the ancient dragonfly's face.

Time seemed to freeze at this moment.

The ancient dragonfly was dumbfounded.

Changeless even changed his expression.

And Qin Xiao Qian's mouth dripped blood rapidly as she smiled sadly, "No, harm, my sister-in-law!"

Chapter 1536

Inside the ward, the silence was oppressive.

Qin Xiaochen's hands were tugging at the warrior's long sword, preventing it from detaching from her chest, blood was dripping from her hands and from her chest.

Blood kept gushing out of her mouth.

Yet it was a rueful smile.

This was the only way she could think of to protect Gu Qingying and delay the ancient dragonfly for a moment!

"Crazy, crazy woman!"

Gu Dragonfly jerked awake, looking at Qin Xiao Qian who was laughing ruefully with a mouth full of blood, a rare look of fear and panic appeared in her eyes.

As she gritted her teeth and cursed angrily, she tried to pull out her samurai short sword with her right hand.

But Qin Xiaochen tried her best, but the sword seemed to be embedded in her chest, not moving at all!

Almost simultaneously.

“Demon girl, give me death!”

The impermanent jealousy and anger turned to fury, raising a strong wind like a ghost god, rushing to the ancient dragonfly.

Boom!

A powerful whip kick was thrown across the air, directly at the ancient dragonfly.

Gu Dragonfly felt the terrifying wind behind her, and even felt like the clothes on her back were about to be torn apart.

She looked solemn, and in a flash of lightning, she gritted her teeth in indignation and let go of the warrior's short sword.

At the same time, her waist twisted violently and her arms folded, directly meeting Impermanence's whip leg.

Bang Teen!

There was a loud bang.

Along with a muffled grunt from Ancient Dragonfly, she flew straight across the room, her feet hitting the ground and her back hitting the wall hard, blood dripping from the corner of her mouth.

“Give old body death!”

Impermanence's eyes were scarlet, murderous intent churning as her features were hideously twisted.

The kick hit and without pause, the attack was like a tidal wave, directly lunging at the ancient dragonfly, his palms bringing up a stiff and powerful wind directly forcing it towards his face.

The ancient dragonfly's expression was awe-inspiring, his eyes suddenly fierce.

She did not dodge in the slightest.

She directly waved her palms to meet them.

In an instant.

The two palms slapped together.

There was a loud sound.

The ancient dragonfly looked horrified as she felt a terrifying force coming from her palms, which entered her bones and marrow and crashed directly into her body.

This old woman, how did she suddenly become so strong?

In a moment of horror.

With another cry, Changeless grabbed the hands of Ancient Dragonfly with his palms, and immediately bullying his way up, he twisted his waist and threw Ancient Dragonfly into the air with a perfect parabola.

Bang!

The Ancient Dragonfly was slammed to the ground, and another mouthful of blood gushed out.

Her fingers were also broken and bent in a strange manner due to the confinement and distortion of the changeless.

The pain was so intense that her face twisted in agony.

But before she could get up, her gaze froze, and she saw the evil-faced Impermanence standing above her head.

In a flash.

That hideous, murderous face sent chills down Ancient Dragonfly's spine and chilled her body.

She had no doubt that death was about to descend in the next second!

Changeless really didn't give Ancient Dragonfly the slightest chance to live either.

He took a step to the top of the Ancient Dragonfly's head and lifted his right foot backwards, once the kick hit, it would be enough to destroy gold and crack stone, and it would definitely burst the Ancient Dragonfly's head like a watermelon on the spot!

However.

Something changed.

Whoosh!

Outside the shattered window, a strong wind whistled and hissed.

A cold light stirred the air.

Changeless' face instantly changed and her scalp tingled.

In the nick of time, she fiercely gritted her teeth, stomped on the ground with one foot and drew herself back.

Clang!

A longsword sunk into the floor where Impermanence was standing just now.

The sword even swayed violently under the momentum, with a biting sword aura remaining.

“A Qi powerhouse!”

Impermanence's heart palpitated and his body was cold.

Almost simultaneously.

A figure suddenly leapt in the air to the window, and in one long leap, he jumped into the ward.

“Dad!”

When Gu Dragonfly saw Gu Cangyue, he was instantly overjoyed as if he had been pardoned.

Boom!

When Wu Chang saw Gu Cang Yue, her old face instantly turned as pale as paper, desperate to the core.

She knew many martial secrets from her relationship with Chen Daojun, and Gu Cangyue was one of them!

An existence that was able to fight Chen Daojun and save the Gu family in Chen Daojun's hands.

One could not say that the two were evenly matched, but she, Wu Chang, was definitely no match for Gu Cangyue!

“Dad, you’ve come just in time, good opportunity, just one more slash!”

Gu Dragonfly struggled to her feet, in ecstasy, even forgetting the sharp pain of the cone of ten fingers, and stumbled over to Gu Cangyue’s side.

With Gu Cangyue around, the situation had made them invincible!

When Wu Chang heard this, his heart gave a vicious twitch.

The look in Gu Cang Yue’s eyes was full of scorn.

But she still moved across to the side of the bed, in a stance of fighting to the death to resist.

Seeing that Gu Cang Yue did not respond, Gu Dragonfly became anxious at once.

“Dad, do something, that’s half of Chen Dong’s genes, no, even more!”

Snap!

Before the words left his mouth, Gu Cang Yue suddenly grabbed Gu Dragonfly’s left hand with his large hand.

“Ah!”

Caught off guard, Gu Dragonfly’s five fingers were in severe pain, and he let out a miserable cry, immediately trying to struggle.

Gu Cang Yue did not move, his eyes were a little hesitant.

At that very moment.

Two figures rushed to the entrance of the room.

It was Elder Long and Fan Lu.

As soon as they saw the scene inside the house, Elder Long and Fan Lu were instantly filled with killing intent. Without the slightest hesitation, they rushed straight into the house, and together with Impermanence, they presented a closed siege.

But the three, facing Gu Cangyue, could not hide the look of scorn and fear on their faces.

“Coming really fast!”

Gu Cangyue smiled astonishingly, “A mantis, how dare an ant shake the sky?”

“If you want to touch the young lady, step over the corpse of the old slave first!”

Long Lao looked determined as he took a step forward.

Changeless and Fan Lu did not move, but the determined looks and eyes already said everything.

“Humph!”

A cold snort escaped from Gu Cang Yue’s nostrils as she spoke suddenly, “Dragonfly, come with me!”

Boom!

The cold voice was like a thunderbolt from a clear sky.

Changeless, Elder Long and Fan Lu sat waxing on the spot.

Gu Dragonfly’s eyes were rounded as he stared at Gu Cangyue, “Dad, you, what did you say?”

“The praying mantis won’t work, but it’s enough to stall for time, if we don’t leave, it will be too late!”

Gu Cangyue’s eyebrows were tightly knitted, and regardless of whether Gu Dragonfly agreed or not, he directly tugged Gu Dragonfly and leapt out of the window, while backhanding him, a powerful Qi suction force, and directly pulled out his long sword.

Gu Cang Yue held Gu Qingying in one hand, held the sword in the other, surrounded by qi energy, stomped on the outer wall in the air, but strode straight up to the roof of the hospital building!

“Why, why? Dad!”

Gu Longfang was terrified, it was a sure win, why did his father suddenly have to flee?

“Look down there, that man is coming!”

Gu Cang Yue looked scandalized as he looked down to the ground below.

Who?

Gu Dragonfly subconsciously looked down and looked down, even though she was following a long distance away, this glance made her body tense up violently.

Vaguely, she could see a man perched on the ground below, looking up at them.

That feeling of being watched made her feel like a mane, as if she was locked into prey by a ferocious beast in the grassland!

“That’s Chen Daojun!”

Gu Cang Yue’s voice rang out in her ears, and Gu Dragonfly’s face suddenly turned fearful and forlorn to the extreme.

Inside the sickbay.

Silence could listen to the needles.

The sudden disappearance of Gu Cang Yue had left Wu Chang, Elder Long and Fan Lu all at a loss for words.

After waking up, the three of them immediately went to help him.

The three of them immediately stepped forward to support Qin Xiao Qian, who was breathless.

Changeless suddenly gave a start, exclaiming, “No, Zhuge Qing!”

She rushed straight to the windowsill and looked down

Winner Takes All Chapter 1537-1538

Chapter 1537

Just now, under the crisis of life and death.

Changeless was unable to take care of anything.

When Chu Reed stepped forward to stop Miyamoto Yidao, she could only turn back to save Gu Qingying.

But just now, it was clearly Zhuge Qing who had dragged Miyamoto down the stairs to his death and died together!

Hearing Changeless’ alarming cry, Elder Long and Fan Lu were also horrified.

Sitting paralyzed on the ground, Chu Reed's eyes filled with tears as she trembled with fear, "Jumped, jumped down!"

Boom!

Elder Long and Fan Lu were struck by lightning.

On the other hand, Changeless, who was lying on the windowsill and looking down, was at this moment breathing a long sigh of relief.

In her line of sight, she could vaguely see three figures standing below.

Almost simultaneously.

Chen Daogun's voice then reached Impermanence's ears, "Impermanence, you are not doing your job well."

"Master Daojun?!"

Changeless' eyes instantly burst with a brilliant aura of joy, "It's alright, the Daoist Monarch is here, then it's alright!"

Downstairs in the hospital.

Chen Daogun was holding Zhuge Qing with one hand, but with the other hand he was holding the back of Miyamoto's neck in an iron grip.

The terrifying pressure was like a prison, crushing the heaven and earth.

The cold killing intent engulfed Miyamoto Ichidao.

It made Miyamoto's eyes fearful and dumb as a chicken, not daring to resist in the slightest, just like a chicken being caught.

That terrifying feeling of oppression was something that Ichidou Miyamoto had never experienced before, even when facing the Iga Patriarch!

He had no doubt that if he dared to move an inch, this God of Killers around him would end his life!

"Senior, many thanks."

Zhuce Qing, his face covered in blood, said weakly in gratitude.

Just now, when he and Miyamoto Yidao were about to fall to the ground, Chen Daogun arrived in time and caught them in the air with his powerful and terrifying strength.

The weight of Zhuge Qing and Miyamoto Ichidao caused a gravity shock that Zhuge Qing could not even imagine.

If there was a cost, it was only that when they landed, Chen Daojun's feet made two craters in the stone floor.

"No harm done."

Chen Daojun responded calmly.

With a whirl, his left hand gently exerted force.

"Ah!"

Miyamoto Yidao's body jerked violently as he screamed miserably.

In an instant, he felt as if his neck bones were about to explode, and the excruciating pain was too much for him to bear.

crunch crunch

As Chen Daogun's left hand gently turned, Miyamoto Ichidou simply had trouble resisting, and his head slowly turned sideways to face Chen Daogun.

"Miyamoto Ichiban? The man from the Amaterasu Project?"

Chen Daogun suddenly smiled, his narrowed eyes cold and biting.

Miyamoto Ichidou was completely frozen, his eyes filled with fear, unable to control himself.

Staring at Chen Daogun, even though Chen Daogun was smiling, the smile made him feel more terrifying than a ghost or god.

The next second.

"Iga Ryu is gone!"

Chen Daojun suddenly spoke, his voice cold and stern, as if he was pronouncing a death sentence on Iga Ryu.

Boom!

Miyamoto Ichabod's body shook, and his mind immediately went blank.

He forced himself to endure the tremendous pain in his neck bone and spat out a sentence almost instinctively, "No one can pronounce a sentence on Iga Ryu, that's the Ninja Holy Clan!"

"Holy clan? The holy clan of the land of bullets, in my eyes, is bullshit!"

With a wave of his left hand, Chen Daojun directly threw Miyamoto Ichidao to the ground.

He did not wait for Miyamoto Ichidao to resist.

Chen Daojun took a step forward and his right foot was as fast as lightning, with the terrifying power of cracking stone, he kicked Miyamoto Ichidao in the lute bones of both shoulders.

Two explosive sounds were heard.

It was accompanied by two sounds of bones bursting and shattering.

"Ah"

Miyamoto Ichidou threw back his head violently and spurted out a large mouthful of blood, letting out a miserable scream like killing a pig.

The screams only lasted for a short while before they came to an abrupt halt as Miyamoto Ichidou's head tilted and he passed out.

Blood dripped from Miyamoto's mouth, staining a large part of the ground.

It was a sudden scene.

Even Zhuge Qing, who had been caught unawares, was silenced by sweat.

A shattered lute bone is fatal to a martial artist!

With Chen Daogun's ruthless force, even if Miyamoto Ichidou had been genetically modified by the Iga Ryu, and even if the Iga Ryu had called in the world's greatest doctors, it would never have been able to repair Miyamoto Ichidou's lute bone.

With his lute bone broken, it meant that from now on, Miyamoto Ichidou's arms would be crippled, and his combat power would no longer be enough to describe it as an explosive drop!

"Cruel?"

Chen Daogun sensed Zhuge Qing's fear and gave a sidelong glance.

“To the enemy, it’s not called cruelty.”

Zhuge Qing shook his head.

“Fear not, there are more cruel ones in the back.”

Chen Daojun’s expression suddenly became gloomy and complicated, “With Dong’er’s character, what happened tonight is enough to break the Iga Ryu lineage and extinguish its seed!”

“But the cause of this matter is the Gu family!”

Zhuge Qing said with some confusion as he braced himself.

“Heh! The Gu family cannot be destroyed for now!”

Chen Daogun shook his head, “Little Shadow and the child are Dong’er’s scales of rebellion, and persecuting the bloodline is such an immortal feud, so since I cannot let Dong’er destroy the Gu Family, I will have to avoid the heavy and take Dong’er to destroy the Iga Ryu first!”

Zhuge Qing swept a complex gaze at the fainting Miyamoto Yidao on the ground, but did not say a word.

He did not know why the Gu family could not be destroyed for the time being with Chen Daojun.

But he was clear that when Chen Daogun spat out from his mouth that the Iga Ryu had to be extinguished, the so-called Ninja Saint Sect that was a thousand miles away had ceased to exist!

All the dust had settled.

Elder Long and Fan Lu quickly called for the doctors and nurses and sent Qin Xiao Qian and Zhuge Qing into the resuscitation room.

Not long after, Jiang Qilin also arrived at the hospital with Zhao Brezhong and sent Zhao Brezhong to the resuscitation room as well.

Only then did everyone’s heart sigh with relief.

But as they stood in front of the door of the resuscitation room, everyone’s faces were sullen and complicated.

It was clear to everyone that the current lull was just a sign of the coming storm!

“Young master should be on his way back.”

Elder Long mouthed his lips, breaking the dead silence in front of the door of the resuscitation room.

“Hmm.”

Chen Daogun nodded calmly and added, “Jiang Qilin, you are responsible for protecting them while I go to the airport to welcome Dong’er.”

Welcome Chen Dong?

Elder Long, Fan Lu, Wu Chang, Jiang Qilin and Chu Reed were all confused.

Chen Daogun and Chen Dong were the eldest and youngest generations, and with Chen Daogun’s status and out-of-the-way arrogance, he would even think of going to greet Chen Dong?

Sensing the gazes of the crowd.

Chen Daogun’s face rarely squeezed out a helpless smile, “The matter is so serious, Dong’er’s temperament is understood, I will go to the airport to meet him and then go directly to Iga-ryu, you guys act carefully over here, if we let Dong’er see these scenes in front of us first, I’m afraid even I can’t stop him from overthrowing the Gu family!”

Long Lao and the others bowed their heads and did not say anything.

In itself, because of the matter of Gu Qingying’s father-in-law and mother-in-law, Chen Dong was already scouting out the location of the Gu Family’s mountain gate regardless of everything, vowing to take revenge!

If he were to be shocked by everything in front of him again, the rage would be enough to instantly wear down Chen Dong’s sanity!

At that point, it would be beyond the power of man to control!

A sensible Chen Dong could still be stopped.

But when he loses his sanity, Chen Dong

The old man, Long, and the others had seen Chen Dong’s demonization, that kind of terrifying strength, even Chen Daogun was afraid of it!

Chapter 1538

It is darkest on the eve of dawn.

The lights are off at the airport on the outskirts of the city.

With an airport announcement, martial law was instantly put in place.

There was no hint of winding up.

It was simple and brutal.

It caught the passengers waiting in the lobby off guard and there was a lot of grumbling.

But this time, even the floor-to-ceiling windows, which overlooked the runway, were all covered up, shutting out everyone's view of the airport.

The cacophony of curses was suddenly plunged into dead silence with a deafening explosion in the night sky.

Everyone was terrified and trembling.

What the hell had happened?

This moment.

On the runway of the airport on the outskirts of the city, all aircraft were banned from taking off and landing, as if they had been frozen in place.

Only a Rolls Royce, slowly driving in.

Chu Reed drove the car with an indifferent expression.

Every now and then, she would glance through the rear-view mirror at Chen Daojun and Miyamoto Ichiban, who had passed out from serious injuries, in the back row.

Nowadays, the situation was so dangerous that the hospital needed a living force for protection.

She was only an ordinary person in terms of martial arts, so she volunteered to take on the responsibility of driver.

Whether it was Chen Daojun's indifference or Miyamoto Ichiban's tragic condition, Chu Reed was left with a sense of remorse about everything that had happened tonight.

Everything, it was all just a little bit close!

Zhao Brezhong was so close to dying!

Zhuge Qing was so close to dying with Miyamoto Ichiban!

Gu Qingying was only saved from death by Qin Xiaochen's desperate efforts to guard her.

And now, Qin Xiao Qian was also close.

A sound burst, like rolling thunder, rolled across the night sky.

With supersonic planes flying at full speed in the night, it was incomparably difficult to capture with the naked eye.

"Right here."

Chen Daojun spoke.

Crunch!

The Rolls Royce stopped on an airport runway.

Almost simultaneously.

A plane was the one that descended from the sky, its speed had slowed down a lot, and after landing, it glided on the airport runway for some distance before finally stopping.

"Go over."

Chen Daojun rubbed his nose, "Rather a great verve, blasting away a hundred domains along the way, froze and cut the time to come back in half."

Chu Reed was also mentally shaken at the same time.

Mobilising a supersonic aircraft was already an extremely difficult task.

It was even more difficult to obtain airspace clearance for the various domains along the journey from the other side of the ocean to the domain within a short period of time!

As the Rolls-Royce drove up to the supersonic aircraft.

The door of the plane opened at the same time.

Ye Linglong was the first to jump out of the plane, followed by Chen Dong.

Chen Daojun and Chu Reed, who had just gotten out of the car, froze at the same time.

They had clearly seen Ye Linglong snuggling on Chen Dong's body!

It was hard not to let people think about that kind of action.

“Daojun Chen?”

Chen Dong was a little surprised to see Chen Daogun.

Followed closely by.

Chu Reed took the lead and stepped forward, “Greetings Mr. Chen, the family is safe and sound.”

These were the words that Chen Daogun had asked him to report so!

What had happened to Gu Qingying had already forced Chen Dong’s anger to a critical point, if he then rushed to the Lijin Hospital and saw the situation of Qin Xiaochen, Zhuge Qing and Zhao Breaking, the critical point would inevitably be blown up!

At that point, the Gu family would be certain death!

“Really?”

Chen Dong pulled the corner of his mouth and looked at Chu Reed with a meaningful smile.

Chu Reed instantly choked on her expression.

Staring at Chen Dong, she suddenly felt a sense of panic and helplessness of being seen through.

“Alright, I’ll take you to destroy the Iga Ryu!”

Chen Daojun stepped forward and took over the conversation.

As Chen Dong’s gaze moved away, Chu Reed’s tense body visibly relaxed.

Under the lamplight.

Chen Dong and Chen Daojun faced each other, their gazes intertwined.

There was a three-second standoff.

Chen Dong’s expression came down coldly, “You know that I came back not against the Iga Ryu, but the Gu Family!”

“I know!”

Chen Daojun put his hands behind his back, taciturn.

“The Gu family should be exterminated and exterminated!”

Chen Dong squeezed out a sentence from between his teeth, his eyes as cold and stern as if they were ten thousand years of ice.

The coldness emanating from his body even caused Ye Linglong and Chu Reed's pretty faces to change and their sweat to stand on end.

“I know that too.”

Chen Daogun nodded, “But right now you can't be extinguished!”

The words had just fallen.

Chen Dong's clothes suddenly exploded with a “bang”.

The fierce qi energy broke out of his body.

The ground trembled.

Ye Linglong and Chu Reed felt a huge invisible thrust hit them and staggered backwards with a scream.

When the two of them stabilised themselves, they fixed their eyes and took a look.

Chen Dong was already like a ferocious beast, his eyes were scarlet as he pounced in front of Chen Daojun, and his right hand was directly pinching Chen Daojun's neck.

The atmosphere was suddenly stern to the extreme.

The smell of gunpowder in the air was so strong that people were suffocating.

“Chen Dong

“Mr. Chen!”

Ye Linglong and Chu Reed shouted in alarm at the same time.

But Chen Dong ignored them, full of resentment and anger, and gnashed his teeth at Chen Daojun.

“Why should I be made to listen to you again? The Gu family harmed my wife and son, why should I give up this great revenge just because of a word from you!”

Every word was like a beast hissing with all its might.

A monstrous resentment and anger seemed to turn into substance as it gushed out from Chen Dong's eyes.

The biting, knife-like qi was released from Chen Dong's body, frightening Ye Linglong and Chu Reed.

However.

Faced with the furious Chen Dong, Chen Daojun was exceptionally calm.

He did not have the slightest intention to fight back, his hands still behind his back, calm and collected.

His lips slowly opened and closed, and his calm voice slowly exhaled.

"Because you're the key, because I'm your eldest uncle!"

"Bullshit Key!"

Bang!

Chen Dong's tongue burst into thunder as his Qi energy once again exploded, and at this moment, the veins on his neck stood out in a hideous manner.

He gritted his teeth and said, "Bullshit Chen Daojun! Time and time again, you make me back down time and time again, what the hell are you trying to do? Oh you're my eldest uncle? You're a big deal? You can do whatever you want with your hands? The Gu family has harmed me, harmed my wife and children three times, yet you ask me to put up with it again and again, do you fucking think I'm a coward who can be bullied?"

"You stopped the Jiang family from helping me, I don't mind, I can use my power to investigate, but now the Gu family wants to kill my wife and son, this revenge, you stop me from taking revenge, then you are my enemy!"

"I was born a human being, but I can't even protect my wife and son, so fuck you and your key!"

His voice was hoarse and he roared like a madman.

In the midst of the raging Qi, Chen Dong choked Chen Daojun's right hand and could not help but apply force quickly.

However.

There was a sudden change.

“Spill your hand!”

Chen Daogun, who was calm and collected, suddenly opened his voice.

Boom!

A majestic, hell-like Qi broke out of his body without warning.

Like a shocking wave, it crashed into Chen Dong’s body, and the ground collapsed into a five-metre diameter crater.

Chen Dong’s face changed dramatically and he was caught off guard. His right hand instantly broke away from Chen Daojun’s neck and he flew backwards.

But Chen Daojun, with a stern look, stepped forward and grabbed Chen Dong’s right hand with his left hand, and with the force of a thunderbolt, he slammed Chen Dong into the circular pit.

Ye Linglong and Chu Reed screamed, their faces pale.

It was all as fast as lightning!

When Chen Dong landed on the ground, he felt a sharp pain in his chest and almost passed with a breath.

“You’re not even close to giving me a hard time!”

Without waiting for Chen Dong to resist, Chen Daojun’s cold and stern voice rang out in his ears.

Almost simultaneously.

Out of the corner of Chen Dong’s eyes, he glimpsed Chen Daogun seemingly holding something and landing it blatantly towards him.

Poof!!!

There was a stinging pain in his right arm, and even a splash of blood flew out.

Chen Dong then felt like something had been injected into his body, his consciousness instantly became dazed, and his entire body seemed to be imprisoned, unable to move his arms and legs.

The only thing he could feel was what had been injected into his body, as if a million horses were rushing around, rampaging through his blood

Immediately after.

Chen Daojun let go of Chen Dong, looked down at Chen Dong who was like mud on the ground, and said firmly, "I will take you to destroy the Iga Ryu, as a way to make up for this blood feud, the Gu family cannot be destroyed for now, after overthrowing the Iga Ryu"

"Dong'er, eldest uncle will give you a reason that you can't refuse!"

Winner Takes All Chapter 1539-1540

Chapter 1539

Reasons?

What more reason is needed?

Chen Dong slumped on the ground, resentment filling him, feeling that Chen Daojun's words were simply ridiculous.

He had killed your mother, made your father look like a street rat, and killed your wife and children. What kind of reason would make you unable to refuse to take revenge?

Chen Dong tried to struggle, but found that he could not control his body at all, as if his body and consciousness had completely separated.

The only thing he could feel was the fluid in his blood that was rampant with a million horses.

Soon, Chen Dong felt his body blaze with heat.

The fluid that had been injected into his body seemed to burn up wherever it passed along the way.

Pain!

An unspeakable and excruciating pain.

Every cell felt like it had been thrown into a pot of boiling oil.

Fire was not enough to describe Chen Dong's state at this moment.

On the contrary, he was incredibly conscious and could clearly feel the pain, yet he could only clearly feel the pain!

He could feel his body twitching, but it wasn't his consciousness taking control, it was more like the instinctive twitching and trembling of his body being incinerated.

His lips quivered as he tried to scream out in agony.

But no matter how hard he tried, his lips seemed like a thousand pounds of iron, not moving at all.

Even he could feel the blood flowing from his mouth, nose, ears and eyes

Ye Linglong and Chu Reed's eyes were wide open as they gazed in horror at Chen Dong who was lying in the pit.

The arching and twitching body was shocking to the eyes!

"What's going on? What the hell is going on?"

Ye Linglong rushed over like a madman, jumping directly into the large pit and was about to step forward.

Chen Daojun raised his left hand and yanked Ye Linglong by the hand.

"Don't go near him!"

"Let me pass, what exactly have you done to him?"

Ye Linglong's beautiful eyes were scarlet, full of worry and fear, but no matter how much she struggled, she could not break free of Chen Daogun's large hand.

Hearing Ye Linglong's hissing and pleading voice.

Chu Reed also woke up with a start, and she asked with eyes full of horror, "Elder Chen, what exactly have you done to him?"

"You think I would harm Dong'er?"

Chen Daogun looked askance at Chu Reed with cold eyes.

At that moment, Chu Reed's expression choked, and his body was chilled by Chen Daogun's stare.

At that very moment.

"Poof!"

Chen Dong, who was arching and twitching, suddenly raised his head and a large mouthful of fresh blood directly spurted out.

With this raising of his head, Ye Linglong and Chu Reed also finally saw Chen Dong's face.

Seven orifices were bleeding!

Fresh blood stained Chen Dong's face.

All of the veins and veins were bulging out, like earthworms, climbing onto his face, stained by the blood, horrifyingly seeping.

It was even more hideous than when Chen Dong had become a demon.

Coupled with the fact that Chen Dong's body was twitching to the point of distortion, he looked like an evil spirit that had emerged from the depths of hell!

"Ah!"

A harsh, terrified scream rose to the sky.

Ye Linglong and Chu Reed were so frightened that their faces turned pale, their delicate bodies trembled, and their scalps exploded.

"Let go!"

Ye Linglong struggled desperately, but her strength was like an ant trying to shake a tree in the face of Chen Daojun.

Suddenly.

A flash of ruthlessness appeared in Ye Linglong's eyes as she fiercely lowered her head and ruthlessly bit down on Chen Daojun's wrist.

Chen Daojun's wrist was instantly drenched in blood.

But Chen Daogun didn't even frown, his large hand remained like an iron pincer, not moving at all!

"Mr. Chen"

Chu Reed was also dazed for a moment, and cried out in horror.

But the Chen Dong on the ground ignored, twitching even more, the blood flowing out of the seven orifices, more like a broken bank.

“Dong’er has passed this hurdle, your only shortcoming has been completely made up!”

Chen Daogun gazed at Chen Dong on the ground with deep determination, but ignored the frantic Ye Linglong and Chu Reed.

Soon.

A “crackling” sound was emitted from Chen Dong’s body, like fried beans.

Chen Dong’s arms, legs and neck also began to twist and shake with the sound.

Chu Reed was completely dumbfounded, and her eyes filled with tears out of fear.

The Chen Dong at this moment, in her eyes, was exactly like the state of a zombie in a movie when it mutated!

And Ye Linglong, who was biting Chen Daojun to death, had long since burst into tears.

She wanted to break away from Chen Daogun, wanted to rush up and hug Chen Dong.

But Chen Daogun’s one big hand killed all her thoughts.

The pain of Chen Dong in front of her eyes was as if countless sharp needles were stabbing at her eyeballs, and as if countless sharp knives were viciously plucking at her heart.

Time passed slowly.

The night breeze was blowing in the large airport.

The sound of frying beans emitted from Chen Dong’s body became the only sound, and each sound fell on Ye Linglong and Chu Reed’s ears like a thunderclap.

And as the three watched, the crimson blood flowing out of Chen Dong’s seven orifices gradually transformed into sticky black blood.

It was as if it was an injection of ink, eerily seeping.

“Dong’er, hold on!”

As the black blood flowed out, Chen Daojun, who had been indifferent to the situation, suddenly burst into thunder with his tongue.

This rebuke caused Ye Linglong and Chu Reed to look sideways at the same time.

The two of them did not know what was happening, but with Chen Daojun around, there was no way for them to stop it with the power they both had.

With this rebuke from Chen Daogun now, it was clear that Chen Dong's change had proceeded to the most crucial point!

And Chen Dong's body, too, was gradually folding in reverse in a terrifyingly bizarre gesture, as if his back spine was going to be completely broken and his head was going to overlap with his back heel.

Click click

The clear, crisp sound of bones made people's hearts jump.

Ye Linglong cried into a tear, her whole body was terrified and helpless.

Chu Reed was also covering her mouth, forcing herself not to scream out, but her tears couldn't stop flowing.

Time seemed to be slowed down at this moment.

Every time Chen Dong's body folded backwards a little, it made Ye Linglong and Chu Reed's delicate bodies tremble.

However.

"Ah!"

Chen Dong, who had never screamed miserably, finally broke into a loud, miserable scream at this moment.

The miserable and painful scream tore through the quietness of the airport under the night.

Boom!

With a miserable scream, Chen Dong's almost almost folded body, his head and feet finally landed on the ground at the same time.

Whirl.

Chen Dong's body no longer twitched and blood no longer flowed down from his seven orifices.

Instead, out of Chen Dong's mouth and nose, he was panting heavily, as if he was pulling a bellows, and even his breathing sound became heavier because of the residual sticky blood.

"Hoo"

Chen Daojun's expression eased down as he exhaled a breath.

Whirling around, he let go of Ye Linglong and said in a cold voice, "Stand where you are!"

He then stepped over to Chen Dong's side and squatted down, asking with concern, "How do you feel now?"

"What the hell happened just now?"

Chen Dong's heart was still palpitating when he thought of the feeling of separation between his consciousness and body just now.

The miserable scream just now was also the one that came out of his own control when his consciousness was pulled back into his body.

Along with this sound of participation, the severe pain in his body, and the feeling that every cell seemed to be burnt by a blazing fire, also disappeared instantly.

Everything seemed to be a dream.

It was clearly short, yet it felt like a long time had passed.

"That was your last short piece!"

Chen Daogun smiled faintly, "The Pan Gu program is the best transformation program in the world, but there is still a short board that exists after all, and just now was making up for that last short board in your genetic sequence!"

Chapter 1540

Another transformation?

Chen Dong looked gloomy and his chest was suffocating.

He really hated this feeling that I was the fish and man was the chopping block.

Chen Daogun's actions were for his own good, but he couldn't feel the least bit grateful, and the feeling of being wrenched around like a puppet on a string made him uncomfortable!

“The initial transformation has been completed, the genes being transformed at the back will slowly infiltrate everything in your entire body, you will not be able to move during this process.”

Chen Daojun said calmly, “Now do you understand why you always broke your arms and legs whenever I transformed you during your childhood?”

“You’ve really thought of a way to hide your face.”

Chen Dong snorted and tried to move his arms and legs.

Just as Chen Daojun had said, although he had regained control of his body, the strength in his body seemed to have been drained, the feeling of being so weak to the extreme that it was difficult for him to even move a finger!

Whenever he was transformed in his childhood, after he had his arms and legs cut off, wasn’t he just unable to move?

However, after Chen Dong carefully recalled his childhood, he was puzzled, “The few times I had my hands and feet broken in my childhood, I didn’t get to this situation where I couldn’t move.”

“That’s because this one is the rarest of them all, the one that makes up for the last piece of your shortcomings.”

Chen Daojun gave a meaningful smile, “Your father and I, we call it the Life Code!”

The Life Code?

Chen Dong froze.

Next to him, Ye Linglong and Chu Reed were also bewildered.

Following closely.

Chen Daojun turned his head and swept a glance at Ye Linglong and Chu Reed: “You guys go back, I’ll take Dong’er to Iga-ryu.”

“I want to see him.”

Ye Linglong blurted out.

This time, Chen Daojun did not stop and stepped aside.

Ye Linglong pounced in front of Chen Dong and knelt down on both knees, raising her hand to touch Chen Dong, but her right hand trembled so much that it froze in mid-air, she was afraid of hurting Chen Dong.

This cautious look fell into the eyes of Chen Daogun and Chu Reed, but it made the two of them turn their gazes complicated.

“Roll!”

Chen Dong slumped on the ground, decisively squeezing out words from between his teeth, “Go back to your Shanhe Club, this place, is not your place!”

Ye Linglong’s eyes were tearful, as if she hadn’t heard.

She pursed her red lips and cried as she asked, “Still, does it hurt?”

“Chen Daojun!”

Chen Dong did not reply, but chided with all his strength.

“Tell her to get the hell back to the Shanhe Club!”

Chen Daojun shrugged, “At least I’m your eldest uncle.”

“Chen Daojun!”

Chen Daojun was helpless for a while and walked over to Ye Linglong, “Miss Ye, please give way, the special plane is still waiting for us.”

The supersonic plane was too special and needed to return immediately after completing its mission.

It was obviously inappropriate to commandeer it again to travel to Iga-ryu.

Not waiting for Ye Linglong to respond.

Chen Daojun then roughly grabbed Chen Dong’s back clothes, as if carrying a small chicken, and directly picked Chen Dong up, pinning him under his armpit, then turned around and walked to the car, dragged the breathless Miyamoto Ichigo out, and like dragging a broken pocket, dragged Miyamoto Ichigo towards the special plane.

Simple and brutal!

It gave the impression as if the person he was holding and dragging by the armpit was not a person, but simply an object.

Ye Linglong sat paralyzed on the ground, looking at the distant Chen Dong with teary eyes, her shell teeth biting her lips.

She wanted to say something.

But she did not know where to start.

She watched until the special plane took off.

Only then did Chu Reed walk over to Ye Linglong who was dazed and lost in thought: "Miss Ye, you heard what Brother Dong said, now I'll help you buy a ticket to go back."

Her voice was a little cold.

The way Ye Linglong had treated Chen Dong carefully just now, but anyone whose eyes were not blind could see what it meant.

Not to mention that Chu Reed was still a girl, even if she was a strong woman in the workplace, but her heart had its own kind of delicacy belonging to a woman!

.....

As the plane rose in altitude and swept through the clouds, the light of the sunrise spilled onto the plane.

He had gone out of his way to blast through a hundred domains and rush back to the domain.

Yet he didn't even know what had actually happened to his family, so he was pressed by Chen Daojun to modify his genes and now headed to Iga-ryu.

This was a bit absurd!

Iga-ryu did deserve to die, that much Chen Dong had never wavered.

But as a matter of urgency, he wanted to cut off the Gu family once and for all!

The blood feud was too deep to be shared!

This blood debt, he couldn't wait for the Gu family to pay it back.

Now what Chen Daojun did was like a pot of cold water poured over his anger, suppressing a cut of it, wanting to explode but completely unable to do so.

Retracting his gaze, Chen Dong looked at Chen Daogun next to him before his gaze finally fell on the fainting Miyamoto Ichiban.

“Are you planning to exterminate the Iga Ryu, even if it is an explanation to me this time?”

Chen Dong inquired calmly.

He was not stupid, Chen Daogun should always have a purpose for doing this absurd act.

“Miyamoto Ichiban is also involved.”

Chen Daogun responded calmly.

“But I want to destroy the Gu family even more.” Chen Dong said.

“Well, I’ll help you destroy the Iga Ryu.”

Chen Dong: “.....”

Is it really perfunctory enough to take me for a fool?

There was a pause.

Chen Dong smiled teasingly, “It’s a bit ridiculous for you to take this reformer’s life and try to blackmail the Iga Ryu and overthrow them!”

“Oh? I’m not holding him hostage, I’m just sending his corpse back along with it.”

Chen Daogun raised his eyebrows, his left hand gently fell on Miyamoto Ichidou’s neck, and with a slight force, Miyamoto Ichidou’s neck was broken with a “click”.

Then Chen Daojun looked at Chen Dong, “Look, now he’s dead.”

The words were so calm that it was as if he was just talking about killing a chicken.

“You alone, exterminating the Iga Ryu?”

Chen Dong remained somewhat unconvinced, “That’s a ninja holy sect.”

“Oh, then I, Chen Daogun, will exterminate the Holy Clan by a thousand miles.”

A biting and piercing cold aura of killing intent erupted from Chen Daogun’s eyes.

The mountain where the Iga Ryu was located.

As the sun rose, golden light spilled over the land, gilding everything with gold.

Inside the small courtyard, the various trees swayed with the morning breeze.

The Iga Patriarch sits on a stone bench, making tea and holding his cup in both hands as he quietly sips it.

Everything gives a feeling of tranquillity and peace.

After putting down the cup of tea.

Patriarch Iga lamented, "Ichabod has gone to the domain for many hours, and I wonder if I can get Chen Dong's blood, this has not been returned either."

The words just fell.

A black shadow appeared abruptly in the slash, and slowly walked next to Patriarch Iga.

"Don't worry, Patriarch, Ichabod will live up to the expectations."

Patriarch Iga smiled and nodded, "Yes, Ichidou is the essence of my Iga Ryu coalesced, he will definitely succeed!"

Suddenly.

The Iga Patriarch froze for a moment and sneezed violently.

He looked around in amazement, "Strange it's early in the summer, why do I suddenly feel a vicious cold, is the old man catching a cold?"

Also at the time when the Iga patriarch was amazed.

A figure, one clutching and one dragging two figures, stepped in front of the Iga Ryu's mountain gate
