

Winner Takes All Chapter 181-190

Chapter 181

After work.

Chen Dong rushed to Gu Qingying's home without stopping.

Such an opportunity could not be found too often.

What's more, now that the two of them were just about to take the final step towards marriage, it would be fine to do something about it, right?

Gu Qingying's home was a flat, not luxurious, but warm and homely, more suitable for Gu Qingying to live alone.

When Chen Dong knocked on the door of Gu Qingying's house.

Gu Qingying glanced behind him and said, "Where is Kunlun?"

How could one bring a light bulb when doing this?

Chen Dong smiled, "I didn't ask Kunlun to pick me up and drop me off today, I took a taxi here myself."

"Alright."

Gu Qingying smiled sweetly, "Come in quickly, the food is all ready, there is a soup in the kitchen, it will be ready soon."

Chen Dong smiled and entered the room, seeing a table of delicious food on the table, full of colour and fragrance, his appetite was immediately tingling.

However, he could not help but have some doubts in his mind.

"Little Shadow, when did you know how to cook such delicious food?" Chen Dong asked.

Gu Qingying took a recipe book and handed it to Chen Dong: "Here, just follow it, I am not a little fool who only knows how to boil water!"

Chen Dong looked astonished, he did not expect Gu Qingying's culinary talent to be so high!

He still remembered the scene when Gu Qingying had cheekily helped Fan Lu boil water when she was at his home.

In the blink of an eye, following a recipe, he was able to make a complete table of dishes!

“Don’t look, go wash your hands, today is my first official cooking, my parents haven’t even eaten it yet, you have to help me taste it.” Gu Qingying urged.

“No problem.”

Chen Dong smiled and walked into the kitchen, after washing his hands, Gu Qingying also brought the last of the tomato and egg blossom soup to the table.

After settling down.

Gu Qingying was busy urging Chen Dong to try the dish.

Chen Dong picked up a piece of pork ribs and stuffed it into his mouth, and instantly his expression choked.

On the side, Gu Qingying was full of expectation and clenched her hands with some apprehension, “How is it? Quickly evaluate!”

“Delicious!”

Chen Dong swallowed the ribs and gave a thumbs up.

Gu Qingying instantly beamed with joy, patting her chest and saying proudly, “Aren’t I great, I succeeded on my first try!”

Chen Dong smiled and nodded, “My little fool is the best!”

The words had just fallen.

Gu Qingying’s expression was suddenly stunned as she looked straight at Chen Dong, “Big Fool, the ribs you just ate.”

Chen Dong nodded his head in confusion.

“Where are the bones?” Gu Qingying asked, “You swallowed it?”

Groan!

Chen Dong was immediately unsettled, he had just swallowed it and was only thinking of complimenting Gu Qingying, he hadn’t even thought about the bone!

“It’s alright, it’s just a bone, your little foolishness made it so delicious that I forgot about it in my excitement!” Chen Dong explained with a smile.

“Hee hee I’ll try it.”

Gu Qingying didn’t dwell on it, she picked up her chopsticks and took a piece of pork ribs and stuffed it into her mouth.

The corners of Chen Dong’s mouth twitched and his eyes became odd.

The next second.

“Vomit

Gu Qingying’s pretty face changed drastically as she spat out the ribs, full of frustration, “What the heck, it’s so salty, why did you say it was delicious?”

Chen Dong smiled playfully and looked at Gu Qingying with a soft gaze, “My wife’s cooking, of course I think it’s delicious.”

Once he and Wang Nan Nan had been together for three years, he had cooked three meals a day for Wang Nan Nan, even if they were hard and tiring.

Now, a rich girl like Gu Qingying, who didn’t care about his past, was still willing to put on her apron and cook for him.

Let alone salty, even if he was allowed to eat a lump of salt directly, he would still find it delicious.

“Ugh forget it, let’s go out to eat, it won’t work this time, it will work next time.” The smile on Gu Qingying’s face disappeared and he waved his hand in frustration.

“Don’t, it’s quite delicious, just eat at home.” Chen Dong stopped Gu Qingying, picked up the bowl and chopsticks, and wolfed down the food.

Gu Qingying looked at the scene dumbfounded, and her originally dejected expression was a smile that gradually curled up at the corners of her mouth.

Taking a deep breath, Gu Qingying picked up the bowl and chopsticks and said seriously, “This is what you’re going to eat yourself yo, you must eat it all.”

“No problem! Just as long as you’re not afraid that I’ll drink up your family’s water.” Chen Dong wolfed down his food and muttered.

The two of them ate a meal that wasn’t exactly delicious, but they ate it with gusto and laughter.

After the meal, they brushed the dishes together.

Chen Dong, however, sat in front of the sofa and watched the TV, but his mind had long since flown off to nowhere.

After waiting for so long to get full and think about that, it was finally time to get to the point!

The thought of what was to come next, his heart couldn't help but thump faster.

The first thing you need to do is to get your hands tangled together, and every now and then you sneak a sidelong glance at Chen Dong, and your pretty face is flushed with a hint of red.

Under the lights, it no longer mattered what was playing on the television.

In fact, neither of them had their minds on the television.

The atmosphere was charming.

But the silence was eerie.

Finally.

Chen Dong plucked up the courage to break the silence: "Little Shadow watching the big baby?"

"Ah?!"

Gu Qingying's delicate body trembled as she let out a startled cry.

She raged in panic and confusion, "You, what did you say?"

Pretending not to understand?

Chen Dong was stunned for a moment, but then reacted, a girl is a girl, it is normal to be a bit reserved.

His body suddenly pounced on Gu Qingying, scaring her into a scream and instinctively trying to dodge, but she was held by Chen Dong with both hands.

In a flash, the four eyes met.

Chen Dong could even feel the delicate body in his arms faintly trembling.

The blush that flew up on Gu Qingying's pretty face added a bit of charm to the stunning face.

“I, I

Gu Qing Ying felt like her heart was about to beat out of her chest, stammering but unable to speak, she slowly lowered her head in shyness.

But.

Chen Dong’s left hand index finger gently hooked Gu Qingying’s chin and lifted her head, slowly.

His eyes were soft, with a gentle smile, staring closely at Gu Qingying.

Then, slowly approaching

Gu Qing Ying’s delicate body trembled even more, panic flickering in her eyes.

At this moment, she felt like her mind was blank, and her body was even more on fire.

In her nostrils, the smell of Chen Dong’s body was getting stronger and stronger.

Even, she could clearly feel the slightly scented hot breath exhaled from Chen Dong’s mouth.

It was a flash of lightning.

Just when lips were about to meet.

“Chen Dong!”

Gu Qingying suddenly raised her hand to stop Chen Dong, not allowing him to move an inch further.

The sudden scene caused Chen Dong to freeze.

“What’s wrong?”

“I, I, I’m not ready yet.” Gu Qingying lowered her head in shyness and panic, and pressed her hands on Chen Dong’s shoulders, but hard.

Chen Dong instantly looked stunned, could he have misunderstood?

He asked offhandedly, “Didn’t you ask me to come over tonight?”

“Dinner.” Gu Qingying said.

Ahhh!

The corners of Chen Dong's mouth twitched, he had really misunderstood!

But he still said with some reluctance, "Then why did you keep peeking at me just now?"

Gu Qingying's delicate body trembled a little and said, "I, I wanted to see when you were ready to go home."

Chen Dong: "....."

Chapter 182

Looking at Gu Qingying in front of him, Chen Dong was embarrassed for a while.

He had thought that he and Gu Qingying had reached a successful conclusion.

But to his surprise, it was all wishful thinking on his part and he had misunderstood his intentions.

Chen Dong scratched his head awkwardly, "Xiaoying, I'm sorry, I misunderstood, I'll go home now."

"Chen Dong!"

Gu Qingying suddenly tugged on Chen Dong's hand and got up to say seriously, "I will be yours sooner or later, it's just that I hope that I will save this wonderful once for the night of my wedding."

"I respect your decision." Chen Dong nodded earnestly, but his eyes drifted a little.

At this moment, he was truly a little flustered and at a loss for words.

It wasn't that he felt that there was something wrong with Gu Qingying.

Rather, when he thought of his own demeanour just now, he was really embarrassed to the point of explosion.

The words had just fallen.

However, Gu Qingying in front of him suddenly stood on tiptoe and her red lips gently nudged Chen Dong's lips.

Chen Dong instantly froze.

"Thank you." Gu Qingying smiled gently, then let go of Chen Dong and stretched, as if nothing had just happened, and smiled, "Alright, you should go home and get some rest, you were all exhausted a while ago."

Dumbfounded, Chen Dong slowly raised his hand and touched his lips.

For a short moment just now, he had the unreal feeling that it was like a dream.

But the warmth and fragrance left in the corner of his mouth made his heart beat faster.

The corners of his mouth curled up and he smiled with his eyebrows, "Okay, you go to bed early."

On the way home, Chen Dong touched his lips with his hand every now and then, and then revealed a light smile.

This was an unexpected pleasure tonight, right?

He didn't feel any loss for not having a waterfall with Gu Qingying.

On the contrary, he felt a little disrespectful to Gu Qingying.

Gu Qingying had waited for him for three years, so why shouldn't he wait a moment longer for her?

The best moment, of course, should be saved for the most glorious moment, so that it could be considered perfect.

Rubbing his nose, Chen Dong murmured, "It's time to plan for the marriage."

.....

The following week.

Chen Dong once again entered into a busy work schedule.

Everything was going smoothly, all four major properties were sold out, and Din Tai was preparing for the next pre-sale.

And Chen Dong had the intention to start another project, even if it meant opening a company across industries.

After the funds are returned, only when the snowball is rolled up can it grow bigger and bigger.

Otherwise, relying on one company, Dingtai, alone would not be enough for him to deliver an overwhelming answer to the Chen family!

Chen Tiansheng and Chen Tianyang, the elites of the Chen family, had received the most elite system of education from the Chen family since they were young, and were among the elites, whether in terms of insight or connections.

This was something that Chen Dong had never denied.

All he could do was to try his best to catch up, and then surpass!

Leaving work in the evening.

The roof terrace of the family home.

“Young Master, have you really decided to enter the finance industry?”

Elder Long looked with some surprise at Chen Dong who was lying on a chair, blowing the night breeze.

“I want to achieve a bend in the road to those elite generations of the Chen family, relying on Dingtai alone is too slow.” Chen Dong rested his hands behind his head.

Nowadays, in this city, Din Tai had leapt to become a first-class real estate company.

It was on par with both Zhou Yanqiu’s and Zhou Zunlong’s companies.

As soon as the development of the western part of the city was over, it was not a problem to even leap to the leading position.

When the time comes, all that is needed is to take land for development and keep repeating it.

In other words, the big ship that is Dingtai has already taken shape, and it just needs to be allowed to sail forward.

Chen Dong, on the other hand, was not yet satisfied with just this one big ship.

Long Lao frowned and pondered, and said in a deep voice: “Young master, I think that with the money we have, it is a bit risky to enter finance at this time.”

“Shopping malls are like battlefields, if you don’t even dare to take risks, then what makes the winner the king?” Chen Dong smiled, but there was a raging battle intent in his eyes.

The night breeze was slightly cool.

Long Lao’s gaze flickered, and finally let out a slow sigh.

“Young master is right, if you really want to enter the financial industry, old slave does have a suitable candidate that he would like to recommend to young master.”

“Who?” Chen Dong was somewhat delighted.

Entering the finance industry was a crossover for him.

A crossover was like a mountain, and if he were to be allowed to handle it personally, he really wasn't sure himself.

With Elder Long's status and insight, the person he recommended would definitely not be bad.

“In the Qin family of Xishu, there is a son, the old slave has met him a few times, this son is a talented person.”

Elder Long had a deep gaze and a smile on his face, “However, this son is somewhat special, I'm afraid that he needs to be personally invited by Young Master.”

“The Qin family of Xishu?”

Chen Dong smashed his mouth for a moment, pondering.

Eventually he gave an odd smile, “Elder Long, you're asking me a difficult question, I remember that the Qin family is involved in the real estate industry and is a deadly rival to the Chen family's Yike.”

Having been immersed in real estate for three years, Chen Dong's access to information was unparalleled.

The Qin family in Xishu is no less than the Li family in Kyoto.

The richest man in Western Sichuan!

The real estate company under its command is called the second, and it is always competing with Yike in major cities.

With this relationship in place, one could not really expect much harmony between the Chen family and the Qin family.

And for him to go and invite someone from the Qin family under the identity of the Chen family heir, this is rushing up to stir up the fire, right?

“But he is the only one that old slave can think of that is the most suitable.” Long Lao smiled helplessly.

Chen Dong rubbed his nose and nodded with a smile, "Alright, make a trip to Xishu as soon as possible, it's up to fate whether you can invite him or not."

Although his mouth said it was up to him, his gaze was incomparably firm.

Early the next morning.

Chen Dong rushed to the company, handed over the follow-up work to Xiao Ma, and then rushed to the airport with Long Lao Kunlun.

When they boarded the plane, Chen Dong also gave a word to Gu Qingying.

As the plane took off, Chen Dong also picked up the information that Elder Long had prepared and read it.

"Qin Ye?"

Chen Dong murmured, but when he saw the age recorded on the information, he froze.

22 years old!

"Elder Long, are you sure you have the right person?" Chen Dong asked tentatively.

At the age of 22, he had only just graduated from university!

Such a youngster was really the most suitable candidate that Elder Long had said?

"Young master, his ability, can't match his age."

Elder Long gave an odd smile, "You should have heard of the Qin family's incredible finance, right?"

Chen Dong's pupils tightened in surprise, "Believe Financial should be considered the Qin family's greatest reliance to become the richest man in Western Shu, right?"

Elder Long nodded and said calmly, "When Qin Ye was 20 years old, he became famous with the help of Believe Financial and swept up tens of billions of dollars! It also established the position of Believe Financial as the leader of the Qin family's foundation in one fell swoop!"

Boom!

Chen Dong was struck by lightning and his face changed dramatically.

Although a 20-year-old young man was suspected of relying on his family's platform, the fact that he had swept up tens of billions of dollars was proof of his amazing ability.

Otherwise, the same platform, why was it not someone else who had done it, but him?

Taking a deep breath.

Chen Dong directly closed the information, as he felt no need to read on.

This one battle record alone was enough to prove Qin Ye!

It was also at the time when Chen Dong was heading to Xishu.

In the Tianmen Mountain villa area, a black Mercedes Maybach slowly drove up to the gate.

“Lan’er, my father would like to see you for a moment!”

Winner Takes All Chapter 183-184

Chapter 183

The entrance to the Tianmen Mountain villa area.

The Maybach lay dormant in silence.

Elder Li sat in the back row, his gaze sinister, his right index finger lightly tapping on the cane in his hand.

“Perhaps this is the last resort.”

For the sake of the Li family, he would not compromise his means.

Otherwise, he would not have chosen to embezzle without hesitation when he coveted the foundation Chen Daolin had left to Chen Dong’s mother and son back then.

In his heart, the Li family was what mattered most!

As for his daughter hehe, a mere money-loser.

“Master, it’s coming.” The bodyguard driving the car reminded.

Li Lan walked out of the villa area with a sullen face.

The mobile phone was clutched in her hand.

Looking at the Maybach not far away, her eyes were incomparably complicated.

Let’s meet one last time, from now on, there will be no more ties.

Leland thought this as she walked slowly towards the Maybach.

The window was down.

The old man, who had a grim look on his face, changed his face to a gentle one and looked at Li Lan with a smile.

“Get in and sit down, today my father is leaving here and going back to Kyoto.”

“No need.” Li Lan shook her head, “We’ve been cut off from each other since you did those things back then.”

“Hate?”

Elder Li raised an eyebrow and smiled.

Li Lan’s eyes were filled with anger and she nodded her head forcefully.

Elder Li shook his head, “Dad did that all for the sake of the Li family.”

Li Lan suddenly felt very funny.

For the sake of the Li family, he put her and Chen Dong out of his mind?

What kind of reasoning was that?

“After you’ve finished meeting, you can go.”

Li Lan spat out a few words coldly and turned around to go back to the villa.

Suddenly, a cold voice rang out behind her.

“You can’t get away, come home with me!”

Li Lan’s body trembled and her face changed drastically.

In an instant, she was ready to escape.

But the car door suddenly opened, and the bodyguard who had been prepared for a long time covered Li Lan’s mouth with one hand and directly dragged her into the car brutally.

Li Lan tried to resist, but her body was already weak and she could not break free.

She couldn’t even call out for help to the security guards at the villa’s main entrance!

“If you don’t go home, Dong’er will never give in.”

Elder Li smiled coldly, “After being away from home for more than twenty years, it’s time for you to go back and pay homage to your ancestors.”

The black Maybach started up and sped off towards the mountain.

From beginning to end, because of the place where the Maybach was parked and because Elder Li was extremely quick in his actions, it did not even attract the attention of the security guards at the gate.

.....

When the plane landed at Xishu airport, it was already eleven o’clock at noon.

Walking out of the airport, Kunlun had long arranged everything and drove a BMW from the car park.

After getting into the car, Elder Long said, “Go to the Nanshan Hotel.”

“Hotel?”

Chen Dong looked at Elder Long in shock, “Isn’t it to the Qin family?”

“This son is very special and does not live in the Qin family.” Elder Long gave an odd smile.

Special?

Chen Dong frowned and pondered, last night when Elder Long had first introduced Qin Ye, he had also said the word “special”.

Now that it was mentioned again, Chen Dong began to ponder.

The Chen and Qin families were rivals, even if their families were not on the same level, but this did not prevent them from being rivals in any way, after all, there were conflicts in business.

Since they were rivals, there was something wrong with asking someone from the other side to help him, no matter how he thought about it.

He had also thought of this last night, but only suppressed it for the time being when he saw Elder Long’s determination.

Chen Dong looked at Elder Long, “Elder Long, what exactly is special about this Qin Ye?”

Long Lao looked out of the window and calmly said something, but it instantly sent a little chill down Chen Dong's back.

"I don't know young master, do you feel that a person who killed his father is considered special?"

Chen Dong's body shook and his pupils tightened to the extreme.

A person who killed his father?

This was not just special!

Even when he had hated Chen Daolin the most, he had only thought about dying in old age, not about killing anyone at all!

"Elder Long, what is going on here?"

Chen Dong's voice was somewhat lowered and his expression was incomparably gloomy.

Genius to genius!

But the one about killing his father, he had to find out.

For those who could manage to kill their fathers, their blood was cold, who else could they not kill?

On the way, Kumlun drove the car.

Long Lao, however, slowly narrated.

Gradually, Chen Dong's expression eased up.

Although from Elder Long's narration, he still did not know why Qin Ye had killed his father, most of the speculations from the outside world were that his father had done something that had caused Qin Ye to kill in anger.

And the fact that he was still alive and well in the Qin family after killing his father was the best proof of this!

This involved the face of the Qin family, and it was as difficult as heaven for the outside world to probe into it.

However, Chen Dong had also picked out some important information from Elder Long's narrative.

That was that back then, Qin Ye's financial battle, a magnificent roll of tens of billions, might as well be described as the money he had paid to the Qin family to buy his life!

Ten billion to buy a life.

Terrible as it was, the crime of patricide, if not for the hidden secrets involved, the Qin family would certainly not have even given that a chance.

And from then on, although Qin Ye still lived in the Qin family.

But his status also became extremely special.

He was not a member of the Qin family's direct lineage, and after committing a heinous crime, he was even marginalised by the Qin family.

He could not even return to the Qin family and lived in a hotel all year round.

And since Qin Ye had become famous in a battle back then, he had disappeared into obscurity, just like giving the appearance of being raised by the Qin family and muddling through.

After hearing this, Chen Dong sighed for a while, but the boulder in his heart fell to the ground peacefully.

He rubbed his nose, "So because this relationship is there, you think it is possible to invite him?"

Elder Long nodded: "The rumours that old slave has heard from the outside world, although Qin Ye is a member of the Qin family, he is afraid that nowadays, there is also a long-standing disconnection."

"Hoo"

Chen Dong slowly exhaled a breath and revealed a smile, "It's just that, if there is a hidden secret, then this Qin Ye should not be considered a cold-blooded person."

Nanshan Hotel.

A lofty high-rise.

The surrounding area was bustling with traffic.

When Chen Dong and his trio arrived at the Nanshan Hotel, a middle-aged man immediately greeted them.

"Greetings to Young Master, Greetings to Elder Long, Greetings to Brother Kunlun."

A series of greetings caused Chen Dong to be slightly stunned.

Elder Long smiled blandly, "These are the people sent by the Chen Family to station in the local area, in every city, there are offices of our Chen Family, with cronies sent by the Chen Family to station."

Chen Dong was calm on the surface, but his heart was set off by huge waves.

Every city had an office of the Chen family, and this alone distanced them from those so-called powerful and powerful magnates.

"Qin Ye is in room 99999, this is the room card for his room." The middle-aged man handed a room card to Long Lao before turning around and leaving.

"Let's go young master."

Long Lao handed the room card to Chen Dong.

The three of them took the lift and found the room.

Chen Dong took the room card and hesitated for a moment, but put the card away.

Knock, knock, knock!

A polite knock was given on the door.

Since he was here to invite someone, the proper etiquette should still be in place.

It would be too rude to come in uninvited.

Followed closely.

A cynical, teasing laugh came from the room.

"Come on you guys, there really isn't a drop left, you're all eating goji berries for dinner today!"

Chapter 184

The sudden teasing.

It made the three Chen Dong stunned at the same time.

Chen Dong laughed awkwardly, "He still has this hobby?"

“Men and women love each other, it’s common for people.” Elder Long laughed a little unnaturally.

Knock, knock, knock!

Chen Dong knocked on the door again.

A violent voice suddenly rang out from inside the house.

“You forced me to do this, you forced me to do this! I’ll fight with you all today!”

Click!

The door opened.

A young man with a clean and handsome appearance, but his face was somewhat pale and had dark circles under his eyes walked out angrily.

As soon as Qin Ye saw the three Chen Dong, he instantly froze.

The anger on his face then disappeared and was replaced by a shrivelled and dishevelled look.

“Who are you guys?”

“Hello Qin Ye, my name is Chen Dong

Chen Dong smiled and introduced himself.

But the words were not finished.

Bang Teeny!

Qin Ye roughly closed the door while roaring, “If you’re not a girl, get lost!”

So cross?

Chen Dong had a helpless face.

This was not difficult to invite, it was simply not even giving the opportunity to invite.

Kunlun looked furious and took a step forward, about to raise his foot and kick the door, but was stopped by Chen Dong.

Elder Long knocked again on the door and smiled, “Qin Ye, I am Elder Long, the one from the Chen family.”

Click!

The door opened once again.

Qin Ye's eyes glittered as he stared straight at Elder Long, "Yo, Old Man Long, I didn't recognise you at first glance when I was dizzy just now, did you come to Xishu specifically to find me to play?"

A word that caused Old Man Long's face to turn red and cough violently.

Chen Dong and Kun Lun looked at Elder Long oddly at the same time.

Kunlun was surprised, "Elder Long, so you usually have this hobby?"

Chen Dong kept his mouth shut, but gave Elder Long a thumbs up.

An old steed aspires to a thousand miles!

A martyr's heart is strong in his twilight years!

"Hey hey hey, old man Long, you do talk, you too, you came without greeting, making me unprepared, how can I communicate with your technique here?"

When Qin Ye saw Old Man Long, he looked like a new person, smiling playfully, he took Old Man Long's shoulders and walked towards the house.

Chen Dong and Kun Lun followed behind, looking at each other with blank faces.

A youngster, actually wanting to communicate with Elder Long technically?

Elder Long was really good at hiding.

"Qin Ye, I have come to find you this time for business."

Long Lao couldn't really tense his face anymore and hurriedly changed the subject, pointing at Chen Dong and introducing him, "This is my family's young master."

"The Chen family's young master?"

Qin Ye raised his eyebrows and smiled as he extended his right hand to Chen Dong, "Hello, my name is Qin Ye, free to exchange techniques together, huh?"

Chen Dong: "....."

He really didn't have a hobby in this area.

For marriage, he was also faithful.

However, politely, Chen Dong still shook hands with Qin Ye.

Qin Ye glanced at Kun Lun again in surprise: “Oh yo yo, with this brother’s physique, he will definitely win first place in the Technical Exchange Conference!”

Even Kunlun’s old face flushed at this comment.

Elder Long couldn’t help himself and opened the door, “Qin Ye, the old man and the young master are here because they want to ask you to run a financial company!”

At those words.

The playful smile on Qin Ye’s face disappeared.

He gave Old Man Long a cold, sidelong glance, turned around and sat down on the windowsill, lighting a cigarette.

“Old man Long, you know, our friendship is limited to technical exchanges, I’m not interested in anything else.”

Old man Long smiled awkwardly, “Qin Ye, I have come in good faith, my young master is one of the heirs of the Chen family and will definitely be the head of the Chen family in the future, and if you can join, you can definitely make my young master as good as a tiger.”

Chen Dong was silent.

He had not expected that Elder Long and Qin Ye would have this relationship.

The matter of invitation also all fell on Elder Long at this time.

With Qin Ye’s oddball personality, there was no room for negotiation when he opened his mouth.

“The Chen family heir? Chen Dong?”

Qin Ye exhaled a mouthful of smoke and sneered with a face full of depression and decadence, “This is the first time I’ve heard of a Chen Family heir called Chen Dong... I’m afraid he’s not a wild monkey that popped out of a stone, right?”

The laughter instantly caused Chen Dong’s expression to stiffen.

And Elder Long’s face changed greatly and he was busy saying, “Qin Ye, you still can’t change your stinky habit of being full of shit!”

Qin Ye shrugged his shoulders, "Forget it old man Long, if you have a technical exchange, I will accompany you to get high for three days and nights, but if you want to invite me, then let's not talk about it, the Chen and Qin families don't get along, how good do you have to be to find me, a Qin family member, to help your Chen family members?"

In the room, there was an abrupt silence.

A single sentence, however, made even Elder Long somewhat unable to argue with the point.

Suddenly, a teasing laugh rang out.

"You, are you still considered a member of the Qin family?"

Chen Dong laughed as he looked at Qin Ye with a harsh gaze.

Pop!

Qin Ye violently threw his cigarette on the ground and got up indignantly, "What the fuck do you mean?"

The smell of gunpowder instantly intensified.

Kunlun took a step forward without a trace and shielded Chen Dong's body.

And Elder Long also hurriedly stepped forward and stopped Qin Ye: "You brat, calm down, will you?"

But Qin Ye said in a stern voice, "I have the heart to kill him, and you still advise me to calm down?"

Elder Long's expression was astonished.

Qin Ye was the one who had killed his father.

Even if there was a hidden agenda, the matter of killing did exist.

He really didn't dare to doubt whether Qin Ye was serious when he said that or not!

However.

Chen Dong, however, said with a smile.

"A man who killed his father, ten billion dollars to buy his life, and you're telling me that you're a member of Qin's family? This joke is really funny!"

Chen Dong took a step forward and walked in front of Kun Lun.

His gaze was stern as he looked directly at Qin Ye, who was rising in anger, and did not hide his shameful laugh: "You and I are both the same, you are already a wild monkey that popped out of the stone, why do you still hold yourself up? Why pretend to be a virtuous man?"

His words were harsh, like a knife and a sword.

Elder Long and Kunlun's faces changed greatly as they looked at Chen Dong incredulously.

Was this really the young master?

At this moment, both of them felt as if Chen Dong had changed into a different person.

"Is this the courtesy you are inviting me with?"

Qin Ye smiled fiercely and stared at Chen Dong, his eyes fierce and hostile, as if he was a bloodthirsty and ferocious wolf.

However.

Just at this moment.

Chen Dong's mobile phone suddenly rang.

It was Fan Lu calling.

Chen Dong's brows twisted and he answered it directly.

In an instant, his expression grimaced as anger tumbled in his eyes.

Pop!

Hanged up the phone.

Chen Dong said bluntly, "No more invitations, go to Kyoto immediately."

Boom!

Elder Long and Kun Lun were startled at the same time.

Elder Long was busy asking, "Young Master, what has happened?"

Chen Dong gripped his mobile phone, clicking it, the corners of his eyes bulging with blue veins.

“My mother, she was kidnapped back to the Li family by that scumbag!”

Elder Long and Kunlun’s expressions changed drastically.

Immediately after, the room echoed with Chen Dong’s cold, frosty voice.

“The bottom line was given to him, and if he still wants to touch my mother, then don’t blame me for stepping on his Li family’s door!”

After saying that, Chen Dong turned around and left.

Elder Long and Kunlun glanced at each other.

Elder Long said, “Go to Kyoto first, and I will contact the family head immediately.”

Both of them knew that their mother was Chen Dong’s scales of rebellion.

No one could offend it!

Now that such a big thing had happened, Chen Dong would definitely not give up in peace.

However, the Li family was still a behemoth to the Chen Dong of today.

Just as the three walked out the door.

Behind them, Qin Ye’s laughter suddenly rang out.

“Hehehe shit, sounds a bit exciting ah, I’m bored staying here anyway, go with you guys huh?”

Winner Takes All Chapter 185-186

Chapter 185

Chen Dong’s expression was solemn as he stopped.

Elder Long and Kunlun were also stunned as they stopped in their tracks.

What was this operation of Qin Ye’s?

“Follow if you wish, I don’t care if something goes wrong.”

Chen Dong's tone was cold as he dropped a sentence and quickly walked downstairs.

Qin Ye hemmed and hawed and followed, grabbing Elder Long and Kunlun's shoulders with one left and one right.

"Don't worry don't worry, at least I'm from the Qin family in Xishu, is that Li family you guys are talking about the richest man in Kyoto?"

"Well, are you really going to follow?"

Elder Long intentionally reminded that this time was not a trivial matter.

By kidnapping his wife back to the Li family, Elder Li was moving Chen Dong against his scales.

When Chen Dong said that he would smash the Li family's gate, that was certainly not a lie!

"Exciting, that's what makes it exciting!"

Qin Ye laughed out loud, "I've been hollowed out with this body from my daily technical exchanges with women, so it's just time to go out and give that one of mine a break."

Long Lao and Kun Lun blushed red and were speechless for a while.

When Chen Dong and the others arrived at the airport.

Early on, there were people from the Chen family office waiting, leading them directly through the internal channel and into the airport to board a private plane.

With the Chen family's wealth, it was not too difficult to call a private jet into the air in an emergency.

As the plane lifted off.

The temperature inside the cabin also dropped.

Both Kunlun and Elder Long clearly sensed the chill emanating from Chen Dong's body, which just formed a creepy low pressure around Chen Dong.

Even the cynical Qin Ye looked solemn and silent as he watched Chen Dong.

"Young master, old slave has already informed the family head." Elder Long said in a deep voice.

Chen Dong nodded his head.

His expression was indifferent and his eyes were filled with endless coldness.

Elder Long could not help but frown, the young master's appearance at this moment was like a man-eating beast with pent up anger.

Once his anger erupted, the consequences would be unthinkable.

After hesitating for a moment, Long Lao advised, "Young master, the Li family is after all the richest man in Kyoto, please"

"It's fine for him to touch me, but definitely not my mother! The bottom line has been given to him, he doesn't want to be shameless, then he won't give it!"

With one sentence, Long Lao's latter words were swallowed straight back into his stomach.

He knew that no further persuasion would be of any help.

With a helpless sigh, Elder Long looked out the window at the sea of clouds and had a big headache.

Tonight in Kyoto, I am afraid that the storm clouds are going to surge

Qin Ye's gaze flickered for a moment as he gave a playful laugh and asked, "Actually, I'm quite curious, how did you get into trouble with the Li family?"

"You just watch the show." Chen Dong responded indifferently.

Qin Ye shrugged his shoulders and said indifferently, "Fine, I guess, you ya a notorious Chen Family heir, you actually dare to challenge the Li Family at the drop of a hat, it's really bull!"

With that, he even gave a thumbs up to Chen Dong.

Chen Dong rubbed his temples in boredom, "Kun Lun, throw him down!"

Kun Lun's face was stern as he glared at Qin Ye.

Qin Ye hurriedly waved his hand and begged for forgiveness, "Got it, got it, can't I be wrong?"

"Noisy!"

Chen Dong gave Qin Ye a sidelong glance in annoyance and closed his eyes, faking sleep.

On the side, Elder Long gave Qin Ye a warning glare.

Qin Ye did not know the young master's temper, but he and Kunlun did!

The dragon's rebellious scales would kill him if he touched them!

If the young master was really a good-tempered man, he would not have stabbed himself in the back to help his mother take revenge on Chen Tiansheng.

Kyoto.

A truly cosmopolitan city.

It is a truly cosmopolitan city, and because of its supreme status, it is a place where countless personalities gather at the foot of the Son of Heaven.

This has created a complex situation in which Kyoto is home to crouching dragons and tigers.

It is not necessarily a strong man to come out on top of a pile of weaklings.

But to be the first among the strongest is certainly a strong man!

Such is the case with the Li family!

The Li family is such a family, and in the midst of the stormy times of Kyoto, it has managed to secure the position of the richest man.

The night is drawing in.

The lights are on in Kyoto, and the city is thriving.

But tonight, Kyoto is starless, and the entire city is covered with dark clouds.

A storm is coming.

The city is under pressure.

The outskirts of Kyoto.

The Fragrant Hill Scenic Area, a tourist attraction at the foot of the Son of Heaven, is filled with tens of thousands of visitors every day.

But few people know that in a remote corner of Fragrant Hill stands an ancient castle manor.

This is a restricted area for ordinary people.

Only with the consent of the owner of the fortress manor are you eligible to enter.

And this was where the Li family was!

Under the darkness of the night, the ancient castle manor was lit up.

It looked rather cold in the mountains, yet it gave the Ancient Fortress Manor its unique mystery and solemnity.

Inside the room.

Leland was lost in thought as he looked at the familiar room.

A dozen delicacies were laid out in front of her.

But she had no appetite, her eyes were bloodshot and filled with tears.

What Master Li had done today could be described as “doing whatever it takes to get what you want”.

If she hadn't grown up in the Li family, she would have doubted whether she was born to Master Li or not, knowing that the Li family was so patriarchal that it was almost cold-blooded.

Click!

The door to the room opened.

Old Master Li walked in, with a kind smile on his face.

“Lan'er, this was your room back then, and for twenty years, I had it cleaned daily and never changed the slightest bit of the arrangement.”

“So?”

Li Lan's tearful eyes looked at Elder Li, full of resentment.

“I know you are still blaming my father.”

Old Master Li smiled bitterly and sat loftily in his chair, sweeping a glance at the dishes on the table and frowning slightly, “Not to your liking? Then I will have my servants remove and remake it.”

“I can't eat the Li family's food.”

Li Lan bit her lip, and because she was biting too hard, her lip even oozed some blood.

“Ah Lan’er, my father did that back then for the greater good.”

Elder Li sighed and explained, “You are a daughter, attached to the Li family is enough, that Chen Daolin abandoned you mother and son, you are orphaned and widowed, holding those foundations in your hands, but also bound to be appropriated, as a Li family member, carry forward and grow the family, is your only mission!”

“Pfft!”

Li Lan suddenly burst out laughing and stared at Elder Li with an almost fierce glare, “What a grand statement you’ve made! Just because the Li family is growing, you can forcefully plunder and suppress me at every turn for twenty years, regardless of whether Dong’er and I live or die?”

“Are you blind? I’m a daughter, but I’m far more capable than your precious sons, and you’re worried that I’ll be appropriated, so you plunder me? Isn’t that funny?”

A series of questions made Elder Li’s face red and his mind unsettled.

Li Lan was overbearing, and at this moment, it was as if she wanted to vent her grievances.

She slowly got up and stared at Elder Li from a high position, her face revealing a strong sense of disdain and contempt.

“You value your sons over your daughters, and you are always talking about strengthening the family, going out of your way to ruthlessly plunder the properties that Dao Lin left to me and Dong’er to fatten the Li family, but your sons were as stupid as pigs to create the current Li family, and don’t you still have to invite my Dong’er back to take the helm now?”

His voice was powerful, and every word was like a knife, piercing right into the heart of Old Master Li.

An undisguised humiliation and mockery.

Old Master Li’s chest rose and fell, his face steeped in fierceness.

“You disobedient and unfilial rebellious daughter!”

Bang!

The walking stick swung out a streak of shadow.

It struck Li Lan's right leg brazenly.

"Ah!"

Li Lan screamed in pain and instantly fell to the ground, the intense pain made her body tremble and sweat like rain.

But as stubborn as she was, she still glared at Elder Li with a fierce glare.

From between her teeth, she slowly spat out the words.

"Do you not dare to beat me to death straight away?"

Chapter 186

"You"

In an instant, Elder Li was like a raging lion as he raised his walking stick and was about to drop it.

But when it reached mid-air, his movements gave a violent lurch.

Dang!

The cane stomped heavily on the ground.

Old Master Li took a deep breath, and his furious expression calmed down abruptly, revealing a meaningful smile.

"If old me really palms you down, won't Dong'er be completely broken with the Li family?"

Li Lan's face changed.

That was exactly what she was thinking.

It was because of her restraint that Chen Dong was constrained here in the Li family.

If she was gone, Chen Dong would be able to focus on fighting for the position of the Chen family's head.

Without her mother, there was still her father!

She knew that she had dragged Chen Dong down all these years, and she would never allow Chen Dong to give up his bid for the Chen family headship and run off to inherit the Li family because of her.

Putting aside the cold-bloodedness of the Li family.

The contrast between the Chen family and the Li family alone was a world of difference!

How could she wish for her son to become a dragon and rise straight to the heavens, how could she wish for him to become a dragon and resign himself to the clouds?

After taking a deep breath, Li Lan endured the pain in her right leg and said firmly, "Dong'er will never succeed you as the head of the Li family!"

"Too early to say!"

Elder Li smiled confidently, "Dong'er is not stupid, the Chen family successor is just a qualification, a superiority with the Chen family's elite generation, what are the chances? And as long as he turns to my Li family, the position of family head will be his!"

"It is true that the Li family cannot match the Chen family, but when Dong'er becomes the family head, he will still be able to overlook the masses!"

"Dong'er is indeed not stupid, he is not stupid enough to save a cold-blooded cannibalistic family, with my previous experience, does he still want to fly to the flame?"

Li Lan laughed, even though her right leg was in great pain, she smiled brightly, "I know what you are calculating, I am worthless in your eyes, Dong'er is equally worthless in your eyes, what you value is his ability to save the Li family and surpass your sons who are as dumb as pigs!"

Old Master Li's smile froze.

His eyes turned steeply cloudy.

Seeing this appearance.

Li Lan's heart became even more certain as she laughed wantonly, "With your character, how could you be willing to give away the large Li family to an 'outsider'? You only want to use Dong'er to save the Li family, and when the foundation is firmly established, then the stupid Li family will take over!"

"Even if you died, you would surely have made plans in advance to teach your useless wimps how to seize power, right?"

Boom!

Old Master Li's body shook.

His expression remained unchanged, but the veins at the corners of his eyes bulged out and trembled vaguely.

Even the right hand that rested on the walking stick was quietly clenched.

A long time later.

Elder Li suddenly gave an odd smile.

“You are indeed more capable than those few brothers of yours, but for the sake of the Li family’s glory, from the moment you were born, you were destined to be a sacrificial lamb for the Li family, even if you were more capable!”

After saying that, he turned and left.

“Your Dong’er will come, as to whether he is willing to take over the Li family, with you as a sacrificial lamb, what fear does the old man have?”

With a single word, Li Lan instantly became furious to the extreme.

She rolled and crawled like a madman after Master Li, and roared, “Can you be a human being? Why do you, the father, have such a malicious heart?”

“Old man is dedicated to the Li family, why is there any mischief?”

Elder Li stopped and looked down at Li Lan, who was hugging his thigh, without a trace of pity in his eyes.

“You will regret this, you will definitely regret this!”

Li Lan cried and roared, her eyes fierce, her hands clinging to Elder Li’s thighs in a deadly manner, “We are not the orphans and widows we were back then, Dong’er’s father is back, he he will not let you go!”

“Ridiculous! If the Chen family was like my Li family with one voice, I would still fear Chen Daoling a little, now he wants to turn on me, go through the Chen family old lady first!”

Bang!

As Old Master Li laughed coldly, his cane was raised again and smashed fiercely on Li Lan’s right hand.

“Ah!”

Li Lan let out a miserable cry of pain and let go of Elder Li’s thigh.

Elder Li left with quick steps.

Immediately after that, two maids walked into the house, picked Li Lan up brutally and threw her onto the bed.

From beginning to end, neither Master Li nor the lowest-ranking maid in the family showed the slightest mercy or compassion to Li Lan.

In the cafe outside Kyoto International Airport.

Chen Dong sat by the window.

Night had fallen, but the area around the airport was still brightly lit.

Chen Dong looked at the scene outside and said with a sullen expression, "Elder Long, how much longer do we have to wait?"

In fact, they had already landed a long time ago.

It was just that Elder Long had received an order from Chen Daoling to wait at the airport.

But after this wait, it was already dark!

"Old slave doesn't know either, everything will be fine when His Lordship arrives." Elder Long said.

"Wait for him to arrive?"

Chen Dong turned his head back, his gaze stern, "After waiting for a few hours, how much longer do we have to wait? If he doesn't arrive, should we let my mother stay in the Li family all the time?"

Old Master Li did not regard his mother as his own daughter at all.

Twenty years ago, he was able to shamelessly and maliciously plunder the foundation left behind by his father, and during these twenty years, he had been secretly suppressing his mother, not allowing her to have a chance to turn over a new leaf.

For someone who could use such tactics against his own daughter, Chen Dong really did not dare to expect his mother to have a good life in the Li family!

"This is Master's order!" Elder Long smiled bitterly.

"Bullshit order, no more waiting!"

Chen Dong rose indignantly and strode out the door, "He can afford to wait, but I, as a son, cannot afford to wait!"

"Elder Long" Kun Lun looked at Elder Long in dismay, hesitating.

Long Lao sighed helplessly, "Let's go."

Qin Ye finally got up and looked at Chen Dong who was angrily moving forward, he couldn't help but rub his chin, "A bit interesting, but he has bloodlust, his crotch is really not a poseur thing."

As he said that, he looked towards the thick black clouds on the night and laughed playfully, "Tonight's storm, I'm afraid, is a bit heavy."

Under the night curtain.

A black Hummer, like a fierce beast, whistled towards the outskirts of Kyoto.

It rampaged along the way, its huge body, causing nearby cars to retreat in panic.

Rumble

In the night sky, the black clouds that had been building up for a long time finally burst into thunder.

As if the heavens were roaring in anger, thunder continued to roll and roar.

It made the already oppressive Kyoto even more suffocating.

Outside Fragrant Hill.

The Humvee came speeding along.

The strong light illuminated the road ahead, even though it was a mountain road, but Kunlun, who was driving, still rampaged on without the slightest intention of slowing down.

Chen Dong sat on the passenger side, a position he had picked out for himself.

Looking indifferently ahead, along with the forward motion, thunder kept rolling and roaring outside.

Lightning began to tear through the night, and from time to time, the lightning illuminated everything around him.

Finally.

A lofty standing ancient castle manor appeared in the line of sight.

“Young master, the Li family is up ahead.”

Kunlun pointed at the Li family manor.

A look of disgust appeared on Chen Dong’s cold face.

Looking at that ancient fortress manor, it was as if he saw a monstrous product under the old feudal dogma.

The cold and solemn ancient castle was filled with cold blood everywhere.

Gradually, Chen Dong’s eyes grew fierce.

It was as if a monstrous sea of fire was churning violently.

As he approached the fortress, Kunlun told the car to slow down.

Chen Dong turned his head: “What’s the point of slowing down?”

“The Li family’s ancient fortress, one has to knock, otherwise no outsiders are allowed to enter.” Kunlun explained.

A touch of openness surfaced on Chen Dong’s face.

His right hand lifted up and pointed at the ancient castle gate, his voice indifferent as he said, “I’m here to rob someone, not to pay respects, speed up and ram it in!”

Boom!

At the same time, the night was filled with thunder and lightning.

Blinding lightning lit up the sky.

The sound of thunder was deafening.

Inside the car, Elder Long, Kunlun and Qin Ye’s bodies trembled at the same time and their faces changed dramatically.

A frightening chill was born from their hearts

Winner Takes All Chapter 187-188

Chapter 187

The electric light was blinding, imprinted on Chen Dong's cold, stern face.

Long Lao San's heart was chilled and his back was chilled.

At this moment, Chen Dong looked like a different person.

He was wild, cold, and even had a murderous aura!

Elder Long's pupils tightened.

Looking ahead at the gates of the Li family's ancient castle, which were getting closer and closer, his heart felt as if it was about to jump out of his chest.

The gate of the richest manor in Kyoto had been hit!

News like this would definitely stir up the stormy clouds in Kyoto.

For this was not just a gate, but the face of the Li family!

It was a provocation that could not be measured!

"Young master"

Kunlun's voice was low to the point.

However.

Chen Dong's eyes were hostile: "I said, crash in!"

Being gazed at by Chen Dong, Kun Lun's body was shivering with sweat.

He had once been a mercenary king, crawling out of the pile of the dead countless times and being reborn in blood.

He had seen countless fierce gods.

But now, he actually saw the same look in Chen Dong's eyes as those fierce gods did!

Boom!

The Hummer exploded with a roar of its engine.

The speed spiked wildly!

Boom click!

On the night sky, lightning cracked the sky.

Under the blinding light, the huge black Hummer, like a ferocious beast, rammed into the old castle gate.

Rumble~

Like a cannonball.

The gate of the castle was instantly deformed.

But it did not collapse.

The Hummer's engine roared and the tyres scraped against the ground, sending up smoke.

With an ear-splitting twist of metal, the gate was thumped and sent flying a dozen metres away by the Hummer!

The sudden scene immediately alerted the security personnel inside the Li family fortress.

Seven or eight security guards surrounded them in unison.

"This is the Li family, get off immediately!"

An angry roar echoed outside the car.

Kunlun sat frozen in his seat, in a bit of a trance.

And in the back row, Elder Long had a gloomy look on his face.

Qin Ye's eyes shone with essence, somewhat agitated.

Chen Dong was the only one, indifferently sweeping towards the security personnel outside, "Noisy! Drive in!"

Kunlun returned to his senses and gave a kick of the accelerator down.

The Hummer roared straight on towards the depths of the ancient castle.

"Activate the s-level security alert!"

At the same time, the Li family security personnel simultaneously made the quickest response.

Level S alert, the highest level of alert in the Li family's security system!

The security personnel had the authority to use weapons during this level of alert.

If any casualties are caused, the Li family will bear the responsibility!

Bang!

A gunshot echoed through the large gardens of the Li family fortress.

The bullets hit the Hummer and sparked brightly.

The security personnel at the gate, too, quickly got into their cars and whistled towards the Hummer in pursuit.

Do not enter unless you are invited!

To enter the Li family one had to knock on the door and get permission to enter, and even some powerful people were not allowed to drive into the old castle, but had to enter in a Li family vehicle.

This was the dignity and arrogance of being a top wealthy family.

But now, Chen Dong was trampling this dignity and arrogance underfoot.

The ear-piercing sound of an alarm instantly echoed through the ancient castle.

A blinding red light shone above the ancient castle.

A gunshot rang out, sending the entire ancient fortress into an incomparably tense situation in an instant.

The Humvee, however, was still moving at breakneck speed.

Inside the car.

Chen Dong turned back indifferently and looked at Qin Ye, who was dazed and somewhat pale: "Is everything alright?"

Qin Ye was dumbfounded and slowly shifted his gaze, looking at the bullet hole beside him.

The bullet from earlier, grazed his side and shot away so hard that even his arm, felt the burning sensation of the blazing heat.

"Te, damn it seems to really be in big trouble!"

The hovering on the edge of death made Qin Ye's voice tremble terribly.

"Heh" Chen Dong laughed openly and wildly, "A small disaster, I'm still too lazy to break into it!"

The eyes, however, looked askance in the direction of Kunlun.

On the windshield in front of the driver's seat, a bullet hole was clearly visible.

Faintly, Chen Dong could see the blue veins bulging out of the corners of Kun Lun's eyes.

The bullet that had just grazed Qin Ye's arm had also grazed Kun Lun's head.

"Thanks brother!"

Chen Dong's cold expression softened a few points.

Kunlun, however, smiled spontaneously, "Having come through life and death, I'm not afraid anymore, Young Master, up above and down below, Kunlun has no fear!"

As he said that, Kunlun raised his eyes to look at the rear view mirror.

Three cars were speeding after him.

"Sit tight!"

Kunlun smiled coldly.

Without warning, he grabbed the steering wheel with both hands and turned violently.

The terrifying inertia caused Chen Dong, who was caught off guard, to fall backwards and forwards.

Along with Kunlun's quick manoeuvre, the Hummer's tyres scraped against the ground, emitting an ear-splitting sound.

When the car came to a halt, it was the front end of the car facing the three cars coming after it.

"Since we're going to play, let's play big! Let the Li family know that my young master, my family, is not to be bullied!"

Bloodthirsty madness flashed in Kunlun's eyes as his right foot blasted down on the accelerator.

The Hummer roared and crashed directly into the nearest car.

Bang Teeny!

The terrifying impact instantly shattered all the glass of the Hummer.

The car that was hit rolled over, sending smoke billowing out.

Crunch!

Crunch!

The two cars that were following the crash braked sharply at the same time.

The security staff inside were all confused.

Whoever broke in was crazy, right?

As the security personnel of the Li family, they were undoubtedly at the top of their profession.

They had never had an incident where an outsider had broken into the Li family.

What's more, it was a scene like this in front of him.

Was this going to end up with the Li family?

"Beautiful!" Inside the Hummer, Qin Ye, who was frozen in fear, suddenly let out an excited shout.

Kun Lun smiled coldly.

Chen Dong, on the other hand, said indifferently, "Off to the ancient castle."

Only Elder Long was the only one who looked gloomy to the extreme, his gaze complicated.

Today's matter was completely done!

Not only was it trampling the Li family's face into the mud, but it was also going to stir up the Li family and Kyoto, like thunder and lightning above the sky.

The Hummer turned and sped towards the old castle.

The two security cars, after a moment's hesitation, finally gave chase.

And at the same time.

In the hall of the castle.

The atmosphere was tense.

Everyone was in a state of panic.

“Who the hell is it? Who dares to barge into my Li family?”

“Arrogant, simply arrogant! Those who trespass against my Li family, die!”

“S-class alert, this is already the highest level of alert, I even heard gunshots just now, who the hell dares to ignore my Li family like that?”

.....

The crowd was boiling and people were on edge.

At this moment, a middle-aged man suddenly shouted.

“Dad is here!”

The crowd's gazes flashed in unison.

Master Li's face was as gloomy as charcoal, and with the help of his maid, he walked quickly to the crowd on his crutches.

Looking at the group of terrified Li family members, Old Master Li's heart was filled with indignation as he scolded fiercely, “A group of indisputable things, what are you panicking about?”

Having been in charge of the Li family for decades, he had supreme prestige in the Li family.

With a single word, he instantly made the Li family settle down.

“Dad, who is it?”

The middle-aged man who had just shouted out supported Elder Li and looked at the security personnel who kept gathering over outside the hall, his face slightly pale.

“Lan'er's son.”

Elder Li said in a deep voice.

Boom!

Everyone exploded in shock at once.

“Damn it! How could it be that dead bitch’s son?”

“That dead woman Li Lan, what does she take our Li family for? How dare she let that bastard son of hers do whatever he wants!”

“Dad, I told you that little sister should not be allowed, she shouldn’t be a member of our Li family, look at that, you still thought of letting them come back, and now that son of hers, he’s driving straight into our Li family!”

.....

Inside the hall, there was a lot of noise.

There were Elder Li’s own sons, and there were also members of the side clan.

But without exception, all of them were furious.

“On guard!”

Outside the hall, a shout went up.

Elder Li and the others were all startled and looked out at the same time.

At that exact moment, two beams of extremely harsh lights, from far away, came straight at them.

Everyone could not help but squint their eyes.

And inside the car.

Chen Dong looked indifferently at the dozens of security personnel outside the hall, “Kunlun, whoever stands in the way, let the car drive over him.”

“Give me that, drive the car into the hall!”

Chapter 188

“Young master, so many people

Kunlun’s gaze flickered.

He was not afraid to kill, mercenaries on the field, either to be killed or to kill, there was no choice.

And now, these people in front of him made him hesitate.

“When they shot, they didn’t think about whether they would kill us or not.”

Chen Dong’s words made Kunlun’s hesitation vanish into thin air.

The wrecked Hummer let out a roar and increased its speed instead of decreasing, charging directly towards the ancient castle hall.

This scene caused everyone within the ancient castle hall to explode in shock.

“Oh my God, is this beast crazy? Is he trying to run us all over directly?”

“House Master, make a decision, just ask security to shoot him! You can’t keep a mad dog like that!”

“He should be killed, he should be killed! When has the Li family ever been bullied to such an extent?”

.....

All of the Li family members were in an uproar as they were horrified.

As the richest man in Kyoto, even if they were from the side of the family, they still had the pride of the richest man.

This arrogance made them accustomed to being in the clouds and overlooking all the people.

But Chen Dong had crushed their arrogance, pulling them from the clouds to the earth and stepping on them in the mud.

For the great families, face and dignity are more important than human lives!

“Defend!”

Outside the hall, dozens of security personnel stood at attention, guarding the front of the hall.

Under the strong light, three security officers in the crowd raised their hands.

Three pitch-black gun barrels swept through the gaps in the crowd, pointing straight at the Humvee that came barreling down the hall.

Murderous intent, at once!

In front of the old castle hall, the only sound that remained was the roar of the Humvee roaring from afar.

And the Hummer, without the slightest sign of slowing down.

Instead, the roar was accompanied by increasing speed.

Dozens of security personnel frowned and looked grave, some of them even had beads of sweat seeping out of their foreheads.

This was the first time since they had been guarding the Li family fortress in the true sense of the word!

Shock, confusion and nervousness all lingered in their minds.

Inside the hall, Elder Li was positioned in the middle of the crowd like a needle in the sea.

As he looked at the speeding Hummer, his brow was furrowed into a river, his shadowy eyes were like those of a viper, and the veins at the corners of his eyes were even more prominent.

The Li family around him quieted down, but the agitation and fear remained.

The middle-aged man standing beside Elder Li said in a deep voice, "Dad, this is a rebellious son of a madman, kill him!"

He was Elder Li's eldest son, Li Deshan, who was second only to Elder Li in terms of prestige and status in the Li family.

"Humph!"

Elder Li let out a cold snort and took a step forward, his gaze firm.

Li Deshan instantly felt wild joy in his heart, killing intent raging in his eyes.

He was the eldest son of the Li family and was second only to his father, the family head.

If there were no surprises, he would be the next head of the family!

In the Li family, only by becoming the family head could he enjoy all the money and resources of the Li family, which was the highest glory.

However, his father suddenly changed his mind and actually wanted his damned little sister's son to inherit the Li family's headship.

When he learnt this news, his anger raged.

He had waited for decades to become the head of the family after his father's death.

How could he let a wild bastard with a foreign surname who did not even have the name Li become the head of the family?

Li Deshan thought about convincing his father, but his father's attitude was unexpectedly resolute.

While he was anxious, he did not expect that Chen Dong would dare to storm the Li family.

"You seek your own death, so you can't blame me for sending you on your way!"

Looking at the face in the Hummer, which vaguely resembled Li Lan, Li Deshan's killing intent surged.

However.

"All get out of the way!"

Elder Li suddenly let out a furious roar.

Boom!

Li Deshan's tiger body shook, and his features instantly grimaced to the limit.

And those words were no less than five thunderbolts to everyone!

Had the family head gone mad?

He had already rushed into the Li family's fortress, and he was still going to do nothing and let this wild animal rush into the fortress?

If this were to get out, the Li family would become the laughing stock of the entire city!

"Dad" Li Deshan, the eldest son, immediately tried to persuade.

"All of you give way to the old man!"

Elder Li gave a roar that was like a lion's roar.

And at that moment, the Hummer had already rammed close to the front.

The dozens of security personnel no longer hesitated and quickly moved to the left and right.

And as the Hummer rammed brutally into the steps, the Li family could not stand any longer at last, and retreated in fear.

But everyone was shocked to find out.

Only Old Master Li was standing tall in the middle of the hall, unmoving!

“Dad

Li Deshan was startled.

“Family head.”

“Dad.”

“Grandpa.”

In an instant, the crowd was filled with shouts of surprise.

Yet no one stepped forward.

The Hummer rushed into the hall, and the glare shone so brightly that the hall was white and engulfed Old Master Li.

Everyone couldn't help but squint their eyes.

There were even adults covering the eyes of children.

Crunch!

The ear-piercing sound of brakes.

The Hummer came to a halt.

When everyone thought that it was hard for Elder Li to escape.

The car lights went out, revealing Old Master Li.

He was still standing firmly in place, his body no more than ten centimetres away from the Hummer!

Inside the hall, there was dead silence.

Elder Li stood in place, looking at Chen Dong inside the Hummer with a shadowy expression.

And Chen Dong, too, looked at Elder Li.

The two were staring at each other, invisibly, but they were causing everyone in the hall to feel a strong oppression.

Finally.

Old Master Li sneered, "You don't dare to kill old me?"

"You are qualified to let me kill?"

Chen Dong gave an untamed smile.

Opening the car door, he got out of the car.

Behind him, Kunlun, Elder Long and Qin Ye got out of the car one after another.

Elder Li swept his gaze over the three of them one by one, "Elder Long, young people are reckless and impulsive, and you follow the hot blood at your age?"

"You, are not qualified to question Old Man!" Elder Long laughed disdainfully.

The gloom in Elder Li's eyes intensified, and fell back on Qin Ye with a cold smile.

"The man who killed his father in the Qin family is also here to stir up this muddy water?"

Qin Ye cynically stuck his hands in his pockets and rolled his eyes, "None of your business!"

Elder Li's face sank.

At that moment.

Li Deshan and the others who were in a state of shock finally came back to their senses.

"Take him down for me!" Li Deshan shouted.

Dozens of security personnel outside swarmed into the hall.

But it was Elder Li who bellowed, “No one is allowed to come over!”

With one cry, everyone came to a screeching halt.

Master Li said in a stern voice, “If anyone hurts my grandson, I will let him die without a burial place!”

Li Deshan’s jealousy and resentment was overwhelming.

The rest of the Li family were also shocked, bewildered, puzzled and angry.

Chen Dong smiled.

Walking up to Elder Li: “You are truly brazen!”

“You are still young, Grandpa doesn’t blame you!” Elder Li smiled amiably, as if what had just happened, had never happened.

“I’ve come to take my mother home!”

Chen Dong looked at Elder Li coldly and sternly.

“Your mother is in her own home now.” Elder Li’s smile was gentle, but his eyes were incomparably resolute.

The words had just fallen.

Zap!

Chen Dong directly grabbed Elder Li’s neck with one hand.

“I’m not discussing with you, I’m informing you! Otherwise, I can make you an ancestor of the Li family!”

Winner Takes All Chapter 189-190

Chapter 189

The intent of the threat was unmistakable.

Since Chen Dong had dared to come, he had also been mentally prepared for a long time.

“You beast, let go of my father!”

Li Deshan was the first to shout angrily, “He is your grandfather!”

“Bastard, simply a beast, below the law, without respect!”

“Is there something wrong with the ancestral feng shui of my Li family, why would there be such disobedient offspring?”

“Li Lan, Li Lan, you dead woman, you’ve given birth to an animal, you dare to threaten even your elders, no filial piety left!”

.....

The crowd roared, filled with righteous indignation.

Chen Dong suddenly felt a little funny.

How can you behave like this?

No respect for elders?

These people, had they ever treated him and his mother as members of the Li family before?

Now that Old Master Li was in his hands, they were talking about filial piety?

It was shameless to the extreme!

The corners of Old Master Li’s mouth smiled, “Dong’er, come back, this is your home, and you will be the head of the Li family from now on!”

“I, want to take my mother home!”

Chen Dong’s right hand slowly increased in strength.

Elder Li’s face turned red, his eyes began to bulge, and he was clearly choking a little.

But he, still, was smiling.

This scene made everyone’s heart tremble.

Crazy!

Chen Dong had truly gone mad!

With the scene before them, no one dared to doubt that Chen Dong would kill Old Master Li.

“You don’t have a choice!”

Elder Li suddenly squeezed out a sentence from his throat, "If you don't become the head of the family, you won't be able to receive your mother back, moreover, your mother will die!"

Again, it was a naked threat.

Yet, it caused Chen Dong's heart to tremble viciously.

The right hand that was strangling Elder Li's neck could not help but relax the force a little.

Feeling his neck relax a little, the smile on Elder Li's face became even stronger.

The look in Chen Dong's eyes carried a hint of smugness.

After all, he was a young man, how could he talk about calling the old man's bluff?

He had kidnapped Li Lan back to the Li family, just to force Chen Dong to give in.

With Li Lan's life in his hands, he had no fear that Chen Dong would refuse to inherit the family headship.

Compared to the future of the Li family, Li Lan's life was insignificant in Elder Li's mind.

"He is your daughter, and in your heart, is she so worthless?"

Chen Dong was filled with fury that tumbled to the point of rage.

However.

Elder Li was smiling, "She is a woman of the Li family, to contribute to the future of the Li family, that is her glory!"

Slap!

Chen Dong was furious and backhandedly slapped Elder Li directly onto the ground.

He really did not think that people could be shameless to such an extent!

And to be the richest man in Kyoto, the head of the Li family!

It was simply heaven's misfortune for his mother to be born into such a family!

"Dad"

Li Deshan and a few of his younger brothers immediately rushed up and surrounded Elder Li in the middle.

The Li family members around them also stepped forward at the same time, and the group was in an uproar.

“Kill, kill them all for me!”

When Li Deshan saw that half of Old Master Li’s face was swollen and the corners of his mouth were tinged with blood, he instantly surged with killing intent.

In an instant.

Dozens of security personnel rushed in.

“Big guy, do it!”

Qin Ye suddenly let out a shout, backhandedly pulled out a dagger from his pocket and rushed towards the security personnel as fast as lightning.

Almost simultaneously.

Kunlun also roared, his towering pagoda-like body pounced on the security personnel with a mountainous cry.

The battle was on!

The dagger in Qin Ye’s hand instantly stabbed into the abdomen of one of the security personnel, blood flew and the security personnel fell into a pool of blood.

The hall was instantly filled with the smell of blood.

This scene was seen by Chen Dong in his eyes.

Even he could not help but be secretly shocked by Qin Ye’s killing decisiveness and ruthlessness.

A man who had killed his father would really not pity the lives of others!

And the ruthless Qin Ye and the fierce Kunlun really did stop dozens of security personnel in the blink of an eye.

“All Li family members, take down this sinful beast for me!”

Li Deshan bellowed.

Almost simultaneously.

All the Li family men were like wolves and tigers, ferociously and directly flooding towards Chen Dong and Elder Long.

Chen Dong moved his shoulders and a cold smile appeared at the corners of his mouth, "It's just as well for me to see how wasteful the elites of the Li Family really are to be so brazen as to invite me, the sinful beast you call me, back to be the head of the family!"

Not waiting for Chen Dong to act.

There was a sudden shake in front of his eyes.

Elder Long stopped in front of Chen Dong.

At this moment, Elder Long's expression was cold and stern, and his aura was oppressive.

"Your Li family, are you trying to bully the lesser with the greater number of people?"

"Elder Long, you are a member of the Chen Family, stay out of our Li Family's business, or else don't blame our Li Family for not giving face to the Chen Family!" Li Deshan was furious.

And Elder Li did not stop it.

He could do whatever he wanted for the future of the Li family, and he could put down his stature.

But it did not mean that the Li family's dignity and face could be trampled on at will.

What Chen Dong had done should indeed be hammered.

Let him know that the Li family was a behemoth in front of him, and not something that he, an ant, could abuse at will!

However, Elder Long laughed disdainfully, "Your Li family's business? But young master Chen Dong is the young master of my Chen family, whoever dares to touch him, don't blame my Chen family for not giving face!"

With a single word, he was overbearing.

Hegemonic and arrogant.

Li Deshan and a group of Li family members instantly sank in their faces and stopped in their tracks.

“Elder Long, he is the head of my Li family!” Elder Li retorted.

“My young master still doesn’t despise the position of a mere Li family head!” Elder Long was full of arrogance, “Compared to the Chen Family, your Li Family, what is it?”

“You

The Li family was the richest in Kyoto.

But compared to the Chen family, it was indeed a difference of clouds and mud.

Li Deshan looked cross: “I don’t care who you are, those who offend my Li family, give me a beating! Today, I am going to bully the young with the many!”

Elder Long’s expression sank.

He was not worried about Elder Li, but was most worried about a cross breed like Li Deshan.

Fearless of the Chen family’s might, they were in the Li family’s cave, just like a dragon’s den!

Whether or not they could save Madam, and whether or not they could get out of the Li family safely, was an unknown.

As they saw the Li family gathering around them.

Long Lao’s heart was burning with anxiety.

Then, a snap!

Chen Dong put his right hand on Elder Long’s shoulder, “Elder Long, I’ll do it.”

“Young Master

The words had not yet left his mouth.

In the sky outside the hall, there was a sudden roar of propellers.

A rumble

Along with the roar, gusts of wind swept down from the sky.

In an instant, everyone gave a start.

A helicopter slowly landed in the clearing in front of the old castle.

“Master?!”

When Elder Long saw the helicopter, he immediately became wildly excited.

“Finally, it’s here.” Chen Dong’s expression eased up a little.

Hearing Elder Long’s startled cry, Elder Li and the Li family’s crowd instantly had their hearts beating wildly.

Everyone’s eyes were focused on the helicopter.

Under the night, the helicopter propellers roared and spun, kicking up a fierce wind.

Then, the hatch opened.

A figure slowly stepped out from inside the helicopter.

As he walked, he smiled.

At this moment, Elder Li and the Li family all looked grave.

Followed closely.

A magnetic voice issued from the man’s mouth.

“Li family, give me back my wife!”

Chapter 190

A magnetic voice, very calm.

But like a thunderous explosion, it fell clearly into everyone’s ears.

It made everyone in the Li family look grave to the extreme.

Old Master Li even had a resentful gaze and clenched his fists.

Chen Dong eyed the man as he slowly walked towards him.

Technically speaking, this was the first time he had actually seen his father.

With his handsome features and upright stance, it was hard to believe that this was the image of a middle-aged man.

There was a strong pressure between his eyebrows, a teasing sneer at the corners of his mouth, and sharp eyes that seemed to look at everything out of the corner of his eye.

Chen Dong had seen many people in high places.

There are those who are not angry and powerful.

But to be able to achieve such a poise and charm as his father, I am afraid that only by being the head of the Chen family can one be nurtured over the years.

What moved Chen Dong even more was his father's words!

"Master."

Elder Long and Kun Lun bowed their heads in salute at the same time.

Chen Daolin, however, nodded his head and walked up to Chen Dong.

The father and son were not much different in height and had similar looks, but their temperaments were vastly different.

"Dong'er."

Chen Daolin sighed a little, "I didn't expect to meet you for the first time under such circumstances, and in this dog's place."

The phrase "dog place" was full of contempt.

It made all the Li family members look furious, but they dared not speak out in anger.

At this moment, facing his father.

Chen Dong was suddenly at a loss for words.

His mind was blank.

It was a strange feeling.

There was a time when he had a belly full of grievances against his father, and after slowly learning something, his attitude was changing.

Countless times he had simulated in his mind what kind of state he should be in when he saw his father and what he should say.

But after countless simulations turned into reality, his lips mumbled and he did not know what to say.

Chen Daolin smiled gently and gently patted Chen Dong's shoulder.

With a sidelong glance, he swept his eyes across the Li family members surrounding him at hand, and raised his eyebrows, "Bullying the lesser with more people? Old man Li, do you think that I, Chen Daoling, am a good bully?"

"Dao Lin, listen to the old man's explanation"

Old man Li forced himself to play it cool.

"Explain my ass! Chen family head, look at me and Kunlun, these dozens of security personnel, we were the ones who blocked them just now, if I hadn't stabbed over a few and was able to bluff a bit, your precious son would probably have been killed at this moment."

Qin Ye suddenly pulled out his voice and interrupted Elder Li's words as he held up the blood-stained dagger and pointed at the Li family, "Look again, these Li family old men, just now they almost rounded up Chen Dong and Elder Long, God damn yo, even if you beat up your son, Elder Long is so old, you still don't even let go."

The words made Elder Li feel the urge to vomit blood.

He hated to rush up and directly kill Qin Ye.

"Qin family brat, you need to stop barking here, this is not a place for you to spill your guts!" Li Deshan growled angrily.

Even if he was stupid, he could hear that Qin Ye was pouring oil on the fire.

However, Qin Ye spat on the ground and said with a rampant face, "Laozi even dares to kill his own father, you say this is not a place for me to spill my guts?"

"You" Li Deshan was red-faced and dumbfounded.

"That's enough!"

Chen Daoling shouted angrily and spoke coldly, "Back then, when I returned to the Chen family to inherit the family headship, I was constrained by the Chen family, and you bullied Lan'er and Dong'er as orphans and widows, do you really think I, Chen Daoling, don't know? My Chen Daolin's people are not something you can bully, you old dog!"

Boom!

With one word, everyone was struck by lightning.

Bullying, undisguised bullying!

But all the Li family members were dumbfounded.

Because they knew that Chen Daoling had the qualifications for his bullying!

“Daoling, I’m your father-in-law,” Elder Li wailed in shock and trepidation.

At this moment, he was angry and frightened.

Chen Daoling’s appearance was beyond his expectation at all!

From the time he had planned to kidnap Li Lan and intimidate Chen Dong, he had not planned Chen Daoling into it at all.

This was because he knew that even if Chen Daolin could help Chen Dong obtain the Heir Apparent qualification nowadays, it would never be possible for him to do so personally.

In the Chen family, Chen Daoling was not the only one who had the say. Not to mention the other factions, the Chen family’s old lady alone was enough to restrain Chen Daoling!

Just as when he led the Li family to usurp the foundation left behind by Chen Daolin, Chen Daolin was so constrained that he could only watch Li Lan’s foundation being taken away and live with the humiliation.

But now, why did he suddenly come to the Li family?

If he did not know that Old Lady Chen was still alive, when he saw Chen Daolin at this moment, Elder Li would even think that Old Lady Chen had died.

“Father-in-law?”

Chen Daolin smiled disdainfully, “When you don’t think of Lan’er’s father-daughter bond, you are no longer my father-in-law, I have nothing to do with Lan’er, Dong’er, or your Li family!”

“I,”

Elder Li was a little flustered.

Chen Daolin’s overbearing and brutal manner was the same as Chen Dong’s just now.

Father and son were simply carved out of the same mold.

He could play tricks when dealing with Chen Dong.

But when it comes to Chen Daolin, if he plays a trick, Chen Daolin will be able to subdue all his tricks and break them!

This is determined by status and wealth, not by city spirit!

“Dong’er, tell me, did they bully you?” Chen Daoling directly ignored Elder Li, to be precise, he directly ignored everyone in the Li family.

Chen Dong was in a bit of a trance, his eyes fluttering.

He felt the large hand on his shoulder slightly exerting itself.

His heart and soul suddenly moved and his nose tingled a little.

The scene in front of him was one he had looked forward to for over twenty years!

Ever since he was a child, whenever he was bullied and aggrieved, he had always wished for the presence of this big hand to ask such words!

So, Chen Dong nodded his head forcefully.

“Good!” Chen Daolin looked stern, “Daddy will help you bully back!”

Hearing these words, Chen Dong’s eyes instantly reddened.

And Elder Li’s face steeply turned a little pale.

Inside the hall, there was dead silence.

Everyone was in a state of apprehension.

While Li Deshan’s expression was steeply violent, he pointed at Chen Daoling angrily and roared, “Chen Daoling, it is true that you are the Chen family head, and it is true that your Chen family is stronger than my Li family, but you should also see that this is in my Li family’s territory, don’t you bully people too much!”

Although it was a roar.

But the last word “bullying too much” made everyone feel a bit strange.

Chen Daolin laughed coldly and ignored Li Deshan.

Instead, he looked at Chen Dong, his eyes incomparably stern.

“Dong’er, Dad has taught you that you must bully people too much! If you can’t bully people too much, you might as well not bully them at all!”

The words were resounding and overbearing.

Chen Dong’s heart was so moved that he felt like his heart was about to jump out of his chest.

The words had just fallen.

Rumble

Rumble

Rumble

Above the night sky, a thunderous booming sound came out abruptly.

It was deafening.

Even, it drowned out the sound of thunder that was coming on the rainy night.

In an instant.

Everyone in the hall was terrified, and some even rushed out of the hall to look up at the night sky.

When Chen Dong heard the sound, his pupils could not help but gradually dilate, and his body faintly trembled.

Because, this voice, he was too familiar with it!

When proposing Gu Qingying’s marriage, it was this great gift that his father had sent!

“Warplanes, oh my god, family head, there are warplanes hovering over our family’s ancient castle!”

Outside, a member of the Li family screamed in alarm.

And within the hall, Elder Li and the rest of the Li family all turned white and their bodies were faint.

Chen Daolin turned around and looked askance at Elder Li and the others.

“Give me back my wife, or don’t blame me for razing your Li family to the ground!”
