

Winner Takes All Chapter 291-300

Chapter 291

Chen Dong froze for a moment.

Looking back at the haggard and exhausted Gu Qingying, he could not help but feel his heart stinging fiercely.

For three days, he hadn't slept, and how could Gu Qingying not?

The biggest victim in this storm was not him, but Gu Qingying.

On one hand, he was suppressing all his emotions, and on the other hand, he had to bear the damage of online violence.

With the double damage, what Gu Qingying had to endure was far more than him.

"Xiaoying, it's alright, I'll take care of it and I'll explain it to you." Chen Dong was filled with guilt.

"I don't need your explanation, I believe you."

Gu Qingying looked despondent, turned around and walked towards the stairs, "You are my husband, no matter what time it is, I should always have your back."

Looking at the delicate back, Chen Dong's gaze flickered and his eyes faintly reddened.

How much grievance should he have endured before he could say these words?

Pop!

Chen Dong fiercely slapped himself.

Frightened, Long Lao's face changed greatly and he hurriedly stepped forward, "Young master, what's wrong with you?"

"I promised to give Xiaoying happiness, she bet her whole life on it, but what about me?"

Chen Dong leaned back in his chair forlornly and smiled dejectedly, "How long has it been since the wedding wasn't perfect and there was even the shadow of my mother's death? I let her step into the limelight with me, and the only complaint she has against me to this day is that she was worried about me the night she lost contact."

Marriage, Chen Dong had experienced.

That's why he understands the preciousness of this relationship with Gu Qingying even better.

The three years he spent with Wang Nan Nan were almost like a nightmare.

But when Gu Qingying returned to him, it made him feel an unprecedented happiness.

If it had been the Wang Nan Nan back then, perhaps the family would have been in turmoil by now, right?

"That's why Young Master should pull himself together all the more!" Long Lao gritted his teeth and said, "Young Madam has already endured so much for Young Master, if Young Master loses, is it right for Young Madam?"

"Of course I'm sorry!"

Chen Dong's obscure eyes gradually glowed, as if burning out of a blaze, his hands clenched into fists and he said firmly, "I won't let her lose, with her around, I won't be considered lost until I die."

At this moment, Chen Dong gave off a feeling as if he had renewed his life.

Even Elder Long could not help but be secretly surprised.

"Perhaps it is time to think of something else."

Chen Dong's gaze was profound as he murmured with a cold smile, "The monstrous power is her sharp sword, I cannot save the day, but the monstrous power is also a sharp sword that everyone can use, using it well to kill invincible people, using it badly is a backfire."

A light flashed in Elder Long's eyes as he pondered.

By the time he came back to his senses, Chen Dong was already walking towards the stairs.

"Elder Long, can you cook something for me to eat? I have something to discuss with Qin Ye and Chu Reed."

"Yes young master!" Elder Long said joyfully.

Time passed slowly.

The darkness receded and the light rose.

Chen Dong, who had been video-conferencing with Qin Ye and Chu Reed for half of the latter half of the night, leaned back in his chair and looked at the sunrise rising in the distant sky, but he was not tired, instead, a relaxed smile appeared at the corner of his mouth.

In the past three days, he had waited countless times for the sky not to rise, because he knew that every time after dawn, what would come would be an even more ferocious public opinion storm that would fester.

The devastating and brutal crushing of the company in Chen Dong's hands had caused him to suffer unprecedented and tragic losses in just three days.

But now, Chen Dong is instead looking forward to the dawn rising.

He did not care what methods Gu Qingying would use to help him; while the determination was born, he already had a rough idea.

Having video-conferenced with Qin Ye and Chu Reed for so long, with the layout of a showbiz professional like Chu Reed, the whole vein of the operation method had already taken shape.

Coupled with the presence of Qin Ye, who was both good and evil, and his unscrupulousness.

He believed that today, perhaps public opinion was rippling!

“Chen Yu Fei, I could care less if you caused my reputation to be ruined, but if you want to break up my marriage and hurt Xiao Ying, then don't blame me for breaking the net with you.”

Chen Dong murmured softly, hostility raging in his eyes.

“Young master!”

Behind him, Long Lao's eager voice suddenly sounded.

Chen Dong turned around abruptly, but in front of him, Long Lao's face was red and his eyes were rounded, shocked with complications as he stared deadily at the phone.

“Young master, you, look at Weibo!”

Long Lao's voice had a rare ripple as he said meaningfully to Chen Dong, “Young Madam, it's really going out of its way to help you!”

Chen Dong hurriedly picked up his phone, and once he saw the content of Weibo, the corners of his eyes instantly bulged.

At the top of Weibo's hot search list, it was: Chen Dong's wife was showing solidarity for him late at night!

When he clicked into the hot search, Gu Qingying's Weibo account came into view.

The time the content was posted was 5am.

At this moment, it was only seven in the morning, but in just two hours, it had risen to the number one spot in the hot search with a terrifying speed.

The content of the text was spilling out, every word was resounding, every word was deeply emotional.

But in summary, there is only one meaning.

That is, Gu Qingying, as his wife, unconditionally believed in Chen Dong and supported him in this monstrous situation!

"This"

Chen Dong's mind went blank as he watched, and at this moment, he felt like he was being killed by a thousand cuts.

A torrent of guilt came rushing in like a tsunami.

"By doing this, she is taking the bullet for me, she is directing all the public opinion, towards herself!"

Chen Dong's eyes were red, and his right hand, which was holding the phone, was trembling vaguely.

Public opinion continued to ferment, sweeping across the internet in an almost frenzied manner, creating a monstrous momentum that was destroying and destroying.

In such a situation, anyone who dared to stand up for him would be swept up in the momentum.

What's more, Gu Qingying is also his wife.

She was the third "participant" in this incident!

Right now, all the public opinion and criticism is on Chen Dong, but Gu Qingying coming forward at this moment will definitely lead the public opinion and criticism to herself.

"She has endured all the grievances for your sake." Elder Long's face was full of sorrow and his heart was aching.

In such an incident, he was clear that Gu Qingying was already under immense pressure and aggravation.

And at this moment, in order to ease Chen Dong's plight, she had gone so far as to support Chen Dong in the name of her wife.

Such a tactic would definitely alleviate Chen Dong's immediate plight.

But also, in the case of Chen Dong's ten thousand accusations, resolutely stood in front of Chen Dong and carried the ten thousand accusations for Chen Dong!

This has to how much guts?

Or how much love does one have to have?

Chen Dong clutched his mobile phone, got up with red eyes and rushed towards the stairs.

Pushing open the bedroom door, Gu Qingying was clinging to her bed, not sleeping, her eyes staring straight at her phone.

"Little Shadow."

Chen Dong shouted with all his strength, but my throat was tight, making his shout incredibly small.

Gu Qingying raised her eyes to look at Chen Dong, a gentle smile appearing on her haggard and tired face, "I hope I can help you."

Snap!

Chen Dong fiercely swept Gu Qingying into his arms, a moment of tender love and tidal wave of guilt.

Chen Dong flushed red with tears and said in a hoarse voice, "Little fool, thank you."

Chapter 292

Without explanation, one chooses to believe.

He even went so far as to stand in front of him, resisting the accusations of ten thousand people and the heinous abuse.

What Gu Qingying did warmed Chen Dong and made him, while moved with guilt, sweep away his previous gloom and become determined and resolute.

Ten thousand kinds of tenderness are not as good as having you.

At this moment, Chen Dong experienced it incomparably deeply.

“Big fool, go and do what you need to do.”

Gu Qingying’s voice was low and she smiled faintly.

He left Gu Qingying’s room.

Chen Dong kept swiping his weibo at all times, and the depressed anger in his heart was getting stronger and stronger.

It was just as he had expected.

The support of Gu Qingying, who had risen to the top of the hot search list at a terrifying rate, had instantly attracted the fire of the entire internet.

The tide of abuse was like a rolling tide.

Some of the touches interspersed among them were also instantly drowned out by the abuse.

In almost one second, there were dozens more comments!

Now that public opinion has pointed the finger at Chen Dong, Chen Dong’s non-response for three days has also reinforced the content of the news that broke.

And now Gu Qingying’s strong support, instead of being understood, has led to heinous criticism.

This has become a “carnival”, guided by the fervent fans who adore Chen Yu Fei, and few people will look into the situation.

Internet violence, that’s all.

What’s more, the news that broke was written with an overwhelming and irrefutable force.

This makes the netizens, moreover, not bother to find out the reason.

In their eyes, Gu Qingying’s strong support is to protect the shortcomings, to defend Chen Dong by any means necessary in a beastly manner.

“Little Ying, what you have endured, I will return it all to Chen Yu Fei.”

Hostility surged in Chen Dong's eyes as he quit his weibo and dialed Qin Ye's number: "The wind has picked up, it's your turn to act!"

After hanging up the phone.

Chen Dong sat in front of his desk with a stern expression.

During these three days, all the major companies under his command had suffered ripples.

The doors of Din Tai had all been smashed.

He also did not go to the company to sit at the office, and all matters were worked from home, commanding Xiao Ma and Lone Wolf remotely.

The silence was silent.

Chen Dong's hands quietly clenched into fists, veins protruding and clicking.

Suddenly, the corners of his mouth curled upwards, revealing an evil cold smile that made people palpitate.

Meanwhile.

Kyoto Ujima Hotel.

A rare super five-star hotel, even at the foot of Kyoto's Son of Heaven, it was still of great significance.

Every guest who wanted to move in had to undergo a stringent qualification test.

Inside the presidential suite.

Wrapped in her robe, Chen Yufei lazily lay on the sofa by the window, shaking the glass of red wine in her hand, overlooking the entire view of Kyoto through the huge floor-to-ceiling windows.

She is noble, she is elegant, she is untarnished.

This is how she is judged by the outside world.

But at this moment, while manifesting these qualities, Chen Yufei was more than a little cold and unapproachable.

Her long white legs curled up slightly, and the hem of her robe slipped down to reveal her crystal-jade calves.

Three nights ago, after leaving the Taishan Hotel, she had returned to Kyoto overnight and settled into the Shangdao Hotel.

For three days, she stayed at the hotel without leaving a single step.

She knew that the outside world was in an uproar.

It was not appropriate for her to appear, for if she did, she would attract a lot of attention.

Of course, more than that, it was probably to ask about the affair with Chen Dong.

At such a stormy time, any response from her might catch Chen Dong and the others a glimpse of life.

Hiding and not responding was the best response.

“Chen Dong, ah Chen Dong, I don’t even care about my reputation anymore, what are you playing with me?”

Chen Yu Fei was very clear about her advantage, she entered the entertainment industry precisely because she saw this advantage, in her charming eyes, she smiled coldly: “Everyone thinks that I only want to be a big star in the entertainment industry, but they don’t know that this is my basic plate, this is the sharp sword that I hold to!”

“A mere reputation is worth nothing compared to the Chen family head! In three days’ time, you’re afraid you’ve already been burnt out, right? This great power and ten thousand fingers are enough to make you fall into hell completely!”

Just because she hadn’t left the hotel didn’t mean that Chen Yu Fei hadn’t been paying attention to public opinion.

In fact, her only pleasure during the past three days was to go online and enjoy the horrible public opinion she had created.

Three days of fermentation had built up this momentum to a point where no one could stop it!

Chen Yu Fei habitually picked up her mobile phone and tapped on her weibo with her jade fingers.

But when she saw that the number one spot in the hot search had changed, her beautiful eyes suddenly tightened, and a cold intent steeply rose in her eyes.

“Damn! Is this dead bitch Gu Qingying crazy? What the hell is she thinking? Chen Dong has cuckolded her, and she still stands out to support Chen Dong?”

Clicking on the hot search, the more Chen Yu Fei looked, the angrier her heart became.

Up and down her delicate body, she exuded endless coldness, and the corners of her eyes even twitched vaguely.

A long time later.

Chen Yu Fei suddenly let out a “pfft” laugh: “Stupid woman, you are only slowing down Chen Dong’s death sentence by defending him from the gun like this, do you really think that this stupid support can save him?”

Draining the glass of red wine in one go.

Chen Yu Fei’s expression eased up a little.

She refreshed her weibo and turned her head to pour a new glass of red wine.

In her eyes, Gu Qingying’s forceful support was as stupid and ridiculous as it could be, but it made the drama even better and deserved another glass.

And yet.

Just as Chen Yu Fei picked up her mobile phone again.

Her delicate body shook violently, as if she had been electrocuted.

The wine glass in her hand, slipped quietly and fell onto the expensive Persian carpet with a snap.

The crimson wine flowed all over the floor.

However, Chen Yu Fei’s face was full of horror at this moment, and her eyes were filled with horror.

“How could this happen? What the hell is going on here? Who the hell did this?”

A series of questions were asked, and even with her status and upbringing, she couldn’t help but burst out foul language.

Just as she refreshed her weibo again, an incomparably eye-catching topic leapt to the top of the hot search list!

[Shock! Chen Yu Fei will do anything to get to the top!

A simple and brutal headline, but with the power of a nuclear bomb.

Chen Yu Fei's pretty face turned blue and red, and her body trembled.

She could be sure that this was the topic that had just appeared!

Suddenly.

Chen Yufei's fingertips trembled lightly in anger, and without paying attention, she refreshed it once again.

Chen Yufei's beautiful eyes glared round, and this moment the fierce light was revealed as if she wanted to eat someone.

The title just now, with this refresh, went straight up ten places!

"Bastard! This is deliberately messing with me, this is clearly a false accusation and slander!"

Chen Yu Fei gritted her teeth and cursed as she clicked into the topic.

The text and picture, instantly printed into the eyes.

It was like a thunderbolt from a clear sky, bombarding Chen Yu Fei fiercely.

The text, word for word, was like a knife, incomparably revealing, one could even say it was unscrupulous.

The picture, however, was a blurred figure taken in the darkness of the night, the clearest of which was only a picture of a side face.

But Chen Yu Fei knew very well that this was simply a false accusation!

She had the Chen family at her back, she was the jewel in the crown of Old Lady Chen, and she had spent a year in the entertainment industry to rise to the top without having to please anyone!

"Ah!"

Chen Yu Fei went crazy, waving her hand and spilling the red wine bottles and glasses on the small table beside her to the ground.

Her beautiful eyes glared as if she was a furious beast as she gritted her teeth and said, "Chen Dong, are you trying to throw dirty water at me to frame me, to compare rottenness with me and die together?"

Winner Takes All Chapter 293-294

Chapter 293

Chen Yu Fei was about to explode with anger.

The new hot search that appeared in front of her eyes was clearly a deliberate false accusation to throw dirty water on her.

All the things in the content of the topic, she had not done at all, nor did she care to do.

The fact that it appeared at this time, Chen Yufei couldn't think of anyone else who would do this except Chen Dong.

What was left of her sanity made her clear.

If she continued to let this topic fester, she would end up with Chen Dong when the time came.

No, it might even be her big defeat, and Chen Dong would in turn be able to spy a glimpse of life.

At this point in time, Chen Dong was already rotten to the bone on the entire internet.

But what if she, as the "victim", is even worse than Chen Dong?

Once public opinion shifts, the story of her abduction and abuse by Chen Dong is bound to become interesting.

The public's mouths would be wide enough to kill.

The end result will only put her in a dilemma, with her reputation in ruins and even losing her basic base in the entertainment industry.

Chen Yufei entered the entertainment industry with the Chen family's heir apparent qualification, hoping to take control of this basic market and use the sword of fanatic fans and public opinion to point the sword at the Chen family's head.

Public relations!

Pull the hot search!

Chen Yu Fei hurriedly dialed a phone number.

As soon as she got through, she screamed in a harsh voice, "What the hell are you guys doing? Why would you let such a hot search come out? Remove it, I don't care what method you use, remove it immediately!"

After hanging up the phone, Chen Yu Fei's pretty face was covered in frost, her eyes shadowy.

As long as she could rush to remove the hot search before the fermentation of public opinion took shape, then she would still be invincible.

"Chen Dong, you want to die with me than rotten? What I have in my hand is your tangible and real hammer, do you really think that by fabricating something out of thin air, you are qualified to die with me?"

Chen Yu Fei sneered, behind her was a professional top team hired by the Chen family to help her operate, and was equally top in crisis PR.

This hot search that had just appeared, she believed that it would soon disappear.

By then, just one more push would be enough to press Chen Dong to death!

Time slowly passed by.

Chen Yu Fei's mood gradually calmed down.

But as a phone call came in, her entire person instantly exploded in place in anger.

"General Chen, it can't be withdrawn!"

On the phone, the subordinate's trembling voice simply uttered five words.

But it was like a loud bell, shaking Chen Yufei's brain.

Can't be withdrawn?

What kind of joke is that?

"Do you find this joke funny?" Chen Yufei gritted her teeth.

Backed by the Chen family, and run by the team behind her, she had skyrocketed to first-tier top star status in a year's time, and Weibo Hot Search was more like her own turf.

But now, on her own turf, a flop?

"Chen, Mr. Chen, it really can't be withdrawn!"

On the phone, the voice grew more and more fearful.

“Bastard! Why can’t you withdraw? Spending tens of millions of dollars a year to support you guys, and now you’re such losers?” Chen Yu Fei was furious to the extreme.

If the hot search wasn’t removed as soon as possible, the nightmare she foresaw would come soon!

“That hot search was released by the two Zhang Chu families operating together!” On the phone, the voice was dripping with despair, “You also know the energy of the two Zhang Chu families in the entertainment industry, an oligarch and an emerging oligarch, and now they’ve joined forces!”

Boom!

Chen Yu Fei was struck by lightning, her face full of shock.

The voice on the phone seemed to think that this was not enough.

Immediately following, it added another sentence.

“If we were to use the Chen Family to suppress the two Zhang Chu families, we would be able to withdraw the hot search, but just now, the Chen Family head personally sent word that this matter must not go out in the name of the Chen Family!”

Thud Teeny.

The phone slipped from Chen Yufei’s hand and fell to the ground.

On the phone, Chen Yufei ignored several “hello” calls in quick succession.

After a moment of stagnation, Chen Yufei’s features twisted in a fierce rage.

Given her facial features, it was hard to imagine that such an expression could have appeared.

“Ah! Get lost, you bunch of trash, all of you!”

Chen Yu Fei roared shrilly, her hands fiercely scratching her long hair in disarray.

Immediately afterwards, she hurriedly picked up her phone again, trembling as she refreshed her weibo again.

The topic of her “black spot” on the hot search list had jumped to number seven in just ten minutes!

And the topic was even filled with comments.

Some were shocked, some couldn't believe it, some cursed it out loud

The entire comment section was in a state of explosion.

It's over!

Chen Yufei's face was pale and she slumped on the sofa in dismay.

The two Zhang Chu families have joined forces, and the head of the family has personally spoken out, undoubtedly a double jeopardy, pressing her into the abyss in one fell swoop.

The Chen family was powerful, and the old lady did regard her as the jewel of her heart.

But this is not enough to cover the sky!

The Tianmen Mountain villa area.

Looking at the rapidly rising topic, Chen Dong's eyebrows revealed a smile.

Although he was smiling, the temperature in the study seemed to have plummeted to freezing point.

Long Lao looked on from the side with his jaw dropped, murmuring incredulously, "Young Master, how on earth did you come up with this move of setting aside a deadly situation?"

"When Little Shadow stood in front of me and fended off the rampant insults for me, I figured it out, what am I myself?"

Chen Dong smiled softly, "Uncovering the last of the disguise, doing whatever it takes to be more rotten than rotten, isn't it just slander and libel, if Chen Yu Fei can use it, I can use it just as well."

Long Lao was slightly stunned and gave Chen Dong a profound look.

Chen Dong, however, was staring intently at his computer's Weibo hot search list, his eyebrows morose.

His topic was at number one in the hot search, and with Gu Qingying's strong support, it had temporarily eased the dilemma and attracted most of the fire away.

Now, with Zhang Chu's two families running the show, the topic of "Chen Yu Fei's black spots" was climbing upwards at a furious pace.

An eye for an eye, a tooth for a tooth!

This is the greatest revenge of all.

In a short while, the topic had risen by two more places and had already reached the fifth position in the hot search.

Chen Dong took out his phone and dialed Chen Daoling's number.

"Dad, thank you."

"This is your own effort, I'm just assisting from the sidelines."

On the phone, Chen Daoling's voice was still low, but it had a little more of a sense of relief: "Dong'er, you really are even better than I imagined."

"It's that you have an excellent daughter-in-law!"

Chen Dong smiled, if it wasn't for Gu Qingying's support, he might not have lasted at all.

"Yes, Xiaoying is good!"

Chen Daolin affirmed, before turning to say, "But Dong'er, you still have to give an account to Xiaoying, she has endured too much aggravation in this matter."

"Don't worry dad."

Chen Dong suddenly turned his words around, "Dad, I would like to ask your opinion."

"What?" Chen Daolin asked.

Chen Dong's eyes gradually narrowed, radiating an endless coldness.

"Dad, do you care about the Chen family's reputation?"

As soon as the words came out, Elder Long's body at the side shook, his pupils swooshing tightly.

And over the phone, Chen Daolin also fell silent.

Both of them were phoenixes in the human race, and had long been people with penetrating minds as they sank into the business world.

Chen Dong's words had made them think of many things!

A few seconds passed.

Chen Daolin slowly said, "Dong'er, remember, you are my son, Chen Daolin, and I will repay those who have insulted you, deceived you and harmed you tenfold! Compared to you, what is the reputation of the Chen family worth?"

Chapter 294

The words are resounding.

Every word was filled with endless coldness.

"Thank you, Dad."

Chen Dong was sincerely grateful.

Face and reputation, in the eyes of a powerful family, was more important than life.

Whether it was the Li family in Kyoto, or the Qin family in Xishu, it was all the same.

For the sake of face and reputation, they would even trample on people's lives, treating them like grass.

And father, as the head of the Chen family, to say something like this was already beyond the scope of a powerful family head.

This promise from his father also gave him more room to manoeuvre in this matter.

After hanging up the phone.

Chen Dong dialed Qin Ye's number directly.

With a cold smile, "Beast, it's time to execute Plan B."

"Crap! You damn well can, you can even set this up?" On the phone, Qin Ye exclaimed in surprise.

Chen Dong smiled spontaneously, "Go and do it, let this farce end today, Fei Chen Yu should pay the price she deserves!"

Seeing Chen Dong put down the phone.

Elder Long finally could not help but speak up, "Young Master, do you really want to do this?"

As a Chen family slave and a close friend of the master.

Long Lao knew clearly that because of his guilt over the twenty years of abandonment, the master was just as obedient to the young master, and with the passing of Li Lan, this obedience became even more so, almost doting.

Even if the master did not care about this matter, he still needed to remind a word.

“Long Lao

Chen Dong rubbed his nose and said indifferently, “When Chen Yufei was calculating me, she didn’t ask herself if she really wanted to do this.”

Elder Long smiled, “Old slave only wants to mention that since young master wants to do it, then let’s do it.”

Chen Dong smiled, his right hand on the mouse, clicking refresh over and over again.

This big show was about to start.

A great number of people can kill.

The great power cannot be resisted.

This sharp sword, which can kill when it is blocked by people, can also backfire on itself!

It depends on who can catch the sword after the water is muddy.

Kyoto.

Ujima Hotel.

The hotel room was originally poetic and elegant.

It is now a mess, with books and scraps of paper and broken glasses scattered about.

Even the hotel’s TV and cinema were all smoking.

After venting her frustrations, Chen Yufei thought of the last straw.

With red eyes, she dialed the phone, forcing back her tears.

As soon as she got through.

The floodgates of grievances immediately opened and released.

The tears she had been holding back were also released.

“Grandma you must help me this time, that Chen Dong, he is not human, he bullies me oooooooooo

“Not only did she bully me, but now she’s even backtracking and throwing dirty water on me, saying I’ll do anything to get to the top and become popular, and even saying I’ll sit on a stage and accompany people to drink, and

A crying and crying pouring of bitterness.

The actual fact is that you will be able to get a lot more than just a few of the most popular and most popular.

The phone rang with a sigh from old Mrs. Chen: “Fei’er, this matter, grandma thinks you’d better stop.”

Boom!

Chen Yu Fei was struck by lightning, and her pearly face froze violently.

“Grandma, you, what did you say?”

Old Mrs. Chen’s voice was unusually low and breathless, “Grandma wanted to help you, and grandma has been helping you, you know, from the moment you decided to take a stand for grandma, grandma has been helping you, and even blocked the family head for you when you were scheming against Chen Dong.”

“But now, call it quits, this matter ends here.”

Chen Yu Fei didn’t dare to believe it, her tear-streaked pretty face was covered in horror.

All the aggression, all the resentment, made her almost collapse at this moment when she heard her grandmother’s words.

Didn’t Grandma always love me the most?

Why is this happening now?

“On what grounds? Why should Grandma tell me to stop now?”

Chen Yu Fei questioned in a stern voice, “Grandma hates that wild bastard the most, the whole family hates that wild bastard, how can a wild bastard have the status of heir, how can he compete for the position of family head, how can a wild chicken fly up the branch and become a phoenix?”

“Concubine is helping Grandma out, she also wants to do justice to the whole family!”

“Concubine Chen Yu! You have a headstrong personality, grandma knows very well that the position of the Chen family head should indeed be contested by you elite descendants, that Chen Dong is not even a fart.”

Over the phone, Old Madam Chen’s stern rebuke caused Chen Yufei’s voice to choke.

Immediately following, Old Madam Chen heaved a lamenting sigh, “But as a descendant of the Chen family, you should think about the face of the Chen family, now that the Chen family behind you has been involved, if you don’t stop, are you not going to make the Chen family a jumping clown as well?”

What?!

Chen Yu Fei was horrified, and her heart set off a huge wave.

Could it be that

In fear, Chen Yu Fei hurriedly switched out the call interface and tapped into Weibo.

She was so angry and banged up that she didn’t care about what was happening on Weibo.

Because she knew that whether it was Weibo or the major media, things were already fermenting wildly in the other direction.

She had expected it.

But now her grandmother’s words clearly meant something else.

When the hot search list was printed in her eyes, the one about Chen Yufei had jumped to the number one spot.

This caused Chen Yu Fei’s heart to twitch hard.

The hot search for Chen Dong and Gu Qingying, on the other hand, had slid smoothly to second and third.

This scene perfectly confirmed her previous suspicions.

However, a new hot search that appeared caused Chen Yufei to instantly turn bloodless.

[Shock! Popular star Chen Yufei’s background is appalling!

She clicked in with trembling fingers.

A detailed article, sprawling with descriptions, came up.

After just a few glances, Chen Yufei's heart rose to her throat.

It was because this piece of content involved the Chen family!

In an unflinching manner, it recounted her experiences during the year from her debut, to the time she burst into fame.

At the same time, it mentions the Chen family several times!

One sentence after another, as if a cannonball, bombarded Chen Yu Fei indiscriminately.

She finally understood why her grandmother, who had suddenly become so cold, had to forcibly order her to stop.

The Chen family was at stake, and if she did not stop, she would inevitably involve the Chen family in the eyes of the general public.

And at that time, the feud between her and Chen Dong would also burn into the Chen family.

The Chen family's face would never allow such a thing to happen!

"Grandma, this is them deliberately harming me, deliberately harming the Chen family, can't you see that?"

Chen Yufei said with a sobbing voice and teary eyes, "I am not willing to do this, I have already thrown in the towel, if I stop at this point, I am going to lose completely and utterly in front of Chen Dong, I am even going to lose what I have now!"

Bang!

On the phone, a sound of slapping the table came violently.

"Chen Yu Fei, are you blinded by lard?"

Old Mrs. Chen angrily scolded, "That big star status of yours is nothing more than an opera singer, all opera singers in the past and present are of the lower class, do you really think you can make it to the stage in the Chen family?"

"Normally, if you want to be an actor with your heir status, grandma won't blame you and will even satisfy you, but when it comes to the Chen family, do you think your actor status is better than the face of the Chen family?"

Winner Takes All Chapter 295-296

Chapter 295

Chen Yufei was in tears, biting her red lips tightly.

Intense resentment and aggression rolled over her like a monstrous wave.

She did not hesitate to gamble with her reputation to bring down Chen Dong in one fell swoop.

The aim was to take revenge for her grandmother and return justice to the entire Chen family.

Of course, this glorious feat would also become a huge bargaining chip for her to compete for the position of family head.

But she did not expect that her grandmother, who had always doted on her, would actually say such words.

Her status as a big star, her self-proclaimed basic skills in the entertainment industry, was actually worthless in her grandmother's eyes, nothing more than a lowly playboy!

What's more, she didn't expect that Chen Dong would actually be able to turn up the tide and save the day in the face of the monstrous situation.

The black spot hot search was a deliberate attempt to throw dirty water, but the involvement of the Chen family was a solid hammer.

One false and one real, directly hammering her scalp, powerless to resist.

The Chen family's face is bigger than the sky, and the grandmother has personally drunk it, meaning she lost completely and utterly!

"Grandma I'm really so unwilling."

Trembling voice, with a crying voice.

Over the phone, Old Lady Chen's voice was however cold and harsh.

"If you are not willing, then go ahead and do it, if you persist and cause the Chen family to lose face, don't blame me for being merciless, then not to mention the playboy, even your status as the heir of the Chen family, I will also take it away from you all together!"

"Grandma, it was Chen Dong who made this happen, he was the one who got involved with the Chen family, why do you want to condemn me like this?"

Chen Yu Fei shed tears and her delicate body trembled, still undeterred, "You care so much about the face of the Chen family, but what about the family head? As the head of the family, shouldn't he be more concerned about losing face?"

Bang!

"Chen Yu Fei, are you now not even listening to my words? Bullying and arrogance, you must not forget that your favour is given by the old body!"

The cold, stern voice did not give the slightest chance to retort.

Chen Yu Fei was completely desperate.

She murmured and cried, "Okay me, I promise grandma"

Hanging up the phone.

Chen Yufei directly flung herself onto the bed and bawled.

Her character, her experience, her identity, from childhood to adulthood, she had not been subjected to such great aggression.

A desperate and ruthless act, but never thought it would end in this way.

For the sake of the Chen family's face, she had to stop, which gave her the feeling of being a bargaining chip.

But Old Lady Chen's words, she dared not disobey, for if she didn't, she would lose even more than she has now!

Tianmen Mountain Villa.

Chen Dong leaned back in his chair wearily, rubbing the bridge of his swollen nose.

He no longer cared about the wind direction of the major media.

It was because it was already moving in the direction he had expected.

He could ignore the face of the Chen family, and his father could ignore the face of the Chen family for his sake, but Old Lady Chen could not do that yet.

An old woman who had lived in the Chen family for nearly a hundred years and was used to the face of the gentry could not be expected to go out of her way!

Since she can't go out of her way, then the dust has settled on this battle of public opinion.

The next step is just to wait for Chen Yufei to surrender her arms.

“Young master we are finally winning.” Long Lao let out a long breath, he also always paid attention to the wind direction of the major media.

“Yes, finally we have won.”

Chen Dong closed his eyes and responded as if he was relieved, “This time, it’s thanks to you guys as well.”

Elder Long smiled easily, “It’s all thanks to Young Master, this is a method that even Master and Old Slave had never thought of.”

“What kind of method is this? I dare to pull the emperor down by giving up my life.”

Chen Dong gave a bitter laugh.

Although he had won against Chen Yu Fei, his reputation had also been greatly damaged.

Of course, Chen Dong didn’t care too much about this.

What he really cared about was the thoughts and grievances in Gu Qingying’s heart.

There were thousands of people in the world, but not as many as one.

“When the dust settles on this matter, I should explain to Xiaoying properly.” Chen Dong sighed softly, “She has endured too much aggravation for my sake.”

Time slowly passed.

Qin Ye also called afterwards, and his tone was much more relaxed than before.

But the two Zhang Chu families had not yet stopped.

The intention was to push things to the point where they could not be contained, so that Chen Yufei could not lift her head up completely.

This was also Qin Ye’s intention.

Chen Dong did not object, on the contrary, he chose to approve.

When Chen Yufei had counted on him, he had not thought of showing mercy.

He was not a saintly mother, and when someone had dealt him a death blow, he would not be able to resist successfully and then leave in a dignified manner by reciting the phrase "become Buddha on earth".

When dealing with an enemy, one should deal with them as if they were an enemy.

Chen Yu Fei is not as straightforward as Chen Tiansheng Chen Tianyang.

Now after saving the day, it was a good thing that he wanted to keep Chen Yufei from standing up.

It was not as if he was going to kill the heir. The Chen family could not take him according to its rules.

As night fell.

The ferment of public opinion on the internet had reached its peak.

About Chen Yufei's background, it was constantly exploded, causing all netizens to be in an uproar.

It even stunned the fans who were originally fanatical and die-hard about Chen Yufei.

The original inspirational persona paradigm has now collapsed with a bang.

And yet.

The public outcry was not just that.

Under the deliberate guidance of two giants in the entertainment industry, Zhang Chu, a steady stream of water forces poured into the major media channels, bringing up a wave of "Chen Yu Fei out of the entertainment industry".

When this news surfaced in all the major media outlets.

The big stone in Chen Dong's heart finally settled.

Chen Yu Fei is finally unable to continue to mix with the entertainment industry.

"Young master, look at the weibo!"

After dinner, Long Lao ran into Chen Dong's office with great enthusiasm.

Chen Dong clicked on the weibo and was instantly a bit stunned.

The hot search about Chen Yufei's background had fallen to the second position somehow.

In its place, was Chen Yufei's apology!

He clicked in.

Not only were there text pictures in the hot search, but there was also a video that Chen Yufei had personally recorded.

And the content of the video made Chen Dong ecstatic.

Throughout the video, Chen Yu Fei tearfully apologised, not only telling how that night was actually a misunderstanding, but also tearfully announcing her permanent retirement from the entertainment industry.

Quitting the entertainment industry was something Chen Dong had expected, and it was also the outcome he wanted.

But Chen Yu Fei's public account of that night being a misunderstanding undoubtedly helped him clear all suspicions.

After all, it was the person involved, the "victim", who said it herself!

Even if there were people with bad intentions in the internet, they would not be able to make a fuss about this matter.

"Hoo"

Chen Dong exhaled heavily, got up, grabbed his phone and headed out of his study.

"Young master, what are you doing there?"

Long Lao was stunned for a moment, he had told Chen Dong this news because he wanted to make Chen Dong happy.

But now Chen Dong was in a fire and fury, he obviously did not look happy.

"I'll go and explain to Little Shadow, with this video around, I'm sure I can untie her heart."

Chen Dong was happy like a child and stretched out tiredly, "I can finally get a good night's sleep tonight, I don't have to sleep on the sofa anymore."

Chapter 296

In the bedroom, it is dimly lit.

Only on the bedside, the table lamp emitted a dim light.

Gu Qingying was leaning on the bed, her tired and haggard face was not the least bit sleepy, and her eyes were covered with blood.

The look of despondency and sadness was heartbreaking.

In fact, this was how she had spent almost all of her long nights over the past three days or so.

She was suppressing, she was controlling, she was holding back.

Because she knew that what had happened was fatal to Chen Dong.

At this time, if she couldn't hold back, she would only put Chen Dong in a more and more desperate situation.

Even his own wife would not help him, so who else could he help?

She was Chen Dong's wife, and what was left of her sanity let her know that this was the time to stand quietly behind Chen Dong and support!

She knew how Chen Dong had gotten to where he was today.

It had taken not only sweat, but even blood.

She loved Chen Dong, so she preferred to wait for three years in agony.

What's more, she was unwilling to stab her beloved man in the back at this critical moment, making everything Chen Dong had done come to naught.

Gu Qingying really couldn't do it!

She also knew how Chen Dong was, but what Chen Yufei had blown up was ironclad evidence.

She didn't want to doubt it, but she was a woman, and she was still so sensitive about what had happened.

This nagging emotion, as if it were a sharp knife, ruthlessly stirred every nerve in her, causing her immense pain.

Once Chen Dong's vows to her, the aftershocks seemed to be in her ears.

Was it true what he had said at that time?

Such thoughts surrounded Gu Qingying's mind all the time.

Click!

The door opened.

But Gu Qingying did not move a muscle.

Because she knew that in the past few days, the only person who could enter her room, apart from Fan Lu, was Chen Dong.

And now, it was impossible for Fan Lu to come to her room.

"Little Ying"

Looking at Gu Qingying on the bed, Chen Dong's heart ached terribly.

He guiltily walked over to the bed and knelt down, revealing a gentle smile, "Thank you!"

"I'm fine, go about your business." Gu Qingying forced a smile as she looked at Chen Dong.

But the bloodshot eyes and haggard face made Chen Dong's heart cut like a knife.

The old Gu Qingying was absolutely beautiful!

Because of this incident, she had become like this.

Slap!

Chen Dong suddenly slapped his face.

It was a powerful slap.

Gu Qingying's face changed greatly: "What are you doing?"

While exclaiming in shock, she was busy raising her hand to lightly rub Chen Dong's face.

Even so, the red fingerprints quickly stood out.

"I'm sorry for putting you through so much these past few days." Chen Dong was incomparably guilty.

He had promised to give this woman in front of him happiness!

"It's alright, I'm really alright." Gu Qingying said as she heartily rubbed Chen Dong's face while shaking her head.

Suddenly.

Chen Dong handed his mobile phone to Gu Qingying.

"We won!"

As he said that, his right thumb tapped the play button of Chen Yufei's apology video.

Gu Qingying was instantly lost in thought.

She hadn't paid attention to the media channels for a few hours.

As Chen Yufei's apology sounded in the video, it slowly rang out.

Gu Qingying's delicate body couldn't help but tremble, and the jade hand that was stroking Chen Dong's face slowly slipped away.

She took the phone, her reddened eyes staring dead on.

Gradually, her eyes became a little blurred, dripping with crystalline waves of water.

And the delicate body was trembling faintly.

When the video was shown, after Chen Yu Fei finished recounting the events of that night.

Two lines of tears slipped silently out of the corners of Gu Qingying's eyes.

Her body also trembled even harder.

But she continued to hold back and finish watching the video.

From the beginning to the end, Chen Dong was silently watching from the sidelines.

He was in no hurry.

As long as he could get Gu Qingying's forgiveness and untie her heart, he was willing to wait even if it took even longer.

Finally.

The video ended.

In the bedroom, it returned to silence.

Gu Qingying did not move a muscle, and tears could not stop pouring out of her eyes.

Chen Dong took out a tissue and gently wiped the corners of Gu Qingying's eyes, while softly saying, "Actually"

"Wow~"

Before the words left his mouth, the Gu Qingying in front of him suddenly threw back his head and let out a loud cry.

This scene scared Chen Dong for a moment.

Not waiting to react.

Gu Qingying suddenly jumped into Chen Dong's arms and howled.

"Wooooooooo you bastard, you big fool, I knew it, I knew you weren't like that, woooooooooooo do you know, these days, how hard it was for me? Ooooooooooooo do you know, I've been on the verge of collapse countless times these past few days"

Listening to Gu Qingying's bawling.

Feeling the trembling delicate body in his arms.

In this instant, all of Chen Dong's thoughts were gone.

It was as if his heart had melted.

He gently wrapped his arms around Gu Qingying's body and gently patted Gu Qingying's back with his right hand.

In a soft voice, he said soothingly, "There, there, it's okay, everything is okay."

He knew that the image of Gu Qingying crying like a child in front of him was all a cathartic outburst after extreme emotional repression.

Only when it was completely cathartic would Gu Qingying's entire being be at ease.

"Wooooooooooooo"

Gu Qingying cried and cried, while pinching her fist and pounding on Chen Dong's chest.

Chen Dong smiled gently, patting Gu Qingying's back while soothing, not caring at all about the pink fist on his chest.

Time slowly passed.

In the bedroom, Gu Qingying's bawling was echoing.

Three days of repression and aggression, at this point with clarification, Gu Qingying completely vented out.

Gradually, the crying became less.

Gu Qingying slowly pulled herself out of Chen Dong's arms, her eyes red and swollen, her teary eyes glancing at the wet clothes on Chen Dong's chest.

"It's got you all wet."

Chen Dong looked down at the wet clothes and shrugged with a smile, "Yeah, it's not lightly wet."

Gu Qingying's pretty face flushed, and she instantly thought back that there was some ambiguity in this statement.

She hurriedly grabbed the tissue in Chen Dong's hand and wiped away the tears at the corners of her eyes.

"Did I look ugly when I cried? Like a spilled child, will you dislike me?"

"You will always be a child in my heart, the kind you hold in the palm of your hand."

Chen Dong smiled gently, with such a wife, how could he still be disgusted?

Gu Qingying rolled her eyes and snapped, "Don't say things like that, I don't know if you'll say it to another girl."

Chen Dong immediately conceded, "I swear to God, if I"

The words did not come out.

Gu Qingying suddenly raised her jade hand to cover Chen Dong's mouth and said incomparably serious, "I don't need you to swear, you just need to know, don't let me down and love you."

Chen Dong gave a gentle smile.

“Go to sleep.”

Gu Qingying said in a soft voice.

Chen Dong let out a long breath at that moment, finally the dust had settled.

The only desk lamp, too, was turned off.

In the bedroom, it was pitch black.

Perhaps it was because he had cried too hard just now.

Gu Qingying was lying in Chen Dong’s arms and soon fell asleep.

Feeling Gu Qingying’s steady and soothing breathing in his arms.

In the darkness, Chen Dong revealed a sweet smile.

He slowly lowered his head and nodded a kiss on Gu Qingying’s forehead.

“Little fool, thank you, you are the only one in this life.”

Perhaps the kiss had disturbed Gu Qingying’s sound sleep.

A wooing sound came out of Gu Qingying’s mouth and she turned sideways, burying her face into Chen Dong’s arms, as if she was a small cat.

Winner Takes All Chapter 297-298

Chapter 297

There was no talk all night.

This night, whether it was Gu Qingying or Chen Dong, both slept extraordinarily solidly and soundly.

A few short days.

Both of them had been under unimaginable pressure.

Now that the misunderstanding was cleared, they had completely relaxed with each other.

Early in the morning.

Fan Lu happily prepared a large table for breakfast.

She knew that in the past few days, no one in the family had eaten a good meal.

Now that things were finally resolved, it was time for her to take good care of everyone's stomachs.

Kunlun and Elder Long came downstairs almost at the same time.

Looking at the table full of various breakfasts, Elder Long laughed, "Xiao Lu has a heart, knowing that everyone hasn't had a good meal lately, this table is really sumptuous today."

"Elder Long is joking, I've seen everyone anxious these days, and I'm anxious too, but all I can do is cook and do the logistics." Fan Lu said with some guilt.

Everyone had been busy these past few days with Chen Dong's affairs.

And she could only watch, which made her feel bad.

The life she had now was given to her by Chen Dong, and Chen Dong had never really treated her like a nanny, how many people could do that?

This was a kindness that Fan Lu always remembered.

It was precisely for this reason that it became increasingly difficult for her.

"Securing logistics is also an essential part of the job."

Kun Lun sat down on the chair with a big grin, picked up a doughnut and stuffed it into his mouth.

"Haha Kunlun is getting better at talking." Long Lao smiled and settled down.

Fan Lu, however, snapped at Kunlun, "Mr. Chen and Miss Gu haven't even come down yet, why are you eating first?"

"It's alright Xiao Lu, the young master and young lady probably won't come downstairs until noon." Elder Long put in a word for Kunlun.

Fan Lu froze for a moment, and then her pretty face turned scarlet.

Looking askance at Kun Lun who was frothing with a doughnut in his mouth, Fan Lu said in an unkind manner, "Eat it, eat it, it was meant for you."

Kunlun smiled widely and ate his food.

Long Lao smiled at the scene and ate his breakfast in silence.

“Sister Xiao Lu, making so much delicious food?”

A voice of surprise came.

The three of them looked over at the same time, and Chen Dong and Gu Qingying were coming downstairs hand in hand.

What was going on here?

The three of them froze at the same time.

Immediately afterwards, Kunlun and Fan Lu looked at Elder Long at the same time.

Didn't they say that they would be coming downstairs at noon?

Sensing the two men's gazes, Elder Long's face flushed red and he was a little embarrassed.

Coughing, Long Lao said, “Xiao Lu, why don't you quickly prepare the bowls and chopsticks for Young Master and Young Madam.”

With that, he got up and greeted Chen Dong and Gu Qingying.

“Young master and young lady, why are you downstairs so early?”

“I came down when I woke up.” Chen Dong said unconcernedly.

Long Lao's face turned even redder, holding his forehead and secretly sighing, the old horse has lost its hoof.

A breakfast was served without the gloom that hung over them earlier.

Everyone was incomparably relaxed.

After breakfast, Chen Dong did not intend to go to the company.

Instead, he took Gu Qingying to go shopping.

He had too much work and was so busy that his heels were not touching the ground, so he really seldom and rarely accompanied Gu Qingying.

Even if Gu Qingying was also crystallising Yingli building materials, but between husband and wife, there was ultimately a need for companionship.

This time, although Chen Yufei almost let Chen Dong go to a desperate situation.

But after the dust settles, all the companies under Chen Dong's command will not be back on track immediately, which gives him more time to spend with Gu Qingying.

Such an opportunity is not easy to come by and must be cherished.

As for the public opinion on the internet, Chen Dong no longer cared.

A false and a real chain of strikes had already made Chen Yufei's success unsuccessful.

Chen Yufei's apology video had also set off a huge wave on the internet.

The direction of public opinion at the back, under the control of both Qin Ye and Zhang Chu, could already be roughly projected.

Chen Yufei had suffered heavy injuries in this battle, and Chen Dong did not even want to care.

He had already won.

The misunderstanding with Gu Qingying had also been cleared up.

This was enough, so there was no need to care about the flooding behind.

Driving Gu Qingying's Porsche 911, he sped all the way to the city's largest commercial plaza.

It was a CBD integrated commercial plaza similar to Yike.

It had everything from food to drink to entertainment.

Every day, a huge amount of people gather in the city.

After parking the car into the garage, Gu Qingying pulled Chen Dong, but ran towards the outside of the square.

"Xiaoying, there is a lift here, you can directly enter the mall." Chen Dong had a puzzled look on his face.

"Don't, just enter through the front door, you said you would accompany me, listen to me, today you have to accompany me to finish shopping in every shop, no cheating."

Gu Qingying smiled happily.

This was the happiest smile she had ever had in the past few days.

Looking at the smile on her face, Chen Dong smiled gently and asked no more questions.

At the entrance of the square, the crowd was swarming.

Gu Qingying opened her hands and breathed hard.

Smiling happily, she murmured, "It's been a long time since I've been shopping, big fool, today you're punished for helping me buy all the here."

"Not good, right?"

Chen Dong couldn't help but speak up.

Gu Qingying glanced at Chen Dong in dismay, "You promised yourself, no backtracking."

"Alright then."

Chen Dong smiled helplessly and took out his mobile phone.

This scene caused Gu Qingying to freeze for a moment, "What are you doing?"

"Didn't you ask me to buy this place and give it to you?"

Chen Dong looked through Long Lao's number while responding, "It seems like I really haven't given you anything either, this shopping mall is considered a gift for you, although it's a bit of a show-off, but as long as you're happy, a show-off is a show-off."

Gu Qingying sat waxed on the spot.

This big fool

Seeing that Chen Dong had already put the phone to his ear.

Pop!

Gu Qingying did not have the good grace to slap Chen Dong on the forehead: "Are you crazy? I am asking you to help me buy bags and clothes, not this mall."

"Those shops?" Chen Dong thought for a moment, "I'll have Long Lao Kunlun and the others come over to take inventory and buy them all together."

Gu Qingying stomped her foot indignantly, "Rich is great, huh? Come with me, you big fool!"

With that, she took Chen Dong's hand and rushed into the mall as if she was happy.

Originally, Chen Dong thought that he would be happy to go shopping with Gu Qingying for a day, even if he was exhausted.

After all, he and Wang Nan Nan had been married for three years and had felt the hard work of shopping with a woman very thoroughly.

But after only half an hour, Chen Dong felt a bit stretched out.

Looking at Gu Qingying's cheerful appearance, Chen Dong gritted his teeth and continued to hold on.

If his wife was happy, it was all good.

He accompanied Gu Qingying to go from house to house, floor by floor.

It was just like a sweeping stance.

Chen Dong also seemed to have become a porter, following behind Gu Qingying with large bags and small bags, repeating mechanical movements.

Like it?

Swipe your card!

Next one!

Two hours later.

Chen Dong couldn't take it anymore, so he let Gu Qingying go into the shop alone, while he sat on a chair outside the corridor to rest.

Putting down Gu Qingying's war chest, Chen Dong wiped a handful of sweat from his forehead, panting for breath.

On the other hand, a man was heartily holding a puppy, which was foaming at the mouth.

Chen Dong casually chimed in, "Big brother, this dog is foaming, it needs to be sent to the pet hospital."

"It's okay."

The big brother next to him casually waved his hand as if he was used to it and said, "You are still young, you don't understand, my dog is tired of shopping with my daughter-in-law, it will be fine after a while."

Chen Dong: "....."

His pupils tightened.

Deeply looked at the dog that was spitting white foam.

The woman was fierce!

Chapter 298

All morning long.

Chen Dong was already so tired that he was about to be deflated.

However, Gu Qingying still had a high battle spirit, as if she had criss-crossed a shop and killed a red-eye.

This made Chen Dong a little worried that he would not be like the dog he had just seen.

Taking a deep breath.

Chen Dong said, "Little Shadow, it's almost time to take a break and have a lunch."

"Oops, I forgot about that."

Gu Qingying slapped her head and said with a smile, "Sorry hubby, I forgot about lunch, what do you want to eat? I'll treat you, as a compensation."

"What do you want to eat?" Chen Dong asked.

"I can do it all." Gu Qingying said.

"Hot pot?" Chen Dong suggested.

Gu Qingying shook her head, "Eating hot pot in the middle of the day, making it smell like hot pot, you won't be able to shop beautifully later on."

Chen Dong was helpless for a while, good guy, he was quite resourceful.

After thinking about it, "How about Chinese food?"

“Chinese food is too greasy, it will make you fat if you eat it.” Gu Qingying shook her head.

“Western food?”

“Eating steak every day, I don’t want to eat it either.”

Chen Dong had a bit of a headache: “Then what do you want to eat?”

“I’m fine with all of it.” Gu Qingying said seriously.

Chen Dong: “.....”

Ah woman

After some patient questioning and not getting an answer.

Chen Dong gritted his teeth and bought two cold noodles and two cups of juice directly from the small shop in the corridor, and sat down on a chair with Gu Qingying to eat.

The two of them had eaten roadside stalls from time to time when they were in college, so they didn’t feel anything wrong.

Bias.

Just when the two were eating happily.

A middle-aged man with a big belly happened to pass by.

With an inadvertent glance, he was instantly amazed by Gu Qingying’s appearance and stopped abruptly in his tracks.

After a glance at Chen Dong, the pot-bellied middle-aged man not only revealed a disdainful snort.

“The little girl is so pretty, following this poor boy to sit in the corridor and eat, it’s also a flower in cow dung.”

With a single word, the good mood of Chen Dong and Gu Qingying was instantly gone.

Chen Dong grimaced and got up to stare at the middle-aged man with a large belly.

The powerful pressure of his eyes caused the middle-aged man to take a step backwards in fear.

He said fiercely, “Poor boy, what do you want? I’m telling the truth!”

Gu Qingying swept a glance at the middle-aged man.

Big gold chains, big watches, bald leather shoes and small clutches.

The aura of a thug was released all over his body.

She did not want to let such a small incident affect her and Chen Dong's mood.

So she took Chen Dong's arm: "Forget it, it's unnecessary, you're going to accompany me for a good shopping trip today."

Chen Dong's expression eased up a bit.

Only then did the middle-aged man see the large bags around Gu Qingying and Chen Dong.

At that moment, he snickered, "Yo hey, I didn't look closely just now, it turns out that you also have a few small amounts of money, a monthly salary of at least ten thousand, right?"

"I don't need to bother you."

Chen Dong coldly said back, pulling Gu Qingying and preparing to leave.

Gu Qingying was his wife, so it was not the turn of others to point fingers at her.

The first words that this middle-aged man opened his mouth just now were clearly a deliberate attempt to stir up trouble.

If he didn't want to ruin Gu Qingying's mood, he wouldn't mind doing something to this middle-aged man.

In terms of money, it was just a string of numbers in his eyes.

In this city, there were probably not many people who were richer than him now.

Even the city's most powerful men like Zhou Yanqiu and Zhou Zunlong were now looking up to him.

However, when this scene caught the eyes of the middle-aged man, he immediately thought that Chen Dong had conceded and wanted to run away in the dust.

At that moment, his interest was aroused!

His eyes greedily and wantonly roamed over Gu Qingying's body, as if two fires were burning in his eyes, unconcealing his lust.

A poor boy could have such a beautiful woman?

The middle-aged man stepped forward and stopped Chen Dong and Gu Qingying.

He tilted his head slightly and said with a face full of arrogance, "Little girl, what future do you have by following this poor boy? What can he give you? A salary of more than ten thousand a month is probably his limit, and he can only buy you some of these things."

This scene.

It caused passers-by to stop and look around.

Gu Qingying's looks were definitely eye-catching.

But anyone who did so was envious from afar, and absolutely no one would do as much as the middle-aged man.

Some people even looked at Chen Dong with a sympathetic look.

This young man was afraid that he was going to suffer, right?

The middle-aged man looked like a rich man, he couldn't afford to mess with him.

Many people had already started whispering.

However.

As the middle-aged man's words left his mouth, Chen Dong's face instantly turned as gloomy as water, and a cold intent flashed in his eyes.

On the other hand, Gu Qingying, who was beside him, let out a snort of laughter.

She looked at the middle-aged man playfully, "Uncle, I like him, it's enough that he can give me this, ah, what do you mean by that?"

There was a door!

The middle-aged man's heart and soul moved.

The stunning beauty in front of him deliberately asked a question in return, wasn't it just a chance for him to show off?

He'd seen too many of these little beauties before, and just showing a little bit of wealth would be enough for a spring night!

The opportunity is too good to miss!

“Of course I can meet your better future!”

The middle-aged man’s back was straightened and he swept a disdainful glance at Chen Dong, then he raised his right hand: “See? This is called the Green Water Ghost, it’s not expensive, a small 100,000 I think.”

With that, he took the car keys from his waist, “Here, BMW 5 series, a few hundred thousand.”

He took another step back, flicked his hands up and down a bit, and said proudly: “See, the whole body lv, just this LV belt alone, it is estimated to cover your boyfriend’s monthly salary, right?”

“The company’s main business is to provide a wide range of products and services to the public.

The words were full of arrogance.

He wanted to crush Chen Dong into the mud with a few words.

A blatant show of wealth, a brutal and rough crushing.

It was as if Chen Dong, the “boyfriend”, did not exist.

The onlookers were dumbfounded.

While they sympathised with Chen Dong, they also hated the middle-aged man with a passion.

This kind of man, where did he get the face?

Is it great to have money?

“Pfft!”

Gu Qingying suddenly laughed out, “Then Uncle, you’re really great oh!”

“Average, anyway, better than this boyfriend of yours, do you want to consider it?” The middle-aged man leered at Gu Qingying and said.

“Is it great to be rich?”

Chen Dong asked coldly and sternly in return.

“Hehehe! Having money is terrific! You have money, you can be great too, huh? Why don’t you have money to show me?” The middle-aged man glared at Chen Dong with contempt.

Gu Qingying, however, laughed even more happily.

She did not wait for Chen Dong to speak.

She then intimately leaned against Chen Dong’s side and softly said, “Honey, I can’t see that I’m still worth a lot of money, aren’t you angry?”

Chen Dong rubbed his nose and said helplessly.

“Blame me for paying them too well when I demolished the shanty in the west of the city!”

Wow!

The scene was in an uproar.

Everyone was instantly filled with shock and exclaimed in shock.

The middle-aged man even changed his expression and was a little confused.

Following closely.

Chen Dong stepped forward and looked down on the middle-aged man from above, “My wife, Chen Dong, is not allowed to be desecrated by any dog or cat.

The cold, stern eyes were like knives and swords.

“Chen, Chen Dong? Chen Dong, the owner of Dingtai Company?!”

The middle-aged man was instantly terrified and subconsciously took a step back: “You, what are you doing?”

“To give you a month of exclusive VIP privileges in the ICU of Lijin Hospital!”

The cold, harsh voice was accompanied by a gust of fist wind sweeping through the air.

Chen Dong’s fist, ruthlessly, blasted directly at the middle-aged man.

Chapter 299

Half an hour later.

The ambulance sounded the siren and took off.

This corner of the mall was as quiet as a listening needle.

Everyone looked at Chen Dong with fear and horror written all over their eyes.

Who would have thought that this young man sitting on a chair in the corridor eating cold noodles would be the boss of Din Tai?

The ear-piercing siren of the ambulance sent chills down everyone's backs.

If they hadn't seen it with their own eyes, it would have been really hard for them to imagine that there was really a world in which one could be beaten into a pig's head.

But fear being fear, there was not a single person present who felt sympathy for the middle-aged man.

A thug, desecrating the wife of Din Tai's boss in public in broad daylight?

Who could bear this?

Not to mention Chen Dong's status, even an ordinary person would never be able to put up with this nasty grievance.

One's wife cannot be insulted!

If one's wife can be desecrated and molested by another man, what kind of man is that?

Aren't the things a man guards, the parents he was born and raised by, the brothers around him, and the woman in his arms?

"Let's go."

Chen Dong tenderly said to Gu Qingying, and then gleefully picked up the big bag and small bags.

With his hands in the air, there was no longer any semblance of the solemnity of a moment ago.

This scene left everyone in awe.

There were even countless girls who cast envious glances at Gu Qingying.

Which girl did not desire such a boyfriend?

Gu Qingying smiled sweetly and took Chen Dong's arm, "Let's go home."

"We haven't finished shopping yet."

Chen Dong pointed upstairs and said with an apology, "I'm sorry, what happened just now might have affected your mood a little, but I really can't stand it anymore."

"Aiya, I just like the way you were just now, it's been half a day of shopping, I'm tired too, let's go home and rest."

Gu Qingying pouted and winked, "Honey you were so handsome just now, I want to reward you!"

Chen Dong was stunned, and then his heart went ape.

Back at home.

Elder Long was sitting in the living room with Kunlun and Fan Lu.

The television was playing entertainment news about Chen Yu Fei.

While Elder Long and Kun Lun were busy sorting out the information, Fan Lu was playing by the side.

The entertainment news on the television was somewhat dispensable.

Today's Chen Yu Fei was nothing but a joke in their eyes.

Stealing a chicken and losing the rice is no longer enough to describe this series of operations by Chen Yufei.

"Young master, young madam, back so early?"

Long Lao looked up and smiled.

Seeing Chen Dong and Gu Qingying snuggled together, you and I were in love.

Long Lao had a penetrating mind and instantly understood.

He let out a light cough, "That Kunlun, Fan Lu, you've been busy all morning, take a break, accompany old man out for a walk."

As she watched the three leave, Gu Qingying was a little shy.

She murmured in a low voice, "Aiya, how does old man Long know everything?"

“After all, someone that old, ginger is still old and spicy.”

Chen Dong smiled spontaneously, “Let’s go, it’s important to make little Chen Dong.”

“Nasty!”

Gu Qingying snapped with a scornful glance.

It was hot noon.

The clouds were turning.

A few days of repression, after resting all night to save up energy, finally was a complete explosion.

They poured out their emotions and expressed their thoughts to each other.

Again and again with pleasure

When the sun sets, the silver moon rises.

Chen Dong and Gu Qingying changed their clothes and went downstairs.

In the dining room, Fan Lu had already prepared a large table full of delicious food with an overwhelming aroma.

Chen Dong, who had been working all afternoon, sniffed at the aroma and his appetite was immediately tingling.

“Sister Fan Lu, what’s cooking?”

Chen Dong dragged Gu Qingying into the dining room.

Long Lao was sitting next to him reading the newspaper, while Kunlun and Fan Lu were still busy in the kitchen.

But as soon as Chen Dong saw the food on the table, he instantly froze.

Braised snapper with angelica and ginseng.

Fresh and fatty oysters.

.....

Was this a little too tonic?

Chen Dong was filled with dismay.

Gu Qingying, on the other hand, had a dumbfounded look on her face.

Long Lao slowly put down the newspaper and smiled faintly, "Young master has to tonic his body more."

Chen Dong: "....."

Gu Qingying: "....."

At that very moment, Kunlun and Fan Lu came out of the kitchen.

After placing the last of the fried leeks on the table, Fan Lu also carefully took out a few wolfberries and sprinkled them on top as a garnish.

Nima This is too much of a tonic!

One could say it was excessive!

"Young master, it's time to eat." Kunlun said with a smile.

"What's wrong?" Gu Qingying looked at Chen Dong in confusion.

Chen Dong rubbed his nose, smiled awkwardly and pretended to be fine as he and Gu Qingying settled down to eat.

Gu Qingying did not know what this meal meant.

He was also too embarrassed to say it outright.

Chen Dong was embarrassed by the meal, but he looked at the table full of delicious food and felt like he couldn't eat.

This was too simple and crude.

After the meal was finished.

Chen Dong was so embarrassed that he dragged Gu Qingying out of the villa and went for a walk outside.

Looking at the two people who looked like they had run away, Elder Long revealed a gentle and kind smile.

It was Kunlun who was a bit intolerant: "Elder Long, if you let Xiao Lu mend Young Master like this, will it spoil Young Master?"

“Nonsense!”

Elder Long looked askance and said solemnly, “This is what Master wants, he is eager to hold his grandchildren as soon as possible.”

“Hiss~”

Kunlun and Fan Lu looked at each other and simultaneously sucked in a breath of cold air.

The night was as cold as water.

Chen Dong and Gu Qingying strolled along the road, arm in arm, blowing the night breeze and enjoying the tranquility.

It had been a long, long time since Chen Dong had experienced such a relaxed and easy life.

The appearance of Elder Long had changed his situation, giving him the possibility of soaring to the sky.

For this possibility, he had been busy almost day and night.

And during this recent period, one big event after another had happened, making his nerves almost constantly tense at the limit.

Enjoying this moment of peace now was something else.

The latter half of the month.

The days were as relaxing as usual.

While Chen Dong accompanied Gu Qingying every day, he would also arrange the development process of the companies under his command.

With Chen Yufei’s withdrawal from the entertainment industry, the original public opinion about Chen Dong also quickly dissipated.

This is how the internet works, public opinion is quick to rise and quick to dissipate.

In just one month’s time, it can make people forget a lot of things.

As the public opinion dissipated, the major companies under Chen Dong’s command were back on track.

Qin Ye and Qin Xiao Qian's financial company, and Chu Reed's entertainment company, all quickly launched their businesses.

Just the only difference from before was that.

Because of the public opinion incident, the Zhang family had contributed a lot, and also because of Zhang Yulan and Qin Ye's relationship.

Chen Dong promised Zhang Yulan and Chu Reed to join forces to start an entertainment company, although the dominant player was still Chu Reed.

He was clear that in the business world, Chu Reed and Zhang Yulan were not on the same level at all.

Early this morning, after sending Gu Qingying to work at Yingli Building Materials, Chen Dong drove Gu Qingying's Porsche 911 to Dingtai.

He hadn't been to Dingtai for a few days, it was all managed by Xiao Ma and Lone Wolf.

Now that he had almost rested, it was time to set off again.

But Chen Dong had just arrived at the downstairs of Dingtai.

A phone call made him brake sharply and stop the car on the road in front of the company building.

Immediately afterwards, it was a tail-drift and left the company

Chapter 300

The Carlton Hotel.

A four-star hotel.

Although the environment, decoration, service and so on are all impeccable, it is ultimately one star short of the five-star Taishan Hotel.

A difference of one star, a world of difference!

It was hard for Chen Dong to imagine that that person would actually stay in such a hotel.

After parking his car, Chen Dong walked into the hotel in a sullen manner.

He did not know why that person would come at this time, but since he was here, there was no reason to avoid it.

What's more, it was for the sake of his deceased mother.

Dingdong!

The lift opened.

Chen Dong stepped out of the lift, followed the corridor and found Suite 99999.

DONG DONG!

Knock on the door.

In just a few seconds, the door opened.

The person who opened the door was Li Deshan, and unlike the last time he had seen him in Kyoto, Li Deshan seemed to be quite haggard these days, and had lost some of the sharpness that Chen Dong had seen that day.

"Coming?"

Li Deshan gave way without sadness or joy, "Please come in."

Chen Dong walked into the room and the eerie sandalwood fragrance poured into his nose.

The sound of chanting scriptures echoed through the room.

And in the living room, a grey medium-sized suit, Master Li was sitting cross-legged on the floor, twirling the Buddhist beads in his hands and murmuring with his eyes closed.

"You, when did you start believing in Buddhism?"

Chen Dong snorted, finding the image in front of him somewhat amusing.

The Li family that valued men over women and dared to eat the buns of human blood.

And the old man of the Li family who was in control, actually believed in Buddha?

Do you think it was funny?

"Quiet, when the family head finishes chanting the sutra, he will talk to you."

Li Deshan spoke solemnly and quietly, since the change in the wind and clouds in Kyoto, his father, who used to be so majestic, had instead become much kinder.

At the same time, there was also an additional habit of chanting sutras and saluting Buddha.

These days, no one was allowed to disturb the old man when he was chanting sutras and saluting Buddha, and it had become a rule in the Li family.

“Oh, I won’t be accompanying you then.”

Chen Dong turned around and left.

“You

“Wait!”

Elder Li, who had closed his eyes and chanted sutra, opened his eyes and shouted, “I am your grandfather after all, do you not even have the patience to wait for this?”

“Patience is only given to those I feel should be given, you are not one of them.”

Chen Dong looked indifferent, twenty years of living with his mother, all the evil acts the Li family had done to her, and what had happened to him in the Li family that day.

He would never forget it in his life!

He was not an indecisive character, you cast me with peach wood, I will repay you with Qiong Yao.

The greatest tolerance he could muster was to have no quarrel with the Li family over well water.

But trying to use blood kinship as a bond to be close to each other, this can never be done!

“Alas

Elder Li sighed and slowly got up, turning off the sound of the Buddhist scriptures, twirling his Buddhist beads as he slowly walked towards Chen Dong: “This time, I have come for your mother.”

Chen Dong swept a glance at Old Master Li, who now gave off an air of decadence as the day wore on, his figure was also much more stooped, and even his eyebrows were no longer as majestic as they used to be.

It seemed that the changes in Kyoto had weighed him down quite a bit!

Chen Dong thought in his mind, and when he heard the word mother, he finally held back and sat down on a chair at the side.

This scene caused Li Deshan's pupils to tighten and his anger to intensify.

Such a disobedient and unfilial person, how could Pa still be nostalgic about him?

The two elders were here, and they were actually the first to take their seats, simply rude and arrogant!

"Deshan, make the tea."

Elder Li was full of concern and settled into the chair beside Chen Dong.

"Dad" Li Deshan was a little unconvinced.

However, as Elder Li looked askance and gave a "hm", he immediately lowered his head to make tea.

"Tell me, what is it about my mother?"

Chen Dong spoke calmly, his expression unruffled.

Although his mother was no longer alive, as a son, he could never ignore the matter of his mother.

Master Li was not in a hurry, his pale, wrinkled face always had a gentle smile on it.

After Li Deshan had set the tea on the table, he then slowly said, "Your mother is gone, but your mother is still a member of the Li family after all"

"She has long since ceased to be a member of your Li family."

The corners of Chen Dong's eyes jumped with veins and his heart was filled with depression, "My mother is Chen Li."

"Huh!"

Elder Li smiled blandly, twirling his Buddhist beads as he said, "But your mother has my blood in her body after all, she is still surnamed Li."

"And then what?"

The smile on Elder Li's face disappeared, replaced by despondency and sorrow.

“Actually, I should have said something about this matter when your mother was buried, but at that time, both you and your father were in a poor emotional state, so I held back.”

Elder Li looked at Chen Dong profoundly, “Your mother was a member of the Li family, born as a member of the Li family and died as a soul of the Li family, what was done to her back then was all my fault, but now that people are dying like lamps, in order to make up for my faults in these twenty years, I would like to invite your mother into the Li family clan ancestral hall, to be worshipped by the incense of the Li family for generations.”

Coming all the way here just to talk about this?

Chen Dong looked at Elder Li calmly and did not open his mouth.

Seeing this scene, Elder Li’s eyes were profound.

Li Deshan could not help but say, “Chen Dong, perhaps you do not understand how difficult it is to enter the Li Family Ancestral Hall, so I, as an uncle, will tell you about it.”

The corners of Chen Dong’s mouth curled up into a smile as he looked at Li Deshan with a smile.

Li Deshan’s expression was proud, something that the Li family had accumulated over the years as a powerful family.

Even though the Li family is now in a state of turmoil, this arrogance could not be erased in a short time.

“The Li Family Ancestral Hall is dedicated to the ancestors of the Li Family through the ages, and those who are not from the direct lineage or have great merit are not allowed to enter the Li Family Ancestral Hall.”

“In other words, to be able to enter the Li family ancestral shrine and enjoy generations of incense offerings is a supreme honour for the Li family, and the greatest praise after death.”

“Not to mention your mother, even I, if I don’t end up as the head of the family, or do something of great merit for the Li family, I will not be able to enter the Li family clan ancestral hall after a hundred years.”

At this point, Li Deshan tilted his head proudly.

His words and mannerisms showed his arrogance.

The light in his eyes shone brightly as he looked straight at Chen Dong: “So, you understand how much respect the family head has shown to your mother by making such a decision, right?”

From the beginning to the end, as Li Deshan narrated, a smile spread across the corners of Elder Li’s mouth.

However.

As the words fell.

Chen Dong, however, suddenly laughed.

His expression unconcealedly revealed a look of mockery.

This scene caused Elder Li and Li Deshan to freeze at the same time.

“What a great honour!”

Chen Dong shrugged his shoulders and got up to wave his hand, “Such supreme glory of your Li family should be enjoyed by your Li family, how dare I let my late mother collect the light of the Li family and enter your Li family’s ancestral shrine?”

The disdain was so strong that both Old Master Li and Li Deshan could hear it.

But it was this disdain that left both of them stunned and puzzled at the same time.

Having already gone this far, was Chen Dong still not satisfied?

Old Master Li was the first to come back to his senses and called out to Chen Dong who had turned to leave, “Dong’er, this is the greatest amount of remembrance and respect Grandfather can do for your mother!”

“Put away your respect and remembrance!”

Chen Dong rubbed his nose and snorted, “Your Li Clan Ancestral Hall is not worthy of being dedicated to my deceased mother, my mother is only temporarily buried now, one day, I will send her to the Chen Clan Ancestral Hall to be dedicated for generations to come! That is the glory my mother deserves!”

“What are you, the Li family, compared to the Chen family?”

The words were forceful, despising the Li family, but at the same time, there was a firmness that made people smack their lips.

It was like a vow!
