### Chapter 391

Wang Nan Nan's delicate body trembled, her heart beating wildly.

She could clearly feel the cold, piercing chill emanating from Lin Lingdong's body in front of her.

It made her fall into an ice cave.

"Phew ....."

Lin Lingdong exhaled a foul breath.

Turning, he let go of the panicked Wang Nan Nan, smiled morosely and looked towards Wu Junhao, "Junhao, invite them over, I want to meet them."

"Good."

Wu Junhao nodded and turned to leave.

Wang Nan Nan finally came back to her senses and said with a sobbing voice, "Ling Dong, listen to my explanation, this is really ....."

Before he finished his words, Lin Lingdong said in a cold voice, "I believe you, so this matter, I will help you to finish it."

Boom!

Wang Nan Nan was struck by lightning and stood frozen on the spot.

Settlement?

How?

She knew exactly what Lin Lingdong's status was, so the word "closure" from Lin Lingdong's mouth caused an extremely horrible thought to pop into her head.

A chill ran from the bottom of her feet to the sky.

"Now, it's time for you to explain something to me about your past."

Lin Lingdong sat back in his chair with a solemn and cold expression.

He had asked Wu Junhao to investigate Wang Nan Nan's past, but now before Wang Nan Nan's past had been investigated, his parents and younger brother jumped out and threw dirty water, stirring up trouble all over the city.

Lin Lingdong is running out of patience, so he decides to question Wang Nan Nan.

Wang Nan Nan looked torn, her hands clenched together.

After a long time of hesitation, she slowly opened her mouth and recounted.

Time passed slowly.

Lin Lingdong remained silent and listened, only his frown grew deeper and deeper.

And Wang Nan Nan was always paying attention to Lin Ling Dong's changes during the narration.

She had been reborn in a fire, and it was not easy for her to be human again. Meeting Lin Lingdong made her feel respected, and after some trial and error, she also decided to accept Lin Lingdong.

But some manipulation by her parents and brother is what brings the beautiful dream she has just woven to the brink of shattering.

It was not a dream like the one she had at the beginning of her life.

It was just a dream that she wanted to find someone, get married, have children and grow old.

But Lin Lingdong's deeper and deeper frown made Wang Nan Nan feel that this beautiful dream was flying away.

When Wang Nan Nan finished her story.

Lin Lingdong fell into silence.

It lasted for almost a minute before Lin Lingdong spoke, "So, you divorced Chen Dong all because of your parents and younger brother?"

"Blame me too." Wang Nan Nan did not shirk her responsibility in the slightest.

"Blame you indeed."

Lin Lingdong snorted, "Indiscriminate and biased, you think you're helping, but in fact, you're nothing but insignificant value in their eyes, no, there is value too, that is, a money tree."

The words were softly spoken, but unceremonious.

Wang Nan Nan's heart gave a vicious twitch and her face shifted.

Lin Lingdong slightly sat up a little straighter: "Mr. Chen is kind-hearted enough, in my place, huh ....."

A cold laugh instantly caused the temperature in the room to plummet to freezing point.

The frightened Wang Nan Nan blushed.

Lin Lingdong raised his hand and rubbed his face, saying, "When your mother used a scheme to cheat Mr. Chen out of so much money, your family left, and later, how did you break off your relationship?"

Lin Lingdong was not stupid.

Just now, although Wang Nan Nan was telling the story carefully, he could still detect that some "paragraphs" were missing from Wang Nan Nan's words.

Of course, Wang Nan Nan had indeed omitted some things.

For example, Chen Tiansheng!

"After I left that city, I was already completely disappointed with my family."

Wang Nan Nan's face was full of despondency and despondency: "But I didn't expect that after they got the money from Chen Teng, the whole person changed overnight, my mother started gambling badly and got bigger and bigger, my brother spent his days in various entertainment places, only my father was slightly better, but looking at the dramatically changed home, there was nothing he could do."

When he said this, Wang Nan Nan's tears, like broken pearls, kept rolling down.

"I know that family is rotten and hopeless, and I don't want to be morally kidnapped by my mother and my brother again, used as a cash cow to find the next rich man, and then I get hurt and they indulge in pleasure, a family like that, without a bit of affection."

Wang Nan Nan raised her head and met Lin Ling Dong's gaze, her jade hand raised to wipe away the tears at the corners of her eyes, "So I broke off all relations with them, left their city and then came to Ling Dong, and met you."

"Oh, then I was really quite lucky."

Lin Lingdong gave a bitter laugh and rubbed his face with both hands fiercely, "Really, quite lucky."

Wang Nan Nan lowered her head, sobbing secretly, tears streaming down her face.

She could hear that Lin Lingdong was laughing at himself, and it was this self-mockery that made her ashamed of herself.

Suddenly.

A large hand fell on Wang Nan Nan's shoulder.

"I should know now why they are throwing this dirty water."

"What?" Wang Nan Nan looked at Lin Ling Dong with teary eyes.

"There's no money."

Lin Lingdong hooked the corner of his mouth and said with a cold expression, "Now, I only ask you one thing, do you choose me or do you choose them. Choose me, and you shall not ask questions about what I do with them later, choose them, and I will not make things difficult for you later, you can just leave with them."

Wang Nan Nan was dumbfounded, not expecting Lin Ling Dong to be so crisp and decisive.

Two choices, how on earth should she choose?

Words could not describe the pain she had experienced when she had broken off her relationship with her parents and brother.

And now, the choice Lin Lingdong threw out was undoubtedly making her go through the same pain again.

"You choose!"

Lin Lingdong's voice was cold to the core.

He was the underground king of Lingdong, a true lord.

After falling into the whirlpool of emotions, once it dawned on him, he was able to pull out immediately, this was the nature of a lord.

This is the nature of a lord. If one is foolish enough to keep falling into the whirlpool of emotions, one cannot become a lord at all.

A long time later.

Wang Nan Nan bit her red lips and said, "Choose you."

“Good!”

Lin Lingdong revealed a gentle smile and leaned down to gently land a kiss on Wang Nan Nan’s red lips, “Then wait, no matter what I do, you should not blame me, because their affairs have nothing to do with you.”

Wang Nan Nan was silent.

Only her eyes were red and swollen even more, and her hands were quietly clenched together.

Wait, what exactly was Lin Lingdong going to do to them?

Such doubts always lingered in her mind, making Wang Nan Nan anxious.

Another ten minutes passed.

Knock, knock, knock.

A knock sounded on the door.

“Come in.”

Lin Lingdong gave Wang Nan Nan a deep glance before sitting behind his desk with a cold expression.

As he took his seat, his entire aura instantly changed drastically.

It was as if he was plucking a mountain from the ground, and there was a ruthless and domineering aura between his brows.

The door opened.

Wang Nan Nan gazed towards the door.

Wu Junhao was the first to walk in, “Boss, the man has been brought in.”

Following Wu Junhao in were none other than Wang De, Zhang Xiuzhi and Wang Hao.

Just.

As soon as Zhang Xiuzhi entered the door and saw Wang Nan Nan, she immediately became arrogant.

Her face was full of fierce hostility as she directly rushed towards Wang Nan Nan: “You dead girl, I’ve been looking for you for so long, so you’ve come here to be a canary, huh?”

## Chapter 392

Wang Nan Nan lost her face.

Faced with Zhang Xiuzhi’s fierce rush, she instinctively got up to retreat.

At that moment, a large hand stopped her.

A big hand stopped in front of Zhang Xiuzhi, pulling and dragging her directly to where she was standing before.

“Aiyo, you bastard, I beat up my daughter and you dare to stop me?”

Zhang Xiuzhi’s features were fierce and vicious, pointing at Wu Junhao’s nose and cursing, “A good dog doesn’t stand in the way, it’s still hard for a clear official to break up a family matter, get out of my way!”

“Boss.”

Wu Junhao did not spill his hand, but cast a questioning glance towards Lin Lingdong.

“Slap your mouth!”

Lin Lingdong sat indifferently in his chair and calmly spat out two words.

A word that instantly gave Wang Nan Nan a shock.

After Zhang Xiuzhi froze for a moment, her anger rose: “Who are you? I beat up my daughter, it’s none of your business . . . . .”

Slap!

Wu Junhao slapped Zhang Xiuzhi’s face.

It was powerful.

The sound of the slap was crisp and loud.

Zhang Xiuzhi was instantly knocked off balance and staggered back two steps, slightly dazed.

A sudden slap.

It also caused Wang Nan Nan to cover her mouth in shock.

Wang De's face changed drastically.

After Wang Hao was shocked, he instantly lunged at Wu Junhao like he had exploded.

“How dare you fucking hit my mother? I'll fight with you today!”

Just as Wang Hao was rushing towards Wu Junhao.

Lin Lingdong spoke again, “Keep fighting!”

The corners of Wu Junhao's mouth curled up into a cold smile, and like a fierce beast, he rushed towards Wang Hao brazenly.

At the same time, several of Wu Junhao's men at the entrance also surrounded Wang Hao at the same time.

Wang Hao didn't know any kung fu, he was just relying on his courage, and he was no match for Wu Junhao, who was a practitioner.

In just one glance.

There was a bang!

Wang Hao was knocked to the ground by Wu Junhao.

Without waiting for Wang Hao to get up, several of his men followed him and surrounded him with an overwhelming beating.

The screams of misery instantly echoed through the room.

“Stop it, stop it!”

Zhang Xiuzhi was so frightened that her face changed drastically, and she no longer had the ruthless and cross look she had before, so she was so eager to protect her son that she rolled and crawled into the crowd and pressed herself against Wang Hao.

In an instant, all the fists and kicks that had been aimed at Wang Hao fell on Zhang Xiuzhi's body.

The screams of mother and son echoed like the killing of a pig.

Wang Nan Nan's face was pale as she looked at the scene in horror.

She did not expect that Lin Lingdong's methods would be so crisp and decisive.

Seeing Wang Hao and Zhang Xiuzhi with bruises all over their faces, Wang Hao even had blood on the corner of his mouth.

Wang Nan Nan's heart felt unbearable and she moved to Lin Ling Dong's side.

She was about to speak.

But Lin Lingdong looked back at Wang Nan Nan, "You chose me!"

Four simple words, like a knife and a sword, instantly made Wang NanNan not know how to speak.

Wang De's face was tired and pale.

Looking at the beaten Wang Hao and Zhang Xiuzhi, but did not move a muscle, no fluctuation in his eyes.

"God damn it, yo, killing people, there is no heavenly justice and king's law ah ....."

Zhang Xiuzhi cried and wailed, "Wang De, you don't have eggs in your trousers, your wife and son are about to be killed, still don't know how to help?"

Wang De's eyes flickered for a moment, and he finally came back to his senses.

He walked up to Lin Lingdong and Wang Nan Nan.

After a glance at Wang Nan Nan, his gaze fell on Lin Ling Dong.

"Mr. Lin, I'm sorry, we were wrong, please let my wife and son live."

"A way out alive?"

Lin Lingdong snorted, "Did you ever think of a way out of life when you threw my dirty water?"

After a pause, Lin Lingdong laughed, "Fine, if you want a way out alive, kneel down for me!"

The corners of Wang Nan Nan's eyes danced, wanting to speak but not to.

Wang De, however, smiled sadly and looked back at Wang Hao and Zhang Xiuzhi who were being surrounded and screaming miserably.

Eventually, his body trembled and he slowly bent his knees towards the ground.

"Dad!"

Wang Nan Nan suddenly took a step forward and held Wang De, turning her head pearly and saying to Lin Ling Dong, "Ling Dong, he is my father, please don't make things difficult for him."

"Didn't you break off the relationship?" A seeping cold aura flashed across Lin Lingdong's eyes.

Wang Nan Nan looked choked and bit her red lips as she said, "With my father, no, he still treats me like a daughter."

"Oh?"

Lin Lingdong gave a startled eek and gave Wang De a profound look.

With that, he waved his right hand, "Junhao, all stop."

Wu Junhao and his men stopped at the same time and took a step back.

On the ground, Wang Hao and Zhang Xiuzhi had long since been bruised and swollen, with blood at the corners of their mouths.

Zhang Xiuzhi was even draped in hair and her gaze was dull.

Obviously, she hadn't recovered from the dramatic change of being suddenly surrounded and beaten.

"Child's mother, Xiao Hao."

Wang De broke away from Wang Nan Nan's support and staggered to Zhang Xiuzhi and Wang Hao.

This shout, however, caused Zhang Xiuzhi to snap back to her senses with an electric shock.

With that.

"Ah! Wang De, for you dead useless thing!"

Zhang Xiuzhi suddenly screamed and pulled Wang De by the collar, crying and howling as her fists and feet landed on Wang De.

"You dead useless thing, someone beats your wife and son and you watch, God damn it, yo!"

"Sins, why am I so unlucky, why does all the bad luck fall on me?"

“My daughter ran away and disowned her own mother, and my husband is a dead and useless thing.”

Shrill, stern whistles and spilling.

Wu Junhao and the others looked indifferent.

Lin Lingdong, however, snorted disdainfully and interrupted Zhang Xiuzhi’s wailing with a gentle tap on the table with his right hand.

“Remember, from now on Nan Nan has nothing to do with you guys, if there is another time when you don’t know how to live or die, then I, Lin Lingdong, don’t mind burying you.”

The killing intent was so bitter that it instantly made the temperature of the room plummet to freezing point.

Zhang Xiuzhi’s expression changed, terrified and horrified.

“Ma .....

Wang Hao was beaten up badly, and at this moment, he also yanked Zhang Xiuzhi in terror.

Suddenly.

Zhang Xiuzhi’s gaze fell on Wang Nan Nan, and a look of determined madness welled up in her eyes.

“Wang Nan Nan, it’s your business if you want to be this canary, you trashy money-loser, I can’t care about it!”

Zhang Xiuzhi’s words were so strong that she screamed, “But I’m your mother, I gave birth to you and raised you, are you going to let me die this time?”

“You have already severed your relationship!”

Lin Lingdong shouted directly in a cold and stern voice.

“Bullshit!”

Zhang Xiuzhi looked like a madman and waved her right hand, “Break off the bullshit relationship, her Wang Nan Nan’s flesh and blood and bones are all my mother’s. If you really want to break off the relationship, then die in front of me!”

Wang Nan Nan's delicate body shook, and she could no longer hold back her tears at this moment.

Only her silver teeth clenched her red lips, forcing her to hold back her sobs.

Bang!

There was a sudden loud bang.

Lin Lingdong shot up, his voice horrifyingly angry, "Damned bitch, do you really think that the underground king of Lingdong cannot see blood?"

Wang Hao and Wang De were both startled and frightened.

It was Zhang Xiuzhi who held her neck in a fearless manner, "Then why don't you kill me? I owe millions of dollars in gambling debts anyway, so if you kill me, I'll be done with it!"

Lin Lingdong's face was gloomy to the extreme.

"Boss ....." Wu Junhao looked at Lin Lingdong with a frosty face, obviously inquiring.

The underground king, who wanted two lives, was really just a phrase.

But there was no waiting for Lin Lingdong to respond.

Zhang Xiuzhi on the ground then growled again.

"You want me to sever ties with this dead money-loser all right, give me 10 million! From now on, our Wang family and this dead girl will never see each other again!"

"Ten million dollars?" Lin Lingdong narrowed his eyes.

"Is it much? You are the underground king of Lingdong, this amount is not much at all, right?"

Zhang Xiuzhi smiled smugly, "10 million I pay off a few million gambling debts, the rest of the money, that is for my son's wedding, this money, one point less today don't even want to rest in peace."

"Oh ....." I admire you for daring to threaten me!"

Lin Lingdong's eyebrows were morose, his narrowed gaze fell on Wang Hao, and he said in a cold voice: "Junhao, break both legs of his son, throw them all out to me, and in the future, if you still dare to spout shit or come to pester Nan Nan, break your legs once you see him!"

## Winner Takes All Chapter 393-394

### Chapter 393

Six o'clock in the evening.

Chen Dong left work on time.

Just as he stepped out of the office door, the dark clouds that had been building up for a long time finally broke out.

A fine rain, intertwined between heaven and earth, was hazy.

"This rain, it's coming too fast."

Chen Dong rubbed his nose, started the car and returned to the Four Seals Clubhouse.

Autumn drizzle.

It added a few moments of seclusion and elegance to the small bamboo forest courtyard.

Gu Qingying was quietly knitting small clothes, and Long Lao was leisurely lying on a rocking chair sipping tea.

Kunlun and Fan Lu were busy in the kitchen.

Everything seemed tranquil and peaceful.

When Chen Dong returned to the small courtyard, he saw this scene and could not help but reveal a relaxed smile.

All the fatigue of the day seemed to have disappeared at this moment.

He walked straight over towards Gu Qingying.

"Honey, you're back."

When Gu Qingying saw Chen Dong, she smiled sweetly and picked up the small clothes she was knitting in her hands and said as if to show off, "Look at what I knitted, not bad, right?"

"Not bad, better than tying meat." Chen Dong joked.

Gu Qingying rolled her eyes and snapped, "Who hasn't had their first time? Now I'm knitting just fine, expose me again and I'll still zap you."

Chen Dong smiled spontaneously.

Walking over to Elder Long, he inquired, "Elder Long, is there any news of my father from the Chen family?"

Elder Long smiled bitterly, "The Chen family has never relaxed the intensity of the intelligence agency's search for the old master, but they have just come up empty-handed, even the old slave finds this matter unbelievable."

It was more than inconceivable.

It was simply a situation that should not have occurred.

Chen Dong frowned, with the energy of the Chen family's intelligence agency, after such a long time, not to mention finding the family head, even if it was a vast sea of people looking for an ordinary person, there should be something.

What's more, it was the Chen family head!

The leader of the Chen family!

"Young master is at ease, at least we know a little more than the Chen family, the master is safe now isn't he?"

Elder Long winked and laughed strangely.

Chen Dong rubbed his nose, looked at the small bamboo courtyard and said, "I think it's almost time for us to move back to Tianmen Mountain Villa, it feels a bit embarrassing to always stay here."

"Old slave also thinks it's time to do so." Elder Long nodded, "Now that the crisis of the Hidden Murder Organisation has passed, and Tianmen Mountain Villa Zhou Yanqiu has taken care of it properly, it is good to go back."

During dinner, Chen Dong then voiced his desire to move back to Tianmen Mountain Villa.

After all, the Four Seals Clubhouse was Lord Meng's place, they had kindly taken him in and carefully protected him when he was in trouble, now that the crisis had passed, there was no reason to continue staying here.

It would only add to Lord Meng's troubles.

Chen Dong, on the other hand, did not want to cause any trouble.

The night was hazy.

It was still raining incessantly.

In the villa area on Tianmen, the lights were dim.

It was just that after the last mercenary incident, the villa area was quite deserted.

Those who could live in the Tianmenshan Villa District were the real upper class of the city.

After what happened, even if they tried their best to clean up the mess, it was impossible for all the upper class to be willing to live under a dangerous wall.

With power and wealth in hand, the options are wide open.

Coupled with the fine rain this evening, the entire Tianmen Mountain villa area is in a state of silence.

The only thing that continues to fall is the rustling rain.

The gate of the villa area.

A taxi slowly drove up.

Crunch!

The car stopped and splashed a large amount of rain.

Snap!

The car door opened.

Wang De was the first to step out of the car, holding an umbrella while leaning his back in the direction of the car.

Only when Wang Hao was lying on his back did he then grit his teeth, redden his face, and barely stand up.

“Damn useless thing, you carry Xiao Hao well, if you drop him, I’m not finished with you.”

Zhang Xiuzhi cursed as she stepped out of the car, her hair cloaked and in a state of disarray.

Wang De was helpless and did not say a word.

Wang Hao, who was on his back, was weak, wailing and screaming in pain, while his feet were in thick plaster.

Lin Lingdong didn't say big words, when he said he broke Wang Hao's legs, he really broke them.

"Master driver, wait, if we don't get in, we still have to leave in your car later."

Zhang Xiuzhi piled up a smile and turned back to take out a hundred dollars and handed it to the taxi driver.

With that, she helped Wang Hao and walked towards the villa area gate with Wang De.

Only when they hadn't gone far, the sound of an engine roaring suddenly sounded behind them.

The two turned around to see that the taxi had already turned around and sped off towards the mountain.

"God damned beast! You're in such a hurry to be reincarnated?"

Zhang Xiuzhi stomped her foot indignantly and cursed angrily, "It's really like a tiger being bullied by a dog in a flat sun, even a dead driver dares to flip his face at me."

Wang De looked at Zhang Xiuzhi in despair, his eyes darkened to the extreme.

"Why are you standing there? Why don't you come in with me?"

Zhang Xiuzhi shot a glance at Wang De.

Wang De did not make a sound, as if he was mechanical, and turned to follow.

Just looking at the gate of the opulent villa area.

Wang De hesitantly said, "Wife, we no longer have anything to do with Chen Dong."

Zhang Xiuzhi paused.

Suddenly turning around, she glared angrily and gave Wang De a vicious kick in the leg.

"You're a dead useless thing, why do you talk so much?"

With this kick, Wang De, who was already barely holding on, lost his balance and took Wang Hao with him, falling heavily to the ground.

The violent impact caused Wang Hao to scream like a pig.

Wang De also fell hard enough.

However, Zhang Xiuzhi's reaction was surprising.

Hearing Wang Hao's miserable scream, Zhang Xiuzhi immediately showed her teeth and grinned as if she was a mad dog, punching and kicking Wang De on the ground.

"You dead useless thing, dropping your son like this, why don't you drop him to death?"

While cursing, he punched, without the slightest intention to stop.

Not to mention the thought of helping Wang Hao who was screaming in the rain.

The commotion was not small.

Soon, the security guard on duty at the villa gate rushed over.

"It's late at night, what are you doing here? Get out of here!"

The security guard scolded, the three people in front of him were in such a mess that it was impossible for them to be the residents of the villa area.

"What the hell are you talking about? You're a dog in human skin and you're pretending to be human? I live in this villa area, and I am your master!"

Zhang Xiuzhi, who was in a fit of anger, turned around brazenly and cursed angrily with red eyes.

The two security guards' faces sank at the same time.

Is this the person who lives in the villa area?

What a lie!

They were about to get angry.

Wang De finally struggled to sit up and let out an almost pleading cry at the furious Zhang Xiuzhi.

"Stop it, what kind of a mess have you made of a nice home? Let's go, Chen Dong won't see us, we have nothing to do with him anymore, please don't lose face, just be a human being!"

Boom!

A furious Zhang Xiuzhi was struck by lightning.

Her eyes rounded with a fierce glare as she slowly turned her head to look at Wang De.

“I’m so desperate to find a place for you guys to stay, and now you’re calling me a disgrace? Saying I’m not human?”

The next second.

Zhang Xiuzhi suddenly pounced in front of Wang De, riding on top of him and grabbing Wang De’s face with both hands in a storm.

“You dead heartless bastard, if we don’t find that wimp now, where else can we go? He’s the ex-husband of that dead woman Wang Nan Nan, he’s gotten so rich that he kicked us out of the house after giving us so little money in the first place.

If I don’t ask him for the millions I owe, where else can I ask? Are we going to wait for the debt collectors to come to our doorstep and have us all jump off the building?”

## **Chapter 394**

The rainy night.

Zhang Xiuzhi is riding on top of Wang De, cursing angrily while scratching fiercely.

Wang De raised his hands to resist, but his face was still scratched with blood, and he would occasionally scream in agony.

Wang Hao fell backwards in the rain, holding his feet and screaming in pain with a white face.

This scene, looking at the two huffy security guards who were ready to have a fit, were also dumbfounded.

This ..... madman, right?

The two men glanced at each other and prepared to leave.

This is still some distance away from the villa area gate, these few lunatics are spreading their madness here, and the noise will not disturb the residents in the villa area.

As long as they were not close to the villa’s main entrance, they would not bother.

Just as the two of them turned to leave.

“Stop right there!”

A furious and frantic Zhang Xiuzhi suddenly stood up from Wang De and yanked the two security guards like crazy: "Two watchdogs, where are you going? Let us in, we are Chen Dong's father-in-law and mother-in-law, and him, he is Chen Dong's brother-in-law!"

Saying that, Zhang Xiuzhi also pointed at Wang Hao on the ground.

The two security guards were instantly frozen.

Wang De couldn't care less about the pain on his face, he hurriedly got up and tugged Zhang Xiuzhi: "Stop it, I beg you to stop ....."

The words were sorrowful, almost pleading.

But Zhang Xiuzhi turned around brazenly, and in the rainy night, a pair of bloodshot eyes, as if they were eating people, stared deadly at Wang De.

"Shut up, mother! We, there's no way back!"

Wang De froze in horror.

Mighty bitterness suddenly welled up inside.

Yes, there was really no way back!

Tens of millions of dollars had been lost, and Zhang Xiuzhi still owed several million dollars in loan sharks.

A good home, not even a few days of affluent life, and then it was back to the old days again, or even worse.

Wang Nan Nan broke off the relationship, and if she could not find money to fill the hole of several million again, the family of three would really have to jump off the building.

Thinking about all this time, Wang De had the feeling that it was like a dream.

In a trance, tears streamed down from the corners of his eyes.

It was at this moment.

A security guard suddenly spoke up, "Sorry, we don't have a tenant called Chen Dong here."

Boom!

Just as the words fell, a lightning bolt thundered in the night sky.

While Zhang Xiuzhi, Wang De and Wang Hao, it was as if they were struck hard by the lightning shock.

The three of them were dumbfounded at the same time.

Even Wang Hao, who fell in the rain, forgot to scream in pain.

“There’s no Chen Dong? How is this possible?”

Zhang Xiuzhi didn’t dare to believe it and mumbled with round eyes, “You are lying, you must have lied to us, that animal Chen Dong lives in the Tianmen Mountain Villa area, we even came to look for him in the first place, how could there be none?”

Faced with Zhang Xiuzhi’s shouting.

Both the two security guards revealed their disgusted anger.

But thinking of Zhang Xiuzhi’s reaction just now, both of them classified Zhang Xiuzhi into the category of madman.

At this moment, they also forced down their anger.

The security guard spoke again, “Sorry, we really don’t have a resident named Chen Dong here, in our security training manual, we have thoroughly recorded the names of every resident living here, the name you mentioned is really not there, perhaps ..... moved out before.”

“Moved away?!”

Zhang Xiuzhi’s face was ashen as she stumbled backwards.

At this moment, she suddenly had the feeling that the sky was falling.

Losing her family’s fortune and owing millions, she did not feel this way.

When Wang Nan Nan broke off her relationship and even interrupted Wang Hao, she didn’t feel this way either.

But now, she did.

Because, the last straw was gone!

She knew Chen Dong’s character, that was a weak and deceptively soft persimmon.

If not, how could she not settle the score afterwards when she had backstabbed Chen Dong so much?

As long as she found Chen Dong, she would be able to squeeze a few million out of Chen Dong's pocket to fill the hole, or even squeeze a million out of him.

It was precisely because she was certain of this idea that Zhang Xiuzhi insisted on coming to the Tianmen Mountain villa area despite Wang De Wang Hao's doubts.

In her heart, Chen Dong has money, a mere ten million is just a drop in the bucket, picking a soft persimmon to pinch, there is always money to be plucked from the gold mine.

But the security guard's words were like a heavy punch that shattered her beautiful dream.

If there is no Chen Dong that wimp to save the emergency, that debt collectors door .....

Zhang Xiuzhi's mind shuddered viciously as a horrific scene came to mind.

The two guards were about to get angry as she gritted her teeth and looked at them angrily.

Wang De, however, suddenly reacted and hurriedly hugged Zhang Xiuzhi from behind.

"That's enough! Have you forgotten the shame of being here in the first place? People have already moved out, what more do you want?"

Zhang Xiuzhi's body shook as she was in a trance, thinking of the scene when she was packed and thrown off the mountain at the gate of Tianmen Mountain villa area.

Inevitably, the look at the two security guards also became somewhat scornful.

It was not the same as before, when these security guards dared to throw, they dared to throw even more now.

Under Wang De's dragging and persuasion, Zhang Xiuzhi finally left reluctantly, while Wang Hao also quieted down.

Looking at the three figures in the distance.

The two guards breathed a sigh of relief at the same time.

"Damn, these three lunatics really know how to choose places, where is not good to cause trouble, but to come to our place to cause trouble?"

“Alas, consider it bad luck, what kind of people don’t these days? But it’s a good thing the man talked the crazy bitch down, otherwise I wouldn’t have known what to do, it’s not in the staff training manual.”

Just as the two men were rebuking and cursing.

An older, middle-aged security guard braved the heavy rain and came over.

“What just happened?”

“Chief, those three people just came and spilled the beans, saying that the parents-in-law and brother-in-law of an owner called Chen Dong in our villa area wanted to enter our villa area. There is no such person as Chen Dong in our villa area.”

One of the security guards gave a brief account.

Another security guard also waved his hand, “Chief, it’s alright, it’s probably just three crazy people.”

However.

However, the two did not see that the middle-aged security guard’s face gradually became grave, and his pupils could not help but shrink.

Following closely.

The middle-aged security guard slowly spat out a sentence, “You guys have just started working not long ago, so you are not clear about the situation in our villa area, there is indeed an owner named Chen Dong in our villa area, who lives in those most prestigious villas halfway up the hill, only that Mr. Chen has a prestigious status, so his name has become a hidden secret in our villa area nowadays.”

Boom!

The two security guards were startled at the same time.

In fact, when the Deadman mercenaries had initially besieged the Tianmen Mountain villa area, many of the security guards in the villa area had been affected.

After the matter was properly handled by Zhou Yanqiu, a large number of security guards were recruited again, and Chen Dong’s name, which Zhou Yanqiu had intentionally done, was also concealed from the new security guards.

These two security guards, who were new to the job, naturally did not know about the previous situation.

“Chief, really, really?”

One of the security guards' face turned a little white, his eyes looking in horror at the panoramic road going down the mountain, “Then they, are really Mr. Chen's father-in-law and brother-in-law?”

As they said this, the faces of the two security guards turned white.

It was even as if their hearts were about to beat out of their chests.

If it was true, then the two of them would definitely be fired.

The salary of the security guards at Tianmen Mountain Villa Area was the best in the entire industry, with a salary of over 10,000 a month, countless security guards would break their heads to get in.

“Heh!”

The middle-aged security guard sneered, his face full of disdain.

He was an “old man” who had survived the mercenary incident, and was even more aware of what Chen Dong had done before.

Under the terrified gazes of the two guards.

The middle-aged security guard slowly spat out a sentence, “Remember, if those three people just now come back next time, just tell them that the mistress of the Tianmen Mountain Villa area is named Gu!”

### **Chapter 395**

Early the next morning.

Chen Dong deliberately vacated the day and did not go to the office.

The beautiful name was for moving house.

In fact, he also wanted to spend more time with Gu Qingying.

When a husband could spend more time with her during pregnancy, it could also reduce the appearance of maternal depression.

Chen Dong didn't know if this was true, but it didn't affect his desire to spend more time with his wife.

In his opinion, to be able to watch Gu Qingying's belly grow bigger day by day and feel the miracle of life being birthed was really a wonderful and happy thing.

Early in the morning.

Long Lao and Kun Lun had arranged for a car and a group of people headed towards the Tianmen Mountain villa area in an omnipresent manner.

Perhaps it was because it had been too long since they had returned to Tianmen Mountain Villa, and the mood of the group was all in a great mood.

There was a feeling of returning home.

Although they had lived comfortably at the Four Seals Clubhouse, and even in every aspect, Lord Meng had taken good care of them.

But it was still hard to make them feel "at home".

Only those who have really had a home may know how valuable it is.

The long motorcade drove to the Tianmen Mountain villa area.

Looking at the restored scenery around him, Chen Dong was in a bit of a trance.

"Kunlun, do you still remember that night?"

Kun Lun nodded, "If it wasn't for Young Master, perhaps we would have all been wiped out here long ago."

"All the troops were wiped out" was not a deliberate compliment to Chen Dong.

Rather, it was based on Kun Lun's many years of experience in the battlefield as a mercenary king.

In the situation at that time, the entire security team was completely overwhelmed by the heavy firepower of the Deadman Mercenary Corps.

If it wasn't for Chen Dong's desperate attempt to drive through the siege formation of the Deadpool mercenaries, there would have been absolutely no survivors among the people present that night!

"Don't flatter me, I was just trying to save you." Chen Dong laughed to himself, "I'm not that great."

"But Young Master did misrepresent the situation and saved the remaining security team members." Kunlun echoed a laugh.

Chen Dong rubbed his nose and changed the subject, "Zhou Yanqiu was indeed quite skillful in his work, everything that was destroyed around the area was restored as before, no trace of the vicious battle could be found at all."

As we spoke.

The caravan drove to the entrance of the villa area and was stopped by the security guards of the villa area.

The two security guards went up to ask questions, respectfully and without the slightest hint of slackness.

Because, a convoy of a dozen luxury cars was indeed extremely shocking.

"This is my young master Chen Dong, we are the owners in the villa area."

Elder Long said calmly.

After the mercenary incident, it was only logical that the security level of the villa area had been raised.

If it was the rest of the new security guards who asked, they might have been confused by Elder Long's statement.

But these two guards happened to be the same two from last night.

When they heard the word "Chen Dong".

Both of them changed their expressions and were shocked.

Their eyes could not help but look at Chen Dong who was sitting in the back row.

"Hm?"

Elder Long revealed a hint of displeasure and let out a cold snort, "My young master, are you the ones who can spy on him at will?"

The two security guards were startled and hurriedly withdrew their gaze.

Without going through the rest of the process, they directly let the caravan in.

This was because they knew very well that an existence that could become a hidden secret within the villa area had a background identity that could definitely pass through the heavens.

Little crickets like them were not qualified to go through that tedious process.

The caravan advanced.

Chen Dong rubbed his nose and laughed, "Elder Long, security guards are not easy either, why are you scaring people, those two look fresh-faced, they should have just started work not long ago."

"It is because the faces are raw that the old slave is so."

Long Lao smiled warmly, but his eyes were shining, "After such a big incident at Tianmen Mountain Villa, the young master survived the disaster, but it also sounded the alarm, one has to be on guard."

Chen Dong smiled and said no more.

It was indeed necessary to sail carefully.

And at the gate of the villa area.

The two security guards looked at the motorcade entering and took a long time to come back to their senses.

"Is that really Mr. Chen that the chief said? It looks so young!"

"Yes!"

The other security guard echoed, suddenly thinking of last night's scene and hesitantly said, "Should we talk to Mr. Chen about last night?"

"What's it to us? The people have all left, and I don't think they'll be coming back, so it's better to do more than that."

The villa had long since been restored to its original state.

Every corner of the villa had been carefully repaired, not only could no flaws be identified, but it was even more perfect than before.

"Young master, Zhou Yanqiu has done a good job, this time this villa has been carefully decorated and furnished, and many surveillance and defense means have been added." Elder Long said with a smile.

"He is slowly becoming more like a person." Chen Dong said oddly, but thought of what had happened when Zhou Yanqiu had flattered Chen Tiansheng.

The group of people got off the bus and started moving.

Of course, all of this was Kunlun Fan Lu and the others' business.

Chen Dong stood by the side, wrapping his arm around Gu Qingying's small waist as he silently watched the scene.

It was only when his gaze dipped to the small clothes in Gu Qingying's arms that he could not help but laugh, "A pile of silk threads and the clothes are not yet woven, why are you so precious?"

"Nonsense!"

Gu Qingying puffed up and scolded Chen Dong, "This is our baby's clothes, and it's also the first piece of clothing I've knitted since I grew up, so of course I have to treasure it."

"Yes, yes, yes, you treasure the clothes, I treasure you." Chen Dong smiled brightly.

Gu Qingying instantly blushed a little and whispered, "So many people are here, don't know how to be ashamed."

"If I say something sweet to my wife, how can they object?"

Chen Dong held his head high and said proudly, "Kunlun Fan Lu and the others are busy moving things, and Long Lao has been directing here, but he's so old and his ears are probably not too good, he shouldn't be able to hear."

"Ahem ....."

As soon as the words left his mouth, Long Lao, who was directing, coughed twice and turned back apologetically, "Sorry, old slave that was properly heard."

Chen Dong: "....."

SMACK!

Gu Qingying shyly lowered her head, and her right hand quietly and untraceably reached the fine flesh of Chen Dong's waist, pinching it fiercely.

Meanwhile.

On the coiled mountain highway.

A taxi, was speeding towards the gate of Tianmen Mountain Villa Area.

In the car.

Wang De's gaze was dark and hollow, and his expression was almost dull.

And on the side.

Zhang Xiuzhi was cursing and swearing.

“I think we were just cheated by those two watchdogs last night, the Tianmen Mountain villa is so expensive, over 100 million dollars, how could that wimp Chen Dong just say move?”

“It’s all your fault you’re a useless piece of shit, no egg in your trousers, if you hadn’t stopped me then, I would have rushed in to find out what was going on.”

“You’re a loser, you useless piece of shit, I’ve had a hard life, I’ve had so much bad luck, today I must go in and see for myself!”

The taxi driver frowned a little at his words.

Through the rear-view mirror, he glanced at Wang De and snickered.

“Big brother has a good enough temper, he must be a spoiled wife.”

“Mind your mother’s business, huh?” Zhang Xiuzhi scolded angrily with a crossed brow.

The taxi driver laughed sarcastically and said no more.

“People are just joking, why do you bother?”

Wang De’s eyes finally regained some focus: “People have said they’ve moved out, why do you have to be like this? What’s more, we really don’t have anything to do with him anymore!”

Slap!

Zhang Xiuzhi suddenly slapped Wang De’s face, “I don’t need you to care about what I do? If you’re so good at talking, then why don’t you ask those creditors not to pay the money? If I don’t have a few million to fill the hole, even if I jump off a building, I will hug you and jump with me!”

## **Chapter 396**

All along the way, Zhang Xiuzhi’s curses echoed in the car.

Wang De once again became obscure-eyed and dull, as if his soul was in an out-of-body state.

The taxi driver could not help but increase the throttle and speed up, trying to clear his ears as soon as possible.

Crunch!

The taxi stopped in front of the villa's main gate.

Zhang Xiuzhi dragged Wang De out of the car and turned back to the taxi driver and said, "Wait for us here, we'll settle the bill together later, we still have to return."

"Sister, you can settle this trip for me first, we'll count it later on the return trip." The taxi driver said.

"Bah! You mother fucker, last night I just got screwed, do you really think I'm stupid and can't be cheated by you black-hearted drivers?"

Zhang Xiuzhi viciously spat on the ground: "If I give you money, you will immediately have to turn around and leave, wait here, I can live in this villa area, still short of your three melons and two dates?"

The taxi driver had a helpless face and no longer retorted.

He did want to collect the money and leave immediately.

He didn't care about Zhang Xiuzhi's words in the slightest.

Those who lived in this villa area would take a taxi?

What's more, he could hear clearly what Zhang Xiuzhi had just complained about in the car.

Now he only had the luxury of settling the front of the car later.

Zhang Xiuzhi dragged Wang De towards the villa area gate.

The toe was high and the footsteps were fast.

Not putting the security guards of the villa area, in the slightest, in his eyes.

"This lady, please wait a moment!"

The security guard greeted him and blocked Zhang Xiuzhi and Wang De's path.

Snap!

Zhang Xiuzhi instantly turned red and raised her hand to slap the security guard on the face, "Watchdog, you can still stop your master? Get lost!"

The security guard was dumbfounded by the slap, he had been on duty for so many days and had seen many owners in the villa area, but this was the first time he had met such a person.

“I’m sorry, ma’am, I’m just following the rules.”

The guard held back his aggression and bowed his head in apology.

“Do your mother!”

Zhang Xiuzhi raised her hand to fight again, “I just want to go in today, the king of heaven can’t stop me!”

She was so fierce and spirited that she was at her best.

But the slap didn’t land before Wang De pulled her back.

“Can’t you talk properly? Why is your temper getting worse and worse?”

Zhang Xiuzhi’s eyebrows went up and she turned back to look at Wang De angrily, “Are you trying to stop me again?”

The shrill, stern whistle soon attracted the homeowners entering and leaving the villa area, and the rest of the security guards.

One of them, was one of the security guards from last night.

“Bad blood, why did you come back when you’ve left?”

The guard cursed lowly and quickly stepped forward, waving his hand impatiently, “Why are you here again? Do you really think that anyone can enter our villa area?”

Last night, he knew what had happened from the chief.

At this moment, this security guard no longer had a good face for Zhang Xiuzhi.

A shrew who was almost crazy, he didn’t hit anyone, in his heart, it was already considered very polite.

However.

Zhang Xiuzhi, however, did not relent and said in a shrill and stern voice, “You watchdog, you have really grown a temper, it was you last night, wasn’t it? I felt something was wrong last night, you watchdog still learned to lie to your master?”

“You .....

Without waiting to argue, Zhang Xiuzhi showed her teeth and laughed, “Fine, you won’t let your master in, so get your ass in there and call that loser Chen Dong out! He slept with my daughter for three years for nothing, and now I’m here to make up for it!”

Sleeping in vain?

Wang De's jaw dropped.

What kind of words could a mother say to her daughter?

"Why are you standing still, why don't you get your ass in there?"

When Zhang Xiuzhi saw that the security guard was not moving in place, her suspicions became more and more correct.

With a stern voice, she lifted her hand and smacked the guard in the face.

Snap!

The guard raised his hand and grabbed Zhang Xiuzhi's wrist, his face suddenly sank as he shouted, "The mistress of this Tianmen Mountain villa area is surnamed Gu, there's nothing to do with your crazy woman's daughter!"

"Gu?"

Zhang Xiuzhi's expression changed, and she instantly felt a knife stabbed viciously in her heart.

The thought that if it wasn't for those changes at that time, the mistress of this villa area would have to be surnamed Wang, Zhang Xiuzhi's heart ached terribly.

The more heartbroken she was, the more her anger grew.

Without warning.

Zhang Xiuzhi suddenly sat down on the ground, spilling and rolling, crying out to the heavens.

"Oh, there's no justice, God damned beast, you've slept with my daughter for three years and now you've lifted your trousers and denied it."

"For the sake of the mistress, he kicked out the original spouse, this god damned wolf heart and dog lung."

"Poor my daughter, she was slept with for three years for nothing, and now she's not only a broken woman, she doesn't even have a compensation."

.....

The cries drew smacks from people entering and leaving the villa area.

“My God! When did such scum and scum live in our villa area?”

“That can’t be right! I see that this woman is fierce and unreasonable, is she throwing dirty water?”

“If it’s really like this woman says, then that person is really a beast.”

As she listened to the people talking, Zhang Xiuzhi’s heart burst with joy and she cried even harder.

She knew very well that only by making a big fuss would she be able to meet Chen Dong in person.

As she was used to being domineering and unreasonable, Zhang Xiuzhi had obviously adopted this tactic as a habitual killer!

The guard’s brow was furrowed and he was at a loss for words.

I’ve already said what the chief told me to say, but why can’t I solve the problem?

There was a standoff at the gate.

The property manager, in a hurry, drove up to the door of Chen Dong’s villa.

In fact, the property manager already knew about it when Chen Dong entered the villa area with his motorcade.

“Mr. Chen, it’s not good.”

The property manager’s face was hard to see, it was indeed enough of a headache to have such a disturbance at the entrance of the villa area.

“What is it?”

Chen Dongzheng was holding Gu Qingying in his arms, looking at the property manager in surprise.

The property manager was also a man of the cloth, and after taking a glance at Gu Qingying, he gestured for Chen Dong to walk to the side.

Only after he got away from Gu Qingying did he say to Chen Dong, “There are two old people at the gate who are causing trouble, saying that you slept with their daughter for three years for nothing, lifting your trousers and not admitting it and not paying for it, now we don’t know what to do about this, I would like to ask Mr. Chen for advice.”

Zhang Xiuzhi, Wang De?

Chen Dong's expression went cold as his depressed anger surged up.

The spirits of the underworld!

Wang Nan Nan had come back, and this family of nasty people had come back with him!

When his anger reached the extreme, he laughed instead, "How shameless, to say things like I slept with their daughter for three years for nothing in front of everyone, you really don't take your own face as a face and don't take your daughter as a human being."

Although he was laughing, the property manager still felt the piercing coldness.

Followed closely.

Chen Dong's gaze was stern as he stared at the property manager, "Shouldn't this kind of scum just be packed away? You are asking me because you want me to become the property manager?"

The property manager nodded his head and left.

Ten minutes later.

The gate of the villa area.

A dozen security guards swarmed up and directly set up the crying Zhang Xiuzhi and the dumbfounded Wang De, tied up their hands and feet and threw them into the taxi.

This scene frightened the taxi driver into a state of panic.

Until.

The taxi driver only came back to his senses when a pile of red banknotes slapped on the driver's console.

"Send them away, as far away as possible!"

"Okay!"

The taxi driver was overjoyed, ignoring Zhang Xiuzhi's angry scolding, and with a drift, he drove straight towards the mountain and sped off.

## **Winner Takes All Chapter 397-398**

### **Chapter 397**

The outskirts of town.

A road in the middle of nowhere.

A taxi arrives in the dust.

Crunch!

The car stops.

“Get out!”

Zhang Xiuzhi and Wang De were viciously pushed out of the car.

Rolling on the ground a few times, they rolled into the grass at the side of the road before the two stopped.

After struggling a few times, they finally managed to break the not-so-sturdy ropes tied in their hands.

Zhang Xiuzhi rolled over and cursed, “You’re all killers! If I am forced to die by the debt collectors, all of you are accomplices!”

Wang De sat down in the grass in despair, his eyes full of despair.

Aiding and abetting?

Ridiculous!

God’s sins can be forgiven, but one cannot live with one’s own sins.

He and Zhang Xiuzhi had been together for decades, but now he felt that his wife had changed and his outlook was completely shattered.

With tens of millions of dollars in hand, even if he was willing to be an ordinary person, he would still be rich enough to last a lifetime.

But what about Zhang Xiuzhi, how long has it been?

She has squandered tens of millions of dollars and apologised for millions more.

How could one blame others for such self-inflicted sins?

Bang!

The furious Zhang Xiuzhi brutally kicked down Wang De: “You bastard, why don’t you go and die? You’re a big man, how come you’re not as good as a woman like me, didn’t you know to hit them just now?”

Wang De laughed.

His eyes were covered in blood and glistened with tears.

He slowly stood up.

Disheveled and desperate, he gazed at Zhang Xiuzhi, as if his heart had been torn into countless pieces.

“That’s enough! You really have had enough!”

Wang De, with a sobbing voice, wailed, “The family is all ruined by you, single-handedly ruined by your hands, your daughter’s marriage, a good family, just because you’ve been favoring Xiao Hao, letting Nan Nan take money from Chen Dong, disregarding fucking life and death, this is how you’ve taught your daughter to force her since she was little, and now you’ve ruined it all!”

As he wailed, anger flooded Wang De’s eyes.

His expression, too, grew fierce.

A rare fierceness.

Slap!

Wang De raised his hand and slapped Zhang Xiuzhi’s face fiercely.

It was so powerful that it caused Zhang Xiuzhi to stagger two steps and almost fall to the ground, half of her face swollen.

“You bitch, you’ve ruined a good home! How can you still have the face to live now? Why don’t you go and die?”

Zhang Xiuzhi was completely dumbfounded.

Wang De had always been subservient to her before, but this scene now took her by surprise.

After a few seconds of dumbfoundedness.

Zhang Xiuzhi suddenly cried out in a sharp voice, “You hit me? You scold me? You told me to go to hell? Wang De, what kind of man are you? Your family has become like

this, and you still force your wife to die, why don't you go and die, it's you who deserves to die!"

While cursing, Zhang Xiuzhi was like a mad dog, jumping in front of Wang De, waving her hands and scratching.

Her face was fierce and she gritted her teeth.

"I've had enough!"

Wang De pushed Zhang Xiuzhi away with a slap: "Get a divorce!"

A cold sentence, permeated with endless despair.

After saying that, Wang De turned around and left without stopping.

Zhang Xiuzhi was completely dumbfounded.

She stood dumbfounded, staring at Wang De, who was determined to leave.

The word "divorce" seemed to ring in her ears like a magic sound.

Her expression gradually became frightened and panic-stricken.

Divorce?

After all these years, how could there be a divorce?

But she was used to being domineering, but she still pointed at Wang De and cursed angrily: "Wang De, you are not a man, you want to divorce me, don't dream, I know what you think, if you divorce me, you won't have to carry the millions of dollars of debt, you want me to carry it all by myself, bullshit! Even if I die, I'll take you with me to bury you!"

"Hehe ....."

When Wang De heard these words, his face was deadly grey and he laughed disdainfully.

There was no greater sorrow than death, and when the last thoughts were put to the torch, all things, became disdainful.

"You come back, you old, undead man, come back to me!"

Zhang Xiuzhi squatted on the ground, tears raging out of her eyes, her teeth clenching her lips: "What's wrong with me? I did it for the sake of this family? Do you think I

wanted it? It's all because Chen Dong, that wimp, is a big liar! He said his mother was going to die, but what happened in the end?"

At the end of her sobbing, Zhang Xiuzhi's eyes suddenly shone brightly.

She looked like a madman and laughed as if she was possessed.

"Yes, and his mother! That bitch Li Lan, she deserves to die, since she's still alive, if I can't see Chen Dong, can't I see that bitch Li Lan?"

"My family is like this now, it's all because of Chen Dong, it's all because of that dead woman Li Lan, when I find that dead woman Li Lan, this money will be in order!"

It was as if Zhang Xiuzhi had grabbed the last straw to save her life.

Her sad and painful mood suddenly improved.

She wiped her tears fiercely and got up to walk towards the city.

She knew that Chen Dong was the most filial to Li Lan, so she couldn't hold Chen Dong, but as long as she held Li Lan, she could definitely get the money!

The more she thought about it, the more excited Zhang Xiuzhi became.

She even forgot about Wang De who had left alone.

However.

This excitement and ecstasy, like the thrill of coming back from the dead, disappeared when it was about to get dark.

"Dead? That bitch, how could she be dead?"

Zhang Xiuzhi looked at her phone incredulously, cloaked and with red eyes.

When she returned to the city, she dragged some of her former friends to help inquire.

But the text message reply was too much for her to accept.

That bitch Li Lan was dead, so what else could she use to hold Chen Dong?

"It's impossible, there must be a way."

Zhang Xiuzhi paced the street with her head cloaked, causing the people around her to think they were crazy and retreat in fear.

However, not waiting for Zhang Xiuzhi to think of a solution.

Her mobile phone rang.

When she saw the phone number, Zhang Xiuzhi immediately went crazy.

“Debt collector! What the hell are you doing? Do you want me to hang myself right now?”

Gnashing her teeth, Zhang Xiuzhi had to answer the phone.

“Zhang Xiuzhi, I don’t care what you do, even if you sell, you have to pay back the money within ten days, otherwise I’ll let your daughter and son go sell, and kill you and your husband in the process!”

Snap!

Without waiting for Zhang Xiuzhi’s response, the opposite party simply hung up, with a tough and fierce attitude.

It was this call that was the last straw that broke the camel’s back.

It instantly made Zhang Xiuzhi’s nerves tense up.

She didn’t care about Wang Nan Nan, nor did she care about Wang De.

She cared about her own life and death, and she was afraid of dying.

She also cared about Wang Hao, because that was her son.

“There is a way, there must be a way.”

Fear threatened, frantic, and Zhang Xiuzhi clutched her phone with both hands, pacing back and forth, mumbling under her breath.

Suddenly.

She stopped in her tracks, the panic in her eyes disappearing and becoming clear.

“If I can’t take care of the living, can’t I take care of the dead?”

When one is at the end of one’s rope, desperate measures could not be simpler.

Even, it is just a thought!

In the Tianmen Mountain villa.

Chen Dong's family was happily eating dinner.

It was the first meal back home, a sweeping away of the previous gloom, and should be celebrated.

Only.

As Chen Dong's mobile phone received a text message.

The joyful atmosphere came to an abrupt halt.

Anyone who noticed the change in Chen Dong's face also felt the temperature turn cold and biting.

Chen Dong narrowed his eyes and stared at his phone with a deadly gaze.

The content of the text message was simple.

"Chen Dong, I, Zhang Xiuzhi, give me 100 million immediately, or else plow your mother's grave! Raise your mother's ashes!"

## **Chapter 398**

Every word of the text message's content seemed like a thousand pounds of hammer, hitting Chen Dong's eyeballs fiercely.

Mighty anger surged up.

A biting killing intent, as if an invisible sharp knife, swept across the entire restaurant.

Everyone was frightened and scared.

Even Gu Qingying was a little frightened at this moment.

She could clearly sense the bone-chilling coldness on Chen Dong's body.

"Husband ....."

Gu Qingying spoke apprehensively, "What's wrong?"

"Nothing."

Chen Dong squeezed out a smile.

Only in the eyes of the crowd, the smile was even more seeping.

“Kunlun, Elder Long and I will go out for a while.”

Chen Dong got up, gently scraped the high bridge of Gu Qingying’s nose, turned around and left.

Elder Long and Kunlun’s faces sank as they hurriedly got up to follow.

In the blink of an eye, only Gu Qingying and Fan Lu remained after an originally happy dinner.

“Sister Lu, something’s happened!”

Gu Qingying’s red lips were incoherent with worry.

Seeing Gu Qingying’s fear, Fan Lu smiled and said comfortingly, “Xiao Ying, didn’t Mr. Chen say it was okay? Don’t worry.”

“I didn’t say it was wrong.”

Gu Qingying shook her head firmly, her eyes deep in the direction of the door, “His eyes can’t hide from me, when he lies to me, I can see the cracks in his eyes.”

Fan Lu was dumbfounded, not knowing how to comfort.

Perhaps ..... when one loves someone, one can really observe to the smallest detail, to the smallest detail?

This kind of keen judgment, outsiders simply will not have, also hard to imagine.

Gu Qingying was terrified, her hands clenched together: “Just now his eyes were, like, full of, full of .....

At the end of the sentence, Gu Qingying’s words kept spitting out.

Killing intent!

Fan Lu’s heart was clear.

She was the 20th assassin on the Death List, someone who walked and danced on the edge of death.

For killing intent, it was very clear!

Chen Dong had just been forcing himself to act as if nothing was wrong, but the killing intent that was emitted made her feel a chill down her back.

Indeed ..... something big had happened!

The Rolls Royce drove out of the Tianmen Mountain villa area.

Inside the car, there was dead silence.

A bitter killing intent quietly permeated the air.

Whether it was Kunlun who was driving, or Elder Long who was sitting on the passenger side.

Both could sense the cold, vicious chill that passed through the back row.

It gave them both a sense of panic of falling into a cave of ice, no, into hell.

“Young master, what’s wrong?”

Elder Long opened his mouth to ask, he had rarely felt such a terrifying killing intent from Chen Dong.

The one that he could vaguely remember that could be compared to now was when Li Lan died.

Inside the car, there was dead silence.

Chen Dong did not respond.

Instead, he was like a raging, bloodthirsty beast, his head lowered, silent.

“Young master .....

Elder Long could not help but speak again.

“Heh!”

A snort of laughter came out of Chen Dong’s mouth.

Yet, it caused both Elder Long and Kun Lun to blush at the same time.

Following closely.

Chen Dong’s voice was hoarse as he said, “She, who wants to plow my mother’s grave and raise my mother’s ashes.”

Boom!

Elder Long and Kunlun's faces turned white with a swish, bloodless.

Chen Dong's words were like thunderbolts from a clear sky.

While the two were terrified, they also understood the cause of Chen Dong's majestic killing intent!

The dead are the greatest when they are buried.

To plow a grave and raise ashes is the greatest disrespect and insult to the dead.

In ancient times, there was even the saying that those who had sunk to the depths of the blood and sea were to be thrown to the bone and raised to the ashes.

How much hatred does the person who wants to dig up Li Lan's grave and raise her ashes have for Chen Dongda?

If it were anyone else, he would have exploded with rage.

What's more, Chen Dong and Li Lan had lived together for more than 20 years, and the relationship between mother and son could no longer be described as a deep love.

At this moment, Chen Dong's anger could burn the sky!

"One hundred million, ridiculous, she actually thinks that my mother is only worth one hundred million?"

Chen Dong seemed to be muttering to himself, but the coldness emanating from it was getting stronger and stronger.

"Using money to measure my mother is insulting me, a mere one hundred million, if you ask me directly for it, I might give it, are you using my mother's afterlife as a threat, do you think your life is long?"

With a single word, Elder Long and Kunlun looked aghast.

Kill!

Rather, they both shared Chen Dong's thoughts at this moment.

"Young master, who exactly is it?" Elder Long asked.

At this moment, he was the only one who dared to rely on the words of his age elders and ask Chen Dong, who was in a monstrous rage.

"Who else could it be?"

Chen Dong suddenly raised his head, his eyes already covered in blood and red:  
“Zhang Xiuzhi ah!”

A deep sigh, a thick melancholy.

In the first three years, how on earth did he invite this family of insidious sinners?

When her mother was alive, they had insulted and slandered her, even putting her life at risk.

Now that she was dead, how could they not let her go?

Thinking of this, anger flooded Chen Dong’s red eyes, and two tears flowed down from the corners of his eyes.

“Mother, I am the one who has wronged you, my son owes you too much.”

“Damn it!”

Long Lao gritted his teeth and said sternly.

The words had just fallen.

Chen Dong, however, picked up his mobile phone and dialed a number.

When the call was answered.

He smiled and said, “Your mother wants to plow my mother’s grave and raise my mother’s ashes, you and Lin Lingdong will come for this? Or shall I come myself?”

The phone hung up.

Chen Dong once again lowered his head, his killing intent building up to the extreme.

On the other side.

Inside the villa of Lingdong Mountain Villa.

After hanging up the phone, Wang Nan Nan’s entire body was dumbfounded.

Her face was white and she was so terrified that she was at a loss for words.

“Nan Nan, what’s wrong?”

Lin Lingdong inquired with a frown.

Wang Nan Nan's body trembled and when she saw Lin Lingdong, it was as if her soul had returned to her body.

She cried out with a "wow" and jumped into Lin Lingdong's arms.

"Lingdong, something has happened, something big has happened!"

"What's wrong? You tell me!" Lin Lingdong panicked a little and looked at Wang Nan Nan who was bawling in his arms.

Wang Nan Nan cried and howled and said.

"My mother wants to plow Chen Dong's mother's grave and raise his mother's ashes!"

Boom!

Lin Lingdong was struck by lightning as a loud bang went through his head.

At this moment, even he had a nameless anger rushing up to the sky.

"What is the difference between insulting someone's dead mother and exterminating a family?"

He was the King of the Underground in Lingdong, and he was able to rise to his present position, with many iron-clad means in his hands and even more venom.

But even so, he had never used such vicious and insidious methods!

No one in the world of grey and white had ever used it.

But a woman in the sun could use it.

The most poisonous of women is beyond description!

"Ling Dong, you ....." Wang Nan Nan was frightened by Lin Ling Dong's anger.

"Hehe!"

Lin Lingdong's gaze was stern as he stared intently at Wang Nan Nan and spat out the words, "Your mother, damn you!"

Wang Nan Nan's delicate body trembled and her red lips mumbled.

Immediately afterwards, Lin Lingdong said again, "Even if it's not directed at Chen Dong, if it's directed at anyone else, in my eyes, they should still die!"

The murderous intent was soaring and could not be refuted.

Wang Nan Nan was terrified and confused, and asked with pearly eyes, "I, what should I do?"

"What did Mr. Chen say?" Lin Lingdong asked.

Wang Nan Nan cried and howled, "He asked me to do it myself, or he would do it himself!"

"Good!"

Lin Lingdong smiled and narrowed his eyes, "Prepare the incense, wax and paper money, go and send your mother off."

## **Winner Takes All Chapter 399-400**

### **Chapter 399**

Rumble .....

Autumn rain continues to fall.

Tonight's sky, I don't know when thick dark clouds have built up.

The sound of rolling thunder keeps echoing in the dark clouds.

It is as if rain will fall at any moment.

The night breeze is slightly cool.

It rustles the leaves in the forest.

A few bright lights appear in the forest.

It pulled the swaying figure, slender and distorted.

Snapping ..... snapping .....

Zhang Xiuzhi's eyes were red as she struggled to wield her hoe, a pit had been ploughed out at her feet and the grave soil was pooling to one side.

She was sweating profusely and panting, but did not pause to rest for a moment.

In a trance, she caught a glimpse of Li Lan's picture on the tombstone out of the corner of her eye.

Zhang Xiuzhi's body shook, and a feeling of palpitating fear came over her.

Especially the lights and the rustling sounds around her made her body shiver.

Bang!

Zhang Xiuzhi kicked the tombstone, showing her teeth and cursing, "Bitch, you deserve to die! When you were alive, I could bully you, even if you are dead, I will still dig your grave!"

With red eyes, her gaze drifted a little.

The more she looked at the picture of Li Lan on the tombstone, the more Zhang Xiuzhi's heart was fuming.

With a fierce grit of her teeth, she picked up a hoe and, with the blade, scraped Li Lan's picture to pieces.

Followed closely by.

Dang!

Zhang Xiuzhi smashed the tombstone hard with the hoe.

With a dozen strokes in a row, the weak tombstone, with a thud, fell to the ground.

Immediately afterwards, Zhang Xiuzhi continued to gnash her teeth as she dug the grave.

"Plow you out and use your ashes to threaten that wimp Chen Dong to give money, he will definitely give it!"

While digging the grave, Zhang Xiuzhi mumbled as if she was hysterical, "That wimp Chen Dong, he still thinks that our family is easy to bully, trying to make up a scheme to divorce that dead woman Nan Nan, no way, do you really think I am a fool?"

"How can tens of millions be enough? It's not enough, it's not even enough for me to lose, I have to ask for another 100 million this time!"

"No, if that wimp doesn't give it, I'll have your ashes raised! No, he will definitely give it, that dead wimp is most filial to you, even if you are a pile of ashes, he must still be stupidly filial to you."

The words were vicious and full of resentment.

But in the midst of the mood swings, it was again near a state of madness.

At this moment, Zhang Xiuzhi was completely driven to desperation and madness.

She wanted money!

Lots and lots of money!

So that she could continue her extravagant life after paying off her debts.

It is easy to go from frugality to luxury, but difficult to go from luxury to frugality.

Not only did she fear jumping to her death, she didn't want her life knocked back into shape!

"I've had enough!"

With an angry shout.

Clang!

The hoe fell fiercely, bringing up a large area of mud while also resounding with the sound of a cracked porcelain altar.

The sound was like heavenly music to Zhang Xiuzhi's ears.

Her eyes lit up and she was immediately excited and ecstatic.

At this moment, there was no talk of fear!

"Finally dug it out, you bitch Li Lan, you've finally done something for my family."

Zhang Xiuzhi wiped a handful of sweat from her face, dropped her hoe and dug the remaining soil with both hands.

Then came out an urn, only the edges of the urn, smashed by the hoe just now, were broken, and the grey ashes inside were clearly visible.

"Money, this pile, that's a hundred million!"

Zhang Xiuzhi's eyes were red and she laughed, sitting on Li Lan's tombstone with the urn in her arms, looking forward to it with great satisfaction: "When you get the money, you'll regret it, Wang De, you cowardly man with no balls, just divorce, I'll find a younger one!"

"Wang Nan Nan, you dead woman, I gave birth to you and raised you for more than 20 years, said break off the relationship, when I have money, just your soft bones, you will come back and beg to call me mother."

As she said this, she hugged the urn with more and more strength, as if it was a rare treasure, afraid that if it was a little lighter, it would disappear.

“It’s all in the past, it’s all in the past, hahaha ..... rich, I’ll show you what it means to be too high to climb, from now on, I’ll take Xiao Hao to live a good life, and give Xiao Hao a beautiful daughter-in-law, a thousand times better than that Lin Xue’er at the beginning!”

If people had seen this scene, they would have been scared to death and chilled to the bone.

How could anyone be so happy and excited to be holding ashes by a grave?

Zhang Xiuzhi took a look at the dark woods around her, and somewhat impatiently took out her mobile phone to call Chen Dong.

Only as soon as the phone rang, it was hung up.

Soon after, a text message was sent over.

“On my way.”

Two simple words, but they caused the smile on Zhang Xiuzhi’s face to grow even bigger.

Money ..... was on its way!

Meanwhile.

The other side.

The BMW X7 was winding down.

Wu Junhao looked solemn and focused on driving.

Only his gaze was occasionally cast a sidelong glance at Lin Lingdong on the passenger side.

Strange ..... how come Brother Lingdong didn’t accompany his sister-in-law in the back?

What in the world has happened?

He didn’t know exactly what had happened, he was just in the middle of flirting with a girl at the bar when he was called over as a driver by Lin Lingdong with a phone call.

Through the rear-view mirror, Wu Junhao saw a distraught Wang Nan Nan, whose face was white without the slightest hint of blood.

Lin Lingdong sat on the passenger side with a cold expression and sensed Wu Junhao's strange appearance.

He said coldly, "Faster!"

Wu Junhao was horrified: "Boss, it's already one hundred and two, the highest speed."

"That's the speed limit, not the car's maximum speed yet."

Lin Lingdong responded coldly, if he didn't get there soon, he didn't know what would happen.

But what was clear to him was that he could not afford Chen Dong's anger!

Ploughing up someone's mother's grave and having to raise his mother's ashes.

What was the difference between this and killing his whole family and exterminating his family to Chen Dong?

What he dared not do, Wang Nan Nan's mother had done!

Sitting in the back row, Wang Nan Nan was in a trance, her gaze dull, as if her soul had left her body.

At her feet was a huge LV pocket filled with incense, wax and paper money, and a bowl of steaming rice.

She was reluctant, she was unwilling, but even Lin Lingdong had such an attitude, and she could only despair helplessly.

Lin Lingdong was her mountain of support.

And now, the mountains of support had all fallen to Chen Dong's side.

What her mother had done, the heavens were angry.

Although she had broken off her relationship with Zhang Xiuzhi and the others, she had broken her bones and her heart was always 10,000 times sad.

But now, she knows .....

This trip is to see her mother off .....

Rumble .....

The sound of rolling thunder in the night sky woke up Wang Nan Nan.

Her delicate body trembled, and her teary eyes were red with the last trace of expectation as she looked at Lin Lingdong on the passenger side.

“Lingdong ..... really didn’t .....”

The words did not finish.

Lin Lingdong then shook his head and snorted, turning to look at Wu Junhao.

“Junhao, what would you say if someone dug up your mother’s grave and wanted to raise your mother’s ashes, what would you do?”

Wu Junhao was horrified, his mind wondering instantly with a sense of uncertainty that seemed to be enlightened.

He did not think carefully, and with a hostile expression, he gritted his teeth and said, “Kill his whole family!”

Lin Lingdong smiled faintly, his smile full of coldness.

He slowly turned back and gazed at the expectant Wang Nan Nan: “You see, Chen is already being generous.”

## **Chapter 400**

The oppressive, heavy night.

Rolling thunder continues to boom and heavy rain is approaching, making the air thin and somewhat suffocating.

The Rolls Royce, lit up with blinding high beams, sped down the hill from a distance.

Crunch!

The car stopped.

Chen Dong stepped down with murderous intent.

He was dressed in a suit, but as he stepped forward, it was as if he was carrying the black clouds above the sky with him.

His killing intent was majestic and his aura was compelling.

Elder Long and Kunlun followed closely behind, trembling with fear.

With the two of them in their state of mind, they could also feel the monstrous killing intent on Chen Dong's body at this moment.

In all the time they had spent with Chen Dong, the only time such a killing intent had appeared was when Li Lan was killed at the wedding.

That time, if it wasn't for Li Lan's dying advice, as well as Chen Daolin and the crowd's close attention, and finally Qin Ye's enlightenment.

Chen Dong was ..... afraid at that time that he had already gone mad in his calm!

But both men did not stop it.

They were clear that this hatred, stopping had been useless.

Seeing no blood tonight, Chen Dong would not stop at all.

After glancing at each other, Elder Long and Kunlun accelerated their steps at the same time.

Among the mountains and forests, in front of Li Lan's grave.

Zhang Xiuzhi clutched the urn, her eyes drifting, her mouth smiling fiercely, still dreaming of riches.

She could wait, after all, Chen Dong was already on his way.

As long as a hundred million arrived, all her problems would now be solved.

If you don't go crazy, you will die.

Go crazy with this one, and you might die.

Zhang Xiuzhi, who was at the end of her rope, naturally chose the latter.

Both possibilities, of course, were self-righteous on her part.

Zhang Xiuzhi bowed her head, and with her right hand, she gently reached into the urn from the corner that had just been broken by the hoe, and grabbed a handful of ashes.

Looking at the grey ashes in her hand, Zhang Xiuzhi laughed in disgust.

"It's true that bitchy women, after they die and are burnt to ashes, they all have a bitchy aura."

As she spoke, the five fingers of her right hand gently loosened.

The night breeze gently brushed.

The fine ashes instantly flew away with the wind, without a trace.

Zhang Xiuzhi was unimpressed, full of care, lowered her head, and spat into the ashes in the urn at the gap in the rags.

“Bitch, if it’s not good for me, it’s not good for your family either. When I get the money, I’ll always find the time to raise your ashes tonight, instead of raising them. You mother and son are ruthless and poisonous in scheming against our family, I want you to die in peace.”

Frowning, Zhang Xiuzhi looked at the time on her phone.

“Damn, it’s already on the way, why isn’t it here yet?”

The words had just fallen.

A voice full of cold intent suddenly came from the distance.

“Sorry for keeping you waiting.”

He’s here!

Zhang Xiuzhi was overjoyed, her eyes shining brightly as she looked at the voice.

The night was pitch-black.

At this glance, only a vague figure could be seen.

Surprised, Zhang Xiuzhi hurriedly pulled a torch from the side and shone it through.

When Chen Dong’s frost-covered face appeared in her line of sight, a wide smile instantly spread across her face.

“Money, here it comes!”

This was the thought in Zhang Xiuzhi’s mind.

So much so that she completely ignored the monstrous killing intent that was emanating from Chen Dong’s body at this moment.

She said viciously, “Where is the money?”

“The money is on its way, one hundred million, it will take a little time to prepare.”

Chen Dong narrowed his eyes, killing intent surging, but his hands were in his trouser pockets, but he was unusually calm.

Only his gaze, however, directly ignored Zhang Xiuzhi and locked on his mother’s urn with a deadly gaze.

The tattered corner of it was like a heavy hammer, hitting him hard on the heart.

“On the road? Do you fucking think I’m a fool?”

Zhang Xiuzhi’s eyebrows rose backwards, her old face all fierce as she stood up, clutching the urn, “Do you really think our family is easy to cheat and bully? You’re a loser, it does take time to prepare 100 million in cash, but transferring 100 million is just a matter of your words!”

Chen Dong was silent.

When Zhang Xiuzhi saw Chen Dong’s silence, she became even more furious.

She raised the urn and said in a sharp voice, “I want the 100 million transferred to my account immediately, or else don’t blame me for being ruthless and smashing the ashes of this dead old mother, with this wind tonight, you won’t even find a hair!”

In Chen Dong’s narrowed eyes, the cold aura was like a knife, a flash of light.

Almost simultaneously.

Long Lao’s anger-laden scolding voice suddenly sounded out, “Have you never seen money before? You are used to being poor, do you really think that being rich is the king of the heavens?”

Zhang Xiuzhi froze for a moment.

She glared angrily at Elder Long and Kunlun who were walking closely behind Chen Dong: “What do you mean?”

“A fund as large as 100 million, even if it is through a transfer, you still have to greet the bank in advance, do you really think the bank is run by your family?” Long Lao said righteously, his eyes flickering with raging anger as he stared intently at the urn in Zhang Xiuzhi’s hand.

Zhang Xiuzhi was silent for a few seconds, her brows lowered as if in thought.

Then, she snapped, “Then transfer the money now!”

“It’s already being prepared!” Chen Dong said coldly.

While behind him, Elder Long and Kunlun were glancing at each other, laughing coldly in their hearts.

It seemed that they were really used to being poor and did not even understand the rules of the bank.

But this was just the right time to stall for time and wait for Wang Nan Nan to arrive.

This kind of thing, if Lin Lingdong intervened, he should know the seriousness of it, and if he counted the time, it should probably be here by now.

However.

Chen Dong’s, Elder Long’s and Kunlun’s faces changed greatly at the same time, their eyes fiercely rounded as monstrous anger surged up.

Only to see Zhang Xiuzhi suddenly reaching into the urn, grabbing out a handful of ashes and raising it into the air.

“How dare you!”

Chen Dong let out a thunderous blast that sounded like a thunderclap.

Zhang Xiuzhi was so frightened that she changed her expression, but instead she laughed fiercely.

“I want you to kneel down!”

“Kneel?”

Chen Dong’s eyes narrowed into slits once again, his hands quietly clenching into fists, the bruises on the back of his hands protruding.

Elder Long and Kunlun were even more furious.

This was humiliation!

A naked humiliation!

“Kneel down!”

Zhang Xiuzhi shouted explosively, “Kneel down and apologise to me, repent for all these things you have done to our Wang family, or else I will immediately raise your mother’s ashes!”

Words were like knives, aggressive.

“Young master .....

Long Lao was furious, he would never want Chen Dong to do such a humiliating thing.

But the word “young master” just came out.

His pupils suddenly contracted to the extreme.

Chen Dong, who was standing tall, did not hesitate to bend his knees.

Bang!

The sound of his knee hitting the ground sounded like a thunderclap, exploding in Elder Long and Kunlun’s ears.

“If I cannot even preserve my late mother’s ashes, I am ashamed to be a son of man!”

The hoarse voice sounded as if Chen Dong had squeezed it out from his throat with all his might.

Elder Long and Kunlun were seething with rage, turning their heads to glare at Zhang Xiuzhi, hating that they could not kill anyone at once!

“Hahahaha .....

Zhang Xiuzhi threw back her head and laughed out loud, “You wimp, did you ever think of today when you were scheming against our family? What causes you sow, what consequences you get, today all of this, is when you pay your debt!”

“You kowtow to me! Kowtow hard!”

Zhang Xiuzhi was so proud that she forgot about it, at this moment, it was as if all her grievances against Chen Dong were vented out.

“Young master .....

Elder Long and Kunlun immediately stepped forward and wanted to stop Chen Dong.

However, Chen Dong raised his hand to stop them, and with red eyes, he calmly spoke, “Fine, I will kowtow .....

The words had not yet fallen.

“Slap slap slap .....

In the darkness behind him, a burst of applause suddenly rang out.

Followed closely by.

A cold, harsh, knife-like voice suddenly came out.

“Indeed, whatsoever cause is sown, whatsoever effect is reaped.”
